## FIVE MEN DIE IN PLANE CRASH

### HOME TOWN TALK

By Beddy

Informal conversations indicate at least a majority of the city commissioners, if not all of them, favor creating the Board of City Development, which is provided for under the city charter.

Whether they all would favor appropriating all of the money the charter allows is problematical. That sum would be under present valuations, about \$6,500 annually derived from a tax of ten cents per \$100, on approximately \$6,500,000 in tax valuations.

The board, according to the charter, would consist of fifteen members, serving without pay, and would report regularly to the city commission. The charter reads that this board shall "never merge its identity with any other organization."

This cuts off any chance of a B. C. D. in Big Spring becoming a part of or a subsidiary to the Chamber of Commerce. Its functions, therefore, would very naturally be those of a quasi-governmental nature.

It is a foregone conclusion, we suppose, that in the event of creation of the B. C. D. it would immediately be besieged by requests for allotments of money for support of numerous enterprises, many of them useful. But \$6,500 would go just so far and no further and the board would be confronted with a knotty problem. When allotments had been made somebody would be sore because his organization did not get anything or as much as he thought it should.

The writer happens to be a director of the Chamber of Commerce but, even so, it is his opinion the B. C. D., if formed, should be composed of fifteen men selected entirely without regard to their connection or lack of connection with the Chamber of Commerce, as officers or directors; furthermore, the 15 B. C. D. members ought to be picked so that when you got them together you'd have an accurately representative cross-section of the city's life and activities.

Retail interests, wholesale interests, agriculture, railroad labor organizations, union labor crafts, oil refining and producing, education, and other factors in the community make-up ought all to be represented.

There are several things that we need a lot that are going begging because there is no fund which may be properly expended for the purpose.

It is very gratifying to learn that the city commission has a broad, yet conservative attitude toward enlarging and improving the fire department, and developing parks and play grounds.

A town may very easily be a good one in which to keep the wolf from the door and yet not be a good one in which to live.

That is, the town with more smokestacks than its neighbor may draw more permanent residents and possess more wholehearted unanimity in the things designed to improve the welfare of all the people simply because the neighboring city has provided the things that make life worth while.

Parks and playgrounds are among these things; good schools, good churches, good libraries, too.

The city's park system has been founded with the new City Park. There are other admirable sites for parks or playgrounds or both. We ought to develop them just as rapidly as practicable.

### The Weather

West Texas: Partly cloudy to night and Friday; possibly showers in south portion.

JOINS HIGHER STAFF  
Vernon Dunn, formerly of the sales staff of the Ed S. Hughes Co. of Abilene, has joined the sales force of the local Ed S. Hughes Co. as salesman.

### BOBBY TIED FOR LOW IN OPEN MEET

#### Shoots One Under Par On First Round

INTERLACHEN CLUB, MINNEAPOLIS, July 10 (AP)—Bobby Jones, the defending champion, was tied for the lead in the first round of the United States Open Golf tournament today by the Brooklyn sharpshooter, Wilfred (Whifey) Cox. Each had the same score of 34-37-71, one under par, and a one stroke lead for the time being over the rest of the field.

INTERLACHEN CLUB, MINNEAPOLIS, Minn., July 10 (AP)—Under a broiling hot sun, Bobby Jones shot a 71, one under par, for the first round of the National Open golf championship and assumed the lead in defense of his crown. Bobby was out in 37 and back in 37.

The cards:  
Par Out . . . . . 443 534 445-36  
Jones Out . . . . . 443 434 444-34  
Par In . . . . . 455 344 434-36-72  
Jones In . . . . . 555 344 434-37-71

Jones, playing magnificently except for inability to get down more than two fairways putts, made par look ridiculously easy as he battled his way through a gallery of 5,000 spectators and in heat that sent the thermometer soaring over the 100 mark in the sun.

The champion, on the heels of Hirtion Smith, finished with a score that gave him a one stroke margin over the young professional ace. Smith's 72 put him in temporary second place with Harry Cooper of Chicago, and George Smith, another Chicago professional.

INTERLACHEN CLUB, MINNEAPOLIS, July 10 (AP)—Followed by a gallery of 5,000, sweltering in over 100 degrees of terrific heat, Bobby Jones today shot his first nine holes in 34, two under par, in starting his defense of the National Open golf championship.

#### SCORES

INTERLACHEN, MINNEAPOLIS, July 10 (AP)—Eighteen hole scores for players in the National Open today were:  
Jack Burke, Houston, Texas, 34-40-74.  
Chas. W. Hall, Birmingham, Ala., 42-51-93.  
Tom Creavy, New York, 46-35-81.  
John Golden, North Conn., 36-38-74.  
Bob Randall, Elyria, Ohio, 40-42-82.  
James Ramsey, West View, Pa., 43-44-87.  
Ray Feller, Rochester, N. Y., 41-41-82.  
George Christ, Rochester, N. Y., 38-37-75.  
Clarence Doser, Rochester, N. Y., 39-40-79.  
Walter J. Bemish, Geneseo, N. Y., 40-40-80.  
Billy Burke, New York, 38-39-76.  
Emerick Koosis, Milford, Mich., 38-39-77.  
Bill Mehlforn, Pensacola, Fla., 40-36-76.  
Tom Raklets, Cuyahogga Falls, Ohio, 36-41-77.  
Harry Cooper, Chicago, 36-36-72.  
Irwin Ottman, Louisville, 38-35-73.  
Wally Chamberlain, Chicago, 42-36-78.  
Willie MacFarlane, New York, 38-36-74.  
George M. Smith, Chicago, 36-36-72.  
Cyril J. H. Tolley, Great Britain, 42-38-80.  
Horton Smith, New York, 34-38-72.  
Jock Hutchison, Chicago, 42-42-84.  
Eddie Williams, Cleveland, 37-36-73.  
Bobby Jones, Atlanta, Ga., 34-37-71.  
Wilour Gilbert, Topeka, Kans., 40-39-79.  
Jack Forrester, New York, 37-36-73.  
Clarence Hackey, Atlantic City, N. J., 38-42-80.  
George von Elm, Detroit, 37-43-80.  
Joe Ford, Yonkers, N. Y., 40-42-82.  
Jack Thompson, Youngstown, (Continued on page five)

### Denounces Treaty

Earl Beatty, admiral of British fleet, denounced terms of the London naval treaty. He claimed that England was the only nation that made any reduction of sea strength.

### H. L. TALLEY SUCCEUMBS

#### Heart Attack Fatal To Drug Store Owner

Hiram Littleton Talley, 55, associated with his sons in the Crescent Drug Store, Crawford Hotel, died at 12:15 o'clock Thursday morning following a heart attack.

He died at his home, 511 East 35th street before medical attention could be obtained. A doctor and an Eberley ambulance rushed to his home, but arrived a few minutes after he had expired.

He is survived by his widow, Mrs. Ruth Talley, and two sons, Lewis Talley and Littleton Adams Talley, all of Big Spring.

One sister, Mrs. D. J. Taylor, Temple, and five brothers, W. E. Talley, Waco; Luther L. Talley, Iraan; Dr. L. R. Talley, J. B. Talley and W. R. Talley of Temple.

Funeral services had not been arranged this afternoon. They are pending arrival of his son, L. A. Talley, who was out of the city at the time of his father's death.

All of the near relatives are expected to be here for the funeral rites. Eberly Funeral Home has charge of the body.

### Rotary President At Abilene Meet

B. Reagan, president of the Big Spring Rotary club, returned Wednesday from Abilene, where he attended a conference of presidents, secretaries and other leaders of Rotary in this district. Fifty-one of the sixty-one clubs were represented.

Ray Nichols, Vernon publisher, is district governor. Mr. Reagan reported a highly profitable session.

### Cotton Marketing Leader of Texas Talks to Hoover

WASHINGTON, July 10 (AP)—Inclusion of all Texas cotton farmers in board activities was recommended today to President Hoover by M. H. Wolfe, of Dallas, general manager of the Farmers Marketing Association of America.

### STERLING IS TARGET OF CANDIDATES

#### Highway Financing Is Big Issue As Race Gets Tight

By The Associated Press  
Candidates for governor were keeping the political trails hot over Texas Thursday, denouncing each other and in particular Ross S. Sterling of Houston, chairman of the Highway Commission and his proposed \$350,000,000 state road bond issue.

Two Weeks  
Just two weeks remained in which they might expound their arguments before the deluge of oratory would be stopped by the solemn scratching of pencils in voting booths.

Some were calling names of their opponents and some were not. Lieut. Gov. Barry Miller was among the group refraining from mentioning his opponents. However, in a speech last night at San Angelo, he did go so far as to say he was not running for governor "on the last presidential election and didn't give two whoops for Tammany Halls."

"I want to do something for the people of Texas," he said, suggesting the unemployment problem as something in which a governor of Texas might take a hand.

Miller planned to speak at Springtown at 2:30 p. m. today.

Hot In Stanton  
San Antonio, and in particular, a hotel lobby there, yesterday contained for a time political saunas for political candidates in the persons of former Governor James E. Ferguson and Martin A. Ferguson, Senator Thomas B. Love and Earle B. Mayfield. The four mingled in the lobby a short time with their local supporters grouped around them.

Each spoke at mass meetings and over the radio during a one-day period.

