

GUARDSMEN ORDERED OUT IN EAST TEXAS

SENATOR WALSH IS COMMEMENDED FOR HIS WORK

People Want Reform Measures That Are Promised Them Only by Democrats.

WASHINGTON, Feb. 28.—No member of the United States senate has a larger budget of mail than Senator Walsh of Montana these days. Every post brings him a bundle of congratulations from known and unknown admirers throughout the country.

Literally scores of people—men and women—are volunteering to fill Senator Walsh's scrap book with cuttings of editorials and accounts in which appear kindly mention of his labors as the chief inquisitor of the "crude oil crew."

Now and then thorns come with the roses, but they are few. Extracts from editorial comment in partisan republican newspapers are sent to him occasionally.

Lower Taxes for People. The average congressman's mail is an infallible index of popular opinion and public demands in reference to the country's needs.

One congressman's secretary has for a long time made a point of learning so far as he could the tenor of letters sent to other members of congress.

Underwood Also Is Brought Into Probe Of Fall's Finances

WASHINGTON, Feb. 28.—Another presidential candidate, Oscar W. Underwood of Alabama, was definitely involved today in the senate inquiry into the oil scandal.

Democrats to Clean House. There is coming to be a consensus that it will take a democratic administration to "clean house" in Washington.

There is a recent democratic example of a war on lobbyists and "fixers." President Wilson cleared the capital of this country in 1913 by revealing to the country the way in which certain big trusts had been exerting their influence with republican officials.

There is a recent democratic example of a war on lobbyists and "fixers." President Wilson cleared the capital of this country in 1913 by revealing to the country the way in which certain big trusts had been exerting their influence with republican officials.

The sugar lobby alone, it was shown, was spending \$7,000 a month at its Washington headquarters to defeat democratic tariff revision, and in addition saved \$57,000 in postage by using Senator Lodge's frank to carry broadcast 330,000 copies of a pamphlet, "Sugar at a Glance," under the pretense that it was a speech delivered in the senate.

ATHENS.—Several large crews of men are pushing the construction work on the electric transmission line between Corsicana and Tyler.

Hoof and Mouth Disease In California Is Very Alarming

COURT ANNULS CONTRACT WHICH BINDS COUPLE

Grants Petition of Ada Luse to Cancel Her Marriage to H. E. Luse.

"The course of true love doesn't always run smoothly." At least it doesn't seem to have with H. E. Luse, a former Eastland youth, whose young wife has just obtained judgment in the Ninety-first court of Eastland county annulling their marriage contract.

In August, 1923, Luse, who it is claimed is under 21 years of age, married Ada Smith, daughter of Mr. and Mrs. R. B. Smith, then of Eastland but now residing at Olden. A few hours after the wedding ceremony the parents of the girl learned of the marriage and going to the place where the couple were staying, persuaded the young wife to leave her husband and return to the home of her parents.

Some time ago Ada Luse, through her best friend, filed suit in the Ninety-first district court against her husband alleging in substance that she was only 17 years of age at the time of her marriage to Luse, that she was over-persuaded and that Luse obtained the marriage license and obtained her consent to marry him through fraud.

Attorney General Goes to Chicago, Then to Florida

AKRON, Feb. 28.—"I am still the attorney general." This was the statement of Harry M. Daugherty, as his train passed through Akron early today en route to Chicago. Daugherty was to appear in the federal court in Chicago this morning on government business, the exact nature of which he refused to divulge.

Daugherty refused to comment further on his rumored investigation in connection with the Teapot Dome scandal. Although he said he had planned the present trip for several days, his sudden departure from Washington yesterday came at a time when he was believed to be preparing a statement relative to many reports that he would resign immediately.

RINGLEADER OF CONVICTS JAIL BREAK DIES

Eleven of 27 Who Escaped Recaptured and Posses Are Seeking Others.

HOUSTON, Feb. 28.—Ramon Vasquez, ringleader of the 27 Mexican convicts who saved their way through the floor of the jail pen at the Blue Ridge prison farm Tuesday night and tunneled to liberty through the soft earth, died at Blue Ridge today. He was shot in the back yesterday when he ignored the orders of a prison guard to halt.

**BIBLE THOUGHT.**

**PRAYER FOR WISDOM.**—So teach us to number our days, that we may apply our hearts unto wisdom.—Psalm 90: 12.

**TAXES WILL BE REDUCED.**

The defeat of the proposed amendment to the constitution forbidding future issuance of tax-exempt securities indicates that a bill may be proposed to tax these securities under the sixteenth amendment.

With four separate tax reduction measures before congress the administration has been compelled to waive the demand for the Mellon reduction of surtaxes to 25 per cent, and from all indications will be satisfied with anything below 44 per cent. The wealth of the nation will undoubtedly continue to seek non-taxable investments, but an insistent demand from the public at large that wealth be compelled to pay its fair proportion of government expenses, may result in a more radical measure and possibly the restoration of the excess profits tax.

