## U. S. STARTS PROBE OF KU-KLUX

### West Virginia At War Again

#### HARDING WILL DECIDE TODAY ABOUT TROOPS

Refuses Lewis' Request for Conference Between Owners and Union Men.

**SITUATION SERIOUS.**  
WASHINGTON, Aug. 30.—Decision on the urgent request of Governor Morgan of West Virginia, for federal troops to take charge of the situation developing from the threat of several thousand coal miners to march on Mingo and Logan counties will be reached this afternoon, Secretary of War Weeks said today. Weeks made the announcement after a conference between President Harding, Weeks, Brigadier General Bandholtz and General Harbord, acting chief of staff, broke up near noon today.

Another conference will be held at 2 o'clock, when it is hoped a report from an army officer now on the scene of the trouble, will help the president to decide on whether to send troops.

Late reports from the West Virginia mine war area indicate the situation is "most serious," Assistant Secretary of War Wainwright said today.

#### HARDING REFUSES TO CALL CONFERENCE

WASHINGTON, Aug. 30.—President Harding today refused to grant the request of John L. Lewis, president of the United Mine Workers of America, that a conference of the mine workers and operators in the West Virginia fields be called, in the hope of ending the trouble there.

In a telegram to Lewis, the president is said to have expressed the opinion that the suggested conference would only duplicate the work of the special committee which expects to start an investigation of the West Virginia coal fields trouble on Sept. 17. The president's decision was announced after a conference with Secretary of War Weeks and Senator Sutherland, and a West Virginia delegation.

#### Consults Army Heads.

President Harding, after meeting the West Virginia delegation, summoned General Bandholtz, war department investigator of the coal mine troubles, to the White House. Secretary of War Weeks remained for this conference.

Federal troops can be placed in the area of threatened hostilities within six or eight hours, it was said. After the conference with the president, Senator Sutherland said Harding realized the situation was serious.

Accompanied by General Harbord, acting chief of staff in the absence of General Pershing, Brigadier General Bandholtz called on President Harding at 11:30.

Harbord's presence was held significant.

#### MEXICAN COURT REVIEWS ARTICLE TWENTY-SEVEN

MEXICO CITY, Aug. 30.—The supreme court of Mexico today began hearings on the retroactivity of article 27 of the Mexican constitution, which has caused an exchange of notes with the state department at Washington and considerable agitation on the part of American oil operators.

Representatives of American oil interests visiting Mexico in connection with the hearings today paid a visit of courtesy to the American embassy and were later cordially received by Adolfo De La Huerta.

#### LABOR AT CONFERENCE.

WASHINGTON, Aug. 30.—Labor leaders will be represented at the president's unemployment conference to be held Sept. 21, it was announced today at the White House.

#### LAW ENFORCERS SEEK R. R. OPERATION EASTLAND'S SUPPORT BY GOVERNMENT UNIONS' OBJECT

One City Commissioner Will "Be Glad to Resign Within Week," They Tell Meeting; Repeat Vice Charges.

"Girls under 14 years of age are being ruined in Ranger by a set of foreigners and it can be proven. A city commissioner of Ranger will be glad to resign his place within a week and a still five miles north of Ranger is making 100 gallons of corn liquor daily with which to supply the city and surrounding sections and is working unmolesed" are some of the statements made last night by leaders of the Ranger Law Enforcement bureau, who attended a mass meeting in Eastland last night, called for the purpose of organizing a bureau in that city. Fully 400 persons, both men and women, attended the meeting and if plans work out there will soon be in Eastland, as in Ranger, an "invisible twenty" at work "silently and cautiously" collecting evidence against law violators to present to the grand jury. A committee of four was appointed by the Rev. Roy A. Langston for the purpose of arranging for a future meeting and also arranging for the appointment of the "invisible twenty."

#### OTHER WARS

##### GERMANY

Armed Reserves Await Outbreak of Pan-German Element.

BERLIN, Aug. 30.—Police were called out today to patrol the streets while barracks in various parts of Berlin were being hastily filled with the reserves, arms and ammunition, all in preparation for possible uprisings which may be fomented by Pan-German elements.

