## ANOTHER UPRISING IS FEARED IN MEXICO

### BRIGHT LIGHTS MENACE LIFE ON HIGHWAYS

Lack of Dimmer Statute in Texas Presents Ever Present Danger.

Since the Bankhead highway became a much traversed thoroughfare by motorists last spring when it was completed, motorists who think in terms of safety began to give thought to the headlight problem in Texas.

This state has no statute making brilliant headlights unlawful, although one was passed in 1919 but afterwards in a court decision was held void because of the indefiniteness of the provision. Drivers, therefore, are at the mercy of the glaring light.

A number of Ranger persons interviewed on the subject showed they have definite views of the matter. "I won't allow my wife to drive our car on the Eastland highway after dark," said a Ranger lease broker. "Headlights on some cars are a positive menace to the safety of a car. The state should go after them."

"Keep Eye on Road." Another Ranger citizen made the suggestion that the best way to play the safety game is to keep one's eye on the right side of the road and away as much as possible from the glare of the brilliant light. "If you do that, you will not be blinded very much," he said.

A young woman, nurse in a Ranger hospital, told a Times reporter that the lights of an approaching car blinded her so that she drove her car into the ditch.

No victims of automobile wrecks caused by temporary blindness have been brought to the Clinical or Ranger General hospital the past summer, it was said by the superintendents of both hospitals.

"We haven't had anyone brought in with such a complaint yet," Mrs. Alice Dailey, superintendent of the General hospital, said. "But it is a wonder to me."

"I think not," said M. F. Mitchell, superintendent of the Clinical hospital, when asked if any victims of glaring lights had sought medical treatment.

No Safety Measure Here. Many clubs affiliated with the American Automobile association are establishing headlight testing stations for their members so that the lights might be focused and the glaring headlights done away with, according to a bulletin issued by the association. There is no motor club in Ranger to take advantage of this safety measure. If any headlight testing is done here, it will be done by the private individuals.

So little attention is given to the business of making the highway safe for the other fellow that one motorist counted but two drivers who dimmed their lights on a single, one-way trip between Ranger and Eastland recently.

The American Automobile associations is urging that motorists have approved lenses and reflectors and have them adjusted properly, which, the association says, makes dimming unnecessary.

Law Is Not Definite. The law passed by the state and knocked out in the court of criminal appeals at Austin, on Jan. 21, 1920, did not include a standard by which a driver or authority could determine what would interfere with the sight of a driver of a car coming in the opposite direction, according to Milton T. Lyman, city attorney of Ranger.

Here is the law as passed: "It shall be unlawful for any person to operate an automobile, motorcycle or bicycle upon the public highway of the state at night whose front lamps shall project forward as a light of such glare and brilliancy as to seriously interfere with the sight of, or temporarily blind the vision of the driver of a vehicle approaching from an opposite direction."

In the test case, Griffin vs. the state, carried up from Tarrant county court to the court of criminal appeals, attorneys for Griffin said in assailing the validity of a statute in creating a criminal offense, that the law requires a certain degree of definiteness in denouncing acts as criminal.

Assistant Chief L. E. Davenport has gone on night duty and Ted Hamilton, former night sergeant, is doing patrol work. Davenport has not been in good health lately and the change has been made so that he will not be on his feet so much.

### U. S. Must Be Ready To Fight Unless Nations Disarm Says Owsley

SAN FRANCISCO, Oct. 17.—Safety for the United States can only be assured by a real limitation of armament by the nations of the world or by the assembly of the most powerful fleet of airplanes the world has ever known, combined with an adequate sea force, Alvin Owsley, retiring commander of the American Legion, said in an address at the banquet last night. "Members of the American Legion know only too well what war is and what its terrors mean," said Owsley. "The American Legion stands for the limitation of armaments or else preparedness to the extent that our armed forces will eclipse our."

### CHILDREN MUST BE INTERESTED TO BE TAUGHT

Fear Should Be Eliminated in Training of Children, Says Educator.

DETROIT, Oct. 17.—Suggestions for radical departures in the training of America's children were made here today before the annual meeting of the American Child Health association, by Mrs. Marietta Johnson, director of the Fairhope Summer school, of Greenwich, Conn. Postponement of all intellectual activities, such as reading, writing and arithmetic until the child is eight or nine years old was one of the revolutionary moves Mrs. Johnson would make.

