

# MARTIAL LAW DECLARED IN PUEBLO

## SLEW MAN, PUT BODY ON TRACK, CHARGE SAYS

### Five Men Held at Comanche Will Be Tried June 13.

COMANCHE, Texas, June 4.—The trial of five men who are charged with murdering Jack McCurdy at Hasse and placing the body on a railroad track so it would be so badly mangled by a passing train that the murder would not be discovered will be held here June 13, according to R. F. Holloway, county attorney of Comanche county.

According to Holloway, the five men, together with McCurdy, were interested in operating a whisky still. McCurdy is alleged to have hidden part of the still. His alleged associates, fearing he would take the hidden parts before the grand jury, are charged with his death.

County authorities have been working on the case since May 12 when McCurdy is alleged to have hidden the skull was crushed and authorities charged he was murdered with some blunt instrument.

The five men indicted, according to Holloway, are Ed Walker, Earl Henry, W. W. Wilman, G. Howard and Fred Ree.

A panel of 200 men has been drawn from which the jury will be chosen.

## ENGLAND GAVE AID TO GREEKS, 'TIS REPORTED

By NEWTON C. PARKE, International News Service Staff Correspondent.

PARIS, June 3.—England not only gave the Greeks moral encouragement in their recent ill-fated campaign against the Turks in Asia Minor, but lent financial assistance and the advice of military experts, according to information from reliable sources here.

This help was given secretly because it violated the Anglo-French-Italian agreement reached at the London conference. Though the French government, which has always worked for an understanding with Mustafa Kemal's Turkish nationalists, strongly opposed the Greek adventure a number of French banks are said to have helped provide funds.

It is estimated that General Papoulis' campaign cost Greece at least \$30,000,000. It is known that the Bank of Greece was not prepared to furnish this sum and that King Constantine sent out distress signals for money before he ordered the offensive.

Exactly to what extent the English government participated directly in financing the campaign is not known here. Nevertheless, it is known that banking circles that several big London banks helped raise funds.

In Paris a group of banks which has large interests in Greece and the Near East lent enough additional support to enable Constantine to get along without worry, despite the fact that he is still waiting for recognition by the allied governments.

At Constantinople the Greeks received not only military advice but an organization is said to have been created by the British embassy to help Constantine erect a civil administration if the Greek offensive had been a success. Mustafa Kemal's representatives here report that among the dead found by the Turks were British officers and that several British were taken prisoners. Athens dispatches admit that one English colonel was killed while leading a counter-attack, but explains that he "happened" to be with the Greek troops and assumed command when their leader was killed.

## WIFE-SWAPPING PLANS OF QUARTETTE CRASH WHEN NEIGHBORS TALK

ANDERSON, Ind., June 4.—The matrimonial ark launched by Bill Muncy and Gorman Huffman, by which they hope to swap wives, was wrecked on the rocks of neighborhood gossip.

Members of this matrimonial quadrangle today declared they had given up plans for changing spouses.

"What caused you to change your plans, neighborhood gossip?" Mrs. Muncy was asked.

"Well, it sure stirred up a lot of talk," Mrs. Muncy said. "I am going ahead and try to get my divorce but I am not going to marry Gorman."

Plans for the marriage of Babe Huffman and Bill Muncy announced when the quartette walked into the courtroom of Judge Kittinger, with their wife-swapping arrangement were also said to have gone by the boards.

## TEN CENTS LEFT!

Special to the Times.  
BRECKENRIDGE, June 4.—Ten cents and three small children constitute the total capital remaining to the widow of Jack Sloan, casing crew worker, who was shot and killed here last night during a discussion following his attempt to collect a debt of \$50 for labor. Sloan's employer, Tom Winn, manager of the Lacasa casing crew, is held without bond in the county jail. He surrendered when a threatening mob formed following the shooting.

## CITY-COUNTY HOSPITAL BIDS CLOSE JUNE 21

### Belief Is Contract for Building Will Be Awarded on That Date.

The contract for the city-county hospital will be awarded June 21 if any bid submitted on that date is accepted. The city commission will advise that it will accept sealed bids for the hospital until 3 p. m., Saturday, June 21. After that hour the bids will be opened and considered.

Several contractors have already asked for plans on the building and it is certain that several offers will be made. Among the number who will probably make an effort to contract the hospital are Walsh & Burney of San Antonio, Wattlinger Brothers of Austin, and the McElroy Plate Glass company and Quisic & Andrews, the latter two being local firms.

J. J. Wattlinger is here for his firm and will probably submit his bid before returning to Austin. Walsh & Burney have been the contractors on several large buildings in the city.

G. H. T. Washburn, the architect for the hospital, was in the city Saturday and had made several small changes in the plans as suggested by the city commission and County Judge, C. R. Starnes.

It is believed that work on the building will start shortly after the contract has been awarded.

With \$33,000 for the project assured in cash, the commission is asking for cash bids.

## NINETY-SEVEN VOTES IN SPECIAL ELECTION UP TO NOON SATURDAY

Ninety-seven votes had been cast in the special election today at noon, indicating slight interest in the outcome. The election was called for the purpose of choosing a successor to John A. Russell, resigned. J. D. Barker of Cisco and Joe Burkett of Eastland are candidates for the office.

Both candidates have made many speeches in the western counties of the district but neither spoke in Ranger until yesterday, when both made street speeches and Burkett appeared at the Majestic theater.

## WIFE'S DRINK ORGIES WITH 'FRIEND' CAUSED CHILD'S DELINQUENCY

LOUISVILLE, Ky., June 3.—A warrant has been issued here for the arrest of Marie Stevens, wife of Fred W. Stevens, wealthy paymaster, on a charge of having contributed to the delinquency of the couple's eleven-year-old daughter.

Stevens charges that his wife and the president of a local automobile concern, prominent in Louisville business circles, had engaged in "drinking bouts" in the presence of the child.

Further arrests are expected, including that of a business man and of a woman who conducts a house where, Stevens says, his wife and Collins visited.

## MASKED MEN ATTACK SHIPPING BOARD VESSELS IN ROADS

By Associated Press.  
OLD POINT COMFORT, Va., June 4.—A party of masked men boarded the shipping board steamer Mitchell in Hampton Roads today and attacked the crew, badly injuring eight and slightly injuring several others. A naval detachment answered the Mitchell's call for help, but before the blue jackets arrived the attackers escaped.

# Hundreds Drown In North Colorado As Fires and Floods Follow Cloudburst

## PUEBLO UNDER MUD AND WATER, IN SAD PLIGHT

### Wall of Water Sweeps Mother and Child to Death, Babies from Father.

DENVER, June 4.—Martial law has been declared at Pueblo, Colo., where fires raged during the night and were extinguished today. Terrified residents kept rescue parties busy all night with their cries for help. Looting was begun when night came on. State troops kept an all night vigil.

