Britain Drops All Plans For A Long War

Speeds Up Program In Effort To Turn Tide In Conflict

LONDON, June 14 (AP)—The plight of France has caused Great Britain to drop her plans for a long war and go "all out" with her resources, quarters close to the government said today.

This released a fund of money and credit for purchase in America of anything which will convey or fire explosives. The fund originally was allocated for future years.

As a result of the change in policy, these sources said, Britain is giving the United States a blank check, in effect, for any kind of useable war material she can provide.

Everything already found purchasable in America in arsenals, national guard units and elsewhere is being sent.

This speed-up was indicated following disclosure in British military circles that Britain had sent reinforcements to France to join the allied forces fighting behind Paris.

At the same time, the admiral announced that the 17,046-ton liner Caledonia, fitted as an auxiliary armed cruiser and renamed the Scotstoun, had been sunk yesterday by a submarine. On the credit side, the admiral reported at least one heavy bomb hit, perhaps two, on the 26,000-ton German battleship Scharnhorst in Trondheim fjord yesterday.

Instant Action No program aimed at later production will be permitted to stand in the way of the fullest possible effort now, these British sources declared.

This is partly the result of the loss of allied resources because of the widening gap held on France. From 75 to 80 per cent of France's steel producing plants now are in German hands, these sources said, and the same is true of many factories producing war material.

But, they added, fortunately for the allies, most of the French factories producing ammunition are in the south.

The government is not so much concerned momentarily about the United States' production capacity as about the material there already manufactured, they said.

For instance, they explained, the British expeditionary force's loss of a thousand field guns in the withdrawal from the Flanders trap has left few in this country for the enormous army which must be put into the field.

The situation with regard to rifles is not so acute, they said, but they warned that the demands of the local defense volunteers—the home guard against possible German invasion—have taken a large part of the supply.

Future Course Of Nazis In Control Ailies Hinges On U. S. Cooperation

By The Associated Press

TOURS, France, June 14 (AP)—Beating a retreat from Paris, the tired French army withdrew southward tonight, assailed by the mightiest forces of the German reich and awaiting word as to how or even whether the battle of France is to go on.

The latest word here was that German divisions, preceded by slashing columns of tanks and armored cars, had closed around the French capital. (The Germans announced Paris had been occupied).

Some rumors put the German advance-guard on the west (five words censored). It was officially confirmed that to the east and slightly south of Paris they had reached Romilly, 65 miles southeast of Paris, well down the road to Dijon.

Whether the war is to go on or end for the French seemed to hinge on President Roosevelt's answer to Premier Reynaud's "last appeal" for aid from the United States. The appeal was mentioned in a Reynaud broadcast last night.

(In Washington, it was said that the "last appeal" had not yet been received.) Up to tonight no definite word had been made public. Both optimistic and pessimistic opinions could be heard.

The advance to Romilly placed the Germans 30 miles south of the Marne and about 100 miles northwest of Dijon.

With the German sweep in mind, the French worked at removal of officials and press services from Tours throughout the day. Tours, which has been one of the seats of government, is about 120 miles southeast of Paris.

By nightfall almost all persons connected with the government and the press had left. (Here one line was censored.)

The German drive deep into France between Paris and the Maginot line threatened the fortified line from the rear. It was said that the great fortifications were fast being "turned" from Montmedy, their northern anchor.

(This would indicate a grave threat to the 1,000,000-odd French troops defending the line.)

Next Barrier If the fight goes on, the Loire river running through Tours and Orleans would be the next really strong natural barrier behind which the French could defend themselves.

(The Loire river is 65 miles south of Paris at its nearest point, Orleans.)

Tours, established only Monday as a temporary capital after the government left Paris, itself was being evacuated today.

German armored units in the past 24 hours penetrated at least to Saint Dizier, on the Paris-Nancy road 125 miles east of the capital and slightly south, and to Romilly, on the Paris-Dijon road about 65 miles south of Paris.

(This would put two deep German wedges behind the Maginot line.)

Although the high command acknowledged these sweeping German gains, it insisted that the French army retreat was continuing "in the greatest order."

Reports brought out from Paris a few hours before the German vanguards arrived said that anti-aircraft batteries had been dismantled and sandbag barricades completely undefended city.

Police and mobile guards patrolled the streets, but without the rifles they previously had been carrying.

Subways continued to function and the French national radio broadcast news bulletins on schedule last evening.

By The Associated Press

BERLIN, June 14—Pursuit of the enemy until final destruction has now begun," the German high command declared triumphantly today, announcing conquest of Paris, Le Havre, Montmedy and collapse of France's northern line.

Nazi troops have launched a frontal attack on the Maginot line from the Saar region, the high command said.

Rapid-fire German gains, which a communique called the victorious completion of "the second phase of the gigantic campaign in the west," gave Germany:

1. Possession of Paris, France's abandoned capital; 2. Complete control of the English channel west to the vital French seaport of Le Havre; 3. A position directly behind the Maginot line by possession of Montmedy, its northern anchor; 4. Bridgeheads on the Seine river south of Paris as a result of crossings on a broad front.

"The enemy is in full retreat along the entire front from Paris to the Maginot line at Sedan," the communique said.

"At several points our tank and motorized divisions pierced through and overtook the retreat movement. The enemy threw fled, leaving behind his entire equipment."

"Infantry divisions broke through the defense lines of Paris. Enemy forces were no longer sufficient for protection of the French capital."

(German entry into Paris and Le Havre was acknowledged by the French as well as the peril to the Maginot fortifications, which the French said were fast being turned.)

A German spokesman described the capitulation of Paris as a "catastrophic" blow to the French economically and militarily. No details of the German occupation were available beyond announcement of the Nazi entry and disclosure that all questions of surrender were settled between French and German authorities.

Although many French munitions industries were centered there along with the headquarters of the military branches, the German spokesman measured the "moral and psychological" effect of its loss as equal with the material.

Announcement of the Saar offensive was brief and vague, but heavy action apparently was under way between Luxembourg and Saarbrücken on the western front, Hitler presumably was determined to put Lorraine back within Germany's borders without delaying longer.

Heavy artillery duelling had been reported opposite the border included in the attack started today.

With Nazi troops advancing from the north on Verdun, the Germans would be able to give effective support to wiping out strong resistance on that front if they could break through the Maginot line in any appreciable strength.

But the Saar offensive will stand out mainly as a test—long-awaited—of the supposedly well-kept impregnable French fortifications.

The French situation, thus, as presented as one of continuous retreat as far as Sedan, with swift German forces breaking it up and gathering great stores of equipment.

Besides Montmedy, which had been holding out for weeks against German troops which plunged through Luxembourg, the French were said to have yielded Vitry-Le-Francois, railroad junction south of Chalons, and Ridge 304 (Deadman's Ridge), northwest of Verdun.

It appeared Friday that unless there are some "dark horses" making a last-minute appearance, the political derby in Howard county this year will have something over a half-hundred entries.

Saturday midnight is the deadline on filing candidacies, and no new names had been submitted this week to Democratic Chairman L. R. Patterson. Fifty-two have announced during recent months for various offices, and Mr. Patterson said most of these had qualified by filing with him.

