SMALL DECIDES TO SUBMIT TO ORDER OF LAW

Indicted Governor Will Be Allowed to Appear and Give Bond.

By United Press
CHICAGO, July 27.—Governor Len Small, indicted chief executive of Illinois, bowed meekly before the law today.

The governor, who repeatedly declared he would call out state troops before he would submit to arrest on warrants charging embezzlement of large sums of state moneys, notified Sheriff Henry Nester, of Sangamon county, he was ready to surrender.

Immediately after Judge Small, of the circuit court, declared "Illinois has no king," and held the governor amenable to arrest, Small went to Chicago, and after a conference with political leaders a message was sent to Sheriff Nester, advising him that the governor would submit to arrest today in Chicago, at the attorneys' office.

FT. WORTH CITY OFFICIAL FIRED; DENIED HEARING

Special to the Times.

FORT WORTH, July 27.—R. Bonna Ridgway, deposed corporation counsel, yesterday was denied a mandamus to compel the city administration to give him a public hearing before discharging him. The ruling was made by Judge Bruce Young in the Forty-eighth district court. Ridgway gave notice of appeal.

The hearing brought out mild charges of graft by both sides. The controversy is said to have arisen over Ridgway's insistence on drawing \$500 for a trip to New York, which he claimed was in behalf of the city and which two commissioners decided was a "pleasure trip."

Ridgway in turn said he had as much right to go on this trip as Mayor Cockrell and Commissioner Alderman had to go to Mexico with the West Texas Chamber of Commerce party. He also charged and it was admitted, that the mayor was to receive a commission of 50 cents on every auto light dimmer of a certain kind sold in Fort Worth. An ordinance requiring dimmers had been under discussion. Mayor Cockrell insisted that the ordinance had nothing to do with it and his commission was for recommending the article to his friends. Another charge made by Ridgway was that Commissioner Hunter was interested in the motion picture concession at Lake Worth, in violation of law.

A strong rebuke was administered by Judge Young to the city administration for allowing any of its members to take "pleasure trips" at the city's expense, and the mayor's action in the dimmer matter was denounced as "morally wrong, if not a violation of the law."

PURDUE PREXY LOST HIS LIFE IN MOUNTAINS

BANFF, Alberta, July 27.—The lure of the Canadian Rockies today claimed the life of Dr. W. E. Stone, president of Purdue University.

The body of Dr. Stone was found jammed between two sharp jettings of rock, at the base of Mount Aeon. He had fallen into the crevasse while attempting to rescue his wife. Mrs. Stone was found seriously injured, lying at the foot of the crevasse.

The body of Dr. Stone was found today. It took nearly an entire day to remove it from the crevasse, and guides from Assinboin camp did not return here with the news until late last night.

WEDDING DAY BECOMES DOUBLE ANNIVERSARY FOR PRESTON LIVELYS

Tuesday, July 26, was the very first wedding anniversary of Mr. and Mrs. Preston Lively, and neither of them could possibly ever forget the date again. Among the presents, Mr. Stork brought a young lady whose very new name is Louise. The little miss arrived almost on the hour at which her father and mother had been married one year ago. Both the mother and daughter are faring well.

JAPAN ACCEPTS

WASHINGTON, July 27.—Japan has accepted the American proposal for a discussion of Pacific and far eastern problems in the Washington disarmament conference, it was learned authoritatively today.

The Japanese reply to President Harding's invitation, however, is understood to contain important qualifications.

The reply, handed Edward Bell, charge of the American embassy in Tokio, last night, was received by the state department today. The message is lengthy, and will not be made public for some time, it was stated.

HARDING MAPS OUT HIS ROUTE TO NORMALCY

Course Will Lead to Industrial and Commercial Revival, Thinks President.

WASHINGTON, D. C., July 27.—The Harding administration has mapped its course for a return to normalcy.

Developments today made clear for the first time the essential points in the course, which Harding hopes to carry through with the aid of congress. It was understood that he sought this aid in a dinner given senators at the White House last night.

The course as laid out involves the turning out of the "debris and leftover" of the war. This includes the putting on a permanent basis of the allied debt to this country, the settlement of the government accounts to the railroads, the funding of \$7,500,000 government obligations due in 1923, and the revision of revenue laws to wipe out war taxes.

Settlement of these matters will, in the opinion of the president, give the country a feeling of security and permanency which will serve as a starting point for industrial and commercial revival.

MEXICAN HELD AT AUSTIN HAS RANGER GOODS

The burglar who took several hundred dollars worth of merchandise from the store of Richardson-Brown several weeks ago is probably under arrest at Austin, according to information sent Chief of Police Reynolds from that city.

A wire states that a Mexican is under arrest, who has in his possession merchandise bearing the name of "Richardson-Brown" on the labels and a larger quantity which has no identifying marks.

At the time the store was burglarized, a complete check of the missing goods could not be secured, though it was known a large number of silk shirts and an expensive leather bag was among the loot. Chief Reynolds is wiring Austin today a complete description of the merchandise stolen.

If the man held proves to be the guilty party it will establish a theory held by the police that the burglar secreted himself in the store before the closing hour and then helped himself.

The conclusion was reached because no evidence of a forced entrance could be found following the theft of the goods and all the doors to the store were found locked. It was supposed the burglar turned the night latch and the door locked itself when he left the store.

MEXICAN LAWMAKERS SPLIT ON OREGON'S OIL SETTLEMENT PLAN

MEXICO CITY, July 27.—The Chamber of Deputies last night voted down the request of President Obregon that he be granted extraordinary powers to adjust Article 27 of the constitution, which nationalizes the constitution which nationalizes oil deposits.

The senate almost simultaneously voted to accede the request.

RICH FATHER OF TEN CHILDREN ENDS LIFE

SACRAMENTO, July 27.—Suffering from a nervous breakdown following business worries, Andrew Johnson, 62, wealthy rancher near Franklin, tied a rifle to a post, fastened a string to the trigger and shot himself through the head, dying instantly.

Johnson leaves a wife and ten children.

TEXAS LEGISLATURE HAS ITS LAST KLUCK AT KU KLUX KLAN

Motion to Table Measure Opposing Order Carries 69 to 54; Spectacular Debate on Measure Touches on Politics, Religion, Fraternities and Draft Evasion.

By United Press
AUSTIN, July 27.—The Texas legislature "has had its last kluck at the Ku-Klux Klan," in the words of one house member today following the tabling of Patman's resolution denouncing the fiery cross order. The motion was made by Cox of Taylor county. The vote was 69 to 54.

What Patman said he construed as an attempt to intimidate him against the pressing of adoption of his resolution was the receipt by him through the mails of a letter postmarked Denver, Colo., and bearing the fiery cross and seal of the order, he declared, in opening his speech for the resolution.

Patman said he had received many other letters, most of them commending his action in taking his stand.

The representative proceeded to condemn the klan, saying "such an organization was lawless and un-American."

"It is a belt from the principles of democracy and the law of the state of Texas and the nation," he declared. "No lawless organization should be permitted to exist in Texas. It is violating the statutes which prohibit persons going about the public thoroughfares in disguise, for which the penalty is a felony.

"Any man who is a member of such organization should not be allowed to hold office," he said.

Answering a question by Representative Merriman, "Are you a member of the Knights of Columbus?" the latter replied, "No, I am a thirty-second degree Mason."

"I just wanted to place you," remarked Merriman.

Representative Cox in offering his motion to table said the Patman resolution was out of place; that it seeks to put the house on record on a matter that had not been submitted by the governor. "And I do not believe we should condemn any person or organization before evidence is submitted," he said.

"What will be the result if your resolution is adopted?" asked Representative Martin. Patman said he desired to have the legislature go on record as being in favor of enforcement of the law and he believed the governor would then submit the matter.

"Let the Ku-Klux Klan take of its masks and go to the peace officers if they think the law is being violated," he said. He referred to activities of the klan in Beaumont and other towns.

"These acts of tarring and feathering, cutting off women's hair and robbery are a disgrace to the state," shouted Patman. "If you will condemn these things, I believe the governor will act."

Representative Moore of Hunt questioned Patman: "Why do you come here with such a resolution after you voted to shoot a convicted draft deserter?" He was referring to the trial of Representative Neustadt during the regular session.

Patman replied that he would never condemn or disgrace a man until the evidence had been submitted.

Questioned about his religion, Patman said his parents were Primitive Baptists, to which faith he felt inclined.

Sheriff Refuses to Make Hanging of Carl Wanderer "Public as Union Depot"

By United Press.

