VOL. V. RANGER, TEXAS, WEDNESDAY EVENING, JUNE 13, 1923. Price Five Cents No. 6.

## TEXAS HOUSE IS OVERWHELMINGLY DRY

### NEW STATUTES WHICH GO INTO EFFECT TODAY

Acts of Regular Session Which Did Not Carry Emergency Clause.

*By Associated Press*  
AUSTIN, Texas, June 13.—Some of the most important acts passed by the regular session of the legislature become effective today—90 days after adjournment of the session. The list includes all bills that did not receive the necessary two-thirds vote in both houses and were not approved until after adjournment.

The Quinn sulphur tax bill is among the acts which take effect today. It was one of the few revenue measures passed during the regular session and places a two percent gross production tax on all sulphur produced in the state. A similar act, carrying penalties which were omitted from the first bill, was passed by the session just closing. It is estimated the sulphur bill will net the state \$500,000 annually.

**Important New Laws.**  
A partial list of important laws which become effective today follows: Amendments to workmen's compensation act; county school unit bill; state educational survey bill; medical practice act; abolishing so-called "three-percent" loan companies; county auditors' act increasing salaries; sheriff's fee bill; nurses' license act and county commissioners' act. The Rogers bill amending the workmen's compensation act increases minimum benefits under the act from \$5 to \$7 weekly, and maximum benefits from \$15 to \$20 weekly.

The county school unit act, by Senator Stuart of Tarrant county, affects only five counties as passed—Dallas, Tarrant, Harris, Bexar and El Paso. It permits these counties to adopt the county unit system of schools, under which all districts would be consolidated and operated under a central county head.

**Survey of Schools.**  
Although the \$50,000 appropriated by the educational survey act for conducting an investigation of all schools including public and higher educational institutions, is not available until Sept. 1, the governor is required to call a meeting of the directing committee within thirty days after the act becomes effective. This committee, consisting of the governor and school officials will select a commission of experts from outside the state to conduct the survey.

The medical practice act is probably one of the most important acts passed at the regular session. It completely revises medical requirements of state laws, and places stringent regulations on all those practicing or seeking to practice medicine. It requires all physicians and doctors to go before the state medical board and obtain, through examination, license to practice. One of the points of friction while the act was under consideration was the question of exempting chiropractors and Christian Science practitioners from provisions of the act. Amendments to this effect were defeated and such persons come under the act if they charge compensation for their services.

All "three percent" loan companies are given until May 1925, to dispose of their holdings and transfer to other concerns under terms of the Bolbrook act, effective today.

**Salary Increases.**  
Sheriffs' county auditors' and county commissioners' salaries are increased varying degrees, depending upon size of county, under terms of other acts. Commissioners' fees in sixty-eight counties are increased, ranging from \$200 to 50 percent annually. Sheriffs are allotted additional fees which, it is said, will increase their salaries as high as fifty percent in some counties. Auditors of larger counties receive increases under the Ridgeway act.

Registered nurses are required to obtain new licenses within thirty days, under the Dudley act. All other nurses who charge fees and make nursing a profession are required to obtain licenses under the bill, subject to examination and fees.

Numerous other bills of minor importance are effective today and many local bills were approved by the governor before the session adjourned and already are in effect. The reclamation act and Texas Technological college act are among the most important bills which become effective immediately on signing by the governor.

### PASTOR GETS PATENT FOR 'ECONOMICAL' AND SPEEDY GRAVE FILLER

*Special to the Times.*  
CHILDRESS, June 13.—Rev. Dr. George A. Carless, pastor of the Baptist church here, has obtained a patent for what he calls "the economic grave filler." The machine is a hopper-like box built on a small truck. All the dirt from the grave is thrown into it. When the grave is to be filled the truck is moved back to the grave. The balance of the box is so made that it can be turned by a lever and the dirt emptied back into the grave in a few moments, thus doing away with shoveling the dirt into the grave.

### COURT WARNS AUTO DRIVERS TO BE HEEDFUL

Declares Reckless Driving on Eastland County Highways Must Stop.

*Special to the Times.*  
EASTLAND, June 13.—"Reckless driving on the highways in Eastland county must stop," Judge Joe H. Jones, of the county court, declared yesterday. His attention was called to the recklessness of drivers on the new highways of the county when the case of Odie Carwyle of Cisco, defendant in a complaint made by an Eastland man, came up for hearing.

Carwyle is charged in the complaint with carrying a pistol and with rudely displaying the weapon when the Eastland man drove back after he alleges, he narrowly averted a collision, to get the license number of Carwyle's car. The affair took place on the Eastland-Cisco highway on the evening of May 13.

"The highways are for the benefit of all the people and not just for a few who think they can drive as fast as they want to and act as they want, and this court will not be satisfied until reckless driving is stopped," the judge said.

According to the statements of the complainant on the witness stand, he and his wife and small children were driving in a car when an automobile driven by Carwyle and another young man and girl came in his direction. The defendant is alleged to have caused his car to swerve in the direction of the complainant. A collision was narrowly averted, he said. The Eastland man testified that he turned his car around to give chase for the intention of getting the car's number. When he was nearly upon the Cisco car, the youth stopped and pulled out a pistol from a pocket and waved it wildly in the air, the witness said. Carwyle was arrested by Deputy Sheriff Jamieson.