Senator Love told his audience he would use the full force of the state to enforce the laws "in Bexar county or any other county." He reaffirmed his intention of bolting in the event Mrs. Ferguson was the democratic nominee this year. He was booked for one speech today at Denton, with one tonight at the College of Industrial Arts.

Mayfield centered his fire on the candidacy of Sterling, in a radio address, and a speech before a mass meeting last night. He said he saw "the sinister hand of Standard Oil and big finance behind the Sterling candidacy, as well as behind the prison relocation proposal and the proposed statewide bond issue. He planned to speak at Lockhart this afternoon and at Austin tonight.

Young Vs. Sterling  
Jim Young of Kaufman charged Sterling, in a speech last night at Beaumont, with using the power of his office as chairman of the state highway commission "to gain an im-

### INDUSTRIALISM MOVES SOUTH

(Editor's Note: This is the first of a series of articles based on a survey of "labor in the South," made by the Institute for Research in the Social Sciences of the University of Virginia.)

UNIVERSITY, Va., July 10 (AP)—Southward moves industrialism, until its teeming center draws downward toward the Dixie outposts of the Ohio and Potomac rivers.

This is the finding of the first sectional study completed by the Institute for Research in the Social Sciences at the University of Virginia. It is devoted to labor in the South, which it covers in all its connections.

Agriculture, still dominant below the Mason and Dixon line, has lost ground before the steady growth of manufacturing, the study revealed, but the most striking comparison was found with the country as a whole. During the 47 years from 1880 to 1927, the value of manufactured products for the entire nation increased 1,170 per cent, but that for the eleven distinctly Southern states grew over 2,300 per cent, more than twice as much.

LAMESA BANK DEPOSITS  
LAMESA, July 10.—Lamesa's bank deposits show a total of \$985,801.03, according to statements issued the first of July.

### GIRL ENDS FLIGHT TO AUSTRALIA

Amy Johnson, 23-year-old British girl, landed in Port Darwin, Australia, completing her long and perilous solo flight from London in 19 days. She was attempting to better the 15-day England-to-Australia record. Map shows her route.

### FORT WORTH GOOD WILL TOURISTS SEE BIG SPRING AND EAT FINE BARBECUE

Sixteen Fort Worth business men, on a seven-day tour of West Texas, spent Wednesday night in Big Spring and, while here, had their eyes opened wider than ever to the phenomenal growth and the encouraging future of the city.

From roadside seats they viewed the stage that is Big Spring, for they were carried to the highest point on the brink of scenic Mountain and their eyes and ears directed by remarks of C. T. Watson, manager of the Chamber of Commerce, they learned about Big Spring.

"We have this for that," Watson would say, and point out the physical part of "this or that"—the railroad shops, the refineries, the hotels, and many other things.

"This is a darned good town, one Fort Worth man was heard to tell another, privately. "You can count the towns on one hand that have the industries this one has," he added.

Another was interested in knowing how Big Spring got its name. He was told of the Big Spring south of the present city and of its interesting history. He, and his fellows, also were told that in their rooms at the Crawford they would find copies of the industrial survey compiled recently by the Chamber of Commerce. Its first chapter deals with the history of the city.

Another question was "are we on the cap rock?" It was explained that "over yonder" on the north side of town, the Great Staked Plains really begin. Then E. A. Kelley explained that scenic Mountain and its neighbors to the east and west really constitute the extreme northern rim of the Edwards Plateau and that the plateau extends continuously south to San Antonio, where geological formations are similar to those in the hills fringing Big Spring.

Mr. Watson outlined Big Spring's famous five sources of income in a brief talk.

The party had arrived at 7:25 p. m. at the Crawford hotel in its special motor bus. Rooms already had been arranged for by Mr. Watson in a few minutes the visitors had been fixed for the night and were in automobiles lined up on Scudry between Second and Third streets. The procession moved directly to scenic Drive. After the short session there the party went to City Park where a chicken barbecue is Big Spring, Nat Shick et al. served in a manner that, apparently, had more to do with endearing Big Spring to Fort Worth than all the oratory that could have been dispensed.

Good Eats  
Nat Shick, J. C. Tinsley, Jim Winslow, Shine Phillips, Joe Kuykendall, H. C. Timmons, Tom Ashley were volunteer cooks and waiters. They had the food ready at the minute the men arrived and the entire meal and informal program at the park consumed less than an hour. The visitors had had a hard day, having stopped in all the principal points between Lubbock and

The survey was conducted in the Institute established at the University in 1926 by the Rockefeller Foundation, and deals with studies conducted in the states of Virginia, North Carolina, South Carolina, Georgia, Florida, Tennessee, Alabama, Mississippi, Louisiana, Arkansas and Texas.

"The South, while in a process of change, has not as yet been revolutionized as have large sections of the North and West," said the report. "This fact accounts not only for much of the conservatism ex-

pression of the country's area and with less than one-fourth of its population, the south is producing ten per cent of the country's manufactured output. That, proportioned on the basis of the number of states, area and population, would place its value at not far from 40 per cent of the nation's total, the Institute estimated.

"Considering how recent this movement toward an industrial civilization has been, this proportion is by no means small," the report said. "If past progress is any indication of what the future is likely to show, the proportion will continue for a considerable time to be a mounting one."

(Continued on page six)

### 4-H Boys In Series Of Poultry Lessons

Fourteen Howard county 4-H club boys attended the first of a series of poultry judging demonstrations, held Tuesday at the poultry farm of Dr. Otto Wolfe. They are preparing for the final elimination contest here Saturday, July 19, when the three boys who will constitute the county judging team at the A. & M. College Short Course, at College Station, July 28 to August 1, will be chosen. They will be given free trips to the Short Course.

Other lessons will be held as follows: Friday, at the farm of J. T. Dillard, Moore community; Monday at H. G. Hayworth's, three miles north of Coahoma; Tuesday, E. W. Marlon's, Fairview community; Thursday, July 17, at Big Spring. The boys will gather on the last named date at the county agent's office in the Court House. They will also meet there July 19 at 3 p. m. for the elimination contest.

Boys attending the first session were F. D. Rogers, Gart Barbee, R. Bar, Edward Marlon, Edwin Marlon, Elmo Phillips, Morris Wooten, Fairview; Johnny Rae Dillard, William Craig, Troy Newton and Hodge Hall, Moore; Hubert Hayworth, Eugene Hayworth, Marvin Hayworth, Coahoma; Milton Kidwell, Elbow.

### NEWTON HEADS CENTRAL BODY

J. M. Newton of the barber's union was installed president of the Big Spring Central Labor Council and Union Labor League at its Wednesday evening meeting.

Other officers installed were: D. H. Henson, carpenter, vice president; A. A. Dean, carpenter, financial and recording secretary; N. L. Miller, of the printers, sergeant-at-arms.

These officers were named for six month terms.

### Page, Mauldin Attend Meeting

George Page and J. L. Mauldin, motor bus line operators of Big Spring, attended a meeting of West Texas business men in Abilene Tuesday to discuss proposed schedule revisions. The object is to coordinate schedules of all trunk and short-haul lines in a manner calculated to afford more frequent, more rapid and better connective service to the public.

Recommendations of the meeting will be presented to the state railroad commission's motor bus division, headed by Mark Marshall, in the form of a petition.

### Coahoma Address of Thomason Schedule For Next Saturday

R. E. Thomason of El Paso, candidate for congress, announced Thursday that he would deliver campaign speeches in Coahoma Saturday, July 12, and in Colorado Saturday evening. He visited here last week and made a speech during the jubilee. He reports much encouragement in all counties of the district.

### Howard Intangible Railroad Values Total \$347,960

AUSTIN, July 10.—Howard county has intangible railroad valuations of \$347,960, on which state tax only will be levied, according to the report of Tax Commissioner F. C. Weinert. This embraces the intangible valuation placed upon the 32.43 miles of the Texas and Pacific Railway in Howard county.

### D. W. Christian, Jr., Out of County Race

D. W. Christian Jr., who recently filed as a candidate for Democratic nomination for the office of tax collector of Howard county Thursday, through his father, D. W. Christian Sr., announced that he had withdrawn from the race. He did not make a detailed statement of his reasons nor did he announce any preference between the men remaining in the race for the newly created county office.

### PROMINENT K. C. PARTY DESTROYED

#### Wing Gives Way, Explosion Heard Before Fall

ARANSAS PASS, Texas, July 10 (AP)—Five men, all from Kansas City, Mo., were killed when an airplane crashed four miles from here today.

The dead: Murat Boyle, Raymond Watson, Eugene Lynn, Roy Dellano, Gene Gabber.

KANSAS CITY, July 10 (AP)—Murat Boyle, killed when an airplane crashed near Aransas Pass, Texas, today, was president of the Missouri State Bar Association and a member of the firm of Hogaett & Boyle, insurance attorney.

The others killed were also prominent. Raymond Watson, attorney, was the son of I. W. Watson of the law firm of Watson, Gage and Hensley. Roy J. Delano was a prominent realtor of Kansas City. Gabber was a flier.

Eugene M. Lynn was an accountant, president of the Kansas City Golf Association and club champion at Mission Hills here.

A sixth man, S. H. Durka, also of Kansas City, who flew here with the party, was not in the plane at the time of the accident, having stayed at the port to fish a while longer.