CHICAGO, July 27.—Plans to make a pink tea affair out of a hanging bee was thwarted by Sheriff Charles Peters here today. The sheriff stated he had turned down many society women and other prominent Chicagoans, who asked him for an invitation to witness the hanging of Carl O. Wanderer, who killed his girl wife and a ragged stranger he hired to

stage a fake hold-up. "Only the usual number of invitations will be issued," said the sheriff.

In Chicago, where there is a hanging or two every Friday morning, cards reading, "you are invited to attend the hanging of so and so, at the county jail," etc., are issued.

"If people had their way, a hanging would be about as exclusive as the union depot," Peters said.

FIVE PERSONS LOSE LIVES IN AUTO ACCIDENT

CLEVELAND, Ohio, July 27.—One family was wiped out when five persons were killed and another mortally injured in an automobile accident today.

The accident occurred when the automobile, going west, collided with an east bound car, which was running on the west bound track. The victims were: John M. Franeyk, his wife, their ten months old baby, a ten year old daughter of Mrs. Franeyk by a former marriage, and Mrs. Anna Branloff. Max Branloff, husband of the dead woman, is in a critical condition, and is expected to die.

CLAMOR FOR RELEASE OF DEBS IS REVIVED

WASHINGTON, July 27.—President Harding today had a succession of appointments with organizations and persons who were urging him to release Eugene V. Debs and other political prisoners.

Announcement of the appointments followed reports that Debs, and possibly others convicted of violation of the war time laws, are to be released soon.

Officials refused to comment on the reports, but it was learned that the Debs case has been before them in the last few days.

CONTRACT NOT LET.

DALLAS, July 27.—The contract for the Ranger station has not been let, Texas & Pacific officials here said this morning. No other information was given out.

BANK OF RANGER WILL PAY FIRST DIVIDEND AUG. 2

B. B. WALKER EXPECTS TO PROVE UP BIG TRACT AS GOOD OIL ACREAGE

Initial Payment of Closed Institution Will Be 3 Per Cent.

Depositors of the Bank of Ranger, which closed its doors on May 20, 1920, will draw their first dividend Tuesday, according to notices received this morning from D. M. Oldham Jr., referee in bankruptcy in Abilene.

The notice merely said that "creditors of Thomas Epps Rowland and Carleton Hildegard Butler, a co-partnership trading under the firm name of Bank of Ranger," are notified that the dividend will be declared at the referee's office in Abilene, at 10 a. m., Aug. 2.

From Marks & Flaherty, who are among the attorneys in the case, the information is obtained that this initial payment will be 3 per cent. A later dividend of 10 per cent is expected and possibly a third. Liquidating of the bank has been a slow process because of the nature of the assets, Mr. Marks said. A large portion of them consisted of oil leases of uncertain value and much time has been taken to obtain a proper realization from them.

At the time of its closing, the bank had deposits slightly in excess of \$200,000 and there were 400 or 500 accounts.

The 3 per cent dividend will release approximately \$6,000. Checks will be mailed to depositors, Mr. Marks said.

NEW BUSINESS COLLEGE OPENS HERE MONDAY

The National Business college will open for business in Ranger next Monday, prepared to teach bookkeeping, accounting, banking, shorthand, typewriting, penmanship, commercial law, arithmetic, spelling, grammar and other necessary essentials to a business education.

The location has not yet been decided upon but it is announced that the school will certainly open on Monday, with both a day and night school. Special inducements are being offered charter members.

F. A. Farmer who is head of the National business colleges, with schools in Fort Worth, Abilene, Wichita Falls, and other cities is here today and has announced the opening of the school.

Because it is located in the center of things in this section, Mr. Farmer believes Ranger will be an ideal location for a business college. Besides the home students it has prospect of drawing students from all over the oil fields.

UNCLE SAM ASKS HOW COME AMERICANS HELD IN BOLSHEVIK PRISONS

By United Press

WASHINGTON, July 27.—The United States government has sent a communication to the soviet government, regarding the holding in prison of seven Americans in Russia, it was learned today.

The communication was from Secretary Hughes, in a statement of the policy of the American government on the question of the imprisonment of Americans, and the furnishing of relief to famine stricken Russia, much along the lines of Secretary Hoover's recent telegram to Maxim Gorke.

HUNDREDS OF TEXAS SOLDIERS BODIES NOW AWAIT DISTRIBUTION

By United Press

DALLAS, Texas, July 27.—Between 500 and 600 bodies of former service men are now on the piers in Hoboken, to be distributed throughout East and Central Texas, according to Chaplain E. L. Branham of the 38th Infantry, stationed at Camp Pike, Arkansas.

WEATHER

Tonight and Thursday, partly cloudy.

Gas Struck at 3,180, on Top of Lime; Will Drill to 4,000 if Necessary to Strike Oil; Most Important Development in Two Years.

The biggest development in the immediate Ranger territory in two years is forecast by B. B. Walker, as a result of a well he and the Bankers' Oil corporation are drilling three miles northeast of town. It is the McElroy No. 2, on the "old rock crusher property," near Tiffin.

Although nearly 100 feet above the producing level in this section, the well this week developed a gas flow of 10,000-000 to 15,000,000 cubic feet and penetrated a hitherto untouched gas sand, twenty feet thick, resting just above the Ranger lime. This discovery assures Ranger's "gas future," even if no oil is found, Mr. Walker says. Also, a successful completion opens up a territory two miles wide and three miles long that has never been drilled. Immediate result of a good well would be a number of offsets, as the Bankers' 100-acre tract is surrounded by big leases belonging to the big companies.

THURBER ROCK TO BE USED ON THURBER ROAD

The question of the routing of the Bankhead highway through the city will probably be settled this afternoon. R. J. Windrow, state highway engineer arrived in the city today and was the guest of the Chamber of Commerce's good roads committee at lunch. He was accompanied by D. E. Henry, representing the federal department, J. E. Pirie, division engineer and County Engineer Eccles.

On a highway securing state aid, it is necessary that the consent of the state highway engineer be secured as to the routing. The road committee favors the highway leaving Main street at Rusk and thence out of the city. If Mr. Windrow's consent can be secured this route will be selected.

The Thurber highway will be surfaced with stone from the crushers of the Thurber Earthen Products company, according to W. R. Fleming of the road contracting firm. Mr. Fleming hopes to start receiving stone not later than Aug. 15.

The crushed rock will be hauled from the crusher by the small engines owned by the road building company. A special track will be laid for that purpose. It will be extended from the crusher to the Thurber road and continue until its length is reached. It is expected also that the miniature railway will be augmented by a truck line. The rails, engines, cars and engines now in use on the Caddo road will be used on the Thurber road.

The Thurber crushers have a capacity of 1200 tons of crushed stone daily and while it is not expected the road building company can use this entire output it is hoped that it can take a majority of it.

In building the trackage it is said that no difficulties will be encountered since the land from the crusher to the road is almost level enough not to require any grading at all. Under the arrangements made it is expected that the Thurber road will be completed at a rapid rate.

The grading on the road with the exception of a strip on Hunt street is complete and this will be finished this week up to the Hunt street bridge now in the course of construction. All the bridges are also in place and the fills made except the Hunt street bridge.

LIP STICK BIG AID TO DOMESTIC TRANQUILITY SAYS COMPLEXIONNAIRES

CHICAGO, Ill., July 27.—A wife's failure to use a lipstick has wrecked many a happy home.

The 5,000 members of the American Cosmetics association, in convention here this week, are permanent converts to the doctrine that curbing the male instinct to wander is part of their job.

"Men do not want to admit it, but they won't be good unless their wives make them," declared Mrs. M. F. Baird of Champaign, Ill., president of the society. "And when a man wanders, there is generally one answer; his wife has let herself become dowdy."

Costly Test.
Mr. Walker has been drilling for eighteen months on this lease, he said last night. There is one well now, which is making a lot of gas and some oil, although both tools and casing have been dropped into the hole. This gas is being sold to industrial plants near Tiffin. The No. 2 well also has been a hard luck operation. The original hole went to 3,050 feet and because of trouble which developed, the rig had to be skidded. The second hole reached its present depth of 3,200 feet without serious mishap, although there have been delays. At 3,180 feet it struck the gas sand and it is now at the top of the lime, which is estimated to be 100 feet thick. There is an eight-inch hole to this depth and Mr. Walker expects to broaden the gas off and go on down with smaller pipe. He is determined to strike oil or go to 4,000 feet, he says. But he is confident that little more than 100 feet will prove satisfactory.

