MINERS BURY BUSINESS MEN UNDER AVALANCHE OF RUNS

Game Marred by an Accident in Which L. T. Summers' Leg Was Fractured.

Yesterday's game between the Ranger Business Men and the Strawn Miners was a landslide affair, the B. M. being completely buried under an avalanche of hits and runs. It was mostly a hit and run game with the Miners doing most of the hitting and the Ranger outfielders the running. The contest was marred by an accident in which Outfielder L. T. Summers of the Business Men, sustained a broken leg while scoring from third base in the second inning.

The Ranger team took the field with pretty much the same lineup that has played excellent ball in the last few games, with the exception that Poole filled the niche usually graced by Frank Keck who has joined the Springfield club of the Western association. But yesterday was an off day all the way around. The visitors swung their autograph models with the vehemence of Miners working by the job and knocked 'em where our fielders were not and too hot to handle where they were. And that little Eytalian Popalio evidently had something on the ball that was not visible from the stand for safeties off his delivery were few and far between.

Mister Sisler, not the famous George, but evidently related to him, led the assault on Pitcher Poole with three doubles and a single out of four times up. Misplays were numerous during the contest but they were offset by an occasional flashy bit of fielding.

Table with columns: Player, AB, R, H, PO, A, E. Rows for STRAWN and BUSINESS MEN.

Summary. Two-base hits, G. Guydias, M. Guydias, Sisler 3, Supina 2; three-base hits, M. Guydias, Popalio; home run, Jackson; sacrifice hit, Sisler; struck out by Popalio 5, by Poole 4; stolen bases, McKinnon, Hazzard 2, Sudderth, Lemna.

OIL STARS TO PLAY EASTLAND HERE SUNDAY

The "Oil Stars" are back in Ranger after consorting baselically with the colored brothers of various western towns. Their exhibitions in Stephenville, Dublin, Brownwood, San Angelo and Stamford were pleasant and profitable, says Manager Berry Strawder, as they lost only three games on the trip and the finances were liberally contributed to at the gate. The Oil Stars plan a long series in Ranger during August and September which will bring practically every team of the Negro Texas league here. Sunday, the Oil Stars will play the Eastland Oil Burners at Nitro park. Berry avers he has signed several new and improving players for his nine and there will be some fast ball for the entertainment of the fans. Chief among the recruits are a new hand at third base and another in right field.

JOE BRATCHER MAKES SENSATIONAL DEBUT WITH FT. WORTH CATS

FORT WORTH, July 29.—Joe Bratcher, recently recruited from the T. O. league, virtually won Thursday's game for the Panthers as he drove in three of the Cat runs in a 4 to 1 victory over the Sanderabs. The Mascotic Home product smashed a clean single in the first inning with two down that accounted for two of the runs and his sacrifice fly in the eighth brought in another. Haley's single in the eighth was responsible for the fourth run. Bratcher made his debut in the first inning before the Fort Worth fans with a great catch of a fly ball. When it came the Panther's time at bat the newest recruit found himself facing one of the most trying situations that could be possibly wished on him. Coombs and Phelan, who had hit safely, were occupying second and third base with two out. He stood up at the plate coolly and let the first one pass. It was a ball. Fincher tried to

fool him on the next one, but Bratcher met it squarely and sent it like a bullet through the pitcher's box to center field, scoring Coombs and Phelan. Then he stole second, although the ball beat him to the bag, but he hooked it.

AVIATOR FLIES OFF WITH AUTO TOP BUT HE SOON RETURNS IT

LONG BEACH, Cal., July 29.—Berger Johnson, aviator, alighted on a paved street here Sunday when engine trouble made a landing imperative. He repaired the damage and started to take off on a slight upgrade. Some electric wires menaced him and being unable to rise above them he flew under them. Before he could rise, the landing gear of his plane struck an automobile belonging to Homer Bancroft of Pasadena, in which a two-year-old child was seated. The top of the automobile was torn away and carried aloft but when spectators reached the automobile they

found the child uninjured. The aviator swung out over the ocean, discovered the automobile top swinging from his landing gear, returned to land and dropped the top. He afterwards landed safely.

PROGRAM

TEMPLE—"Deception," all-star cast, also new comedy. MANHATTAN—William Farnum in "When a Man Sees Red," Joe Martin in "A Movie Star," LIBERTY—"The Sea Wolf," by Jack London, and Mack Sennett comedy.

MANHATTAN.

William Farnum, perhaps the most popular of all picture stars, will be at the Manhattan theatre today in the William Fox production, "When a Man Sees Red."

This is a picturization of Larry Evans' story, "The Painted Lady," which created such widespread interest when it appeared serially in the Saturday Evening Post. It is said to be a screen production of great strength, containing one of the best roles in which Farnum ever appeared.

Love of a brother for a sister is the base on which the drama of this story is built—a love so great that when unhappiness and finally death is brought to this sister through the brutality of another man, the brother, vowing vengeance, becomes a human bloodhound, always on the track of the man responsible for the desolation of his family. He finally corners his prey on a South Sea island, where the laws of civilization have not yet reached, and in the manner in which he exacts retribution is highly dramatic and exciting to the last degree.

