SENTENCE SERMON.
It is certainly a very important lesson to learn how to enjoy ordinary life and be able to relish your being without the transport of some assion or gratification of some appetite.—Steele.

LEGISLATIVE CALLED SESSION IS POSSIBLE

'LISTEN TO ME,' PLEADS DOCTOR TO BOYS, GIRLS

Dr. Barker Points the Way to Success in Lecture at High School Today.

In an interesting, amusing and thoughtful manner, Dr. Charles E. Barker talked for one hour to a capacity audience of pupils at the Ranger High school auditorium this morning and drove home his points in a dramatic manner. He pleaded with his youthful hearers, held up a mirror to them of their school habits and at times carried on a direct conversation with some boy or girl in the audience.

Dr. Barker is energetic and his performance is one that on a moderately warm day would cause one to perspire freely. He has humor, logic and uses figure of speech frequently. His constant injunction was, "listen to me," before starting into a new phase of his talk.

He constantly plays for the attention of his auditors and once he is certain that he has it, he drives his lesson home. Dr. Barker in telling the boys and girls that he came here to tell them how to succeed used for the foundation of his lecture, a saying of the martyred president, James R. Garfield, that to be successful, one must have strong arms, a clear head and a brave heart.

Talk Worth Millions.
"Don't jump to conclusions that you think you know what they are," he said. "They are merely figures of speech." He then attacked the heart of his speech.

"That was worth millions of dollars to those boys and girls," said a successful Ranger merchant after he concluded, "that is, if they listened to it."

Early this morning a telegram was received from the Taylor school board and Superintendent R. H. Bristor of Taylor, Texas. It read: "Without fail have every school child over 14 years and all citizens hear Dr. Barker lecture." It was addressed to Supt. E. O. McNew of Ranger.

Dr. Barker was scheduled to speak at 3 p. m. today to women at the Liberty theatre. He speaks again tonight at 8 o'clock for men at the Liberty theatre. He is here under the auspices of Rotary International. While in the city he is in the hands of a reception committee of the Ranger Rotary club. It is announced that all of the lectures can be attended by both men and women afternoon and evening.

Reception Held.
Dr. Barker is of medium height and slight of build. He is friendly and impresses one that he is really glad to see one. Preceding his talk at the high school, an informal reception was held for him in the superintendent's office. There he met a number of Ranger men. He was mostly interested in baseball after meeting Jim Galloway, first sacker of the San Antonio club, and he had an animated conversation with the former big leaguer.

"I never struck out with a man on third base," Dr. Barker said, laughingly, in telling of his college baseball days.

Passing over to the last or third point he handled in his lecture, that of a strong heart, Dr. Barker told the boys and girls they were doomed to failure if they couldn't say "no" when temptation beckoned.

Familiarities as petting and caressing among the high school boys and girls, he said he knew went on "right among you boys and girls of Ranger high school." How easily a boy's life is wrecked and a girl's character is ruined for a life time by indulging in such familiarities should be reason enough for it not to be done, he said.

"Oh, I know when to stop," some will say," he asserted. "Yes you know my friends, but do you know when you do this petting and caressing, you forget all about the resolutions you made, your teachers, your mothers and fathers and your self-respect?"

Lose Admiration for Girls
"Girls will say that they are not popular if they won't let a boy pet them, they won't get invitations to dances, parties, and automobile rides. Girls, get this: There is not one boy in Ranger high school, who won't deny that the moment he can pet and caress you, he loses some of his admiration for you."

He said boys and girls fail when they go out in the world and can't say no. "They are afraid of being

Russian Government De Jure Is Given Recognition By Italy

MOSCOW, Feb. 8.—Italy has granted full diplomatic recognition to Russia. The Italian representative here this afternoon informed the foreign office that his government would grant full recognition to the present de jure government of Russia and was prepared to appoint an ambassador.

Serious Fire In Charlotte, N. C., Gets Start In Film Room

CHARLOTTE, N. C., Feb. 8.—A serious fire was raging at noon today in the heart of the business district of this city. The fire started in the film room of the Paramount Motion Picture exchange, where an explosion occurred that threatened the lives of employes. Two minutes after the explosion the building was a mass of flames and the fire was stretching across the street. Firemen are making every effort to stop the further spread of the flames.

STATE DEPOSITORY BOARD BUYS U. S. CERTIFICATES

AUSTIN, Feb. 8.—The state depository board has just one million dollars of United States indebtedness maturing in 1925 and will purchase \$3,000,000 additional of such short-term certificates within a short time for investment, it was stated here today. In consequence, the general revenue fund shows a deficiency of more than \$2,000,000.

laughed at, ridiculed. Girls want to do what other girls are doing, they say.

"If you play with mud you are not going to stay clean; don't think you can get away with it."

"I know what they say when a boy or girl, man or woman comes along and asks you to go to a place that isn't good for you. When you say no, they will say, 'oh, yes, you have religion; you are tied to your mother's apron string,' and if you haven't a strong heart you'll say yes. But don't say yes."

Memory of No Avail Alone
Earlier in his speech, he told of a way in which students who had trouble in getting their lessons could improve, after telling the smart ones they didn't need his lesson. "The rest of you who have trouble in getting your lessons sit up and take notice." There was a straightening up of youthful bodies all over the auditorium. "I know of boys who had good memories but they failed in life," he said after the stir quieted down. "They failed because they did not think."

The idea of education is graduating, getting a diploma and then feeling educated, is the way many of you boys and girls think. That's where you are wrong. Let me give you a definition of education as given by Huxley; it's the best one I know of: "The chief purpose of education is to train the mind and will to do the work you have to do when it has to be done whether you want to."

Mimics a Girl Student
He then gave a mimic of first a high school girl poring over her books only to throw the book down and exclaim, "Oh, what wonderful eyes he has," and who continued to let her mind rove indefinitely until she thought of her book again. He followed this up with a characterization of a boy at his books, a football player, who suddenly forgot the lesson and was dreaming of how he would score a touchdown and "beat Abilene."

"That's the way I used to study myself," he said when through. "Why did I go through these performances? I wanted to hold a mirror up in front of you of yourself. Do you know what is going to happen when you get your first job? You are going to fail because you can't keep your mind on the job."

LLOYD GEORGE DECLARES HE DIDN'T SAY IT

Emphatically Denies Any Secret Pact Between Wilson and Clemenceau.

LONDON, Feb. 8.—The alleged interview with David Lloyd George, former British premier, purporting to criticize the actions of Woodrow Wilson at Paris, has been repudiated by Mr. George and the incident is considered closed.

"I did not give the interview," Lloyd George said in a formal statement. Three nations, France, the United States and Great Britain, had been aroused by the allegation that Mr. George had accused Woodrow Wilson and former Premier Clemenceau of France of making a secret pact regarding French occupation of the Rhineland while the British statesman was absent in London.