There has been little drilling in this immediate section for several wells, as the large leases were protected and their owners joined in the rush for other parts of the field. The Texas company has a well said to have been good for 4,000 barrels, little more than a mile away, and it still making oil. Another well on the Hagaman property made between 500 and 1,000 barrels for several days, when the casing collapsed and could never be recovered. A Sun company test nearby had to be abandoned because the gas pressure would not allow water to remain in the hole.

Mr. Walker expresses himself as well satisfied with his work, even if no oil should be struck. Ranger will need gas, he says, and he has demonstrated it is here in large quantities. If oil is found in good quantities, it is expected to be the forerunner of an active drilling campaign.

WOMAN PAYS SAYS FUGITIVE BANKER'S WIFE

CHICAGO, July 27.—"The woman must pay," Mrs. Myrtle Spurgin, wife of the missing president of the Michigan Avenue Trust company, declared today.

Mrs. Spurgin and her daughter, Vivian, were held under police supervision at different Chicago hotels, while police grilled them regarding their information on the banker's flight. The two women arrived from Detroit last night, and were taken into custody before they left the train. Authorities declare they believe Mrs. Spurgin and her daughter went to Detroit merely as a "blind" to throw trailers off Spurgin's real track.

They believe the banker, whose shortage in accounts may total \$1,500,000, fled to Mexico, while he sent his family north, in the hope of leading officials to believe he would join them in Canada.

Mrs. Spurgin said her husband told her "good-bye forever" before he fled. She denied she and her daughter went to Detroit on his instructions.

VILLAGE'S FIRE SIREN SERVES THIRTY-MILE AREA

WASHINGTON, July 27.—Hyattsville, with its far-famed "whispering" fire siren can now take a back seat Rockville, right over in the next county, has just obtained a fire siren which is a fire siren. It may be heard from twenty to thirty miles away.

The new siren has been put in the courthouse tower. When the siren is operated all work automatically ceases in the courthouse, while the inmates run around wildly, looking for cotton batting and ear muffs, always kept on hand in case of fire.

ACTRESS OF 1860-90 VINTAGE DECRIES PRESENT DAY STYLES

Mrs. Kendall All Wrought Up Because Girls no Longer Faint at Proposals, Wear Street-Sweeper Skirts Or Spider-Effect Corsets.

By International News Service
LONDON, July 27.—Reveling in a two generations' seniority, Mrs. Kendall, the celebrated actress of the 1860-1890 period, has exercised the privilege of the old to exalt the manners and morals of their youth above those of later times. She has just made a vehement attack upon the modern girl, her manners and her dress.

Instead of fainting when they receive a proposal and saying: "Ask mamma"—as they did about 1865—Mrs. Kendall complains that the girls of today say: "Right-o, old bean!"

Wherefore Mrs. Kendall asks for a return to the mid-Victorian period. She believes that women do outrageous things today; things that they would not dream of doing in Jane Austin's time. She would rather have them fainting.

Can't Bear 'Em.
And present-day clothes distress the old-time actress tremendously. The girls of today she says, show what should be covered up and cover what might be exposed. "I cannot bear the present-day fashions!"

"When I was a girl," says she, "young women were proud of showing a white neck in evening dress. But how can the girls of today show a white neck when all day long they expose their necks in low-cut dresses to the sun and wind, unprotected save by a string of pearls of more or less value?"

And then Mrs. Kendall threw a bombshell.

"I don't like the movies," she declared. "They are rather an insult to God. No voices at all! They take away one of the greatest gifts of all. And Them Movies."

"I don't like 'em. I don't patronize them. They have a bad atmosphere. People may say that the theatres have a bad atmosphere, but they are better than the movies."

"I don't think," she said, "that the rising generation will ever be like the great women of the past. They will do better if they go slower and are contented with what they sneer at as 'early Victorian.'"

"They laugh at Queen Victoria for mourning her husband too much—the present generation cannot be accused of anything like that. Nowadays they have hardly shovelled one husband underground before they are looking for another!"

'Tis to Laugh.
But the modern woman refuses to accept Mrs. Kendall's theories. Miss Lillian Barker, who has trained thou-

sands of girls in war and post-war work, laughs at them.

"The modern girl?" she asks. "What is wrong with her? I think she is a very fine thing. Leave her alone. She is working out her own salvation and will come out on top."

Other well-known women confirm Miss Barker's views.

"The fashions of today are very beautiful," states Miss Lillian McCarthy, famous Shakespearian actress, "and much more hygienic than those of our grandmothers."

"In Victorian days women exposed their shoulders and busts a good deal more than we do now. They pinched in their waists and wore skirts which swept up the dust of the streets."

"In these days we allow our waists to go free, and our frocks hang loosely in the Grecian style. It is healthy to expose the neck to the air."

"As to proposals. Why should a woman faint? You might as well expect the man to do so. We are through with these antediluvian ideas. The spirit of camaraderie which exists between the man and woman of today is the finest and greatest feature of our time."

COBLENZ, Germany, July 27.—Lieutenant Carl Gunther and Corporal L. O. Rogers of the American army of occupation, were killed near here today when their airplane crashed.

The plane's gas tank exploded and the two were burned to death. Gunther's home was at Frankfort, Ind., and Rogers lived in Hillsboro, Texas.

TEXAS FLYER
KILLED WHEN
PLANE FALLS

DETROIT, Mich., July 27.—Frank Deinhart, who shot and killed his wife six years ago, is now a free man, having been released on motion of Assistant Prosecutor Robert M. Toms. Deinhart was arrested after the shooting and examination showed him to be insane.

Recently asylum officials notified authorities Deinhart had recovered. He was returned here and was awaiting trial on the charge of slaying his wife.

GIRLS HAVE STARTED

COLUMBUS, Ohio, July 27.—Heretofore it had been generally assumed that the practice was restricted to the fair sex.

But it's not so.

A street car load of Columbus citizens and visitors were witnesses to the fact that mere man had adopted one of the boldest of Summer fads.

It was on a northbound High street car that a man, about fifty years of age, dressed like a properous business man attracted the attention of all the passengers when, seating himself, he displayed socks rolled down neatly to the tops of his shoes.

TUNE BEATEN
ON NEGRO JAZZ
LEADER'S PANTS

By United Press.
TEXARKANA, July 27.—Gordon Harrison, negro orchestra leader, was no worse today for his experiences last night at the hands of masked men than being badly scared. The band, said to have numbered eight, took Harrison from the dancing pavilion at Spring Lake park about 9:30 o'clock, spirited him away in an automobile, and administered a whipping with a leather strap, according to the negro's story.

"They accused me of making dates for white men with white women," Harrison said today, "but I am innocent of that charge. I told them they had me down wrong, as I knew my place as a negro, and always kept it, but they told me to sit up, and proceeded to whip me."

MASKED BAND VICTIM
HELD UNDER ARREST

ATHENS, Texas, July 27.—E. H. Peters, who was reported to have been dragged from his room at a hotel at Chandler, and robbed of \$200 by masked men, and later found in an apparently unconscious condition, after jumping from a moving automobile, according to his first statement, is in jail here today, having fully recovered "consciousness."

Peters regained his senses Saturday, and made a statement implicating three men, according to the sheriff here. The latest stories told by Peters do not conform, authorities claim, and he is being held, pending investigation.

NEFF'S ECONOMY
MEASURES
ARE SUBMITTED

AUSTIN, July 27.—"The eyes of 5,000,000 people are looking to see the legislature raise the banner of economy in operation of government. Graft and extravagance from the highest to the lowest amount is a problem and should be honestly solved. It should be remembered that the little leaks break the dam. If we detect a little graft let us not be little but expose it. Let us join hands and give the people of Texas a government of such economy and simplicity and observance of the law that will make all good men love the state and all bad men respect it. Unless we render this needed service the day will come when an awakened people with an aroused conscience will themselves leave the ax at the root of the tree of evil."

This was the appeal of Governor Neff to the legislature, transmitted today.

The governor renewed his recommendations that all duplication, each overlapping department and every useless office be abolished.

He said there were too many boards, bureaus and commissions and the state is burdened with them.

His recommendations were:

Merging of warehouse and market bureau with the department of agriculture.

Repeal of law creating a state tax board, transferring its work to the comptroller and railroad commission.

Abolish the agricultural experiment substitution board.

Transfer the duties of the mining board to the department of labor.

REDWINE PAROLE CASE REACHES STATE COURT OF CRIMINAL APPEALS

AUSTIN, Texas, July 27.—Constitutionality of the parole law as passed by the legislature in 1911 and amended in 1913 is attacked in a habeas corpus proceeding brought in the court of criminal appeals by Jewel Redwine of Eastland county, who claims that he is illegally restrained of his liberty by reason of a proclamation issued by the governor purporting to revoke a conditional pardon of applicant Redwine, who is represented by Senator Joe Burkett of Eastland county.

