

THE WEATHER.  
West Texas tonight generally fair; Wednesday partly cloudy, warmer in the Panhandle.

# RANGER DAILY TIMES

DO YOU KNOW THAT  
The people of this country pay more for tobacco products than for all the electric current used for light, heat and power?—Electrical Feature Service.

VOL. V. RANGER, TEXAS, TUESDAY EVENING, JUNE 12, 1923. Price Five Cents No. 5.

## ONE MOURNED AMONG THE DEAD RETURNS

### NEWSPAPER IS BIG ELEMENT IN BUILDING CITY

Candidates in Ranger Times Contest Handing Out Spokes in Wheel of Progress.

Candidates in the Ford coupe and diamond ring contest, which is now being conducted by the Ranger Daily Times, are handing out spokes to the people of Ranger and vicinity. Spokes in what? you will ask. Why, spokes in the wheel of progress, of course.

One of the greatest elements in the building of a live city is an honest-to-goodness newspaper. Not one of those dead, back-number affairs, which think any old thing and any old time will do for news, but an up-to-date, wide-awake to the minute paper like the Ranger Daily Times which is the quickest medium between city activities and the people that can be found.

The advertising men met last week in Atlantic City for their annual convention. They decided that advertisers were a tremendous element in world progress; that all business would be dead without advertising, and that no large undertakings or fortunes could be built without a judicious and a regular system of advertising.

It takes more than one good business firm to make a city, as it takes more than one family to consume the goods offered on the market, so it stands to reason that the real live business men know that they must advertise in a wide awake newspaper to make known their wares. And the people know that they must read those same ads in order to know where they can get the best service and supplies. So the really good newspaper is the one which serves both merchants and buyers and is a help in every way in building the city.

The candidates who are calling for subscriptions to the Ranger Daily Times are also helping in building the city because they are putting forth both the points of argument due the advertiser and also those due the homekeeper, and placing the merits of the Ranger Daily Times before the people at the same time in a manner which none can doubt.

There are only three weeks, or less remaining in this great contest. The work of the candidates has been given splendid encouragement by the people of Ranger, but there are many who have not yet subscribed who should do so. Are you one of these, or are you already a city builder?

**KILLS FINACEE. HE TELLS POLICE WHEN SHE CASTS HIM OFF**  
By Associated Press.  
YOUNGSTOWN, Ohio, June 12.—Phris Connell, chauffeur for a wealthy family is being held in jail here charged with the murder of Helena Maria Drachman, whose body was found last week stuffed into a small culvert. Connell, who is a Filipino, confessed that he cut her throat with a pocket knife because she told him she had changed her mind about marrying him, police said.

This confession, according to the police, came soon after a handwriting expert had testified that a note written to the police telling them to look for a woman's body was identical with Connell's handwriting.

**OVERFLOW OF KAMA RIVER IN PERM, RUSSIA, CAUSES LOSS**  
By United Press.  
COPENHAGEN, June 12.—Many persons have been drowned in Perm, capital of Eastern Russia, due to the overflowing of the Kama river, according to a dispatch from Moscow. Many hundreds of miles of territory are said to have been inundated and the property loss is reported very heavy.

### MAINTENANCE OF WAY EMPLOYMENT DECLARED DANGEROUS; ASK RAISE

CHICAGO, June 12.—The employment is hazardous for maintenance of way men, seeking increases of 8 1-2 to 15 cents per hour, effective Feb. 15, from more than 30 railroads, it was said by officials of the United Brotherhood of Maintenance of Way and Railroad Shop Workers today.

The chance for education is hazardous and there is serious danger of mental, moral and physical deterioration insofar as the wives and the children of the workers are concerned, the officials said.

### MANY MEASURES DIE QUIETLY AT END OF SESSION

Emergency Appropriation Bill, Slightly Lower Than Before, Goes to Governor.

By Associated Press.

AUSTIN, June 12.—A number of bills, which have not been passed in the house, went down to defeat when the speaker announced the 72-hour rule providing for no consideration of bills, except those ready for third reading when it went into effect. The house rejected the proposal to suspend the rule until tonight. Among the bills lost were the motor vehicle common carrier and the headlight bill.

The house passed finally the senate bill appropriating \$450,000 of unexpended university land acquisition funds.

Representative Beasley offered a resolution providing for the appointment of a non-salaried eleemosynary officer, who would visit the state institutions and make suggestions.

A resolution of respect for John H. Adams of Fort Worth, who died last night in Fort Worth, was adopted by the house.

The emergency appropriation bill was sent to the governor today when both houses accepted the conference committee's report, appropriating \$286,000, a reduction of \$50,000 under the measure passed in the last session and vetoed by the governor. The conference committee reduced the bill \$8,000 under that passed by the house.

### Chinese Bandits Release Last of Foreign Captives

By Associated Press.  
TSAO CHWANG, China, June 12.—The last of the foreigners, eight in number, held captive by the Chinese bandits, were released today. They had been held in the mountain stronghold of the Chinese brigands since May 6 when they were taken from a wrecked train and held for ransom.

They include four Americans, Major Roland Pinger of Berkeley, Cal., Leon Friedman of Chicago, John B. Powell of Hannibal, Mo., and Lee Solomon of San Francisco, two British, one Frenchman and one Italian citizen.

News of the release promises to relieve the intense atmosphere that had enveloped Chinese foreign relations.

**TEXAS HOUSE MAY GO ON RECORD RELATIVE TO DRY ENFORCEMENT**  
AUSTIN, June 12.—A resolution deploring the action of the New York legislature in repealing the prohibition state enforcement act was introduced into the house today by Representative Quaid. The resolution will be taken up tomorrow.

### LARGER DEMAND FOR SUGAR SAYS MANUFACTURER

President of Sugar Makers Blames Prohibition, Not Tariff, for High Prices.

By Associated Press.

COLORADO SPRINGS, June 12.—Sugar prices are likely to continue at a high level until the new crop comes in, which will be next October or November, according to Stephen Love of Salt Lake City, president of the United States Sugar Manufacturers association, who presented his annual report at the opening of the convention of the sugar makers here today.

It is a case of much larger demand than supply, according to Love, who said that the 5,000,000 tons of sugar manufactured in 1922 was an increase of 20 per cent over previous years. There were several reasons for this increase, he said, notable among them being prohibition, but it couldn't be said any one cause was responsible.

Referring to the recent rise in sugar prices, Love denied that the sugar manufacturers were responsible for it. He declared, too, that the Fordney-McCumber tariff, contrary to general belief, had little to do with the present high prices of sugar.

