Clara Hamon Marries Director of Her Movie

By United Press.
LOS ANGELES, Aug. 23.—Clara Smith Hamon was married into the movie colony today.

The girl, who was acquitted of the charge of murdering Jake L. Hamon, Republican national committeeman and Oklahoma millionaire, is now Mrs. John W. Gorman.

Gorman directed the film story of Clara's life. Clara today was on her honeymoon with the husband her murder trial indirectly won her.

"She is a wonderful woman—wonderful woman," John W. Gorman, who last night became her husband at a simple wedding ceremony, exclaimed to reporters. Gorman was directing Clara's production of a film based on her trial for alleged murder.

"I met her, of course, purely in a business way during the early part of the filming of her picture," he said. "But it was not until she played the court room scene—the murder trial climax—that I fully realized her wonderful power and her depth of character."

Clara after the ceremony had little to say. "I am very happy," was her chief comment.

Clara gave her age as 29 and Gorman as 39 in securing the marriage license.

LACKLAND FARM ROUSES STATE CHICKEN EXPERT TO ORATORY

"There is no doubt that in the Lackland Bros. poultry farm Ranger has an institution which is destined to occupy a prominent place in this city's future development," declared F. W. Kazemeier, poultry husbandman, extension department, A. & M. College, who spent yesterday the guest of the Lackland boys. Incidentally Mr. Kazemeier did what he could to reduce the stock of pure-bred White Leghorns at the farm, a number of which were served up in delectable style at the Lackland's table yesterday evening at a dinner arranged in his honor. Other guests present were J. E. T. Peters and J. E. Farrow of the Ranger Chamber of Commerce, and a reporter for the Times. Eggs, white as the hens which laid 'em; milk, cream and butter which brought visions of childhood days, completed the principle items of the delicious repast.

Mr. Kazemeier left last night for Fort Worth.

Sets Example.
Mr. Kazemeier was enthusiastic in his estimation of the success which has attended the efforts of the Lackland Brothers to make of their poultry farm an example for the emulation of Texas folks. Lackland Brothers now have four thousand White Leghorns of varying ages on hand, and are planning extensive development of their business.

"In my opinion, such a farm as this does more to advance the cause of fine poultry raising within a fifty-mile radius than if I were to come to Ranger and deliver 500 lectures on poultry husbandry," Mr. Kazemeier said.

A Chicken Gusher.
"Colonel Rufus Lackland is a dreamer. But he is backing up his faith with his works. He sees a vast acreage at Ranger's front door devoted to the raising of millions of standard-bred chickens. He sees Ranger's name made famous throughout the length and breadth of the land by a flood of White Leghorns which shall flow from Ranger and swell the tide of commerce in every state of the union. He sees White Leghorns from Ranger fluttering in every state of the union. He sees White Leghorns from Ranger fluttering their snowy wings across the Pacific to far-off China and Japan, from whence there recently came to this country a shipment of eggs to cheapen the home market.

"And where is the man who, sitting at the colonel's table, partaking of the succulent white breast of a registered pullet, and seeing the sparkle in the colonel's steel-blue eyes, could fail to glimpse the vision he sees of Ranger and her future prominence as the premier fancy fried-chicken producer of the world?"

Too Much Pride.
J. Moselens was offered a ride in the police patrol. He accepted, glorying in what he was getting away with. When he alighted, however, his foot slipped, and he dropped his suitcase. Two gallons of hooch escaped, but John did not.

RUM BLOCKADE RUNNERS LAND \$250,000 WORTH

By United Press.
NORFOLK, Va., Aug. 23.—Fifty armed bootleggers aboard five fast motor schooners, carrying \$250,000 worth of Scotch whisky, were dashing up Chesapeake bay toward Baltimore this afternoon evading pursuers, according to reports reaching here.

The revenue cutter Manning and scores of small craft with dry agents from Washington, Baltimore, Norfolk and Richmond aboard were trying to intercept or overhaul the rum fleet. Search by these vessels of every nook and inlet in the lower bay today convinced dry agents the bootleg flotilla had gained the upper reaches of the bay.

MINISTER CHARGED WITH KILLING WIFE

By United Press.
SAN JOSE, Cal., Aug. 23.—The Rev. John A. Spencer, formerly a Presbyterian minister at Fulton, Sonoma county, was placed in a cell here late Monday, following his arrest on a charge of murdering his wife.