Identification of the dead was made from baggage and papers in the wrecked plane.

A wing to the plane was seen to give way and the craft crashed shortly afterwards, witnesses said. Gabber was piloting the plane.

The plane fell from such an altitude that the bodies of the victims were pushed into the ground.

The party flew from Kansas City to Corpus Christi Sunday.

The plane was left at the Corpus Christi airport and the men journeyed here by automobile.

Today the pilot was sent back to Corpus Christi for the craft. The accident occurred a short time after the men had entered the craft and it had taken off from the airport here.

Today's disaster was the second greatest life destroying air accident Texas' extensive flying history, with the state's several army aviation fields. A plane crash at Spur in West Texas a few months back claimed five lives.

In that accident, as in today's, there was no one left to tell what happened, all aboard having perished.

### Rufus Hyde New Stanton Mentor

STANTON, July 10.—Announcement was made today, by C. L. Sone, superintendent of schools, that Rufus Hyde, former Stanton university football star had been elected athletic coach of the Stanton high Buffaloes for the coming season, succeeding Briggs Irvin, resigned, who accepted a like position at Merkel.

Mr. Hyde comes highly recommended as a leader and it is expected that the Stanton athletic teams will maintain their high standing in the district. He was captain and played' quarter on the Cowboy squad last season.

#### MRS. A. FISHER WORK CLUB HAS ENTERTAINS CLUB MORNING PARTY

Mrs. Harry Hurt and Mrs. Lee Hanson Win Highs

Mrs. Albert Fisher entertained the members and guests of the Pioneer Bridge club at her home on Rannels street yesterday afternoon with one of the most charming of small parties given in the city this season.

She used a color scheme of pink and green and a summer motif was carried out in bridge accessories, decorations and refreshments.

The house was decorated with daisies and other garden flowers.

Mrs. Harry Hurt won club high score and Mrs. Lee Hanson won visitors high score. Mrs. Hanson is from Lamesa and is visiting her mother, Mrs. R. C. Strain.

Mrs. Fisher served a two course luncheon to her guests. It consisted of a salad and an ice course, both carried out in the prevailing color scheme. A moulded salad, an iced drink, crackers and "puffles" composed the first course. Pineapple ice, cake and candies representing slices of watermelon composed the second course.

Following are the guests: Mesdames John Clark, W. W. Inkman, Homer McNew, H. D. Hilliard, R. C. Strain, Shine Phillips, Harry Hurt and Lee Hanson of Lamesa.

#### TO SAN ANTONIO

Mrs. Jack Ellis and Mrs. Charlie Deats left yesterday for San Antonio, where they will spend a few days.

#### PYTHIAN SISTERS TO MEET

Mountain View Temple No. 47, Pythian Sisters, will meet in regular session at 8 p. m. Friday in the I. O. O. F. hall, on Main street. All officers and members are earnestly requested to be present.

#### RETURN FROM HOUSTON

Mr. and Mrs. F. P. Coleman, 119 Park street, Edwards Heights, returned home recently from a two weeks' trip to Houston.

#### HERE FOR THE SUMMER

Miss Mildred Counselor of Riverton, Wyoming, is here to spend the summer with her sister, Mrs. Max Mahaffey, 411 East Park street.

#### F. H. LIBERTY HOME

F. H. Liberty is at home for the week for a short vacation.

#### MRS. WILLIAMS TO HOBBS

Mrs. Ashley Williams left yesterday afternoon for Hobbs. She was accompanied by her two sons.

#### MRS. HOLMES HAS GUESTS

Mrs. J. C. Holmes has as her guests, her sister and family, Mr. and Mrs. Simmons and daughters, Helen and Francis of Wichita Falls. They will remain over the weekend.

#### MRS. McTIER IN TEXHOMA

Mrs. John McTier is visiting in Texhoma.

The government at Mukden, Manchuria, plans to assist merchants by extending loans.

Mrs. Tom Ashley is Hostess To Group

Avoiding the heat and midday glare, the Work Bridge club met Wednesday morning with Mrs. Tom Ashley at her home on West Eighteenth street.

Mrs. V. Van Gleason won high score for visitors and was presented with both sets as a prize. Mrs. Ashley Williams won high score for members and was presented with a bottle of perfume.

Refreshments were served to the following guests and members: Mesdames J. B. Young, V. Van Gleason, Ashley Williams, O. L. Thomas, Marion Edwards, H. C. Timmons and W. B. Clare.

#### Logan-Thompson Wedding Solemnized

Miss Margaret Logan and Douglas Luney Thompson, both of Big Spring, motored to Lovington, New Mexico, Saturday and were united in marriage there that afternoon. M. Thompson has been an employee of the Diltz Bakery for the past few months and is the son of Babe Thompson, former resident. The couple plan to make their home in this city.

#### MRS. HANSON HERE

Mrs. R. C. Strain has as her guest her daughter, Mrs. Lee Hanson of Lamesa.

#### GUESTS TO CALIFORNIA

Mrs. H. B. Graham and son, guests of Mrs. W. W. Inkman, who have been here for several days, left last evening for California.

#### DOUGLASS FAMILIES MAKE VACATION TRIP

Mrs. J. C. Douglass and two children, Frances and J. C. Jr., Mrs. G. C. Vandergriff, and children, Ethel and Dorothy, who left Monday morning for a visit with Mrs. Douglass and Mrs. Vandergriff's mother in Collins, Miss., report a fine trip and no trouble. They arrived at their destination this morning.

Mrs. W. R. Douglass and two children, Cornelia Frances and Annie Eleanor, who went with Mrs. J. C. Douglass as far as Forest, Miss., also reports a good trip and safe arrival at her destination Wednesday morning.

#### MORELOCKS RETURN

Mr. and Mrs. W. G. Morelock and son, Billie Lee, have returned home from Fort Worth and Dallas, where they spent their vacation.

#### OLD "SWIMMIN' HOLE" AROUSES POLICE IRE

INDIANAPOLIS, (INS) — The "ole swimmin' hole," made famous by the poet, James Whitcomb Riley, is being assailed by Indianapolis police.

Stirred by recent drownings in unsupervised swimming places in and near Indianapolis, the police have announced they will arrest all persons found bathing in "holes" where no life guards or other supervisors are stationed.

#### Petroleum Nitrogen Studied In Texas

AUSTIN, Texas, July 10 (AP)—Investigation of petroleum nitrogen with the view of isolation of the non-basic nitrogen compounds has been started at the University of Texas by Dr. E. J. Poth of Johns Hopkins University and Dr. J. A. Bailey, professor of Organic chemistry at the university.

Until Drs. Bailey and Poth started their research, the investigation had been confined to the isolation of bases in crude kerosene distillate.

The work is being carried on with the aid of the American Petroleum Institute, which made a grant of \$2,000. Sulphur dioxide equipment was furnished by a German company, while a 250-pound cylinder of liquid sulphur dioxide was donated by an American concern.

#### 3000 LAWYERS TO MEET IN CHICAGO

CHICAGO, (INS) — More than 3,000 lawyers and judges will convene here the week of August 18 for the annual meeting of the American Bar Association.

Approximately 300 delegates are expected from the British and French bars.

Chief Justice Hughes of the U. S. supreme court will deliver the address of welcome.

Regular flying transport service over routes totaling 42,811 miles is maintained in Latin America.

John Brown of Arlington, Kan., is making a violin from a cedar cone used in a fence 60 years.

## IS THIS YOUR FUTURE SHADOW?

"Coming events cast their shadows before"

Be moderate in all things, even in smoking. Avoid the "more is better" by avoiding over-indulgence. It is good wisdom to stick to that modern, ever-lasting cure, "Reach for a Lucky instead."

When tempted to over-indulge

"Reach for a Lucky instead"

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco —The Cream of the Crop—"IT'S TOASTED." Lucky Strike has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

# "It's toasted"

Your Throat Protection—against irritation—against cough

In his famous book entitled "Foods For the Fat," Dr. Yorke-Davies gives this advice: "Any system for reducing fat will be of no avail if the patient persists in eating between meals." We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

#### MAN HELD UNDER MANN

AUT QUERIED BY PRO AGENT

A Federal Agent was here today questioning W. E. Kuykendall, alleged to have taken a 19 year old Bolton girl across the state lines of New Mexico and Oklahoma.

He will be taken to Dallas where charges of violation of the Mann Act will be filed against him.

He made a statement to the agent.

#### DAMAGE SUIT

Suit for damages has been filed in county court against Robert A. Elder and M. D. Collins, by F. M. Evans. The plaintiff seeks \$225 from each of the defendants.

It is alleged an automobile belonging to Evans, parked in front of his home, 800 Johnson Street, the night of May 31, was damaged when cars driven by Elder and Collins collided.

#### REALTORS TOLD TO SEEK NEW MEMBERS

TORONTO, Ont., July 10 (INS)—Emphasis of the old adage that in numbers there is strength, William H. Daum, Los Angeles, president of the California Real Estate Association, today told the state council of the National Association of Real Estate Boards that the organization must carry on constant efforts to bring valuable newcomers into the midst.

The California association, Daum, said is now planning to enroll property owners of the state on its membership list.

"Interests of property owners and realtors are so identical," the Californian declared, "as to make formation of a state-wide property owners division the natural outcome of the need of realtors and property owners in having forceful representation in seeking fair tax legislation."