The abolition of the "Three Rs" from the curriculum of children of tender years, she said, would make for an improvement of the body, the mind and the spirit.

"I submit," she declared, "that one of the needs of the body is that the order of the development of the nervous system shall not be violated by any work of the school; that the body should be allowed wholesome freedoms; that all specialized activity shall be postponed until a latter period. This alone would mean quite a revolution in our public school system. It would mean, first of all, not more than 20 pupils to the teacher, that all intellectual activities such as reading, writing and numbers would be postponed until the child is eight or nine years of age.

"The mind needs interest. The fundamental condition of thinking is interest. The school will then ask: 'What are the interests of childhood?' and will endeavor to provide these.

"We know that all children are interested in things of the sense—in handling, creating, investigating and experimenting—in other words, in making and using things. This would mean that the school would be turned into a workshop and that tools and material would be provided for the most wholesome sort of self-promoted creative activity."

Of the training spirit, Mrs. Johnson said:

"The spirit should be fearless. Self consciousness is fear. Fear is death. Education is life. Therefore, the school must not permit, much less impose, conditions which develop self consciousness and fear.

"All grades, marks, systems of promotion make for self consciousness and are therefore, inimical to health of the spirit."

Mrs. Johnson also urged a system through which the child could be taught to keep clean and eat the proper food not because of fear, but because there has been instilled in it a preference for cleanliness and a desire for the right sort of food.

### CLEM GRAY TESTIFIES IN HIS OWN DEFENSE

MOUNT PLEASANT, Texas, Oct. 17.—Clem Gray, charged with the murder of Otis Ballard, Sept. 24, today took the stand in his own defense and testified that Ballard was killed by Burrows Kemp, negro, an employe of Gray. Kemp is also under indictment for the murder of Ballard.

Gray declared that he was talking to Ballard, who was a witness against Gray in a bank robbery trial, when Kemp stepped up from behind and struck Ballard on the head. Gray said that he knew he would be under suspicion and assisted in hiding the body, which was found in a creek.

### Which Is the Bride

Mrs. C. M. Astley, Allister McCormick and his bride

Allister McCormick, young Chicago millionaire, who was jilted so often by Miss Mary Landon Baker, of Chicago, is shown here, in Paris, with his bride, who was Miss Joan Stevens, of London, and her mother, Mrs. Charles Melton Astley, shortly after their marriage in the Embassy church in Paris.

### FLOOD PASSING TO EAST PART OF OKLAHOMA

OKLAHOMA CITY, Oct. 17.—With the North Canadian river falling here today, the unprecedented flood stage is sweeping eastward towards Shawnee, 40 miles away. Jones City and Spencer, small villages between Oklahoma City and Shawnee, were surrounded by water during the night and all communication with them cut off, but it is thought neither will suffer great damage. No loss of life has been reported in the downward sweep of the waters.

Rock Island tracks, several miles out of Shawnee, today were taken up and moved to higher ground. The Santa Fe shops are also thought to be on ground too low to be safe.

Oklahoma City, which passed through the flood with only two deaths so far, sustained property loss estimated at about \$2,000,000, and today was facing a milk famine, the milk dealers being unable to get supplies from the country. More than 2,000 persons were unable today to return to their homes in the flood district. Railroad service south and west was virtually at a standstill. The Santa Fe detoured its trains by way of Shawnee and other railroads were refusing to sell tickets southward. The Rock Island is running no trains today and probably will not before Friday. Frisco trains are leaving over the Santa Fe tracks and normal service eastward may be restored during the day. Railroad losses are expected to run high.

### COTTON CROP IN Eastland County Shows Increase

Three new cotton gins in Eastland county increased the ginning of cotton up to Sept. 25 of this year 35 per cent over last year. The department of commerce, through the bureau census, in a preliminary report on cotton ginned by counties in Texas, has given out figures for the crops of 1922 and 1923. Last year 2,196 bales were ginned and this year 3,196 bales up to Sept. 25 of each year. This is an increase of 773 bales.

Ellis county is leading the state with 69,818 bales and Williamson is second with 65,790 bales.