Certain areas of the German capital are banned to the general public, and a strict watch is kept by armed cordons thrown around possible danger zones.

##### IRELAND

Fourteen Shot, Four Killed in Sinn Fein-Royalist Riots.

BELFAST, Aug. 30.—Fierce fighting broke out today, in which police were forced to pour volleys into opposing mobs of Sinn Feiners and Loyalists, in an effort to quell a renewal of yesterday's internecine warfare.

Fourteen casualties were reported up to noon, two more persons being killed, making four that have died in the fighting of the past twenty-four hours.

The rioting continues, despite efforts of forces of the crown who used armored cars.

##### MEXICO

Commissioner Killed When Civil and Military Forces Clash.

SAN LUIS, Sonora, (via Somerton, Ariz.) Aug. 30.—Commissioner M. Reyes, of San Luis, was shot to death, and numerous civilians were injured in a pitched battle between civil and military authorities here early today. Reyes died at Yuma, Ariz., after he had been rushed across the border to a hospital.

The battle started over an order issued by Mayor Jose E. Araiza, to close all saloons and gambling houses. Commissioner Reyes refused to enforce the order. Civil police and federal agents under Reyes clashed.

Further trouble is feared. Mayor Araiza has telegraphed President Obregon. San Luis is twelve miles from Somerton, Ariz., and close to the international line.

##### BRECKENRIDGE BANK

DOUBLES CAPITAL STOCK

BRECKENRIDGE, Aug. 30.—Capital stock of the Breckenridge State bank was increased from \$100,000 to \$200,000 and directors for the balance of the year were elected by stockholders of the bank in session yesterday afternoon. Members of the new directorate, which will elect officers Sept. 8, are: Will C. Jones Jr., John W. Baker, H. W. Sayle, S. T. Swenson, H. C. Davenport, G. C. Bachman, H. B. Furr, J. N. Lamb and John H. Kirby.

##### LABOR AT CONFERENCE.

#### HAM AND EGG MONEY

United Press.  
DALLAS, Aug. 30.—"Got any change on you?" asked City Jailer Isbell, as he bagged a man giving the name of Carl Stewart for vagrancy.

Stewart emptied his pockets of American money, and the change totalled \$4,290, and then he pulled out a pocketbook and turned over British bank notes said by police to represent more than \$25,000.

#### NEW PLANS FOR T. P. STATION CUT LENGTH 60 FEET

Bids to Be Submitted on Sept. 19; Inside Arrangements Not Altered.

WASHINGTON, Aug. 30.—Government operation of the nation's railroads is the aim of 2,000,000 organized railroad workers, it was admitted today by Secretary Davidson of the International Machinists' union, in an analysis of the situation made for the United Press.

The transportation act gives the government authority to take over the railroads in case of a strike or other emergency, Mr. Davidson said.

#### OFFICIALS NOT FEARFUL

CHICAGO, Aug. 30.—While developments Monday indicate that the powerful railroad unions are preparing for a strike of widespread scope, railroad executives here maintained that such a calamity is extremely improbable.

The executives declared that owing to general business conditions, a general railroad strike would be almost certain of failure; and that railroad labor has no reason for striking because their wages have not been deflated as much as in other industries.

#### 'NO DELAY IN SCHOOL; NO FEE, NO MONEY LOST'

CHOLSON

"School will start Sept. 12; there will not be a fee of \$5 charged for each pupil and the school board has not lost any money in any of the bank failures in Eastland county." This statement was made this morning by Mayor John Cholson after he had been questioned concerning the rumors going around that school opening had been postponed and a fee would be charged, because the school board had money tied up in bank failures.

Mr. Cholson is a member of the school board and he declared he did not understand how such rumors became current.

Every arrangement has been made for the opening on the date set, he declared and school will open. Every child who presents itself will be admitted and there will be no tuition charge for those within the school age.

#### AMERICAN POSSE

MAY SEEK BANDITS ACROSS THE BORDER

RUBY, Ariz., Aug. 30.—Failure of the Mexican officials to capture and turn to American authorities the band of Mexican bandits who last week shot and killed Frank J. Pearson and his wife and seriously wounded Mrs. Pearson's sister, is causing a tense situation along the border. Threats that a posse from here would cross the line to round up the bandits, all of whom are known, are being openly made here.