The minister, silent and seemingly emotionless, made no statement when a warrant issued in Lake county, charging him with the crime, was read to him, nor did he protest when he was led to his cell.

The arrest of the Rev. Mr. Spencer followed the death of his wife under suspicious circumstances. The husband reported to Lake county authorities that she had drowned while boating with him on Clear lake.

Rumors circulated in Santa Rosa and Fulton caused the body to be exhumed. After an autopsy, the warrant was issued.

TOO MUCH PRIDE

By United Press.
DES MOINES, Iowa, Aug. 23.—J. Moselens was offered a ride in the police patrol. He accepted, glorying in what he was getting away with. When he alighted, however, his foot slipped, and he dropped his suitcase. Two gallons of hooch escaped, but John did not.

WOMAN HURT IN RUNAWAY ON MAIN STREET

Mrs. H. J. Pollard last night was the victim of a runaway horse, which became frightened at the Texas & Pacific station, and spilled Mrs. Pollard at Main and Rusk streets. Reports from the Clinical hospital this morning are to the effect that Mrs. Pollard is not badly injured.

The accident occurred about 8 o'clock when Mrs. Pollard's children were throwing some wood into her buggy while she was waiting for her husband, who is employed at the Texas & Pacific station. She had dropped the reins and a piece of board struck the horse and he started to run. The buggy was overturned and demolished.

BRITAIN GAINS TWO MILLION POPULATION

By United Press.
LONDON, Aug. 23.—Census figures published today show that Great Britain has a population of 42,767,530, compared with 40,631,386 in 1911. There are 20,430,623 males and 22,336,907 females.

FIREMEN WASH WAY THROUGH CROWD

By United Press.
DALLAS, Aug. 23.—Firemen were forced to turn their hose on a crowd of 6,000 persons who were watching the spectacular blaze here last night, to permit additional apparatus to reach the fire.

The fire was in a two-story apartment building, and started about 8:30 p. m. The three families who occupied the building were not at home at the time. The house was destroyed at a total loss of about \$25,000.

The downtown crowds, in their curiosity, blocked every street for several blocks from the fire, shortly after the first apparatus arrived. It was found necessary to call for assistance, and when this arrived near the scene, the crowds refused to let it through. The firemen manned several lines of hose and drenched many spectators before they allowed the fire engines to go through.

ST. LOUIS VETS DEMAND 'MEALS —NOT MEDALS'

Street Parade Starts When 250 Men Apply for One Job.

By United Press.
ST. LOUIS, Aug. 23.—An army of unemployed, numbering nearly 2,500 men, including ex-soldiers, sailors and marines, paraded the streets here today in protest against enforced idleness.

Banners, bearing the inscription, "Attention business men: We want meals, not medals," were carried at the head of the procession.

The parade was decided upon after 250 men applied for one job in a downtown store. The men decided unemployment conditions in the city had reached a stage where a demonstration was necessary.

NEGRO MAIL CLERK NABBED AS BRAINS OF HOUSTON ROBBERY

By United Press.
HOUSTON, Aug. 23.—Paul R. Denny, negro mail clerk, said to be the fourth of the gang which robbed a mail car here of more than \$25,000 on July 15, and alleged to be the "brains" of the robbery, was arrested here late yesterday.

John Ables, who was arrested in Los Angeles in connection with the robbery and brought here Sunday, has confessed to Postoffice Inspector H. H. Black his share in the robbery, implicating Denny, Hugh Pearson and Carter Fair, negroes, new held in Chicago. They are said to be brothers-in-law of Ables.

Denny admitted, according to officials, that he received money for telling the others how they could perform the robbery. He denied being the "brains" of the gang. He was in Dallas at the time of the robbery, having gone there, he admitted, to establish an alibi.

Ables' bond has been placed at \$5,000. Pearson and Fair are held in Chicago under \$15,000 bonds. None were able to make bond.

PAVING COMPANY HEAD HERE FOR SETTLEMENT

A. J. McKenzie, president of the McKenzie Construction company, which had the contract for the street paving, is here today checking up and preparing for a final settlement of estimates which will come up in the city commission this afternoon.

Ranger Has Mexican Consul—

BUT REPORTER PROBES MURDER AND HEARS MUCH OF 30 BUCKS LONG BEFORE HE FINDS THAT OUT

BY ERNEST W. SPARKS.
Ranger has a Mexican consul. The appointment has been conferred upon Samuel Gutierrez, who will work under the jurisdiction of the consul at Dallas. However, the appointment comes directly from President Obregon.

