LENIN, RUSSIAN SOVIET LEADER, IS DEAD

ENGLAND LISTENS AGAIN TO VOICE OF PEOPLE

LABOR LEADER IS PREMIER OF GREAT BRITAIN

Ramsay MacDonald Succeeds Stanley Baldwin as Prime Minister.

LONDON, Jan. 22.—Great Britain, greatest of the few remaining monarchies, placed the bars of state today in the hands of a government of the labor class.

Stanley Baldwin, leader of the conservative party, and representing the old order of things in England, tendered his resignation and that of his ministers to his sovereign this afternoon.

A few moments later, the king called on Ramsay MacDonald to form the first labor government in the history of the British empire, the first of its kind in the world.

Without a shot being fired or a blow struck, the power and authority of affairs in Great Britain passed from the most conservative group of ministers ever chosen to guide the destinies of a great nation to the most advanced group ever called to the helm of a government recognized by all powers.

King George, figure head of what may yet be the last of the old regime, summoned to the office of prime minister a man who has frankly and openly advocated a levy upon the nation's capital and an end to the system that has maintained the monarchy where it is today.

The passing of the Baldwin government was accomplished without any undue excitement shortly before midnight in the house of commons Monday. The vote of the house was an anti-climax of what had gone before. When the members arose for a division, the result was a foreseen conclusion. It was taken on a labor motion that Baldwin and his ministers had not the confidence of the house.

This morning the formalities that accompanied the change of government in Great Britain were gone through with. Stanley Baldwin and his cabinet conferred briefly at No. 10 Downing street and the prime minister then drove to the palace and placed his resignation in the hands of King George.

WOOL AND MOHAIR MEN TO MEET AT SAN ANGELO

SAN ANGELO, Jan. 22.—The West Texas Chamber of Commerce in connection with the West Texas Wool and Mohair association has called a meeting of various persons interested in the sale and concentration of wool and mohair, to be held in San Angelo, Saturday, Jan. 26.

HOMESEEEKER RATES NOW FOR WEST TEXAS POINTS

AMARILLO, Jan. 22.—S. J. Cole, district manager of the West Texas Chamber of Commerce, announces today that homeseekers rates at points in West Texas are now being authorized by the Frisco, Santa Fe and Rock Island lines.

Washington Buzzing Over Oil Scandal

WHITE HOUSE IS AROUSED BY OIL SCANDAL

Department of Justice Is Instructed to Investigate Teapot Dome Lease.

WASHINGTON, Jan. 22.—President Coolidge has ordered Attorney General Daugherty to send department of justice agents to the senate committee investigating the leasing of the Teapot Dome naval oil reserve with an offer to look into the leasing of the reserve to the Sinclair interests.

It was indicated at the White House that further investigations were being made, but could not be discussed at present because they might draw out the sources of information. The government does not wish to cast suspicion on any individual, but rumors have reached the White House that are too grave to be overlooked and the investigation must proceed, the White House spokesman indicated.

The department is said to be prepared to go the limit against any person, whatever his present or past position, if anything is developed to warrant prosecution. If any irregularity be found, the department of justice will take whatever action is necessary to bring the guilty to justice.

33 WARD SCHOOL PUPILS ENROLL IN RANGER HIGH

Enrollment for Entire Year Is Expected to Reach 400; Sets New Record.

Thirty-three new freshmen have been enrolled at the Ranger High school for the second semester, who are graduates of the Cooper and Central ward schools. There were no mid-term graduates from the Young school. There were also several new students, who are either re-entering school or have moved to Ranger with their parents.

The large enrollment of new pupils is the basis for the hope of high school authorities that the total enrollment for the year will exceed 400. A total of 390 have been enrolled to date, which includes 354 for the first semester and 36 for the second semester.

Approximately 290 students, enrolled for the first term, will start their second term at Ranger High. J. W. Overall, principal of the high school, said today. With the 36 or more additional students, this will make a total of 326 enrolled for class work the second term.

The figure 326 approximates the total enrollment at the high school at the end of the first week of school in September. The decrease in attendance the first semester is due to different causes, among them the removal of families to other localities and the dropping out from class of pupils, who didn't make the grade, or for purely economical reasons.

FIRE DESTROYS PAPER WAREHOUSE IN CHICAGO

CHICAGO, Jan. 22.—Several firemen were injured and property damage estimated at \$150,000 was caused today by a fire that destroyed the warehouse of the Western Paper Stock company here. The fire, which for a time threatened the St. Luke's hospital, was brought under control when more than a dozen fire companies were called out.

Athletic Club's Membership Drive Bringing Results

Results from Monday's work, the first day of the American Legion Athletic club's drive for membership, were entirely satisfactory, according to those in charge of the drive.

There are two divisions of the work, the "Odds," captained by Miss Beulah Frost, and the "Evens," under the captaincy of Mrs. R. R. Mizell.

