Champion Slips K. O. to Carpentier in 4th Round of World Championship Bout at Jersey City Today

Merchants' Certificate Plan Expected to Be in Operation Wednesday

Approval of Forms by the Attorney General Will Complete Details.

The plan to issue scrip against the accounts in the Guaranty bank only needs the approval of the attorney general of the state to the forms that are to be used. These forms will be forwarded by the committee in charge today. H. S. Cole and Irving Schwartz, who returned from Austin this morning, were promised by the attorney general that they would be notified by wire as quickly as he examined the forms. It is thought that by Wednesday every detail will have been attended to and the plan can go into execution.

Safeguarded. Every precaution to safeguard the interests of everyone is being used. The accounts in the bank will be assigned to E. M. Humes, president of the Retail Merchants' association. When the certificates are issued they will be signed by the trustee, attested by M. O. Burt, secretary of the association, and then countersigned by the one to whom it is issued. This, it is thought, will prevent forgery.

The co-operation of the attorney general and the commissioner of banking was only secured through long argument, according to Mr. Cole and Mr. Schwartz and they were told that if it was discovered anyone was speculating in the paper the power of the department would be used to send them to the penitentiary. This means that if anyone buys the paper for less than its face value, they then become speculators and subject to prosecution.

When the plan was placed before Ed Hall, banking commissioner, he said, "No. Accounts in closed banks never have been assigned. The banking commission refuses to take an assigned account."

But after much argument in which he was shown that nothing exists in the law to prevent it, he agreed to refer the matter to the attorney general. He gave his consent only after much argument. It was qualified with the request that he see all forms to be used and know who was backing the movement.

With the forms that go to his office this afternoon will also go endorsements of the plan from the Chamber of Commerce, the Retail Merchants, the city commission, the Rotary club and individuals.

Mr. Schwartz said bankers declared the plan was the most sensible scheme that ever came to their notice for caring for the depositors of a closed bank.

T. P.'S GROCERY AT THURBER IS FIRE DAMAGED

THURBER, July 2.—Fire starting at 9 o'clock this morning damaged the Texas Pacific company's grocery department to the extent of about \$5,000, principally through soaking about one-third of the stock with water.

The grocery department is in a two-story wooden building and the fire, which seems to have started under the floor, crept up between the double walls and filled the house with smoke, making location of the blaze uncertain. It was extinguished about 10:30 o'clock, after hoses had been chopped in the floor and walls through which water could be poured upon the flames.

Lack of air kept the blaze small and the building is not greatly damaged. The Thurber volunteer department did fine work.

CASH DEPOSITS SHOW RETURN OF CONFIDENCE

F. & M. Receives \$5,000 More Than Paid Out; Restrictions May Be Off Tuesday.

The banking situation, which has been serious, has woven the faith of the people into a solid fabric of confidence that is standing squarely behind the F. & M. State bank.

The evidence is concrete. At the close of banking hours yesterday afternoon the bank's cash over the counter had increased by more than \$5,000, in excess of withdrawals. This figure is not counting exchange or other such items, but is the money that was carried in and laid down as deposits as in any normal time. Nor can it be credited to the fact that customers are only allowed to draw \$10 each, each day. None of those customers who left that \$5,000 had to do it. They could have kept the money in their safes or in their pockets if they had been "scared."

Show Confidence. But they did not and to bank officials it is a remarkable display of faith in the face of the statement that the bank situation is not entirely cleared. Bank officials say that the condition of yesterday's business could have as easily been the reverse; that customers could have drawn their allotment of cash and refused to deposit.

John M. Gholson, president of the F. & M., said this morning that the situation had not entirely cleared, but he hoped and believed that it would by Tuesday, the day upon which the \$10 restriction is to be lifted, if conditions permit. That depends upon the action of the public.

Mr. Gholson without hesitation stated that the fact that cash over the counter in the bank was climbing as it did yesterday was one of the most remarkable situations that he had ever seen in banking circles, in view of the fact that the banking business was facing a crisis.