Pianos and beds could be seen floating down the Arkansas river with dead cattle, hogs and horses. Churches and billiard halls served as shelter for two hundred stranded tourists.

Auto Paul Reverses gave warning of the flood to residents of the towns of Lafayette and Erie below the Marshall dam which was expected momentarily to go out. Both towns were flooded when the surge of overflow water poured over the huge dikes but no lives were reported lost.

Mines in the vicinity were flooded. With two additional dead reported the total has reached six. Although the rainfall ceased this morning the weather was threatening with the promise of more rain before night.

## TOURISTS IN DANGER

DENVER, June 4.—A dispatch to the Denver Times from Pueblo today contained the statement: "Hundreds of lives have been lost." This was the first direct dispatch from Pueblo since last night. The dispatch added that most of the lives were lost in the Grovedistrict, southeast of town.

A cloudburst at Swatos, fifteen miles west of Pueblo, yesterday sent the Arkansas river on rampage within two hours. A message early today said five feet of water was standing in the streets of Pueblo, extending into the union station. Flood waters in the station were receding, according to a brief telegram later.

The message said the water reached the high mark at Pueblo at ten last night when it was nine feet six inches in the station. All lights and telephones were out of service. Parts of Pueblo were badly piled up with driftwood and derailed railroad equipment, according to the messages. The message added the downtown section of Pueblo was covered with two feet of mud. The first train arrived here at 8 this morning, due at 9:15 last night.

## HUNDREDS HOMELESS.

DENVER, Colo., June 4.—Little mountain streamlets swollen to surging rivers by heavy rains took four lives, made hundreds homeless and caused several millions in property loss in northern Colorado today.

Grave fears were held out for hundreds of tourists unwarned by approaching floods who may have been trapped while camping.

A wall of water swept Mrs. Carl Davis and her baby to death near Sterling, following a cloudburst.

Father Loses Babies. Two children of Wm. Gray were sucked from the arms of their father when he was vainly trying to rescue them from the torments which inundated Pueblo. Some of Pueblo's streets were under six feet of water, streets were under six feet of water, streets were under six feet of water, streets were under six feet of water.

The stricken areas are cut off from the outside world. Fifteen miles of the Lincoln highway have been swept away.

Railroad tracks were washed away in many places. Hundreds of acres of crops are under water and large numbers of livestock drowned, according to reports received here.

Rain began falling at 5 p. m. Friday and this morning was continuing unabated. Indications were that it would continue most of the day.

A rescue party which left Broomfield last night to search for a group of seven motorists believed to have perished when a bridge over a small creek went out today reported no trace of the motorists had been found.

## FIRES RAGING.

PUEBLO, Colo., June 4.—National guardsmen were patrolling Pueblo today permitting no one to enter the

## North and Central Texas Crude Cut To \$1.25 Barrel

### BANDITS SHOT!

CHICAGO, June 4.—Three bandits were shot and probably mortally wounded early today in a battle with police. A fourth escaped.

A further reduction in North and Central Texas crude oil to \$1.25 per barrel has been posted by the Magnolia Petroleum company, but early Saturday morning none of the other companies operating in this field had met the cut. It was said from one of the larger offices that the Magnolia was not running enough oil in this field to make the price. However, the same office declared that it looks as if a further reduction is bound to come even though it had not yet received notice to meet the cut.

The opinion has been prevalent for some time in Ranger that during the summer, North and Central Texas oil was due to reach the low level of one dollar a barrel. But even though this opinion has prevailed there has been an under-current of optimism, based on the belief that in July or shortly after that month the price would take an upward trend.

Better Price Rumors. While no verification has been secured it is rumored rather freely in Ranger that the Dutch-Shell people, through their local, subsidiary the Roxana company, will begin accepting contracts July 1 to run a year on West Texas crude at \$2 a barrel. The same report also states that this action will be met by the Sinclair interests.

The Dutch-Shell is an English concern almost as large as the Standard oil and the two giants, according to reports, have never been on friendly terms.

The feeling of optimism is heightened by the fact that it is being made to have Congress place an import tax on Mexican oil. To help this fight a petition asking Congress for an import tax on Mexican oil is being circulated by M. H. Hagaman, to be sent to Washington, together with similar petitions from all oil regions affected by present low prices of crude.

More than sixty signatures have been obtained in Ranger and it is expected that the total number will reach into the hundreds. Employees of supply houses, at work and laid off, and of other business houses affected by the oil market, are asked to sign the petition, which will be presented to Congress by the Mid-Continent Oil and Gas association.

It is said that prospects of obtaining this tariff are improving, but that the strongest support from every oil producing district is needed.

Petition for Tax. The petition reads as follows: "We the undersigned oil producers and employees of supply houses, chambers of commerce and all lines of business affected, respectfully petition the Congress of the United States for an adequate import duty on petroleum for the following reasons:

"1. The flood of petroleum from Mexico has so demoralized the oil industry of the United States that the market price of crude is below the average cost of production.

"2. Many thousands of men have been thrown out of employment and many thousands of wells now being operated at a loss must soon be abandoned unless the market conditions improve.

"3. The shrinkage of over \$2,000,000 a day, or the annual rate of more than three-fourths of a billion dollars in the receipts from oil produced in the United States is bringing about demoralization of all business in oil producing districts throughout the entire country."

"We the undersigned oil producers and employees of supply houses, chambers of commerce and all lines of business affected, respectfully petition the Congress of the United States for an adequate import duty on petroleum for the following reasons:

"1. The flood of petroleum from Mexico has so demoralized the oil industry of the United States that the market price of crude is below the average cost of production.

"2. Many thousands of men have been thrown out of employment and many thousands of wells now being operated at a loss must soon be abandoned unless the market conditions improve.

"3. The shrinkage of over \$2,000,000 a day, or the annual rate of more than three-fourths of a billion dollars in the receipts from oil produced in the United States is bringing about demoralization of all business in oil producing districts throughout the entire country."

WARSAW, Ind., June 4.—16-year-old Carrie Eggleston, sweetheart of Virgil Pecker, on trial for the murder of his chum, testified today.

The girl told of her meeting Virgil the night Leroy Lovett, Virgil's chum and double, was slain.

Prosecuting attorneys attempted to show through the girl's testimony that Virgil had her of buying insurance with the aid of his mother and brothers.

## DALLAS POLICE WILL USE WIRELESS WAVES WHEN CRIMES OCCUR

DALLAS, June 4.—A system of wireless bulletins to aid authorities in finding persons wanted, stolen autos and distribution of other important information will be inaugurated by the Dallas police department tonight.

