VOL. III.

500,000 Gallons Destroyed at Spindletop; Lightning Starts Fire.

PORT ARTHUR, July 23 .- More than 600,000 barrels of oil stored in two underground tanks belonging to the Sun company, were destroyed in the Spindletop oil fields today when the tanks were set on fire by lightning. Steel tanks of the Magnolia were threatened with destruction at noon when boiling oil poured out from the underground reservoirs and swept over nearby tank farms. Loss to the Sun company is said to

be more than \$500,000.

might have placed upon the family fortune. They could but have been slain in battle or met death in camp or hospital, and both must some day die, anyway. So the foolishly fond old mother did not save them from the grave. Instead, she helped them bring opprobium to the name they bore, depletion to their means and hers in the sum of hundreds of thousands of dol lars, and immeasurable humiliating experiences to herself as well as them. Perhaps, had the mother and sons been without money, they would have found nobody ready to offer them aid Jeff Potlocks, who many years ago in standing out against the govern-

## Take the Short Cut

When you were a youngster, you never went to school the long way 'round! You took a short cut.

Every advertisement in this paper is a short cut. Advertisements make it possible to tell you in a few minutes all you want to know about the service or articles you need.

At a glance you can sift out the things that interest you most and in a moment you know just when and where to go for what you want.

Figure how many steps, how much needless walking and talking the advertisements thus save you and your neighbors.

Then you realize the great economy and necessity of advertising in your daily life.

The Christian note has departed from our secular- decided that, after all, the Spaniards were right and the Pilgrims were wrong? We are ready to reject the policy which made us great—to adopt the policy which made our neighbors puny?

The hope of America lies in the production of strong men and women through the medium of the Christian college. Thus we may transmute Gold into character. Thus we may continue the quest for Gold.