A record ballot is in prospect for the July primary, with 54 state candidates to be listed in addition to those in the county.

County Shows Increase In Population

An increase in population while the number of farms was falling off rapidly during the last 10-year span is the picture for Howard county as presented in new figures of the 1940 census, released Friday by A. G. Bearden, district supervisor.

His preliminary totals showed Howard county population was up a little better than 4 1/2 per cent—from 22,888 in 1930 to 23,900 in 1940. This was in the face of an eight per cent population decrease for the city of Big Spring.

More marked, however, was the decrease in the number of farms, a tentative figure released as a part of the agriculture census. The total for 1940 was 1,194, and by last year it had dropped to 702, better than 41 per cent.

The decrease in the number of farms throughout this section of West Texas is shown in the figures released by Bearden. His district includes ten counties, and only three of these—Andrew, Lynn and Martin—showed an increase. Lynn and Martin, moreover, were among the counties having a decline in population.

Following is a table on the district.

Table with 3 columns: County, 1940, 1930. Rows include Andrews, Borden, Dawson, Garza, Howard, Lynn, Martin, Mitchell, Scurry, Terry.

U.S. TO REGRET INTERFERENCE SAYS CONSUL

NEW ORLEANS, June 14 (AP)—Baron Edgar von Spiegel, German consul general for the southern states, today said in an interview that "Germany will not forget that when she was fighting bitterly for her very life, the United States gave every material aid to her enemies."

The German official, a widely known U-boat commander in the first World war, said that Spain shortly would join the war against France, and said that with that victory the United States must begin for trade and commerce "with the new empire and get none."

Deadline Near On Candidates' Entry

It appeared Friday that unless there are some "dark horses" making a last-minute appearance, the political derby in Howard county this year will have something over a half-hundred entries.

Local Citizens To Pay Allegiance To U. S. Flag In Ceremonies On Courthouse Lawn This Evening

It's Flag Day, and to an extent not matched in many years, Big Spring people prepared to gather this evening to honor the Red, White-and-Blue standard of their country and to pledge anew allegiance to the banner which represents freedom in a world fast turning away from freedom.

On the 168th anniversary of the resolution creating the flag, a formal ceremony such as has not been staged here in years will attract the Big Spring populace. A program starts with a brief downtown parade at 7:30; follows with talks and music at the new Regatta on the east side of the courthouse lawn; and climaxes with mass singing of the Star Spangled Banner.

Members of the service organizations—American Legion and Veterans of Foreign Wars—are sponsoring the program and are urging every citizen to participate. The program will start promptly and will proceed with dispatch, since it is to be broadcast.

The parade, too, is open to all who want to march in it. Furling at Fourth and Rannels, the review will go down Rannels to

LATE BULLETINS

LONDON, June 14 (AP)—Sinking of the British armed merchant cruiser Scotstoun, the 17,046-ton former Anchor liner Caledonia, was disclosed today by the admiralty.

The passenger ship, converted for wartime use as an auxiliary of the British fleet, the admiralty said, was sunk by a German submarine yesterday.

CAIRO, Egypt, June 14 (AP)—The Royal Airforce bombed Italy's Fort Capruva near the Egyptian border during flights over Libya yesterday. It was announced today. Extensive damage was reported.

PRETORIA, Union of South Africa, June 14 (AP)—A South African mobile field force is serving with the British East African forces in East Africa, the official gazette disclosed today.

NEW YORK, June 14 (AP)—Columbia Broadcasting corporation reported that a dispatch from its correspondent at Tours said today the French government had left Tours, and would establish an emergency capital in Bordeaux, near the southeast coast of France on the Garonne river.

MAN HELD AFTER WOMAN KILLED

NEW CASTLE, Pa., June 14 (AP)—An attractive beauty operator was horribly slashed and beaten to death early today just outside the city.

A few hours after the body of the brunette victim, Helen Naas, 27, was found in a field by three boys who heard her screams, District Attorney John G. Lamore announced her brother-in-law, Arthur F. Dean, 36, had been taken into custody and had given police "a full statement" admitting the slaying.

Lamore said Dean, a WPA worker, "claimed he didn't know why he did it."

County Detective Paul Welsh said a post mortem disclosed the girl had not been criminally assaulted.

French Attack Said Repulsed

ROME, June 14 (AP)—Italian troops have driven back a French attack on the Alpine frontier at Gailis Hill, where there is a mountain pass into Italy, the Italian high command announced today.

Fighting at Gailis Hill, which is about 36 miles northwest of Turin, is the first hand action so far reported in Italy's participation in the war.

The communique said two enemy submarines had been hit in the Mediterranean, and that one was seriously damaged.

In wide-ranging air operations, the high command said, Italian planes struck at the airports of Hyeres and Fayence, and the naval base of Toulon, all in southeastern France, as well as other objectives in Tunisia, across the Mediterranean, and on the Red Sea.

Three planes failed to return, it said. On the frontier between Egypt and Libya, Italian forces were reported to have turned back a tank-supported allied attack, while in Italian North Africa another attack with artillery and bombing plane support was beaten back and resulted in the capture of a number of English officers, it was said.

At home, Italy intensified air raid precautions following official announcement that 14 persons were killed and 30 wounded in an allied bombing raid Wednesday on Turin, northwest and in northern cities.

Both here and in northern cities increasing numbers of persons were moving from urban homes into rural districts.

Invasion Of The Western Hemisphere Is Distinct Possibility, FDR Hints

Spanish Force In Tangier

MADRID, June 14 (AP)—Spanish troops have occupied the international zone of Tangier in the name of the Sultan of Morocco to safeguard the independence and neutrality of the city, a foreign ministry spokesman announced today.

Two divisions of land troops and a destroyer effected the occupation. It was reported officially.

An official note on occupation of the zone opposite from the British stronghold at Gibraltar said:

"With the object of guaranteeing the neutrality of the zone and city on Tangier, the Spanish government has decided provisionally to take over the services of vigilance, police and security and forces have entered this morning with that object. All existing services are guaranteed and will continue functioning normally."

Tangier was internationalized under a treaty signed before the World war and later made permanently neutral by the Convention of 1923 but Spain never was satisfied with the arrangement.

Spain reopened the question and in an accord signed in 1928 received police powers in the 225-square-mile zone.

It was explained semi-officially that today's action was taken under those police powers after consultation with the interested nations.

The troops met no resistance. The occupation had been approved by the international commission governing the zone.

Italy's entry into the war left Spain the only neutral representative on the commission and the commissioners who represented the belligerents found the proper transaction of business difficult.

Air Raid Warning

TOURS, France, June 14 (AP)—Anti-aircraft fire roared for half an hour tonight after an air-raid alarm was sounded at 7:10 p. m. (13:10 p. m. CST).

Refugees reaching Tours said they were bombed and machine-gunned 30 miles west of Paris yesterday and that many were killed or wounded.

Asserts All Aid Being Extended To The Allies

WASHINGTON, June 14 (AP)—President Roosevelt repeated today that all possible help was being extended to the allies and pointed to Hitler's record in response to a report that the German chancellor had said invasion of the Western Hemisphere was grotesque.