Receiving and sending stations have been established in the leading cities of the Southwest and all important information may be flashed throughout the territory within a few minutes.

ASK BIG SUM!  
By L. C. MARTIN, United Press Correspondent.

WASHINGTON, June 4.—Immediate appropriations by congress of \$700,000,000 to pay the railroads what the government is said to owe them on "additional claims," is being urged on President Harding and congressional leaders as the next step in settling the troublesome railroad problem.

## TULSA CARES FOR HORDES OF PAUPERS

TULSA, Okla., June 4.—With martial law lifted, Tulsa today is being guarded by civil authorities reinforced by fifty overseas-ex-service men who reported at police headquarters early this morning. The soldiers wearing side arms and the uniform of the overseas soldier, were stationed throughout the city, which is rapidly getting back to normal.

Following three days of terror, Relief agencies are using hundreds of men and women in feeding and clothing the thousands of black paupers.

In the burned district gangs of negroes were put to work under supervision of American Legion men to clear away the debris and tents were pitched as the salvaging army advanced into the area. The Red Cross under direction of Morris Willow, St. Louis, appeal to citizens for contributions. It is estimated more than \$10,000 was raised for relief work.

At the fair grounds where some negroes are being cared for today, physicians vaccinated each refugee to prevent an outbreak of smallpox.

Preparations for a grand jury investigation to fix responsibility for the race war, which will begin June 8, are being made today by the county attorney, assisted by the Tulsa County Bar association. A. H. Smithman, negro, brother of the editor of a negro newspaper, alleged to have been headquarters for negro rioters, is in the county jail today without bond.

## SLAYER'S SWEETHEART, FIFTEEN, TESTIFIES IN FAMOUS MURDER TRIAL

WASHINGTON, June 4.—The state agricultural committee today ordered a favorable report on the Norris packer control bill, as a substitute for the Haugen bill which has passed the house.

The Norris bill provides for a live stock commissioner while the House measure places the live stock industry under the secretary of agriculture.

## GIRL MURDERED!

DES MOINES, Iowa, June 4.—Sara Barbara Thorsdale, pretty young country school teacher was found murdered near Valley Junction today.

She had been missing for two days.

Indications were that the girl had been assaulted. Her head was crushed and her hands tied behind her back.

SAN ANTONIO, Texas, June 4.—Aliens, picked up at Brownsville, Laredo, Del Rio, Eagle Pass and El Paso, Texas, passed through here en route to Chicago, where a deportation train is awaiting them, according to E. W. Smith, immigration inspector.

## SENATE FAVORS NORRIS PACKER CONTROL BILL

WASHINGTON, June 4.—The senate agricultural committee today ordered a favorable report on the Norris packer control bill, as a substitute for the Haugen bill which has passed the house.

The Norris bill provides for a live stock commissioner while the House measure places the live stock industry under the secretary of agriculture.

## FIFTEEN-YEAR-OLD IS ACTIVE PURLOINER OF AUTOMOBILE TOOLS

One young man in Ranger who has reached the mature age of fifteen years has a fondness for automobile tools. It might be said that he pursues them assiduously, furtively and with a real gum shoe.

The young man watches until he sees the driver of a car go away and then promptly rifles it of its tools. He then turns the tools into cash. Friday, however, he came near not being promptly stopped for a moment and left his machine. In true gum shoe style our young man sidled up and began rifling the pockets inside its doors. The driver came back suddenly and a foot race was on. He of the gum shoe was fast and agile. The rifro man was inclined to stoutness and shortness of breath, with the result that he was not even a close second. The boy took to alleys, dodged in and out stores and it is an even bet that two minutes later he was calmly walking down Main street.

CHIHUAHUA CITY, Mexico.—Recent reports received here state that the big steel mill of the Monterey Iron and Steel company will reopen soon and will employ about 2,000 men.

## TOO MUCH!

DALLAS, June 4.—Mrs. Pearl Elliott, pretty 18-year-old hostess work, was the possessor of a divorce decree today.

Pearl testified on the witness stand that trouble started when an undertaker mailed her bills for the expenses of her husband's first wife.

"It was too much to bear," she said.

## POSTOFFICE PLUMS FALL TO POLITICS

Military Service Doesn't Count Against Strong Pull by G. O. Leaders.

By BASCOM N. TIMMONS, Times Washington Correspondent.

WASHINGTON, D. C., June 3.—Texas congressmen from inquiries have learned that none of the postmasters nominated by President Wilson and refused confirmation by the Senate prior to March 4, will be appointed.

The list which the Senate especially requested, men who had records of military service, are to fall with the others. Under the new Harding order no preference is to be given service men.

The principal Texas office affected by the new policy is Amarillo, where W. D. DeGrassi, a Spanish war veteran, is serving as acting postmaster though never confirmed as a result of the examination he took.

Postmaster General Hays has let it be known that he will make no further recommendations, and the President no more nominations from those declared eligible by Civil Service examinations.

This applies to persons who have not only gone through the motion of standing the examinations required under the Wilson administration, but are actually acting as postmasters. The Harding administration is determined to fill every office possible with Republicans due to the pressure that has been brought to bear by G. O. P. Congressmen recently.

The choice of one of the three highest men gives them an excellent chance to appoint a Republican of some shade in most of the offices, though it eliminates hundreds of party workers who had expected to be given places without examination.

## CITY HAS RIGHT TO FORBID SOCIALISTS' STREET MEETINGS

NEW YORK, June 4.—Appellate division of the supreme court decided today in Brooklyn that the city of Mount Vernon was within its rights when it refused to allow Socialists to hold street meeting on Oct. 2, 1920.

The Socialists had asserted the action abridged the rights of free speech.

## AMERICAN EXPERT.

Lieutenant Stanley M. Ames, who had been married only about three weeks, served in both the Canadian and American forces overseas and suffered a severe payonnet wound while with the Canadians. He was regarded as an expert pilot as well as an authority in aero engineering. He and Miller lived in Washington.

Lieutenant Cleveland W. McDermott, whose home was in Syracuse, N. Y., was stationed at Langley field, He served in both the Canadian and American flying forces and was decorated by both governments for valor in the world war. He was credited with bringing down two German planes.

Lieutenant John M. Pennwell was stationed at Langley field, having recently been sent there from Kelley field, Texas, for the aerial bombing operations to be held next month. Little was known here of his record.

Sergeant Richard Blumenkrantz, an expert mechanic, was stationed at Bolling field here.

Connolly Known Well. Maurice Connolly, one of the civilians, a native of Dubuque, Iowa, was sales manager of the Curtiss Airplane company, was a former representative, and he served in the air service in the war with the rank of major. He was a graduate of Cornell and the New York Law school, and was active in state and national politics.

