Will Resign From Commission, Keeps Interest Here, He Says.

The resignation of Street Commissioner M. R. Newnham will shortly be given to Mayor John M. Gholson and Mr. Newnham and family will move to Fort Worth, where Mr. Newnham has secured the Studebaker agency for Tarrant and several other counties. He does not know just when he will leave Ranger but it will be by

J. T. Gullahorn, manager of the Oilbelt Motor company, of which Mr. Newnham is president, will remain in Ranger in charge of that business, Mr. Newnham said this morning, "and since someone has to go to Fort Worth I am going." He added, however, that his residence in Fort Worth probably will be temporary.

Only recently I have acquired more property interests in Ranger than I have ever had before and I have no doubt as to the future of the town. =

"My interest will still be here when I move to Fort Worth and I expect to do everything I can to help the city. I expect to keep paying my dues in the Chamber of Commerce and otherwise lending my assistance. I am making this statement because I do not want anyone to think I am running away. I do think I have a good proposition in the Studebaker business at Fort Worth."

Mr. Newnham has been negotiating for the Studebaker's Fort Worth agency for several months and has made several trips East for that purpose. The contract is direct from the manufacturers.

Newnham has been city commissioner of Ranger since the city was organized more than three years ago,

Dynamite Blast Causes Sudden Departure of Crystal Falls Brand New Jail House, Completed Saturday

CRYSTAL FALLS, Aug. 29.—Crystal Falls today is mourning the loss of its "brand-new" jail.

Local and county authorities are investigating in an effort to ascertain who was responsible for the blast which rocked Crystal Falls and reduced the jail to kindling wood. It was understood that rangers had been asked to aid in the investigation.

Saturday afternoon carpenters put the finishing touches on the first calaboose to be built here. It was built by Stephens county to take care of its "bad men," and was considered one of the strongest of its kind in the state.

In the early hours of Sunday morning, the whole countryside was aroused from its slumbers by a terrific blast, followed a moment later

by a second explosion. Suspecting the bank had been dynamited, the police force, armed to the teeth with his brace of 45s, rushed to the scene, and found the jail had disappeared. It is believed that from ten to fifteen sticks of dynamite caused the explosion. Jail splinters were for beyond the city limits.

It was not known today whether the jail would be rebuilt.

MUFFLER MUSIC AND SIDE-WALK SIGNS.

"He who dances must pay the piper," is an axiom.

"He who rolls to the music of his exhaust must pay in fines," is a warning that has oft been repeated in the Times, the announcement being made at the request of some peace officer. But mufflers remain an unused attachment on many

If the peace officers should take a notion to follow up their warnings, out of a cabin door and begin yelling: the chorus. it would gratify many persons in Ranger. The Times believes that enforcement of the muffler law will please many citizens and that it should be enforced. However, it doubts the necessity of the county officers turning their energies to such a task. It, as well as administration of other regulatory laws, is properly the function of the police department.

Next to the chug-chug evil, there perhaps is more complaint about the practice of painting advertisements on the sidewalks than anything else. These signs stay there for days and days after their usefulmess has expired, and give the streets an unsightly appearance. Merchants protest against them and few persons stop to read. They are a survival of the "mud, murder and madmess" period in Ranger's life, and 'many believe they could well be eliminated along with other boom

This also is well within the province of the police department. If there is no ordinance on the subject, one could be speedily provided.

The Philosophy of Brother Ostrich

There's something almost human about the ostrich. Rather than face the unusual, he buries his head in the sand—thus exposing himself, rather recklessly, to the whims of happenstance.

Isn't that just like the chap who ducks under the sheets the minute the furniture creaks downstairs?

Lots of folks shut their eyes when they need them most. In the matter of buying something, for instance —the important business of spending hard earned dollars.

Who gets the most for his money? The man who buys blindly—or the fellow who reads advertising and discovers just where he can buy what he wants at the best possible price?

Who is the most economical housekeeper? The woman who buys haphazard, or the one who daily reads our advertising columns and puts her household purchasing on a business basis?

There's no denying the great value of advertising to those who read it. It protects you against fraud and inferiority. It tells you what is new and good, making you a wise buyer. It saves you money by pointing out for your consideration only the best products and the best places to buy them.

Don't be an ostrich.

HOW IT HAPPENED

TEXAS.

San Antonio splashed Texas league dope all over everything yesterday by giving the Fort Worth Panthers an inglorious trimming in two straight games. The scores were 7 to 1 and 14 to 0. Mutt Williams pitched both games for the Bears and allowed the Fort Worth swatsmen only nine hits -seven in the first game and two in the second. Wachtel and Whitaker, two of the Panther "aces," were roughly treated in the two games and Phillips and Johns, sent to their rescue, also were bombarded. Before the Sunday catastrophe, Fort Worth had won thirteen out of sixteen games with San Antonio.

Wichita Falls broke even with Galveston and Dallas with Houston, in other double-headers, while Beaumont took a ten-inning game from Shreveport, 4-3.

Both games at Houston were fast, Houston taking the first one, 2-0, while the second went to Dallas, 2-1. Bolden held Dallas to three hits in the first game while in the second Dan Tipple slightly outpitched Barfoot. He fanned Whiteman and Doyle in the seventh with the winning runs on the bags. By scoring three runs in the tenth, Wichita Falls won in the first game at Galveston, but the Sand games.) Crabs took an abbreviated after-skit by putting over one run in the fifth.

AMERICAN.

Cleveland's lead was slightly in creased yesterday by beating Wash ington while the Tigers were turning on the Yanks and giving them a good sized beating.

Joe Wood's homer into the left field bleachers, one of the longest drives ever made at Cleveland, gave the In dians the winning run in the sixth, after both teams had counted twice in the opening round. Wood and Speaker both got three hits in four trips to

Detroit hopped on Hoyt in the first round and led the Yanks all the way, to a final score of 7-3. Both teams got thirteen hits, but Detroit was better at ganging the blows. Babe Ruth got three hits-all doubles.

Dykes of Philadelphia is believed to have established a fielding record at St. Louis, with nine putouts. They were a long time between, however and St. Louis won easily, 12 to 4.

Boston made a clean sweep of the series at Chicago by winning in eleven innings, 6 to 5. Dickie Kerr was ineffective and Boston got an early lead, which was tied in the eighth when Joe Bush blew up and the White Sox made four runs.

NATIONAL.

Pittsburgh, after six straight defeats came to life and shut out Brooklyn, 2-0. Morrison held the Dodgers to three hits and the only Brooklyn player to reach first after the second inning was the victim of a double killing. Morrison also lined out a triple which gave Pittsburgh the second