### HOODED BOOTLEGGERS BEAT MAN AND WOMAN WHO TESTIFY IN COURT

By Associated Press.

PITTSBURG, Pa., June 12.—An intensive campaign in the Pittsburgh district against bootlegging and which recently was extended to fashionable road houses has resulted in a new organization for repressal purposes, according to the county attorney. He said the moonshiners manufacturers appear to have organized for the protection of bootleggers and to add to their own safety.

Mr. and Mrs. Adam Gardanki were dragged from their bed last night by a band of hooded bootleggers and robbed until unconscious, they told the police because they had ignored warnings not to testify against bootleggers in a recent liquor case. Mrs. Gardanki today was in the care of physicians. Three men have been arrested.

### NATIONAL ASSOCIATION ISSUES WARNING TO AUTOMOBILE DRIVERS

By Associated Press.  
NEW YORK, June 12.—Aware that the summer season brings the peak of automobile travel and increased highway hazards, the National Automobile Chamber of Commerce has issued a warning to 12,000,000 motorists:

- The cautions total seven:  
1. Would you willingly injure a child?  
2. Drive reasonably.  
3. Put your city on the Safety Roll.  
4. Remember you are, at times a pedestrian.  
5. "After you" is courtesy on the road, as well as in the doorway.  
6. Keep the brakes in perfect condition.  
7. Haste makes havoc.

A small percentage of the motoring public causes the thousands of motor accidents and fatalities which occur every season. It is the aim of the automobile world in 1923 to stimulate this have-making minority to eligibility in the Safe Drivers' club.

### HEIRS SEEKING HIDDEN CASH PLOW UP FARM FOR YEARS

By Associated Press.  
REGINA, Sask., June 12.—Ten years ago a farmer, Norman Curtis, arrived from Iowa, and settled with his family on a farm near Langbank, Sask. He brought \$5,000 cash with him, paid \$1,500 down on his farm, and being a non-believer in banks, buried the remaining \$3,500 in a field, telling no one, not even members of the family, where it was concealed. During the winter of 1913 he was frozen to death and with him died the secret of the hiding place of the money.

For the past decade members of his family have organized many futile searches for the hidden treasure. Every conceivable place has been dug up, stones moved and hunches followed, but still Curtis' hoard remains safe from everyone, bank robbers included.

### Tee Pee and Lions To Cross Bats for Civic Progress

One Portion of Proceeds to Help Rebuild Church, Other for Tourist Camp.

J. M. White, who struck out ten of the Rotarians in a benefit game with the Lions week before last, will be on the firing line for the Lions tomorrow when this team will meet the Tee Pee baseball team at Municipal park. Larson will also take a turn in the box.

For the Tee Pee team, G. O. Nurus, who is an ex-big leaguer, will essay the pitching role. Hocker will be his battery mate.

The proceeds from the game will be divided between the Lions and the Tee Pee's. The former will use its share to finance the tourist camp on West Main street and the latter will donate its share to the fund for rebuilding the destroyed Central Baptist church.

Here is how the Lions will play: Logsdon, c; Larson and White, p; Bates, ss; Pond, 1b; Craig, 2b; Galloway, 3b; Larson, lf; Jameson and Newton, cf; Savage, rf.

The probable line-up of the Tee Pee's will be: Gallagher, lf; Hocker, rf; Morgan, c; Mann, ss; Bludworth, 1b; Hegor, 2b; Parmer, 3b; Burs, p; Blackwell, substitute catcher; coach, utility.

### Counter Revolt In Bulgaria May Bring Back Stambulsky

By United Press.

ATHENS, Greece, June 12.—A reign of terror is reported to have been started in Sofia, capital of Bulgaria, by armed bands that have joined the counter revolution which is seeking to restore Premier Stambulsky. Everywhere these bands are said to be victorious and it is forecast that Stambulsky may again become master of the situation.

In the meantime, however, there are conflicting reports relative to his fate and none has seen him since his arrest by the revolutionists in Sofia.

BELGRADE, June 12.—Sweeping down on Sofia, bands numbering between 10,000 and 15,000 men launched a strong revolutionary movement against a new government in Bulgaria, according to dispatches received here. Hard-riding hillside warriors have joined the forces of the deposed Stambulsky and threaten the new regime even before it has become established.

### PUBLIC EXPRESSION ON PUBLIC WELFARE URGED BY ATTORNEY

By Associated Press.  
SAYS IT IS EVERY MAN'S DUTY TO SPEAK PUBLICLY AND CANDIDLY ON MATTERS AFFECTING THE PUBLIC WEAL.

"On things concerning your family or your friends, a man talks privately," he said. "If it is on a public matter, where the weal of the public is at stake, a man's duty when he speaks out publicly.

"If I had to be muzzled to make a living, I would never make a dollar."

Mr. Firmin is a practicing attorney of 40 years' experience.

**BULGARIAN RULER GIVES APPROVAL TO NEW REGIME**  
BETLGRADE, June 12.—King Boris, youthful ruler of Bulgaria, Monday received the leaders of the revolutionary regime and gave his approval to the new government. Strict martial law has been evoked throughout the country and about 200 civilians, including many leaders of the former regime, have been arrested.

### OKLAHOMA HIGH WATERS COVER ALL LOWLANDS

Ponca City Marooned, 101 Ranch Suffers, Farmers Are Driven From Homes.

By United Press.

OKLAHOMA CITY, June 12.—With Northern Oklahoma prostrate from one of the worst floods ever known here, the southeastern sections of the state are now, too, feeling the effect of the furious onrush of high waters, and as the rivets sweep southward they are freighted with debris of all kinds.

The farmers were warned in time and most of them fled to high lands before the water inundated their property. But they had to abandon their homes and many had no time in which to save their livestock.

The property loss will mount into the millions. The loss to Miller Bros., owners of the 101 Ranch, will amount to more than \$500,000, according to Col. Joe Miller.

PONCA CITY, Okla., June 12.—Ponca City is marooned today. Although the Chickasha river is falling the flood continues high and entrance into or exit from the city may be had only by aircraft or boat.

The ravages of the Arkansas river, the Chickasha and Salt Fork creek in Kay county alone have caused a loss, it is estimated, of more than \$2,000,000.

### MANY FAMILIES MADE HOMELESS BY HIGH WATERS OF TRINITY

By United Press.

DALLAS, June 12.—Hundreds in this section were homeless today as the result of flood waters in the Trinity river. The river rose four feet last night, attaining a level of 37.4 feet at noon today when it was still rising. It may go one foot higher, it was said.