A. G. Batchelder, the other civilian killed, was one of the organizers of the American Automobile association, and chairman of its board of directors. He was a native of Attica, N. Y.

## GERMAN U-BOAT SKIPPER ACQUITTED BY GERMANS OF BREAKING WAR RULES

By United Press.  
LEIPZIG, Germany, June 4.—Lieutenant Neumann of the German navy, charged with sinking the British hospital ship Dover Castle in which many lives were lost, was acquitted today by the special court trying Germans accused of violating the rules of warfare.

Admiral Scheer who commanded the German fleet in the battle of Jutland, had maintained that Neumann, a U-boat commander, was merely obeying orders in sinking a ship in a part of the Mediterranean which Germany had declared closed to craft of that class.

## ENGINE MOWED PLANE VICTIMS LIKE A SCYTHE

### First Details of Air Accident Which Killed Seven Men Now Available.

WASHINGTON, June 4.—First details of the crash of the ambulance airplane, in which seven men were killed, became available today.

The plane, a Curtiss Eagle, which had been diverted of its ambulance equipment, was making a return flight from Langley field, Virginia, to Washington when it met a severe electrical storm, accompanied by winds estimated to be blowing at a hundred miles velocity.

Eyewitnesses said the plane, unable to make headway in the face of the wind, descended, apparently in an attempt to make a landing, but, after dropping to within about one hundred feet of the ground, approached a clump of trees and swerved upward.

The trees were cleared, but as the plane started for an open field nearby, it was seen to quiver, turn over and dive vertically to the earth.

Those who reached the wreck first found all seven dead.

Engine Made Havo. All the bodies were closely grouped, some of them badly mangled by the engine, which had been torn from its bed and thrown backward, cutting the men down like a scythe as it plowed through the narrow passenger compartment of the plane.

A watch found had stopped at 6:25, showing the exact time of the tragedy.

Army officers who viewed the wreckage said it was the worst they had ever seen. They were at a loss to understand how it could have resulted from such a short fall.

Several officers killed wore decorations for service in the world war, and both of the civilians were widely known in public life. Lieutenant Colonel Archie Miller served in the Spanish-American war, the Philippines and in the world war, where he won the Congressional Medal of Honor, and in the world war. He was at one time in command of Mitchell field, Long Island.

Lieutenant Stanley M. Ames, who had been married only about three weeks, served in both the Canadian and American forces overseas and suffered a severe payonnet wound while with the Canadians. He was regarded as an expert pilot as well as an authority in aero engineering. He and Miller lived in Washington.

Lieutenant Cleveland W. McDermott, whose home was in Syracuse, N. Y., was stationed at Langley field, He served in both the Canadian and American flying forces and was decorated by both governments for valor in the world war. He was credited with bringing down two German planes.

**LIBERTY**—William Farnum in "The Scuttlers," and Charlie Chaplin in "The Cure."  
**LAMB**—Mack Sennett presents "Love, Honor and Behave," also Rollin Comedy and Pathe News.  
**TEMPLE**—Jack Hoxie in "A Cyclone Bliss," also Final Episode of "The Vanishing Dagger."

## MAJESTIC FANS HEAR BURKETT TALK POLITICS

Representative Joe Burkett spoke at the Majestic theatre and on the streets last night, in behalf of his candidacy for state senator in the election today.

Burkett's speech at the Majestic was in two sections, the first coming just before the vaudeville performance, the second after the show.

In his first speech he reviewed conditions in the district as regards its relations with the rest of the state and called attention to the disparity of representation between East Texas and West Texas.

He advocated tax reforms, saying that West Texas is now receiving but \$5 for every \$9 paid in taxes. He advocated a West Texas A. & M. and more money for schools, saying that Texas spends \$9 per child and California spends \$60, while Oklahoma spends \$32 per child.

A radical change in the penitentiary system, including the working of short term convicts on the public roads, was favored. Burkett said the penitentiary system last year had a deficit of \$550,000, when it should show a profit or at least break even.

In the last session, the speaker said, he stood for governmental economy and had voted to consolidate several departments.

He denied that he favored the truck bill passed by the legislature, except in regard to extra large trucks.

Burkett's time came to an end while he was discussing law enforcement measures advocated by Governor Neff. About thirty-five persons remained after the show to hear him discuss "local conditions." In the second speech Burkett aired the Ranger squabble, asserted that it was his privilege as a lawyer to take cases in the courts and declared the Ranger Daily Times was against him solely because he had, as attorney, filed a libel suit against it, for one who felt himself aggrieved at his name being mentioned.

Lytton R. Taylor introduced the speaker.

LONDON, June 4.—Lord Byng one of the most famous British Generals during the world war, has accepted the post of governor general of Canada, it was announced here today.

## GOOD SAMARITAN DAY, JUNE SEVENTEENTH SELECTED BY MASONS

The Ranger lodge of the Royal Arch Masons has selected Friday, June 17, as Good Samaritan day and on that date will hold an annual banquet and confer this degree upon about 125 Royal Arch Masons, their wives, mothers, sisters and daughters over the age of 15 years.

This was decided upon at the regular meeting Friday night when officers to serve for the ensuing year were elected. Officers chosen are: L. H. Hagaman, high priest; John Etheridge, king; Dr. Clyde C. Craig, scribe; H. R. Ghoson, treasurer; James A. Davenport, secretary; W. R. Jarvis, C. O. H.; V. V. Cooper Jr., P. S.; A. F. Hartman, R. A. C.; Ab. Pitcock, M. 3 V.; Abe Davis, M. 2 V.; Dr. Harry L. Farmer, M. 1 V.; W. L. Cornelius, guard.

## BATEN LEASE WELL NOW HAS GOOD PRODUCER

Special to the Times.

**EASTLAND, June 4.**—The Star State Oil Company or Courtwright et al who are responsible for the discovery of the Rust shallow pool west of Eastland, now have what appears to be a splendid producer on the Baten lease, about eight hundred feet northwest of the original Rust No. 1, which makes four producing wells in the section of the country west of town, with two others drilling, i e those of Nassie and associates, and The Banner Oil Company which is being put down by the Mascho brothers on the Stubblefield farm, just south of and across the Cisco road from the Rust wells. These wells all came in for 150 barrels flush production around 1550 to 1575 feet.

The Baten well is down 1563 feet, and is said to be standing 1,000 feet in oil. This well is being bailed as rapidly as possible without making any perceptible impression on the oil in the hole. This leads to the belief that the bit has tapped large pool, and that when the well is put on the pump it will make a splendid producer. Those who have visited the well say it is good for 150 barrels of oil per day. Virtually no gas was found, and this will make it necessary to place the well on the pump. If the oil had been accompanied by a supply of gas it would have doubtless made a gusher.