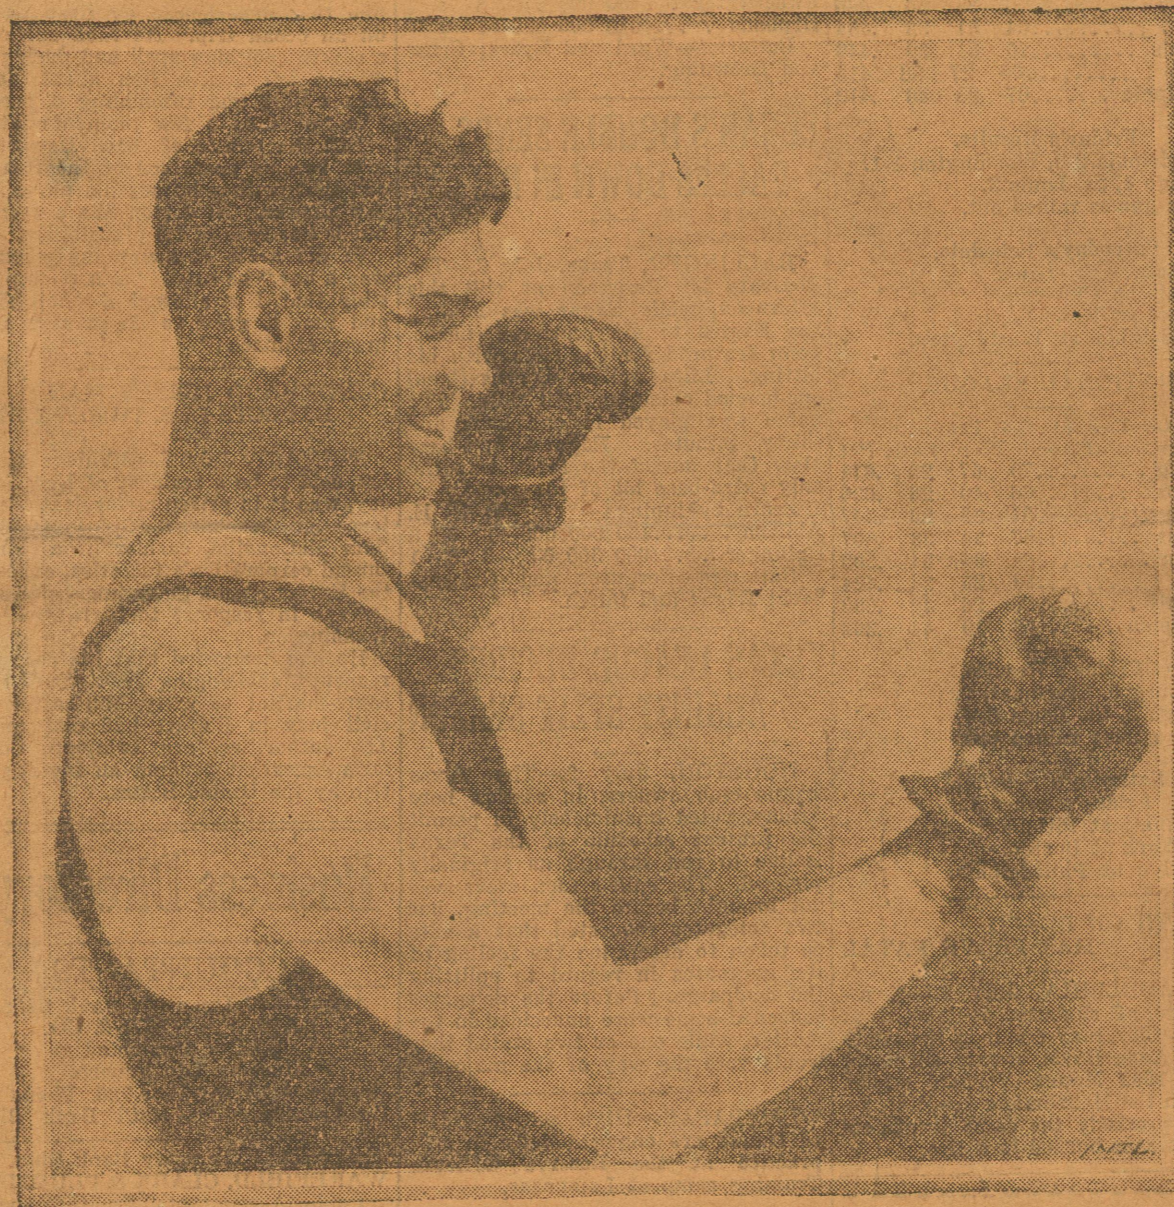

BRITISH WILL CONTINUE JAP PACT FOR YEAR

LONDON, July 2.—Great Britain has notified Japan that owing to the decision of Lord Birkenhead, lord high chancellor, that the Anglo-Japanese treaty, even if denounced on July 15, will automatically run another year. The question of a three-months extension of the treaty has been dropped from consideration.