Gutierrez wishes it understood that all Mexicans who have troubles that they cannot settle, are to bring them to him, and if he cannot straighten them out, he will refer them to the consul at Dallas, who will if necessary, carry them to the seat of government at Mexico City.

That the consulate has actually been established is a fact, but in discovering that fact, a Times reporter wriggled through a maze of conversation; criminations and recriminations, accusations of murder done, and the tale of a debt which the debtor refused to pay, which left him gasping for breath, seeking the air and praying to the Lord to please, forever and forever, protect him from attempting to delve into the intriguing ways of the dark-skinned brother who comes up from beyond the Rio Grande.

A Woman Starts It.
It all began yesterday when a letter was left at the Times office signed by Arcadia Aguilera De Rivera, in which the man now consul at Ranger, was accused of being no good and of owing the lawful husband of Mrs. Rivera thirty bucks, American money, which he would not pay.

"He tells my husband," the letter recites, "when he goes for the, what call 'em? the thirty buckerinos that if he no getta away from that a place he will kill a him like his son kill the American."

"Ah ha," the reporter thrilled when he had read to this point, "Murder has been done, Watson, bring on the hypodermic and the magnifying glass, and let us his forth and bring to the railing of the police court this man who did this dastardly deed." That was early yesterday afternoon.

The reporter went forth. He secured the aid of Wade Swift, Mrs. Rivera was interviewed in her cottage on the brow of Eastland hill. She was sure Gutierrez is the meanest man in town. She said so with many eloquent waves of her hands. She declared that it was beyond Breckenridge her husband had gone to see this man Gutierrez and it was there that Gutierrez told him if he did not go away from there and forget the thirty bucks he would kill him as his son did the American.

Invigiles Police.
Later, Senor Rivera, was interviewed. His statement was the same.

"Ah! ah!" (a couple of ahs) said the sleuth, "Now, Watson, we will strike swift and sure. It will now be necessary to inveigle the police into the plot. We will approach them in a diplomatic manner. We will make the affair appear as a pleasure trip and not work. Otherwise they will yawn and say, 'oh hell what's the use? You can't get anything out of those damn greasers.'"

It was a deep scheme and it worked. In the quiet hours of the night the police approached the home of Gutierrez. They were informed he was out, his son was out, all his sons were out—and so ended the night.

But this morning Gutierrez was invited over to the police station. He came; so did the Rivera family. Thirty bucks are not to be sneered at. Much conversation was had. Gutierrez denied owing anybody any money, but he admitted openly that his son Francisco killed Tom Fields, a camp foreman, over beyond Breckenridge several months ago. But he added that his son was probably in Mexico and he was in no way liable for his acts.

More criminations and recriminations were indulged in. The Rivera family and Senor Gutierrez were all talking at once. The reporter took a violent headache. His weak brain could stand no more. All he ever found out for certain was that Gutierrez had really been made a consul. Finally in desperation he told the Mexicans "to get the hell out of here" and fight a duel for the thirty bucks.

For the benefit of those who do not recall the facts, Tom Fields was in charge of a Prairie Pipe line camp north of Breckenridge when he and the Mexican, Francisco Gutierrez, became involved in an argument and the Mexican shot him dead with a shotgun, and then left the country. This much the father of the boy admitted then and admits now. But he will not admit that he has any knowledge of the whereabouts of his son, who, it is said, has a price on his head.

CHOC IS FOUND.
Sheriff Sam Nolley arrested three cases of choc yesterday twelve miles south of Ranger while enroute to Ranger from Desdemona. It is said a charge of having intoxicating liquor in her possession was filed against Lottie Mitchell.

PIONEERS CELEBRATE GOLDEN WEDDING DAY
Special to the Times.
EASTLAND, Aug. 23.—C. T. Webb and wife, living in the Flatwoods section, this county, celebrated their golden wedding Sunday, Squire Horn officiating. The ceremony was attended by about 150 guests, the proverbial "fatted calf" being killed and barbecued. Mr. and Mrs. Webb are among the old and honored residents of this county.

ALL LIT UP.

DENVER, Aug. 23.—Four pieces of fire apparatus responded when Mrs. Rose Williams, negro, scored a clean hit with a lighted lamp off her husband's head. Both cooled off in jail.