### TWO SIDES TO BUSINESS OF CO-OPERATING, SAYS TEXAS PRESS LEAGUE

DENISON, Oct. 17.—Resolutions placed before the members of the Texas Daily Press league in which they would refuse to lend co-operation to national advertisers who do not include in their advertising, appropriations for dailies from whom they seek co-operation were adopted by the league in annual convention here today.

The convention will close this evening.

### UNUSUAL RECORD OF TWINS HAVING SEPARATE BIRTHDAYS

CLARKSVILLE, Oct. 17.—An unusual birth record was made here recently, recording the birth of twin boys on separate days. One of the boys was born at the family home shortly before midnight and the attending physician, needing assistance, decided to bring the mother to the city hospital. The woman and newborn babe were placed in an ambulance and brought to the hospital, where shortly after midnight the other boy was born.

CLARKSVILLE, Oct. 17.—The brick mason, the plumber and the plasterer, hitherto the undisputed aristocrats of the world of labor, are being closely pursued by the cotton picker. Cotton pickers in this section are reported to be receiving as high as \$2.50 a hundred pounds.

### BREAD LINE IS FORMING IN THE GERMAN CAPITAL

Fourteen Free Feeding Kitchens to Be Opened; Free Coal and Wood.

BERLIN, Oct. 17.—Measures announced by municipal authorities to aid the unemployed were followed today by a subsiding of uneasiness in trouble centers of Berlin, where mobs of thousands of unemployed engaged in food riots yesterday, resulting in one fatality and many others seriously hurt.

Among the measures proposed are the immediate opening of 14 feeding kitchens to distribute free meals, and the opening of stations for the free distribution of wood and coal.

### Germany Proposes Drastic Measures Against Saxony

BERLIN, Oct. 17.—The German federal government today was preparing to use drastic measures against Saxony unless conditions improve. The dictator has been ordered to dissolve the so-called "Red Company," and indications are that force will be used if necessary.

Berlin officials today were ordered to use sharper measures against the rioters if they attempt any outbreak similar to yesterday's in opposing the limited state of seige. Arrest of some of the leaders in yesterday's demonstration has been ordered and even women and girls are to be arrested if found leading demonstrations. Order must be preserved in the cities, officials have been told.

### CLASH AT MANNHEIM.

MANNHEIM, Germany, Oct. 17.—One man was killed and several injured in severe clashes between police and demonstrators last night. Police fired on the demonstrators when they refused to disperse. Police patrols passed through the streets today forbidding all gatherings.

### TAYLOR COUNTY VOTES BONDS TO IMPROVE ITS MAIN HIGHWAYS

ABILENE, Oct. 17.—Taylor county voted overwhelmingly to issue \$350,000 of good roads bonds to match the road money put up by the state and federal governments yesterday. First returns show that the voters cast a vote about 25 to 1 in favor of the issue.

In Abilene alone the vote was for 1,251, against, 34. At Ovalo the vote was 4 to 1, at Lawn 5 to 1, at Bradshaw 4 to 1, and at Guion 6 to 1.

### LUBBOCK AVALANCHE ENTERS MORNING FIELD

LUBBOCK, Oct. 17.—The Lubbock Avalanche, started as a daily less than a year ago by James L. Dow, veteran Texas newspaperman, made its debut in the morning field by the addition of the full United News leased wire report, the night service of the United Press.

The new morning newspaper circulates widely in West Texas. It is housed in a new building with new equipment throughout, following the disastrous fire last spring which destroyed the old plant.

### CHILDREN RELEASED FROM SCHOOL ON ACCOUNT OF CIRCUS

Every class in the primary, grade and high school of the public school system of Ranger, including 1,600 boys and girls, was dismissed at noon today for the remainder of the day. The circus came to town and the superintendent of schools, E. A. McNew, realizing that studying and reciting was impossible with the blaring of trumpets and the cries of the street hawkers, turned the children loose.

The boys and girls attending St. Rita's parish school were excused from classes to see the big parade.

### David Lloyd George Fatigued, Must Stay In Bed Today

By Associated Press.

CHICAGO, Oct. 17.—David Lloyd George, former premier of Great Britain, cancelled all his engagements for today, but hopes to be able to keep his speaking engagement for tonight in the International amphitheatre at the stockyards. Owing to a continuation of a slight temperature, his physician ordered him to remain in bed today. Mr. George has a slight cold, aggravated by fatigue, his secretary, Mr. Sutherland, said.