MARINES TO PROTECT AMERICAN RESIDENTS IN MID ASIA MINOR

PARIS, July 2.—A detachment of American marines has been landed in mid Asia Minor for the purpose of protecting Americans there upon the retirement of the Greek troops, says a dispatch from the French foreign office.

THE WINNER

TWO VICIOUS RIGHTS TO THE JAW SEND FRENCHMAN DOWN

By United Press.

RINGSIDE, July 2.—Jack Dempsey proved himself the greatest fighting machine in the world this afternoon when he knocked out Georges Carpentier, the idol of France in the fourth round. Two vicious rights to the jaw ended the Frenchman and brought the fight to a dramatic climax when it looked as if it might go many more rounds.

After one minute of the fourth round Dempsey crashed his right to Carpentier's jaw and the Frenchman went down in a heap in his own corner. He took the count of nine with Dempsey looking at him from his corner in absolute terror. Dempsey stepped two paces away from the prostrate Frenchman, paused with his right hand ready to finish the task. Carpentier arose with an effort. He had hardly straightened himself when Dempsey, with his jaws gritted together, his beard fairly bristling a look of savage ferocity crashed his right again to the jaw after one minute and sixteen seconds. The Frenchman fell to the floor with a thud that rocked the ring. He was obviously out. The count was unnecessary. Dempsey stood over him again apparently unwilling to be fooled by a gong like he was in Toledo two years ago. He seemed to snap out of it when Kearns, his hair standing on end, his arms s h a k i n g like leaves, rushed to him and threw his arms around him.

Kearns tried to get the champion back to his corner, but he pushed him aside, leaned over and picked up Carpentier, holding him in his arms until the frantic Descamps climbed through the ropes and dragged the Frenchman to his corner.

Dempsey won the fight with his terrific body punches. He found out in the first round that he could take the wanted hand punch of the Frenchman and he waded in, fighting a typical Dempsey fight, pounding the Frenchman and absolutely disregarding his defense.

Carpentier was out for fully three minutes. Even when he left the ring nearly ten minutes later, he could not hold himself erect. He smiled when Dempsey approached him and shook hands with his left glove on the Frenchman's shoulder.

"Carpentier is a fine boy and gave me a tough fight. I'm going home as soon as I can," Dempsey said.

FIRST ROUND
By Associated Press.

They were sent away at 3:18. Carpentier landed a light left and clinched. Carpentier landed a right. They fought at close range in a clinch. Dempsey was short with a left to the head. Carpentier missed a right but connected with a left hook. Dempsey punished him, beating him unmercifully. Carpentier was groggy and bleeding at the nose. Dempsey missed a right swing but beat Carpentier as they clinched. Carpentier fell through the ropes trying to avoid a punch. He flew into Dempsey when he crawled back into the ring.

ROUND TWO.
Carpentier missed with a left and clinched. Carpentier backed away and Dempsey hooked him with a right to the jaw. Dempsey followed after him beating him around the head with rights. Carpentier was short with the left hook. But he staggered the champion with six rights and lefts

to the jaw. Dempsey staggered back a bit and split the Frenchman's left eye with a hook. The cut was under the eye. Carpentier missed a right swing. Dempsey missed a right swing.

ROUND THREE

Carpentier ducked a left hook. Dempsey backed into the ropes and hit him with a short right. Carpentier landed two uppercuts to the body in a clinch. As they clinched Dempsey punished the invader in the jaw and Carpentier nearly fell down when he missed the swing. They missed lefts to the head and Dempsey punished Carpentier viciously in the fighting. Dempsey landed a left and right to the head without a return. They exchanged left hooks to the jaw. Carpentier's right swing was short and Dempsey clubbed him on the jaw with left hooks in the clinch. Dempsey battered Carpentier into corner with rights and lefts at the bell. The bell saved Carpentier from a knockout. Dempsey's round.

ROUND FOUR.

Dempsey rushed Carpentier to the ropes and a left to the body made him winner. Carpentier landed a right to the head and tried to hand on, counting him out.

Dempsey wins.

RINGSIDE, JERSEY CITY, July 2.—The first preliminary started at 12:14 p. m. The contestants were Mickey Delmont of Newark and Johnny Curtain of Jersey City, bantamweights.