Senators Firm on Issue and Will Block Measure, if Necessary.
By FRAZER EDWARDS.
WASHINGTON, Aug. 23.—A score of senators organized today to block the anti-beer bill, unless the Stanley amendment is accepted.

They served notice that they will oppose the bill, both before and after the congressional recess, unless it contains the guarantee against search by prohibition agents without warrants. If necessary they will filibuster to gain their point, senators declare.

Caught between the house and senate is the internal revenue bureau, which is hesitating as to whether it will issue regulations which allow the manufacture and sale of medicinal beer. Dyes assure the bureau that the anti-beer bill will be passed and the regulations nullified. Wets and brewers are bringing pressure for issuance of the regulations.

MAY CANCEL UNIVERSITY LAND PURCHASE

Legislators Would Apply Money to Rural School Aid.

By United Press.
AUSTIN, Aug. 23.—A bill seeking to stop the purchase of land for the university campus and making the act passed by the regular session, appropriating \$1,350,000 for university land acquisition, was endorsed in the house today.

It is claimed by its proponents that the bill will save \$700,000 which can be applied to aid rural schools.

Educators Cut Again.
Another cut of \$75,000 was made from the education appropriation bill at a meeting of the free conference committee last night, it was learned today.

The decision was reached after members of the People's club notified the committee that if such reduction was made, the bill would be acceptable to the club.

The latest cut abolishes the publicity department and other non-teaching branches in the various educational institutions.

Criticize Governor.
Governor Neff was severely criticized on the floor of the house this morning for declining to make known to house members his wishes with reference to disposition of certain items of appropriations. Representative Hardin of Kaufman launched the attack and referred particularly to the Nacogdoches normal appropriation.

He referred to a visit of the subcommittee of the conference committee and declared that "the governor did not tell the committee a thing but dodged the issue." He further stated that he was tired of having the "buck passed up to the legislature."

Hardin introduced a resolution requesting that the chief executive specify those appropriations he believed should be reduced. The motion was tabled.

After defeat of his resolution, Hardin arose to a point of personal privilege and renewed his attack on the governor.

Patronizing Air.
"The governor has assumed an air of patronizing superiority," declared Hardin. "He is playing to the political galleries to remind them how the legislature has failed and attempt to make a hero out of the governor."

Later the governor came in for more criticism during the debate on the simple resolution naming a house committee to investigate the Davis mountains for a state park. Representative Stewart declared that the governor told him that he would veto the concurrent resolution on this subject because he did not like the personnel of the commission.

The house adopted the simple resolution after cutting down the appropriation for the committee from \$1,000 to \$500.

T. & P. OVERDUE WITH REVISED DEPOT PLANS

Almost four weeks have passed since the Texas & Pacific Railroad company rejected all bids for a new station at Ranger and promised new plans in three weeks.

Those plans have not yet been received by local contractors who were among former bidders.

All bids were rejected on July 27. On that date Chief Engineer Mitchell of the railway company said new plans would be ready in about three weeks and bids would again be asked. Quisile & Andrews, local contractors, have not yet received the new plans or any intimation when they would be received.

MILK AND ICE FOR LITTLE CHILDREN WILL BANISH WOMEN'S FEAR

Sunday School, Nash lease... \$1.75
Ranger Steam Laundry... 5.00

"To a woman the heart of a woman; to a child the heart of a child," thus sang O. Henry, the one American who has portrayed the human heart in the cold, printed word, in his brief moment when he broke into song.

The heart of a woman freezes with fear when the thought of hunger or want approaches her children. The heart of child should only be happy.

To know want is to sour its youth, the sweetest period of the life of man or woman. The Milk and Ice fund has been kept more or less from the front page of the Times recently. The impulse of the fortunate to aid the unfortunate rarely ever needs prompting and it hasn't in this case. The fund has steadily grown but as it grows the need grows.

There is much to be done in Ranger. Only the fortunate can aid.

HIGHWAY ASSURED.