With so much of his American tour ahead of him and with the example of President Harding's death and former President Wilson's breakdown, it is felt that the former premier's health must be carefully guarded.

### SPECIAL TRAIN FOR ROOTERS TO BRECKENRIDGE

Hamon-Kell Line Offers Facilities to Attend Football Game There Friday.

It's a special train for Breckenridge for the Ranger-Breckenridge high school football game Friday—if 125 passengers can be secured.

A rate of \$1.70 has been offered by H. A. Coomer, passenger agent of the Wichita Falls, Ranger & Fort Worth railroad, if 125 tickets are sold.

Petitions were circulated at the high school this morning, the signers being asked to buy a ticket. One list was also left at Crawford's pharmacy, where it may be signed by adults who wish to attend the game.

Boys and girls who intended to use the family car are being asked by Coach Sandlin to go on the train instead. This, he says, will make a better showing and will insure the success of the special train. Besides, the roads are too muddy for auto traveling.

If 125 names are not attached to the petitions by tomorrow noon, the special train proposition will be dropped.

The train, if it goes, will leave Ranger at 12:30 p. m., and will leave shortly after the close of the game.

### RURAL MAIL CARRIER KILLS HUSBAND OF POSTMISTRESS IN TEXAS

By Associated Press.

CENTER, Texas, Oct. 17.—The grand jury here today began an investigation of the slaying yesterday of William Cook, at Choice, seven miles south of Center. J. C. Boles is held in jail, charged with the shooting, in which Cook was shot twice, dying almost instantly.

Boles is rural mail carrier, 45 years of age and married. Mrs. Cook, the widow, is postmistress at Choice.

### THURMAN EXPECTED TO BRING INFORMATION

John Thurman, cashier of the Peoples State bank, is expected to return from Austin this afternoon, where he went to consult with the state banking commissioner and the state superintendent of instruction on matters relative to making the Peoples State bank the depository for the funds of the Ranger Independent school district.

The depository tangle, which has been hanging fire for some time, was brought up before the board members last week, but a lack of full information caused the board to forego final action. At present there is no legal depository for the thousands of dollars of the school district.

### FORT WORTH PHOTOGRAPHER TAKING HI SCHOOL PHOTOS

Individual and group pictures of the high school boys and girls are being taken at the high school this week by a Fort Worth photographer, Mr. Simpson. He has arranged an improvised studio on the stage of the auditorium. The pictures will form a part of the art illustration of the 1920 year book, "The Touchdown."

### ARMED POLITICS FEARED IN SAN LUIS POTOSI

War Party Headed by Two Men Who Have Been Causing Trouble.

By Associated Press.

MEXICO CITY, Oct. 17.—Bloody developments were feared today in the state of San Luis Potosi, in view of an uprising by the Cibolo brothers, said to be marching to the support of Aurelio Sanrique for governorship of the state.

President Lorens of the federalists and head of the rival faction in the state, has telegraphed the secretary of war confirming news of an uprising headed by the two men whose activities during the past year have caused considerable trouble. The Cibolo brothers are reported to have deposed municipal authorities in several towns on their line of march and to have destroyed telegraph and telephone lines.

The federal government has instructed the commander of the federal forces not to interfere with the pacific entry of the band, but Lorens is holding his forces in readiness to oppose the seizure of any property or defenses by the Cibolo brothers.

### SUSPECT HELD FOR MURDER OF SCHOOL GIRL

PHILADELPHIA, Oct. 17.—Ernesto Facendo, 20, a shipyard worker, today was formally charged with the murder of Emma Dixon, 15-year-old school girl of Millville, N. J.

Facendo was arraigned before Magistrate Renshaw today as a material witness and when the hearing opened Detective Frank Lore of Cumberland, N. J., who has been conducting an investigation of the murder, presented a warrant charging the youth with willful murder. Lore asked that the defendant be held for extradition papers. The magistrate ordered Facendo discharged as a material witness, and held in jail without bail on a charge of murder.

Emma Dixon disappeared Sept. 13, and her mutilated body was found Sept. 22 in a clump of bushes beside the Cape May highway near Millville.