Nothing Done Secretly
"I did not give the interview and was surprised when my attention was called to it by telephone messages from London newspapers," Lloyd George said.

He declared that ex-President Wilson had acted loyally in the question of the occupation of the Rhineland and that it was "ridiculous" to describe the agreement as a "secret pact."

The agreement in question "was ultimately incorporated in the peace treaty," Lloyd George said.

The ex-premier expressed regret that Premier MacDonald had not waited to hear his explanation of the situation, and again mocked the "secret pact" story by declaring:

Newspaper Man Takes Blame
"Ramsay MacDonald will probably find that most, if not all of these documents, have already been published by Andre Tardieu in France or by Ray Stannard Baker in America. Both of these gentlemen, between them, have published the secret documents of the Paris conference," he said.

Lloyd George's declaration included a verbatim statement from Harold Spender, who wrote the interview. Spender declared that Lloyd George did not authorize the interview, and said "if there is any carelessness, it is entirely mine. I take all blame." Lloyd George, who has been placed in a difficult position through the alleged interview, was emphatic in denying that he had expressed the views it contained.

McADOO WILL TESTIFY RELATIVE TO HIS PART IN OIL LEASE MATTER

WASHINGTON, Feb. 8.—William G. McAdoo will appear before the public lands committee of the senate investigating the oil lease scandal tomorrow, the committee decided today. When the committee met, Chairman Lenroot read a letter from McAdoo, in which he denies any connection with Doherty leases and asked to be permitted to appear before the committee immediately. On motion of Senator Adams, Democrat, Colorado, it was decided to hear McAdoo, tomorrow morning.

SANTA FE DENIES ANY INTENTION TO BUY ORIENT RAILWAY

TOPEKA, Kan., Feb. 8.—The Atchison, Topeka & Santa Fe railroad is not interested in the sale of the Kansas City, Mexico & Orient railroad, according to an announcement by officers of the former railway company here today. It was reported that the Santa Fe might buy the Orient line, which has been ordered sold by Federal Judge John C. Pollock to meet a debt to the government.

WOMAN FOUND DEAD, HER HUSBAND BEING SOUGHT

NASHVILLE, Tenn., Feb. 8.—The city of Nashville is being combed today for Charles Youngblood, whose wife was found dead on the side of the highway near this city last night. The body had been riddled with six bullets.

A warrant charging Youngblood with murder was sworn out by Lettie Brook last night.

Taxation Wrangle and Oil Scandle In the Public Eye

FIVE NEGROES SHOCKED INTO BEULAH LAND

They Are Ushered into Eternity by Way of Electric Chair at Huntsville.

HUNTSVILLE, Texas, Feb. 8.—Death held high carnival within the gaunt, gray walls of the state penitentiary here early today. Soon after midnight, five condemned negro murderers went to death in the electric chair as the state of Texas inaugurated its new rule of death by electrocution instead of by hanging.

Charles Reynolds, 27, of Red River county, opened the ory of death. Shortly after 12 o'clock he was led from his cell in a death robe and marched down the long steel corridor to the chamber from which he was not to return alive. As he caught sight of the death chair, he stopped short and stared at it in curiosity. Attendants pushed him on. Asked if he wished to speak, he said:

"I have broken the law. I am ready to die. I have religion and am not afraid to meet my maker."

Without a tremor, he turned and seated himself in the chair. Heavy straps were placed across his body and his clothing was slit to allow a point of contact for the wet sponges with his body. At a signal, Warden Miller, who accepted the office last Wednesday, pulled the big switch. The negro's body strained convulsively and he strained at the straps as 3,000 volts went through his body. In six minutes he was pronounced dead.

In quick succession three other blacks were marched down the corridor and into the death chamber and shocked into eternity. Some 40 persons, who were there to witness the executions, sickened at the odor of burning flesh, and a respite was taken before Melvin Johnson, the 19-year-old Liberty county youth, was killed. The people of Liberty county had tried desperately to obtain a pardon for the boy and for an hour Warden Miller held up the execution in the hope that a reprieve would be granted. A message was received from Acting Governor Davidson saying that he knew nothing about the case and could not interfere, and at 3:05 a. m. Johnson, too, was electrocuted.

The negroes held up well on the brink of death. Last night their heads were shaved as they were made ready to die. Each made a brief speech. All said they had "got religion" and were ready to die.

TWO YOUNG PEOPLE DROWNED WHEN CAR GOES INTO DEEP LAKE

OKLAHOMA CITY, Feb. 8.—Two persons were drowned and three others narrowly escaped the same fate when the car in which they were riding plunged off an embankment into the city lake near here last night. The bodies of Paul Powers, 16 and Miss Janie Beatty, 16, were recovered by firemen after the car had gone down in 40 feet of water. Three others in the party managed to make their escape from the closed car and swam 50 feet through the icy water to the shore.

EX-STUDENTS ASSOCIATION OF TEXAS IS CHARTERED

AUSTIN, Feb. 8.—The Ex-Students association of Texas, no capital stock, with headquarters in Austin, was chartered today. Its purposes are: to extend financial and other aid to students at the University of Texas, to encourage sentiments favorable to education, and to promote united efforts and good fellowship between former students at the university.

PANAMA AGAIN FACING THREAT OF CIVIL WAR

WASHINGTON, Feb. 8.—The American cruiser, Rochester, was again dispatched to Panama from Honduras today to protect American lives said to be menaced by civil war, which is believed imminent in that country, the state department announced today.

MAJOR PARTIES FINDING ISSUES TO CAPITALIZE

Difficult Questions Demand Leadership Before Conventions Meet in June.

By LAWRENCE MARTIN,
United Press Staff Correspondent.

WASHINGTON, Feb. 8.—As congress assembled, the politicians announced that this session, running as it will up to the 1924 national conventions, would prove a test of President Coolidge's political fortunes which might be conclusive.

What they had in mind was that congress would prove his ability to lead, to get things done, and to prevent, by one means or another, the doing of things inimical of his administration's policies.

His administration had a majority in name only in both house and senate—a majority the effectiveness of which was blasted at the very outset when the progressive blocs in both houses proved that in coalition with the Democrats, they could control the legislative situation.

It is now fairly apparent that the testing of Mr. Coolidge will occur upon two questions, and that upon no others will the record, as between the president and congress, have much importance in the campaign. These two questions are taxation and the naval oil reserve leasing scandal.

The question of relief for the farmers of the northwest might also be included, but that problem has been reduced to a relatively local one. Also the soldier bonus probably will be rated by some as likely to prove a severe test for the president. That seems doubtful, and, in any event, it is interlocked to a considerable degree with taxation, so that the effect of the two may be considered together.