BEGIN PROBE OF EASTLAND ROAD AFFAIRS

EASTLAND, July 29.—A subcommittee appointed by a citizens meeting interested in the investigation of Eastland county highway affairs has entered into negotiations looking to the employment of an officer to check the books of the highway department.

The audit will begin at an early date, and counsel has been retained to investigate the status of these affairs from a legal standpoint and to file an action stopping the further sale of Eastland county road bonds and to recover moneys if the investigation should show some improperly expended.

W. V. Dunnam, county attorney; Grisham Bros., and J. R. Stubblefield have been retained and are representing citizens interested in this action.

Curiosity Is Costly

SPORT GOSSIP

By JACK VEIOCK. International News Service.

NEW YORK, July 29.—Arthur Irwin has gone West. The manner of his going and the revelation that attended it astounded his friends in baseball, for he was one of the best liked and most picturesque figures in the game.

His history in baseball as a player, a scout and a manager was replete with interesting experiences. He was one of the prime movers in the Brotherhood war, was known as the father of Cuban baseball and as an all-around baseball man he had few superiors.

It was Irwin who invented the fielder's glove. It was he who later improved it with the web between forefinger and thumb. He also invented one of the first electric baseball players.

Whatever his faults outside the game, baseball owes much to Arthur Irwin and he will be remembered as a great friend and promoter of all that was good for the national pastime.

"Lenglen" is quite an appropriate name for a tennis player, Ignatz! It is pronounced "Longlawn."

People none of us are jealous of—Bill Burns, Chic Gandil, Eddie Cicotte, Happy Felsch, et al.

Baseball hasn't thrived because of the infamous Black Sox scandal. The game is big enough in itself, however, to outlive it. But whatever the effect on the pastime, it is a moral certainty that the powers that be have learned, or should have learned, a lesson they will never forget, namely: That baseball is public property and must be treated as such, even though it be privately owned.

The old-time policy of maintaining a strict silence on all inside matters connected with the game proved a boomerang to the magnates. They know now that they should have been the first to expose the crooked players of the Chicago team and the gamblers with whom they were allied. True, the powers that be did not have first-hand proofs at the outset. True, they went about investigations with the idea of some day bringing the offenders to task. But they moved too slowly.

Today they are wide awake to the fact that among all classes—even major league idols—there are weak-willed individuals who will turn an ear to temptation. You cannot gather a large number of men together in

any walk of business without finding such character here and there. In future the players will be more closely watched. Rumors will be run down instead of being brushed aside as ridiculous. In the end, no doubt the 1919 affair will prove the best thing that could have happened for baseball. It had to come some time and it is no wonder that it came in these unsettled days when so many people talk in five figures or more.

We may be wrong, but in our estimation Georges Carpentier will enter his next big fight on this side feeling like a batter who has two strikes on him.

Tommy Gibbons, who will box Georges Carpentier for Tex Rickard next October, is the ideal fighter, especially in a moral way.

Tommy resides in St. Paul, but when he is not swapping rights and lefts with the members of his profession he spends much of his time with his gun and his dog in the Minnesota woods, or with a rod and line at Osakis or some other sylvan resort.

The younger Gibbons brother is twenty-eight years old, married and the daddy of two bouncing youngsters. Besides his family, his gun and his dog he has one great failing—you would never guess it—ICE CREAM!

After a fight Tom always hurries to his hotel, gets his rubdown and awaits the coming of Manager Eddie Kane with a snowy quart of vanilla confection for which he has an abnormal appetite. That finished, he writes a letter home, reads until his optics get sandy and then turns in to be up bright and early and out in the morning air.

Gibbons never has to train overly hard for a fight because he takes such excellent care of himself. He will train less than three weeks for Georges Carpentier and his admirers may rest assured that he will get into

the ring in the veriest pink of condition.

One feature of Gibbons' continual training, something he does day in and day out, is novel. He carries a small, semi-hard rubber ball wherever he goes, squeezing it up in first one hand and then the other as he walks along in the open. He does this to strengthen his hands.

"These dukes are my stock in trade," Tommy opined recently, "and I have found that the use of this bit of a rubber ball keeps them strong and pliable at the same time."

SNYDER, Texas.—Snyder will give a big entertainment on July 29 and 30. The program includes free moving pictures, bronco riding and rodeo, baseball and speeches.

ABILENE CLUB WILL PLAY SUNDAY BASEBALL

ABILENE, Texas, July 29.—Abilene, for perhaps the first time in its history, is going to have Sunday baseball. At least a crowd of fans and West Texas club directors who met last night decided to play Sunday games here, beginning next Sunday. It is hoped by this to pull the local club out of financial difficulties.

JUAREZ, Mexico.—Compilation of the number of soldiers killed in civil wars in Mexico during the past ten years soon will be undertaken by the statistical department of Mexico, it was announced here.