### Father's Day To Be Specially Observed In Ranger Churches

Next Sunday will be observed as "Father's day" in Ranger. The Ranger Lions club, acting on the resolution passed at the seventh annual convention of the International Association of Lions clubs, held at Atlantic City in June, has called upon all of the heads of the churches of the city to have one sermon during the day on what fathers have done for the family and state.

T. J. Holmsley, secretary of the Lions club, has interviewed all of the pastors of the city, and from each one has received a promise to see the day observed.

Rev. W. H. Johnson of the First Baptist and Rev. A. L. Loake of the Central Baptist church have already designated Sunday night as the time of their sermon on "Father's day." Holmsley expects to hear from the other pastors before Friday as to the time of their sermon.

### TROPICAL STORM NOW FORMING IN CARRIBEAN MOVING NORTHWEST

HOUSTON, Oct. 17.—A tropical storm is forming in the lower Gulf of Mexico on the heels of the storm which yesterday struck the Louisiana coast and points to the east.

The storm is reported forming in the Caribbean Sea, about midway between land points, and, it was forecast, would move in a northerly direction. The barometric pressure remains low.

DALLAS, Oct. 17.—The dog wagon has stopped its rounds here since the rabies epidemic seemed to be on the increase but now the city commission is considering starting a cat wagon. Numerous reports of vicious dogs and cats have been received.

 WHERE IS YOUR TREASURE?—Where your treasure is, there will your heart be also.—Matthew 6:21.

**BARNES ANIMAL CIRCUS IS HERE**

It's circus day, and the scents of menagerie and the double jointed peanut are in the air. Calliope is hooping, red coated bands are tooting and bagpipes and buglers are shrilling medleys of the white tops, for Al G. Barnes circus, with 100 cages of educated wild animals, steamed into Ranger with the dawn and before the city stirred to its daily routine acres of canvass loomed against the skyline, south of the T. & P. tracks.

**Tusko Cannot March.**  
 Tusko, largest elephant in the world, was not, of course, in the splendid pageant. The giant "bull" is too large to parade, but thousands saw him in the menagerie this afternoon before they filled the seats in the Barnes big top to view the beautiful fairyland fantasy. "Alice in Jungland," the 1,200 wild animal actors in all sorts of thrilling and amusing displays, Lotus, only performing hippopotamus; the astounding and lovely equine ballet, with 100 horses and girls dancing and posing to the strains of the big show band; the great tiger and lion acts, including Rajah, wrestling tiger, with Lorraine Wallace, and other thrillers innumerable.  
 The night performance starts at 8 o'clock.  
**Boys to Get Tickets.**  
 If there is a Solomon in this vicinity, he is wanted to report at the Times press room just as the papers are issued. For circus tickets will be given out to the boys, the street salesmen and the carriers. Regularly from 40 to 50 report each evening to cry the Times on the streets. There are also about 20 regular carriers.  
 When the circus was announced, immediately the number of sales boys increased. However, tickets have been secured only for the regular salesmen. Others must be disappointed. The tickets are given as a reward for faithful service. Therefore they are limited to the regulars.  
 The boys will not go in a group as was planned at first, but will be given tickets and allowed to pick seats for themselves. It's going to be a great night, one anxiously awaited and long remembered. Ranger is the only place in Eastland county where the circus shows.

**YOUNG BOY FACES CHARGE OF ASSAULT**  
 HOUSTON, Oct. 17.—Pearl Dukes, 14, today faced a charge of assault in connection with the drowning of Vernon Smith, a chum of his, in a swimming hole, Sept. 6. The step-father of the drowned boy has charged that Pearl hit Vernon on the head with a rock and then pushed him into the water.  
 LONGVIEW, Oct. 17.—J. H. Anderson, 67, today was sentenced to two years in jail following conviction on a charge of stabbing A. A. Castleman, 70, who was stabbed 13 times. Castleman was severely wounded.

**NACOGDOCHES.**—The cotton yield of Nacogdoches county this year is expected to exceed that of last year, according to estimates of leading farmers of the county, who stated gathering of the crop is nearly completed. The yield with prevailing prices has brought prosperity to both town and county.

