

DEBRIS BEING CLEARED FROM PINE STREET

Through the co-operation of J. T. Gullahorn, H. R. Gholson, Chief Murphy of the fire department and some colored brothers from the "flats," Police and Fire Commissioner A. Davenport is having the burned debris removed from Pine street. It is hurriedly added the assistance of the brothers from down Cherry street way is something in the nature of being compulsory. You know they don't have to do it, but—

Both Gullahorn and Gholson are furnishing a truck and a driver to cart the trash away. Chief Murphy is the major-domo.

The burned block on the north side of Pine street has been unsightly for many months, and no one else moving the trash, Mr. Davenport took it on himself to have it done.

RED CROSS HEALTH CENTER TO BE OPENED HERE NEXT MONDAY

On next Monday the local chapter of the Red Cross will establish a health center in the old Hippodrome building on Main street. The hours will be from 4 to 6 in the afternoon and mothers may bring children for physical examination, which will be made without charge by local physicians, specialists, and dentists. The center will be in charge of Mrs. George Armer, who has had five years experience in such work with the state university.

The objects of the health centers, which have been established in many cities of the United States, is to detect ill that are not apparent to the mothers but which will cause annoyance in later years. The necessity for this was brought out, according to Mrs. Armer, during the war. It was found then that a large percentage of men being examined had physical defects that could have been easily rem-

PERSONALS

Misses Hattie Ruth and Mary Vaughan left yesterday for their home in Greenwood, La., after a visit at the A. N. Harkrider home. En route, they will spend a few days at Fort Worth and Jefferson.

The Misses Vaughan and the Harkriders witnessed the Sweet-water-Angelo championship battle Saturday at Abilene. Other members of the party were Miss Margaret Lowe and Mr. Paul Lacey.

Mrs. B. Cowser left Monday for a visit with relatives in Cleburne, Waco and Houston.

Miss Selma Gude is spending her vacation with friends in Fort Worth and at her old home, Marlin.

Mrs. J. R. Malone of Stamford is the guest of her sister, Mrs. A. N. Harkrider.

Rex Outlaw made a business trip to Fort Worth yesterday.

Louis Ducker is rusticiating in Fort Worth for a few days.

Mrs. Harry Rhodabarger left last night for Anderson, Ind., her old home. She will visit there for a few days and spend the remainder of a two weeks' trip visiting at other points in Indiana.

Mrs. Vera Whitley, who has been visiting her parents, Supt. and Mrs. E. O. McNew for the past two months, left Sunday for Dallas for a few days' visit after which she will go to Chicago and New York. She will appear this season in a musical headline act booked over the Orpheum-Keith circuits. Mrs. Whitley is a former conductor of the Crazy hotel orchestra at Mineral Wells.

ed when they were children. In addition to the examination mothers will be given advice in the care of the child.

It is the intention of the Red Cross to have the health centers open either every week or every two weeks. This has not yet been decided upon and probably will depend on the interest shown in the work. A little later it expects to also open a health clinic for children. Just when this will be done is not known at this time.

HANDCUFFED IN "BLACK HOLE" OF PRISON SHIP, GIRL SEEKS \$100 PRIZE

Miss Jeanne DeBri

Handcuffed to a ring-bolt on the shelving side of a tiny cell in the "Black Hole" of the English convict ship Success, now anchored at New York, Miss Jeanne DeBri, an 18-year-old Brooklyn, N. Y. school-girl, is attempting an endurance test which no other woman has voluntarily undertaken. Many women died in the cell while confined there under sentence when the Success was a receiving ship for women prisoners outside of Melbourne, Australia. Others went mad or became blind. Miss DeBri, one of the more than one thousand women who volunteered for the test, is trying to remain in the cell twenty-four hours. If she succeeds she will win \$100 offered by the vessel's commander, Capt. Smith, and will devote the money to a younger brother's education. The convict ship Success, which has been exhibited in all parts of the world, is the oldest vessel afloat, having been built in British East India in 1790. She is the last of the dreadful fleet of "Ocean Hells" which carried convicts from England to Australia.

TEXAS INCOME TAX PAYMENTS SHOW GAIN OF FIFTY PER CENT

By B. N. TIMMONS,
Times Special Correspondent.
WASHINGTON, July 26.—Texas is one of the few states which show considerable gains in the personal income tax payments for the calendar year 1919, compared with the preceding year, as shown by figures made public today at the office of D. H. Blair, commissioner of internal revenue. The increase was more than 50 per cent, compared with an average increase of about 12 1-2

per cent for the country at large. Michigan, with its huge profits in automobile manufacturing, showed an increase of about 150 per cent, but the principal gains were in southern states.

The federal income tax collected in 1919 from Texas individuals amounted to \$6.93 for every person in the state, while the average for the United States was \$1.98.

Personal income tax returns filed in Texas in 1919 reached a total of 176,547, which was 3.31 per cent of the total number filed in the United States and 3.79 per cent of the total population of the country. The total net income shown by these returns, after all deductions and exemptions had been allowed, was

\$643,172,301, while the tax paid on them was \$32,302,280, or 2.54 per cent of the total personal income tax paid.

There were sixty-five persons who paid personal income taxes on incomes of \$1,000,000 or more in 1919, and these sixty-five persons paid a total of \$99,026,996.

The persons with very large incomes have decreased in number or have learned how to manage their incomes so as to render them taxable for smaller amounts. The number of persons paying personal income taxes on incomes of \$1,000,000 or more was sixty in 1914; 120 in 1915; 206 in 1916; 141 in 1917; 67 in 1918; and sixty-five in 1919.

FATTY ARBUCKLE IS WINNER IN BOUT BUT LOSER IN COURTROOM

CHICAGO, July 26.—The first reel was a riot, "Fatty" Arbuckle's latest feature, "Ouch, My Eye," limped to a peepless finish in police court. Arbuckle was to have stood trial on a disorderly charge lodged against him by Joe Greenberg, a bell boy at the Congress hotel, who complained that "Fatty" hit him in the eye. "Fatty," it was alleged, had engaged him, but they could not agree on the wage. Words, as is the movie custom, were followed by blows. The bell boy got the worst of it, he said.

Annual THE POPULAR Clearance

- This is our great event—clearing our stocks for incoming Fall merchandise.
- For Fall you will find here the largest and most complete line of men's clothing and furnishings in the city.
- Everything is reduced. Nothing reserved. We must have room for our large incoming stock.
- Come early and take the advantage of the full assortments.

DOCTOR FAILS TO HEAR "ALL ASHORE!" SIGNAL

BOSTON, July 26—When the "All ashore that's goin' ashore" call sounded on the steamer Northland, Dr. Carl Mendlin of Haverhill did not hear it and sailed away to New York leaving his automobile on India Wharf. His wireless message to the police here "Guard automobile accidentally left on wharf," sent officers to the water front, where they found the car and took it to the police garage.

Dr. Mendlin had gone aboard to see his wife and daughter off on a vacation trip.

THE POPULAR
Gholson Hotel

THE POPULAR MEN'S STORE GHOLSON HOTEL

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettety aftertaste,

It's Camels for you.