#### FROM BELLEAU WOOD.

HOUSTON, Aug. 30.—Bodies of six soldier dead will arrive here Thursday, according to word received from the graves registration department at Hoboken. All are former Houstonians, and all but one were members of the Sixth marines.

#### EYESORE BURNED.

Because it was both an eyesore and a fire hazard, the fire department today burned the ruins of the old Brooks garage on Rusk street. The building caught fire several weeks ago and through the efforts of the fire department much of it was left standing.

#### THE WEATHER.

Tonight and Wednesday, generally fair.

REPLACEMENTS.

With the present city administration less than six months in office, two places on the commission must shortly be refilled by the voters. The vacancies are occasioned by business changes on the part of Commissioners Dean and Newnam, two men with big capacities for serving the city.

Ranger will be fortunate indeed, if it can replace these two commissioners with men of equal caliber and willingness to serve, and the selections should be made with care and thought. The time is not yet when any city official can be a figurehead, with nothing to do but sit in complacent regard of the honor the people have tendered him. Rather, he must be a man of clear vision and appetite for work, with a willingness for some amount of self-sacrifice to the interests of the city. Such a man may be hard to find, or easy, depending much upon fortune.

However, it is a matter of importance that two such men be found, and to that end, men and groups of men should make an intelligent canvass of the city's human assets. Then the best man, as sifted out by open discussion, should be persuaded to stand for the offices. That way, the city will be best served by the new commissioners.

Whether there is a factional fight in the offing does not at present appear. It is to be hoped there will not be one, at least one so intense as to arouse bitterness. For harmony and mutual understanding, with a common policy, will accomplish more than factions pulling apart and refusing to join in up-building for the common good. Men of common sense and moderation are leaving the city commission. Ranger voters should see that sensible and conservative men are elected to the vacant places.

ceiving no co-operation from the police commissioner down," he added. It was Winsett who declared that no five of the twenty in Ranger know who another five are. "But the committee never sleeps. We are after the evidence and we are getting it," he added. "As far as I am concerned," the speaker continued, "I will stand for or against the officers of the law as the case may demand and some officers I know are rotten as h— and that is pretty rotten."

It also was Winsett who declared that a Ranger commissioner would be glad to resign within a week and that a set of foreigners are seducing girls under the age of 14 years.

Must Organize. He reassured that anything other than a perfected organization would be a mob and that the mob spirit would be the last thing to be desired.

"A man who would not turn in evidence to secure a conviction of the vice ring of Eastland county is a poor husband and an infamous coward from a legal standpoint," the speaker said.

Among other statements made was that the vice ring operating in Eastland county is almost statewide.

The committee appointed to further the interests of the Eastland organization is composed of Clyde Garrett, J. E. Kuykendall, Tom Bendy and E. A. Bill. It is proposed to call a second meeting soon.

"Third, if the public is to be submitted to the privations such a calamity would bring about, it would be the most unpopular strike ever called in this country.

"The charge of the unions that the railroads are in a great plot to break the backs of their organizations is untrue on the face of it because the carriers are not acting as an organization in this situation.

"All the carriers are attempting to gain in asking abolition of certain working rules is to get eight hours' work for eight hours' pay and to promote efficiency of operation as it exists in other business."

PREMATURE STRIKE FEARED.

By United Press. CHICAGO, Aug. 30.—Railroad union leaders exerted every effort today to prevent local unauthorized strikes, pending taking of the strike vote of 2,000,000 railroad employes. Union agents were sent to every large railroad center of the country, ostensibly to help get out the vote on the strike question, but also, it was learned, to keep the men on the job until the ballots are counted. Messages were sent by B. M. Jewell, head of the railroad department of the American Federation of Labor, and other union leaders, to local organizations showing signs of restlessness, urging them to stay on the job.

NEW RANGER CAPTAIN.