**EVERY MAN'S GOLD MINE.**  
 Who is there in this broad land who wouldn't like to own a gold mine?

And yet a recent writer tells us that every person on earth is himself a gold mine.

Just think it over quietly and you will be forced to admit that it is true. Your brains, your ability, the precious ore which the world is paying today.

Some people have very little gold in their composition, in others it is so mixed with dross that it is almost indiscernible, and yet in others the mine is so rich that the precious ore is evident at a glance.

Success in life depends upon one's ability to develop his own gold mine. Our life work is to bring out all the gold that is in us, to dig deep—to make the most of one's character, one's opportunities, one's self.

We are like gold miners. We work the claim a little while, and failing to strike pay dirt at once, we quit.

We undoubtedly know that we have talent and ability in certain directions, that if we work earnestly we will attain our heart's desire, but we weary of the hard toil of removing the rubbish and earth, blasting the boulders and sinking the shaft, and too often give up when we are within a few feet of our goal.

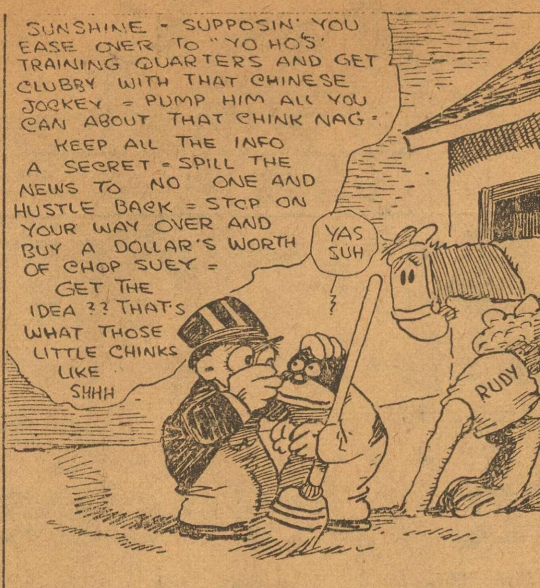

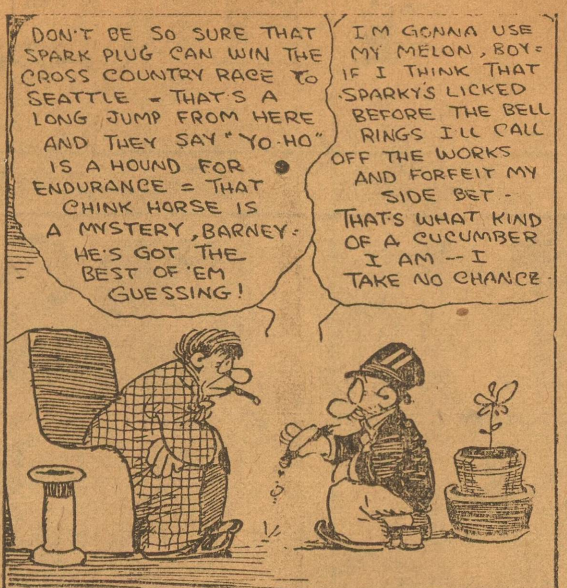

But the gold miner who "gets there," who strikes pay dirt, is the man who keeps everlastingly at it, who never grows faint hearted, but who digs—no matter how many obstacles he encounters.

True it is that we do not all assay alike, but we each have a claim and we will never find the ore by drawing hieroglyphics on the surface with sticks. We must dig, and dig deep, else we might as well have had a single ounce of gold in our mine.

It is possible to make something of one's self, if we just work incessantly, persistently, we will strike pay dirt. It is hard work, patience, perseverance, a mighty effort, intelligently directed, that will enable us to strike the gold bearing vein.

New York state is preparing to distribute \$45,000,000 bonus to 518,364 World War veterans eligible. The bill provides bonus of \$10 a month for every month of service up to \$150.

**BARNEY GOOGLE AND SPARK PLUG—**

**ILLUSTRATED LECTURE IN RANGER, FRIDAY, BY WORLD-FAMOUS SCULPTOR**

The fine skill of Lorado Taft, America's great sculptor, will be exhibited in Ranger Friday night when the artist himself will give an illustrated lecture at the Liberty theater.

"Unlike most sculptors, he is not afraid to make things beautiful. Even in his most costly commissions, involving hundreds and thousands of dollars—his most heroic pieces—while he never neglects strength, he always injects beauty, where admissible, for he sees life in a beautiful way and it filters from his soul through his fingers to his chisel.

Among his most famous large pieces are his "Blackhawk" and "Fountain of the Great Lakes," shown in the illustration, and the colossal "Fountain of Time," on the Midway Plaisance, Chicago.

He is said to be an easy, fluent speaker, full of spontaneity, alive with humor, interesting his audience as he carries them almost unconsciously through an hour of the highest educational value. His lectures are thoroughly illustrated, either by actual processes of modeling or by stereopticon.