As for congress, it has settled down into an investigating body and leaders already are beginning to formulate in their minds plans for adjournment in June, and legislative programs to be carried out in the interval.

Tax reduction, a bonus bill, some farm relief measures, another temporary immigration bill, a measure disposing of Muscle Shoals—these seem at this time to be the probable limit of congressional activity, over and above the regular appropriation bills. Adjournment by June 7 is already tentatively planned.

The Tax Program.
To return to Mr. Coolidge's "testing"—it is already under way. The president has mystified some of his political enemies by his steadfast repitition that he will accept no compromise on the Mellon tax reduction plan.

It is hard for a good many observers to understand why the president is so emphatic about this, and appears to go out of his way to emphasize it. In congress there is no longer an attempt to disguise the fact or to evade the certainty that there must be a radical change in the Mellon program if any tax reduction is to be accomplished.

The central brace of the Mellon plan, upon which the rest of the structure is hung, will never be accepted either by the Democrats or the progressives, unless they are all bluffing outrageously now. This is the provision cutting to 25 per cent the maximum surtax on big incomes. The maximum now is 50 per cent.

Mr. Coolidge has said definitely he would not accept any material deviation from Mellon's figure. Therefore, if both he and the congressional groups maintain their position, there will be no tax legislation, and the president and his party will be charged with responsibility for this failure. They will be charged with letting a desire to benefit men of great wealth stand in the way of tax reduction for the masses.

Their reply to such a charge has already been made vigorously, it being that the Mellon surtax reduction is not in the interest of the rich, but means more revenue for the government and more capital for business and industry. However, the opposition argument could be counted on to appeal more strongly to the millions who saw themselves cheated by some means of tax reduction.

There is therefore every reason to

Nine Swept Down Raging River, But All Make Escape

QUEBEC, Feb. 8.—The breaking of a natural ice bridge and sweeping down the raging St. Lawrence river of nine persons proved today to have resulted in no casualties. All those who were trapped when the ice gave way with a terrific roar managed to scramble ashore on the opposite side of the river, but failed to report their safety to the authorities and searching parties were out through the night looking for them.

WALSH MAKES BITTER ATTACK ON EDWIN DENBY

Insists Secretary of Navy Has Failed People and Should Resign Office.

WASHINGTON, Feb. 8.—Secretary of the Navy Edwin Denby should be driven out of office with all the odium that can possibly attach to his going," Senator Walsh told the senate today.

Walsh's attack on Denby followed testimony before the senate committee investigating the naval oil reserve lease by Fred G. Bonifis, publisher of the Denver Post, which revealed that Harry Sinclair and Leo Stack, a Denver politician, had a contract with Harry Sinclair under the terms of which Sinclair already had paid \$250,000 and must pay \$1,000,000 more if he wants to drill certain acreage in the Teapot Dome, and that apparently there was an agreement between Sinclair and Doherty by which one was to take the Teapot Dome territory and the other the California naval oil reserve.

Walsh's attack on Denby was one of the bitterest yet heard since the senate began consideration of the Robinson resolution demanding that Denby be called on to resign. "I want to see him driven from office as a warning to those who might otherwise fall the public as he has," Walsh declared. Walsh also attacked Chairman Lenroot of the senate investigating committee for attempting to draw McAdoo into the controversy.

PRINCE OF WALES SUFFERS FROM BROKEN COLLAR BONE

LONDON, Feb. 8.—The Prince of Wales suffered a broken collar bone when he fell from his horse in the Billington steeple chase today.

believe that Mr. Coolidge and congress will get together on tax reduction before the Republican national convention meets June 10.

Teapot Dome Scandal.
The Teapot Dome scandal has already been recognized by Mr. Coolidge as a part of his test, and he has moved to clear the skirts of his administration from its taint. How far he will go depends on what the various investigations under way disclose in the way of actionable facts.

The president can be expected to do what these facts seem to him to warrant, and not what popular clamor or demands. While at this time everything points to government action to annul the Teapot Dome and California leases, Mr. Coolidge's eminent counsel may report to him that there is no legal ground for annulment and then Mr. Coolidge will have to decide whether he wants to go to the length of saying that, even if there are no legal flaws in the leases, they are so manifestly against public policy that they will be annulled anyway.

The situation that now confronts the president is one calculated to show whether, under stress, he is a man who sways to political or popular pressure, or a man who cannot be swayed from what he has decided is the right course, no matter how wrong that course may appear to others.

SUPREME COURT DECISION WILL RESOLVE NEED

Much Depends on Opinion Regarding Motor Vehicle License Tax.

The issue of validity of the motor vehicle license act of the last legislature, was put up to the supreme court today in 13 questions certified by the court of civil appeals at Waco in the case wherein the district court in Hamilton county granted an injunction restraining the tax collector of that county from making remittances of motor fees to the highway department. Submission of the case is expected to be set down for an early date.

The opinion was expressed today in the attorney general's department that the questions certified appear to raise every possible issue that can be urged against the new highway act. The supreme court is to determine, definitely and finally, the constitutionality or the invalidity of the law.

In the event the law is held by the supreme court to be invalid, a special session of the legislature is regarded as inevitable to cure defects in the law. Every effort will be made to obtain a decision from the supreme court as soon as possible.

Girl Is Seriously Hurt When Auto Is Wrecked on Highway

Suffering serious head injuries as the result of the auto in which she was riding with an escort overturning on the old Eastland road last night, Miss May Smith was reported to be still in an unconscious condition late this morning at the Clinical hospital. Miss Smith is said to live in the Pleasant Grove neighborhood.

Dr. T. L. Lauderdale said the full extent of her injuries had not been determined, but that her condition was serious. Her young escort, said to be named Harvey, living on the States Oil corporation lease, was reported to have been uninjured.

The first person to reach the scene of the accident, about four miles west of Ranger, and near the entrance to the Boyd lease, was Everett Lennig. He brought the young couple to Ranger immediately. The girl is about 17 years old.

The auto, a Ford roadster, was lying in the ditch when other motorists drew up beside the wrecked car. It is not known how the car went into the ditch. The driver, might have been blinded by the lights of an oncoming auto and got too far off the road, it was thought. It happened about 10 o'clock.

Pioneer Citizen of Eastland Is Dead

J. E. (Uncle Ed) Knight, an honored pioneer citizen of Texas and Eastland county, died last night at midnight at the home of his son, Clarence D. Knight, on South Seaman street, Eastland. Funeral services are to be held this afternoon at 3:30 at the Church of Christ, followed by interment in the Eastland cemetery at 4 p. m.

Mr. Knight was 78 years, 10 months and 26 days old. He was born in the state of New York and came to Texas with his parents when 6 years old and has lived in the state continuously ever since. He married Miss Mary McAdams in Bexar county in 1877. She died five years ago.

