New Plane Engine Offered By Texan For U. S. Defense

HOUSTON (A)-Charles A. Tocs Houston mechanical engineer, has \$100 valuation, will be set by the offered the United States govern- automatic tax board, composed of ment a new aircraft engine which he asserts develops twice the ment, with less weight than the conventional four-cycle engine.

Toce wired Sen. Morris Shep pard, chairman of the senate milltary affairs committee, that he was prepared to produce within 60 days three engines of 300 horsepower each for government tests. Senator Sheppard replied he would bring the engine to the attion of authorities.

Toce said, "The engine is the

result of nine years of development and now has reached the point of perfection." Designed by Toce and his brother, Victor, the engine may be produced at half the cost of others and in mass quantities, he said.

Padlocked Roadhouse Is Opened For A Revival

ANNISTON, Ala. (UP) - Bounds of tinkling glasses, rattling dishes and raucous laughter have given way to prayers and singing in the old Bonnie Castle, roadhouse on the Pelham road near Fort Mo-

The roadhouse, originally arranged for a cafe and dance hall, was padlocked several months ago

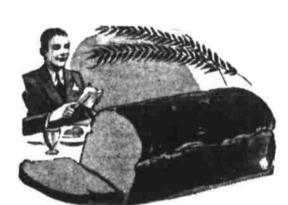

as a fulsance. Recently owners of the property gave consent for its use as a place of worship. The padlock was re-moved, the place cleaned, and Sunday school and presching are

held there regularly. The Rev. Ralph Howe, of the Baptist Tabernacle, who has been conducting daily revival services in the roadhouse-tabernacle, said converting a roadhouse and dance hall into a place of worship is stealing a march on the devil."