At 12 o'clock yesterday, pupils of the Eastland High school paraded around the square and the gym class staged a number of stunts, including chariot races between the boys and the girls. A race was also put on by the Boy Scouts.

At 1 o'clock addresses were made in connection with the drive. Among the speakers were Judge N. N. Rosenquest, Judge Sewell, Horace Butler and Mrs. J. B. Nunn.

THREE RANGER MEN BEING MENTIONED FOR OFFICE OF SHERIFF

The names of four men are being mentioned as likely candidates for the office of sheriff of Eastland county, subject to the Democratic primary this year.

These men are Gene Reynolds, Dee Sanders and O. V. Davenport of Ranger, and a Mr. Robinson of Gorman.

Reynolds was formerly chief of police of Ranger. Sanders has been a resident of Ranger for five years, part of the time being in the retail grocery business. He is now a salesman with the Leveille-Maher Motor company.

Davenport has served for more than a year as chief of police of Ranger. Little is known of Robinson here, other than that it is said he is casting his eyes at the office now held by Sheriff Dug Barton.

None of the men has made an announcement as to his candidacy, but their names have been linked with street rumors by men who are watching the county political pot which, they say, will begin to boil in February.

LARGER FINES COLLECTED BY POLICE DEPARTMENT

Police fines collected by the Ranger police department for the first half of January, 1924, were more than three times as great as the total fines collected for the corresponding period of January, 1923.

A total of \$245.60 was collected for the first two weeks of January, 1924, and \$78.50 for the same period of last January, the records at the city hall show.

O. V. Davenport, present chief of police, took charge of the department one year ago this month. He was appointed chief Jan. 3, when R. M. Hammett, acting chief, resigned the office. Hammett was serving interim following the dismissal of J. M. Cornett.

ORGANIZATION OF SALT COMPANY URGED AT MIAMI

MIAMI, Texas, Jan. 22.—The local unit of the West Texas Chamber of Commerce has placed before local parties the matter of the organization of a salt company here, purposing the organization of a corporation with a capital stock of \$50,000, for the purpose of producing salt from the salt beds in the Panhandle. A tract of 675 acres of land has been secured for this company. It is said that there are large salt deposits throughout the Panhandle.

CHARLES SCHWAB ARRIVES IN RUHR ON SECRET MISSION

ESSEN, Germany, Jan. 22.—Charles M. Schwab, American capitalist, arrived here today reportedly for the purpose of conducting business negotiations with Ruhr industries. He refused to disclose the purpose of his visit to the occupied area, other than that he came to

POOL OF OIL IS LOCATED AT EDGE OF CISCO

Crude Petroleum Is Reported Rising 2,600 Feet in Well 3,480 Feet Deep.

Ranger oil men today turned their interest to the Luse well, south of Cisco a short distance, which was standing 2,600 feet in oil this morning, according to telephonic advices from that city. The well has been drilled 3,480 feet. The gravity was reported to be 42 degrees.

The city of Cisco has been watching this well with genuine interest, for it is the first well to be drilled so close to the city limits, it is said.

The pipe line department of the Humble Oil company advised the Ranger offices of the company by phone this morning that the "well looked mighty good." A crowd went out to the well this morning when news spread about that it was standing in oil.

The well was first started by the Drury interests and more recently it was taken over by the Arjon-Mayhew drilling interests of Cisco.

The Luse well was the chief topic wherever oil men gathered this morning. A great number of men got in their autos and drove over.

OPPONENT OF BRITISH RAILWAY STRIKE HOPEFUL

LONDON, Jan. 22.—"The position today is better than it was Monday," G. H. Thomas, head of the National Union of Railway Men, who opposes the strike of railway engineers and firemen, said today, commenting on the nationwide walkout which is extending its paralysis throughout the country's transportation system.

Numbers of the N. U. R. demonstrated their loyalty to the leaders who counseled them not to strike. Low water pressure handicapped the work of the fire fighters, it was said.

WOMAN WHO HAS LIVED OVER A CENTURY NOW BUILDING A NEW HOME

SEGURDO, Colo., Jan. 22.—Mrs. Robette Marez, recognized as the oldest woman in the United States, is building a home here at the age of 135 years.

Mrs. Marez was born in Mexico in 1789, records show. She has three grandchildren over 40 years of age and a number of great grandchildren.

CARPET TACK REMOVED FROM LUNG OF BABY

PHILADELPHIA, Jan. 22.—Physicians at the University hospital, attending Cletus Moore, 8-month-old St. Louis baby, from whose left lung a carpet tack was removed is reported to be showing signs of development of pneumonia.

"If we can check the pneumonia the baby will be able to leave Wednesday or Thursday. The operation was absolutely successful," one of the doctors said.

ANDERSON CHARGED WITH WISH TO FOOL ROCKEFELLER

NEW YORK, Jan. 22.—The name of the Rockefeller family was brought into the trial of W. H. Anderson, indicted head of the New York Anti-Saloon league. E. G. Phillips, who was under contract to solicit funds for the league, was quoted by Assistant Attorney Pecora as saying that Anderson wanted a salary contract with the solicitor because he wanted to "fool the Rockefeller."