The blatant type of membership campaign is to be deplored, Daum said, but the organization "which is to function for the true benefit of its group must carry on constant effort to bring into its midst valuable newcomers in its field."

#### DONATES HOMESTEAD TO U. S. RED CROSS

NOBLESVILLE, Ind. (INS)—S. O. Levinson, Chicago attorney who is said to have given Secretary Kellogg the idea of the world pact to outlaw war, has donated his father's old homestead here to the Noblesville chapter of the American Red Cross.

In one room will be placed a bronze tablet on which will be inscribed the original draft of the Kellogg Pact.

owners division the natural outcome of the need of realtors and property owners in having forceful representation in seeking fair tax legislation."

The blatant type of membership campaign is to be deplored, Daum said, but the organization "which is to function for the true benefit of its group must carry on constant effort to bring into its midst valuable newcomers in its field."

#### DONATES HOMESTEAD TO U. S. RED CROSS

NOBLESVILLE, Ind. (INS)—S. O. Levinson, Chicago attorney who is said to have given Secretary Kellogg the idea of the world pact to outlaw war, has donated his father's old homestead here to the Noblesville chapter of the American Red Cross.

In one room will be placed a bronze tablet on which will be inscribed the original draft of the Kellogg Pact.

### New Prices on Studebaker Cars effective July 10, 1930

Studebaker Six \$795  
14-inch wheelbase 70 horsepower  
to \$995 at the factory (14 door Sedan, 1895)

The Studebaker Six was introduced on May 10, and this reduction in price is not made in anticipation of any model changes. It is in appreciation of volume attained by the most powerful car ever sold at such a low price.

#### STUDEBAKER SIX, MODELS AND PRICES

Sedan, 4-door Three Window	\$895	Coupe, for 4	\$895
Regal Sedan, 4-door (6 wire wheels)	995	Coupe, for 2	845

### BRAN FLAKES THAT ARE BETTER

KELLOGG in Battle Creek makes them. With the rare flavor of PEP in every crisp spoonful. With the nourishing elements of the wheat. With just enough bran to be mildly laxative.

Try these better bran flakes—Kellogg's Pep Bran Flakes. Sold in the red-and-green package.

BETTER BRAN FLAKES

The Spirit of Progress is a famous statue on the original Montgomery Ward & Co. Building, Michigan Boulevard, Chicago. For generations it has been a symbol of leadership and inspiration for this great world-wide organization.

# The Spirit of Progress Guides Montgomery Ward & Co.

Starting as the original mail order house and now operating the world's largest general merchandise chain, we continue to strive to realize the ideals of leadership which our symbol represents

18,000,000 people will see this announcement in more than 650 of the nation's leading newspapers this morning. You are personally interested in this important message and will be well repaid for the time you take to read every word.

**Leadership demands action.** A great deal has been said and written about unemployment and poor business. You read much about the reduced purchasing power of the average citizen—but what about his paying power?

Despite the unemployment, the present average weekly payroll of America is estimated at \$840,000,000. In addition, the registered savings accounts total over twenty-seven billion dollars and are steadily increasing. Yes, there is ample paying power. But we believe that general business will improve only when the buying public are satisfied that prices to them (and that means to you) reflect the new low commodity levels.

In our judgment, commodity prices are scraping bottom today. We do not say that there will not be some further declines, but broadly speaking, current prices are the lowest in years, in some cases the lowest in 15 to 20 years.

## Leadership Demands Action

Montgomery Ward & Co. is placing orders for millions of dollars worth of merchandise at these new low commodity levels. There are 120,000,000 American people to be fed, clothed, sheltered and entertained; and regardless of unemployment, poor export business, low agricultural

prices, etc., the requirements of the American nation total a huge sum.

## New Fall Prices Now

For many years it has been the custom of Montgomery Ward & Co. to make Fall prices effective when our Fall and Winter Catalogue is distributed, about September 1st.

Months ago we cut prices. During the past 60 days there have been further declines in the cost prices of many items of merchandise—and all these low prices we are making effective at once—so that as far as Montgomery Ward & Co. customers are concerned, they need not wait for lower prices. Ward's prices are down NOW to the new commodity levels.

## How Do You Judge a Low Price?

Only by the dependable quality you receive.

There is nothing cheap about Montgomery Ward & Co. merchandise. We have never sacrificed quality to make low prices, and despite the surprising savings that are possible on thousands of different articles which we sell through our catalogues and Retail Stores, you can buy from us with complete confidence.

There is a good deal in the papers now about the Byrd Antarctic Expedition. They used more than 7,000 articles selected from our regular stocks and they used them under conditions where quality and dependability meant life itself. Their verdict was radioed to us in March from Dunedin, New Zealand, "Satisfactory in all respects."

Our method of doing business can be stated in one phrase—

## "You Must Be Satisfied"

The goods you buy from us must be "satisfactory in all respects." **Leadership demands action.** In making our Fall prices effective now, we are doing something definite to establish public confidence in new price levels and we are taking this constructive step to stimulate the use of your buying power.

For years we have recognized the conveniences and advantage of the Time Payment method. We are selling annually many millions of dollars of goods on Easy Payments. Basically the American Public is honest; meets its just obligations. On that belief we have never hesitated to sell on time. Over a period of many years, our experience has been thoroughly satisfactory and our bad debt losses negligible.

# Now, for the first time in the history of American merchandising, a national institution offers this Time Payment opportunity

Beginning today and continuing until September 15, Montgomery Ward & Co. will sell you any merchandise shown in its catalogues or Retail Stores (excepting groceries) on the Easy Payment Plan, provided your order totals \$25 or more

We have begun the mailing of 10,000,000 announcements to our customer list, giving full details. Visit the Ward Store in your neighborhood for complete information. We know this offer will bring us additional business. It will make us new friends. It will acquaint great numbers of people with the dependable quality and the low prices that are the foundation of our business.

We consider it a constructive move (one of the very few that have been made thus far) to stimulate consumer buying. Even a small upturn in demand will start orders to fac-

tories, wheels turning, unemployment lessening and a resultant upward trend to our general business structure and prosperity.

Many will praise us for this move, some will criticize us. I hope that other institutions, large and small, will follow with their constructive plans to persuade the public to use its paying power. In his first daily newspaper article of July 1st, Calvin Coolidge said,

"My countrymen, it is time to stop criticizing and quarreling and begin sympathizing and helping."

Prices based on the new low commodity levels, quality goods of absolute dependability, our policy of "You must be Satisfied" and now this great 60-day Easy Payment opportunity. Surely these combine to bring you economy, convenience and satisfaction in your buying.

Yours sincerely,

*George B. Everitt*  
President.

MONTGOMERY WARD & Co.

### Pipeline Law Is Proration Basis In Darst Creek

(Special To The Herald)  
**AUSTIN, July 10.**—The railroad proration prepared Wednesday to the new common purchase law as the basis of proration of the oil production of the Darst Creek field, Guadalupe county, the order will allow production of 300 barrels daily, while the proration of the field is 10 barrels.  
 The wells, threatened with depletion from water, will be allowed to produce up to 125 barrels per acre in the second field to be prorated under the proration limit of the pipeline law, the Howard pool already having been prorated to this basis. The 15-day "prorations" by buyers of the oil of crude oil they will take the field are made proration man, with the amount divided by the wells of the field.  
 The commission has just held a hearing applying a similar basis to the field of Ector county, but not yet drawn its orders covering the field.

### Yearbook Queen

Rubalee Parrshall of Depew, Okla., in addition to being selected yearbook queen at Stephens college, Columbia, Mo., was also judged the healthiest girl and the best athlete of the school.

### SPORT SLANTS

**ALAN GOULD**  
 ASSOCIATED PRESS, SPORTS EDITOR

The boys who took it on the bank roll when Gallant Fox soundly trounced Whichone in the Belmont Stakes for the three-year-old championship still are wondering how the Whitney colt was figured so strong a favorite. Whichone went to the post at 3 to 5 while the Fox, despite his impressive record under Earl Sande's handling, was shunted off in the betting to 8 to 5.

The answer probably is double-barreled: First, that the layers figured too much on Whichone's supremacy over the Fox as a two-year-old; second, a general tendency to underrate the Fox's performances in the Preakness and Kentucky Derby. Then, too, there is always an idea that a winning streak on the turf won't last long and the feeling was that the Fox was due for a reversal under the law of averages.

All this reasoning by the experts who backed Whichone almost to a man, turned out to be as wet as the day on which the Belmont was run. Simultaneously the Fox thoroughly dispelled any idea that he cannot do his best in the rain, mud or heavy going.

What most of the dopsters failed to grasp was that Gallant Fox and Sande were improving as they got to know each other better. The Fox had to come up from eighth place under a smashing drive to beat out Crack Brigade in the Preakness. The same colt was a half dozen lengths or more back of the Fox in the Derby, which was just a gallop for Sande and his mount. In the Belmont, the big bay colt was even better, showing a distinct liking for the route.

The Preakness was a mile and three-sixteenths, the Derby a mile and a quarter, the Belmont a mile and a half. Apparently, the farther the Fox gallops the better he likes it.

### SHRINERS HOLD ANNUAL CONVENTION IN TORONTO

Shriners from all parts of the United States gathered in Toronto, Canada, for their annual convention. Picture shows thousands gathered around the Cenotaph when shriners laid a wreath at its base in tribute to the unknown soldier.