### Kaw City, Ark. Reported Under 10 Feet of Water

ARKANSAS CITY, Kan., June 13.—Although direct communication has not been had with Kaw City, Ark., 40 miles southeast of this place and in a bend of the Arkansas river, it is reported that city has been partly inundated and that heavy loss has resulted.

Reports received by the railroad officials say that 5 feet of water was registered in the railroad station in Kaw City Monday, and the station is several feet higher than the business section of the city. Ten feet of water was reported in the business section of the city with a swift current running.

### HEY THERE, NEWSBOYS AND SCOUTS

Cotton Belt Exposition Shows Want You to Come and Be Their Guests Tonight.

Daily Times newsboys and carriers and all members of Ranger Boy Scouts, Troops Nos 1 and 2, will be the guests of the Cotton Belt Exposition shows tonight. H. H. Tipps, manager of the shows will personally conduct the boys through the grounds. The youths will visit all of the shows on the grounds, and Mr. Tipps will see that every boy is accorded a royal good time.

### BALKAN PREMIER STAMBOULISKY'S FATE UNKNOWN

Reported Fleeing and Also Killed Four States Begin to Mobilize Troops.

*By Associated Press*  
BELGRADE, June 13.—Dispatches to local newspapers report a state of civil war throughout Bulgaria. Former cabinet officers Oberoff and Douparinoff are said to have been killed during an engagement with revolutionary troops, while former Premier Stamboulisky is fleeing on horseback through the mountains to Pirot, in Serbia, pursued by a squadron of insurgents.

*By United Press*  
LONDON, June 13.—Former Premier Stamboulisky has been killed by the Zankopf government troops, according to a dispatch received today from Vienna, repeating a message from Sofia. The report has not been confirmed.

FOUR BALKAN STATES CALL TROOPS TO COLORS

*By United Press*  
ATHENS, June 13.—Four Balkan states have called their troops to the colors and reinforcements today were being rushed to the borders. Urgent measures are being taken to prevent the Bulgarian revolt and counter revolt from spreading.

Mobilization of thousands of fresh troops and a state of civil war is reported from Sofia, which has caused alarm in Belgrade, Athens and Prague. In Budapest, the Hungarian capital, it was reported that news of the trouble in Bulgaria has been greeted with rejoicing and secret mobilization of three classes had taken place. The Greeks were preparing reinforcements to aid the Bulgarians in case of need.

Czechoslovakia, further removed from the storm center, watched with anxiety the gathering storm and prepared for possible military action. At Prague it was confirmed that Bulgaria had been partly mobilized, in defiance of the treaty which ended that country's participation in the World War. A bad impression was created in other capitals by this action.

### T. & P. Railroad Agents to Meet in Ranger on Claims

Between 40 and 50 railroad agents of the Texas & Pacific will probably come to Ranger on June 30 for the monthly claim meeting. It is usually a one-day conference and agents of the Fort Worth division from Texas and Oklahoma come together for a discussion of claims.

The Ranger Chamber of Commerce has been in communication with J. W. Knightlinger, superintendent of the Fort Worth division, in an effort to assure the next meeting for Ranger.

S. A. White, Ranger representative of the road, said today he has not yet received any particulars from Mr. Knightlinger as to the meeting.

### TWO MEN DIE WHEN OVERCOME BY SEWER GAS

*By Associated Press*  
HOUSTON, June 13.—G. A. Brainard, plumber, and Harry Denbrook, a truck driver, were killed this morning when overcome by sewer gas in a manhole in a residential district. The men had entered the manhole prior to making repairs.

### WIDOWS OF TWO CATTLE INSPECTORS PENSIONED FOR LIFE

FORT WORTH, June 13.—Mrs. W. D. Allison and Mrs. H. L. Roberson, widows of the two inspectors of the Texas and Southwestern Cattle Raisers' association, who were shot and killed at Seminole on April 1, were made honorary members of the association and voted \$50 a month for the remainder of their natural lives, in a resolution adopted by the executive committee of the association at the Texas hotel yesterday.

### Treaty Powers May Put Stop to Rum Running Fleet

*By Associated Press*  
WASHINGTON, June 13.—Informal negotiations were initiated by the state department today with various maritime powers which contemplate a solution on a reciprocal basis and through the exercise of treaty making powers of the liquor problem as concerning rum-running ships and as it affects rations of liquor to the crews of foreign ships while in United States ports.

American officials see in this method the possibility of abolishing foreign ships from certain liquor regulations while within the three-mile limit and at the same time eliminating the fleet of rum-runners which hovers just outside the so-called three-mile line, breaking up the fleet altogether or at least driving it beyond the 12-mile limit.

### CHINESE CHIEF EXECUTIVE GOES WAY TO SAFETY

Forced to Flee From Capital By Uprising of Unpaid Soldiers.

*By United Press*  
PEKIN, June 13.—President Li Yuan Hung fled from Peking to Tsin Tsin this afternoon, fearing an uprising of dissatisfied Chinese troops. The capital of Northern China is left without a government as a result.

Threats of occupation of Peking by insurgent soldiers caused the flight of the president. The troops have not been paid for months and, following mutterings and threats, many of them already have started rioting and looting. The possibility of an armed revolt by the soldiers is causing grave alarm.