With Palo Pinto county's overwhelming vote for a million-dollar bond issue, practically the last link in the Bankhead highway across Texas has been provided for. This election was in a way a surprise; not so much for its result but for the practical unanimity with which it passed. Only 219 votes were cast against the measure in the entire district. Mineral Wells gave a majority of 15 to 1 for the bonds, which is not unexpected, as the resort city is fully awake to the value of travelers and communications. But that the county as a whole carried the issue 7 to 1 speaks well for the progressiveness of the voters and the educational campaign in that county. Many land owners were reported to be in opposition to the bill as a needless expense, so far as their prosperity was concerned. This, we believe they will find to be erroneous. Every farmer along the road cannot grow rich by selling soda pop to tourists, certainly. But tourist money will circulate in every town. Food especially will be in demand, and auto supplies, and every farmer along the route will find that he has been provided a better market for his products than he has known before. The movement and life of passing thousands will mean more progressive communities.

Ranger, and Eastland county, are just as much to be congratulated upon the result of this election as is Palo Pinto county. If it had failed, we would have had the best highways in Texas, "hung in the air." The blank between Palo Pinto and the county line south of Strawn would have meant the "southern route" of the Bankhead highway—which now will be "the" highway—would have been unused. Thus would the whole county have suffered.

So far as roads are concerned, we are now doing nicely, thank you—or will, as soon as work on the Eastland county system is resumed.

HARDING AGAINST MAKING TREATIES 'BY MASS MEETING'

WASHINGTON, Aug. 23.—The Harding administration does not believe it practicable to negotiate treaties in "mass meetings" it was made known on the highest authority today. This short statement was made in answer to a question on the treaty with Germany and it was construed as an answer to debate in the senate on open sessions of the Washington conference.

The treaty negotiations at Berlin relate to a treaty of peace which is expected to provide for complete resumption between the United States and Germany. Officials here expect the pact to be signed within a short time. Meanwhile, they are divulging no details regarding the treaty.

EMBEZZLEMENT CHARGE AGAINST BRECKENRIDGE BATH HOUSE MANAGER

BRECKENRIDGE, Aug. 23.—Warrants charging W. R. Wilkins, manager of the Crystal bath house, with embezzlement and theft were issued today following his disappearance and the alleged discovery of \$500 in the accounts of the bath house and parallel disappearance of a Buick roadster, a diamond cluster pin, a watch and \$265 claimed by a friend through whose recommendations Wilkins secured his place as manager of the bath house. A reward of \$60 has been offered for his arrest.

BOY BANDIT SLAIN BY OFFICER HE SHOT DOWN

CHICAGO, Aug. 23.—An amazing story of juvenile crime was revealed today following the death of Walter Gryzbowski, 15, alias Martin, Chicago's youngest bandit, mortally wounded in a duel with Policeman Thomas Egan, personal bodyguard to Police Chief Fitzmorris. The duel occurred early yesterday in front of the chief's home. Gryzbowski, a Pittsburgh youth, was leader of a boy bandit gang who perpetrated 157 robberies in the Hyde park district alone, according to confessions today from other members of the band. Policeman Egan, also desperately wounded in the duel, was fighting for his life today, with physicians favoring his chances. He was shot twice.

Authorities at the same time announced that young Gryzbowski had attempted to shoot another patrolman at his bedside in the county hospital just before he died.

STATE HEAT WAVE BLAMED ON DROUGHT

DALLAS, Aug. 23.—East Texas was still in the grip of the heat wave which has continued almost unabated for forty-five days. For a few hours following a 1.12 inch rain on Aug. 15, Dallas got some relief. The extreme heat is due to the long dry spell, according to the weather bureau. Temperatures in many East Texas towns have been over the mark for the past three days. Yesterday Fort Worth reported 102 and Dallas 100.9. The weather bureau could promise no relief in sight today.

CHANCE FOR BOOMERS.

VICTORIA, B. C., Aug. 23.—The whole country from Fort Norman into the Arctic and the Mackenzie Basin seems to be underlain with oil, natural gas and coal, declares Howard Colley, who returned from that district recently. In many places the oil is boiling out of the ground in natural wells, he said. There are three such wells on the land that Colley and his party staked.