The court of criminal appeals has set the application for hearing next Tuesday and allowed Redwine bond in the sum of \$5,000.

Contention is made that the parole law is violative of Article 3, Section 19, of the state constitution, which reads: "No citizen of this state shall be deprived of his life, liberty, property, privileges or immunities, except by due process of the law."

Further contention is made that the parole law is also violative of Article 5 of the constitution of the United States, and that it is unconstitutional, in that the constitution does not permit the governor to grant paroles, as such, but only authorizes the granting of pardons, absolute or conditional, and in this connection applicant says in his petition that the purported parole granted him is by its terms a conditional pardon, and a conditional pardon is not subject to revocation except upon violation of its conditions and any statutory provision which attempts to limit or place conditions upon the exercise of the pardoning power of the governor is unconstitutional and void.

Senator Burkett said that if necessary the case would be taken to the supreme court of the United States.

Three other habeas corpus cases involving the question as to whether the governor has the power to revoke a parole except for misconduct will also be heard next Tuesday.

RANGER PAINT FIRM GETS BRECKENRIDGE CONTRACT

Huber Bros., Ranger painting contractors, have been awarded the contract for the painting and decorating of the Masonic temple at Breckenridge. They expect to start work within two weeks. The structure is already under way.

The temple will be an imposing building, to cost a large sum. The painting and decorating will involve an expenditure of several thousand dollars.

ROOMMATE WHO SLEPT SOUNDLY CONFESSES PART IN ROBBERY

Sworn Statement Implicates Two Men as Actual Hijackers; One Arrested.

H. A. Kilgore, who slept while Erve Cratt, his roommate, was being robbed at the Metropolitan hotel last Friday night, yesterday confessed in a sworn statement that John Boyd

and John Ray were the robbers. Boyd was immediately arrested by the police under a charge of robbery and a warrant has been issued for Ray on the same count. Kilgore was also charged with robbery and his bond set at \$1,500, which he had failed to make this morning.

Kilgore was arrested Monday night after a thorough investigation made by Captain Tom Weeks and Jim Ingram of the police department. His statement was made yesterday when he was confronted with a sworn declaration made by Jess Lewis that

Kilgore came to him with the offer that he (Lewis) come into Cratt's room and take his money and they would divide it. This evidence had been developed by the two officers before Kilgore's arrest.

Landlady Lost. On the day he was arrested, \$40 was stolen from the room of Mrs. May Finch, landlady of the Metropolitan. During the morning of that day he borrowed a dollar from Mrs. Finch saying he was without funds. A few hours later he left \$38 in the possession of the landlady of another hotel. No charge has been placed against Kilgore for this steal, nor has he been connected with it, but it was by working on this case that the officers developed the evidence which led to his arrest in the Cratt case.

In his sworn statement made to Justice of the Peace McFatter, Kilgore said that during the day of the

robbery Boyd and Ray came to him and asked him if Cratt had any money. He told them he thought he did have. At 1 o'clock, he said Cratt was sitting in front of the hotel and about 1:30 they retired. About 3 o'clock the two men came into the room.

Was Awake. In his statement Kilgore said one of the men awakened him and poked a gun in his face. He recognized them, he declared. However, at the time of the robbery the police quoted

him as saying he was not awakened. He also set out in his statement that he had been drinking that night but was sober enough when the robbers came to recognize them. On Saturday, the statement continues, Boyd came up to Kilgore and placed \$4 in his shirt pocket. Boyd did not owe him this money.

In Lewis' statement he set out that Kilgore came to him and told him that Cratt had a roll and their door was left unlocked, and if he would come

and get it they would divide the money. Lewis swore that he asked Kilgore if he would do Cratt that way and he said he would.

A quantity of Ranger scrip and \$43 cash was taken at the time of the robbery.

WON BY MAIL

A war-time wooing, conducted by correspondence between a Brooklyn, N. Y., girl and an American soldier at the French front, recently culminated in the marriage of Miss Rae Ward and Holman E. Winfrey, of Vallejo, Calif. Three years ago an appeal from three soldiers at the front, who said they had no one to write to them, was printed in a New York newspaper. Miss Ward and two other Brooklyn girls became interested. They put the three names in a hat, and each drew out a name. Miss Ward drew the name of Winfrey, who was with a California regiment. The correspondence reached a point where the soldier insisted he must have a photograph of his benefactress. Miss Ward sent one, and Winfrey responded with one of his own. It showed him a good-looking young man. The romance followed.

MRS. M'ADAMS COULDN'T SLEEP TO DO ANY GOOD

"There is such a big change in me my friends are astonished when they see me and I lose no time in telling them that Tanlac is responsible for it," said Mrs. Eulalia McAdams, 260 Maple st., Little Rock, Ark.

"It is just beyond my power of words to describe how much I suffered from stomach trouble. Although I lived on almost a starvation diet I suffered for hours after eating. I got so thin that I looked like a good wind would blow me away and I weighed only eighty-five pounds. My nerves gave way too, and I was miserable day and night, not being able to get enough sleep to do me any good. I was told an operation was my only hope, but I felt too weak and nervous to stand it at that time.

"I began taking Tanlac, and in a short time I was so much stronger and my nerves were so much better that I had the operation performed. For months afterwards I was still very weak, so I began taking Tanlac again and the results have been simply marvelous. I eat anything I want without the slightest trouble afterwards, sleep as sound as a child every night and now weigh exactly one hundred and thirty-three pounds, which is just about the right weight for me. I never remember feeling as well and strong as I do right now and it's all because I was fortunate enough to get the right medicine."

Tanlac is sold in Ranger by Phillips Bros., and in Eastland by Palace Drug Store.—Adv.

A VITAL ELECTION.

Road questions continue to be the most vital factor in the future of Ranger. At least that is true so far as the next few years are concerned. Just now, the spotlight shifts from Eastland county to Palo Pinto, where an election will be held Aug. 20 on a \$1,000,000 bond issue. This election is just as vital to Ranger as if Ranger were in Palo Pinto county, yet Ranger will have no voice in it except through what influence it can muster. It is vital because the routing of the Bankhead highway and Ranger's position upon the road maps of America is at stake. If this issue is carried, that position will be secure; if it is lost, Ranger is an "inland town," so far as the greatest transcontinental highway is concerned.

The reason for that is this: The Bankhead highway branches at Palo Pinto, the "southern route" turning to the southwest, through Strawn, Ranger, Eastland, Cisco and on west to Abilene, where it is rejoined by the "northern route" through Caddo, Breckenridge and Albany.

But regardless of Eastland county's millions spent on roads, regardless of Callahan's improvements, there will be no Bankhead highway through this county without the co-operation of Palo Pinto. It is said to be a certainty that in case this issue fails to carry, the strip precinct which extends east and west through the center of the county will vote bonds, and in that event the "northern route" will become the only route for the Bankhead highway. This in spite of the fact that experts favor the "southern route" on account of it following the transcontinental railroad.

There is some feeling in Palo Pinto county that Eastland county, and Ranger especially, seeks this road in order to draw trade from that territory. That is an impression that is entirely erroneous. What Ranger seeks is the uncounted number of motorists who will traverse the nation from coast to coast when this highway is completed. They will be of benefit to us, and to Strawn and all other towns as well. They are business prospects that no community can afford to overlook. Ranger, of course, wishes to encourage easy communication with Strawn, as with all other towns in this section. But that can have no bearing on the Bankhead highway proposition. A first class highway is now in process of construction between the two towns and bids for the last link will be opened Monday at Palo Pinto. This road will make it just as easy for Strawn people to come to Ranger and for Ranger people to go to Strawn as would the Bankhead highway. This fact should be plain to everyone. It has no place in the bond election.

Not alone Ranger, but all of Eastland county, will be affected by the Palo Pinto election. We believe the road will be of untold benefit to every community through which it passes. Should not Eastland county citizens use what influence they have in a campaign for education on this proposition? Should we not help make it clear to all that this highway is not a matter of aiding one town against another, but rather a matter the building of which is for the good of all? Neighborliness alone demands that the Bankhead highway plans be carried out.

WHY WE FOUGHT.

Now we have a real, live intelligent ambassador in Europe—one that represents both the United States government and the American people. Any misapprehension caused by the slanderous misstatements of Ambassador George Harvey in London ought to be removed by the speech of Ambassador Myron Herrick delivered at Rheims.

Instead of saying that the United States went into the war solely to save herself and "most reluctantly and laggardly at that," Myron Herrick told France and through France the whole world that idealism led America into the world war.