Mr. Roosevelt was told at a press conference that Hitler had called the possibility of German invasion of the Americas "grotesque" in an interview with a newspaperman.

Asked for comment, the chief executive said he could give none except to say "that it brings up recollections."

He authorized direct quotation. He added that his remark could be enlarged on with dates and nations, going back over quite a period of years.

Mr. Roosevelt announced two additional steps to bolster the nation's defenses.

The signing of an army appropriation bill carrying about \$1,498,000,000 for expansion of army personnel and fighting equipment.

The formation of a national defense research committee headed by Dr. Vannevar Bush, head of the Carnegie Institute, and of the National Advisory committee for aeronautics.

The board, the president said, will have seven additional members.

Hail Does Damage In Knott Sector

Big Spring was washed by cooling showers again Thursday evening, but the total precipitation gauged at .08 inch at the airport weather bureau—still was insufficient to offset drought conditions.

Showers were reported spotted over the county, while the Knott area was subjected to a severe rain and hailstorm that did considerable damage. Reports were that roofs were damaged and window panes broken by a severe hailstorm that cut a mile-wide swath across the area early Thursday evening. It was said that hail drifted four inches deep in some places. The schoolhouse and gym were among buildings damaged.

Oil Valuations Being Fixed

First of a series of equalization hearings on tax valuations for Howard county this year was under way Friday, as members of the county commissioners court, sitting as an equalization board, adjusted values for oil and utility properties. Other property owners are to be heard next week.

The hearings, in which the court was assisted by representatives of the valuation engineering firm of Prichard and Abbott, proceeded with dispatch, since there was little change being made in basic valuations. The county this year adopted its 1938 schedule on oil properties, one which was found to be satisfactory to both parties.

Valuations, it was estimated, will be down to some extent on oil properties, due largely to decreased production—either from well declines or from prorations curtailment. Basic values generally were remaining unchanged, and since there is seen some slight increase on personal and general property values (where improvements have been made) the county's total valuation may not be far from last year's \$16,000,000.

The county valuation schedule on wells was based on production for the last quarter of 1939, with the rate varying on size of wells, and on working and royalty interests.

More than a score of representatives of oil companies and utility enterprises registered during the morning for appearance before the court, and many of these had concluded their hearings by noon.

Appropriations At Record Level

WASHINGTON, June 14 (AP)—Last-minute emergency defense spending will push congressional appropriations for the fiscal year beginning July 1 to a record peace-time level of nearly \$14,000,000,000.

About \$5,000,000,000 of that total will go for preparedness. More than \$2,577,000,000 will go for so-called permanent appropriations—interest on the national debt, a debt sinking fund, and various trust funds. The remainder will pay regular government expenses.

Except for President Roosevelt's request May 31 for a supplemental defense fund of \$1,062,185,240 plus \$324,136,761 in contract authorizations, the aggregate for all purposes would have dropped nearly \$429,000,000 below the current year's total.

IMMEDIATE TRANSFER WASHINGTON, June 14 (AP)—Representative Kieberg (D-Tex) announced today that Commander Lewis N. Moeller, now at Pensacola, Fla., would be sent immediately to Corpus Christi, Tex., to direct the establishment of the \$25,000,000 naval air school there.

Protests Campaign

WASHINGTON, June 14 (AP)—Ambassador Asciano Colonna of Italy visited Secretary Hull today and one of his aides said that he had protested against what was described as a campaign to arouse anti-Italian feeling in the United States.

Deny Report Bullitt Held

BERLIN, June 14 (AP)—German authorities tonight denied a report received from a source which is usually trustworthy, that U. S. Ambassador William C. Bullitt had been placed in protective custody by German military authorities in Paris. The United States embassy here said it had no information on the subject.

Bullitt had remained in Paris during the German occupation with the approval of Washington, it was understood.

It was he who, yesterday, informed the German government of France's decision to make no defense in Paris itself.

Last Sunday, Ambassador Bullitt in a speech at Domremy, France, the birthplace of Joan of Arc, declared that "from one end of this earth to the other every civilized man is praying, after his fashion, for the victory of France."

"Americans know on which side stand right, justice and Christian decency and on which side are wrong, cruelty and bestiality," Bullitt added. "They believe in France."

District Meet Of Woodmen Circle Opens

The Big Spring drill team opened the morning session of the all-day district meeting of the Woodmen Circle being held Friday at the Crawford hotel.

The team is composed of Mrs. Myrtle Orr, captain, Mrs. Ethel Ewell, Mrs. Ethel Clifton, Mrs. Lillie Montgomery, Mrs. Viola Bowles, Mrs. Anna Petefab, Mrs. Agnes Mims, Mrs. Vera Reeves, Mrs. Mattie Wren, Mrs. Mary Womack, Mrs. Josie McDaniel, Mrs. Gracie Lee Greenwood is musician.

The house was called to order by Mrs. Katie Kidwell, district manager, and the Big Spring drill team was in charge of the flag presentation.

The Rev. R. Elmer Dunham gave the invocation and the local team introduced the guests. G. C. Dunham, mayor, welcomed the Woodmen Circle to the city and extended hopes for a pleasant stay of the members in the city.

Mrs. Laura E. Krebs of Austin, state manager, gave the response to the welcome and expressed her appreciation of the favors extended.

Registration took up the early part of the morning and Mrs. Altha Porter presided at the book. Approximately 40 persons had registered by noon, representing Lamesa, Brownfield, Seagraves, Midland, Austin and Big Spring.

Mrs. Coral Lee Mayfield of Brownfield, deputy president of the 15th district, Mrs. Agnes Anderson of Seagraves, deputy, and Mrs. Kidwell and Mrs. Krebs were officials present.

A luncheon was served at 1 o'clock at the Crawford hotel ballroom and placards were miniature American flags. Mrs. Beulah Carmike presided as toastmistress.

Afternoon sessions began at 2 o'clock with a school of instruction to be held by Mrs. Krebs.

Spencer Tracy Has Role Of Great Inventor In 'Edison, The Man'

Character studies of Spencer Tracy in the title role of "Edison, The Man." Bringing to the screen a true-life picture of one of the most beloved American characters of all-time in a story that is faithfully authentic yet thrillingly dramatic, "Edison, The Man" plays at the Ritz theatre Saturday midnight, Sunday and Monday.

The picture stars Spencer Tracy, twice named by Hollywood players themselves as the screen's leading actor and now accredited with being the leading portrayer of real-life characters because of his earlier performances as Father Flanagan in "Boys Town," Henry M. Stanley in "Stanley and Livingstone" and Major Robert Rogers in "Northwest Passage." Tracy is surrounded by a stellar cast including Rita Johnson, Lynne Overman, Charles Coburn, Gene Lockhart, Henry Travers, Felix Bressart and dozens of other well-known actors. The picture was directed by Clarence Brown, himself a graduate engineer. It was produced by John W. Considine, Jr., who produced "Boys Town" and "Young Tom Edison."