By United Press. AUSTIN, Aug. 30.—It was announced by Adjutant General T. D. Barton that Frank Hamer of Austin, is appointed to be captain of rangers.

Hamer yesterday resigned as federal prohibition agent for the western district of Texas, to be effective Sept. 22. He is expected to assume his duties as ranger captain about Oct. 1, at Del Rio.

WHOLESALE HUNGER STRIKE IS THREATENED

By United Press. CORK, Aug. 30.—Nearly 500 Sinn Fein prisoners interned at Spike island planned a hunger strike today. They had threatened this move unless released unconditionally, claiming that a recent decision of the civil courts nullified the judgments of the military courts by which they were convicted.

Twenty men began the fast yesterday and this morning, when the step had not gained their release, 450 others announced their intention of joining it.

MEXICAN GENERAL IS VICTIM OF ASSASSINS

By United Press. SAN ANTONIO, Aug. 30.—General Jorge G. Blum, one of the foremost Mexican military men, a member of the late President Madero's staff and a former Mexican minister to Germany, has been assassinated on his ranch near Macatepec, Mexico, according to advices from Mexico City.

General Blum was in charge of the Mexican troops at Nuevo Laredo during the Carranza regime. He also took part in the battle against Villa at the time Oregon had his arm shot off, and was the first to extend aid to the wounded general.

SUIT BROUGHT AGAINST SECURITY BENEFIT ASSN.

By United Press. TOPEKA, Kan., Aug. 30.—Following complaints made by the insurance departments of Missouri, Texas, Wisconsin, Pennsylvania, Iowa and Nebraska, T. L. Travis, Kansas superintendent of insurance, and Attorney General Hopkins have brought suit in the Douglas county district court against the Security Benefit association, charging irregularities in the handling of the big fraternal insurance companies' business.

CONFESSION OF SWINDLE RING'S HEAD EXPECTED

Worthington's Letter to U. S. Attorney Offers to "Supply Information."

CHICAGO, Aug. 30.—That John Whitehouse Worthington, alleged "master mind" of a band of mail robbers and bank robbers, whose loot totaled \$3,000,000, and associate of Charles W. French in many of the schemes of his \$50,000,000 organization may turn state's evidence, was indicated Monday when Worthington asked permission to appear in court when French is arraigned.

Writing to Col. John V. Clinkin, assistant United States district attorney, from Woodstock jail, where he is a prisoner, Worthington said: "There may possibly be information I may be able to supply you. I believe that I can be a great help to you."

Clinkin indicated Worthington appears to believe he had been double-crossed by French.

The American Rubber company, one of the \$2,000,000 concerns organized by French, and of which Rudolph E. Kohn, another of the alleged "swindling" members, is president, was thrown into bankruptcy today.

New swindles which may total \$10,000,000, were credited yesterday to Charles W. French and his associates in "Bank Wreckers, Ltd.," by Assistant United States Attorney John V. Clinkin, Iowa farmers and cattle raisers—scores of them—are reported to be the victims.

Four men, one named in a confession by Alva E. Harshman, formerly secretary to French, are under fire in the new investigation, following involuntary bankruptcy proceedings against five concerns, all of Iowa.

Clinkin yesterday received a telegram from Iowa authorities telling of operations of the band and asking for co-operation in prosecuting the four. He sent special investigators to Iowa.

Men and Concerns.

The men under fire are Harvey Beeson, named by Harshman; S. S. Beservey; B. K. Cook and M. B. Cohen.

The concerns, all of which were forced into bankruptcy Saturday, are the Bankers' Loan company, Des Moines; Bankers' Mortgage company, Cedar Rapids; Farmers' Cattle and Loan company, Council Bluffs, Missouri; Valley Cattle Loan company and the Associated Producers, Des Moines.

Beeson is reported under indictment at Linn City, Ia., charged with fraud. Clinkin refused to comment on the accused men's connection with French and his \$50,000,000 operations, pending more thorough investigation.

Another wire, received by Clinkin from John E. Bennett of San Francisco related some of French's operations on the Pacific coast some years ago, when he was promoting a "big idea" involving a \$500,000,000 investment in mines, smelters, railroads, steamships and banks.