GEDDES BRINGING DRAFT OF NEW LIQUOR TREATY

LONDON, Jan. 22.—Sir Auckland Geddes, British ambassador to Washington, has been authorized to hand to Secretary of State Hughes a draft of the Anglo-American liquor treaty, which has been approved by the British government.

Bok Offers to Let Senate Committee Select Peace Plan

WASHINGTON, Jan. 22.—Answering charges by members of the senate propaganda investigating committee that his \$100,000 peace plan had been selected by a "picked jury," Edward W. Bok today offered to let the senate committee select a plan itself from the 22,000 submitted in the contest. He said he would pay the author of the plan selected by the senate committee \$100,000 and would pay all expenses of a nationwide referendum on the plan.

THREE BUSINESS HOUSES IN FORT WORTH LOSE IN DISASTROUS FIRE

FORT WORTH, Jan. 22.—Fire of a mysterious origin early Monday night, partially destroyed a half-block of property in the heart of the Fort Worth business district, and caused an aggregate loss estimated unofficially at more than \$100,000.

The two-story stores of Gans company, the Fifth Avenue shop and the Vogue, all carrying big stocks of women's ready-to-wear were water soaked. The drum Seed & Floral company also suffered a loss.

Nine streams of water played on the seething flames that illuminated the business district. Huge crowds surged around the burning buildings, making it necessary for uniformed officers to patrol the blocks surrounding the buildings.

Low water pressure handicapped the work of the fire fighters, it was said.

High School Girls, Victims of Vice Ring in Columbus

COLUMBUS, Jan. 22.—With 14 persons under arrest and warrants on others to be served, Columbus city officials today began an investigation of an alleged vice ring involving some high school girls.

Mrs. Rachel Shipley has been arrested on a charge of keeping an immoral resort and contributing to the delinquency of her own daughter, Mollie, 15.

It is charged that a number of high school and grade girls have been decoyed to her home for immoral purposes. Some played truant frequently and kept clandestine appointments with older men and high school boys at the Shipley home, it is alleged.

FAITHFUL BUT MISINFORMED BULL DOG KEEPS WATCH

KANSAS CITY, Jan. 22.—A bull dog, faithful to its master and mistress, stood guard today while the aged couple took their lives by poison in the shabby quarters where they lived.

Neighbors of Mr. and Mrs. Myron Sherman heard their groans and tried to enter the room, but the determined partner to the suicide pact growled and voiced his disapproval. When the police arrived both the old people were dead and the dog allowed them to enter.

The couple were said to be without food or money and the rent was due today. They came here from Omaha three years ago and were owners of a prosperous saloon in Council Bluffs until five years ago.

ELBERT BLEASE OF CISCO DIES AT HOT SPRINGS

Elbert Blease of Cisco, one of the owners of the Blease Motor company of Cisco, died at Hot Springs, Ark., Monday, according to reports received here today.

He had gone there for his health, following an operation in a Cisco hospital some time ago. He had been ill for several months.

The Blease Motor company is the sales and service agency of the Ford Motor company in the Cisco district.

TEAPOT DOME HOLDS INTEREST OF CONGRESS

Senate May Summon Fall and Sinclair to Testify; Looking for Sinclair's Books.

WASHINGTON, Jan. 22.—All the legal powers of the government will be called on, if necessary, to get at the truth of the Teapot Dome lease, it was declared in the senate today in the light of the sensational disclosures which have begun to come to life. More subpoenas may be issued immediately, including a summons to Albert B. Fall, former secretary of the interior, to come to Washington from New Orleans for examination by the senate investigating committee.

A search was begun today for Harry Sinclair's books. Sinclair may be brought back from Europe, where he cut last week, to disclose certain information to the committee, which is determined to force the truth from reluctant witnesses.

The Teapot Dome question has become the biggest question before congress and, for the time being, is dwarfing the issue of tax reduction. It is believed the truth is coming out and it is said that probably all the leases on naval reservations will be cancelled by congress.

Developments have been rapid since yesterday afternoon, following the testimony of Archie Roosevelt, son of the former president, that he resigned his connection with the Sinclair interests because of a suspicion of a scandal in connection with the leasing of the Teapot Dome oil reservation.

Roosevelt testified that he had been advised by G. D. Wahlburg, private secretary for Harry Sinclair, to resign to guard his good name and reputation and that Wahlburg had told him "somebody may have loaned money to Mr. Fall."

Wahlburg followed Roosevelt before the committee and testified that Roosevelt has misunderstood him.

FALL IS SUBPOENAED TO TESTIFY BEFORE COMMITTEE

NEW ORLEANS, Jan. 22.—A subpoena for former Secretary of the Interior Albert B. Fall, to appear before the senate committee investigating the Teapot Dome naval reserve oil lease was served on the former secretary today. He was in the lobby of the Roosevelt hotel when Deputy United States Marshal Moseley read him the summons.