Deputy sheriffs and local officers have been busy for the last 24 hours trying to get residents to leave their homes. In many cases this was accomplished only by force. No casualty has thus far been reported. The warnings were given in time to permit persons to remove valuables from their homes and to drive the livestock to higher ground, but considerable crop damage was done. Efforts are being made by the Red Cross to obtain housing accommodations for the homeless.

### MANY PERSONS DRIVEN FROM HOMES NEAR TULSA

By United Press.  
TULSA, Okla., June 12.—Water from the muddy Arkansas river threatened to inundate the homes of between 12,000 and 15,000 persons along the interurban line outside of Tulsa. The Arkansas is reported rising about three feet an hour and threatens to maroon the whole community along the river.

This is the worst flood ever known here, old residents say.

### FLOOD WATERS IN KANSAS ARE RECEDING

By Associated Press.  
KANSAS CITY, June 12.—Crest of the flood waters that have for four days covered southern Kansas, leaving a toll of four dead, many missing and a property damage aggregating several millions, has been passed. Thousands made homeless are being cared for in homes and public institutions. The railroad service demoralized by washouts is being gradually resumed.

The weather bureau observer at Fort Smith, Ark., reports the flood waters on the Arkansas have reached Tulsa, causing a three-foot rise at Tulsa.

**NEW WOMAN'S RECORD IN MARATHON DANCING**  
TUYAHOGA FALLS, N. Y., June 12.—Passing the 184-hour mark, Miss Ida Hartman, 21, made a new woman's record for marathon dancing today. Her goal is 200 hours, which she is due to attain at 4:30 o'clock tomorrow.

### MODERN SCIENCE TO DETERMINE MOTHER OF BABY WOMEN CLAIM

By United Press.

CHICAGO, June 12.—Modern science was called into play by Judge David, of superior court, who, following an example set by King Solomon, must determine which of two women is the mother of a child, little Leona Philippa. The judge called in physiognomists and medical experts and instructed them to examine the features and blood of the child and inform him which woman was the mother. Mrs. Julian Wasseny and Mrs. Nicholas Lenz each claims the child as her own and each claims the other merely had temporary charge for nursing the baby after birth.

### HARDING HAS NO OPTION EXCEPT ENFORCE LAW

By Associated Press.  
WASHINGTON, June 12.—There were indications today in official circles that President Harding might act as it affects the carrying of wine and whisky on foreign vessels into American waters.

The president is said to be of the belief that congress did not intend to confront the government with a situation affecting international relations that it is now called upon in requiring vessels to observe the rigorous ship ban on alcoholic drinks.

Harding sees no recourse open to him except to enforce the Volstead act to the letter as interpreted by the supreme court. No executive action that he might take to modify the ruling would be permanent, he is convinced.

### Credit Men of Country Meeting In Annual Convention

By Associated Press.  
ATLANTA, Ga., June 12.—The United States should enter the World Court of International Equity, former Senator Hoke Smith of Georgia told delegates gathered here today for the opening session of the 28th annual convention of the National Association of Credit Men.

Governor Parker of Louisiana declared too much discussion was being given to internationalism.

In a letter to the convention, President Harding amplified the important relationship of the credit men to national prosperity.

### DRILLERS SPUD IN FOR DEEP TEST WELL IN STRAWN TERRITORY

By Associated Press.  
STRAWN, June 12.—The Moore and Snehbold deep test well was spudded in on the Boles tract Saturday. It will be carried to 3,200 feet if pay is not picked up sooner. The test is located on the northeast quarter of section 72, Burleson county school lands of the Boles tract.

Fuel for the test is being supplied from one of the Texas and Pacific Coal and Oil company's gas wells on the Latham tract, south of the new test.

### STATE BANK OFFICERS CONFER ON GUARANTY PLAN

By Associated Press.  
FORT WORTH, June 12.—Officers of 350 state banks are here for a conference. The purpose of the conference is to devise ways and means which will further safeguard guaranty funds and to discuss new laws which have gone or will go into effect.

**EARLY MORNING FIRE DOES LITTLE DAMAGE**  
A broken glass door was the principal damage in an early morning blaze today at the Bernardo hotel. The fire was quickly extinguished. It started from a cause unknown in a trash can. The fire department answered the alarm at 3:50 o'clock.

### MISSING MAN DENIES HAVING BEEN DROWNED

Walks in on Family After 14-Year Absence and Long Mourned as Dead.

By United Press.

ARDMORE, Okla., June 12.—After missing from home for 14 years and after being mourned as one of the victims of the wreck of the Titanic, Walter Poole is visiting his parents and introducing his two young children to them.

Poole walked in unannounced and none of the family, not even his parents knew him, all believing him dead. He brought with him his 9-year-old son and his 5-year-old daughter. Asked what he had been doing, he replied, "Oh, just knocking around."

Poole denied that he had been on the Titanic and could not understand how his name had been published as one of those who went down to a watery grave with that ship. However, he said that he had been about a good deal in various countries of the world, but is now living quietly in a neighboring state.

### President's Dry Conference Delayed For Several Weeks

By United Press.

WASHINGTON, June 12.—President Harding will be unable to hold the proposed conference of governors on prohibition enforcement until after his return from Alaska, it was announced today at the White House.

Two reasons are given for this delay, the first being the fact that many of the governors are tied up by sessions of the state legislatures, and the other is the president's inability to tell the governors how far the federal government would go in enforcement.

It is explained by administration spokesmen that the president is embarrassed because of the lack of a ruling from the department of justice on the use of the army and navy, if need be, to bring about 100 per cent enforcement.

### EL PASO CHILDREN ARE ENLISTED IN THE FIGHT AGAINST MOSQUITOES

By Associated Press.

EL PASO, June 12.—School children, both American and Spanish, have been enlisted in the war against mosquitoes here this summer. The city has printed in English and Spanish a plea to school children to help keep mosquitoes from breeding in El Paso county and to "swat" those now here.

The message to the children enumerates the following instructions: See that no pools of water are standing about your home; that the hydrant does not leak; that there is no water in the water meter box, and that the ice box is not allowed to drip where it will stand.

The children are requested to call at the city hall if they know where there is a mosquito breeding place or to pour oil on such places.

The city has appropriated sufficient money to carry on the mosquito work. Two years ago there were swarms of mosquitoes here, according to officials, last year there were few, and so far this season none have appeared, at least not enough to be troublesome.