## SENSITIVE LAD HANGS SELF.

**OAKLAND, Cal., June 3.**—Harry Finkelstein, thirteen, batted his ball over a neighbor's fence. She scolded him and his father punished him. He retired to the basement of his home and hung himself.

## KNIGHTS OF PYTHIAS ELECT OFFICERS

Officers to serve the local lodge of the Knights of Pythias for the ensuing six months were elected Thursday night at the regular meeting of the order. Officers elected are: George Owens, Chancellor commander; J. C. Miller, Vice Chancellor; G. Winsett, prelate; F. C. Bainum, master at arms; W. C. Harp, master of work; E. J. Owens, inner guard; B. A. Meeks, outer guard.

## CIGARETTE SMOKER IS BURNED WHEN BANDAGE ON ARMS IS IGNITED

With his arms swathed in turpentine bandages, Carl E. Riley, Chestnut & Smith employe, Saturday morning struck a match to light a cigarette and as a result he is in the clinical hospital with both arms badly burned.

Riley, it is said, had sores on his arms and had wrapped them in turpentine bandages. When he struck the match the bandages caught fire.

Calico is used for a number of quaint summer frocks. Calico, combined with linen, makes attractive garden or porch dresses.

## TWO CARS ARE BADLY DAMAGED IN CRASH

An automobile crash at the turn where Oak intersects Hunt street Friday night resulted in two badly damaged cars but no one was hurt. Ted Dreinhofer was driving one of the machines, and according to his story he was on his side of the street and seeing that a crash was liable to happen turned into the curb at an angle of forty-five degrees and stopped his car. When the other car, driven by R. Byatt, hit his machine it demolished a wheel and took off a fender. Byatt's machine suffered a badly crumpled radiator.

Drawnwork is often the only trimming of imported crepe de chine gowns.

ERRORS AND BUNTS GIVE NITROS PITCHERS' BATTLE WITH EAGLES

Abilene Fails to Nick Carter Successfully Except in One Round.

Nick Carter pitched baseball Friday, and the Nitros took the opener from Abilene, 3 to 1. For five innings Nick's curves were breaking and his fast one was hopping. Lewis, third man up in the fifth, was the first Eagle to smack safely. Nick faltered a trifle in the sixth, when the opposition collected four of its six blows, but after weathering that round he tightened again and held the Eagles scoreless the rest of the way.

Crowson and Clemmons, who hurled for the Eagles, did just about as well. They held the Nitros to six safeties, but contributed four passes, one of which blossomed into a run through one of the several freak notions which influenced athletes' actions. Clemmons, who went in in the fifth, was especially tight, yielding only two hits, both by Lovey and both lucky. He is a youngster who played a few games last year and has just returned from the S. M. U. medical school at Dallas. He is a spitter, which it is hoped all youngsters will forget about, and a better-than-average fast ball. With these two serves as his principal assets, his offerings eluded Nitro bats with unusual success. Pat Crowson, who started for the Eagles, held the hits to one per inning, but the Nitros were biffing the apple out on the line, and White evidently decided to retire Pat before the inevitable slaughter developed.

Some Errors. A few innocuous developed, but on the whole the game was cleanly played. The Nitro errors cost nothing, but both of Abilene's figured in the fatal fourth which decided the matinee.

The Nitros hopped off in the lead in that round, after several bright chances had gone glimmering. Jody Tate led off with a sizzling line over Whitehead, who bunted perfectly to the right of the box and was safe when Crowson's throw stretched White's lengthy frame until his center of gravity was disturbed and he toppled off the big. Murphy's sacrifice moved the runners to third and second. Robertson rolled a slow bouncer to Com, who batted the ball near third base. It bounded out behind the bench and Jody and Lovey counted. Commy's throw to the plate hitting the latter in the back.

Abilene counted in the sixth, when Comstock beat out a slow bouncer, in spite of Murphy's good stop and snap throw. White rolled out to Singleton lined a single to right and Singleton juggled the ball, making no attempt to catch Comstock at the plate. Hits by Etheridge and Hartwick filled the bases, but Lovelace dragged down Whitehead's fly for the third out, after a good run.

The Nitros added another ace to their hand in the eighth, when Singleton walked, went to second on a passed ball, stole third by sliding under the tag, and came home when Lovelace rapped to short. Comstock seemed to forget there was two out, and started to throw to the plate, then to first. His delay gave Lovey a chance to beat the throw by an eighth of a step.

The score:

Table with columns: ABILENE, AB, R, H, PO, A, E. Rows for Comstock, White, Milam, Kizziar, Etheridge, Hartwick, Lovelace, Crowson, Clemmons, xHollis.

35 1 6 24 14 2

xBatters for Crowson in fifth.

Table with columns: RANGER, AB, R, H, PO, A, E. Rows for Clapp, York, Hamilton, Singleton, Tate, Lovelace, Murphy, Robertson, Carter.

Score by innings: Abilene, 000 001 000-1. Ranger, 000 200 01x-3.

Summary—Two-base hit, Clapp's sacrifice hits, Lovelace's slow stolen bases, Singleton's Murphy's inings pitched, by Crowson, hits 4, by Carter 4, by Crowson 1, by Clemmons 4; bases on balls, off Crowson 1, Clemmons 3; passed ball, Lewis; double play, Whitehead to Kizziar to Whitehead. Time of game, 2 hours. Umpires, Davis and Pennell.

Nitro Notes

Charley Clapp deserved better luck at scoring. Twice he led off with a 24-karat swat, the second one being for two bases. And twice he died on third. The first time, he went from first to third on an infield out, when with the hit and run on, York grounded to Whitehead. Hamilton and Singleton failed to hit, which gave the anti-squeeze fans a chance to say, "They should have squeezed." Meaning that if one eye-

tem fails to work, another should have been used. The first two Eagles up in the fourth were went out on two pitched balls.

Joe Lewis is still the possessor of a broken finger, but he is in there playing just the same. Last time here, he played right field with the fingers strapped to a board. He was the first gent to smash Nick's no-hit record yesterday, and he killed at least one piferer at second. It takes some nerve to catch a baseball game with a broken finger.

Jack York had four assists yesterday, something unusual for a first baseman. He also made two one-handed stabs at critical times which were thrilling after it was seen he had the ball. Before that, it was a question of whether he could stretch far enough.

Those four assists also gave Nick Carter four putouts, and a redhot liner which Nick caught by reflex action made it five, also an unusual record.

There was a tense moment in the eighth, when Milam lifted a high one near the right field wall. If it was over, it would tie the score. Singleton moved back to the boards and waited. "Johnny, have you got it?" one excited feminine voice asked to know. Johnny got it.