Fall said he would accept the subpoena and go to Washington as soon as possible, but he would ask sufficient time to take his wife, who is ill, to San Antonio, Texas.

HARRY SINCLAIR DENIES PAYING MONEY TO FALL

LIVERPOOL, Eng., Jan. 22.—"I never gave any money to Albert B. Fall," Harry Sinclair said on his arrival here today by steamer from New York, referring to the charges that he had paid Fall for the lease of the Teapot Dome oil reserve. Sinclair also denied that he had left New York secretly, as charged by Archie Roosevelt in testifying before the senate committee yesterday.

EXPERTS CONSIDERING NEED OF GERMANY FOR INDEPENDENT GOLD BANK

PARIS, Jan. 22.—The committee of experts, headed by W. H. Dawes, after questioning Herr Schacht, director of the Reichsbank, decided that the rehabilitation of Germany necessitated the creation of an independent gold bank. This step propose to partly establish with foreign capital and with a free gold reserve and foreign currency.

DEATH CLAIMS VICTORY AFTER LONG STRUGGLE

Bolshevik Chieftain Who Overthrew Order of the Czars Joins Former Emperor.

MOSCOW, Jan. 22.—Lenin is dead.

The man who led the Russian revolution and overthrew the long-established order of the czars passed away at the moment when his party was beginning to reap the fruits of his labor. Ill for many months, the bolshevik leader died while others were carrying on the soviet government he founded.

Lenin had become an enigma to his countrymen. Living in seclusion, his condition had been carefully concealed from the world. It was known he had suffered a form of paralysis and that famous specialists had come from afar to treat him. Only a fortnight ago it was reported he was getting well. He went hunting Christmas day—the Christmas of the capitalistic countries he scorned—and again on New Year's day. His early return to participate in Russian affairs even was rumored.

No one from the outside world was permitted to see Lenin. He was kept closely guarded, while others carried on the affairs of government and the country that had followed his lead awaited his return.

The report of Lenin's death came today and appears to be well substantiated. Many times his death has been rumored and as often denied. He died at 6:50 o'clock Monday night. This man, hailed as among the greatest of the modern-day statesmen, died at his home in the little village of Gorky, near Moscow. Funeral services will be conducted next Saturday, on which day the body will be interred in Kremlin hall beside that of Vertov, one of his fellow leaders in the great Russian upheaval.

PRESIDENT OPPOSED TO TAX PLAN COMPROMISE

WASHINGTON, Jan. 22.—A compromise between the present income surtax of 50 per cent and the proposed Mellon maximum of 25 per cent would be regarded by President Coolidge as a fundamental change and therefore would not be approved by him, a White House spokesman said today. President Coolidge wishes to reserve judgment until the bill comes before congress, but he has let it be known that he still opposes any fundamental modification of the Mellon plan.

ADVICE TO MOTHERS ON WHAT THE CHILD AT SCHOOL SHOULD EAT

In writing on this subject for the benefit of mothers and their children, Helen Harrington Downing says:
 "To the busy mother with children going to school every morning, this article is written.
 A child should never be permitted to omit his breakfast if he is expected to have good health. What shall the mother feed her growing children for breakfast? That should be very easy to answer. It is really a simple matter to choose proper food for this meal.
Milk
 First of all, every child should have whole fresh milk. This should not be omitted if the meal is to be properly balanced. It supplies the building materials necessary to make flesh and muscle, bones, teeth and some energy. Tea and coffee should never be allowed, though properly prepared cocoa is permissible occasionally.
Fruit.
 Second—Fruit, either fresh or

stewed, should be included in every breakfast possible. Fresh fruit is not a luxury when one considers how greatly it adds to the health value of the meal. It is most valuable in regulating the processes of the body.
 Half an orange, a baked or fresh apple, apple sauce, stewed figs, raisins, or prunes, grapefruit, baked pears, are all good for children and appeal to them.

A MILLION TRUCKS.
 Approximately 1,000,000 motor trucks are operating today and are hauling annually 1,430,000,000 tons of freight, including 134,400,000 tons of farm products.—Automobile Digest.

Market Opinions Issued Daily To Jess Taylor & Co.

NEW ORLEANS, Jan. 22.—H. & B. Beer today wired Jess Taylor & Co. of Cisco as follows:
The rail strike in England having become a reality today, Liverpool was lower and depressed.

The British parliament convenes tomorrow, when it is likely that the Baldwin administration will fall for want of a vote of confidence, in which case the labor parties will gain control of the government.

Foreign exchange continued weak, a further important decline being recorded. American markets ruled nervous and erratic, easily affected by the character of news.

Unofficial Washington advices are to the effect that the International Federation of Cotton Spinners have put out "feelers" to test American opinion as to the advisability of world-wide short time in cotton mills with the view of curtailing consumption, owing, probably, to the shortage of raw cotton this season.