His stage properties for this exposition on plastic art include clay, plaster, marble, bronze and the necessary tools, and his discourse includes building up a bust from life; the problem of features, proportion and expression; chopping out a cast; in fact, all trials and perplexities of marble cutting are fully illustrated at each step by the actual process on the stage.

Mr. Taft is coming to Ranger under auspices of the 1920 and eW Era clubs. Tickets for this illustrated lecture are now on sale at the Texas drug store.

**UNIVERSITY EXES TO CONSIDER BUILDING OF TEX. MEMORIAL STADIUM.**

AUSTIN, Feb. 28.—When Texas exes gather for their March 2, banquets in centers all over the United States, they will have presented to them the proposition of building the Texas memorial stadium. At a time when the Texas University student body expects to be celebrating their own great victory in raising funds for the erection of the stadium, alumni and exes will begin their part of the task.

Four pages of mimeographed information concerning the stadium drive, its object, what has been said about it by campus leaders and prominent alumni, and what is expected of each constituent of the body of university supporters, now being sent out from stadium headquarters by Max Fichtenbaum, the executive secretary of the campaign.

"For Texas I Will," the motto which has become almost as popular as the traditional "The Eyes of Texas Are Upon You," quotation is used as the central theme of this summary of the history of the stadium movement. Texas exes are given an idea of how Texas University has been working up to a white heat ever since last fall in the determination to build the stadium. The A. & M. game with its unprecedented victory on Kyle Field is mentioned, and the exceptionally good athletic record of the university teams of 1923-24 is cited.

With the March 2 banquets the actual publicity among the ex-students will start, and a little later the campaigns for funds will start in dead earnest.

**INFANT DIES IN CISCO; GIRL'S DRESS CATCHES FIRE**

CISCO, Feb. 28.—The 11 months old infant daughter of Mr. and Mrs. Jack Hilburn was found dead in her bed this morning when her parents awoke. Death was due to natural causes.

A near tragedy was averted by the quick wits of the teacher and pupils of the grammar school when Helen Pelfrey's clothing caught fire from flames at the open back of a gas stove. Students and the girl's teacher tore the clothes from Helen's body before she was very greatly injured.

The Cisco Chamber of Commerce is working out plans to furnish a market for all the eggs and poultry produced in the Cisco territory. At a recent meeting of the Chamber of Commerce ways and means were also discussed of repairing the road between Cisco and Raylee before the wolf hunt that is to take place at Raylee in April.

Miss Ruth Harlen, who was injured a few days ago by a fall on the ice, is reported doing nicely and will soon be able to again take up her duties as a teacher in the schools.

**GRADE CROSSING TRAGEDIES**  
 AUSTIN, Feb. 28.—Seventy-two persons were killed at railroad crossings in Texas in 1923, according to figures compiled by the state railroad commission. Injuries totalled 256.

**TREASURER'S STATEMENT OF COUNTY FUNDS**

**J. T. Sue Shows Eastland County's Finances for Month of January.**

J. T. Sue, treasurer of Eastland county, makes the following statement of the county's finances for the month of January:

Debits: Jury fund, \$201.46; road and bridge, precinct 1, \$1,019.50; road and bridge, precinct 3, \$2,272.32; road and bond fund, \$28,414.29; courthouse and jail interest, \$6,352.04; total, \$38,259.61.

Credits: Road and bridge fund, \$35,419.56; general fund, \$33,945.54; court house and jail fund, \$1,035.58; state highway and maintenance fund, \$10,998.65; road and bridge fund, precinct 2, \$765.10; road and bridge fund, precinct 4, \$1,022.50; special road and bridge fund (L. G. Hamilton) \$24.32; road bond interest and sinking fund, \$70,335.03; road bond, special, \$1,126.24. Total \$154,672.52.

Totals: Net balance to credit of all funds, \$116,412.91; total of all warrants now outstanding, \$20,704.32; total amount of cash on hand, \$137,117.23.

The balances are distributed as follows: Hanover National bank, New York, \$114,304.75; National City bank, New York, \$266.25; Continental Commercial National bank, Chicago, \$2,301.40; Security State bank, Eastland, \$1,193.50; W. S. Michal, county auditor, petty cash, \$50.00; Continental State bank, Gorman, \$18,362.93, less deposit Inst. Nat. used \$2.50 and less deposit, Jan. 4, 1924, \$15.25, and error in deposit by bank, 50 cents, total, \$18,255.18; treasurer cash on hand, \$206.65; total amount of cash on hand, \$137,117.23.

**SCREEN PRODUCTION OF "MAN WITHOUT COUNTRY" PROVES GREAT SUCCESS**

It struck a high water mark for photodramatics in Ranger this winter. Aside from what a reviewer may say in criticism of "The Man Without a Country," this is certainly his attitude when he comes to comparing this patriotic film shown at the Liberty theatre Wednesday for the first time, with other pictures that have been in Eastland county this season.

The vehicle was used to drive home the blessings of living in the land of Old Glory. That it did it was to be observed in the lobby after the performance; numerous persons were heard to congratulate themselves they were American citizens.