### TYLER HEARS CLINT SMALL

**EL PASO, Texas, July 10.**—Senator C. Small of Wellington, democratic candidate for governor, came with county Wednesday to vote.

At a meeting held in his honor on the lawn of the courthouse Wednesday night East Texas heard him a genuine welcome. A thousand persons heard the date from the plains country of his claims to the office of executive of Texas and delegates from nine neighboring counties came to encourage him in his bid.

Senator Tom Pollard presided at the meeting. The candidate introduced by Carl Estes, editor of the Tyler Morning Telegraph, in his introductory speech. Estes made a colorful analogy between gubernatorial aspirants and a group of merchants offering bargains to voters. Not over 25 per cent of voters have "made purchase," he said.

"To make this comparison," he said, "is to show that not a single candidate has this election in his vest pocket. Despite the claims of over-enthusiastic supporters of James O. Kaufman and the claims of the field folks, this is 'any race' in this congressional district."

Receiving a sheaf of telegrams from practically every newspaper in the counties of the Third Congressional district, Mr. Estes said Young, Mayfield nor any candidate had the election in Texas "sewed up" at this time. Pollard in presenting Mr. Small said that East and West Texas had much in common in that the plains country was populated by pioneers from this section of the state.

During his address Senator Small applauded frequently and old prognosticators openly differed at the close of the meeting. The plains candidate was alert to poll a heavier vote than first expected in this section.

### Drafted By Party

Mrs. Cora G. Lewis of Kinsley, Kan., writer and newspaper woman, was drafted by democratic party to make the race for lieutenant governorship of Kansas.

**FIGHT MOSQUITOES**  
**AUSTIN, Texas, July 10 (INS).**—Nothing makes a more "lasting" impression on a visitor in a city than a mosquito bite, said Dr. E. O. Chismene, assistant city health officer, in opening a campaign to rid the city of mosquito breeding places and keep down the number of mosquitoes.

He made clear there was no need for general alarm to the effect that Austin was a mosquito city. It makes no difference how beautiful you may have your city, a visitor will forget that beauty, but he won't forget the mosquito bite," he stated.

**NIGHT FOOTBALL**  
**ABILENE, Texas, July 10 (INS).**—Simmons University is to have the first night football games in the Texas Conference.

The contract for lighting equipment has been let and installment will begin in August, it was announced. The project will consist of twenty 2,000 watt globe flood lights, to be constructed at a cost of \$3,000.

At least three games will be played under the lights, Daniel Baker, St. Edwards and Austin College.

This will be the second trial of night football in Texas and the first in either the Texas Conference or Southwestern Conference.

### Bobbitt Speaks In Panhandle

**AUSTIN, July 10.**—In the Panhandle the rest of this week, Attorney General Robert Lee Bobbitt will spend practically all the remaining time before the election in West Texas in his race for election to his present office.

Speaking at Quanah Wednesday night, he is to make two campaign speeches Thursday afternoon, at Childress and Memphis; another at Amarillo Thursday night; three Friday afternoon, at Panhandle, Canadian and Perryton. He will speak Friday night at Canyon Saturday night at Lubbock.

Attorney General Bobbitt will swing down into the lower country of West Texas next week. His itinerary includes:

Sweetwater, Monday night.  
 Roby, Tuesday morning; Hamlin and Anson, Tuesday afternoon; Abilene, Tuesday night.  
 Ballinger, Paint Rock, Wednesday; San Angelo, Wednesday night.  
 Menard, Thursday morning, July 18; Brady, Thursday afternoon; Brownwood, night.  
 Coleman, Friday, July 18, morning; Baird, afternoon; Eastland, night.  
 Breckenridge, Saturday, July 19, morning; Graham, afternoon; Mineral Wells, Saturday night.

**Lose Fat**  
 Safely and Quickly

Kruschen Salts—a perfect combination of the six mineral salts your body must have every day to function properly—purify your blood of harmful acids, and aid the kidneys and bowels to throw off waste material—the continual formation of which is probably the cause of your fat.

In this modern age of living, it's impossible to get these salts from the fancy foods you eat—but don't worry just as long as you have Kruschen Salts.

Take a half teaspoon every morning in a glass of hot water—little by little that ugly fat disappears, you'll feel better than ever before—years younger, more energetic. You'll soon possess that enviable beauty, clear skin, sparkling eyes, superb figure which only perfect health can impart.

An 85c bottle (lasts 4 weeks) at Collins Bros. Drug, or any progressive druggist in America. Money back if Kruschen doesn't convince you that it is the safest, quickest, easiest way to lose fat.—Adv.

**Missouri Pacific Permitted to Leave Texas Short Lines**

WASHINGTON, D. C., July 10 (AP)—The Missouri Pacific railroad has received qualified permission from the interstate commerce commission to take over under lease and operate about 20 subsidiary lines controlled by it but operated under separate organizations.

The permit depends on the system acquiring ownership of a number of unnamed short lines, Snow Independent, which connect with its system at various points in the southwest.

Among the lines mentioned in the unification plan were the New Orleans, Texas and Mexico; the International-Great Northern; the St. Louis, Brownsville and Mexico; the San Antonio, Uvalde and Gulf; the San Antonio Southern; the Natchez and Southern and the New Orleans and lower coast.

**MARKETS**

**WOOL REVIEW**  
WASHINGTON, July 10 (AP)—Wool buying was further curtailed during the week ending July 5 according to reports from wool concerns. A few houses continued to receive a fair demand from manufacturers and topmakers who had current orders to cover. There were no indications of buying in anticipation of requirements.

Inventory taking by manufacturers was a factor in the slackening of trade. Another consideration was the coming series of sales at London. Members of the wool trade were freely predicting that London prices at the opening may be off-as compared with the previous opening. The limited trading on domestic wool was done at prices fully firm as compared with the previous week.

Fleece wools were mostly slow. A few small lots of combing 64s and finer fleeces were sold at firm prices. Limited quantities of strictly combing 48s, 50s were also moved at firm prices. Quotations on other grades were unchanged.

Original bag lines of 64s and finer qualities comprised the bulk of the sales in western grown lines.

**Man Arrested Here Again Prisoner 59598**

Wm. T. Frye, Cisco, was No. 59598 again today, as far as officials of the Texas penitentiary were concerned.

Frye, admittedly an escaped convict from the penitentiary, was arrested here Wednesday by Deputies Andrew Merrick and D. D. Dunn, J. L. Wilson, also of Cisco, who said he served a two year term in the penitentiary, he being detained by county officers.

According to a telegram received by the Sheriff's department today, Bud Russell, penitentiary agent, will come here to take the man back to the "pen."

The two men were convicted and sentenced to two years each in Shackelford County for stealing a cow, they said. Frye served eight months of his two year sentence before he fled the Ramsey Prison Farm.

**Pipe Pulled In Glascock Test**

Pipe is being pulled preparatory to straight reaming in the Timberlake & Snyder No. 1 Meek wildcat, Glascock county.

The reaming will begin at 2,100 feet, continuing to a point just above pay, at 2,940 feet. Total depth is 2,958 feet. Pipe will be set at the top of the pay and, it is reported, a shot may be administered in an effort to increase production to commercial volume.

A county traffic bureau with a fixed schedule of fines to expedite handling of cases of violators has been proposed at Grand Rapids, Michigan.

Telephone service is to be opened between Helsinki, Finland and Melbourne and Sydney, Australia.

**World Champion PRESIDENT EIGHT**  
Now 122 horsepower  
130 inch and 136 inch wheelbases  
\$1850 to \$2600 at the factory

**World Famous COMMANDER EIGHT**  
Now 101 horsepower  
124 inch wheelbase  
\$1585 to \$1785 at the factory

**free wheeling is here!**

**STUDEBAKER, Builder of Champions, presents improved, enlarged, more powerful editions of seasoned Eights—the world champion President—the world famous Commander—plus free wheeling.**

**Free wheeling is a triumph of that same Studebaker progressiveness that pioneered the popular priced Eight—seasoned it and proved it to the satisfaction of over 100,000 owners. Today the whole industry is following the Eight trend that Studebaker inaugurated three years ago.**

**A New Experience**

Prepare to drive the most unfettered, yet most obedient car in the world—a car that literally floats along, in gear and fully controlled, yet free and silent as though there were no gears!

You shift with silence and safety from high to second, back and forth, at any speed—forty, fifty miles an hour—and never touch the clutch!

The instant you lift your foot from the throttle, no matter how swiftly you may be traveling, your engine drops to idling speed—with no forcing of the engine by car momentum—with no sensation of "piling up!"

You know, of course, that Studebaker Eights hold many world records for speed and endurance and more American stock car records than all other makes combined. But

the increased power of the great Studebaker Eight engines which drive these new cars is a revelation.

**Save Money, Too**

With free wheeling, you save 12% on gasoline, 20% on oil—and the heavier the traffic the greater the saving. Carbon is reduced. The terrific reversal strains thrown on rear axle, clutch and transmission of an ordinary car are utterly unknown.

You are ready for any emergency of road or traffic on the instant. No sudden grabbing of the new Duo Servo brakes—no swerving. Instead, a smooth and reassuring drop in speed—swift as your need dictates.