MANY PITCHERS REFUSE TO WIN AT BALLINGER

Special to the Times.

BALLINGER, June 4.—Crockett blew up in the third inning Friday, allowing three hits and a walk and making two wild throws to first, on which Sweetwater scored six runs. Ellis, a recruit, was started in the fourth but was withdrawn after allowing two hits, two walks, and two scores. Bunker, another recruit who pitched amateur ball for Ballinger, was then started and had the swatters standing on their heads for six innings allowing only two scratch hits. With two men on his first time at bat he drove one over deep right field fence. Ballinger scored again in the sixth and twice in the seventh, but was unable to overcome the big lead. Bunker, for Sweetwater, was driven from the mound in the seventh. Richburg replaced him and struck out five of the seven men next up.

Score by innings: Sweetwater, 006 300 010-10. Ballinger, 000 031 200-6.

SUNDAY BALL AT CISCO AGAIN

CISCO, June 4.—The applause was tremendous yesterday when Umpire Price made the announcement that Sunday games would be played in Cisco in future as scheduled. This step was decided upon by the management, he stated, because of lack of co-operation on the part of those opposed to Sunday games, and that the attendance had not been what was expected after it was decided to eliminate Sunday playing.

FIRTH CARPET WORKERS GET FULL TIME; PAY CUT.

MIDDLETOWN, N. Y., June 4.—The Firth Carpet Company, at Firthcliffe which has been running four days a week for some time, starts this week on full time. Wages are reduced 20 per cent. Many employees of the locomotive department of the New York, Ontario and Western Railroad in this city have been laid off owing to slackness of work.

J. B. MAHER DEAD.

WASHINGTON, June 3.—James B. Maher, clerk of the United States Supreme court died here early today.

BAD INNING BEATS CISCO IN HURLERS' DUEL

CISCO, June 4.—In what was unquestionably the fastest full nine-inning game ever played in Farrell park, San Angelo Friday defeated Cisco, 4 to 1. The game lasted 1 hour and 10 minutes. The game was a magnificent pitcher's duel between H. Hill and Akad Cruse, with the odds favoring Hill, as he was steady throughout, while Cruse had one bad inning, in which all of the Brecho's scores were made. In fact, Hill deserved a shut-out game, Cisco's lone tally coming in the ninth after two were out, when King walked, and Beard got on when Truesdale mused up a grounder on which Beard should have been an easy out. With King now on second, Earnshaw came to bat and rapped out a two-bagger, the only extra-base hit of the game, on which King scored.

The only two clean hits secured off Hill was a Texas Leaguer by Cruse in the sixth, and Earnshaw's two-bagger in the ninth. Cruse yielded five hits, of which two were scratches, while a total of five errors were recorded, only one figured in the scoring, it helping Cisco to a tally in the last inning.

Table with columns: SAN ANGELO, AB, R, H, PO, A, E. Rows for Truesdale, Scroggins, Williamson, Robinson, McKay, Cronkite, Lewis, Kelly, H. Hill.

Totals, .35 4 5 27 17 2

Table with columns: CISCO, AB, R, H, PO, A, E. Rows for Philpot, Flagg, King, Beard, Earnshaw, Westfall, E. Brooks, B. Brooks, Cruse.

Totals, .33 1 4 27 8 3

Score by innings: San Angelo, 000 000 000-4. Cisco, 000 000 001-1.

Summary—Two-base hit, Earnshaw; double play, Hill to Lewis to Truesdale; struck out by Hill 2, by Cruse 3; bases on balls, off Hill 2, off Cruse 3; stolen bases, Cronkite, King. Time of game 1:10. Umpire Price.

LIVELY BALL MAY CHANGE PITCHING RULE

By HENRY L. FARRELL (United Press Staff Correspondent.) NEW YORK, June 4.—Admitting that a lively ball is in use, even if not intentionally, bosses of the national pastime are now looking for measures to curb excessive hitting.

If the American League will concur, the National League is willing to come to the help of the handicapped pitchers by permitting the use of resin on finger tips.

Veteran pitchers, such as Fred Toney and Slim Sallee, have maintained the barring of resin an unwarranted measure in as far as its use to dry damp fingers and get a better grip on the balls is concerned.

San Johnson, president of the American League, recently admitted the new ball is lively, but he quoted the statement of the manufacturers that it was the result of the use of a better grade of wool, that gave the sphere more resiliency, rather than intentional desire to make it go farther.

Players have maintained all along that the ball was livelier, harder to

pitch and more difficult to handle. Bill Killifer, star catcher of the Chicago Cubs, said recently there was no doubt the new balls had more life.

"One of the new balls hit squarely will either ride out of the yard or line down the infield too hot to handle," he said. "I've seen balls driven

through the infield too fast to be seen. "Increase in hitting is not due entirely to the ban on freak deliveries or the new pitching rules. Pitchers who never used any kind of tricks are being hit just as hard as the ones who use emery, resin and other prohibited substances.

**MARRIAGE LICENSES ISSUED.** The following marriage licenses were issued by County Clerk Earl Bender, Thursday, June 2nd. C. E. Karzar, Cisco and Miss Maud Broyles, Cisco. Thomas M. Terry, Cisco and Miss Nora Eppler, Cisco.

**BANKER PINCHED!**

*By United Press*  
**JEFFERSON CITY, Mo., June 4.**—C. W. Rogers, former cashier of an Ivan, Texas, bank, arrested at Springfield, Mo., was en route to Texas today to face a charge of receiving money for deposit in the bank last February when he knew the institution was insolvent. Governor Hyde honored Governor Neff's requisition for Rogers' return to Texas.

**THE SKY FOR A TENT.**

*By International News Service*  
**OAKLAND, Cal., June 3.**—Manuel Neves, wife and eight children, arrived here from the Hawaiian Islands to make their home. Manuel bought a vacant lot. Asked about a house, he replied blankly: "Why a house? We didn't need one in Hawaii!"

**SWEETWATER, Texas.**—Bathing, fishing and rowing facilities of the Santa Fe Lake club will be improved this season, President Carter announced.

**18—WANTED—Miscellaneous**

**WANTED**—A chance to buy your second hand furniture. We buy and exchange. New and Second Hand Store, cor. Austin and Walnut, phone 276.

**TELEPHONE COMPANY DISTRIBUTES ISSUES OF NEW DIRECTORY**

The telephone company has issued a new directory which contains 375 names, many of them newly added to its list. Within thirty days 100 new names of persons living on the East side will be added, but will not appear in the present directory. It is thought that a new one will be published after the work of the company now under way is completed. Four men are working on the East Side extensions and more than 100 requests for telephones have been made by residents of that section. It is the statement of H. E. Harrison local manager that these telephones should be installed within thirty days. The date for the company to move to its new location has not been set and the outside lines are not being cut into the new switchboard but Mr. Harrison said that he thought this work would begin in the near future. Work of transforming the upper story of the Poe building into offices for the company is complete and is only waiting the installation of the new switch board.