The picture from a production standpoint is remarkable for the historical accuracy in which the details of events, costumes, locations and characters are developed.

The outstanding feature of the picture is the work of Arnold Day, a well known and carefully trained character actor, as Philip Nolan, who in the story is one of the followers of Aaron Burr.

 Continental State Bank of Gorman vs. J. D. Barton, et al., dismissed on motion of plaintiff.  
 J. D. Crutcher vs. L. B. Smith et als, passed by agreement.

**SELECTION OF HATCHING EGGS**

(By M. L. Tierce, Cisco, Texas.)  
 To begin with the first thing for hatchable eggs is good breeding stock, properly cared for. For all fertile eggs are not hatchable eggs. An egg may be fertile and have perfect incubating conditions, and yet contain a germ of life that is so weak that it will not develop into a live chick. Hence the necessity of first giving special attention to the breeding of stock.

The breeders must be properly mated, using well mated stock, vigorous and in good condition at all times, and not have been forced for too early or too heavy egg production. They must be provided with clean, dry houses, with plenty of ventilation, and should be compelled to take plenty of exercise each day, being fed the grain food in a deplorable way, which will make them scratch for some. Give your breeders all the milk and green food they will consume. Lettuce and sour milk are fine to help the fertility of your flock. Be regular in both the feed and the care of your breeders, and above all don't forget sanitation.

**Selection of Eggs for Hatching**—Clean eggs produced in clean nests are all that should be used for hatching. Eggs should be normal in shape and size, and as near the same age as possible—the fresher the better. Discard all mis-shapen eggs and eggs with mottled shells. A mis-shapen egg or mottled egg indicates an abnormal condition on the part of the hen that laid it. Such eggs are usually laid by hens that are overworked or otherwise in a debilitated condition, and are rarely hatchable.

Never wash the eggs that are to be incubated. "Found eggs" from hidden nests should be rejected. Incubate the kind of eggs that you would like for your flock to lay.

Care of Eggs for Hatching—Eggs for hatching should be gathered frequently, to prevent chilling in cold weather, and to keep the germs from starting to develop in hot weather, or on account of broody hens. They are best kept in a room with a temperature of 50 or 60 degrees. They should be turned daily. They should be kept in dry and clean places and away from any undesirable fumes.

Eggs placed in boxes on open shelves in rooms containing gas jets or fires are sure to be spoiled, owing to the fact that excessive warmth liquefies the albumen—so much so that the yolks, on whose upper surface are the life germs, force it aside, and the germs are brought into close contact with lining membranes of the shell. The latter being of a porous nature, are but poor guards against the drying influence of the outer air, and therefore the life germs they enclose either become weakened or fastened to them.

It is an established fact that the hatchability of an egg decreases rapidly after it is four or five days old and every precaution should be taken to take the best care of all eggs that are intended to be incubated.

WILL SILENCE THE SQUAWKERS AT RING FIGHTS

By HENRY L. FARELL, United Press Sports Editor. NEW YORK, Feb. 28.—To curb that greatest prerogative of the fight fan, the privilege of opening his mouth back to the ears and emitting the loud sound of what Babe Ruth calls "the berries," William Muldoon threatens to have a platoon of deputies from the boxing commission at the ringside to give the air to any and all who resort to the razz to relieve their feelings.

Muldoon has evolved the theory that a blue-coat and some brass buttons will be the restraint that will act as the silencer of the squawkers who boo and howl even before the decision has been given.

ANGLERS LOOKING AHEAD TO SPORT IN LAKE CISCO

CISCO, Feb. 28.—Local anglers are looking forward to plenty of sport in Lake Cisco soon. Game fish—croppie, bass and perch—are being placed in the lake in large quantities. As soon as they have attained sizeable proportions, they will be thrown open to the crowds of anglers who are expected to gather.

MARKET OPINION ISSUED TO

JESS TAYLOR & COMPANY NEW ORLEANS, Feb. 28.—H. & B. Beer wired Jess Taylor & Co., of Cisco, as follows: The recovery of the market from low price levels continued Wednesday with a further substantial advance owing to unfavorable advice as to progress of preparations for the next crop, to the continuance of unfavorable weather, and because of better Southern spot advice, the recent low prices being more attractive to buyers.

Conflicting private advice as to the continuance of unfavorable weather in the interior delaying further preparations for the new crop. Already backward, Washington, in weekly review, reported "weather was generally cloudy and cold, wet and unfavorable for farm work throughout the South except in Florida. Very little plowing and other preparations for spring seeding was possible and low temperatures in South Texas were unfavorable for early planted corn and cotton."

Liverpool reported a fair demand for spots and a good inquiry for export. Southern spot advice were more favorable likewise and more business in spots was transacted locally, some for forward delivery.

While the market had a better tone and succeeded in working higher, confidence has not been firmly re-established as yet, and irregular markets are likely until trade buying becomes more in evidence. However, there appears to be a better feeling in all trading centers.