Mr. Knight, when a young man, was a stockman in the sections of the country about San Antonio and Lampasas. As a cowboy he drove cattle over western, south and southwestern Texas and is known by most of the pioneer cattlemen of Texas. He came to Eastland county in 1897 and moved to the town of Eastland in 1899.

He is survived by three sons, G. D. Knight of Eastland; George Knight of Takoha and Ed Knight of San Antonio.

AVALANCHE FALLS ON TOWN.
BERLIN, Feb. 8.—Eighteen persons were buried and killed in an avalanche which swept down on the village of Rello. Many houses are reported to have been destroyed.

BIBLE THOUGHT.

THE HIGH CALLING.—Be ye therefore perfect even as your Father which is in heaven is perfect.—Matthew 5: 48.

TEAPOT DOME SCANDAL.

The Roosevelt boys, Theodore Jr., and Archie, voluntarily appeared before the Teapot Dome investigating committee and submitted testimony that has resulted in a subpoena for the former secretary of the interior, ex-Senator Albert Fall. Archie Roosevelt has resigned as an official of the Sinclair Oil company, because of his suspicions.

This exposure, with others that may soon follow, will no doubt pave the way for the adoption of Senator Caraway's resolution to cancel that and other oil contracts and make somebody settle.

Incidents of this character were more or less frequent during the war, and some people seem to have acquired the habit. But the war is over, and the sooner we get back to safe and sane policies and politics in public business, the better it will be for all concerned.

MARCH OF DEMOCRACY.

Two of the largest and most important nations in Europe are undergoing unusual governmental experiences and the balance of the world is looking on with deep interest. In England a workingman, a socialist, has become premier. Ramsay MacDonald has more than once made it clear that he and his colleagues are not entering upon some mere experimental adventure in politics. He scorns even the imputation that he is seeking to array labor, as a class, against the mass of British citizenship. He is laying a broad and deep foundation upon which he hopes to build a substantial superstructure representing the old and tried British policies.

In Russia Lenin is dead and Trotsky, the wonderful organizer of the "singing army," has been voted out. While the new Russian leaders are communists, they are more favorably inclined to capitalistic assistance in the development of their great natural resources.

Marvelous changes characterize the political map of Europe during the past decade—Japan, China, India, Egypt, Turkey, Germany, Russia and England all making way for the steadily advancing democracy.

FROGS, LIKE SNAKES, DO NOT LIVE IN IRELAND

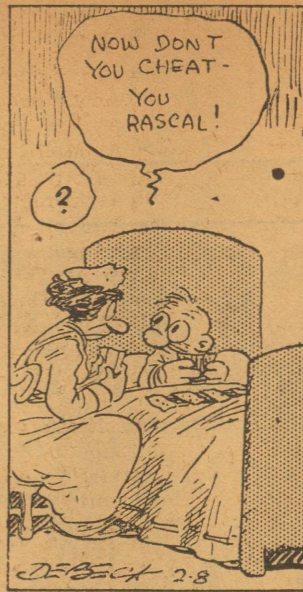

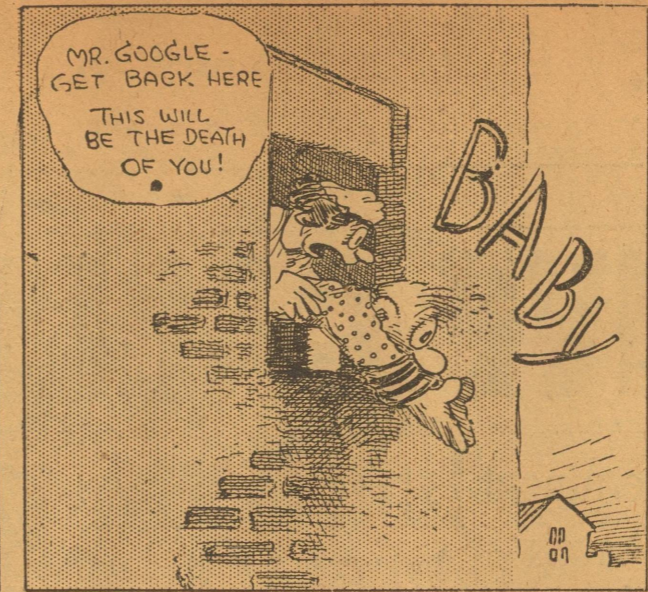

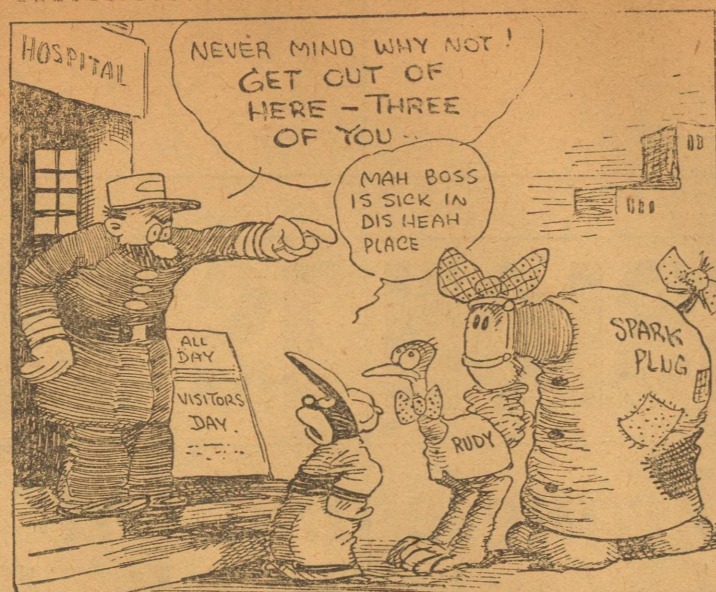

KINSTON, N. C., Feb. 8.—James G. Mehegan, whose ancestral home is the home town of Sir Walter Raleigh in Ireland, has satisfied himself there are no snakes in that country. Mehegan has ascertained that a few frogs of one small species inhabit the bogs in places, but large "jumpers" and serpents are unknown.

According to Mehegan, two North Carolina black snakes and two bull frogs were sent to Ireland to test the tradition that such reptiles could not exist on the island. The snakes died on the way over. The bull frogs arrived safely.

Exhibited in a box, they were viewed by hundreds of curious people. When they were placed on the ground in a park, according to the information to Mehegan, they died in short order.

ONE OF THE MOST recent applications of electricity to agriculture is the device which will brand various kinds of fruits and nuts with the grower's trade mark. It operates on current obtained from an ordinary electric lamp socket and is set next to the grading belt in the packing shed. The product to be marked rolls from the belt on to a miniature escalator which carries it over electrically heated dies. These are kept at such a temperature that they will melt the natural wax in the peel or rind of the fruit and when thus prepared, other dies imprint the desired trade mark. The electrical fruit brander is now being used on oranges, grapefruit, lemons, cantaloupes, water melons, apples and peaches to prevent substitution of inferior products for advertised brands.