Gen. Harrison Gray Otis, deceased owner of the Los Angeles Times, was named by Bennett as one who listened favorably to French's proposition, as did the late U. S. Grant, son of President Grant.

The specific deal related by Bennett told of \$150,000 in promissory notes given French by W. S. Tevis of San Francisco and Bakersfield. Tevis is reported to have suffered a loss of \$35,000 in the deal.

He is alleged to have given the notes to French when the latter promised to discount them through Chicago banks, a service for which he was to receive \$25,000.

Had to Take Loss.

The notes were drawn in sums from \$2,500 to \$5,000. French is alleged to have decamped and then notes began to show up. Tevis, as usual in such transactions, got nothing and was forced to stop payment on many notes, thereby taking a loss.

Clinkin regards the information as important because it involves Zebulon W. Davis, multimillionaire of Cleveland and Canton, Ohio, in the cashing of paper. Two notes, totalling \$7,500 bearing Davis' indorsement, were cashed at Canton. Colonel Clinkin yesterday sorted over the evidence at his home and said he will seek the indictment of thirty-one new defendants before the September grand jury. He will ask

WAX IMAGES OF PERSONS KILLED WILL MAKE RECKLESS DRIVERS FEEL SORRY, CHINESE DECIDE

SHANGHAI, Aug. 30.-As a means of preventing automobile accidents the "Health Precautionary association," an organization composed of leading Chinese of Shanghai, recently prepared a list of suggestions among which are several of engaging novelty. The suggestions which were adopted at a meeting after lengthy debate were submitted to the municipal council of the international settlement. Among the measures that the organization advocates are the following:

"All motor cars have rubber tired wheels and run without noise. It is too late to blow a horn when a car has already collided with a pedestrian. A car should have a very small bell attached to one of the front wheels and this bell should be kept ringing all the time so that when pedestrians hear it they can get out of the way. This bell should be half the size of a bicycle bell. Each car should have a speed limit, but the fire brigade, doctors' and police motor cars should be exempted.

Badge for Drivers. "A chauffeur should wear a brass badge on his breast. The badge should be three inches in diameter, number of his license in English and should have his name and the Chinese inscribed thereon. The badge should be issued by the municipal council at a few taels each. Then a man not licensed will not dare drive a car.

"All motor trucks should have rails or iron chains around the cars to insure safety and in case of collision cargo will be prevented from falling and injuring pedestrians. Cargo should not be piled too high, to prevent danger when passing over bridges.

INTERNATIONAL CONVENTION OF CHRISTIAN CHURCH OPENS TODAY

WINONA LAKE, Ind., Aug. 30.-Progress made by the Christian church (Disciples of Christ) will be discussed at its international convention which opens here today. Sessions continue through Sept. 4.

An interesting piece of work which the convention will hear of is the building of churches through a permanent loan fund. This fund was established in 1889 with a gift of \$5,000 from General F. M. Drake, former governor of Iowa. By re-lending the money, ninety-three churches have been erected in thirty-two years.

Build Many Churches. During the last nine months sixty-six churches have been built by the denomination in twenty-nine states and one Canadian province.

Report of the missionary activities of the church will be an important feature of the convention. Recently the church has opened a mission to the Indians at White Swan, Wash., where 3,500 Indians are living on a reservation. Oriental missions are maintained in San Francisco, Portland and Los Angeles, and a mission for Mexicans is maintained in San Antonio, Texas. An appeal of 100,000 Bibles to be sent to Russia will be made at the convention, it is said.

AMBULANCE CORPS FOLLOWS OFFICERS TO RUM RUNNER BATTLES

EL PASO, Texas, Aug. 30.-An army would not move to battle without having the ambulance and first aid corps close behind and neither would federal officers stationed along the Mexican border go to fight a band of law-defying smugglers without taking some precautions against injury or death.

Federal officers here often take with them an undertaker and his outfit. The undertaker and his assistant follow near the officers' cars. They stop in the distance and wait until the fight is over.