Table with columns: Month, Open, High, Low, Close, and New Orleans Spots. Rows include March, May, July, September, and December.

BASEBALL MEN HERE TODAY FROM 4 TOWNS

Abilene will not send a representative to the meeting of backers of the proposed Oil Belt association, called for 2 o'clock this afternoon in the Ranger Chamber of Commerce rooms. As far as is known all of the other cities and towns represented at the Olden meeting Feb. 14 will have baseball men here.

J. M. Stevenson of Abilene said Wednesday over the telephone that fans of this city were apathetic towards the baseball league proposition and that at two called meetings, he had an attendance of only one. He was through with it, he said.

This will leave five towns—Cisco, Ranger, Breckenridge, Olden, and Thurber, the latter two communities to have teams backed by big oil companies.

Albert Ridings will be able to give the league backers word that Ranger will be definitely in the league. Two companies, with headquarters in Ranger, through their executives, have told backers of the Ranger team that there will be places for athletes who wish to work here this year.

The withdrawal of Abilene as a possible league member leaves five teams in the loop and this will present one of the major problems to be handled this afternoon. With Abilene in it, there would have been an even number. Now another city must be hooked up or failing in that, one of the five communities must be dropped.

TULSA SHORTSTOP SIGNED

BY BOSTON RED SOX DENVER, Feb. 28.—Dudley Lee, star shortstop for the Tulsa Western league team last year, has signed a contract with the Boston Red Sox.

OVER-SEVENTY CLUB IS ORGANIZED IN WHITESBORO

SHERMAN, Texas, Feb. 28.—"Are you seventy?" That ripe old age is the essential requisite for membership in a club formed at Whitesboro, near here.

The 40 members are all over 70. Meetings are held weekly.

DON'T GIVE UP HOPE YET

Even if you have about decided that you are destined to have those pimples, blotches, bumps, eczema, rash, scrofula, tetter, "breaking out," etc. the rest of your life you will be surprised that you are mistaken if you will simply begin using the wonderful Black and White Ointment.

Black and White Ointment is now selling at the tremendous rate of nearly two million packages a year. Any dealer can supply you. Be sure you get Black and White Ointment, because it is the one people are depending on to get rid of their skin troubles and worries. The 50c size contains three times as much as the liberal 25c size.—Adv.

Laredo Oil Pool Looks Favorable, Says Ranger Man

A. L. Bergere, general manager of the El Dorado Oil & Gas company, with offices in Ranger, on his return from Laredo, Texas, last night expressed himself favorably on the prospects of a Laredo oil pool. The El Dorado has about 2,000 acres in the Laredo country.

Bergere went to Laredo in connection with the contracting of some acreage to responsible operators for drilling purposes.

The El Dorado has 1,500 acres about two and one-half miles from the big gasser reported to have come in for 125,000,000 cubic feet. This same block is also about five miles from the oil well reported in news dispatches to have gushed 10,000 barrels on the initial flow. The well is understood to have settled down to 7,500 barrels. The company also has several smaller tracts, one of them, 40 acres, being about one-quarter of a mile from the huge gasser.

The El Dorado will have drilling done on their holdings to prove up the field and may soon do their own testing. H. J. Mendenhall, field superintendent of the company, said today. The company owns standard

EFFORT TO BE MADE TO ABOLISH THE DEATH PENALTY IN ENGLAND

LONDON, Feb. 28.—Should the death penalty be abolished? With the advent of the labor government the old controversy has been revived in England with renewed vigor.

Rhys Davis, M. P., under secretary for home affairs, has promised that in the near future the subject will be inquired into with care and a final decision reached disposing of the question once and for all so far as England is concerned. The home secretary has the power to reprieve and many holders of the office have felt most poignantly the terrible responsibility of the decision as to whether a person should be hurled into eternity or not.

Are We Extravagant? Here are some costs on Studebaker cars— Would you have us cut them down?

WE are lavish on Studebaker cars. For some features we pay three and four times what they need cost. Here are some of those costs which affect you. Tell us—would you want any one reduced? Our prices on high-grade Sixes run from \$1025 to \$2685. They stand at bottom in the fine-car field, despite these extra costs. All because the demand requires 150,000 cars per year. But they could be lower if we cut these costs. Would you have us do it?

Engineering—\$500,000 Our engineering departments cost us \$500,000 yearly. Our Department of Research and Experiment employs 125 skilled men. It spends vast sums in analyses and tests. Our Bureau of Methods and Standards fixes every formula, every requirement. It makes 500,000 tests per year to maintain our high standards. We make 30,000 inspections on every Studebaker car during manufacture before it goes out of the factory. We employ 1,200 men to do that. Those are heavy costs. But remember how they are divided—by 150,000 cars per year. They form but a trifle per car.

formulas exact. We could save that extra on "commercial runs." We are one of the very few builders, either in Europe or America, using crankshafts machined on all surfaces. It costs us \$600,000 a year to give you this. But it results in that smoothness of operation, that lack of vibration which characterizes only the most expensive cars. Every Studebaker car is Timken-equipped. The Special-Six and the Big-Six have more Timken bearings than any car selling under \$5,600 in America. The Light-Six more than any competitive car within \$1,500 of its price.