BRITISH LABOR PLANS TO BUILD MANY HOUSES

With Government Aid Would Provide Homes for Half Million Within Year.

By CHAS. P. HALLMAN (United Press Staff Correspondent) LONDON, Feb. 8.—The new labor government of England has for one of its leading plans the building of houses to shelter half a million people. It is planned to build these in a year.

Whether the plan will go through will depend largely on the life of the labor government and the degree of co-operation it can command from the liberals and conservatives. No one can guarantee the question of the life of the MacDonald government.

As far as co-operation is concerned, however, the labor leaders claim that they have been promised the help of the liberals, while they say they will gain some Tory help—it won't be much, but Lady Astor and the Dutchess of Atholl are said to have promised their personal aid to the plan and will draw some personal support to the plan from party friends.

Here's the Program. The housing program will probably be changed from time to time, but, roughly, at the start it is about as follows:

- 1. Gently persuade the various "building material rings" to reduce their prices.
2. If obdurate, then, in Ramsay MacDonald's own language, "break them."
3. Encourage municipalities to go ahead with building, letting contracts directly under government guarantees.
4. Where municipalities or local authorities feel it to be necessary,

give them power to purchase bricks-yards and make their own materials.

5. Contractors who are willing to work, in co-operation with the government, showing their books and their costs, and accepting a reasonable profit, to be preferred over those contractors who decline to do so.

At present the building unions in Great Britain have 13 per cent of their members totally unemployed. As soon as the building program takes up these idle workers, the unions have agreed to take in and train in the building trades enough ex-soldiers to guarantee against lack of workers to carry out the program.

To insure governmental funds to aid this program, the labor cabinet has decided to scrap altogether or greatly reduce the costs of a number of projects which labor regards as of militaristic tendency. Included is the proposed naval station at Singapore or Cape Town and two or three other plans whose aggregate cost would be many millions of pounds.

Try our meats. We buy only the best meats for our market. We guarantee satisfaction at all times. Haag Grocery & Market, phone 435, Eastland.—Advertisement.

MEDICAL MEN WILL MEET IN RANGER TUESDAY

Eastland County Society and Its Auxiliary to Hold Sessions in Gholson Hotel.

Members of the Eastland County Medical society are to meet in Ranger next Tuesday afternoon at 2 o'clock. The sessions will be held in the Gholson hotel auditorium and a fine program has been arranged.

Wives and daughters of the members, forming the Auxiliary society,

will meet in the Gholson hotel on the mezzanine floor, at 3 o'clock. In addition to a business session, they have arranged an attractive musical program. The auxiliary members will also attend the opening session of the medical society and hear the addresses of welcome and response.

Members of the Ranger auxiliary will serve luncheon at 5 o'clock in the Gholson to the visiting members and their wives. They have also arranged a program for this event. Dr. R. C. Ferguson of Eastland, president of the medical society, will preside. Dr. J. W. Gregory of Cisco, secretary of the society, has been rounding up all physicians in the county and expects a large attendance at the meeting. The program to be carried out follows:

Invocation, Rev. A. W. Hall, pastor First Methodist church, Ranger. Address of Welcome, Edward R. Maher, Ford agency, Ranger. Response to address of welcome. T. G. Jackson, Carbon.

Paper, B. J. McGinis, D. D. S., Ranger, subject, "Oral Infection." Discussion opened by Drs. H. N. Harkrider, Ranger, and H. M. Barker, Olden.

Paper, W. O. Ott, M. D., Fort Worth, subject, "Diagnosis and the Treatment of Surgical Diseases of the Nervous System." Discussion opened by Drs. Jno. Stackable, Ranger, and C. H. Carter, Eastland.

Paper, L. C. G. Buchanan, Ranger, subject, "A Plea in Defense of the Old Doctor." Discussion opened by Dr. Joseph W. Gregory, Cisco.

Paper, James A. Shackelford, M. D., Ranger, subject, "Neisseria Infection in the Female." Discussion opened by Drs. E. C. Blackwell, Gorman and T. E. Payne, Eastland.

Paper, W. C. Palmer, M. D., Ranger, subject, "Osteomyelitis." Discussion opened by Dr. K. J. Scott, Cisco, and members and visitors present.

PIMPLES CAUSE IT

Whenever you go out to places of amusement, you can't help but pity the many folks you see trying to have a good time, but are so shrinking and backward about coming near others where they can see their pimply, blotchy and eczemic skin that you can see they are only torturing their minds instead of throwing all cares to the four winds and enjoying themselves.

You almost feel like going up to them and telling them that they ought to begin using the wonderful Black and White Ointment, which so many thousands of happy people are depending on to keep their skin clean, smooth and good to look at.

Black and White Ointment is selling at the phenomenal rate of nearly two million packages a year, and the fact that it is so economically priced is largely responsible for this record. The 50c size contains three times as much as the 25c size. All dealers have it.—Advertisement.

AUTOMOBILE SALES ARE INCREASED BY PROHIBITION

E. M. Miller, statistician of the National Bank of Commerce of New York city, and accepted authority, declares that prohibition has had an appreciable effect on automobile sales. The following is his testimony:

Expenditures on drink never constituted a proportion of the total income of the wealthy sufficient to exert any marked effect on their outlays in other directions, but among workmen the situation was far otherwise. Whether the many estimates of what the annual drink bill was prior to prohibition were or were not accurate, the figures of the United States census of manufacturers of 1914, the last before the national prohibition legislation became effective, are not open to argument, and they show that the factory value of

alcoholic malt and vinous liquors produced in the United States in that year was \$666,000,000. The actual cost to the consumer was of course greatly in excess of this. The mere application of the money formerly spent on drink to the purchase and upkeep of automobiles would account for a large share of the annual national expenditure on them.

MARKET OPINION ISSUED TO JESS TAYLOR & CO.

NEW ORLEANS, Feb. 8.—H. & B. Beer wired Jess Taylor & Co. of Cisco, brokers, as follows:

"The market displayed an easier tendency this morning as a result of easier cables than due, favorable weather inland, fear of a British dock strike next week, and reports of a plague in India.

Liverpool cabled, "Market heavy. No buying power." Bombay, India, cabled "Tight money and plague in consuming centers restricting business."

There was no rain in the cotton region and there were no decided indications for a change for the immediate future.

As result of the better weather in the interior, advices from inland points are to effect that plowing in preparation for the next crop is making progress, especially in Texas

"Now, Mother, Bring on that Decker's IOWANA Ham"

Famous for nearly 200 years, the knack of "making them right" has been handed down from father to son in the Decker family for generations. Then, too, they come right from the state most famous for corn and prize pork. No wonder they're choiced! Dealers who have the best, sell them. "The Taste Is So Good."