When shooting ceases, or if a call for aid comes before then, the ambulance moves to the scene of the fight. With the officers the undertaker surveys the field, assisting any officer who might be wounded, or carrying any dead to the ambulance, then goes to hunt the killed or wounded smugglers, who often are found in clumps of mesquite bushes or half hidden sand dunes.

If the smuggler is across the line on the Mexican side he is left alone to be taken care of by his companions.

In a recent engagement between customs officers and four smugglers carrying a cargo of liquor across the river, one smuggler was shot to death. The fight took place on the New Mexico side, however, so the body was left for New Mexico officials to hold an inquest over and to order its disposition. Two of the smugglers were captured. The fourth escaped.

IRISH REPUBLICAN ARMY IS PREPARED FOR NEW WARFARE

BY CHARLES McCANN, United Press Correspondent. DUBLIN, Aug. 30.-No matter what happens in Ireland as the result of the present peace negotiations, the Irish Republican army will be prepared for it.

Soldiers of the army are convinced that the I. R. A. has beaten the crown forces in Ireland. Peace negotiations were instituted by the British government after a year of desperate guerrilla warfare. The Irish leaders see in that fact victory in their fight for Irish independence.

From various Republican army leaders in Dublin, the United Press has gained information, much of it confidential, which shows that the army will be prepared to resume the fight immediately if peace efforts fail.

The various units of the army are just as well coordinated today as they were before the truce started. Though all of the men are on leave except a few engaged with officers in liaison work, they are not being permitted to forget the fact that so far there is only a truce, not a permanent peace, in Ireland. They do not want

Thirty colleges maintained by the denomination have doubled their enrollment since 1918, according to the report prepared by its board of education. An orphan's home has been established in Dallas, Texas, while a home for the aged nearing completion at Jacksonville, Fla., will accommodate seventy-five persons.

Run Sawmill. Fifty-one new missionaries were sent to foreign fields this summer. In the Congo the church is carrying on extensive and successful work among the natives. Recently a fully equipped American sawmill was shipped there and is now in operation in the African forests under missionary supervision. The church also maintains a mission in Thibet, where eight missionaries are stationed.

It was there that Dr. A. L. Shelton was captured by bandits several years ago and held for ransom for seventy days. Doctor Shelton is now returning to his station after a furlough in this country. Next spring on special invitation from Dalai Lama, ruler of Tibet, he expects to visit its capital, the "forbidden city" of Lhasa. He will carry supplies for two years.

In a few days, the fourth smuggler walked into town and gave himself up. He said one of his pals had been killed and if the other two were captured he was ready "to face the music, too, now that the old gang was broken up and business ruined."

## TEXAS LEAGUE IN NO HURRY ON HASSELL CASE

### Action Not Likely Until Regular Meeting After Season Is Ended.

By United Press.

DALLAS, Aug. 30.—President Doak Roberts of the Texas league had not received early today the rumored request for a special called meeting of the league owners to consider a change in the ownership of the Dallas team, he declared this morning.

President Roberts further stated that he doubted if any action would now be taken before the end of the season, when a regular meeting of the league moguls is scheduled. He said, however, that should five or more clubs ask for the meeting, it would be called.

It was pointed out that but nineteen days remain before the regular meeting, and that a special meeting would necessitate the expenditure of a considerable sum.

## HOW IT HAPPENED

### TEXAS LEAGUE.

The Texas league race marked time yesterday, both Wichita Falls and Fort Worth winning. However, every day they now remain in the lead is a big advantage to the Spudders. It is certain that the teams will return to North Texas with Wichita Falls on top, as the Spudders are now something more than three games ahead and only one day remains in the south. The pennant race will be well nigh decided in the next week, as Wichita Falls will be at Fort Worth for four days and then skips over to Dallas for seven games in four days, which are figured to break the Spudders' individual and collective backs.

The Spudders trimmed Galveston, 10 to 2, breaking up a tight game by pounding Knight and Jeffries in the last three innings. They counted four times in the seventh and two each in the eighth and ninth.

Fort Worth pounded Lybrand for five runs in the first inning and led all the way to a 6-3 victory. Hoffman made two errors, each of which gave San Antonio a run, and three hits in the ninth earned another. Whittaker held the Bears to three safeties in the first eight innings.