ADVENTURES WHO TAMED DEATH VALLEY—"30 Mule Team" playing today and Saturday at the Ritz, takes Wallace Beery back to the type of setting in which he scored one of his greatest successes, "The Bad Man of Brimstone." It takes him out into the wide open spaces of the pioneer West, into Death Valley in the 1890's when 30 mule teams pulled borax wagons with their 60,000-pound loads across 160 miles of blistering desert to the railroad at Mojave. The film teams Beery with Leo Carrillo, reuniting for the first time the duo who made a smash hit out of "Viva Villa!" with Beery in the title role and Carrillo as his trusted lieutenant. Now Beery appears as Mule-skinner Bill Bragg, prize driver of the old borax route, and Carrillo enacts his Indian "swamper," Plute Pete.

SUSPECT DIES OF WOUNDS

Allied Evacuation Of Flanders Shown In Ritz Newsreel

"Hottest" of the late newsreel releases to come this way in some time is a section of the 20th Century-Fox reel showing today and Saturday at the Ritz theatre. The issue contains camera scenes of the Allied evacuation of Flanders, close-up shots of the greatest mass retreat in modern military history. The film was flown from New York to Texas only this week. Shown are the devastating scenes of war at the height of its fury, with the rain of shell on Britishers as they moved more than 100,000 of the original B. E. F. of 175,000 out of Dunkerque. The scenes are said to represent some of the best yet to come from the war front.

Two Garden Parties Include Many Guests

Delphian Society Entertains At Milner Home

Kappa Delta Kappa chapter of Delphian Society entertained Thursday evening in the yard of Mrs. J. L. Milner with a formal garden party and program.

The fountain was decorated with daisies and a lace-laid table was centered with a garden basket filled with salmon-colored gladioli. Jack-o-lanterns lighted the yard and punch and cakes were served.

The individual cakes were of white and food in black and gold in the Delphian colors.

Mrs. W. J. McAdams, retiring president, talked on the Delphian society and the meaning of the organization and Mrs. Lee Rogers talked on new books to be read this summer.

The Melody Maids, composed of Marie Clark, Beatrice Peck and Mrs. Juanita Baird, sang three selections with accordion accompaniment.

An old-fashioned music box was played while the guests and members were arriving. Mrs. J. E. Hogan, as incoming president, presided during the program and introduced those on the program.

Mrs. W. J. McAdams presided at the punch bowl. Each member brought one guest to the affair and approximately 40 persons attended.

Members and their invited guests included Mrs. D. A. Koons, Mrs. R. F. Schermerhorn, Mrs. Homer Halslip, Mrs. Cliff Wiley, Mrs. M. Carnohan, Mrs. H. W. Smith, Mrs. R. H. Phillips, Mrs. J. E. Hogan, Mrs. P. W. Malone, Mrs. Rogers, Mrs. W. B. Hardy, Mrs. Turner Bynum.

Episcopal Church To Discontinue Its Services For Time

St. Mary's Episcopal church will not hold services Sunday and will not have any more services until further notice is given.

"Border Neighbors" To Be Theme Of Sunday Service

COAHOMA, June 14. (Sp.)—Miss Jane Read will have charge of a program on Home Missions entitled "Border Neighbors" at the evening hour at the Presbyterian church Sunday.

The program will open with call to worship and quiet music, followed by a song by the congregation, a prayer by C. H. DeVaney and song, "Jesus Shall Reign," by young people's choir. The characters in the dramatization of the play, "Border Neighbors," are Bradley McQuary, Elsie Mae Echols and J. W. Warren who play the part of young people discussing their responsibilities to the Mexican people.

Marie Warren takes the part of a Mexican woman one hundred years ago. Hattie Read and Betty Lou Loveless will represent students from Presbyterian homes for Mexican boys and girls.

Alex Turner will play the role of a young Mexican who is training for the ministry at Austin Theological Seminary. Karlene Read and Amy Lee Echols tell interesting facts about missions for Mexican people in Fort Worth and Dallas.

Elvon DeVaney takes the part of a Mexican boy.

The concluding numbers will be a song "We've A Story to Tell to the Nations," offering and prayer and benediction.

Ticket Sales For Golf Test Are Pressed

Local golfing enthusiasts may pay their respects to a new era in the game in any manner in which they desire at the Muni course Sunday afternoon with a Big Spring team, composed of Harold Akey and Dennis Lavender, and Charley Akey and Loftin Burnett, both of Lubbock, gather at 2 o'clock for their scheduled 18-hole "sound effects" match.

The attraction in which the spectators may entirely ignore the conventional regulations surrounding the game, cheering, jeering or creating any noise they so desire, will be the first of its kind ever held on a local course.

Harold Akey, professional at the Muni course, will even have a ten-piece band on hand to help with the sound effects.

The local unit of the Red Cross is pressing downtown ticket sales for the exhibition. All proceeds will be turned over to that organization.

USGA Takes Oliver Case

NEW YORK, June 14 (AP)—The United States Golf Association, after having taken its lumps for nearly a week without offering any defense, has written up a memorandum about the celebrated Ed Oliver case at the national open championship in Cleveland.

In plain, factual language the golf fathers trace, step by step, the incidents that led up to the disqualification of the hefty Hornell professional.

The memorandum reveals that three employees of the U. S. G. A. tried everything short of actual force to dissuade Oliver from teeing off 30 minutes ahead of scheduled time on his fourth round, that the same employees warned him it meant certain disqualification. But Oliver teed off.

It is further set down that Oliver was notified of his disqualification at the start of the round—not after he had posted his final 71 and tied for the lead with 287 strokes. He only was permitted to appeal the decision after the round.

LOUIS PLANNING TO GO "SOUTH AMERICAN"

GREENWOOD LAKE, N. Y., June 14 (AP)—For the entertainment of the cash customers and the agony of Arturo Godoy, Joe Louis is planning to adopt the "South American way" himself for his heavyweight title defense against the crouching Chilean in Yankee Stadium next Thursday night.

Still peeved over the way Godoy made him "look bad" in going 15 rounds in their first meeting last February, the champion and his "brain trust" have figured out a plan of battle whereby the bomb-er will meet crouch for crouch with Arturo—and maybe even try to outcrouch him for a point or two.

Then, from this position, for all the world like a couple of over-sized grasshoppers out looking for breakfast, Joe will try to straighten Godoy up with an assortment of plain and fancy hooks to the body.

MCPARTLAND IS SET TO WORK TONIGHT

By HANK HART
Dutch Prather's three run homer in the eighth frame enabled the Pampa Oilers to come from behind and defeat the Big Spring Barons, 8-6, thereby gaining a virtual first place tie for first place with the Amarillo Gold Sox in WT-NM league standings.

Up until the veteran first sacker's dramatic punch, the Barons had pretty much the better of the milling all the way. They seemed to hit Milbert Vannoy, Pampa right-hander, at will, pounding out ten base blows in all. That assault included three triples and a double.

The lead changed hands seven different times during the course of battle, the Oilers taking the lead in the initial round, losing it in the first, regaining it in the third, falling behind again in the fourth and making another successful effort in the fifth before a two run outburst on the part of the Barons changed the life of the debate again in the sixth.

The stage was set for Prather's blow when Bob Knobles stroked, Sammy Malvica singled—his fourth hit of the evening—and Grover Seitz drove one cleanly through second, scoring Knobles.