Chicago Couple to Tour World in 98-Foot Power Boat

The ninety-eight foot power yacht Speedjacks, owned by Albert Y. Goewen, Chicago capitalist, has left New York, headed southward, for a cruise around the world. Besides Mr. and Mrs. Goewen the Speedjacks will carry a crew of eight. The cruise will take about eighteen months, and the party will visit the South Sea Islands, China, the Philippines, Africa and South America. Bernard Rogers, Jr., of Chicago, and F. T. Hogg, remembered as the captain of the 1916 Princeton football team, will also make the trip. Mr. Hogg will navigate the craft. Mr. Goewen, who had the yacht built especially for the trip, intends to explore rivers and wander among the South Sea Islands. With a larger boat, or even smaller than the Speedjacks, unless constructed for the purpose, this would be impossible, according to Mr. Rogers. The Speedjacks has two 600-horsepower engines capable of driving her about fourteen miles an hour. In the three tanks are 3,500 gallons of gasoline, which will carry her more than 4,000 miles. The yacht was recently completed by the Consolidated Shipbuilding corporation and cost \$300,000. The furnishings throughout are luxurious.

PROBE OKLAHOMA COLLISION WHICH BADLY HURT THREE

HUGO, Okla., Aug. 23.—Probe to fix the responsibility of the collision of a freight and passenger train which resulted in the serious injury of three near Sawyer, eight miles from here, late Monday, got under way here today. The trains met on a curve. John Dreiner, Hugo, passenger engineer, saved the passengers from a far more dangerous accident by throwing his train into reverse before it met the freight head on. The injured are E. F. Anderson, principal of the Haworth, Okla., school, and Mrs. L. A. Holcomb, Fort Twoson. A baby was seriously hurt about the head. Rather deaf, hearing with difficulty only in his left ear, he isn't given to making conversation. Throughout the army, to the last soldier, his deafness is known and when he speaks to soldiers in the ranks, as he does often, they shout out their answers.

DYNAMITE CARGO MAKES CREW'S RESCUERS CHANGE THEIR MIND

NORFOLK, Va., Aug. 23.—With a cargo of dynamite in her hold the schooner Louise Howard is breaking to pieces on the shoals of Hatteras. The vessel struck the beach during a southwest gale, accompanied by heavy downpour of rain. Because of the nature of the schooner's cargo and the terrific lashing of the surf against her sides, the crew took to the riggings as soon as the vessel hit. They were rescued by life savers from the Hatteras station. The life savers made the rescue in record time, working fast in fear the schooner might be blown up at any moment. Wreckers went to the assistance of the vessel but when they ascertained the nature of her cargo they gave her a wide berth and returned to port.

HEY, CENSUS MAN!

Granville Lee, the genial waiter who brings you your ham and eggs at a local cafe if you happen to eat at that cafe is more genial than ever today, but there is a reason. It is a far greater reason than that. Mr. Lee now has the responsibilities of bringing up a Democrat to vote as a Democrat should vote. Greeks Bearing Gifts.

"The Greeks are coming with lots of material. These will be ours in time. Say the Greeks have now 80,000 effective combat men. We have as much and we have the men to keep on increasing our army as we capture Greek material to outfit them. Whereas the Greeks can never be stronger numerically. They have drawn their last troops, taking boys of eighteen. "At the armistice, we disbanded an army of 500,000 men. We can get them again, though now we are taking only picked men. "Asked if he had any Germans or Russians in his forces, he said: "Of course not. Have you seen any? We don't need them. "Without faith, the best prepared war may be lost. We have that. We know our cause is just. Our soldiers may not be spick and span, to European eyes they may look illy equipped, but their hearts are right and they know how to fight. They will fight until told the war is over and won. It may take 10 years, but we are preparing for that. "At the end of the great war, the Allies thought to crucify us, using the Greeks and Armenians to drive in the nails. We gave up our arms and our cannon. But with an irregular army we have slowly restored the parts to our cannon, manufactured the breech pieces, removed by the British. We have also captured Greek material, likewise arms and cannon sent by the British to Armenia, and we have secured British supplies sent to Dene-kire. "There's no military reason why we shouldn't retake Constantinople. But we must first get rid of the Greeks on this front."

Delicious! Why? Because it's toasted to seal in the flavor. It's toasted.

'ROLLED' STOCKINGS PUZZLE TO LONDON

LONDON, Aug. 23.—London is puzzled by a cable from the United States Monday reporting that Marshall Fields in Chicago is prohibiting its girl employes from bobbing their hair or wearing short skirts, low-cut necks, rolled down stockings, spangles, embroidery and short length sleeves.

The rolled-down stockings puzzled even Gordon Selfridge, formerly a Chicagoan, and now owner of one of the biggest stores in London.

"They puzzle me completely," he said Monday. "Perhaps they represent some innovation in that part of the world that has not yet found its way to London."