**FILIBUSTER DEVELOPS ON MOTOR BUS MEASURE**  
AUSTIN, June 12.—Signs of a filibuster on the motor bus common carrier bill developed in the senate when Senator Murphy of Houston spoke at length on the measure, yielding only for a vote on bills.

A resolution urging the erection of a girls' dormitory at the University of Texas was adopted. Legislators are invited to a farmer-labor political conference at Dallas in a communication received by Lieutenant Governor Davidson.

**WAR DEPARTMENT APPROVES SALE OF HOWITZER WORKS**  
WASHINGTON, June 12.—Sale of the Erie Howitzer Works to the Odell Worsted company of Salamanca, N. Y. for \$380,000 today was approved by the war department.

**BIBLE THOUGHT**  
**GOD'S REQUIREMENTS:** What doth the Lord thy God require of thee, but to walk in all His ways and to love Him, and to serve the Lord thy God with all thy heart and with all thy soul?—Deuteronomy 10:12.

**PAYING MINIMUM CHARGE**

In a communication to the gas consumers of Ranger, W. L. Barrett, local manager of the Ranger Gas company, says: "You could buy the gas at the well for 10 cents a thousand, but you could not use it there. The investment for distribution lines and service would deprive you of the luxury of gas. You are not merely buying gas by the foot; you are getting the transportation, container and service. These all cost the company much more than the gas and the company must charge for them as well as the gas you take."

The charge for gas is much less in Ranger than are the rates in neighboring towns and cities. The cost of gas delivered into your stove is less than would be the cost of wood if it was growing at your door and the only expense would be cutting it for the stove.

The cost of gas is so low in Ranger that the company has been forced to make a minimum charge of \$2 per month. This really gives the small users of gas the service at less than cost, which is figured at \$3 a month, based on the original investment of \$300,000, upkeep, wear and tear, etc., at least \$2,000, and in addition the cost of gas to the company.

The industrial life of Ranger depends largely on its natural gas and it is essential that these, together with the schools and other large users should be able to obtain gas at the lowest possible rate. The Ranger Gas company has made and maintains a low rate in order that industry may not be hampered or other interests be burdened by an excessive rate. So a minimum charge is made, borne equally by all gas consumers, for the service, which is less than cost to the small users and too small to be burdensome to any, yet in the aggregate enables the company to continue in business and give all consumers good service.

Even those who require for their use each month an amount of gas that would cost less than the minimum at the company's rate per cubic foot know they are paying less than it costs the company to supply them with what they do use and much less than it would cost them for any other fuel, and they have the satisfaction of knowing they are getting the most for the least money. Few persons object to the cost of any article if they feel the charge is fair and in the same proportion others are paying, so in the service given the people of Ranger by the Ranger Gas company there should be the greatest satisfaction in paying the minimum charge even though the full amount of gas permitted by the minimum be not used, since every person using gas is paying less than would be the cost of any other fuel.

Allies have agreed that the United States may have to pay for the forces on the Rhine, predicated, of course, on our ability to get it out of Germany. Really generous of them.—Pittsburg Gazette-Times.

In Egypt there are 4,000 candidates for the 400 seats in the Egyptian parliament. Work must be as unpopular in Egypt as in the United States.—Houston Post.

**7 SIMPLE RULES THAT MIGHT SAVE 11,000 LIVES**

**14,600 Automobile Fatalities in 1922**

**75% due to Faulty Brakes**  
 (Preventable)

**Other Causes**

**MOTORISTS** of the United States, in operating the 14,622,161 cars in this country, can save fully 11,000 lives this year by obeying a few common-sense rules, according to a survey on the cause of automobile accidents just completed by automotive engineers.

Three-fourths of the 14,600 automobile fatalities in 1922 were blamed on faulty brakes. Every one of these accidents, it is said, was an unnecessary fatality.

The accidents due to faulty brakes, or faulty operation of brakes, according to J. W. Perry, general manager of the automotive department of the Johns-Manville company, can be avoided by following seven simple rules. Here they are:

1. Have your brakes tested and adjusted every 1,000 miles.
2. Maintain a clearance of one sixteenth of an inch between the brake lining and the drum.
3. Scrape the brake lining clear of oil, road grit and metal particles.
4. Keep the right and left brakes operating at equal pressure.
5. Test your brakes before starting your car, to make sure that both hand lever and foot lever have adequate clearance.
6. Never jam the brakes and thus make the tires slide.
7. Use the motor as a brake, in descending hills.

**POLICE HOLD TWO MEN FOR AN INVESTIGATION**

**They Are Arrested in Shack and Said to Have Carried Suspicious Tools.**

Two men, one known to the Fort Worth police as "Chase," were picked up in a shack at a point where the Wichita Falls, Ranger and Fort Worth railroad crosses the tracks of the Texas and Pacific railroad shortly before midnight with so-called burglar's tools, including a drill, in their possession. The men were brought to the police station and booked for investigation. They refused to give their names.

Fort Worth police were asked this morning whether the men were known to the Fort Worth department. Chief of Detectives Jackson told Assistant Chief L. E. Davenport they were.

**Tells of Experience**

"Chase" talked freely today of his prison experiences. He said he had served a sentence in the Colorado state prison for burglary, was flogged 50 lashes for assaulting a fellow prisoner and was brought back to Fort Worth by detectives from that city on his release from the Colorado prison to answer charges of safe cracking.

"Chase" said he and his pal came to Ranger yesterday and sought shelter in the shack last night when a Ranger man, accompanied by a woman, drove up in an automobile and demanded of them what they were doing in the shack. "Chase" said he thought he came under suspicion immediately for there is machinery in the shack. The Ranger man notified the police department. Assistant Chief Davenport went to the shack and finding them still there brought the men to the police station.

"I was on the street all through the afternoon and evening, and I said to him (pointing to his pal) this town is too well policed, we might as well get out of here," he said this morning.

**Ducks Out of Sight**

He said he saw Assistant Chief Davenport coming along and he ducked into a restaurant on Main street, and sat down on a stool. His pal walked around the corner.

"I didn't have a red sou, so I

called for a glass of water," he said. "When he (Davenport) got out of sight, me and my pal started down the tracks, and it started raining and we looked around for something to get under. We saw a shack and we didn't thing anyone or anything was in it, so we went in. Then a man came up in a machine and asked what we were doing."

He said he talked civil for he did not want to be picked up again. He said the police of a town east of Ranger put him and his pal in jail last week.

"Chase" bemoaned his ill luck in being picked up so often. "What's a fellow going to do?" he said. "I go around looking for a job and someone is there to tell on me. I'm getting tired of it."