FOR YOUR DINNER

Good Groceries!

They Help You Make Every Meal Different

You may give to breakfast, to luncheon and to dinner, day after day, distinct and pleasing touches of individuality by freely using

Sealdsweet Florida Grapefruit

In their natural form, may be served in many appetizing ways. The ideal base for salads, combining nicely with other materials. In cookery and confections, and for decorations, they are equally useful.

Ask your fruit dealer for Sealdsweet oranges and grapefruit, and insist on having them in the sanitary tissue-paper wrappers in which they are shipped.

For gift copy of book "Home Uses for Juices of Sealdsweet Oranges and Grapefruit" write Florida Citrus Exchange, 815 Citrus Exchange Building, Tampa, Florida.

Sealdsweet Florida Grapefruit (IN CANS)

The inner meat of Sealdsweet grapefruit, separated from the outer membranes and rind before canning. Ready to serve—chill before using. Eat as you would fresh grapefruit. Add a bit of sugar or salt if you like. Ask your grocer for Sealdsweet whenever you are unable to secure fresh Sealdsweet grapefruit or prefer the goods in cans.

Sealdsweet Florida oranges are good inside—good all the way through.

SATURDAY EVENTS
Eastland County Council P. T. A., meeting at 3 o'clock in Eastland high school auditorium.

Public library opens 10 to 12 and 2 to 6 o'clock, Marston building.

RANGER RED CROSS ELECTS NEW OFFICERS

The first meeting for the year of the Ranger Red Cross was held in the Gholson hotel Thursday afternoon and officers elected for the year as follows:

Mrs. George Armer, chairman; J. M. Dodson, vice chairman; Lile Defenbaugh, secretary-treasurer; Mrs. Mrs. C. G. Norton, publicity; Mrs. C. H. Bohning, junior chairman and Miss Faye Nixon, chairman of school work. The officers will constitute the disaster and relief committee.

Mrs. R. H. Hodges read the report of the Red Cross work for the last year in Eastland county, which showed an extensive program well carried out in home and school service work, assistance to ex-soldiers or their widows, civilian co-operation and hospital work.

The activity of the Junior Red Cross societies, with their motto, "I serve," has been more than satisfactory. Through the spring books and talking machine records were sent to the Girls Training school at Gainesville. Good cheer leagues were organized during the summer and many shut-ins were visited and presented with flowers, as were local hospitals. The Juniors also remembered the Christmas holiday by sending gifts to the state orphans at Corsicana and the Welfare home in Fort Worth.

Hearty commendation was expressed for the manner in which Dr. Logsdon, retiring president, has handled the Red Cross work during the last year, and he was asked to accept a re-election to chairmanship, but declined for business reasons, though offering his assistance whenever needed.

Mrs. George Bohning was also warmly commended for her efficiency as chairman of the junior work.

These are only a few of the many things undertaken by the American Red Cross society in Eastland county during the past year under the efficient leadership of Mrs. Phillip Pettit of Cisco, county chairman.

NEW BOOK INTERESTS 1920 CLUB MEMBERS

As a supplement to the course of study in psychology which the 1920 club is using this year, the book, "Psychology and the Day's Work," by Edgar James Swift, has been adopted with a view to making the course more interesting. In the program for Thursday, conducted by Mrs. M. H. Hagaman, the topic was "The Influence of Religion." An interesting paper written by Mrs. J. M. White was read by Mrs. Hodges. "Ancient and Primitive Religions," was the topic ably discussed by Mrs. George Armer. "The Future of Religion," assigned to Mrs. Marston, was presented in an entertaining manner by Mrs. Hagaman, who also conducted the discussion which followed the program, using the new book by Swift. One chapter of this book will be taken up at each meeting in addition to the regular program.

During the business session, delegates to the district meeting elected were Mmes. George I. Davenport and G. H. Bohning. Delegates to the county meeting at Rising Star, Feb. 16, are Mmes. C. D. Woods, O. L. Phillips and G. H. Bohning. The resignation of Mrs. L. A. Vandervoort was accepted with regret. The committee on the new course of study, appointed by the president, includes Mmes. George L. Davenport, C. G. Norton and Hall Walker.

The president also asked for suggestions on the sale of tickets for the coming lecture by Lorado Taft.

COLUMBIA STUDY CLUB MEETING SATURDAY.

The Columbia Study club will meet on Saturday at 2:30 o'clock with Mrs. Gifford Clegg. All members please take notice.

MRS. MADDOCKS TO TALK AT MERRIMAN SCHOOL

There will be a short program at the Merriman school tonight at 8 o'clock following which a Parent-Teacher club will be organized by Mrs. C. E. Maddocks, president of the First district, Congress of Mothers and Parent-Teacher associations.

The program is as follows: Reading, "A Few Don'ts," Roby Nell Poe; song, "Learning Good English," six girls. Reading, "He'd See It Through," Earl Gray. Dialogue, "Our Heroes," Doyce Strong, Jessé Strong, Noah Byars and Lewis Brothers. Real Valentines," Valentine drill, by 20 girls. Reading, "A Boy's Poem on Washington," Jack Poe. "Our Hero, Washington," by 16 boys. Piano duet, Thelma Coop and Dovie Bell Pugh. Dialogue, "The Minister's Call," Earl Gray, Ruby Nell Poe and Elaine Lawrence.

Mrs. A. N. Larson and little daughter have returned from Waco where they visited Mrs. Larson's mother for two weeks.

NAVARRO OIL FIELD UNLAWFUL DIVES RAIDED

United Press.
CORNICANA, Feb. 8.—Eighty men and women were arrested and several truck loads of liquor were seized by Texas Rangers and peace officers in the heart of the Navarro oil field Thursday night. The rangers had been investigating for two weeks in Mildred and Britain. The raids climaxed their probe. charges of gambling and vagrancy have been lodged against 68 of the prisoners, including 17 women. Others charged with minor offenses paid fines and were released. Elaborate gaming devices and choco beed were captured in addition to the usual array of fine liquors.

IT'S A GREAT COUNTRY.

Walter W. Head, New York, president of the American Bankers' association, gives the following figures to show that America is great: 110,000,000 persons, occupying 3,700,000 square miles of territory and possessing wealth estimated at \$300,000,000,000. Bank deposits aggregating approximately \$40,000,000,000. Outstanding life insurance of more than \$70,000,000,000. 500,000,000 acres of improved farm lands valued at \$77,000,000,000. 24,000,000 milch cows, 40,000,

900 head of other cattle, 40,000,000 sheep and 60,000,000 swine. More than 3,000,000,000 bushels of corn and 1,000,000,000 bushels of wheat produced in a year. More than \$60,000,000,000 worth of manufactured products turned out in a year. More than 23,000,000,000 gallons of crude oil produced in a year. More than 250,000 miles of railroad. More than 250,000 miles of commercial telegraph lines. 800,000 miles of telephone lines. 20,000 daily and weekly newspapers to disseminate information and to bind our people by ties of common knowledge and for a common purpose.