Our engineering departments cost us \$500,000 yearly. Our Department of Research and Experiment employs 125 skilled men. It spends vast sums in analyses and tests. Our Bureau of Methods and Standards fixes every formula, every requirement. It makes 500,000 tests per year to maintain our high standards.

Studebakers hold the top place in the fine-car field today. Last year, 145,167 people chose them against all rivals. They paid \$201,000,000 for them. For 72 years the Studebaker name has stood for the utmost in quality. It will never stand for less. Today there are assets of \$90,000,000 staked on the Studebaker cars. Don't pay \$1,000 or more for a car without knowing what Studebaker offers. You will find here some scores of advantages. Learn what they mean to you.

The many extras on our large closed cars would cost much if you bought them. The nickel-plated bumpers, the extra disc wheels and cord tires, the steel trunk, the courtesy light, motometer, etc. Extras to our men We pay the highest labor scale. Then we add extras to it. Men who are with us five years or over get 10% of their year's wages in an anniversary check. Those anniversary checks last year cost us \$1,300,000. After two years all employees get a week of vacation with pay. That cost us last year \$225,000. Old employees who retire get pensions. All this to keep men with us while they grow more and more efficient. To make them happy, so they do their best. This is all paid by people who buy Studebaker cars. But we figure that each such dollar saves us five dollars. Don't you agree with us?

Our engineering departments cost us \$500,000 yearly. Our Department of Research and Experiment employs 125 skilled men. It spends vast sums in analyses and tests. Our Bureau of Methods and Standards fixes every formula, every requirement. It makes 500,000 tests per year to maintain our high standards. We make 30,000 inspections on every Studebaker car during manufacture before it goes out of the factory. We employ 1,200 men to do that. Those are heavy costs. But remember how they are divided—by 150,000 cars per year. They form but a trifle per car.

Studebakers hold the top place in the fine-car field today. Last year, 145,167 people chose them against all rivals. They paid \$201,000,000 for them. For 72 years the Studebaker name has stood for the utmost in quality. It will never stand for less. Today there are assets of \$90,000,000 staked on the Studebaker cars. Don't pay \$1,000 or more for a car without knowing what Studebaker offers. You will find here some scores of advantages. Learn what they mean to you.

The utmost in car value The object is to give you the utmost in car value. You will find we do that if you make comparisons. In any Studebaker model, you will find scores of ways in which it excels any rival car. That is why, in the fine-car field, the Studebaker leads. The demand has almost trebled in the past three years. These cars have become the sensation of Motordom. On some of these models we have never yet been able to meet the demand. We spend money lavishly. We build without regard to cost. But, in our quantity production, we still bring costs to bottom. You should learn what these things mean to you before you buy a car.

\$50,000,000 in plants We have invested \$50,000,000 in modern plants and equipment. \$8,000,000 in drop forge plants, \$10,000,000 in body plants—as the only way to do Studebaker coach work. These plants are equipped with 12,500 up-to-date machines, many of them very expensive. But consider the alternative. Profits to other makers. We save up to \$300 for you by building Studebaker bodies in our own body-plants. 15% extra on steel On some steels we pay a bonus of 15% to the maker. Just to get out

Other costly extras Our bodies are finished with 18 operations, including 15 coats of paint and varnish. We use real leather upholstery. We could cut the price of our open models \$25.00 were we willing to use imitation instead of genuine leather. We upholster our closed models in the finest Chase Mohair. Cotton or ordinary wool, or a combination of both, would enable us to reduce our price from \$100 to \$150 per car. But we would thus sacrifice Studebaker quality and reputation.

find scores of ways in which it excels any rival car. That is why, in the fine-car field, the Studebaker leads. The demand has almost trebled in the past three years. FRIDAY EVENTS

XXth Century club meets at 1:30 o'clock with Mrs. G. C. Barkley.

Ranger Literary clubs hold open house at Gholson hotel 4 to 5 o'clock honoring Lorado Taft, sculptor and lecturer.

DELPHIANS COME TO END OF YEAR'S SESSIONS

The last meeting of the Delphian yearly session was held this morning at the Gholson hotel. The next meeting will be the annual election of officers and a special effort will be made to get all members out for this important event.

The lesson for today on Rome and her early government was given by Mrs. Buchanan, Bohning, Harkrider, Fitch, Moyer and Jennet. The special subject for discussion was the menace of modern machinery.

Topics for next lesson were assigned to Mrs. Bohning, Carroll, Dillingham, Stafford, Hagaman and Jennet. The four remaining topics will be assigned and reported later.