**Hope of World Founded on Faith Says Dr. Vinson**

CLEVELAND, Ohio, June 12.—Dr. Robert E. Vinson, who on July 1 will retire from the presidency of the University of Texas to become the head of Western Reserve university here, made his first public appearance before the student body and faculty members of this institution Sunday. He delivered the baccalaureate sermon on the commencement exercises. He took his Bible text from Hebrews 11:1, 2, 40.

"These all died in faith not having received the promises but having seen them and greeted them from afar. . . . God having provided some better thing concerning us, that apart from us, they should not be made perfect."

He made it plain that all is not gained in this life that is hoped for. He illustrated this fact by the records of the men and women whom the Bible presents for contemplation.

"There are no cynics nor pessimists nor even sufferers from disappointment among them. This fact is presented in the strongest possible contrast. No other group of men has ever conceived for themselves and for the world higher ideals than they have. Nor has it often been given to man to fall so far short of the apparent or even actual attainment of that upon which their hopes were set. The record is outspoken, 'these all died not having received the promises.' To a man it is a record of failure."

Using this statement as a basis, Dr. Vinson pointed out that while these all died not having received the promises, they also all died in faith; that while to a man it is a record of failure, also to a man it is a record of faith. While their hopes were not attained their hopes were not abandoned. Dr. Vinson stated that the explanation of this lies embodied in that one word—faith.

**IT'S A GOOD PLAN TO WASH THE ELECTRIC LIGHT BULBS**

"Cut your light bills with soap suds," is really excellent advice. Although this applies in nearly every room in the house, it is especially true of the kitchen, where bulbs get a full share of grease and steam.

"Tests made recently show that there are four classes of dirt that often collect on electric light globes. They are dust and dry dirt, oily and greasy dirt, acid fumes, deposits and spots of paint, tar and varnish." Warm soap suds applied to these bulbs will effectively increase your electric illumination.

**FORMER BALL PLAYER NOW WORKING IN RANGER**

Joe Mills, who played baseball with a number of the players of last year's Ranger West Texas league team at Haskell in the summer of 1921, is in Ranger. He is working at the Ranger Cafe.

AUSTIN, June 12.—House passed finally the Stroder bill, in which the selling or giving away of poisonous alcoholic beverages is made a felony and providing for a maximum sentence of 9 years in prison was passed today. The vote was 84 to 9. The bill was amended to define what is poisonous.

**DOG HILL PARAGRAPHS**  
 By GEORGE BINGHAM

Slim Pickens reports that he suffered intensely yesterday while being shaved by Dock Hocks with Dock's credit razor.

Mrs. Frisby Hancock now has seven hens setting, and she keeps things so quiet around there Frisby has to go down behind the pig pen to sneeze.

Clab Hancock reports that while he was in Tickville at the tent show the other night he bought a ham sandwich, and at first he thought about having it analyzed to see if traces of ham could not be found.

**FOX AND CARTER TO HAVE HEARING ON COMPLAINT TODAY**

Wesley Fox and Jim Carter, alleged by the Ranger authorities to have aided and abetted two young girls to run away from their homes, were lodged in the Ranger jail this morning. County Attorney Barnes will be in Ranger this afternoon to investigate the case.

Officer Jim Ingram arrived here about 6 o'clock this morning from Gainesville with the two prisoners in George Harper's automobile. The latter went to North Texas and Oklahoma last week with the Ranger officer to search for the two missing girls, Winnie Lee Harper and Odessa Mae Akers, 14 years of age respectively.

Two girls, who were found in a Cisco hotel, Saturday night, by Cisco police on information furnished by Ranger officials, went to their homes near Cheaney, 10 miles south of Ranger, this morning in company with George Harper, father of Winnie. They will return sometime this afternoon to be questioned by the county attorney.

The wives of the two prisoners visited the men this morning, as did the mother of one of the men.

Fox gave his age as 27 and his occupation as laborer. Carter said he was 23 and worked as a laborer.

**WIDELY KNOWN RABBI OF PHILADELPHIA IS DEAD**

By Associated Press  
 ATLANTIC CITY, N. J., June 12. The Rev. Joseph Krauskopf of Philadelphia, one of the most widely known Jewish rabbis in the United States, died here today.

**Get Your Bible Today**

Now the big distribution starts, and every reader who presents three of the Bible Coupons as explained in the daily announcements, will come into immediate possession of the greatest of all great pieces of literature, **The Bible**—which is now being distributed by leading newspapers throughout the land. Choose either style, the large Red Letter volume illustrated herein, or the less elaborate Style B. Both styles complete, as to contents.

**What Four Great Writers Say of the Bible**  
 ITS WONDERFUL LITERARY AND MORAL VALUE

**Macanlay Says:** "If everything else in our language should perish, the Bible would alone suffice to show the whole extent of its beauty and power."  
**When Walter Scott Lay Dying,** he said to his son-in-law: "Lockhart, read me something from the Book." Lockhart asked, "What book?" Scott replied: "Why do you ask? There is but one Book—the Bible!"  
**Coleridge Says:** "Intense study of the Bible will keep any writer from being vulgar in point of style."  
**John Richard Green Says:** "As a mere literary monument the Bible remains the noblest language of the English tongue, while its perpetual use made it from the instant of its appearance, the standard of our language."

**RANGER DAILY TIMES**

## MANY PLACES ON THE OLYMPIC TEAM FILLED

BY HENRY L. FARRELL  
(United Press Sports Editor)  
NEW YORK, June 12.—With just about a year remaining in which the candidates for the 1924 American Olympic team must be judged and selected, form shown in the early college meets this spring indicates that many of the places on the team are already filled.

While much can be done during the fall and winter season to throw the star athletes off form, it is certain that all the college athletes who think they have a chance to go to Paris will work only to keep themselves in shape and to improve their form.

Among the sprinters it is almost certain that Charley Paddock, Alfred LeConey, "Boots" Lever, Fred Lovejoy, Bob McAllister and Irwin will be members of the team.

Woodring of Syracuse, Koppisch of Columbia, Saxby of California, and Taylor of Princeton are prominent candidates for the quarter mile.

Helffrich and Enock of Penn State, Campbell of Yale, Marsters and Connolly of Georgetown, are headliners for the half mile and several of them are likely milers, along with Higgins of Columbia, Kirby of Cornell, Booth of Johns Hopkins, McLane of Pennsylvania and Douglas of Yale.

Tootell of Bowdoin and Merchant of California, are sure among the hammer throwers and Neufeld of California, Hills and Thompson of Princeton, are almost cinched in the weight events.