Your steering gear rights itself after a turn—automatically the car swings to "straight ahead". Your car, floating at each spring-end on oil-sealed ball bearings, rides friction-free.

**Enviably in Appearance**

All the new delights of free wheeling are yours as the crowning achievement of Studebaker's 78 years of manufacturing integrity. They are yours in new bodies, utterly bewitching in eye appeal. Visit the nearest Studebaker salesroom. Drive one of the New Series Studebaker President or Commander Eights. Get a first hand experience with free wheeling. We promise you the thrill of your life!

Shift from high to second at **Forty...Fifty** miles per hour and never touch the clutch!

Saves 12% on gas, 20% on oil—**even more in heavy traffic**—... Reduces carbon, lessens strain on engine and transmission

You don't have to touch the clutch except to start or back up

Your car momentum never forces your engine—no sensation of "piling up" when you decelerate... You literally glide along

Your car is surprisingly quiet in every speed... uncannily silent when you're free wheeling

You are safer because you have absolute control of your car... You can shift at any speed... There is less hazard of skidding!

Another Fine  
Victory Won  
By New Konjola

LADY WAS ABOUT TO GIVE UP  
HOPE OF FINDING ESCAPE  
FROM STUBBORN ILLS

MRS. FLORA STANLEY

No wonder Konjola has won a million friends; no wonder seven million bottles were used in two years! Would you not like to know all about the medicine that wins such triumphs? Ask your druggist about it, but right now before you do anything else, read the words of Mrs. Flora Stanley, 315 North Mc-Masters street, Amarillo, Texas. Praising Konjola, Mrs. Stanley says:

"I was in miserable health for five years, the result of stomach, kidney and liver disorders. My back ached terribly and my feet and ankles were badly swollen. Gas formed after each meal, and I endured awful pains. My husband insisted that I try Konjola, and now I have a good appetite, food digests as it should, dizziness and biliousness are gone and my weight is back to normal. We will always recommend Konjola after what it did for us."

Konjola does work swiftly, yet a full treatment of from six to eight bottles is advised for best results.

Konjola is sold in Big Spring at Collins Bros. drug store, and by all the best druggists in all towns throughout this entire section.—adv.

**Time Payment  
Ward's Offer  
On All Items**

Beginning today as is announced elsewhere in this issue of The Herald and in nearly 900 leading newspapers throughout the country, Montgomery Ward & Co. inaugurates one of the most unusual merchandising policies the country has ever seen. The company's ten million customers are informed that from now until September 15, any item in the company's catalogue or retail stores except groceries will be sold on Ward's Time Payment Plan. Heretofore, the company has confined its time payment selling to such items as washing machines, furniture, stoves, furnaces, etc., and in the face of present business conditions with the general tightening of credit by most retailers, this action on the part of Montgomery Ward & Co. is a significant move.

George Everett, president, in announcing the new policy, says, "There is ample buying power and we believe that general business will improve when the buying public is satisfied that retail prices reflect the lower commodity levels. In our judgment, commodity prices are scraping bottom today and Montgomery Ward & Co. has placed, and is placing orders for millions of dollars worth of merchandise at these low levels. Months ago we cut prices accordingly, and again in the last sixty days have made further reductions on such merchandise as piece goods, work clothing, plumbing supplies, etc. Even a small upturn in demand will start orders to factories, wheels turning, unemployment lessening and a resultant upward trend to our general business structure and prosperity."

This latest move on the part of Montgomery Ward & Co. will be welcomed by business leaders and people everywhere. Under the new plan, you may purchase tires, house furnishings, auto accessories, dry goods, ready-to-wear, clothing, furniture, toilet articles, shoes, drugs—in fact any of the 40,000 items shown in their catalogue, paying a small down payment and the balance in convenient monthly installments, thus enjoying the many comforts and luxuries of the age without a large expenditure of cash. As explained by L. A. Hirsch, manager, the new policy goes into effect in the local Ward store today, and he extends a welcome to all customers to come in and fully investigate our new plan.

**Solid Trainload  
Of Washers Shipped**

As substantial proof of its statement that business is good in Texas, The Maytag Southwestern company of Dallas, with modern Maytag Shops in all sections of the state has just received what it declares is the largest shipment of washers ever shipped to Texas—a solid trainload, valued at more than a quarter of a million dollars. Healthful business is reported by the local Maytag shop.

**STUDEBAKER'S  
NEW FEATURE  
IS ANNOUNCED**

Free wheeling, the greatest advance in automotive engineering in 19 years, is announced by the Studebaker Corporation in its new series President and Commander Eight. In addition these new cars are provided with longer wheelbase, quieter operation, greater smoothness and new and improved body design.

This announcement is of special interest to motorists of Big Spring in view of the arrival last night of a Commander Eight Regular Sedan, which was driven here by Frank Heffley, manager of the Ed S. Hughes Motor Company, local Studebaker dealer. The new model, which possesses the new free wheeling feature, is being displayed at the Hughes company's show rooms, Fourth and Gregg streets.

Free wheeling, according to the manufacturer, involves a basic engineering principle, which its engineers have developed and perfected over a long period of research and test work.

For example, car momentum never "forces" the engine with that sensation of "piling up" which is so common in conventional cars when deceleration takes place. At any speed, as soon as pressure is relieved on the accelerator, the engine immediately drops to idling speed while the car continues to glide forward as silently and smoothly as a bird on the wing. Throughout this process, the gears are constantly in mesh, leaving the driver in complete control of his car.

Use of the free wheeling principle permits the motorist to do things with his car which at first experience seem incredible, it is said. He may shift gears from second to high to second at any speed without touching the clutch. The clutch is necessary only to start and back up.

Free wheeling results in an appreciable saving in gas and oil, because this new principle permits the engine to drop to idling speed as soon as the foot is removed from the accelerator.

**Universal Credit  
Is Two Years Old**

Universal Credit Company is now observing its Second Anniversary. This Ford financing organization provides uniform time payment plans at low cost for purchasers of Ford Cars who desire to pay for their transportation as they use it, it is explained by officials of the Wolcott Motor company, local Ford dealer. The approval accorded the UCC Plans by dealers and public has been complete, with the result that millions of dollars have been saved for Ford purchasers through the lower finance charges of the UCC Plans. An estimated saving of approximately \$20,000,000 has been made for customers of Ford dealers during the past two years through the lower time sales charges created by UCC for the benefit of the public, it is declared.

Orval Hutchens, son of Mr. and Mrs. Clyde Hutchens left Thursday morning for Chicago to enter Coyne Electrical School.

**Industrialism—**

(CONTINUED FROM PAGE 1)  
hibited in meeting present-day industrial problems, but also the persistence of old standards of living and habits of life."

Cheap labor, it was found, had had its effect in attracting industry southward, but the Institute investigators were inclined to believe that the importance of the labor factor has been exaggerated. Natural resources, they said, were a more powerful influence.

In 1927 there were 12 industries in the eleven Southern states each of which had an output in excess of \$100,000,000. Census figures showed that more than 56 per cent of the country's cotton manufacturing is being done in the South; 84 per cent of cottonseed products; 55 per cent of fertilizer; 40 per cent of lumber and lumber products; 27 per cent of refined petroleum; 53 per cent of turpentine and resin; 46 per cent of cigars and cigarettes; and 12 per cent of the nation knit goods.

The 12 manufacturing industries each of which in 1927 had an output in the South of over \$100,000,000 were as follows:

- Cotton, \$880,805,268; petroleum refining, \$580,476,618; cigars and cigarettes, \$563,784,310; lumber and lumber products not elsewhere specified, \$501,854,630; oil, cake and meal, cottonseed, \$233,050,130; cars and general shop construction and repairs for steam railroads, \$208,772,542; knit goods, \$142,823,882; flour and other grain mills, \$130,533,235; lumber—planing mill products not made in planing mills connected with sawmills, \$122,717,098; slaughtering and meat packing, \$121,450,805; furniture, \$109,961,637; fertilizers, \$105,415,387.

pression of strength which in fact does not exist."

Young was booked for an address tonight at Galveston.

James E. Ferguson, speaking for the candidacy of his wife, spoke last night at Corpus Christi, flaying the proposed state road bond issue and advocating tax reduction and combining the offices of tax collector and assessor to save counties money. The Fergusons planned appearance tonight at Yoakum. State Senator Clint Small of Wellington was given a rousing welcome last night at Tyler and expected to speak this afternoon at Valley Mills and at night, over radio station Waco at Waco.

While other candidates were "pouring it on" him and his proposed bond issue, from every quarter, Ross Sterling at Coleman launched an attack on what he termed as "misrepresentations" the claim of his opponents that he would place "mortgage" on the people of Texas and their descendants with his proposed bond issue.

"I want to lift the greater part

of the burden the counties have shouldered to help build state highways, and place it on the traffic, where it belongs," he said.

Sterling's itinerary called for a speech at San Angelo at 10:30 a. m., today over a five-station radio hook-up, another at 5 p. m., at Winters and at Abilene at 8 p. m.