SPECIAL RECEPTION FOR LORADO TAFT PLANNED

The club women of Ranger will keep open house at the Gholson hotel on Friday afternoon from 4 to 5:30 o'clock in honor of Lorado Taft, famous sculptor and lecturer who is to appear at the Liberty theatre Friday night in an illustrated lecture entitled, "Glimpses of a Sculptor's Studio."

This reception is open to all citizens of Ranger, whether members of a club or not and all are cordially invited to meet Mr. Taft.

CHEERFUL WORKERS PLAN ANOTHER DINNER SOON

Members of the Cheerful workers of the Christian church met Wednesday at the home of Mrs. W. H. Dyer and planned for a chicken dinner to be given next Thursday in the Poe building on Marston street.

PERSONALS

Mr. and Mrs. Harry G. Jones have returned from Brownwood where they were called by the fatal illness of Mrs. Jones' father, Mr. H. M. Daniel.

TWO INVITATIONS FOR EASTERN STAR MEMBERS.

The Ranger chapter, Eastern Star is invited to a social meeting of the Thurber chapter next Saturday night at 8 o'clock. All members expecting to attend are asked to phone at once to Mrs. P. F. Davis or Mrs. Dreinhofer.

The Strawn chapter, inviting the Ranger chapter to a social meeting next Tuesday night. The ladies at Strawn would like to know, as well as those at Thurber, how many are to attend from Ranger. Members are requested to phone at once to Mrs. Davis or Mrs. Dreinhofer if they expect to attend either of these entertainments.

CASE OF HORACE GREER IS POSTPONED AGAIN

LOS ANGELES, Feb. 28.—The case of Horace Greer, chauffeur for Mabel Normand, film-star, on charges that he shot and attempted to kill Courtland S. Dines, Denver oil man, was again postponed, this time until March 19.

ANNUAL COUNT OF SCHOLASTICS NEAR AT HAND

Teachers in Ranger Will Be Asked to Volunteer Their Services.

Ranger public school teachers will be asked to volunteer their services as scholastic census takers when the city school institute meets in the high school building Saturday.

The scholastic figures must be gathered in March and the enrollment work will be done under the direction of J. M. Dodson, school tax collector and assessor. The purpose of the work is to enroll every white and negro child who will be over 7 and under 18 years of age on Sept. 1, 1924, and whose parents are residents of Ranger.

The parent or guardian must certify that he or she has not been enumerated in Texas for the scholastic year beginning Sept. 1, 1924, and ending Aug. 31, 1925.

The Ranger school district will receive so much per capita for every boy and girl enrolled. Last year this district enrolled 2,022 pupils and received state aid to the amount of \$24,264, at the rate of \$12 per capita.

The Ranger district led all other districts of the county last year by a wide margin. Cisco was the nearest with 1,473 whites and 16 negroes or a total of 1,489, which gave the district \$17,868. Eastland had 1,390 whites and 26 negroes or a total of 1,416, and state aid amounted to \$16,992. Older had 237 pupils, all whites, and for this enrollment was given \$12,844.

The census takers will work in pairs, and will be assigned a district that comes within the school division or ward in which they teach. The census roll as made out from the enrollment blanks will contain the name of the child, postoffice address, name of person rendering the child, the age and sex of the child.

DALLAS CITY DETECTIVE FACES FEDERAL CHARGE

DALLAS, Feb. 28.—Cal Baird, former member of the city detective force here, has been charged with violating the Federal Dyer motor vehicle act. A complaint filed with federal authorities charged he transported an automobile from Greenville to Durant, Okla., in Sept., 1922, knowing it to be stolen property.

U. S. MARSHALL RECOMMENDS FEE FOR REST CURE

DALLAS, Feb. 28.—Victims of nervous diseases should take a rest cure in the federal penitentiary at Leavenworth, Kan., according to Sam L. Gross, United States marshal for the northern Texas district.

It is no punishment to be confined in Leavenworth, Gross asserts, but instead affords "the finest opportunity in the world" for nervous people to rest and recuperate.

"Any prisoner who behaves himself no matter what his sentence may be, can enjoy the greatest amount of liberty," declared Gross following his return from the federal prison.

STATE'S GENERAL FUND SHOWS LARGE DEFICIT

AUSTIN, Feb. 28.—The state treasury general fund deficiency at this time is approximately \$4,000,000, the lowest in six months. State Treasurer Terrell has issued a call for payment of registered warrants up to and including No. 40,500, representing \$366,890.

AUSTIN, Feb. 28.—An order was issued today by the railroad commission permitting the Louisiana Railway and Navigation to issue \$200,000 stock and \$2,053,000 bonds on its 182 miles of railway in Texas.

DANGERS OF A COLD

Ranger People Will Do Well to Heed Them.

Many bad cases of kidney trouble result from a cold or chill. Congested kidneys fall behind in filtering the poison-laden blood, and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Pills at the first sign of kidney trouble. Here is an experience told by a resident of this locality.