Angier of Illinois, Storrs of Yale, and Neufeld of California, are leaders in the javelin, and Leroy Brown of Dartmouth, Poor of Kansas, and Needs of Pennsylvania, are as good as "in" among the high jumpers.

Great talent has been developed in the broad jump in the past three years. Gourdin, the world's record holder, is available, and he, no doubt, will be on the team along with Hubbard of Michigan, Comins of Yale and Rose of Pennsylvania.

Norris of California, and Owens of Pennsylvania, are leading candidates for the pole vault, and the discus throwers are almost sure to include Neufeld of California, Weatherdon of New York University, Platt of Denver and McMahon of Marquette.

Practically all of these collegians will be newcomers to Olympic competition and they will probably make the trip with many of the veterans who were in Antwerp in 1920.

## Hawaiian Ranch of 200,000 Acres Is Owned By Youth

HONOLULU, June 12.—The high cost of living is one thing that need not cause much worry for the next year to 10-year-old Richard Smart, who is now on his annual visit to his domain, the great Parker ranch of almost 200,000 acres on the island of Hawaii.

On the petition of his grandmother and guardian, Mrs. Elizabeth Knight, who was Mrs. John Parker before her second marriage, Judge John Desha of Honolulu has just increased the youngster's allowance from \$9,000 to \$16,500. This sum is divided as follows—general maintenance, education, upkeep of auto-governance and chauffeur, \$12,000; provision for annual gifts to employees of the Parker ranch, \$1,800; special fund for his annual vacation in Hawaii, \$2,500.

**Wealth Piles Up.**  
Few American boys attaining their majority will control the wealth that lies in store and is piling up for young Smart. He will be a multi-millionaire, with an annual income of more than \$200,000, and the ownership of the ranch, one of the largest and finest in the world, which is estimated to be worth between \$3,000,000 and \$5,000,000.

The ranch has played a prominent part in island history and was one of the few places in the territory which did not pay homage to "king sugar." In the early days of the huge estate, life was as wild and carefree as on any cattle ranch in the mainland West. The Hawaiian cowboys were considered of the finest in the world and took many trophies and prizes at mainland rodeos.

Most of Richard's time is spent upon the mainland, chiefly on the Pacific coast, but his annual visit to the ranch is marked by a huge celebration, rodeo and barbecue in which the countryside participates. It is at this time that his gifts to his employees are distributed.

## DANCING RECORD MADE IN RANGER BROKEN IN ST. LOUIS

By Associated Press  
ST. LOUIS, Mo., June 12.—Bernie Brand of Dallas, Texas, Sunday night established a continuous dancing record of 217 hours. Brand, who broke the previous world's record of 195 hours in the national marathon dancing contest here Sunday, shuffled for nine consecutive days, the sole survivor of twenty-four persons entered in the contest, which started June 1. Brand won \$5,000 in cash prizes for performing the feat.

## BARNEY GOOGLE—Sparky's Got a Busy Week Ahead.

## POLICE HEAD, UNARMED, CAPTURES GUNMAN

Commissioner Enright.

Police Commissioner Richard E. Enright of New York, qualified for one of his own bravery medals in his pursuit and capture of James Lambatta, gunman, who took refuge in a dark hallway and later on the roof of a tenement house, firing continuously. Enright was in his automobile, driven by his chauffeur, Detective Charles Eisle, when he heard a fusillade of shots and found one of his detectives in a pistol duel with Lambatta, wanted by the police. Without hesitation Enright followed the fugitive into a hallway, bullets splintering the wall all about him, and finally cornered him. Lambatta was found to be seriously wounded. Enright, it developed, was not armed.

## RETRIBUTIVE JUSTICE COMES QUICKLY TO MAN WHO SLASHES HIS WIFE

CHICAGO, Ill., June 12.—In what was termed by the police an unparalleled case of retributive justice, a husband who had attempted to kill his wife, was forcibly held Saturday night and unwillingly made to give his blood to save the life he had tried to take.

As the climax of a family quarrel, Theodore Marty drew a razor from his pocket and slashed the throat of his wife, Martha. She fell to the floor as her husband fled. The police, called by a son of the couple, rushed Mrs. Marty to a hospital, where it was announced that an immediate blood transfusion would be necessary to save her life.

As a call for volunteers was about to be sent out, two detectives who had captured Marty arrived with their prisoner. When advised of the situation, they forcibly carried the husband to the operating room and placed him beside his wife. Two quick incisions were made and the transfusion completed. Mrs. Marty will live the doctors said.

Instruction in golf is now given by radio, and this may explain the games put up by some players.—New York Herald.

## DIPHTHERIA DEATH RATE REDUCED BY MEDICAL SCIENCE, FIGURES SHOW

LONDON, June 12.—Cholera, plague, tufus, smallpox, tuberculosis and malaria have at last become controllable, says Sir George Newman, chief medical officer of the British government. The antitoxin treatment of diphtheria has reduced the death rate in that disease from 29.8 per cent in 1890 to 9.3 per cent in 1922, which means that 200 additional lives are saved in every 1,000 cases. In 1871 enteric fever claimed 374 lives in each million of the pop-

ulation; in 1922 it was 12 in each million.

"We are living in the golden age of medicine," says Sir George. "Unperceived it is rapidly changing the face of the world and the destinies of men. The extension of the frontiers of life is assisted by fresh air and sunlight in dwellings, sanitation of workshops, wholesome water and food supply, and the isolation of infectious persons. The result of this is seen in the fact that every child born today has an expectation of 12 years more life than had his grandfather.

June, the month of weddings, is here, with the hardware stores advertising revolvers.—Indianapolis News.

# Society

AND ACTIVITIES OF WOMEN

Mrs. Chas. G. Norton, Editor  
Telephone 224.

### WEDNESDAY EVENTS

Wednesday Bridge club meets at 10 o'clock with Mrs. H. J. Mendenhall.

Central Baptist Junior B. Y. P. U. meets at 5:30 o'clock at Tee Pee Annex.

Ad Libitum club meets at 3 o'clock with Mrs. D. L. Jameson.

### METHODIST W. H. M. S. CONTINUE WEEKLY MEETINGS

The weekly meetings of the Methodist Women's Home Missionary society will continue to be held as usual throughout the summer. An interesting session was held Monday afternoon when the study of India and the book called "Building with India," was commenced under the direction of Mrs. George L. Davenport. The ladies are planning the erection of a parsonage which will be undertaken at the earliest possible moment.