Today the census bureau, Washington, reported that American spinners were operated during December, on a single shift basis, 86.8 per cent of capacity, against 96.6 per cent during November.

Manchester reports increasing number of proposals for drastic curtailment of yarn output by Manchester mills using American cotton, that there is an inquiry larger for cloth, mainly from India, but bids are too low.

Liverpool's stock and afloat of American cotton, today is 82,000 bales larger than at this time last year—663,000 bales against 861,000.

PROBLEM OF LIVING

LOS ANGELES, Jan. 18.—"The greatest human problem in the world today is the problem of living together," Dr. Walter F. Dexter, president of Whittier college, declared here before several thousand teachers. People have developed everything but the one thing that can eradicate or alleviate war, pain, misery and discontent and that thing is the science of living together, Dr. Dexter said. "The task of the teachers," he said, "is to build a philosophy of friendship which will grow with the students and which will be handed down from parent to child."

Pal Moran to Be Ready Soon For Leonard Fight

By HENRY L. FARRELL,
United Press Sports Editor.

NEW YORK, Jan. 22.—While Benny Leonard is in no danger of losing his lightweight crown, a couple of boys have come out recently who may be able to at least help Leonard keep his business from suspending.

After Leonard polished off Lew Tender so completely last summer and after Charley White had been tapped on the chin, the lightweight champion was completely out of established opponents.

He was then facing the prospect of retiring and devoting his time to the stage, a profession that appeals to him very strongly, or stepping into the welterweight class.

Just recently, however, two youngsters have come out who may develop into challengers of sufficient merit to be built up for two fights this summer.

Pal Moran, the New Orleans lightweight, seems to be the logical contender for the title, if any promoter wants to assume the liability of the purse that Leonard will demand and the expense of staging a big fight.

Moran has been showing class for more than a year and he jumped into prominence when he knocked out Charley White last summer. White, you know, hasn't been on the canvas very many times.

Just a few weeks ago, Moran stopped Johnny Shugrue. It is true that Shugrue isn't a topnotcher, but the impressive part of Moran's performance against him was the manner in which he won.

The New Orleans boy is a legitimate lightweight and he is a strong, rugged boy. He has a fine fighting disposition, learns quickly and seems possessed of the most ideal temperament for a fighter.

Given a couple of good hard fights and he will be ready for a crack at the lightweight title.

At catch-weights no one believes that Moran would have a chance with Leonard, but there are many smart boxing men who believe that he would give the champion a real fight if Benny had to make the weight.

One mail order house added over 1,000,000 new customers to its list last year, and the business increased more than 18 per cent over 1922, with a total of \$215,540,600. The retailer who fights his competitor down the street, has something here worth thinking about.

MARINELLO NIGHT SCHOOL

Beginning today and continuing for one month, the Marinello Beauty Parlor will conduct a night school from 7 to 10 o'clock for the benefit of those who wish to learn the scientific methods taught through the Marinello system. Lectures and demonstrations of the various treatments will be given each night.

By taking advantage of this night school you get the instructions at a price that is nothing as compared with what it would cost to go to the city schools. These lessons will be given by Marina Theous, a graduate of the Marinello schools.

Those interested call at Marinello Beauty Parlor, over Corner Drug Store at 7 o'clock any evening.

TAKE SALTS IF RHEUMATISM IS BOTHERING YOU

Tells Rheumatism Sufferers to Take Salts to Get Rid of Toxic Acid.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful.

Those subject to rheumatism should eat no sweets for awhile, dress as warmly as possible, avoid any undue exposure and above all, drink lots of pure water.

Rheumatism is caused by uric acid or body waste matter, and is often generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this toxic acid, which keeps accumulating and circulating through the

system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste and stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.—Advertisement.

The Texas State Bank Of Eastland

—made its initial bow to the public at 9 a. m. Monday, under the most favorable circumstances a new bank ever faced.

The new bank opens with approximately One Million Dollars in cash and due, with ample capital to take care of the wants of its customers and the commercial needs of the community. Every share of stock is owned by local people, with the exception of the interest of Dr. J. E. Butler of Dallas (who is an old-time Eastland citizen and still has large holdings and interests here, in fact, one of us).

The official personnel of the new institution is as follows:

H. P. Brelsford, chairman of the board; T. L. Overbey, president; W. A. Martin and Jno. H. P. Jones, vice presidents; Homer Brelsford Jr., cashier; Frank Lovett, assistant cashier.

The same clerical force that was formerly connected with the First State Bank will greet you and be pleased to look after your wants.

The board of directors will be composed of the following: A. L. Agate, J. E. Butler, H. P. Brelsford, W. A. Martin and T. L. Overbey.

The new bank has purchased the handsome First State Bank building, furniture and fixtures, together with certain other assets, from the Commissioner of Banking and will conduct its business in these quarters.