The first preliminary boys in the ring were giving a good exhibition. But beyond an occasional yell from the rim of the arena the crowd did not seem to be paying much attention to them.

The house was filling slowly, and it looked like as if it might be packed by the time the champion and the Frenchman climbed into the ring. The 850 seats were receiving a steady influx. The aisles were crowded, and the ushers were sweating.

Meanwhile, Curtain and Delmont were milling around in the ring. Curtain was socking Delmont with long swings to the body and short poles to the ribs. In the fifth round he

HIJACKER WHO JUMPED BRECK JAIL IS CAUGHT

Arrested at Clovis, N. M., After Sheriff Intercepts Wire to Wife.

Special to the Times.

BRECKENRIDGE, July 2.—Paul Burton, convicted hijacker who escaped from the county jail while the streets were crowded Tuesday night, was arrested late yesterday in Clovis, N. M., as a result of Sheriff Head intercepting a telegram sent to a friend, which Burton intended for delivery to his wife. Burton signed the telegram "J. J. Ward" and asked that it be delivered to his wife by the friend. When an attempt was made to deliver the message, the sheriff took it, decided it was from Burton and wired Clovis officers to watch for man receiving telegram addressed to the name that appeared on the intercepted message, and a full description was given of Burton.

The sheriff sent the following telegram to Clovis: "Stay in Clovis. Will join you in two days. Have been in jail." The name of Burton's wife was signed to the telegram. When Burton called for the message he was arrested and the description made identity certain. Night Jailer Harrison has gone to bring the prisoner back.

Burton was convicted last week and sentenced to five years for robbery on the Ranger-Necessity road a few months ago. He and two companions were captured by a posse of Frankell citizens after an exciting chase.

AMITY TREATY MAY BE MADE WITH GERMANY

Pact Will Likely Be Negotiated Following Signing of Peace Resolution.

BY L. C. MARTIN, United Press Correspondent.

WASHINGTON, July 2.—A treaty of "amity and commerce" with Germany will be negotiated by the Harding administration as soon as it can conveniently be done, Republican leaders on the senate foreign relations committee said today.

This is the next step in development of Harding's foreign policy following adoption by congress of the peace resolution late yesterday, when the senate, 38 to 10, accepted the conference report on the resolution, which was sent to President Harding at Raritan, N. J.

With the signature of the resolution by Harding, peace exists in a legal, as well as an actual sense, senators said.

The treaty that will follow will not be a peace treaty, they said, and therefore the United States will not be making a separate peace with Germany in the sense that it would draw up a new set of terms.

RAIL LEADERS HOLD ARMY OF MEN AT BAY

Conservatism on Part of Officials May Avert Railroad Crisis, Is Belief.

BY CARL VICTOR LITTLE, United Press Correspondent.

CHICAGO, July 2.—The majority of the 2,000,000 railroad workers were held at bay today by conservative leadership.

Rail union leaders meeting here to decide what action to take on the 12 per cent wage cut ordered by the United States railroad labor board stood out against a walkout, in spite of the fact that members of the union are overwhelmingly opposed to the wage slash.

In railroad circles today it was believed that the will of the leaders would prevail, that they would prevent a railroad crisis, in spite of the \$400,000,000 annual pay reduction.

Definite statement of the action of the leaders may come late today, but it is probable the conference may continue into next week.

BAPTIST REPORT SHOWS PUBLIC IS GETTING BETTER

DES MOINES, Iowa, July 2.—Contrary to the general opinion the public is getting better instead of worse, according to the report made today at the Northern Baptist convention in this city by Rev. Thomas J. Villers, of Detroit, chairman of the committee on evangelism, who said that the last year had been "the greatest year ever known in evangelism," and reported "the largest number of baptisms in our history."

GO TO CHURCH SUNDAY-

MR. RANGERITE: If the church house doors should be closed in Ranger today for all time, would you immediately decide to make this your permanent home? If you are a man with a family, would you want to keep your wife and children here under such conditions? There are many people in the city who never go to church. There are yet others who go so seldom they are at a loss to know how to act in church because of changing customs. There are others who are commonly called irregular attendants. And, then we have the class upon whom we may always rely. Check up in your circle of acquaintances. Who among them have the best businesses and best homes? Who make the best citizens? The church people or the non-church people? View the facts and start the upward trend. Go to Church Sunday. J. W. McKINNEY, Minister Church of Christ.