**TOM MATTHEWS' BODY SENT TO CORSICANA**

The body of Tom Matthews, pump-er, who was killed by an engine on the Clemmer lease south of Ranger late Thursday afternoon, was sent yesterday by the Jones-Cox company to Corsicana for burial. Mr. Matthews was alone at the time of his death, but evidence was conclusive that he was killed by the engine of which he was in charge.

**WELL SHOT FRIDAY MAKING 800-BARREL FLOW AT 3338**

**BRECKENRIDGE, June 4.**—The Prairie Oil and Gas Company shot the J. K. P. Hughes No. 2 with 150 quarts of nitro glycerine at 3338 to 3384 last night, resulting in an 800-barrel flow. The No. 1, six months old, is making 500 near the Palo Pinto county line.

**LADIES**—When irregular or suppressed use Triumf Pills. Safe and dependable in all proper cases. Not sold at drug stores. Do not experiment with others; save disappointment. Write for "Relief" and particulars, it's free. Address: National Medical Institute, Milwaukee, Wis. —Adv.

# NATION'S FIRST CONVENTION ON WATER COMING

### Phases of Trucking Industry Will Be Discussed on Lake Huron.

*By Associated Press.*

DETROIT, Mich., June 3.—Questions of interest to the trucking industry will be discussed during the "all-water" convention of the National Team and Motor Truck Owners' association, to be held on Lake Huron June 13 to 16. The 600 delegates from all parts of the country who are expected to attend the convention will leave here on a lake steamer June 13, cruise to Mackinac Island, and return to Detroit by water on the final day of the meeting. The delegates will not leave the ship during the cruise, all business sessions being held on board. This is said to be the first time in the history of the Great Lakes that a national convention has been held on shipboard.

The truck horse will have its inning during the convention, according to F. L. Henk of Detroit, secretary of the organization. The advisability of using the horse for trucking purposes when short hauls

in cities are desired will be pointed out, it is said. According to Mr. Henk, truck owners in all parts of the country are returning to horses for short hauls, having found them more economical than motor trucks. The motor trucks are found more advantageous for hauls between cities and for long hauls within large municipalities. Mr. Henk pointed out that trucking men in Chicago and other cities are depending more each year upon horses for short hauls, according to figures obtained by the secretary.

**Other Questions.**  
Legislation and means of expanding the truck business generally also will be discussed during the convention.

The freight deck of the steamer Noronic, which will be used for the cruise, will be fitted up as a convention hall for use of the delegates.

Among cities that will be represented in the convention will be Buffalo, Chicago, Cincinnati, Denver, Des Moines, Dubuque, Kansas City, Mo., Minneapolis, New York, Niles, O., Philadelphia, Pittsburgh, Rochester, N. Y., St. Louis, Warren, O., Youngstown, O., and Detroit.

Frank J. Abel of Euffel is president of the national organization.

## HARDING RESTING

*By United Press.*

WASHINGTON, June 4.—President Harding was off for a week-end rest at the home of Senator Philander C. Knox at Valley Forge, Pa., today. The president and Mrs. Harding and a small party left the White House by motor shortly after 8 o'clock.

# WACO Y. M. B. I. MEXICO TRIP WAS SUCCESS

*Special to the Times.*

STAMFORD, June 3.—The Waco Y. M. B. I. Mexican trade trip just completed was a success from a business standpoint, according to C. H. Ruebeck of that city. "The friendships formed, the interest shown in Mexican affairs and the general good feeling established," according to Ruebeck, "will yield results in the future." The outstanding success of their trip was the assurance of the Mexican officials that their country would be officially represented at the Cotton Palace this fall.

J. A. Greene stated that the present administration stands for three big things, education, transportation and agriculture. Speaking of other things Greene has intimated that Mexico is the paradise for the American motorist. "Mexico has no speed laws," he said. "The chauffeurs must take very strict examinations but after securing a license are allowed to drive seventy miles per hour or over."

The fact that all who made the trip had an enjoyable time has resulted in several Waco business men making application to go on the West Texas Chamber of Commerce trade trip June 18. The list of those desiring space is rapidly growing and all applications must be in by June

# MANY ATTEND SOUTHERN TARIFF CONGRESS MEET HELD IN FORT WORTH

*By Associated Press.*

FORT WORTH, June 4.—About 300 business men from all sections of the state attended the meeting of the Southern Tariff congress here today. The address of John H. Kirby, president of the association, occupied most of the morning.

Kirby advocated protection for southern raw materials. He reviewed the history of free trade and protection in the United States saying that until a few years before the civil war, southern leaders advocated protection and the North wanted free trade.

The South owed it to itself, he said, to have its industries protected. Kirby repeated that he is a Democrat and is fighting for protection inside the Democratic party.

## HEN LAYS OSTRICH EGG.

*By International News Service.*

SAN JOSE, Cal., June 3.—Mrs. A. S. Hooe believes that one of her Buff-Orpington hens has a streak of ostrich blood in its veins. The hen laid an egg measuring six inches in circumference and seven inches in length.

10 in order to arrange for passports and special railroad equipment.

Abilene will be represented and will endeavor to have the Mexican government send an exhibit to the All-West Texas fair to be held the latter part of September.

# RECORD RAINFALL IN PECOS TERRITORY HAS MADE RANGES GOOD

*Special to the Times.*

Pecos, Tex., June 4.—The largest rainfall for May in fourteen years has been had in the Pecos territory. This was 3.7 inches for the thirty-one days, and the result has been that the range is in excellent condition, and that the soil near Pecos is carrying water to a depth of three feet, an almost unheard of condition. The Pecos river is carrying several times as much water as the irrigation ditches can handle.

# WEST TEXAS C. OF C. HAS CHECKING BUREAU

*Special to the Times.*

STAMFORD, Texas, June 3.—The West Texas Chamber of Commerce has established a checking bureau in connection with its traffic department through which members may have their freight bills checked and collection made on loss and damage and overcharges in freight or express shipments, on a percentage basis. This bureau is for the convenience of the members of the organization who are shippers and Traffic Manager Byars reports that the bureau is now in working order and will be self-supporting outside of regular membership dues. All shippers in West Texas should put their names with Byars at once.

# I. W. W. PASS KANSAS!

*By United Press.*

CONCORDIA, Kan., June 4.—I. W. W. sabotage artists who have plied their trial in Kansas wheat fields during the annual harvest will be among the missing this year.