FORMER BANK PRESIDENT PLACED UNDER ARREST

United Press.
BRISTOW, Okla., Feb. 8.—H. H. Barker, president of the First State bank, which was placed in the hands of the state banking department Jan. 10, was arrested today on a charge of grand larceny in connection with the bank's failure. Larceny of \$2,800 was charged in the warrant which was served on the bank president, who was taken to Sapulpa for arraignment.

FIRST EXECUTION BY LETHAL GAS APPEARS TO BE PAINLESS DEATH

United Press.
CARSON, Nev., Feb. 8.—G. John, a Chinese, died today by lethal gas, the first man to be legally executed by the sleeping death. John walked quietly to the death chamber with no sign of nervousness. He was bound hand and foot to a heavy metal cot. The door was closed and the gas turned on. Watchers at the windows to the leath house saw only a slight tremor of the body and then the man's head fell suddenly to one side and the doctors declared he was dead. Three minutes elapsed between the time when the gas was turned into the chamber and the time physicians made the preliminary announcement of his death. It is believed that death came even more quickly. Thirty persons watched the execution through the little windows.

GOVERNMENT PLANS TO RECHART PORTS OF ENTIRE GULF COAST

United Press.
CLOTH MANUFACTURERS are now testing their fabric dyes with a new electrical instrument called a fade-ometer. This apparatus uses an electric violet carbon arc, the spectrum of which at the violet end closely reproduces the solar spectrum and gives an intensity of light great enough so that fading tests may be rapidly completed. With the fade-ometer at least 40 samples may be tested at the same time.

EAT SKINNER'S
Superior EGG NOODLES

SIMPLE WAY TO TAKE OFF FAT

There can be nothing simpler than taking a convenient little tablet four times each day until your weight is reduced to normal. That's all—just purchase a box of Marmola Prescription Tablets from your druggist for one dollar, the same price the world over. Follow directions—no starvation dieting or tiresome exercising. Eat substantial food—be as lazy as you like and keep on getting slimmer. And the best part of Marmola Prescription Tablets is they are harmless. That is your absolute safeguard. Purchase them from your druggist, or send direct to Marmola Co., 4612 Woodward ave., Detroit, Mich.—Advertisement.

ROY WILSON IS MADE CAPTAIN OF FOOTBALL 11

150 Persons Attend Banquet at Gholson Hotel for Ranger Hi Team.

By HOWARD BARMAN.
"Heads," said James Zarafonotis. "I'll have to take tails," commented Roy Wilson.
Assistant Coach Dillard Marshall flipped the coin, a penny coined in 1856 and nearly big as a half dollar. It landed standing almost straight up against a cup. Another flip and it was tails and Roy Wilson, right end on the 1923 Ranger high school football team, was made captain. This was at the banquet given the football team last night at the Gholson hotel.

Flipping the coin was resorted to after four ballots failed to decisively select a captain. Four players were nominated, John Collins, Ford Shell, James Zarafonotis and Roy Wilson. The first two were eliminated after the first and second ballots. Zarafonotis and Wilson were tied on two consecutive ballots, each having eight votes.

150 Persons Present.
Selecting a captain was only one of the more than ordinarily interesting features of an elastic program unfolded by Toastmaster Dr. H. A. Logsdon between 8:30 and 11 o'clock. Dr. Logsdon's good natured rapier thrusts at the athletes, singing of several songs dedicated to the team and "R" association by Mrs. Paul Whitley, George Zarafonotis' exposition on the association—these and other unexpected features kept the 150 persons in attendance keyed up.

Presentation of the sweaters by Head Coach R. N. Sandlin was the last thing on the program, but to see the broad grins and beaming faces of the receivers was the piece de resistance of the evening. In this, Arnold Williams captured first honors, it was agreed.

The short talks by representatives of civic and fraternal organizations

ran the gamut of training for the team to loyal support by Ranger citizens. Leslie Hagaman for the Lions told of the cup for the best all-around athlete to be awarded. B. F. Bennett, secretary of the Chamber of Commerce, declared there was good material for a championship team this year. Gifford Clegg for the Rotary club said it was not the fault of the team that it did not have a bigger moral backing last year than it did. J. A. Shaw for the Carl Barnes post of the American Legion, promised the support of legionnaires for high school athletic teams.

Not All Speaking.
There were two readings by Miss Betty Dutton, popular choice of the students as the "hi's prettiest girl," and musical selections by Miss Virginia Brooks.

There was a plea for high standards of scholarship among those athletically inclined by E. O. McNew, superintendent of schools. "I hope," said McNew, "the time will come when it will be considered 'yellow' to be cowardly in the classrooms as it is on the athletic field."

Next to the awarding of sweaters the most interest was centered on the choice of a captain to lead the eleven this year. If there had been any campaigning, it was sub rosa by friends of the candidates. When the choice narrowed down to two players, Zarafonotis and Wilson, and the deadlock was seemingly impossible to break, Dr. Logsdon called for the quickest way of settling it.

Superintendent McNew, chosen to ask one of the two candidates whether he would have heads or tails, tactfully elected to have a pretty high school girl, Miss Evelyn West, do this. She declined to name who of the two was the handsomest at his request, and he called for Wilson

to pick his coin. Roy graciously declined, as was becoming the habit, and requested that James do it. James picked the unlucky side, for tails won.

Football Players Hate to Speak.
Getting a football player to "speak out" last night, Dr. Logsdon found to be a most difficult job. But Wilson consented to say a few words. "We had a pretty good team last year," he said. "We were tested out for we played some of the strongest teams in the district. I will do my best this year, and so will my teammates, I'm sure."

George Zarafonotis probably is convinced now that it doesn't pay to approach a toastmaster with a sample request that he be left off the program. George did this a few hours before the banquet started, according to his own admission, but he was given an assignment contrary to his own wishes. Dr. Logsdon assigned him to talk on the aims of

SHATTERED NERVES

Lady Says She Was In a Desperate Condition, But "Now In Splendid Health" After Taking Cardui.

Dale, Ind.—"About three years ago," says Mrs. Flora Roberts, of this place, "I had the 'flu', which left me in a desperate condition. I had a bad cough. I went down in weight to little over one hundred pounds. I took different medicines—did everything, but nothing seemed to do me any good. I hurt so badly in the chest at times I would have to go to the door to get my breath.