### Drilling Will Be Resumed When Price of Oil Goes Higher

Breckenridge oil men declare the duldest period ever experienced in the Breckenridge oil field is now on, according to reports from the Stephens county metropolis. New development of fields is practically at a low ebb, so new locations are being made, no new wells are being drilled, much less considered, all due, say the oil men, to the low price which oil went to last month.

The one bright prospect is the intention of several oil operators to start new wells as soon as the price starts on an upward trend.

The total Stephens county oil pipeline production, nevertheless, is holding up, the old wells producing nicely. The present production is around 34,000 barrels daily.

Gasoline production is increasing with the new casinghead gasoline plants going up in several parts of Stephens county.

Breckenridge business men in the face of the curtailed field operations see no depression in their lines of business, it is said.

### WIDOWS OF TWO CATTLE INSPECTORS PENSIONED FOR LIFE

FORT WORTH, June 13.—Mrs. W. D. Allison and Mrs. H. L. Roberson, widows of the two inspectors of the Texas and Southwestern Cattle Raisers' association, who were shot and killed at Seminole on April 1, were made honorary members of the association and voted \$50 a month for the remainder of their natural lives, in a resolution adopted by the executive committee of the association at the Texas hotel yesterday.

### GOOD WATERMELON CROP.

CUERO, Texas, June 13.—The watermelon crop of this section while a bit later than is usual is very promising and farmers anticipate good returns from the sale of the melons.

Most of the melons grown in this section are sold locally as melon growers have not found long distance shipping profitable.

### ELEVENTH HOUR EFFORT TO STOP ELECTROCUTION

Repeal of Law by Resolution Declared in Senate Out of Order.

*By United Press*  
AUSTIN, June 13.—A resolution declaring the electrocution bill shall not go into effect and calling upon humane societies to protest against it was offered today by Representatives Wood and Darwin. The resolution threw the senate into an uproar. Several senators refused to vote on it when they could not be heard. The resolution was ruled out of order by Senator Lewis, president pro tem, on a point of order saying that a law could not be repealed by a resolution.

### State's New Speed Law Will Go Into Effect Friday

The new state speed law will go into effect Friday. It permits drivers to go 35 miles an hour on the highways, provided they are not driving recklessly or endangering the safety of others.

The same law also provides that a person arrested for speeding can either appear before a justice of the peace or judge immediately, or he can sign an agreement to appear before the justice within five days, and go on in his journey.

The new law eliminates the cash bond required under the old law and violators are allowed to go under their own personal agreement to appear.

The fines for violating the speed laws have been increased.

### TRAFFIC IN BABIES, AS PHYSICIAN CHARGES, TO BE INVESTIGATED

DALLAS, June 13.—Dallas board of health was on record today as favoring the employment of a supervisor for maternity homes, following charges made before the board by Dr. Lane B. Cook, health director, that "trafficking" in babies was being carried on in Dallas.

"Lots of people want to adopt babies," the doctor said. "They are willing to pay the price asked." Dr. Cook declared that maternity homes have arranged with baby "peddlers" to get what they can for a baby, doing it on a commission basis.

There are 14 maternity homes licensed in Dallas. Chief of Police Louis Brown said in saying that he would take cognizance of the charges. He said he would probably take up the matter with Dr. Cook late this afternoon and discuss specific instances of alleged "trafficking" in babies.

### HIGHER COURT REVERSES 99-YEAR SENTENCE

AUSTIN, June 13.—A 99-year sentence against William Meador from Warren county, in connection with the murder of A. Rawls, was reversed and remanded by the court of criminal appeals today on the grounds of error on the charge.

The court over-ruled the appeal of F. M. McClure of El Paso for a new trial, who was sentenced for the murder of Louise Frenzel.

The case of Wright Russel, convicted of murder in Harris county and sentenced for 50 years was affirmed.

### Elks Observe Flag Day

Program Arranged for Thursday Evening in High School Auditorium, American Legionnaires Attending.

Ranger Benevolent Protective Order of Elks will observe Flag Day tomorrow with a program in the auditorium of the Ranger high school. It will begin at 8 o'clock and all of the order's officers will participate.

The history of the flag will be told by A. M. Jameson, past exalted ruler. Judge Ove E. Overson will give the address. The audience will join in singing America and the concluding talk will be made by Dr. H. A. Logsdon, exalted ruler.

### 'THE FORCE' ALREADY SEES ITSELF IN NICE BRAND-NEW UNIFORMS

Ranger police will be attired in new uniforms if the department's share of the proceeds of a carnival now on West Main street are sufficient.

The department was reorganized on the first of the year, but not all of the members have been uniformed. Several of the policemen, who were members of the force under police regimes of the past, are wearing the uniforms they purchased when first joining the department.

While regulations in many cities require members of the department to purchase their own uniforms, this rule has never been adopted here, probably in view of the lower pay prevailing here than in cities which require all officers to be uniformed.

### WORST FLOOD IN HISTORY OF MID-CONTINENT

Four Thousand at Tulsa Leave Homes; Arkansas Points Inundated.

*By United Press.*  
The worst flood in the history of Kansas and Oklahoma is sweeping over those states today.

