There he stopped and raised his hand to indicate the depth that water would be found, which in this case was an indicated depth of between 30 and 50 feet.

Kunba was followed by a Surat Brahmin named Joshi who bore a magnifying glass and an armful of astrological charts. A detailed examination of samples of earth under the glass was followed by astrological calculations and the drawing of mystic charts. An assistant meanwhile consulted learned Sanskrit texts. Finally after innumerable calculations. Joshi submitted his decision as to where water would be found.

TO THE DEMOCRATS OF EASTLAND COUN

I was appointed Associate Justice on this Court and since June 1st, 1925, I have served as a member of the Court.

I believe that, the Court has given satisfaction, and so far as I know, there has been no complaint of our service. At the time of my appointment, I was Mayor of the City of Breckenridge, and enjoyed a good law practice. I resigned my office, gave up my practice and accepted the place on this court, committed to the promise that I would give my best efforts to the work. How well I have rendered the service, I leave the record to speak. Unless there is some reason advanced why I should not succeed myself, I submit the Democratic rule as entitling me to another term.

I am opposed by two splendid gentlemen, one being our favored and honored son, G. L. Davenport, who were aspirants when I was appointed and the issue is, so far as I know, "We all want the place."

I invite your investigation, and if you believe that under all circumstances I am entitled to your suffrage and merit your support, I will apprecite same and request that you speak a word in my behalf to your friends.

Believing my experience on this bench and my training qualify me for the duties, I submit my candidacy to your unbiased judgment.

Your Vote and Influence Solicited For

Representative Upshaw.

Candidate for Flotorial Representative 107th District, which is Composed of Eastland and Callahan Counties

It being impossible for me to see the voters of this district personally before the Primary, I am taking this method of soliciting your vote in the coming Democratic Primary, Saturday, July 24th. I am asking for this office on my own merits, and having been District Clerk, County Attorney and County Judge of Callahan County, and twice elected as Mayor of Baird, my home town and county, where I was born and reared, I feel that I am qualified to represent this district in a competent manner.

I am seeking election as your Representative so I may have a better chance to climb to something better in the future, and assure you that I shall, at all times, put forth every effort to look after the needs of my district and represent you to the best of my ability, and upon this basis, I am asking for your vote and support.

THE FOLLOWING ARE SOME OF THE THINGS I ADVOCATE:

- 1st. I favor a better Free School System with not less than \$15.00 per capita tax for school children. I also favor Rural High Schools, and aid for them in addition to the per capita tax.
- I favor County control of its affairs and am against Legislated State Encroachment on our Counties.
- 3rd. I favor Court Reform. We need less technicalities and more
- 4th. We have too many laws. I favor fewer laws and better laws with strict enforcement of same.
- 5th. I favor adequate appropriations for all our Educational and Eleemosynary Institutions.
- 6th. I favor Rigid Economy in all State affairs. I favor consolidation of Departments where there is duplication, thereby eliminating that expense which will make a large saving to the Taxpayers.
- 7th. I understand that a concerted effort is being made, or will probably be made, to remove the 11th Court of Appeals from Eastland County. I favor retaining this Court at its present location as intended in the original bill and if elected as your Representative I shall fight the effort to remove this Court to the last ditch.