Dallas was idle, on account of playing a double-header Sunday, and Gleason of Shreveport blanked the Exporters, 5 to 0.

### AMERICAN.

With Monday an open date, there was no change in the American league, where Cleveland is leading by a point or so more than one game. The schedule is against the Indians repeating this year, in the opinion of eastern sport writers, as New York has a long home stand while Cleveland must hit the road.

### NATIONAL.

New York, by winning the seventh straight game while Pittsburgh was losing a tough battle to the Dodgers, climbed to within a game and a half of the lead.

Less than a week ago they were seven and a half games behind Pittsburgh. Baseball precedent has been smashed and shattered. Never has a team accomplished in so short a period of time as since the Pirates came to the Polo Grounds apparently secured deeply entrenched in first place.

On the stretch of the pennant race it seemed that only a miracle would enable the Giants to reach up with the Pirates, but Wednesday they played a double-header with the league leaders and the Giants won.

Thursday, Friday and Saturday the teams met and each time the Giants won out after a snarl of stubbornly contested conflicts.

New York and Chicago played a sevens game, which ended 8 to 7 in favor of the Giants. The tying run was on third when the last Cub player was thrown out in the ninth. Pitching for both teams was erratic. Toney, Freeman and Jones being batted from the box. Meusel featured the day with a triple, double, single and sacrifice as his work with the willow.

Cooper of Pittsburgh lost a duel with Reuther, 1 to 0, by his own error after two were out in the ninth. Myers had doubled and Schmandt drove a hot grounder to the Pirate first baseman. Cooper ambled over to take the throw and it handuffed him, Myers scoring from second on the muff. The play at the plate was very close.

Boston dropped the seventh straight game when the Reds mopped up, 10 to 2. Rain prevented the St. Louis-Philadelphia game.

## COACH HART ARRIVES; FOOTBALL PRACTICE STARTS IMMEDIATELY

Football practice for the High school team will begin tomorrow afternoon and all candidates for a place on the team are asked to report at the high school tonight at 8 o'clock to meet Coach "Bill" Hart, who arrived Sunday. No equipment will be issued for the next three or four days. Much of that time will be given to theory. However, stiff practice will come shortly, it is said.

The well of Gordon and associates on the Brelsford tract is down 2,400, while their well on the Goss tract is down to about 400 feet.

## OBERAMMERGAU PREPARING TO STAGE NEXT PASSION PLAY IN 1922

Anton Lang, the potter of Oberammergau, has been cast for the role of Christ, in the Passion Play, and has already made this role famous. The photograph shows Anton Lang at work in his shop. Oberammergau has not staged its famous Passion Play since 1910 and is now preparing to give its next performance in 1922. The Passion Play was first produced in 1633, following the Thirty Years' war, and was an offering to the Lord in supplication for relief from the dread pestilence that had swept through southern Bavaria in the wake of the great religious war. The Passion Play was then produced ever ten years without a break, according to the vow of the people of Oberammergau. The great war interrupted its regular production for the first time in the play's history.

## AUTO CAMPS TURN TOURIST RUSH FROM EAST TO WESTERN STATES

### Roads Not So Vital as Good Places to Stop, Motorists Say.

BY THOMAS WRIGLEY  
International News Service Staff Correspondent.

KANSAS CITY, Aug. 30.—Westward the tide of automobile travel rolls its way.

Automobile tourists from central mid-west states have distributed over \$4,000,000 over the west this summer, it is estimated, while the east has had but little of this tourist travel.

And the east, with its wonderful network of state highways, its great cities, its famous Atlantic coast beaches and even with New York City as a lodestone, asks "How come?"

Out of the west comes the answer in two short words—AUTO CAMPS.

Touring is no longer an everlasting struggle to keep clean and keep their clothes presentable for swell hotel lobbies and dining rooms. They go in comfortable camp togs, with a camping outfit, and they head west, where every town and city has an auto tourists' camp for their comfort and convenience.

Auto Camps Sought.