"I would have the headache and . . . was so weak I felt like I would just have to sink down and stay there. "My nerves were shattered. I looked for something awful to happen—I would tremble and shake at a noise. "My mother said, 'Do try Cardui', and my husband insisted till I began its use. I used two bottles of Cardui and noted a big improvement in my condition. I kept up the Cardui and weigh 180 pounds. I am now in splendid health—sure am a firm believer in Cardui, for I'm satisfied it did the work."

After a weakening illness a tonic is needed to help regain lost strength. Many thousands of women have found Cardui exactly what they needed for this purpose. It may be just what you need. Try it. All druggists.

WE SHOW THE NEW THINGS FIRST

J. M. WHITE & CO.

Ranger, Texas

Jobs are scarce for the Physically Run-Down

THE DOOR of opportunity flings wide its portals only to the man who is up and doing—who is filled with pep and punch—with rich, red blood tingling through his veins. Mountain size obstacles dwindle to ant hills and ambitions become accomplishments to these sort of men. Where is the employer who seeks the man who is physically run-down?—The man without stamina to withstand the knocks and gaff of the hurrying, scurrying world of business?

S. S. S. is the long established and time honored creator of red blood cells. You cannot expect to get very far up the ladder unless you are equipped with a body that is strong and vigorous. S. S. S. will start you on your way. Don't allow the "Door of Opportunity" to be closed to you because you have not the stamina to withstand the gaff—because your nerve power is lacking. Build up your system!

S. S. S. made of carefully selected and scientifically prepared and proportioned herbs and herbs makes you fit! Get back that old time punch! When opportunity knocks be ready to answer the call!

S. S. S. is sold at all leading drug stores. It is more economical to buy a large size bottle.

New Lamp Burns 94% Air

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, J. T. Johnson, 609 W. Lake st., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.—Advertisement.

ROY WILSON IS CAPTAIN OF FOOTBALL ELEVEN

(Continued from page five.)

the "R" association.

George told the banqueters that it is far from the minds of the boys in the association to disband now that the sweaters have been obtained. "Some persons think the association is going to break up, now that we have the sweaters," he said. "But we are going to keep right on going. The association is established to prevent jealousy and promote athletics generally. It is a rather select company." He said it induces boys to go out for athletics.

Spring Training Ahead.

He thanked the business and professional men of the Rotary and Lions club for their interest in making the banquet possible.

Assistant Coach Marshall said there would be spring training for the players to start in May. He also said the association hopes to start a clubroom for the boys.

Head Coach Sandlin reviewed the season and in presenting the sweaters gave a short sketch of his personal estimation of each individual's value to the team. When all had received their sweaters, they marched around the tables, while the students sang their war cry.

These athletes were given sweaters with three stripes, indicating three years of playing: Collins, Yonkers, James Zarafonitis, Rummage, Lonsdale. Two stripes for two years were earned by these: George Zarafonitis, Shell, Wilson, Dupree. These have played one year: Mills, Thomas, Gullahorn, Williams, Althausen. Sweaters to players who had not quite played in the necessary number of periods were received by Campbell and Jordan. The letters "2nd" were underneath the letter "R."

B. L. Russell of Baird Enters Race For State Senator

Judge B. L. Russell of Baird, representative in the Texas legislature for the Thirty-eighth legislature and in the called session of the Thirty-seventh legislature, is a candidate for the state senate from this senatorial district. Judge Russell was in Ranger Wednesday to announce his candidacy and was assured support by many of his friends here. He was a floral representative in the house, elected by the combined vote of Callahan and Eastland counties.

Judge Russell is a native of Mississippi, but came to Texas with his parents when a small boy and has been a citizen of Callahan county since 1890. He served two terms as county attorney and three terms as county judge. It was through his efforts largely that the course of the Bankhead highway was mapped out to extend through Ranger and Eastland county, he having personally met Colonel Roundtree and members of his party and escorted them over the route, pointing out its advantages over others. He supported the court of civil appeals for Eastland and aided materially in retaining the Ninety-first district court in Eastland county.

At one time Judge Russell lived in Eastland county, having attended the public schools in Cisco and afterwards studied law in the offices of former Lieutenant Governor Wheeler and Colonel DeBerry.

Judge Russell's platform follows: "I will oppose any legislation having for its object the creation of additional tax laws.

"I will vote for rigid economy in the administration of our state government to the end that state taxes may be reduced.

"I favor a liberal support of the

free public schools of the state, and such support as that the per capita apportionment will not be under fifteen dollars.

I favor good roads and believe in the policy of a connected system of state highways under the control of the state highway department.

"I believe in the strict enforcement of all laws and that the law should be administered under constituted authority in the court house."

GORE RETAINED AS COUNSEL FOR DOHENY

WASHINGTON, Feb. 8.—Former Senator T. B. Gore of Oklahoma will be one of E. L. Doheny's counsel in the suit to be brought by the government to cancel naval reserve oil leases held by Doheny, Gore said to-

day. As a former senator, Gore has the privilege of the senate floor, and has recently conferred many times with senators on the floor.

AUTHOR OF ELECTROCUTION LAW SEES EXECUTIONS

HUNTSVILLE, Tex., Feb. 8.—T. K. Irwin, author of the electrocution law, witnessed the electrocutions. "I think this is a more humane way of killing than hanging," he said. "However, I am opposed to the death penalty in any form. You may say there will be a bill introduced in the next legislature to abolish capital punishment. That is one reason I came down here to see what it all is."

COLE'S SERVICE STATION

CORNER ELM & BANKHEAD HIGHWAY

We know why they buy the best—Texaco Gasoline, That Good Gulf Gasoline, Peerless Tires, Dayton Throbbred Tires, built for lower air pressure. After all, it's miles they are after.

OMER COLE

Why do you eat Bran?

TO FIGHT CONSTIPATION—the most dangerous condition your system can become chained to—to get free from biliary-ness, dull headaches, nausea—etc., etc.!!!

Rid yourself of this dangerous condition—or start "slipping" and become a prey to any one of the most dreaded human ailments which have their beginning with constipation and toxic poisoning!

Fight constipation as you would fight fire! Fight it with bran—Kellogg's Bran—BECAUSE IT IS ALL BRAN! Don't temporize! Don't waste time and health by going half-way! You need ALL BRAN; you need the bulk, the "roughage" of ALL BRAN, because it sweeps, cleanses and purifies!

REALIZE THIS—foods with a part bran content can only relieve constipation in proportion to the amount of bran they contain! If they are 25 or 50 per cent bran—you may get 25 or 50 per cent relief!

REMEMBER THIS—Kellogg's Bran is ALL BRAN and is guaranteed to give you positive and permanent relief if you will eat two table-spoonfuls daily, or as much with each meal in chronic cases!

Don't delay; don't fuss with half-way measures! You have too much at stake! All grocers sell—

Kellogg's *Look for this signature W. H. Kellogg*

the original BRAN—ready to eat