### MRS. MADDOCKS HOSTESS TO PRESBYTERIAN AUXILIARY

A delightful meeting of the Presbyterian Auxiliary was held Monday afternoon at the home of Mrs. C. E. Maddocks. Plans were made to continue the meetings once each month during the summer. The presence of Mrs. B. B. Liles, one of the organizers of the auxiliary, made the meeting doubly interesting. Plans were made for summer activities, the auxiliary being divided into two groups with Mrs. Lytton R. Taylor and Mrs. C. S. Bronstad as captains. Points of merit will be given for various achievements, and at the close of the allotted time the losing side will entertain the winning team.

### PRESBYTERIAN CHURCH TO HAVE PICNIC THURSDAY

The Presbyterian church members and Sunday school will have a picnic on Thursday at Leon lake. They are to meet at 4 o'clock at the church and go from there to the picnic grounds. Those having extra room in their car, or those having no means of conveyance are asked to communicate with Mrs. Lytton R. Taylor at phone 290.

### FIRST BAPTIST W. M. U. CONTINUES BIBLE STUDY

The continued study of the Bible at sessions of the First Baptist W. M. U. has brought them to the Gospels on which an interesting lesson was given Monday afternoon, attendance being large. This group of church women will continue to meet each Monday throughout the summer.

### LARSEN-BOZEMAN MARRIAGE CELEBRATED

A marriage of recent date which will interest many friends in Ranger is that of Miss Louise Larsen to Mr. H. E. Bozeman, formerly editor of the Ranger Daily Times and now connected with the Star-Telegram at Fort Worth. The marriage took place at the First Presbyterian church of that city in the presence of a few intimate friends. Mrs. Bozeman spent several months in Ranger in active work for the Red Cross, making many friends while here.

### MRS. WALKER ENTERTAINS FIRST BAPTIST SUNBEAMS

Thirty-seven little children of the Sunbeam Band of the First Baptist church were delightfully entertained Sunday afternoon at the home of Mrs. Nannie Walker on the Caddo road. A program of music and readings was given by the tiny tots, and cake and grape juice were served. It was remarked by one present that as the children were served at the dining table in groups of nine, not one would eat until thanks had been said, and not one child allowed a drop of grape juice to fall upon the snow white cloth. These home celebrations of the Sunbeams are always much enjoyed and the children take great pleasure in visiting at Mrs. Walker's, where a warm welcome always awaits them.

Mrs. Walker was assisted by Mrs. A. M. Pelphrey, director of the Sunbeam band.

### CENTRAL BAPTIST W. M. U. HAS MISSIONARY PROGRAM

An interesting program on mission study was given Monday afternoon by the Central Baptist W. M. U., with 25 in attendance.

Mrs. J. N. McFatter presided in the absence of the president, Mrs. White.

A Bible lesson on the Book of Judges will be given next week, under the leadership of Mrs. L. McNeil.

### ICE CREAM SOCIAL TO HAVE PROGRAM FEATURES

The ice cream social planned by the ladies of the Central Baptist church will be given out of doors between the Annex and the main Tee Pee building on Thursday evening, beginning at 8 o'clock. Lights will be strung and the ground brilliantly illuminated. A program full of interesting features is being planned and various kinds of ice cream and home made cake will be served. There will be no admission charge. The general public is cordially invited to attend.

### PERSONALS

Twin children, a boy and girl, were born to Mr. and Mrs. O. B. Cunningham of Eastland Hill on Friday last. The boy lived only twenty-four hours.

### ONCE NEWS-GIRL, NOW OFFICIAL

Mary R. Schwab

Almost unbelievable is the story of the rise to success of Mrs. Mary Ranty Schwab, of San Francisco. Once a tiny, ragged news-girl, helping a large family to eke out an uncertain existence, she has progressed to the position of assistant county attorney in the coast municipality. All during the years she labored—as a news-girl, sales-girl and stenographer—she studied, educating herself finally to the point at which she won admittance to the bar. Her success since then has occasioned admiring comment.

Mr. and Mrs. G. A. Gould, with their son Donald and daughters Doris and Caryl, arrived Monday night from Hanover, N. H., having made the trip in their car. They will be at home for the present with Mr. and Mrs. Chas. G. Norton, 436 Pine street.

Fred Hagaman, younger son of Mr. and Mrs. M. H. Hagaman, arrived home several days ago from Austin where he had been attending the State University.

Mr. and Mrs. O. L. Phillips and son James, and Mrs. Skillern left in their car on Sunday for Galveston where they will spend several weeks.

Dr. and Mrs. B. B. Liles of Coahoma, Texas, former residents of Ranger, spent yesterday and today in the city visiting friends. They will leave today on the Sunshine.

Mr. Sam Wasaff of the firm of Taylor and Wasaff, returned a few days ago from Lebanon, Tenn., where he has been taking a post graduate course in law at Columbia university.

Mrs. Howell, who has been a guest for the past week of Mrs. F. R. Fargus on Pine street, returned this morning to her home in Sweetwater.

Mr. E. M. Glazner and family returned Saturday from a three weeks' trip to Dallas, Fort Worth, Mineral Wells, Waco and other points where they visited relatives and friends.

**STATE GUARANTY SYSTEM FORT WORTH, June 12.**—John C. Adams of Winters, president of the State Bankers section of the Texas Bankers association, who is in Fort Worth to attend the conference of state bankers, feels that the state bankers whose banks are members of the guaranty fund system are overlooking an opportunity in not stressing the advantages of the system with the public. He favors an educational campaign of this character. "The average man in the street knows little or nothing about the guaranty system," McAdams said Monday. "He thinks the state government is behind the state bank and the national government behind the national. Few know that all non-interest bearing deposits in a state guaranty fund bank are protected by the guaranty fund and that this fund has paid out to depositors \$10,000,000 and has \$3,000,000 in the fund. The state bankers must let the public know what the fund is, what it has done and what it means to the depositor."

### Hall Caine, Noted Novelist, Got \$250 for His First Book

LONDON, June 12.—Hall Caine, who recently observed his seventieth birthday, took the opportunity to speak of things as they used to be. Referring to the relations between writers he said: "There comes a time when all writers get stuck in their work and want advice, and when I got stuck I would go and see him. Always he would help me without hesitation."

"The comradeship was a common feature of literary work in those days, not only here but abroad. Flaubert, George Sand and the younger Dumas, to mention only examples, would help one another in difficulties. Today, however, you never hear of that sort of helpfulness, and I think the loss is a great one."