DOUGLASS HOTEL BLDG. CUNNINGHAM AND PHILLIPS 111 EAST SECOND ST. MAIN

"BEAT BOBBY JONES" IS CRY OF OPEN TIGERS BEAT BY BARBERS

The Mexican Tigers, before a crowd estimated at a thousand, more and even less, made their debut in the City League yesterday eve. Like the Fourth of July fireworks, they flared at times, but not enough times. For instance Carl Madison, running for Sain, got clipped off at second by one of Ferro's shots. It is just on special occasions that anyone clips off the smaller Madison boy at second, or any other sack. Sammy Sain, down on third, felt rather playful for his bones and was nipped by one of the same Ferro blast balls. Segell went away at third. Yep, the Mexicans, providing they become acquainted with climatic conditions of cetera, and can keep the balls where they should be, won't be lagging so very far behind in the second division.

Coahoma's club, which makes its appearance here this afternoon boasts of some familiar names. Garcia, E. Reid and N. Reid, Cramer, Rainey, Ruten—names like that are likely to win games. Others are Hull, Walker, J. Walker, N. Walker, C. Miller, R. Jones and C. Robinson, and A. Cook.

Frankie Segell rapped his thousand and departed from our midst at the sunken arden in Tuesday's game. He got four singles for four. Nesbitt got three hits in four trips, and Joe Valdez, who used to hold down the shortstop assignment for the Laundry, rapped three in four trips. Valdez, incidentally, is the shining light of the Tiger aggregation. Under some professional leadership, the lad could go up in this game of baseball. He has youth, speed on the field, and an accurate rm. The three major assets. All Valdez needs is a contract, another important item, by the way.

Ha, ha! That should go for a laugh. Our senial contemporary over on the Concho seems to think his city beautiful has within its borders a baseball team, yeah verily a couple of baseball teams, that could whip the ears off any Big Spring aggregation. Says so in fact, says he. Such a team as sent the Oilbelt League aspirants back to their fireplaces could take any San Angelo aggregation and clip their wool. Such fellows as Tip Grissett, Lefty Lyday, Dickinson, Lefty Robbie Potter, Crouch and a hand full more could chunk 'em, and an infield composed of Cook, Clark, Ayres, and Hoehn, an outfield with teller lights as Nesbitt, Brown, and L. Madison, with Connelly, Burns, Hicks and a dozen more on the tract, could cool the heated brows of any and all teams in this section of sod. And that goes for the highly recommended Big Lake Oil aggregation.

Another theory as to how young rattlesnake died at Dusty D: emerged from its noose beneath the grandstand and saw Lefty Baber running. We'll get this settled yet.

The way things are shaping up now the second half title will be fought out between Cosden, Richardson and the Barbers. Gripping Spike Manning, with his cohort John Bode, are sharpshooters at the Richardson aggregation. The two have collected a number of diamond shaggers from the various towns, cities, hamlets and villages in Texas and adjoining states. Fort Worth contributed a goodly portion. J. C. Moore also has used his former association with Fort Worth amateur baseball, lines to an advantage. He too has taken a number of lads away from the boring sound of street cars and pile drivers, and the beautiful aroma that arises from the north of the viaduct and visits the southern portions of the Panther City frequently. To offset the strength gleaned from hither and thither by the gasoline mixers, the Texas & Pacific Railway team, the Barbers and the Laundry, have merged. The result is a team that may be able to hold the Cosden and Richardson outfits. Purvis, Clothier, Gillham and Gould, former red caps, have been released by Cosden. Others went before them, and others will follow in their bogan tracks. Cosden intends to win something the second half. They deserve to do so.

Scrapings—Al Badger, Abilene golfer, won the city tournament in Abilene. W. T. Hendrick and Glenn will play the second half with the Barbers. One member of the Mexican team is named Mayo. We shot an ST on the West Texas miniature. Sam Brown almost beat

us out—Mexican polists are enjoying the San Angelo climate and running streams—Bobby Jones is set for another title—And somebody said the Sharkey-Schmeling battle was just another case of high, low, Jack and the gate—Boyce House of the Ranger Times informs his customers he will start teaching them thingsa bout sports soon—which is nice of him.

ERRORSMAR MEXICAN GAME

Yanez and Sabia Are Frequently Clouted

Driving Yanez from the mound and clouting Sabia at will, the Barbers ran away with a lop-sided affair at Dusty D. Wednesday afternoon, 12 to 2, grabbing the tilt from the Mexican Tigers.

BANKERS-COAHOMA The third game of the second half of the City League will get underway this afternoon at 5:30 o'clock or thereabouts when Coahoma, new loop member, and the Bankers blast at each other at the City Park Ball.

was the shining light of the brown hued squad. He figured in each of the two tallies, rapped three hits in four trips, and fielded his position well.

Tally Early The Tigers tallied in the first and final innings. Valdes nipped Payne for a triple to right to launch the fray, and tallied on Ferro's single. In the final inning, Sabia got a bingle and scored on Valdez's double.

Five more were gleaned in the fifth off Sabia, who relieved Yanez. Segell and Brown singled, Segell being forced by Gunter. Brown and Gunter tallied on Carl Madison's triple. Madison going home on Sain's bunt. Scharzenbach singled and he and Sain tallied on Nesbitt's double.

PROS READY FOR GOLF KING

Atlanta Youth Shows No Sign of Strain

MINNEAPOLIS, July 10 (AP)—Beat Bobby Jones! That was the cry at 'Old Interlochen today as America's golfing stars—and a Britisher, too—faced a blazing sun and a veritable purgatory of traps and bunkers in their first major offensive for the cherished National Open championship.

Threatening him among the 142 entries were the "Big Ten" of pro golf—Walter Hagen, Horton Smith, Johnny Farrell, Gene Sarazen, Tommy Armour, MacDonald Smith, Leo Diegel, Al Espinosa, Bill Mehlhorn and Denny Shute. A host of dangerous amateurs, including Great Britain's single entry, Cyril

BIG SPRING, ABILENE NET STARS TO CLASH

The tennis champions of two cities meet in a panorama of brilliant stars Sunday when the recently crowned champions of the Big Spring Tennis Association meet the fiteholders of the Abilene net organization in a series of matches preparatory to the invitational journey to be held at Big Spring July 18, 19, and 20.

INTERMEDIATE CHAMPIONSHIP THIS SPRING

The dual meet will begin Sunday at 2 o'clock and will be played in Abilene on the city courts. Ray Brown is captain of the Big Spring array of champions. Meanwhile prospects for the invitational tournament bid fair to surpass even earlier expectations. All of West Texas is taking to the idea of an invitational tournament held in the middle of the summer—with Abilene decisively entering the field by announcing that their squad of champions would come to the tourney intact. And the field includes many capable performers beside recent tournament winners, among them Harold Moore and Dan Steakly, Simmons University pair who won the Texas Conference doubles crown in the spring.

The hosts of able-to-buy people that live in Big Spring's territory look to Big Spring as their trading center. They shop here, play here, and are interested in the growth and development of Big Spring. THE DAILY HERALD is the newspaper that reaches these people EFFECTIVELY. Live news and up-to-now features make it interesting for them and make them interested in reading it. YOUR advertisement there will be read by these people. Profitable sales will be YOUR result.

# SPUDDERS DEFEAT CUBS

By GAYLE TALBOT, JR.  
Associated Press Sports Writer

The home run, or four-bagger, has not been exactly a stranger to Texas Leaguers circles this season, but it took the Wichita Spudders to demonstrate the full importance of the circuit smite in modern baseball. Where the average club utilizes the big smash principally for show purposes, depending upon the singles and doubles for heavy duty, the Spudders apparently have decided to specialize in rapping them over the fence.

By way of illustrating their latest specialty, the leaders rapped five into the outer reaches yesterday to trim the Waco Cubs, 6 to 2, in their opener. The five major explosions accounted for all six runs as Larry Bettencourt's, his twenty-eighth of the season, found a mate aboard. Klona smote two and Storti and Burns one apiece. With all that going on it was a simple matter for Hal Witte to hang up his fourteenth victory.

A pair of brilliant individual performances featured Shreveport's 10 to 4 triumph over the Houston Buffs in their Louisiana inaugural. Old Oscar Tuero, the erstwhile outcast, registered his twelfth win in thirteen starts, placing him far ahead of the pack, and Joe Huarte whose name indicates he might be another son of Cuba, handled 13 chances at second base without a bobble. Piero allowed nine hits but kept the Bison away from the plate except in two in-

ings, his sixth meanwhile, helping on Judd and Joe Brown for 13 safeties.

Profiting by the Buffs' reverse, the ort Worth Cats nosed out Beaumont, 2 to 1, and elbowed into second place. Bill Clarkson, whose lame arm has made him almost valueless to the Panthers, celebrated his return to the bats by holding the Exporters to six hits and blanking them until the ninth. Oscar Eckhardt, with two doubles and a single, got half the Shipper blows.

Dallas completed a clean sweep for the northern clubs by downing the San Antonio Indians, 5 to 2. George Murray turned in a creditable performance for the Steers, allowing nine hits, one a homer by Dandero. The winners bumped Mallickey and Smith for 11 blows.

Political advertising along Georgia highways is barred by law.

## Census Figures

**NEW YORK CENSUS**  
NEW YORK, July 10 (AP)—Complete census figures for the five boroughs show New York holding its place as the second city of the world in population, exceeded only by London.

The final count gives the American metropolis 6,958,792 as compared to 7,742,212, the last available figure for Greater London.