The London papers, which are wondering why girls cannot be chic in Chicago, beg for the sake of humanity that Chicago ought to issue a fuller statement on the mystery of rolled-down stockings. Mr. Selfridge disagrees with the Marshall Field policy as reported here.

The consensus gathered from girls in the various department stores is that Marshall Fields regulations are ridiculous.

"Judging by the movies," as one girl put it, "I think American shop girls would benefit most by rules prohibiting the use of chewing gum rather than by challenging their taste in dress."

Nearly twice as many people are killed yearly by automobiles as by trains.

NEW YORK, Aug. 23.—When it takes more than two years to get the boxes close enough together to put their signatures on the same set of articles and then the fight falls through it is only natural that somebody should pop up with the suggestion that something had gone queer.

Fighters have been breaking and spraining their hands for a good many years and we have no doubt that a great big majority of such accidents are legitimate enough.

Had the fight been scheduled between Tendler or Leonard against anybody else in the lightweight division no one would have thought much about it when it was called.

Stick to Favorite. The cancellation of the match was a signal for the supporters of both boys to trot out their hammers.

"Let me thank you," said Wild Bill with glee.

"For the favor you've just done to me; And to save some more pelf try and run 'em yourself.

There are still a few pitchers who have not been banged for home runs by Babe Ruth, but most of them are in the minor leagues.

Poor old Babe Adams gets no sympathy from any National League batsman, for the very good reason that he doesn't need and wouldn't accept it.

The veteran Babe recently chalked up nine straight victories in a row for the batterin' Pittsburgh Pirates, which, we'll crack, is going some.

Incidentally this is something of a record for a young man just this side of forty summers, who won his share of fame as far back as 1909.

HOW IT HAPPENED

TEXAS.

No change was made in the Texas league standing in yesterday's games. Wichita Falls maintained its margin by beating Houston 2-1, although Fort Worth also won. Dallas was idle.

The Panthers beat Galveston the third straight game, 4 to 3, by coming from behind in the sixth and adding two more in the seventh.

Wichita Falls broke a 1-1 tie in the ninth.

Shreveport evened up the series at San Antonio by winning, 8-7. Both teams hit viciously, twenty-five safeties going for forty-one bases.

The Indians lost 6 to 5, much of the fireworks coming in the ninth inning. In the first half, Boston made two runs when McInnis beat out a bunt.

AMERICAN.

Cleveland's lead was a bit reduced through losing a tight game to the Red Sox while New York was walloping St. Louis.

The Yanks staged a sixth inning rally that netted eight runs and gave them an easy 10 to 2 victory.

The White Sox again broke into the won column by trimming Washington, 5 to 4, and Detroit took a 10-8 slugfest from Philadelphia.

NATIONAL.

New York lost ground by losing to St. Louis while Pittsburgh was squeezing out ahead of Boston.

Pertica held the Giants to three hits and scored a 6-0 shutout.

Boston used seventeen players in the attempt to overcome Pittsburgh's long lead.

Cy Williams' home run in the twelfth round gave the Philadelphia cellarites a 2-1 victory over Chicago.

Luque fanned Myers with two on and two out in the ninth, and the Reds beat Brooklyn, 7 to 5.

WITH EX-NITROS

"Bugs" Young's three-ply wallop drove in two runs and won a 4-2 victory for Nick Carter over Mineral Wells. The Resorters had scored twice off Nick before Ardmore bats got busy. Nick allowed six hits.

Johnny Singleton played first base for Ballinger yesterday, which about qualifies him as the all-around hole plugger. He compiled the regular first-baseman's batting average of 4-0.

Jack York, by the way, continued his hitless streak against Carter; Charley Glop hit two out of four, one of them a triple, and Jody Tate chimed in with one well placed wallop.

ZUPPKE DISCIPLE TO COACH AT KANSAS

By Associated Press.

LAWRENCE, Kan., Aug. 23.—To bring the Jayhawk football team up to the standard of the championship K. U. baseball team and the strong track team of which Everett Bradley, Olympic star, was captain last year, is the job awaiting George "Potsy" Clark who becomes head coach of football and baseball at the University of Kansas Sept. 1.

Clark can form a strong Jayhawk team, in the opinion of Dr. Forrest C. Allen, director of athletics here. "Bob Zuppke made Illinois so far as athletics is concerned and I think Clark can do the same for Kansas," he said. "Kansas should and will occupy the same position in the Missouri Valley that Illinois does in the 'Big Ten' conference."