"Two million men came from the United States and fought for the practical ideals of humanity, liberty for men and nations.

"Without ideals we cannot live. Materialism cannot prevail. Sooner or later it will be checked and defeated by the progress of those spiritual forces, which, through the ages, have lifted mankind to a new and higher plane."

PRAIRIE CO. MODEL CAMP IS COMPLETED

BRECKENRIDGE, Texas, July 27.—The Prairie Oil & Gas company has completed what it calls "Breckenridge Camp," north of the city one and one-half miles. The camp comprises twenty acres on the Rogers tract and is located on a spur from the W. F. R. & F. W. railroad. It is a \$500,000 plant and is maintained by the production department of the Prairie company.

Surrounded by an iron fence, the twenty acres is squared off into blocks, and trees have been planted lining the sidewalks. Fire plugs at every corner affords ample fire protection. A complete water system, sewerage, lighting and heating is furnished to every cottage, dormitory, warehouse and building on the lease. Five large cottages are for the officials and their families. There are two large bunk houses and dormitories for the employees. Cooking houses and dining halls are on the lease for the men without families.

Great Stock of Supplies. The major part of the entire camp is the great warehouse that is built on the spur from the railroad. This is forty feet wide and 300 feet long with a great covered platform running the entire length. Here is stored hundreds of thousands of dollars' worth of drilling equipment used by the Prairie company in its Breckenridge operations. In the yards of the company and adjacent to the tracks are stored great heaps of pipe and casing with pipe from one-inch up to twenty-inch.

A garage at the camp has a capacity of twenty-five trucks and automobiles. Twenty-five men are employed at the camp above those who work at wells and on lines and other similar field work.

Women bookmakers are making their appearance at the English race tracks.

Thousands of factory girls in England are leaving the mills for domestic work.

hesitate for a moment as to which represents the thought of America? But then Myron Herrick, unlike George Harvey, is an ambassador speaking for his government and his country and not the partisan politician taking a petty revenge against a former president.—San Francisco Bulletin.

MUCH MARRIED BRIDE WEARY OF HONEYMOONS

Three times divorced and four times married, Mrs. Richard H. Long, former stenographer in her millionaire husband's Boston office, is not disturbed nor greatly concerned regarding plans for a honeymoon. The bride of the prominent manufacturer, who was twice candidate for governor of Massachusetts, said: "Plans for a honeymoon? We have no plans for a honeymoon. Maybe after a time we shall go off somewhere to be by ourselves—but not now. For the present we are going to stay right here. There is so much to be done—so much for me to learn." Mrs. Long, who is 35, gave this as her third marriage on the license issue. She was wedded first in October, 1904, to Ira St. James, a French-Canadian. She was later divorced and married N. H. Brown, whom she divorced and remarried, the last decree being granted in May, 1920.

STRAWN PLAYS BUSINESS MEN HERE THURS.

George Lemma Made Field Manager; Will Strengthen Team; to Desdemona Sunday.

The Strawn team will be here Thursday for a game with Ranger Business Men at Nitro park.

George Lemma, shortstopper for the Business Men, has been named playing manager for the nine, with full direction of the line-up and play on the field, and Manager Summers has voluntarily retired to the position of magnate and angel. Lemma is said to have several players on the string, whose addition will make a first-class team.

Cy Watson, who used to kink 'em for Houston in the Texas league, is expected to be on the mound for the Ranger team in Thursday's game, and if he cannot come out, Poole will officiate. Poole beat the Miners 3 to 2, a couple of months ago, while pitching for the Gulf. He held them to three hits.

Sunday, the reinforced Business Men will go to Desdemona for a game with the fast independent gang there. This will be the first out of town trip and a victory over the Hogtown bunch would be proof positive that a cracking good semi-pro nine had been gathered here.

MUSKOGEE HAS RECORD FOR CLASS D CROWDS

MUSKOGEE, Okla., July 27.—Muskoogee has thrown down the gauntlet to any city of its class in the entire country in the way of general prosperity as evidenced in the attendance at its ball games.

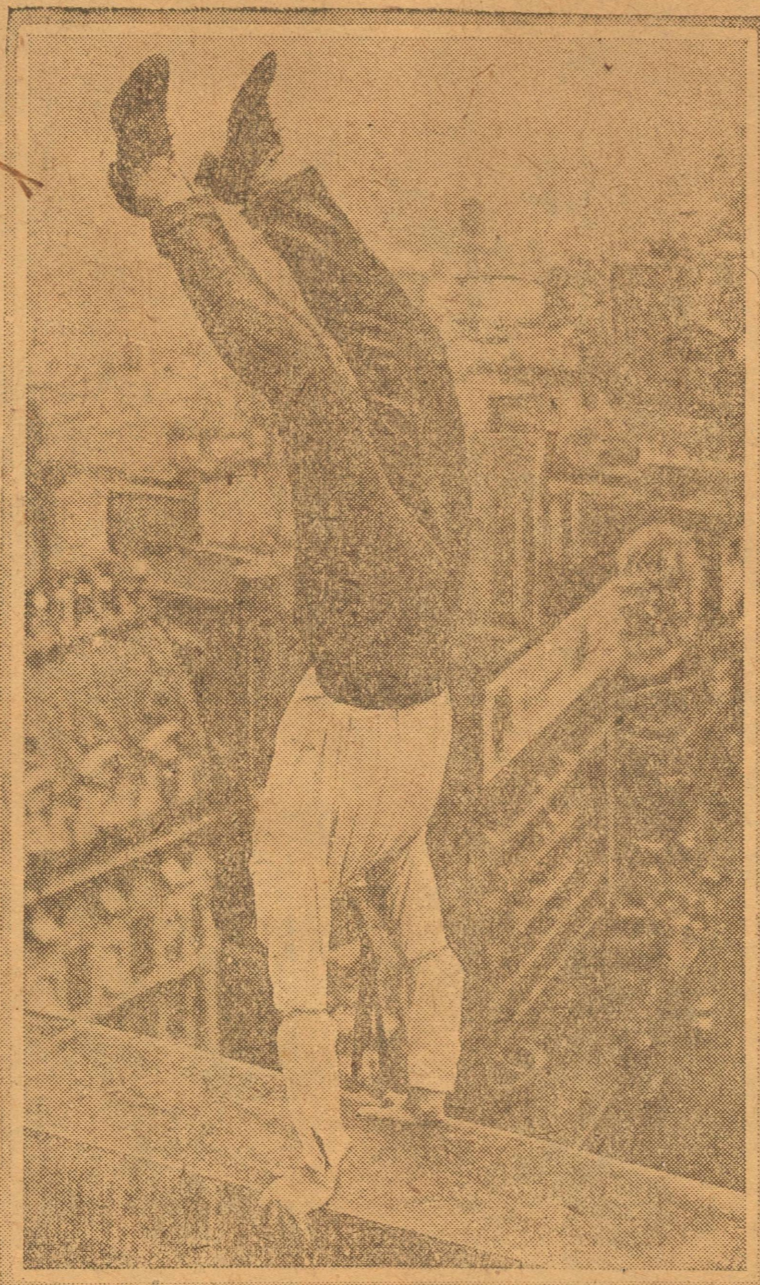

With a class D club that was never a serious contender in the race, the team drew 34,091 paid admissions to thirty-one games during the first half of the season, according to President J. A. Hardin. Twelve games in the second half have more than kept up the average of 1,100, he says.

The team was in the second division most of the early part of the season and never rose above third, where it finished nine games behind Independence.

The record is said to be ahead of three or four clubs in the Western league, a class A circuit.

FINE WAY TO CELEBRATE A BIRTHDAY

Captain Charles H. Fitzgerald, famous Texas aerialist and daredevil, celebrated his thirty-sixth birthday by defying death hundreds of feet above Broadway, New York. It was Captain Fitzgerald's idea of a real birthday party to thrill the thousands of spectators who watched him from the streets below. The photo shows Captain Fitzgerald performing one of his hair-raising stunts.

GLAZNER RATED AS YEAR'S BEST PITCHING FIND

PITTSBURGH, July 27.—Charles "Whitey" Glazner of Sycamore, Ala., has won eight games and lost one this far in the National league, and by the looks of things the first year efforts of this young hurler are likely to count as important in the pennant winning expectations of the Pittsburgh team. Glazner is starting to attract considerable attention and folks are asking questions about him. Just at present this newcomer rates first in his league, counting such twirlers as have worked in five or more games.