Thousands of persons have already been made homeless by the raging waters and swollen streams.

Farmers living in the lowlands near Fort Smith, Ark., and Little Rock, have been forced to flee for safety, and the highest waters since 1892 is anticipated in the Arkansas river. Communication in the flood zone has been paralyzed. Wheat and other crops are seriously damaged.

Tulsa reports the worst flood in its history. Four thousand persons have deserted their homes. Red cross workers are on the scene to give succor.

Oklahoma City fears a high water mark of 16 feet tonight. Farmers living in the lowlands are seeking higher ground.

According to reports the Crawford county dam in Arkansas has broken, and 8,000 acres of river bottom are menaced.

Arkansas City, Kan., has 3,000 refugees to care for as the result of the Arkansas river flood damage.

### FRENCH OCCUPATIONAL FORCES IN THE RUHR KEPT ON DEFENSIVE

DUSSELDORF, June 13.—An organized reign of terror in the form of guerrilla warfare is being carried on against the French occupational forces in the Ruhr, according to claims of French officials. The campaign is said to be partly in a spirit of revenge for the execution of the former German officer, Albert Schlager, on a charge of sabotage.

Several high French officers are slated for assassination by the Germans, it is claimed in French circles.

### FRENCH CREW WILL QUIT JOBS RATHER THAN THEIR WINE

NEW YORK, June 13.—Nearly half of the crew of the French steamer France today served notice on the captain as the vessel sailed they would refuse to make another trip to America unless arrangements were made to secure two litres of wine as required by law.

The captain said the ship would return even if he had to secure an entire new crew and would return on scheduled time.

### STRAWN OIL FIELD IS EXTENDED ONE MILE EAST

STRAWN, June 13.—An eastward extension of a full mile to the producing area of the Strawn field is being made by the Texas Pacific Coal & Oil company's No. 6 J. H. Robinson. The well is making easily 100 barrels a day at 1,502 feet from five feet in the sand. It has not yet been completed.

This well is three miles east of the Stuart pool in western Palo Pinto county, and is a mile east of production.

### RESOLUTION DEPLORES WET NEW YORK VOTE

Strength of Prohibition Among Lone Star Lawmakers Shown.

*By Associated Press*  
AUSTIN, June 13.—House today adopted a resolution deploring the act of the New York legislature in repealing the state prohibition act by a vote of 60 to 29. The house had previously tabled a resolution to commend the action of the New York legislature in repealing the act by a vote of 78 to 8.

The resolution was discussed at length and an amendment was offered by Representative Patman commending the New York legislature in passing a bill to require secret societies to register their memberships with the secretary of state. Speaker Seagler ruled it out of order, saying the legislature should not attempt to dictate to other states.

The Quaid resolution also declared for an active campaign against vice and lawlessness.

### RURAL SCHOOL AID APPROPRIATION BILL NEAR FINAL PASSAGE

AUSTIN, June 13.—Agreement on the second major appropriation bill was reached today on the rural school aid bill. The appropriation is placed at \$3,000,000. The senate amendment, which reduced the amount, was eliminated. Under a tentative proposal last night, the reduction approximated \$825,000.

The McMillin bill, prohibiting the carrying of firearms while in possession of narcotics, subject to heavy penalty, passed the house today without a record vote.

The house adopted the conference report on the Floyd bill changing the name of the insurance and banking department.

After an extended discussion the Darwin resolution urging the Methodists to join in a campaign for a girl's dormitory at the Texas university was adopted.

The proposal to establish a literacy commission was defeated in the senate today, when Clarke held the floor for an hour and prevented the taking up of the question for a final vote.

**EASTLAND COUNTY COMMISSIONERS MISS CONTROL BOARD MEETING**

Eastland county commissioners disappointed the Ranger city commissioners and the City-County hospital board of control Tuesday afternoon when the former failed to show up for a joint meeting at the new hospital in Ranger.

The commissioners and board waited until 5:30 o'clock for the county commissioners to put in an appearance and then decided to go home.

The hospital was built jointly by city and county funds. The meeting was to have been for the purpose of inspecting the building and equipment, and to take up the matter of operation.

The opening has again been delayed by the non-arrival of some equipment, according to Mayor Hodges, who is president of the board of control.

**ONE MAN IS HELD ON SERIOUS CHARGE. COMPANION RELEASED**

In the expectation that it would hear some testimony of a sensational nature, several hundred people crowded the sidewalks and office of Justice of the Peace Fenlaw yesterday afternoon when word was passed that examining trials of Jim Carter and Wesley Fox, charged with grave offenses, would be held. The crowd, however, was disappointed. L. H. Fiewellen, attorney for both accused, waived an examination for Carter, while the case against Fox was dismissed.

Carter was bound over on two serious charges, one of rape and the other of kidnaping. His bond in the first charge was fixed at \$2,500 and the second charge at \$500.

According to the statement obtained by the police, 14-year-old Winnie Lee Harper, daughter of George Harper of Cheaney, 10 miles south of Ranger, is the complainant in the sensational charges. Winnie, and Odessa Mae Akers, 17 years old, left their homes on the night of June 4, went to Dublin, then to Cisco and were brought back to Ranger last Sunday. The two girls said they left home with Fox and Carter, according to the police. Both men had been arrested at Gainesville previously on information furnished the police by the families of the girls.