W. D. Baker, contractor, 207 Franklin st., Weatherford, Ill., says: "I strained my back and caught a cold which seemed to go right to my kidneys. My kidneys were irregular and the secretions were unnatural. My back just across my kidneys was sore and painful. It seemed the muscles in my back and sides were tied in a regular knot. Knowing the benefit of Doan's Pills, I got some. After taking two boxes of Doan's Pills was cured of the attack and I have had no trouble since."

TAX NOTICE

On and after March 1st there will be penalty of 10 per cent added to all unpaid city taxes.

C. A. LOVE

Tax Collector

WOULD STOCK HAGAMAN LAKE WITH FRESH FISH

Stocking Hagaman lake with young fish was the idea advanced today at the luncheon of the Lions club. A committee was appointed with F. A. Brown, chairman, to confer with the directors of the Ranger Country club and M. H. Hagaman, landowner, on the feasibility of the project.

The fish would be protected the first several years against fishermen by the watchfulness of the caretaker of the Country club and the water-works plant engineer or pumper. The fish would be obtained from the state hatchery.

"KLAN OF THE NORTH" PROFOGED IN INDIANA

MUNCIE, Ind., Feb. 28.—Klu Klux Klansmen from Illinois, Ohio, Michigan and other northern states will meet here on March 24 to discuss formation of a "Klan of the North." Announcement of the convocation was made by the local Klan. It stated that free speech had been suppressed and other rights taken away by leaders of the present organization.

ONE KILLED IN RIOT GARMENT WORKERS

CHICAGO, Feb. 28.—One man was shot when 1,000 striking garment workers rioted today. Rioting was general. A double cordon of police was placed at downtown factories to quell threatened disorders.

Women strikers picketed factories and joined with striking male workers in an attempt to induce non-union employes to leave their work.

"TIE TOURISTS" FIND MONEY SCATTERED IN THEIR PATH

RENO, Nev., Feb. 28.—"Rolling stones" gathered at least \$5,000 worth of money when a bag containing \$10,000 in one dollar bills fell under a train at Coburn Junction. The ten thousand bills were scattered along 125 miles of right of way. Officials who recovered about half of the money said the balance was undoubtedly picked up by "tie tourists."

OPERATION ON WOMAN FOR "LUMPY JAW" SUCCESSFUL

DALLAS, Feb. 28.—Physicians at Baylor hospital here performed a successful operation on a woman from East Texas for actinomycosis, or "lumpy jaw." This disease, although common among cattle, is rare among human beings, and this was the first case of its kind here in years. The affliction, it is said, is usually contracted from cattle.

TIPS FOR TAX PAYERS

In computing his net income for the year 1923 a tax payer may deduct from gross income all losses, incurred not only in his business, trade or profession, but in any "transaction entered into for profit" not compensated for by insurance or otherwise.

To be allowed, losses not incurred in trade or business, must conform closely to the wording of the statute. For example, a loss incurred in the sale of a tax payer's home, which at the time of purchase was bought without intention of resale, is not deductible because it was not a transaction entered into for profit.

Losses sustained in the operation of a farm as a business venture are deductible. If sustained in the operation of a farm merely for the pleasure or convenience of the tax payer, such losses are not deductible.

SAGE TEA DANDY TO DARKEN HAIR

IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Adv.

Safety First

Fires and destruction of property mean great losses to individuals and to communities. The savings of a life time may be swept away in a few moments' time. An adequate insurance policy is the only sure protection.

After March 1st a 6 per cent reduction on fire rates.

CHILDREN IN SCHOOL URGED TO DRINK MILK

Increased Daily Use Shows Effect of Talks by Miss Nixon, Health Nurse.

Milk as a food is being made increasingly popular through talks made to public school children of Ranger by the school health nurse, Miss Faye Nixon. Her report for the first semester shows that a total average of 130 children were drinking milk daily.

Fifty of this number were buying it and 80 were drinking the white fluid as a result of the fund established by the Child Welfare club.

First aid cases to the number of 777 were cared for by Miss Nixon. She also examined 1,800 children in the months of September, October, November, December and January.

Taking a page from the health nurse's record for one day provides interesting reading. For example the record for Feb. 8 shows:

Seven children treated for skin eruptions.

Two sprains.

Swabbed three throats.

One child examined and found to have mumps; sent home.

Wrote five sick excuses.

Weighted all children of first and second grades—about 120.

Put one disjointed thumb in place.

The report shows that 207 school children were examined by their family doctors on the recommendation of the nurse. She also took 37 children either to a dental surgeon or physician.

Conferences were held with 47 mothers about the health of their children. Nineteen home calls and 25 business calls were made.

Miss Nixon made six talks to gatherings of the P.-T. A.

Dental work was done on 135 children and eyes of 14 children cared for. Tonsils were removed from eight children.

GOV. SMITH SIGNS STATE BONUS BILL FOR SOLDIERS

ALBANY, N. Y., Feb. 28.—Governor Smith today signed the \$45,000,000 bill to provide a state bonus for world war soldiers.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out.

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowis Mentho-Sulphur and use it like cold cream.—Adv.