Eleven months in all was Glazner in France. A good part of the rest of the last nine years he has spent on the diamond. He started playing around the sandlots of Birmingham and in 1913 accepted his first professional engagement with Anniston of the Georgia-Alabama league. He pitched there for two years and then went to the Winston-Salem club. In 1916 for that aggregation he led the league with twenty-one wins out of twenty-eight games.

In 1920 he came back strong and twirled sensationally for Birmingham. According to the records he won twenty-four and lost ten games, but should have been credited with an additional win over Memphis. And so this year he is with the Pirates. He has taken part in about twelve games, and only gone down to defeat once. He and his Birmingham teammate, Morrison, have with Cooper and Adams, given the Pirates the most consistent pitching of any array in the National league and have been responsible for keeping Pittsburgh in the lead.

Best Young Hurler.
Glazner is not a specially big chap.

GIANTS GET

PHILADELPHIA, July 27.—Emil "Irish" Meusel, captain of the Philadelphia National League baseball team, has been traded to New York for Curtis Walker, an outfielder, and Walter Henlin, a catcher. Manager Donovan last week sent Meusel to the bench for alleged indifferent playing.

M'ALLEN.—Cotton gins are running full time in this section and the grade of the product is good. However, boll weevils have caused a small crop.

He weighs about 165 pounds and is a clean-cut youth with light hair that accounts for the "Whitey" nickname. He doesn't possess blinding speed nor the best hook ball you've ever looked at.

"All that he has," explained George Cutshaw, "is about everything plus nerve and the most uncanny judgment of batters I have ever seen. You may have seen some pitchers with more speed and a better curve, and a more puzzling change of pace, but he has all of these, and he generally uses them just right. He is a mighty good pitcher. You may remember," added Cutshaw, "I told you some weeks ago that he was the best young pitcher of the season."

HIGHBROW BOUT CLUB LICENSE IS SUSPENDED

Spectators at Lynch-Herman Go Fought More Than Mick or Eytalian.

NEW YORK, July 27.—The famous International Sporting club of New York tried to teach the fight game nice ring manners and pretty table etiquette. Now the International crashes gates, rushes the \$10 seats and cuts off the sharp edge of its knife with the light-hearted abandon of the very roughnecks that it tries to teach not to say, "I ain't got no."

The New York State Boxing Commission suspended the club license Tuesday afternoon because of the riots and frauds that took place at Charlie Ebbetts' park in Brooklyn Monday night while Pete Herman was pecking him and poking the ban-tamweight crown off Joe Lynch's head. So far as the bout itself was concerned, the commission took no action, but it well might have gone that far, for the fuss was very phooey in all respects. Lynch fought like a fish-wife swinging an overripe haddock and Herman ought to be fined for not stopping him.

Chaos at Fight.
Well, this International Sporting club has been posing around here as the Reginald de Vere of the fight game. It was going to put up a clubhouse that would make Buckingham Palace look like a squatter's shanty hard by a municipal refuse dump. It was going to save the game from the evils that ailed it under professional

CAPIAS FOR ARREST OF JOHN M'GRAW ISSUED

By Associated Press.

PITTSBURGH, Pa., July 27.—A capias for the arrest of John J. McGraw, manager of the New York Giants, was issued in court here late today by Judge Marshall Brown, with special bail fixed at \$3,000. The action arose out of a suit for \$20,000 damages filed this afternoon by counsel for George M. Duffy of Pittsburgh. The petition alleged that Duffy was attacked by McGraw in a hotel here on June 3.

At the office of Sheriff William S. Paddock it was said that the papers in the case had not been received there and even if they did arrive tonight the capias could not be served until tomorrow morning, as the cashier's office was closed for the day and the bond could not be accepted.

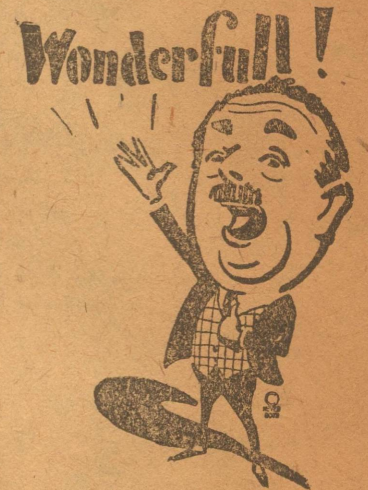

The clubhouse is still an ingrown dimple in the landscape, only the cellar being completed. And the only fight the International ever put on under its very own auspices was the affair of Monday night.

Nobody got the seat he paid for. Holders of \$11 tickets camped on their haunches in the aisles, if they got into the ball park at all, which many of them didn't. The gates were crashed by thousands holding no tickets, and the high-priced seats were rushed by the bleacherites who had paid only \$2.20. There were no ushers, no police, no house managers. It was a typical, old-time, New York fight crowd.

It's understood that the International Sporting club will now toss another large banquet.

GOLD STAR MOTHERS WEEP—In the presence of 4,000 persons at Pier No. 2, Hoboken, N. J., General Pershing and Senator Lodge spoke at the memorial services over the bodies of 7,264 Americans who died in the World War. Many gold star mothers were in tears. When General Pershing ceased speaking he placed a wreath on the coffins containing the bodies of the first three American soldiers killed in the war—Corporal Gresham and Privates Enright and Hays. Taps were blown by a coast artillery bugler. The photo shows Senator Lodge delivering his address.

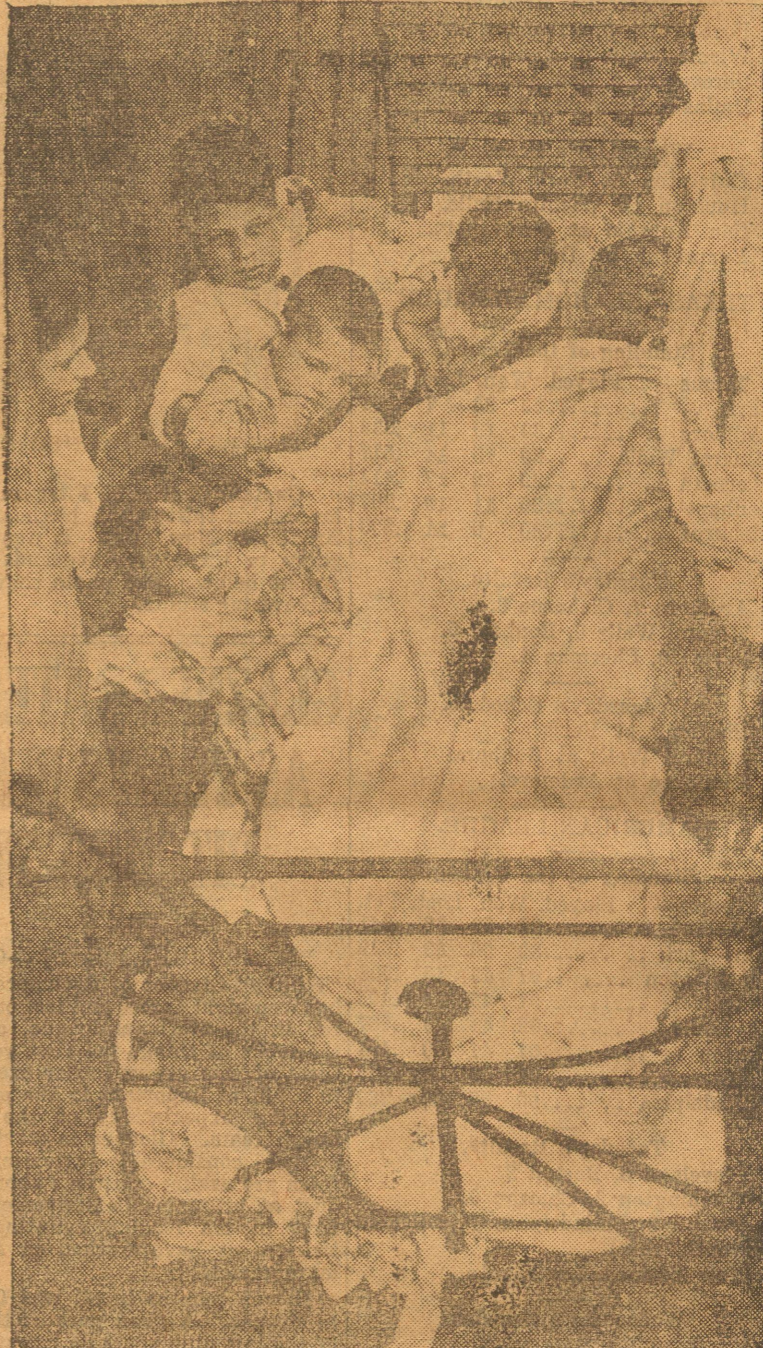

AT SEVENTY TAKES TO MOTORCYCLE—Daniel Frohman, nearly seventy, attributes his good health to his favorite pastime—motorcycling. "There is a thrill and an exhilaration," he recently remarked, "that one never gets in an automobile or in walking. I have several automobiles at my home in New York, but for sport and healthful exercise I prefer the motorcycle."