Carter says he is innocent of the grave offense, according to his attorney. No evidence was presented against Fox.

**CEMETERY TO BE PROVIDED WITH WATER TO BEAUTIFY PLOTS**

Commissioner F. A. Brown, who will have supervision of the city parks and cemetery, in company with Mayor Hodges visited the city cemetery Tuesday afternoon and picked a site for the new water well to be dug on the grounds. A windmill will be erected near the well.

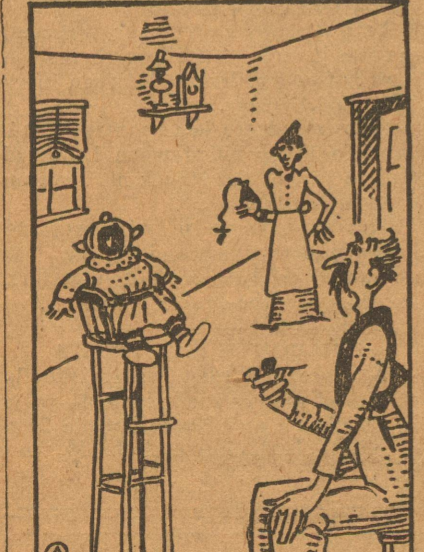

The cemetery was laid out about three years ago, but it never has had a well. The commission decided to put in a well at once to aid owners of burial plots to beautify their plots if they wish.

"The cemetery has been pretty well taken care of," Mayor Hodges said yesterday. "It's now looking nice. There has been a sexton at the cemetery only for the last year. The grounds are now staked off with iron stakes."

Mr. and Mrs. J. L. Hicks are spending the week in Galveston.

**DOG HILL PARAGRAPHS**

By GEORGE BINGHAM

Jefferson Potlocks, one of our champion fathers, says there may be three millions of devices in practice each day for the comfort and pleasure of human beings, but that none has ever yet been invented that would make a baby quit crying when it absolutely wants to cry.

Atlas Peck says when a person gets it in his head that he has a line on everything, he sometimes gets badly fooled that same day.

Tobe Moseley and wife bragged on the preacher's sermon last Sunday and then he went home with them for dinner and bragged on the meal, and so a pleasant time was had by all.

**BRECKENRIDGE S. & M. FAST-PLAYING NINE IS TAKEN ON BY SNAPPERS**

A Breckenridge baseball team, reputed to be playing fast ball this season and playing under the name of Snowden & McSweeney, a gasoline production company, will be the Sunday opponents of the Ranger Snappers at the municipal ball park, the management announced today.

The club made strong efforts to bring the Breckenridge Dynamos here for Sunday, but the Dynamos were already booked up for a three-game series at Coleman. The Dynamos are a much sought after attraction in North Central Texas. It was the Dynamos who broke the great winning streak of the Thurber club.

Eastland Independents, who have suffered two defeats by a margin of one run, are eager for an early return game and the Snapper management is planning to take the Independents on at an early date.

**HOUSTON OBTAINS COPY OF AN OLD DIRECTORY**

HOUSTON, June 13.—One of the first directories of the city of Houston has been procured by the public library here. The directory was compiled in 1866 by W. A. Leonard and was presented to the library in a collection of books known as the Bonner-McCraven collection.

Other than a list of citizens, the book contains a map of the city, a street directory, names of the city, county and state officials, provisions of the city charter, a list of courts, railroads, steamboats, churches and societies and an almanac of the year.

Names of the city officials from the years 1838 to 1866 are also given in the volume, which is less than an inch thick.

City directories for the years 1870 and 1871 were also found in the Bonner-McCraven collection.

The librarian has been trying for a number of years to secure these volumes.

**FAIL FOR MILLIONS AND ENTER PLEA OF GUILTY**

NEW YORK, June 13.—Edward M. Fuller and W. McGee, stock brokers involved in a New York sensational bucket-shop case, today pleaded to charges of bucketing and were remanded for sentence.

The brokers failed several months ago for \$4,000,000 and were committed to jail for contempt on order of a federal court after failure to produce papers to be turned over to the referee in bankruptcy. A desire to save influential friends from becoming involved in the case is said to have caused the plea of guilty.

**Change of Life Often Causes High Blood Pressure**

Women between the ages of 40 to 50 undergo a physiological change that creates a disturbance of all the vital organs. Under this condition waste matter that ordinarily passes out of the body is absorbed into the blood poisoning the system generally. Many women during this trying period become victims of High Blood Pressure. Dizziness, nervousness, hot flashes, palpitation of the heart, oppressive fullness in the chest and labored breathing on slight exertion are among the first indications of high blood pressure. If unheeded, the whole system loses tone, one's life is shortened and there is danger that death may come suddenly through apoplexy.

High blood pressure is in itself an indication that the body is clogged and choked with poisonous wastes. Before relief can be had these wastes must be eliminated.

A well-known physician working for years finally discovered a harmless formula that assists Nature in driving out these poisons. With the poison gone the blood pressure is reduced quickly and a general feeling of well being is experienced almost immediately.