Buck Schulze, who started for the Barons, lasted until the sixth when he lost his control and gave way to Ray Parmenter.

Silent for a long time, the big bat of Stanley Bolton finally broke loose. The Big Spring left garden-er pounded out a double and two singles to share hitting honors with Abel Zubillaga who had a triple and a single.

The victory was five in six road starts for the high flying Oilers and showed them nine percentage points ahead of Amarillo in the scrap for first place in league standings. The Gold Sox have won two more games since they have Grover Seitz's crew but have lost two more.

The two teams clash again this evening with Jack McPartland, former Baron hurler, scheduled to carry on for the Oilers. Andy Mohrloch will probably work for Big Spring.

Saturday night will be ladies night with all women being admitted free.

PAGE FOUR FRIDAY, JUNE 14, 1940

The Sports Parade

By Hank Hart
Sad to relate, there is foundation for the rumors circulating within the village and over the WT-NM league that the local baseball franchise may soon find a new home.

Tony Rego, local skipper, is non-committal, but it is known that he has been disappointed with the local set-up since the opening of the current campaign. He can't be blamed since he's been taking a financial beating almost daily. He's been having difficulty meeting his pay-days.

Strangely, there has been a move among the ranks of a "fifth column" to sever all connections with the Rego organization.

Most likely city to take over Rego's business, if it falls through, is Odessa, a city where too much enthusiasm has not been expressed, where the game flopped even with a top ranking team two years ago but which may greet the game with open arms if given another chance.

The league's president, Milton E. Price of Dallas, will pay a visit to this sector within the immediate future to see what can be accomplished toward ironing out the difficulties.

In your correspondent's opinion, when such a conflict as here exists, it is best to eliminate the trouble for once and for all, even at the expense of losing the club.

There is more than one of the unit's directors who is convinced that Rego has not had at all times the fan's interest at heart, that he feels that they have never been behind him.

That may be true. The game, which drew exceedingly well for two seasons here, has ceased to become a novelty, is now a business in which a team must win or suffer the consequences. Attendance would naturally slump with an overabundance of reversals.

Get In The Swim

By Johnny Weissmuller
Former World's Champion
Having mastered the dog paddle, start next with whatever stroke appeals to you most, such as the sidestroke or the crawl. In the sidestroke, lie on either side, though the right side is preferable for most people. The arm stroke is an alternate pull, with neither hand breaking water. The scissor kick is used, the legs drawn up and then kicked out in a scissors movement, with the kick made on the downward pull of the upper arm, as the under arm is reached forward.

I prefer the crawl, and advocate first learning to roll from side to side, so as to get the arm out of the water on the over-arm stroke. Most beginners do not roll sufficiently and play straight ahead without any traction with the arms on the roll. If you turn the body, one arm is naturally partly out of the water.

It is good practice to hook up your toes on the edge of the pool and roll the upper torso and shoulders as you go through the arm stroke.

Noble Kizer Succumbs

LAFAYETTE, Ind., June 14 (AP)—Noble Kizer, 60, athletic director of Purdue university, linesman of the famous Notre Dame "four horsemen" team of 1924 and a nationally known football coach, died yesterday at St. Elizabeth's hospital.

Kizer's death was caused by complications of high blood pressure and a kidney ailment with which he was stricken in July, 1937. After a long treatment and a vacation in the west, he returned to active duty Jan. 1, 1939.

FEMS' NET MEET IN 2ND ROUND

DALLAS, June 14 (AP)—Top-seeded Marjorie Van Ryn of Austin meets Mrs. Carrie Rechenberg of Dallas in the second round today of the state women's tennis tournament.

Mrs. Rechenberg also figures in today's feature doubles match, pairing with Mrs. Mary Thompson of Dallas to meet the defending champions, Mrs. Doris Ames Jones of Dallas and Jayne Johnson of Wichita Falls.

Phyllis Otto Bars Way Of Jameson

ST. LOUIS, June 14 (AP)—Phyllis Otto, the Atlantic, Ia., youngster whose mother wanted her to play golf for the experience, hopped up in the spotlight today as she squared off against Betty Jameson, women's national champion, in the semi-finals of the Trans-Mississippi tournament.

The hefty 15-year-old sensation turned her third advance into a 4 and 3 upset over Kay Pearson, high ranking Houston, Tex., star.

Three weeks ago Kay tumbled Miss Jameson out of the Southern Golf association tourney, which makes Phyllis' victory yesterday look even more impressive.

The national champion had only praise for the newcomer before their match.

"It will take the best I have to win," Betty commented.

Miss Jameson came in yesterday with a 3 and 1 victory over Marlon Miley of Lexington, Ky.

Sailing into the semi-finals also was Patty Berg, the defending champion, ousting Mrs. David Sterrett of Hutchinson, Kas., 4 and 3.

Today Patty met Mrs. Russell Mann, Wisconsin state champion, who eliminated Shirley Ann Johnson, Chicago, 5 and 4.

Texas League Race Tightens

By the Associated Press
In the Texas League the seventh place team is so close to the first division that one game can change the whole picture.

Dallas is still eleven percentage points from fourth-place Beaumont. The cellar team, Fort Worth, is only four and one-half games out of the first division.

The two leaders won last night but among the others things were pretty well scrambled.

Top-place Houston blanked Beaumont 8-0 behind Hank No-walk's three-hit hurling while the Bulls laced Bud Thomas for fourteen.

Runner-up San Antonio made it three in a row over the Shreveport Sports, 11-3.

The Oklahoma City Indians, who had won six in a row, took it on the chin from Fort Worth 6-1 for the first defeat since Rogers Hornsby became manager.

Dallas turned back Tulsa 5-4 hopping on Ray Campbell for four runs in the first inning.

Semi-Pros Adopt New Intentional Pass Regulation

ST. LOUIS, June 14 (AP)—To curb heavy hitters at the plate, the national semi-pro baseball congress will introduce a new version of the intentional walk rule—two bases for a free pass.

Present regulations allow one base for a voluntary walk, usually authored by the pitcher to get at a lighter batter. Under the new measure, which will be tested at the national semi-pro tournament at Wichita, Kas., next August, a passed batter can go to second base.

George H. Slater, national semi-pro commissioner, said "spectators long have deplored the intentional pass," and if the experiment to curb it is successful the new rule will be adopted by semi-pros.

Texas League Long Spot For Rebuilding Pitchers

By HAROLD V. RATLIFF
DALLAS, June 14 (AP)—There's a healing fountain down here in the Texas League but it's only a trickle and it's man-made.

It's the perception that ball players shed when they pitch away sore arms received in the majors.

Two of the big league's greatest hurlers found new life and hope after a season and another is trying to regain the glory he once knew with work in the even Texas climate.

Schoolboy Rowe was sent to Beaumont two seasons ago in an effort to cure an ailing arm. Rowe is now helping pitch the Detroit Tigers into pennant consideration.

At the same time came Paul (Duffy) Dean, who had won everlasting glory as a member of the team of "Me n' Paul" in which Dimey and Duffy Dean hurled the Cardinals to world series heights.

Duffy also had a sore arm and

his effectiveness was nil when the Cardinals sent him to Houston of the Texas League. Houston gave up on him and let him go to Dallas where he started to click again.