ISLIP HORSE SHOW FEATURE—One of the youngest exhibitors at the Islip, N. Y., horse show, held recently, was little Miss Margaret Potter. She drove her pony, Tobin, in the pony harness class and won the plaudits of the crowd by her fine show of horsemanship.

WIFE OF NEW YORK MILLIONAIRE NAMES "BUTTERFLY" IN DIVORCE SUIT

Philip M. Shaw

Mrs. Eleanor Jordan Shaw

Suit for divorce has been brought against Philip M. Shaw, millionaire New York broker, by his wife, Mrs. Elinor J. Shaw, in which she names as co-respondent Miss Madrienne La Barre, 20-year-old "Butterfly," of the Ziegfeld Follies. Shaw has now found himself caught between the wrath of two women. Besides answering his wife's charges, Miss La Barre has turned against him. Miss La Barre, who is in Boston, where she fled with her mother to avoid notoriety, says she was duped by Shaw, who, she says, represented himself as a single man. They became engaged, Miss La Barre declares.

THREE WOMEN WITH CHILDREN IN NEED OF WORK FOR LIVELIHOOD

Three women, all with children who have been deserted by their husbands applied this morning to Captain Mullins of the Salvation Army for aid. Captain Mullins will make an effort to find them a place where they may work for a livelihood. In doing this he asks that if anyone in the city can use their services to please get in touch with him.
One of the women has twin babies, 4 years old, and a daughter who is 7 years of age. Another has a baby and the third has two girls, one 13 and the other 7 years old.
Appeals for aid are becoming more numerous according to Captain Mullins to which he is giving all the help he can. He said this morning that it looked as though he was going to have to ask for help.

NEW CAFE OPENING ON SATURDAY WILL SERVE MUSIC WITH MEALS

The Elkhorn cafe will open Saturday in the old Scott Cafe building and will be something a little different in the way of cafes in Ranger, according to Curley Harper, its owner. In the evening the place will be operated something in the nature of cabaret style. Music will be furnished at lunch, dinner and until midnight.
The cafe will be under the management of Albert Bridges who was manager for both Scott and Henderson who owned Scott's cafe during the boom period.
Workmen today are painting and otherwise decorating the place for the opening.

ALTON MOORE RECEIVES THREE-YEAR SUSPENDED SENTENCE FOR ROBBERY

Special to the Times.
EASTLAND, July 27.—Alton Moore, 17, of Ranger, was given a three-year suspended sentence in the Ninety-first district court today, on a charge of burglarizing the Ferguson Lumber company of Ranger, at which time he was alleged to have stolen a pistol and an overcoat.
Moore had entered a plea of guilty, and threw himself on the mercy of the court.
Judge McCune in sentencing the defendant, whose record has been a good one, gave him some good advice, and said that the suspended sentence law was now being attacked, and that its life depended upon the actions of the defendant and others, who had been enabled to enjoy its provisions.

"Think for yourself," said President Lowell—and this country is, in fact, precisely the place where everybody not only thinks for himself, but for everybody else.—Boston Transcript.

SPORT GOSSIP
By JACK VEILOCK.
International News Service.

NEW YORK, July 27.—Jack Dempsey may have fractured all high-powered, money-earning records for time elapsed in knocking out Georges Carpentier, but if reports regarding Joe Lynch received for boxing Sammy Sandow last June are correct the West Side bantam takes the belt.
Dempsey, on the basis of \$300,000 for his bit, earned something like \$117.25 per second against Carpentier.
Lynch, who fought Sandow at the Boxing Dome in the Bronx earlier in the year, was reported to have taken down \$10,000 for his end. As Sandow lasted just fifty-five seconds with Lynch, the bantam boxer was paid \$181.81 per second for his efforts. Of this fifty-five seconds Sandow spent twenty-six taking counts, so Lynch really was at work only twenty-nine seconds at the rate of \$344 per second. All of which is going some.

A change of uniform certainly works wonders with some baseball players. Trades and sales during the recent winter caused many a player to swap uniforms when the big league races got under way last spring, and not a few of them are playing better ball than ever before.
Rabbit Maranville is a vivid example. Maranville, of course, has long been a wonderful player, but he has seldom shown to better advantage than since he donned a Pittsburgh uniform.
By the same token Johnny Rawlins, who came to the Giants from Boston via the Phillies, has succeeded in filling the yawning gap on Mister McGraw's infield, and Jeff Pfeffer, who went to the Cards from Brooklyn, had little trouble finding himself.

The trade between Boston and Pittsburgh, by the way, was perhaps the most beneficial to both clubs of any that has been made in recent years. Southworth, Nicholson and Barbare have gone a long way toward rejuvenating the punching power of the Braves, and Maranville has certainly done much toward "making" the Pirates.
From recent peeks at the tennis news one comes to the conclusion that Tilden and Johnston will be able to settle the Japanese question if Kumagai and Shimidzu get into the final argument. "Itchy and Shimmy" apparently, will have an anxious time.
The lively ball no doubt has had much to do with the remarkable increase in long-distance hitting this season. It has certainly come as a hoodoo to some of our best little infielders as well. Sharp raps down to the infielders look more wicked from the press boxes than ever before, the ball often taking quick, crazy bounds that demand lightning-like speed and judgment on the part of the players guarding the inner circle if they succeed in trapping it. Yet neither the effect on hitting or fielding must be taken too seriously. The game would be devoid of most of its thrills if it was played well-nigh perfect.

VILLAGE BLACKSMITH
RUINS JUDGE'S IDEALS
SAN FRANCISCO, July 27.—Another ideal of Judge Morgan's youth was shattered when William R. Upchurch testified that his wife eloped with the Simonton, the village blacksmith of Four Corners, Kan.
"This is indeed a sad state of affairs," said the court. "All of my life the village blacksmith has been one of my ideal's." Upchurch received his decree.

M. CARPENTIER ADDS ZEST TO 'CRUISER' TYPE

NEW YORK, July 27.—Instead of retiring at the request of his wife, it appears that Georges Carpentier will continue his ring career for some years to come. Georges evidently intends to do most of his fighting in America, where the purses are so much larger, even though the going is tougher than on the other side of the water.
Carpentier has made more than twice as much money in America, since the war, as he earned during his early career in Europe. He is almost as popular here as in the Old World and opportunities are so much greater than in Europe.
Carpentier's fortune was virtually wiped out during the war, but he is better off than in 1914. He has plenty of money to keep him for the rest of his life; but Georges is a born fighter, and that kind never retires as long as physical conditions permit.

Georges still is a young man and it may be that his experience in America will enable him to improve. In the future Carpentier will devote his attention to defending the light heavyweight crown.