The population of New York exceeds that of any of the capitals of continental Europe, Berlin being third in the world with 4,013,588. Paris has 2,835,414. Chicago with a 1930 population of 3,373,763 is the second in the United States and fourth ranking city in the world.

During the decade since the 1920 census New York has acquired 1,338,744 additional inhabitants, the increase from the 1920 figure of 5,620,048 being a gain of 24 per cent.

Figures for the five boroughs show a decided migration from Manhattan to Brooklyn, the Bronx and Queens. Brooklyn is the largest borough with a total of 2,999,154, a gain of 28.6 per cent. Manhattan dropped from 2,284,103 to 1,856,439, a loss of 18 per cent.

Queens Borough on Long Island had the greatest increase in population during the 10 year period, jumping 130 per cent which gave it a total of 1,082,212. The Bronx gained 78 per cent, going from 732,016 in 1920 to 1,266,734 in the present count. Richmond (Statens Island) is counted at 157,253, a gain of 25 per cent over its 1920 population of 116,531.

## Census Figures

**KANSAS CITY**, July 10 (AP)—On the eve of the deadline set by census enumerators, it was reported that the population within the corporate limits of Kansas City, Mo., is 405,000, that of Greater Kansas City—the continuously urban territory—602,758 while there are 727,725 people within a territory of 30-mile radius.

Thus Kansas City proper takes, for the first time, its place in the 400,000 class.

## News Briefs

(By The Associated Press)

**NEW YORK**—Harry Selridge, honest taxi driver, is in \$250. Miss Caroline Hall, on the way to catch a boat for a cruise around the world, left in his cab a purse containing \$2,000 and \$20,000 worth of jewels. Harry returned them to the hotel whence he had taken Miss Hall, then broke the speed laws to return them to her on the boat and got a reward.

**LONDON**—John Bull is sobering up, not having the D.T.'s as often as he used to. The reason ascribed by Dr. W. K. Willis, superintendent of the London Society for the study of Inebriety, is the high cost of liquor.

## Popular Powder of Beautiful Women

Beauties who guard their complexions use MELLO-GLO Face Powder only. Famous for purity—its coloring matter is approved by the Government. The skin never looks pasty or flaky. It spreads more smoothly and produces a youthful bloom. Made by a new French process. MELLO-GLO Face Powder stays on longer.—Cunningham & Phillips—Adv.

# REDS AGAIN COP FROM CUBS

By HUGH S. FULLERTON, JR.  
Associated Press Sports Writer

The Cincinnati Reds are struggling deep in the second division of the National League, but when the Chicago Cubs, champions last season and contenders for this year's title, come along the Reds step out and play some first division baseball.

The Reds knocked the Cubs clear out of first place in the last few days by winning four games in a row and made it a record of seven victories over Chicago in eleven games played. There seemed to be every reason why Cincinnati should lose the final clash yesterday but they had the champions coming from behind all the way and finally put over a run in the tenth inning to gain a 4 to 3 victory. The Reds were out-hit, 11-10, and seven of them fanned against Charley Root's pitching, but still they had enough punch to squeeze over the odd run.

The defeat dropped the Cubs two full games into second place as Brooklyn took both games of a double header from the Boston Braves. With Dazzy Vance pitching superlative ball, striking out nine while he allowed only three hits, the Robins took the first game 8 to 0. The Braves put up a better battle in the second and it required a home run with the bases full by Del-Bissonette to give Brooklyn a 6-4 decision.

The steadily advancing St. Louis Cardinals picked up another game on the New York Giants and now are only a half game back of third place as the result of their 7 to 6 victory over the Pittsburgh Pirates while New York dropped another to Philadelphia by a 5-4 count. The Giants began taking their poultry census before the final score was hatched and the Phillies jumped on Hubbell as he let up a trifle and won out with two runs in the ninth inning. The Cards added a single run to the group scoring as each team tallied in three run bursts, and that odd counter brought the victory.

The American League celebrated the end of Washington's long winning streak, which came at the hands of the Boston Red Sox in the second game of a double header, but the Senators gained a half game on Philadelphia and led by that margin. Washington continued to use only one pitcher to a game, but Lloyd Brown gave the Red Sox 17 hits in the second contest while Milt Gaston held the Senators to eight, and Boston won, 5 to 1. Washington took the first game, 5 to 2, behind Sam Jones' pitching to make it ten straight.

The Athletics, in second place, had a very bad day against the New York Yankees and went down by a 12 to 6 score. The Philadelphia pitchers were ineffective and the fielding behind them was bad and the result gave New York a dozen runs from ten hits with all the scores coming in three innings. The Yankees still remained 5 1-2 games out of second place after their recent slump.

Once more Babe Ruth provided one of the day's biggest pieces of news by drawing down a three-day suspension because of the previous afternoon's dispute with Umpire Brick Owens. The punishment did

# DEMONSTRATION FOLLOWING ARREST OF GANDHI

not turn out to be very severe as an injury was keeping the Babe out of action.

The struggle among the five trailers in the American League remained unchanged as the pair with the better standings, Cleveland and Detroit, won their games. The fourth place Indians slammed out a 9 to 3 decision over the St. Louis Browns to win their first series in almost a month. They took three of the four games. The Detroit Tigers strengthened

their hold on the top of the second division with a 6 to 1 triumph over the Chicago White Sox behind the pitching of George Uhle. The Tiger hurler did not allow a hit until the sixth inning and only six altogether.

Cutting teeth at the age of 90 was the experience of Mrs. Elizabeth Querry of Bethany, Mo.

Performance of an operetta attracted 19,000 persons to the outdoor theater of the St. Louis Municipal opera.

## To All Who Suffer Stomach Agony, Gas and Indigestion

Money Back if One Bottle of Dare's Mentha-Pepsin Doesn't Do You More Good Than Anything You Ever Used

You can be so distressed with gas and fullness and bloating that you think your heart is going to stop beating.

Your stomach may be so distended that your breathing is short and gaspy.

You think perhaps you are suffocating.

You are dizzy and pray for quick relief—what's to be done?

Just one dessert spoonful of Dare's Mentha Pepsin and in ten minutes the gas disappears, the pressing on the heart ceases and you can breathe deep and natural.

Oh! What blessed relief; but why not get rid of such attacks alto-

gether? Why have chronic indigestion at all?

With this wonderful medicine you can banish indigestion or dyspepsia, or any upset condition that keeps the stomach in constant rebellion and one bottle will prove it.

And how happy you will be when your stomach is as good as new for then dizziness, nervousness, sleeplessness, headache, dull eyes and other ailments caused by a disordered stomach will disappear and you will be your old happy, contented self again. Collins Bros. and every regular pharmacist guarantees one bottle of Dare's Mentha Pepsin to show the way to stomach comfort.—adv.

# HOMES of TEXAS DEMAND SOLID TRAINLOAD of MAYTAGS

*Largest shipment of washers ever sent to the southwest*

**TUNE IN**  
on Maytag Radio Programs over N.B.C. Coast to Coast Network Monday Evenings, Davlight Saving Time—8:00 P.M.—8:00 P.M.—7:00 P.M.—6:00 P.M.—Standard Time is one hour earlier.  
WJZ, New York; KDKA, Pittsburgh; K.Y.W., Chicago; KSTP, St. Paul; W.S.M., Nashville; WREN, Kansas City; KDA, Denver; KSL, Salt Lake City; WKY, Oklahoma City; KTRC, Houston; WFAA, Dallas; KECA, Los Angeles; K.G.W., Portland and Associated Stations.

TEXAS homes have purchased more Maytag Aluminum Washers since January 1st, 1936, than ever before in a like period of time—each month has seen a steady increase and orders from the factory have become larger and larger. NOW comes the largest shipment of Maytags ever sent to the Southwest. A SOLID TRAINLOAD... valued at over a quarter million dollars.

Here is indisputable evidence of prosperity in Texas... EVIDENCE of thrift, because the Maytag pays for itself in time, clothes and money saved... EVIDENCE that the New Maytag is the choice of the majority of homes in Texas as well as all over the world.

FARM HOMES, TOO, prefer the New Maytag, and for homes without electric current, the Maytag is equipped with in-built gasoline multi-motor—the simplest, most compact washer engine built.

THE MAYTAG COMPANY, Newton, Iowa—Founded 1893

# Gasoline Battle Growing Serious

SAN FRANCISCO, July 10 (AP)—

While gasoline prices ranged from eight to fourteen cents a gallon on the Pacific Coast, rumors indicated the price slashing was a fight to the finish with the extermination of weaker retailers as a possibility.

Tacoma motorists were buying gasoline at eight cents, at Los Angeles it sold at ten cents, Seattle at eleven to thirteen cents with similar prices here. It was slightly higher at other points.

"Oil company officials admitted the war" was the most serious ever faced by distributors on the Pacific coast. An independent dealers association here asked Governor Young to class oil companies and gasoline distributors as public utilities under jurisdiction of the state railroad commission. The group also threatened to sell gasoline at wholesale prices next week unless prices were stabilized.

Herbert H. McMillan, vice president of the McMillan Petroleum Company, announced he would ask for federal intervention. Charging gasoline was being sold 7 1-2 cents below production cost "obviously to injure competitors and lessen competition through unfair trade prac-

tices," McMillan said the Clayton act and code of ethics of the Federal trade commission were being violated.