This physician's treatment has been so universally successful that it has now been put up in convenient tablet form under the name Bi-a-lin, and is sold by all good druggists with a guarantee to return your full purchase price if the very first bottle does not give you wonderful relief. Rid yourself of these distressing symptoms now. Don't wait. Delay may be fatal. Get the Bi-a-lin prescription today from any good druggist. Harman's Drug Store and Texas Drug Store.—Advertisement.

**GREAT BRITAIN ALARMED OVER IMMIGRATION TO UNITED STATES SHORES**

LONDON, June 13.—Great Britain is worried over the increasing number of skilled artisans and domestic servants who want to take up their abode in the United States. The stream of emigrants which has flocked from these shores to America has caused a special committee of the government to inquire into the causes.

Only the exhaustion of the annual quota of British subjects eligible to enter the United States under the percentage law has prevented tens of thousands of others from pitching their tents under the Stars and Stripes. With the exception of France and Germany, practically every nation is now barred from sending emigrants to America until next July, when the new annual quota begins. Already the steamer bookings from the United Kingdom to America for July, August and September are full.

"America will still be the melting pot," remarks the Westminster Gazette editorially, "but its legislators are keeping a stricter eye upon the metals which go into the alloy than ever before. The British race is given a certain measure of flattery in an evident disposition to welcome more of its members, but that is scarcely surprising when we discover that the people whom we send are in a large measure domestic servants and skilled workers, neither of whom we can afford to lose."

**EGGS ACT IN MANNER PECULIAR FOR EGGS**

BONHAM, Texas, June 13.—A batch of three dozen eggs, laid away in a store room for almost a year, have started to hatch, "without a mother to guide them."

The eggs are a part of a shipment received here last summer by a local buyer who laid them aside after candling them because he found them unfit for sale.

Without ever having been touched, and subjected to the changing temperatures of summer, fall, winter and spring, the eggs have started hatching. Four little chicks have already hopped out of their ancient shells and more are expected.

**RANGER ROTARIANS ARE PROMISED STIRRING ADDRESS NEXT WEEK**

RANGER—18.....

The Ranger Rotarians had a musical program today at the weekly luncheon in the Gholson hotel. President Gus Coleman presided and accepted an offer by Frank B. Crane, with the Chestnut & Smith corporation, a guest of the Rotarians, to attend the luncheon next Wednesday and express a few views on the best method to build Ranger and make it the towering city in population and influence that it should become speedily.

Those on the program for addresses were absent, except one who declared that he had not been properly notified, so the meeting was given over largely to music and reflection with a promise of something stirring next week.

TYLER.—More than 25 carloads of strawberries rolled to market from Smith county during the past week, according to reports. These shipments practically complete the crop for this season, most of which has been shipped to northern and eastern markets.

**A RARE CHANCE FOR READERS**  
 It was said recently that "nothing is so much needed today in the rehabilitation of the broken world as a faith that still holds toward a higher, diviner goal, than mere social and economic and political adjustment—than things that are purely physical and temporal." Down through the centuries, through wars and the aftermaths of wars, the Bible is the link that has held men and nations to the "faith in the higher and diviner goal."

Perhaps no edition of the Bible has ever attained such widespread popularity as has the Big Print Red Letter Edition now being offered to readers of this paper. It is so convenient a size that it is not bulky, still the type is so clear that old people or those having defective sight can easily read it. The outstanding

red lettering of the words of Christ make it very simple to find His thoughts without reference to indexes and concordances.

The Ranger Daily Times is able to offer this edition in two distinct styles, with but three daily coupons and a nominal distribution fee. Distribution starts on the third day, but attention is called to the fact that the supply is limited.

Ban Johnson, Czar of American League Regains Old Power

By HENRY L. FARRELL (United Press Sports Editor)

Not the least of the comebacks that have added so much color to the 1923 sport season and one of the most prominent of the veterans who have been tearing down the old idea about youth's advantages over age, is Ban Johnson, president of the American league.

Ban is back in the political saddle of baseball, apparently just as strong as ever, after having been thrown out three years ago.

After making the American league, Johnson made the mistake of over-reaching himself and his assumption of the role of baseball dictator became so obnoxious to the National league magnates, that an organized campaign was adopted to curb his power.

With the support of five American league clubs, Johnson was able to resist the attacks of the New York Yankees, the Chicago White Sox and the Boston Red Sox, but he was forced to capitulate and virtually abdicate when the National league clubs joined forces with the Yanks, White Sox and Red Sox and threatened to form a new twelve-league club.

Johnson was thereby clubbed into agreeing to a new form of government in which Judge K. M. Landis was made commissioner of baseball and was vested with all the power that Johnson had taken unto himself.

Until this spring Johnson had remained in passive submission to the new order of things but he has broken out now by killing off the enemies within his own family circle and there is no telling how far he will go.

With all the faults of vanity, greed for power and ingratitude, Johnson's enemies have held him up as possessing, it must be admitted that Ban Johnson was responsible for the prestige that the American league enjoys and that his achievements show that he has sought as much to make the American league prosper as he has to advance his own private and personal interests.

Johnson tried to keep the league well balanced and provided good baseball all over the circuit. He succeeded fairly well until Harry Frazee bought the Boston Red Sox and turned the club into an auction market.