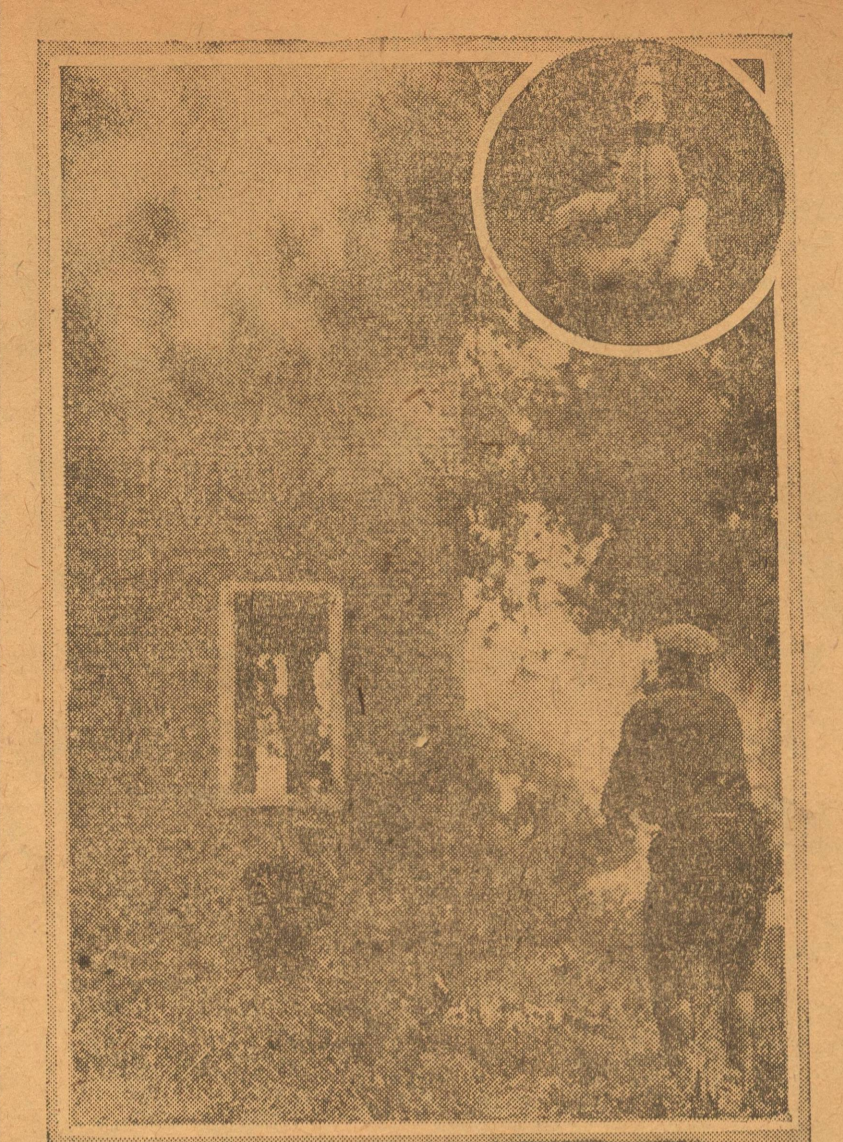

Interest in "Cruisers."
The "cruiserweight" title, as it is known in Europe and Australia, never has been taken seriously in his country, but that was because we never had a real fighter at the top of the class since the retirement of Bob Fitzsimmons. The presence of Carpentier adds a touch of color to the drab division and it should become more popular.

Barring Dempsey, the heavyweight class contains very little good material; but in the lighter division there are Carpentier, Gibbons, Greb, Tunney and a raft of young fellows who may develop into good men before long.
Bouts with Gibbons and Greb may keep Carpentier busy for the next few months. If by any chance he should stop these two, Georges might become a greater drawing card than Dempsey himself.

CAN IT BE OUR SAILOR LADDIES CARRIED ON LIKE THIS IN NORWAY?

CHRISTIANA, Norway, July 27.—The officers of the American battleship squadron which recently paid a two weeks' visit to this port were very popular and were entertained privately in Norwegian homes but the leading newspapers of the city criticized severely the conduct of some of the sailors while on shore leave.
The squadron was composed of Kansas, Michigan, Connecticut, South Carolina and Minnesota, under command of Rear Admiral Hughes.
The Christiania newspapers published several articles protesting because the American sailors made too violent love to the Norwegian girls while riding about the city in taxicabs, asserting that the sailors "squeezed and hugged them" in public.
One of Norway's prominent clergymen wrote a protest to the Afterposten, charging that the conduct of some of the American sailors was

NEW GAS BOMB, WITH K. O. WALLOP, MAY HELP POLICE IN BATTLES

Police methods of fighting mobs and carrying on warfare against dangerous criminals who barricade themselves in houses and defy capture may be completely revolutionized by the use of a poison gas that is not deadly. Two hundred members of the Philadelphia police department experimented with the gas bombs. All were volunteers. Five war veterans hurled the gas bombs, and many of the cops were temporarily disabled by the fumes. The gas is "Lachrymatory Gas," the invention of Major Stephen De La Noy, U. S. A. It is a tear-producing, choking, nauseating gas which knocks a man out for about a half an hour, but does not leave any ill after-effects.

"an insult to the city" and a disgrace to the American nation. He urged Admiral Hughes to put a stop to it. Some parents sent letters to the newspapers urging the Norwegian authorities to protect the Christiania girls from associating with the American sailors.

GERMANY SENDS MANY TOYS TO AMERICA

ATLANTIC CITY, N. J., July 27.—The supply of American-made toys is ample to meet the American demand, although many are being imported from Germany. Fletcher Dodge, of New York, said yesterday at the annual meeting of the Toy Manufacturers' association. Tin soldiers are going out of style, he said as children now ask for toys with which they can exercise their ingenuity.

BARGAIN HUNTING IS ONE OF WOMAN'S RIGHTS, SAYS MISTER HOOVER

WASHINGTON, July 27.—Far be it from Secretary of Commerce Hoover to take the joy out of the bargain hunter's life. Bargain hunting is one of woman's inalienable rights, he believes.

Louis Blumenthal of St. Louis, representing a group of retail trade associations, came to Washington to have the government prohibit special bargain sales and their advertisements as a part of the campaign against profiteering. Merchants could not "lure" customers to their stores by advertising "specials," Blumenthal argued.

"What's the government going to do about it?" Secretary Hoover was asked today.

"Nothing, by express direction of the Secretary of Commerce," was the reply.

The distinction of being the first woman to cross the American continent in an automobile is claimed by Miss I. T. Fleming.

LEGGIONNAIRES THINK CHI POST LOW DOWN AS SNAKE'S STOMACH

THURBER, Texas, July 26.—Ranger Daily Times, Ranger, Texas. Attached hereto please find copy of resolutions recently passed by this Post, will you kindly give it a prominent place in your next issue, and oblige.

Very truly yours,
BEN F. LOONEY, Jr.,
Chmn. Resolutions Comm.

Whereas, Sol-Sai-Mar Post of the American Legion of Chicago, Ill., has on occasions given banquets in honor of Jack Johnson, ex-heavyweight pugilistic champion of the United States, for months a fugitive from justice, violator of the Mann white slave act for which he was convicted and remanded to the federal penitentiary at Leavenworth, Kansas and from which he has recently been liberated; on the occasion of these banquets the above named post tendered to the ex-convict and felon their utmost support in projecting a prize-fight between he and Jack Dempsey for the heavyweight championship of the world, and

Whereas, the American Legion stands for law and order and does not believe in aiding, catering to or assisting the cause of an ex-convict, and criminal, lawfully convicted of his crime, which is a violation of the laws of this state and nation, therefore:

Be it resolved, that the Homer G. Harris Post No. 14 of the American Legion of Texas offer this as a protest to the action of the Sol-Sai-Mar Post of the American Legion, Chicago, Ill., and any other post of the American Legion contemplating similar action, denouncing it as being inconsistent with the ideals for which the American Legion stands, and recommending to the national commander of the American Legion that the charter of the Sol-Sai-Mar post or any other post being guilty of such action be revoked.

Be it further resolved, that these resolutions be incorporated in the minutes of this post and that copies be sent to the Sol-Sai-Mar Post, to the state and national commanders and to the public press.

SOCIETY AND WOMEN'S ACTIVITIES

ASHFORD—BOUNDS

V. E. Ashford of Ranger and Miss Klara Bounds were married Sunday in Mineral Wells. Mrs. M. B. Bounds mother and Mrs. V. C. Wiggins, sister of the bride were present.

Mrs. Bounds will visit her two daughters for several weeks, be fore returning to her home in Royce City.

Mr. and Mrs. Ashford will make their home in Ranger.

SEWING GIRLS' CLUB.

The Sewing Girls' club was delightfully entertained by Miss Gladys Maddocks at her home Friday. The afternoon was spent in sewing, after which a social hour was enjoyed and refreshments served to twelve of the members.

PERSONALS.

Mr. and Mrs. R. E. Garber of 1113 Desdemona boulevard have returned from Whitney, where they spent a very pleasant week-end with friends and relatives.

H. P. Jones and Vincent Nicosia are spending a few days at Waco, their old home town.

E. L. Hursey of the Paramount has returned from a several days' trip to Fort Worth.

Mrs. A. E. Firmin has returned from Dallas where she visited her daughter, Mrs. R. M. Coney. Judge Firmin also returned after attending to business in Dallas and other cities.

PARENT-TEACHERS.

The Young School Parent Teachers' association will meet Thursday at 3:30 p. m. at the home of Mrs. C. E. Maddocks, 700-6th street in honor of Mrs. L. E. Stevens, who is soon to leave for Abilene.

COMMISSION SCATTERED; NO SESSION THIS WEEK

Because of the absence of Mayor

Gholson, who is in Chicago, Acting Mayor Newnam, who is in Dallas on business. Mr. Dean is in Austin and Commissioner Sanford Dean, who is in Austin, the city commission yesterday afternoon failed to have a quorum for a meeting. Both Mr. Newnam and Mr. Gholson are away for the purpose of moving his family back to Ranger. They have been living there while his children were in school.