WHITE ELEPHANT PARTY MONDAY WILL OPEN WORK OF RED CROSS STORE AND HEALTH CENTER HERE

The White Elephant party of the Red Cross will be held Monday afternoon at 323 Main street. The health center will be opened at the same time. The party will be for the purpose of visitors bringing any serviceable articles for the Red Cross shop, which will be formally opened Monday afternoon. To the health center mothers may bring their children for physical examination, which will be without cost.

The White Elephant party and the second-hand shop will be under the direction of Mrs. William Clegg and the health center will be in charge of Mrs. George Armer, who has had five years experience in such work with the State university.

All guests at the party, to which everyone is invited, are expected to bring articles to put on sale in the second-hand shop, the proceeds to go to the Red Cross.

The use of the building has been donated to the chapter by Charles F. Heffern.

Both the health center and the White Elephant party will open at 4 o'clock. Those who have been invited to assist in receiving guests are Mayor and Mrs. John M. Gholson, Mr. and Mrs. M. H. Hagaman,

Dean and Mrs. Emerson of St. Mary's Episcopal church; Mrs. Boswell, president of the St. Mary's Guild, the Rev. and Mrs. A. N. Misses Helen Gholson, Ruth Hagaman, Dora Cole, Helen Stafford, Helen Brown, Bohning, Stargis, Clover Bobo, Marion Stubblebine, Drienhofer and McRae, are the young women who are invited to serve refreshments.

In addition the entire membership of the Charity club has been invited to be in the receiving line at the White Elephant and also has been asked to assist at the health center.

FIRE DRILLS KEEP NEW HOSE WELDERS ON JUMP

Last night the fire department, for the purpose of acquainting new men with their labors, went out on fire drills. This is the second drill within the week and others will probably follow.

New men working on fire wagons are apt to be nervous until they become accustomed to their duties. It is to do away with this feeling and to acquaint them with streets and plugs that the drills are being held.

DISTRICT JUDGES RETURN FROM VACATION TRIPS

EASTLAND, July 29.—District Judge E. A. Hill of the Eighty-eighth district court and District Judge Geo. L. Davenport of the Ninety-first district court, who have been away on their vacations, both arrived home this morning.

Judge Hill and his wife spent their vacation in Chicago and on the Great Lakes, while Judge and Mrs. Davenport accompanied friends on a trip to Santa Fe and other points in New Mexico, making the trip via auto. Both returned looking well, and declare they had a nice vacation and

are ready for work, if there is litigation needing their attention.

Wilhelm at Doorn is reported to be on the verge of bankruptcy and next thing we may expect to hear somebody is starting a fund for the hungry Hohenzollerns.—Indianapolis Star.

PAINTERS SEND LAST FIVER TO MILK-ICE FUND

The Painters' Union.....\$5.00

At its last meeting the painters' union found it had just \$5 in its treasury. Somebody asked what should be done with it. Why, give it to the Times milk and ice fund, was the answer, and it was done. Which shows conclusively what sort of folks painters are.

Probably because it has not been brought to the attention of the people the fund has begun to drag during the past few days. Donations are becoming intermittent though the need is growing greater as the days become hotter. Many folks no doubt are prompted to send in contributions but it is forgotten, which is only human. But promptings, no matter how human if not followed by action do not relieve any of the distress of the world.

SOME CAKE MAKER

Unanimous mumbles from The Times crew yesterday were vastly in favor of a luscious devil's food cake sent around by Mrs. Schertz of the Schertz home bakery. They didn't say it was good in so many words, for their mouths were too full, but an "Oh-h-b-y-y" sound and a facial expression denoting gustatory rapture certainly left the impression that Mrs. Schertz is some cake maker. Even a hardboiled copyreader with an addiction to cigars and beefsteak took a second piece. Which is corroborative testimony of the highest order.

PERSONALS

M. R. Newnam will leave today on a business trip to Houston and other South Texas points. He will be away for several days.

Mrs. Paul Wolf and sons, J. U. and Billy of Dallas, are the house guests of Mr. and Mrs. Charles Moore. They will visit in Ranger for several days before returning home.

Mrs. J. B. Ames left last night for South Bend for a visit with friends. The trip was made by automobile.

Saw Fight.

Mr. and Mrs. W. A. Cunningham of Cisco are the guests of Mr. and Mrs. C. H. Moffett in Burger addition. Mr. Cunningham is a rig contractor, and the oil business being—oh, well the oil business—he took occasion to inspect the rigging of the Dempsey-Carpenter scrap at Jersey City some weeks ago. It was one of the most thrilling events he has ever witnessed. Mr. Cunningham said, with action from the tap of the gong. The immensity of the crowd and the orderliness and system with which it was handled would have been impressive even without the scrap, Mr. Cunningham said.

While in the North, Mr. Cunningham talked with many persons in touch with the financial situation, and he believes it is only a matter of months until a foreign loan of perhaps \$100,000,000 will be made, which will remove the chief cause for the present stagnation of business.