Their tours this summer were not planned over maps showing the best state roads. They planned their routes along the trails which offered the best auto camping grounds. They had rough traveling over many roads, but they found a real welcome in the camps and kept cool and comfortable in khaki togs.

## WEST TEXAS

### Ballinger 11, Sweetwater 6.

SWEETWATER, Aug. 30.—Ballinger won the opening game of an important series Monday, 11 to 6. Errors of both commission and omission were numerous.

Score by innings:  
Ballinger . . . . .004 520 000—11  
Sweetwater . . . . .002 001 021—6  
Batteries: Buscha and Bailey; Word and Whitney.

### Abilene 5, San Angelo 3.

SAN ANGELO, Aug. 30.—After leading and holding Abilene scoreless for five innings today San Angelo cracked in the sixth, Scoggins' error letting in two and Hill walked another. The Eagles then triumphed in the seventh, by a 5 to 3 count, scoring Comstock who was safe when G. Hill was forced at second after singling and Bratcher's single, tallying Northern, were the deciding factors.

When McKay, running from second to third in the fourth was called safe on a force hit to Whitehead, Manager Northern and Umpire Jeffries almost came to blows. Umpire-in-Chief Price reversed the decision. Bratcher, recently a Panther cub, made three of Abilene's eight hits.

### Score by innings:

Abilene . . . . .000 003 200—5  
San Angelo . . . . .200 100 000—3  
Batteries: Hill and Griesenbeck; H. Hill and Reynolds.

ovens and stoves with firewood provided and an attendant who sees that you are properly placed.

### Camps Are First Class.

Some parks have hot and cold water, shower baths, kitchens, laundries, mess halls where food supplies can be purchased and filling and repair stations right on the lot. It's all free. You pay for nothing except your supplies, and you are welcome to stay as long as you like.

And it is not because it is the "cheap" way to tour that auto camping has jumped into popularity. It is the comfortable way and the pleasant way. In any western auto park one will find magnificent cars of the most expensive makes with trailers containing luxurious camp equipment parked among the camping parties who start out with a tent and a few utensils in the family flivver.

They have gone west, where the auto camps have called them, to tour as they please and live the life in the open.

seems to have found his batting eye. He is hitting .366.

If Tommy Harding continues to pitch those two and four and five-hit games, it would appear that he is ripe for faster company than the T.O. Yesterday Tommy shut out Cleburne, 5 to 0, and held them to four hits. The victory brought the "Nitropeps" to within half a game of the lead, after a long, hard climb toward the Paris Snappers, who made a runaway race of the first half and started out to do the same in the second.

### WITH EX-NITROS

Johnny King, ex-Cisco gardner, now with Ballinger, is leading the West Texas league with the handsome average of .463 for the second half, according to averages compiled at San Angelo. King is credited with fifty-seven hits in thirty games, or nearly two to a game.

Johnny Singleton, ex-Nitro, is fourth in the list, being topped by Hub Northern and Bechtel, both of Abilene. Johnny is hitting .393, while the two above him are rapping the apple at .417 and .397 gaits, respectively. Yesterday Singleton maintained his average by swatting twice in five times up.

### "NEAR" MUST GO.

By Associated Press.

LOS ANGELES, Aug. 30.—Several former saloons were raided in Los Angeles during the Elks' convention in July on a charge of selling near-beer that was too near.

The refreshments committee of the Ninety-first division reunion, to be held there Sept. 24 and 25, promises to have an analysis made of the liquids to be served at the regimental banquets during the gathering and if any are found to be "near" to reject them.

That is the committee's statement issued today. "Take it any way you choose," it says.

Around Edges of Hair and Nose. Cuticura Heals.

"Eczema broke out in large water blisters around the edges of my hair, temples, and nose. After a few days they turned to sore eruptions, which caused terrible disfigurement, also itching and burning. The itching and burning were so intense that I scratched and irritated the affected parts and lost rest at night. My hair became thin, dry and lifeless. A friend advised me to try Cuticura Soap and Ointment, and when I had used about two cakes of Soap and three boxes of Ointment I was completely healed." (Signed) Miss Marion E. Hughes, 815 12th St., N. E., Washington, D. C.