For three years Johnson tried to get Frazee out of baseball and restore Boston to the place that it once held in American league baseball. He didn't succeed until this year.

Had Col. T. Y. Huston, Charley Comiskey and Harry Frazee not warred so on Johnson, it is certain that the New York Yankees would not have been able to pick a championship club for the mere picking and that Boston would have something other than a disgrace in the American league.

Johnson, it is understood, wants to put Bobby Quinn, vice-president of the Saint Louis Browns, in as president of the Red Sox and he also has designs to get Tris Speaker back in Boston as manager.

It would take all of Johnson's old power and influence to get Speaker away from Cleveland, but Ban seems to be back as strong as he ever was.

Johnson was always a fighter and he showed more fight than he was ever thought to possess when he battled his way back to his old place, after he had been beaten and beaten badly.

Perhaps the National league will learn before the end of this season that business will not be as good with one club making a runaway race for the pennant.

The National league should do something about the disgraceful Phillies. Ban Johnson's aggressiveness in dealing with the situation in Boston offers a few suggestions that the National league might do well to follow in Philadelphia.

In handling its own Boston situation, the National league made a very wise move in getting Christy Matheson in at the head of the club, but even the personality of Matheson may not offset the popularity that would return to the Red Sox if the old idol, Speaker, returned as manager of the club.

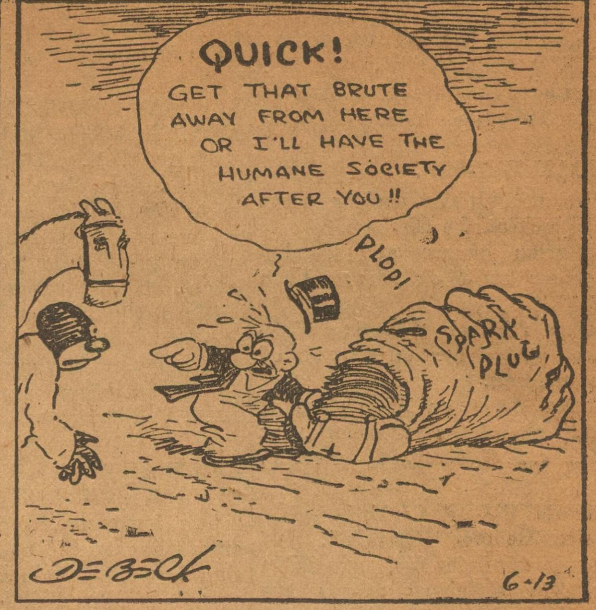

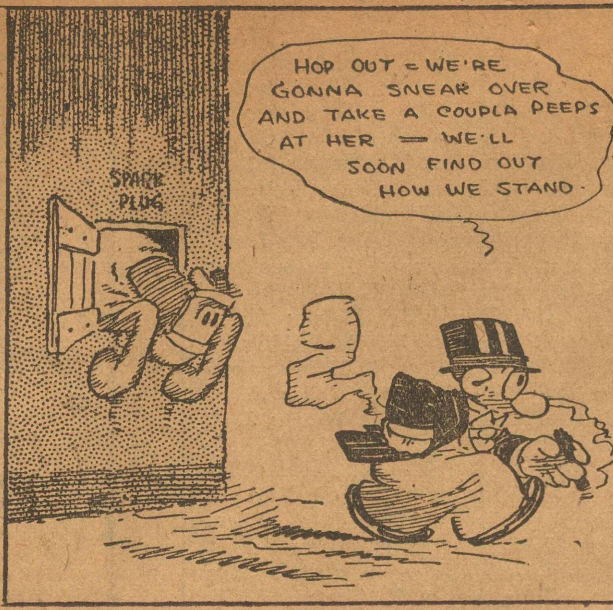

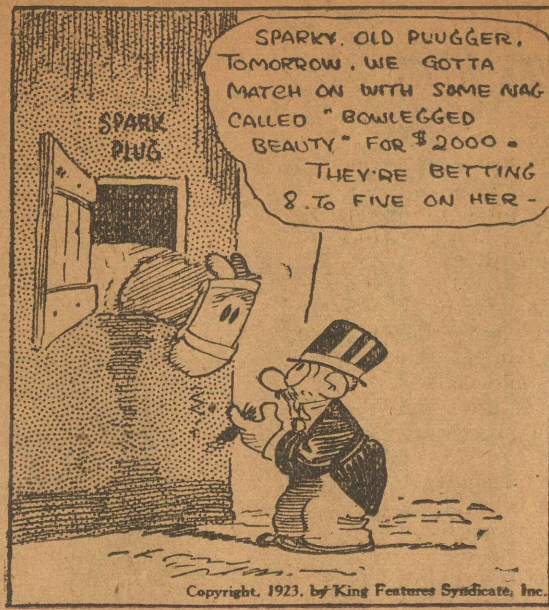

MORE WEDDING LICENSES THAN DIVORCES IN JUNE

Special to the Times.

EASTLAND, June 13.—There has been a total of 17 marriage licenses issued by the county clerk for Saturday and Monday and not a single divorce suit has been filed in the district court since last Thursday. There has been approximately 20 marriage licenses issued during the time. Only 21 divorce suits were filed during the month of May, which is a considerable reduction over the first four months of the year. Only five have been filed so far this month.