We especially desire that the public know and understand that the Texas State Bank of Eastland is a separate and distinct institution from the old First State Bank of Eastland, which closed its doors Saturday, Jan. 19, 1924. It is incorporated under the laws of the State of Texas with a capital of \$75,000.00 fully paid. It has chosen the GUARANTY FUND Plan for the protection of its non-interest bearing and unsecured deposits, thereby giving its patrons the maximum of safety—the protection of the soundest system of guaranty ever enacted into law.

We shall endeavor to serve you wisely and well, but our service must be of the same, conservative quality that maintains confidence in the STATE BANKING SYSTEM and conserves the best interests of the community.

Your deposit in the First State Bank was and is secured by the Depositors' Guaranty Fund of the State of Texas. The Deputy Commissioner of Banking, Mr. W. A. Sandlin and the assistant General Liquidating Agent, Mr. C. B. Sullivan, are at the TEXAS STATE BANK and have provided you an easy and quick method of the payment of your deposit held by the old First State Bank. It will greatly facilitate matters if you will call at once and have one of the officers of the new bank explain to you the method of proof and payment. You may empower the new bank to make this proof for you, thus saving trouble and worry, after which a check will be issued on the TEXAS STATE BANK and deposited to your credit therein, subject to your check, or you may cash same yourself, if you so desire.

We trust you will favor the new bank with your business, even to a greater extent than you did the old. In return we promise you all the co-operation and help consistent with safe, sound and conservative banking.

Yours to serve,

T. L. OVERBEY, President.
H. P. BRELSFORD, Chairman of the Board.
W. A. MARTIN, Vice President.
JNO. H. P. JONES, Vice President.
HOMER BRELSFORD Jr., Cashier.
FRANK LOVETT, Assistant Cashier.
A. L. AGATE and J. E. BUTLER.

COOPERATIVE MARKETING DIRECTS DISTRIBUTION TO SERVE THE PEOPLE

DALLAS, Jan. 17.—"The whole principle of co-operative marketing is based on the fact that it is cotton that breaks the price of cotton, and wheat that breaks the price of wheat and prunes that break the price of prunes and so on through the more than a hundred commodities which are now organized in a co-operative way," stated C. O. Moser, secretary of the American Cotton Growers Exchange in an address before the fourth annual convention of the Texas Farm Bureau federation.

It was not until co-operative marketing was organized on this basis that it attained any great degree of success," he said. "Since the time that that principle was firmly established and put into practice, co-operative marketing has flourished and spread into every state in the union covering practically every known commodity grown on the farm, until today approximately 20 per cent in value of all crops that are grown in the United States are sold co-operatively.

"The cotton co-operatives have experienced success in times of easy credits, in times of hard credits, in times of advancing markets; in times of declining markets and under every condition known to business and trade that they have proven their worth and the soundness of the business principles involved. The result has been stabilization of price of the commodity itself, stabilization of values, stabilization of collateral, bank credits, a greater prosperity for the growers, better business for the merchants and bankers, improved living conditions and all of the accompanying advantages of a higher civilization," Mr. Moser stated.

In his address before the convention, Mr. Moser reviewed the co-operative marketing movement in America and declared today that the movement has the fullest endorsement of the government of the United States and its agencies. "The

plan of co-operative marketing as practiced in Texas is the outgrowth of more than 30 years of successful experience in the United States, and more than twice that length of time in other countries," he said. He reviewed the support and endorsement given by ex-President Harding and his administration as well as President Coolidge and the present administration.

"A landslide this spring and summer towards co-operative marketing is predicted as a result of the sentiment everywhere strongly favorable to the movement, its unprecedented encouragement, endorsement and affiliation on the part of the farmers," Mr. Moser stated.

DALLAS MAN STRUCK BY INTERURBAN AND KILLED

DALLAS, Jan. 22.—G. A. Thaler, 50, was killed early this morning when struck by an interurban car, in front of which he was said to have stumbled and fallen.

Members of the Thaler family said he had gone out for an early walk because he was unable to sleep.

SIMPLE WAY TO TAKE OFF FAT

There can be nothing simpler than taking a convenient little tablet four times each day until your weight is reduced to normal. That's all—just purchase a box of Marmola Prescription Tablets from your druggist for one dollar, the same price the world over. Follow directions—no starvation, dieting or tiresome exercising. Eat substantial food—be as lazy as you like and keep on getting slimmer. And the best part of Marmola Prescription Tablets is they are harmless. That is your absolute safeguard. A Good Thing - DON'T MISS IT.

Send your name and address plainly written together with 5 cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup, bronchial, "flu" and whooping cough and tickling throat; Chamberlain's Stomach and Liver Tablets for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; Chamberlain's Salve, needed in every family for burns, scalds, wounds, piles, and skin affections; these valued family medicines for only 5 cents. Don't miss it.

IMPORTANT TO ALL WOMEN READERS OF THIS PAPER

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Advertisement.

Secret Is Safe

People who have been embarrassed repeatedly on account of disfigured skin on their face, neck, arms and hands, caused by eczema, tetter, rash, boils, pimples, etc., are nearly always sensitive about these things to the point of feeling that every body is watching them and talking about how bad they look.