Then back to the Cardinals he went last season. However, he spent the last half with Columbus and the Giants drafted him.

He pitched a four-hitter the other day against Chicago.

New Dimey is trying to cure a sore arm while hurling for Tulsa.

But the Texas League hasn't just recently discovered this healing fountain, says J. Alvin Gardner, loop president, who recalls many whose effectiveness returned through a sojourn in this section.

He cited Hal Carlson as an early example. Hal wasn't doing any good with PHSburg in 1933 and they sent him to Wichita Falls, owned by Gardner at the time. Carlson didn't get there until mid-season yet he won some 20 games.

after the race was over and went back to star in the majors.

The climate here is one of the things that's good for what ails a man in the prime of baseball life and yet unable to win in the majors, Gardner commented. "It's warm and the temperature is even. The pitcher with a sore arm finds his muscles getting supple and that there is no strain. So he remembers that arm and cuts loose. He finds that he can eventually throw anything he likes as hard as he likes and there'll be no new knicks in his arm caused by atmospheric change.

"Almost as important is his mental attitude. The pitcher believes there's no danger of hurting himself by cutting loose so he lets go and works out his trouble. Often times he might have let go before but didn't have the confidence until he got into the Texas League where the climate is hailed as the leading tonic for sore arms."

Cincy-Brooklyn Series This Weekend May Decide Titlist

3-Game Series A Complete Sellout

By JUDSON BAILEY
Associated Press Sports Writer
The baseball spotlight will be focused this weekend on the four-game collision of the Cincinnati Reds and Brooklyn Dodgers at Ebbetts Field, Brooklyn, in the hope the violent struggle will indicate the eventual National League champion.

The teams are virtually dead-locked for the lead.

The ball park, seating approximately 35,000 persons, has been sold out for today, tomorrow and Sunday.

Ardent Flatbush fans believe that the reinforcement by Outfielder Joe Medwick and Pitcher Curt Davis will enable Brooklyn to crush all other contenders.

Medwick was to take his place in the Dodger lineup today at left field, batting cleanup. Manager Leo Durocher had Tex Carleton, the no-hit nemesis of the Reds, groomed for the first pitching assignment against the champions.

Bill McKechnie countered with Gene Thompson, the young right-hander who has won eight games this spring.

The Cleveland Indians and Detroit Tigers staged a red-hot inter-lude yesterday while the other clubs were traveling and the Indians eventually triumphed 3-2 in ten innings.

The victory lifted the Tribe back into second place.

Ouster Of Oscar Vitt As Skipper Of Tribe Demanded By Players

CLEVELAND, June 14 (AP)—Manager Oscar Vitt of the Cleveland baseball club, facing possible dismissal as the aftermath of a mass demand by players for his ouster, was called into conference with President Alva Bradley today.

Veteran players carried their protest personally to Bradley in a move believed unprecedented in major league baseball history. They told the president they could not win as long as Vitt remained at the helm, charging him with insincerity, ridiculing players and causing public criticism.

Vitt expressed amazement when informed of the protest and at first believed it a joke.

Bushmen are the earliest inhabitants of South Africa of whom there is an historical record, but there was an invading people who superseded a race which left no tangible traces.

SPORTS ROUNDUP

NEW YORK, June 14 (AP)—Extra! Don't fall off your chair if Whizzer White, the football star, bolts up in a N. Y. Giant uniform next fall. "The White" doesn't want to play in Pittsburgh and Owner Art Rooney has told the Giants to go ahead and try to sign him. Billy Southworth sure got a cheerful welcome to St. Louis. Day he was named manager, Pepper Martin wired him: "Morale of club at lowest ebb in history..."

Texas League Race Tightens

URGES USE OF MORE PICTURES IN PAPERS

MINERAL WELLS, June 14 (AP)—Brad Smith, McAllen newspaper man whose spot pictures of a recent train-truck crash at Alamo received national display, today urged members of the Texas Press association to use more pictures in their papers.

Speaking before the annual convention of the association, he said, "It is my opinion that every newspaper, large or small, but more particularly the smaller papers, should provide all the local pictures they can possibly provide for their readers.

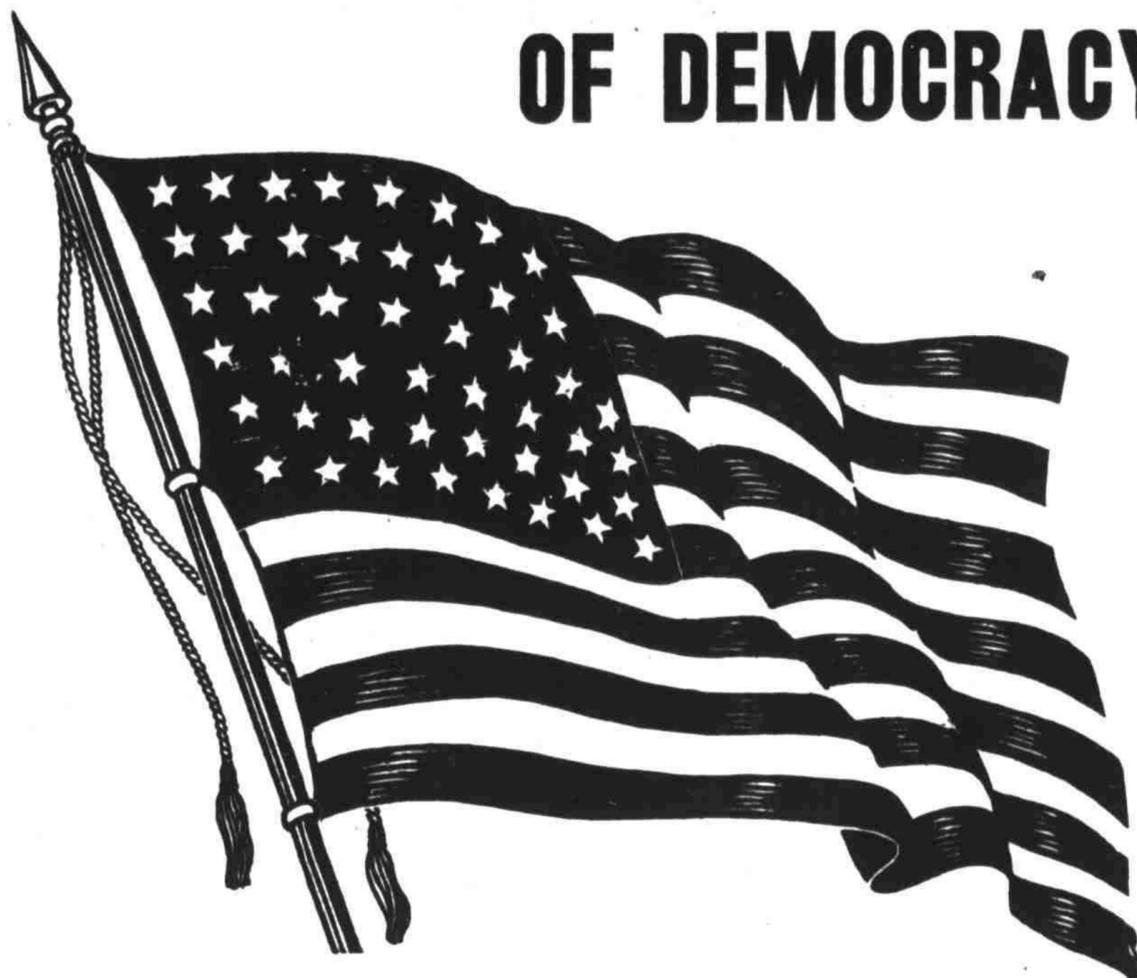

"Rapid growth of newspaper transmission, such as the Associated Press Wirephoto system x x x has served to make newspaper readers picture conscious."