**PRESIDENT COOLIDGE IS ADVOCATE OF ECONOMY**  
 By Associated Press  
 WASHINGTON, Oct. 17.—President Coolidge strongly favors a continuance of the policy of the late President Harding with respect to the saving of government funds. He has written a letter to George W. Skilton, of the bureau of internal revenue, praising treasury employees for their efforts to finish the fiscal year without the purchase of new supplies, thereby turning back to the treasury funds appropriated for the purpose.

**PRISONER OBJECTS TO SNORING**  
 By United Press  
 DALLAS, Oct. 17.—"Snoring is impolite," an inmate of the city bastille said the other night.  
 "Awgwan," his cell mate replied. "And thereupon the cultured one set out to teach his mate the ground rules of etiquette via the "Jack Dempsey" manner. He was so enthusiastic that a general melee resulted and when the smoke of battle cleared away prisoners were on their way to the emergency hospital.

All About Many Pockets, One of Them Containing Money and What Came of It.

By P. G. T.

Many stories have been written about pockets. "Empty Pockets," "Heavy Pockets," "Holey Pockets," "Gold Pockets," "yea, brother, and but this is the first time we have even "Hip Pockets" form interesting things to read and talk about, been told any tales about "too many pockets."

Take the case of Aleck Von Pockless. For two years he had labored and toiled and all of these two years, as far as he knew, only five pockets existed, two hip pockets, two side pockets, and one watch pocket. He had accustomed himself to keeping all his personal stuff in these five pockets and even then one or two of them were usually holed. In the summer he wore a light pocketless shirt and no coat, in the winter a heavy pocketless shirt and no coat. So his experience with pockets had been less than a Fiji islander's experience with pants. He wouldn't know what to do with enough.

Then one gloomy day when that cold fingered bird, Jack Frost, was just getting on the job he found himself with a two weeks vacation coming up. He traveled to the nearest large city and purchased a three-piece suit of clothing and a banglesome benny, or in the words of the proletariat, an overcoat, and then, donning his breath-taking apparel, he caromed away to a city that had become a metropolis.

The boy had a roll of the long green big enough to choke a Herford, but, despite this fact, disaster overtook him on the first count. The conductor came to collect his fare. The boy began to search his pockets. For two hours his fingers traveled nervously all over his new clothing, hunting for the lost change. Every 15 minutes this cruel minion of the railroad would strut past and glare and ask him if he had found it yet, which would throw the poor boy into tantrums again and he'd search some more and most of the time he searched in the original five pockets.

Then he gripped himself with his strong will and began a systematic search, from breeches to overcoat. At the end of another hour he had almost completed the operation and felt that in 10 or 15 minutes more he would locate the shekels. You may wonder why this did not end more quickly, but remember he had had but five pockets before and now had at least 25 (if you don't believe it count all the pockets in your Sunday go to meetin' clothes) and besides every minute or two he would discover a new pocket that he did not know existed. As mentioned before he had almost completed the search. Just

### PIMPLES CAUSE DESPONDENCY

Girls and boys, too, who are subject to disfiguring skin blemishes imagine all sorts of weird things. It even causes many to go to extremes in their pitiful predicament.

The worst fault it leads to is using just anything which promises them relief from their condition, which often makes their trouble worse. Never put anything on your skin which has not been proven by the test of time and public opinion to be right. In this connection the phenomenal success of the Ointment which is labeled with the Black and White trade mark in highest quality at low, popular prices, offers sufferers from skin diseases the one reliable and dependable means of relief and restoration of their skin to that clear, smooth and lovely condition it was in their youth.

Black and White Ointment is economically priced, in liberal size packages. The 50c size contains three times as much as the 25c size. All dealers have it.—Advertisement.

#### YOUNG SCHOOL P.-T. A. HAS FINE MEETING.

The Young School Parent-Teacher association held its regular third Tuesday meeting in the auditorium of the school, Mrs. Shipp, president, presiding.

After a brief business period, the

then the cruel conductor called him a gyp artist, grabbed him by the looseness of his breeches and the neck of his new blanket and strong-armed him off the train into the weeds by the right of way. He landed heavily on his chest and there located a bump that felt like a bass drum when he fell on it. Instinctively he knew it was his dinero and after five minutes located it.

"Where," you ask?