Clark and Zuppke have been good friends for years. During Clark's school days he played on six championship football and baseball teams under Zuppke's tutelage at Illinois. "My good luck piece," is what Zuppke likes to call him.

In 1916 Clark came to Kansas for the first time as assistant football coach and stepped into the limelight by taking the Jayhawkers to Nebraska and coming back with a 7 to 3 victory.

During the war "Potsy" played on the championship Eighty-ninth division team both at Camp Funston and in France when that team won the championship of the A. E. F.

BERNHARDT'S HEALTH "EXCELLENT," SHE SAYS

AMOS RUSIE, OLD-TIME STAR, SEES FIRST GAME IN NINETEEN YEARS

By Associated Press.

NEW YORK, Aug. 23.—Amos Rusie, an idol of baseball fans more than twenty years ago, sat on the sidelines at the Polo Grounds during a recent game between the Yankees and White Sox, marvelling in Babe Ruth whom he declared to be the greatest figure in baseball.

"It's been nineteen years since I saw a major league game," Rusie remarked. "The game surely has taken on long strides. Back in my day we had some heavy hitters, but none of them could hold a candle to Ruth. I refer to Wagner, Lajoie and Ed Delehanty." Back in the nineties, when Rusie appeared at the Polo Grounds the cheers and the shouting were all for him. The Hoosier Cyclone, they called him for he was considered the greatest right-handed hurler in the game. He dropped from the game in 1902 after trying vainly for two years to overcome the handicap of an injured arm.

When Rusie left the game he returned to his home in Muncie, Ind., and later went to Seattle, Wash., where he worked as a laborer. He is past the fifty mark in years and his hair is gray. He sat unnoticed by players and fans alike, for he was unknown to them.

Gleason Knows Him.

Then Kid Gleason, the old manager of the White Sox, recognized him. They were rivals for pitching honors in the old days. "I'm sure glad to see you, Amos," smiled Gleason. "seems like old times to see you around." The famous old twirler re-

turned the greeting and they walked to the White Sox dugout arm-in-arm. Although Rusie has not witnessed a major league game for so many years he said he had kept up with the game through the newspapers.

Rusie said he didn't approve of putting a curb on the styles of pitching. "Give them a chance to develop. In my time we were not permitted to soil the ball and there were no freak deliveries. We had to depend on speed and fast breaking curves and we had a great advantage over the batters. The batter of today has the edge, however. The livelier ball and curbing of pitchers are the reasons. This can be carried too far.

"The crowds are greater today than at any time. Baseball is now a great national institution. The White Sox scandal has not hurt the game much. Judge Landis has offset that black eye."

VICTIM OPENS SAFE WHEN BANDITS PULL OUT PET MUSTACHE

NEW YORK, Aug. 23.—Stephen Vassilopoulos, who operates fifteen concessions at Brighton Beach, has a mustache almost as long as his name and of which he is ordinarily proud. Stephen, etc., was awakened by four bandits who had forced entrance to his main office and they beat him and forced him back upon the bed.
The thieves were supplied with a roll of surgeons adhesive tape, two inches wide, and they used this to plaster tightly Stephen's mouth and eyes until he resembled an Egyptian mummy. Then after tying him securely, they went to work on his safe, but could not work the combination, so they took the plaster strips off of his eyes and ordered him to open the safe. He demurred, so one of the bandits sat on the edge of the bed and began pulling out Stephen's luxuriant mustache, hair by hair, working on one side only. When he could stand the pain no longer, Stephen opened the safe, which the robbers looted and sped away.

CANADA JOINS EFFORT TO HALT LIQUOR FLOW

DETROIT, Mich., Aug. 23.—State policemen today continued their efforts to halt the flow of liquor from Ontario into Michigan as Canadian officials took a definite step in an attempt to plug the leak in the border. Acting on orders of N. M. Mosseau, Windsor license inspector, provincial authorities began to prepare a new test case on liquor shipments.
Word from Toronto was to the effect that W. E. Raney, attorney-general for Ontario, was not satisfied with a recent Windsor court ruling that provincial authorities could not interfere with shipments of liquor from the province into outside territory. Windsor police said today they had not as yet received orders from Attorney-General Raney to stop all shipments of liquor by any other mode of conveyance than a common carrier. Toronto dispatches declare the attorney-general had made such an order.