Not Just A "Banner"— A LIVING SYMBOL OF DEMOCRACY

FLAG DAY JUNE 14th

163 years ago, the American flag took its present form. On that day Congress resolved that the symbol of our Democracy should be "13 stripes, alternate red and white; that the union be 13 stars, white on a blue field, representing a constellation." John Paul Jones, the naval officer, first unfurled the Stars and Stripes when he took command of the warship "Ranger" in June 1777.

Our Flag—

We honor it, of course. We cherish it, and would fight to protect and defend it.

But is our respect for this symbol of democratic freedom, this living token of American spirit ACTIVE enough? Do we know the simple rules paying homage to the flag, the proper way to display our national banner.

We Americans, you know, are prone to take our liberties for granted . . . to accept our advantages as if they were commonplace. Sometimes, we may be too indifferent toward the blessings of Americanism—blessings which our Flag symbolizes.

Today is FLAG DAY—the 163rd "birthday" of the Stars and Stripes. There never was a more appropriate time for the citizens of America to dedicate themselves anew to those principles

for which our Flag waves. It is a time when the very foundations of our spirit of living are threatened, when Democracy itself is menaced by the brutal force of Might. It is a time when the believers in Democracy must awake from their lethargy and reconsecrate themselves to an ACTIVE respect and defense for the flag that is the living message to the world that America is the Land of the Free and will continue to be the Land of the Free.

Flag Day will be commemorated with a formal program in Big Spring this evening—a program which will be in the spirit of a renewal of faith in those principles embodied in the unfurled Red, White and Blue.

You are urged to attend this program, to participate in ceremonies which bind our community more closely in the cause of Democracy and which will make better American citizens of us all.

It is Our Flag. Let us honor it always!

One of the most striking of a series of informative messages on the Texas oil industry being sponsored by the Texas Mid-Continent Oil and Gas Association is that appearing currently in the state's newspapers.

Washington Daybook

WASHINGTON—The tourist trade of the nation's capital probably compares very favorably with that of California, Colorado, Maine and Minnesota in summer, and Florida in winter—but the most amazing phase of it to any newcomer must certainly be the thousands upon thousands of private school, high school and college youngsters who flock here every spring.

THEY'RE WELL POSTED

These educational tours, according to railroad and bus officials, generally are booked by school principals who merely notify the carrier that they have 100, or 200, or whatever the number might be, of youngsters who want to make the trip to Washington for three or five days, or a week.

Man About Manhattan

NEW YORK—Frank Seiden has our sympathy and I am sure he will have yours too, once you have heard his story. But first I would like to relay a little incident that happened on a quiet weekend a couple of years ago.

Among the various establishments that are under the direction of Mr. Seiden is the Lido Beach club and hotel, a famed Long Island resort.

Hollywood Sights And Sounds

HOLLYWOOD—Robert Taylor made an interesting discovery today about Robert Taylor. "Man," he said, laughing, "I must have a stinker. I never knew how much I must have stunk until I made that picture."

Oilers Upset By Carnett Sportsmen

Montgomery Ward and Carnett's Sportsmen chalked up Major-City softball league victories on the Mundy diamond Thursday evening, defeating Coahoma and the Standard Oilers, respectively.

The Carnett win was a major upset. The Sportsmen humbled the crippled Oilers, 16-4, throwing the second half flag chase into a mad scramble.

The Oilers were playing without the services of Howard Hart, first sacker, Bobby Savage, ace pitcher, and Howard Schwarzenbach, short stop.

The Sportsmen batted out 15 assorted base blows, including three each by H. Moody, Davis and H. Starr.

The Oilers were limited to three hits by Max Carroll.

Lonnie Evans, Montgomery Ward, tossed the season's first no-hit, no-run game in stopping Coahoma, 14-0.

He gave up only two walks.

Horses will stand the heat better if they have free access to common salt.

Dallas Gathering Backs The Allies

DALLAS, June 14 (UP)—A crowd estimated at 15,000 roared its approval here last night of giving all aid possible to the allies in their battle against the totalitarian nations.

It was stipulated that this be short of men but the throng also voiced its approval when Will R. Harris, in presenting the resolutions, declared:

"Give England and France planes, guns and all the supplies we can, and if that leads to war, we will meet that issue when it comes. I hope the heroic sons of England and France hear of these resolutions on the bloody fields of battle."

Mrs. S. H. Newberg and Mrs. C. A. Morrison of Fort Worth returned Wednesday from a visit in El Paso. Mrs. S. H. Newberg, Jr., of Dallas, who had been a guest of her mother-in-law, returned home Wednesday.

FOR THE PAST WEEK 'SNOWSHOE SALLY' HAS PLAYED TO THOUSANDS OF WILDLY CHEERING CHILDREN... A FREE SHOW, YES, BUT.....

J.P., THE KIDS ARE EATING THE PICTURE UP... NOT BECAUSE IT'S FREE, BUT BECAUSE THEY REALLY LIKE IT!

GOOD! HIRE MORE THEATRISTS... EVERY KID WHO LIKES THE FILM IS AN AD!

RIGHT! THE KIDS ARE SPREADING THE GOOD WORD AND ADULTS ARE GANGING UP AT THE BOX-OFFICE, I THINK 'SNOWSHOE SALLY' IS GOING TO CATCH ON!

PERSONAL, I HAVE APOLOGIZED TO THE CRITICS AND THEY AGREE TO GIVE THE FILM ANOTHER LOOK-OVER, TONIGHT!

LOOK, UNCLE PHIL... THE CRITICS WENT TO SEE MY PICTURE AGAIN, LAST NIGHT AND THEY RAVE ABOUT IT!

THAT'S BECAUSE THEY COULD SIT THROUGH IT, WITHOUT BEING FROZEN TO THEIR SEATS AND HAVING CONFETTI SLAPPED IN THEIR FACES!

but their names are not yet ready for announcement.
Army and navy officers will be assigned to it and the organization will look into all research and extermination which might be helpful in accelerating the huge defense program.

Authority for recasting the projected fleet expansion program may be sought from congress, it was reported, because of the object lessons which have marked the naval phases of Europe's war.

President Roosevelt, a usually well-informed source disclosed, is considering requesting permission to shift legally-fixed tonnage classifications so that a larger number of smaller and lighter warships could be built than was originally contemplated.

Some lawmakers were of the opinion the nation should go to greater lengths and offered new proposals for abandonment of the neutrality act.

On the other hand, a senate bloc was forming to fight any attempts to supply direct governmental military aid to the allies. Members of this group made clear they would not resist indirect aid along present lines.