County officers were informed today by men here seeking harvest field jobs that the "word" had gone out from I. W. W. headquarters to "lay off" of Kansas.

## UXORICIDE!

*By United Press.*

CHICAGO, June 4.—Al Beardsley, angered husband, pursued his young wife, Alice, for a mile early today and shot and killed her as she ran into a saloon for protection.

Beardsley then killed himself. Police said the couple had been separated for two months, but Beardsley had called on her today after she fled from the home.

## NEW PRO OFFICER

*By United Press.*

WASHINGTON, June 4.—Andrew B. Stroup, Albuquerque, N. M., was made federal supervising prohibition agent for the border department with headquarters at El Paso. The department includes New Mexico, Arizona and Texas, except the Texas counties of Fannin, Lamar, Delta, Hopkins, Franklin, Red River, Titus, Camp, Upshur, Marion, Harrison, Bowie, Morris and Cass.

# T. & P. PASSENGER SCHEDULES CHANGED

Effective Sunday, minor changes will be made in the schedule of all Texas & Pacific trains. The changes follow:

**Sunshine Special**—Westbound leaves at 6:33 p. m. instead of 6:59 as at present; eastbound, half an hour later, leaving at 11:47 a. m. instead of 11:10.

**Afternoon Locals**—Both east and west trains moved forward from 1:20 to 1:02.

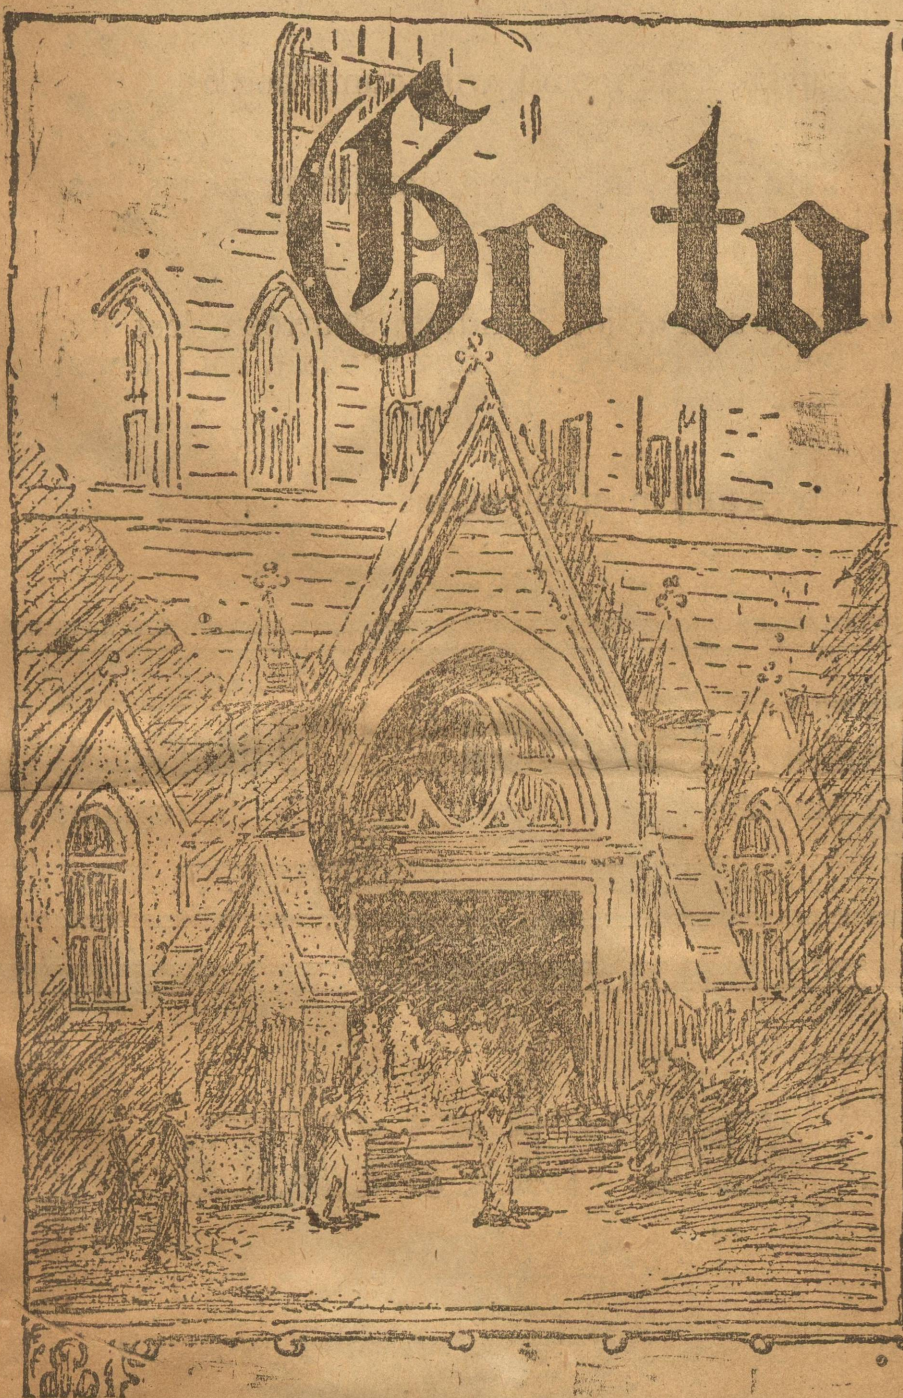

**Night Trains**—No. 5 and 11, westbound, will arrive at 12:28 and 3:32 a. m. instead of 1:30 and 4:25. The latter is the "sleeper train." The midnight train to Fort Worth will leave at 12:22 a. m., six minutes earlier than at present, and the east-bound night local at 3:32, two minutes later than at present.

It is said there is no change in the departure of trains from Fort Worth and that the changes are made because the schedule has been made faster. The most noticeable effect of the changes will be to still further bunch the trains.

Fluffy tulle gowns are shown for the benefit of the bridesmaid.

# METCALF CAFE

"A Good Place to Eat"  
Tables for Ladies

# Go to Church Sunday

The responsibility of the moral welfare is generally "put up" to the churches and the clergy. But is this a fair conclusion? The morals of a community are not only a part of the church and clergy but all citizens, organizations and families, are equally responsible. The church and the clergy are leaders in developing and sustaining moral sentiment and conviction. The higher the moral conviction the safer is the city. "Righteousness exalteth a city; sin is a reproach

unto any people." If the citizens of Ranger will go to church, support the efforts of the clergy, nothing but good can result.

Go to church Sunday; satisfy conscience, enjoy good fellowship, and gain vision and help for next week—and see if you will not enjoy life better.

A. N. STUBBLEBINE,  
First Presbyterian Church.