For the manuscript of his first novel, Mr. Caine said, he received \$250 and was supposed to have done well. Literary values have increased enormously since. "When I first came to London," he declared, "the usual arrangement was for a publisher to pay \$200 out and out for a novel. In some cases writers like Wilkie Collins, Charles Reade or Walter Besant had some sort of actuarial valuation made of their potential financial worth, and sold themselves to the publishers. It was an arrangement which generally operated greatly to the advantage of the publishers."

pliances make her useless today in many a household. The substitution of improved electric equipment for inefficient green help has been one of the greatest blessings that recent years have brought to the homemaker.

### BELIEVES "ADS" BETTER THAN AMBASSADORS

Senator Edge

Advertising, in lieu of ambassadors, would make America and its ideals better understood abroad, according to United States Senator Walter Evans Edge, of New Jersey. He told that to members of the Associated Advertising Clubs of the world, in an annual session at Atlantic City, N. J. "Lord knows," he added, "we need a better understanding with our friends overseas."

### A joy to the woman who loves to cook

THE woman who enjoys cooking good things to eat is usually a friend of Mrs. Tucker's Shortening.

For Mrs. Tucker's pure vegetable shortening enables you always to have cakes and pastry as light and delicious as you could wish. Doughnuts fried in Mrs. Tucker's are never greasy. Meats and vegetables brown evenly, retaining all their delicate flavor.

As Mrs. Tucker's Shortening is made right here in the South, it comes to you always fresh. You will like its butter-like richness—and you will appreciate its economical cost.

Be sure to get the blue ball with Mrs. Tucker's picture on it.

**Mrs. Tucker's Shortening**

Made exclusively of choice Cotton Seed Oil. The South's own cooking fat.

**Nadine Face Powder**  
And A Rose-Petal Complexion

You can have that lovely complexion of rose-petal texture, tint and smoothness so much admired if you use Nadine Face Powder, now in the new blue box. Its velvety softness and delicate tint can only be equalled by the rose petal and its charming fragrance by the flower garden.

Nadine Face Powder adheres throughout the day without repeated applications.

Nadine will please you. If not we will refund your money.

Price 50c. at toilet counters. Miniature sample box 4c. by mail.

National Toilet Company, Paris, Tennessee.

### START LIBRARY FOR CHILDREN

The Bible is, or should be, the cornerstone of every library. All boys and girls should be given an early chance to know the Bible. Reading the Bible is the surest and best foundation for a liberal education. In the estimation of great scholars and teachers the Bible stands in literary merit.

No matter what religion may be yours, or in what faith you were reared, your child raised, you do want to grow in whatever knowledge is considered essential for general culture.

Put the Bible in your child's hands for the story feature. In reading these stories they will unconsciously absorb the Bible and their taste for other good literature will naturally follow. Teaching the child to like the right kind of reading matter is one of the educator's hardest tasks, if their home training has been indifferent.

Start them right at home, and start them now. It only takes a few days before you can own one of the most beautiful Bibles printed. The coupon in another part of today's paper will tell you how easy it is to acquire it, but it may not be so easy later on as the offer is limited as to time, and because of the limited number of copies which the publisher considered our proportion for local distribution.

### ELECTRICITY PROVING BOON TO HOUSEWIVES

The servant maid will indeed have to look to her laurels, as a recent census shows that American homes are now efficiently operated with 29 per cent less help than formerly. Electrical service and electrical appliances

**End the pain of COITZ quick safety!**

This way—our soft Zino-pads will remove the corns, calluses, and blisters. They are made of soft, non-irritating material. Thus you avoid infection from cutting your corns or calluses with acids. They are waterproof. Sizes for corns, calluses, blisters. Get a box today from your druggist or shoe dealer.

**Zino-pads.**

Put on the pain is gone!

### RANGER DAILY TIMES' Bible Distribution COUPON

Two distinct styles of this wonderful Book of Books have been adopted for this great newspaper Bible distribution. One is the far-famed Red Letter Bible (Christ's sayings printed in red for immediate identification), and the Plain Print Bible for those who can spare but a nominal sum.

### Only Three Coupons

Clip this coupon and two others and present or mail them to this paper with the sum set opposite either style, and come into possession of your Book of Books at once.

Style A—Red Letter Bible, overlapping limp black leather covers, red edges, round corners, gold lettering, large, clear print, three coupons and only \$1.98

Style B—Plain Print Bible, flush limp black seal grain textile leather covers, red edges, medium large type, strong and durable, three coupons and only 98c

Mail Orders: Send amount for Style A or Style B, with three of these coupons, and include 15 cents additional for postage, packing and insurance.

A Chance for Every Reader to Get a New Bible

### Don't be Penny Wise and Pound Foolish

Don't think because you can get a big can of Baking Powder for little money that you are saving anything

### There's Only One Way to Save on Bake-Day USE

### CALUMET The Economy BAKING POWDER

—It costs only a fraction of a cent for each baking.

—Its sale is 2 1/2 times as much as that of any other brand.

—You use less because it contains more than the ordinary leavening strength.

Best by Test THE WORLD'S GREATEST BAKING POWDER

### SUMBERGED LAMPS TO LIGHT NIAGARA FALLS

The flood lights that play today upon Niagara Falls from the banks of the gorge will soon give way to submerged lamps which will illuminate the falls far more effectively than is now the case, experts declare. This method of lighting is traceable to the use of depth bombs in the World War. "White or colored electric lights in hermetically sealed glass globes set in the top of air-tight metal containers that will be shaped like bombs," according to report. A chain cable will anchor these lights

under the falls. Their buoyancy will keep the lights up so that the falling water will be illuminated at night from underneath.

### SHALLOW WELLS TO BE DRILLED NEAR MORAN

John Fehl and A. L. Agate of Eastland have leased 40 acres of land about one mile and a half northeast of Moran and expect to put down three or four shallow wells to the 500-foot sand, according to reports from Eastland.

Considerable activity in the Moran field is reported at present.

### Your Ice Pick Is Here

—That ICE PICK you have been wishing for all spring has finally arrived and it is a humdinger.

—It will be at our new "Drive-In" station on North Rusk, just north of the Ranger State Bank, Wednesday, June 13th.

—Come by and get it, take a piece of ice if you need it, but BY ALL MEANS COME GET THE PICK and meet another one of our "smiling salesmen."

—We are proud of our "Drive-In" station. It is just another step in the attainment of a perfect service, and we assure you of nice, evenly cut, scored ice, served you in a courteous manner.

—You will readily recognize it by the color scheme, which is the same as our wagons, and you will also note this emblem:

—You are safe in buying ice where you see it.