The sinking of two British aircraft carriers with a heavy loss of planes and equipment, naval circles explained, made it probable that the size of future American carriers would figure importantly in any program change.

WOULD USE U.S. SHIPS TO CARRY ALLIES SUPPLIES

NEW YORK, June 14 (AP)—Efforts to make it possible for American ships to transport supplies to the allies were reported under way today.

Under the neutrality act, United States vessels are barred from belligerent waters, but shipping executives were described as being hopeful that some means of overcoming the restrictions might be devised.

Several shipping officials were known to be in Washington conferring with governmental authorities on the subject.

In the first 14 years after British occupation in 1892, Egypt's trade multiplied five times.

Third, west on Third to Main, and south on Main to the courthouse lawn flagpole.

The program there will be put out over a public address system, so that all may hear. Jas. T. Brooks will be master of ceremonies. Opening music will be by the Big Spring high school band, and Rev. J. F. Dwan will give the invocation. The audience will sing America, and then Boy Scouts will conduct the sunset ceremony of Retreat—the lowering of the flag. Scouts also will go through the rite of pledging allegiance to the flag. Talks will be made by Dr. D. F. McConnell, King Siles, Miss Anne Martin and Judge Croil Collins, and other songs to be sung by the audience include God Bless America and the Star Spangled Banner.

A special proclamation by the mayor designates today as Flag Day, and many banners were being flown. The evening ceremony itself is the capstone to a day when Americans are feeling more deeply than ever before a respect and a pledge of defense to the symbol of our national democracy.

CONFIRMS APPOINTMENT

WASHINGTON, June 14 (AP)—The senate confirmed Oliver A. Hale as postmaster at Abilene, Texas.

Old YMCA Flagpole Erected, Displays Old Glory Again

Among the many flags flying in the city Friday for Flag Day was a banner atop a pole that will recall many incidents to residents of Big Spring.

The pole—a 30-foot affair—is that which was located at the old Y. M. C. A. building, erected in 1902 along with the building which housed many an important personage and was the scene of many bright events in Big Spring older days.

When the Y. M. C. A. building was torn down several years ago, J. M. Morgan, contractor, acquired the pole. When talk of Flag Day plans were heard, Mr. Morgan uncovered the old standard, but it was not placed on public property. He turned it over to Postmaster Nat Shick, who proudly erected it at his home place on Gregg street, and there files the Union banner today.

Flag Day, 1940, brought a new flagpole to the municipal grounds, too; and this morning Mayor Grover Dunham witnessed the raising of Old Glory in front of the city hall.

Fireproof Cotton Is Perfected

CHARLOTTE, N. C., June 14 (AP)—A burning match was tossed on a pile of fluffy white cotton. It went out, and left a smudge; but the cotton had not burned.

Then men spread some of the cotton on the ground, and stuck an acetylene torch to it. Sure, the torch burnt a hole through the cotton, but it cut a clean hole and the cotton around the hole didn't catch fire.

There you have it—fireproof cotton.

"It's the greatest thing that's happened to the cotton industry, the department of agriculture believes," W. J. Heenan, an inspector of the department, said after tests here.

"The great thing about this new fireproof cotton is that it may be used for so many things. There's no end to the practical adaptations."

The federal government has made an allotment of 500,000 pounds of this new treated cotton to Charlotte manufacturing concern. Another large allotment has been made to a company in Tyler, Tex.

The trick is performed, naturally, by chemicals. They wrap up the fibers of cotton in crystals of certain substances that make it non-inflammable.

Possible uses for the fireproof cotton include insulation of buildings and decorative purposes such as fireproof Christmas trees, but, Heenan pointed out, the possibilities are limitless.

MARKETS Wall Street

NEW YORK, June 14 (AP)—The stock market turned on bullish head today as an optimistic barrage of home business prospects more than counteracted gloomier war news.

Steels led the rebound after a hesitant opening. Gains ran to 5 points or so for favorites. There were occasional letdowns on profit taking and top marks were shaded at the close in many cases.

Bidding was fast enough in the forenoon to put the ticker behind briefly. Transfers were around 1,000,000 shares.

The fall of Paris to the nazis failed to shock Wall Street to any great extent.

The main sustaining factor still was the huge rearmament program and signs of heavier foreign buying in the United States.

CHRISTIAN SCIENCE SERVICE
Room 1, Settles Hotel
"God the Preserver of Man" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 16.
The Golden Text is: "The Lord is my rock, and my fortress, and my deliverer; my God, my strength, in whom I will trust; my buckler, and the horn of my salvation, and my high tower" (Psalm 18:2).
Among the citations which comprise the lesson-sermon is the following from the Bible: "Withhold not thou thy tender mercies from me, O Lord; let thy loving kindness and thy truth continually preserve me. Let all those that seek thee rejoice and be glad in thee: let such as love thy salvation say continually, The Lord be magnified" (Psalm 40:11, 16).
The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Work out your own salvation in the demand of Love and Love for to this end God worketh with you" (page 22).

PLAN TO PRODUCE 7,000 PILOTS ANNUALLY

WASHINGTON, June 14 (AP)—Plans to produce 10,000 trained men a year, including 7,000 pilots, to staff the nation's expanding army air force were announced today by Secretary of War Woodring.

The plans involve use of two of the air corps' principal operating bases as training centers for pilots and instructors, in addition to the existing "West Point of the Air" at Randolph Field, Tex.

The period of training has been ordered shortened by a month. It will be 35 weeks long, Woodring disclosed.

In addition to the 7,000 pilots, 3,600 bombardiers and navigators will be trained annually to man the vastly expanded air forces.

The new program calls in general for an extension of the system set up last summer after congress voted a \$300,000,000 air corps expansion.

Plan Permanent Settlement In Little America

WASHINGTON, June 14 (AP)—A house appropriations subcommittee has taken steps, members said today, to put an end to the Byrd Antarctic expedition and any plans for a permanent United States settlement in the south Polar regions.

It was learned that the subcommittee has refused to vote the expedition funds for another year's stay and wants to give it only enough money to come home. It had approved \$117,000 instead of the \$250,000 recommended by President Roosevelt and voted by the senate.

PATRIOTISM ABC THEME

Planning to attend the flag day service Friday night at 7:30 o'clock and to march in the parade with 100 per cent membership in the American Business club met Friday noon at the Crawford hotel for a patriotic program.

Sgt. Troy Gibson, local recruiting agent, was guest speaker and talked of paying respects to the flag. He discussed enlisting youths between ages 18 to 25 years. The speaker was introduced by Cecil Snodgrass.

Plans for the fishing trip to be held near Sterling City this weekend were made and Jack Terry was named chairman of the transportation committee. Chester Cluck was named chairman of the food committee and M. Carnohan of the campfire committee. Worth Feeler is to head the committee on fishing.

The group planned a wienner roast for Saturday night at the fishing spot.

The club received an invitation from the Woodmen Circle to attend the dance being held at the Crawford Friday night. A letter telling of the accomplishments of the club was read.

New member introduced was W. R. Satterwhite and other guests were N. S. Myer, Bill Sheppard, A. L. Jordan.