They even hesitate to ask anyone's advice about getting rid of these awful things, and for this reason the wonderful Black and White Ointment is making friends by the thousands because they can get it from their nearest dealer without a lot of explanations, and using it quickly gets rid of all those skin ruiners.

The 50c size contains three times as much as the 25c size. All dealers have it.—Advertisement.

FORTY THOUSAND YOUNG MEN IN TRAINING CAMPS

WASHINGTON.—The war department plans for the 1924 summer military training camps will take care of 40,000 students, between the ages of 17 and 24. They will open in all army corps areas Aug. 1.

These camps are an extension of the Plattsburg idea of 1915, favorite Americanization plan of Theodore Roosevelt. They offer a 30-day course in outdoor training to volunteer candidates who can measure up to the standards set by the war department. All expense is borne by the government.

Instruction is divided into four groups, designated as the basic, red, white and blue courses. In the basic course only the elementary drills are to be taught athletics and citizenship studies receiving the principal attention. But students in the advanced classes may specialize in infantry, cavalry, engineers' or other branches of the service.

Send in your seed order early. The catalogs are now issued and early orders assure getting the varieties you desire before any of the stock is sold out.

POWELL FIELD TO BE STUDIED

Petroleum engineers of the department of interior, stationed at the Dallas field office of the bureau of mines, proposes to undertake an engineering study of conditions in the Powell oil field in Texas, where difficulties from encroaching underground waters are being encountered. This remarkable field, which only a few months ago produced over 350,000 barrels of oil per day, is now producing approximately 88,000 barrels of oil daily from 600 wells. It is stated that 200 of the wells are making water in large quantities.

SAFETY IN OIL INDUSTRY

Employees of oil companies in the vicinity of Taft, Cal., were recently given first aid training by the personnel of mine rescue car No. 1 of the bureau of mines, department of interior. The crew of mine rescue car No. 8 recently conducted first aid training in the oil fields of Louisiana and Texas. Large classes were trained at Baton Rouge, Drestrehan and Sellers, La., and for the Gulf Refining company at Port Arthur.

Poppy seed may be sown now if you neglected to sprinkle it last fall. It gives a good follow crop for the early spring bulbs.

Crawford, P. E. Nicol, H. A. Logsdon, W. C. Palmer, Barton Durrette, J. B. Haden, R. T. Kendrick, W. H. Burden, J. H. Moyer, C. G. Norton and the hostesses.

Plans for the Chinese party were discussed and the next meeting arranged for at the home of Mrs. G. B. Watson, with Mrs. Moyer assistant hostess.

ROYAL NEIGHBORS TO INITIATE NEW OFFICERS.

The Royal Neighbors will meet Wednesday afternoon at 2 o'clock at Odd Fellows hall. New officers will be initiated and members are requested to attend prepared to pay dues.

MRS. CONLEY HOSTESS TO ST. RITA'S SOCIETY

The Altar society of St. Rita's Catholic church was entertained Monday afternoon at the home of Mrs. C. A. Conley. The meeting was a social one, and no business was transacted, the ladies bringing their sewing. Delicious refreshments were served. Those present were, Meses. F. G. Yonker, Gale Smith, F. T. Brabanty, Gallagher, W. N. McDonald, Walter West, Charles Milliken, Sullivan, George Fongler, Bartholomew, Tom Smith, Becker, Higginbotham and the hostess. The next meeting will be held at the home of Mrs. Yonker, with Mrs. Gale Smith assistant hostess.

LYCEUM TICKET HOLDERS MUST RESERVE SEATS.

All holders of tickets for the 1920 and New Era club course must reserve their seats for the Wednesday performance of "Smilin' Through," either this afternoon or on Wednesday at the Texas Drug store. The sales at the drug store will be kept up until 6 o'clock Wednesday, after which tickets must be secured at the box office which will be open at 7 o'clock. Ticket holders have been standing in line all day at the Texas Drug store and indications point to a full house for this unusually fine and popular play, said to be one of the best ever seen in America.

MRS. CLEGG HOSTESS TO ST. MARY'S GUILD.

The ladies of St. Mary's Episcopal guild had an enthusiastic meeting, well attended, at the home of Mrs. Gifford Clegg on Monday afternoon. A program of papers on work of the church in rural district was given by Meses. Vandervoort, Chastain, W. C. Palmer and Gifford Clegg, the latter being read by Mrs. William Clegg.

An exciting part of the meeting was the closing of the contest which has run more than three months, with Mrs. Crawford and Mrs. Jones as chairmen. Mrs. Crawford's side won and will be entertained in the near future by the losing side with a real party.

A new contest was started with Mrs. Vandervoort and Mrs. Durrette as chairmen. Mrs. Vandervoort's group includes Meses. Haden, Chastain, Nicol, Hulmer, Jones, Kendrick, Logsdon and Norton. Mrs. Durrette's group includes Meses. White, Moyer, McDonald, Watson, Ralston, Crawford, Clegg and Burden.