BROWNWOOD.—The graduating class of the Daniel Baker college this year included an interesting character in William Leander Downing of Kerrville. Downing is 72 years old, but reports himself as "72 years young."

### AND ACTIVITIES OF WOMEN

Mrs. Chas. G. Norton, Editor  
Telephone 224.

#### THURSDAY EVENTS.

The Ranger Delphian society meets at 9:45 o'clock at the Gholson.

Presbyterian church and Sunday school picnic at 4 o'clock at Leon lake.

Ice cream festival of Central Baptist church at 8 o'clock on grounds of Tee-Pee building.

Social for Wesleyan Bible class of Methodist church at 2 o'clock, at home of Mrs. J. T. Gray, Myers camp.

#### WESLEYAN BIBLE CLASS TO HAVE SOCIAL MEETING.

All members of the Wesleyan Bible class of the Methodist church are cordially invited to attend a social which will be given for them Thursday afternoon at 2 o'clock at the home of Mrs. J. T. Gray at Myers camp.

#### PRESBYTERIAN PICNIC TO BE HELD THURSDAY.

Unless it keeps on raining the Presbyterian picnic announced for Thursday afternoon will be held at Leon lake under auspices of the women's auxiliary. Cars will be at the church at the hours of 4, 5 and 6 o'clock to convey those who want to go to the picnic grounds, and all those wishing to be so conveyed are asked to phone to Mrs. Lytton R. Taylor, 290, in order that arrangements may be made. Supper will be served at 7 o'clock and a cordial invitation is extended to everyone to attend.

#### SHRINE CLUB GIVES DELIGHTFUL ENTERTAINMENT.

Members of the Ranger Shrine club entertained the families and friends with a party Tuesday evening at the Gholson hotel. A short program of music was given by Campbell M. Haines and Mrs. Bess Luke and a

#### FELT TIRED, SO TIRED

Indiana Lady Says She Was Run-Down, Suffered With Her Back, Took Cardui, and Got Well.

Richmond, Ind.—"I thought I would write a line or so, to say that I owe my good health and strength to Cardui," says a letter from Mrs. Cora Courtney, 31 Railroad Street, this city.

"I was all run-down until my family thought they would lose me," writes Mrs. Courtney. "My husband coaxed me to take Cardui, so, to please him, I did, and will say I do not regret it, for I am able to do all my work and do my shopping."

"I have five children, four in school, my husband and a boarder to do for, and I do all my own work for all of us, and find time to play. We all praise Cardui. Every sick and run-down woman should take this wonderful medicine."

"I suffered with my back; a very weak feeling in my limbs."

"I felt hardly able to drag; just tired—so tired all the time."

"It was an effort for me to do anything, but Cardui helped me so I felt like a different woman."

If you are in a run-down physical condition, suffering as this Indiana lady says she did, give Cardui a fair trial. It should help you.

Take Cardui. NC-147

colored orchestra played during the latter part of the evening. A number of tables of bridge were arranged, dancing followed the game, and delicious punch was served. About 100 were in attendance.

#### INFORMAL BRIDGE FOR MRS. WALTER ROBERTSON.

Mrs. W. L. McGinley entertained quite informally Tuesday morning with three tables of bridge in honor of her mother, Mrs. Walter S. Robertson of Wichita Falls, who is her guest. Those present were: Mmes. Gifford Clegg, Roswell W. Thomas, John Shannon, H. J. Mendenhall, E. D. Finney, A. L. Bergere, C. C. Craig, A. N. Harkrider, Karl E. Jones and L. A. Vandervoort.

#### CENTRAL BAPTIST ICE CREAM SOCIAL TONIGHT.

The ice cream social and evening entertainment of the Central Baptist church will be held in the open air at the Tee-Pee building this evening at 8 o'clock. The general public is invited to attend. Home-made cakes and candies and various kinds of ice cream will be for sale. An orchestra will furnish music during the evening.

#### SUNDAY SCHOOL CLASS TO HAVE CANDY SALE SATURDAY.

The A. R. C. class of the intermediate department of the Central Baptist church will have a home-made candy sale on Saturday beginning at 10 o'clock at the Jameson store.

#### RED CROSS LUNCHEON TO BE HELD FRIDAY NOON.

A special luncheon honoring Mrs. Ashbaugh, field representative of the

American Red Cross, will be held Friday noon in the basement of the First Baptist church. Dr. H. A. Logsdon, local Red Cross chairman, will preside and talks will be given by Mrs. Ashbaugh and L. H. Flewellen. Music selections will be given by Gus Coleman and Mrs. Bess Luke. The purpose of the meeting is to discuss a plan for Red Cross work in Eastland county and in the schools. The ladies of the First Baptist church will serve the luncheon. Nearly 40 reservations have already been made and others wishing to attend are asked to phone Mrs. G. H. Bohning, 307, before 8 o'clock tonight.

#### PERSONALS.

Miss Mary McRae, daughter of Mr. and Mrs. D. C. McRae, has returned from Tucson where she has been attending the University of Arizona for the past year.

Mrs. Walter S. Robertson of Wichita Falls is the guest of her daughter, Mrs. W. L. McGinley.