Considering men's clothing, notice the number of buttons that are on the sweaters the boys are wearing this year. There are at least a dozen unnecessary ones. Great stuff for the bachelor, whenever he loses a practical button he can cut off a useless one and sew it on where it will be of service.

meeting was turned over to Mrs. Roy Jameson, vice president, who had arranged a delightful and instructive program, commemorating the birthday of the organization. The P.-T. A. was organized in Dallas, Oct. 19, 1919.

At the business session Mrs. Shipp was elected delegate to the state convention, to be held at Tyler, Texas, Nov. 17 to 19. Mrs. Turner was elected alternate. Mr. Pettit reported that the committee appointed to order books for the library, decided to purchase "Junior Classics," and that same had arrived. These books will be a great help and pleasure to the pupils.

The following program, appropriate to the celebration of the birthday of the organization, or Congress was rendered:

Song, "America," by all.

Papers, "Aims of Purposes of the P.-T. A.," Mrs. Turner.

Paper, "Short Sketch of the History of the Organization," Mrs. Shipp.

Paper, "Message From Mrs. Ella Carruther Porter," Mrs. Glazner.

Paper, "What P.-T. A.'s Are Not," Mrs. McNew.

Talk, "What the P.-T. A. Has Meant to Our School," Mr. Pettit.

Talk, "What the P.-T. A. Can Do for Me," Graham Sigler (Sixth grade pupil).

Talk, "What the Local Organization Can Do for the State and Nation," Mrs. McGee.

The birthday offerings were then collected, and this amount will be forwarded as contribution to the endowment fund.

## MAJOR LEAGUE PENNANT RACES TRUE TO FORM

Predictions Made Before Start of Season Borne Out in Most Cases

By HENRY L. FARRELL (United Press Sports Editor)  
 NEW YORK, Oct. 17.—With very few exceptions the major league pennant races ran almost true to form and they followed unusually close upon the predictions made before the season started.

The Giants and the Yankees were chosen almost unanimously to repeat, and if there was any surprise in their trip to their third straight championship, it was in the rather narrow escape of the Giants.

Before the season started most of the experts thought that the Giants would walk in and that the Yankees would have a real fight. But it turned out that the Yanks had the cinch race and the Giants had a terrific fight all the way.

Cleveland was a big surprise in the American league race, Washington showed unexpected form and the White Sox were the big bust of the year. Before the season started few believed that Tris Speaker would fill a lot of holes in his club and make a contender out of the team, and although he was beaten out for second place by the Detroit Tigers, he did well to finish where he did.

Detroit was generally picked to finish second and many experts thought that Ty Cobb would carry a fight to the Yankees, but failed to get the expected pitching and it was only with a last minute dash that he succeeded in winning second place money.

Without George Sisler, the St. Louis Browns did as well as could be expected and it was no surprise that they were beaten out by Washington, as everyone expected Donie Bush would do something with the Senators, if Clarke Griffith let him have his own way. The nice comeback pulled by Roger Peckinpaugh and the steady pitching of Walter Johnson helped to rejuvenate the club.

Urban Faber's bust with the White Sox and the failure of some of the younger pitchers to reach the expected form caused Kid Gleason a very bad season. The Athletics did well for a time, but, as John McGraw said, the team was too young to get any place this season.

Frank Chance did as well as could be expected with what the Boston Red Sox gave him and it is doubtful, since he has been relieved of the

management, that his successor will do much better next year. In the opinion of McGraw, the surprise of the National league race came when the Cincinnati Reds beat out the Pittsburgh Pirates for second place. Many critics, however, thought that the Reds would give the Giants a great fight, but McGraw thought more of the Pirates because of their great punch.

The Cubs did nicely in landing in the first division, but it was no surprise. Bill Killifer is building slowly and well and he is going to get some place without spending a million dollars for a team.

## MINERAL WELLS GOLF TOURNAMENT POSTPONED

Special to the Times.  
 MINERAL WELLS, Oct. 17.—The second annual invitation golf tournament of the Mineral Wells Golf and Country club, which was to be played beginning yesterday has been postponed to Oct. 29, 30 and 31. A five-inch rain Saturday, Sunday and Monday made play impossible. The three-cornered tie in the Oil Belt Golf tournament, which was to have been played here on Sunday, has been set for Oct. 28.