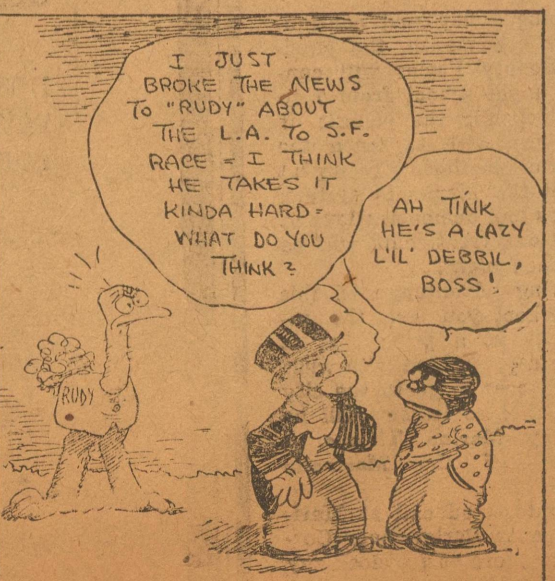

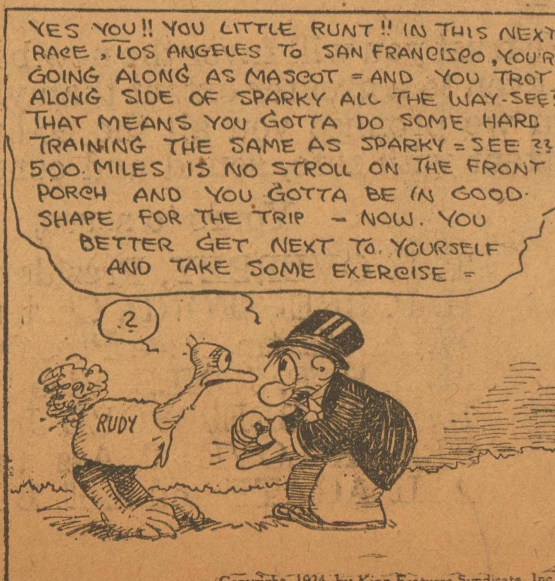

Other members of the guild not present at the meeting will be assigned to a group at the next meeting. Mrs. Chastain was elected treasurer for the coming year. Delicious refreshments were served by the hostess who was assisted by Mrs. William Clegg and Mrs. Falls. Members present were Meses. G. D. Chastain, L. A. Vandervoort, S. A. White, G. B. Watson, Karl E. Jones, F. R. McDonald, J. M. Ralston, E. E.

MEMORIZING MUSIC.

Musical memory is of various kinds. Some executants are gifted with memories that retain easily the music of a large repertoire. Others have to work long hours and with unremitting perseverance to fix music in their minds. Some have a visual memory, which allows them to remember by recalling the printed notes. Others have a memory of association, by means of which they link up one thing and another, while there is also a class whose memory is a matter of the automatic accuracy of their fingers.

In any case memory is an important asset to the performing musician. Except in rare cases, the only public solo performer for whom tradition does not prescribe performance from memory is the organ-

ist, who for the most part plays, even as concert-performer, from the printed page.

HOW TO BUILD A CITY.

Resources alone will not build a city. Capital alone cannot build a city. Labor alone cannot build a city. Resources and capital and labor cannot build a city unless they are properly related. Capital and labor can accomplish anything within the power of man, if they occupy the right attitude toward each other. They can be aided in this work if the third party, the public itself, is friendly and sympathetic with their efforts.—Gadsden (Ala.) Journal.

Constipation lays you wide open to other diseases—relieve it with Kellogg's Bran

Don't take chances with constipation! This terrible ailment can send poisons into your system which may lead to serious diseases. The longer those poisons accumulate, the more dangerous they become. Begin at once to free your system from them.

Eat Kellogg's Bran. If eaten regularly, it is guaranteed to relieve the most chronic cases of constipation, or your grocer will return your money. It is nature's own way to make the intestine function naturally and regularly—for Kellogg's Bran acts exactly as nature acts. It makes forever unnecessary the use of habit-forming drugs and pills.

Kellogg's Bran, cooked and krumpled, has proved successful when all else has failed. This is because Kellogg's is ALL bran. Doctors

everywhere agree that only ALL bran can be 100 per cent effective—they recommend Kellogg's Bran.

Eat at least two tablespoonsfuls daily—in chronic cases with every meal. You will like it. You will enjoy the delicious nut-like flavor—the exclusive Kellogg flavor.

Eat Kellogg's Bran, cooked and krumpled, with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in wonderful bran muffins, bread, griddle cakes and other recipes given on every package.

Kellogg's Bran is the road back to health. It is made in Battle Creek and is served in individual packages at the leading hotels and clubs everywhere. Ask for it at your restaurant. It is sold by all grocers.
