LEGISLATORS PLAY HOOKY; ARRESTED

FLOODED MARKETS ARE MENACE TO LIVESTOCK AND GRAIN PRICES

Further Shipments of Cattle Will Demoralize Prices, Is Warning; Corn and Oats at Lowest Levels Since 1906; Retailers Rapped for High Prices.

CHICAGO, Aug. 20.—Farmers, keep your cattle off the market! That was the warning broadcasted throughout the cattlegrowing country today by the Chicago livestock exchange. Cattle raisers, dealers and shippers were urged to restrict shipments of cattle to packing centers, due to the flooded market. Additional heavy shipments, it was feared, would demoralize livestock prices. The demand for dressed beef has come to a standstill, packers said, with the market flooded. There has been a nationwide slump in the consumption of beef, due, packers believe, to the more than 5,000,000 unemployed in the country, and to the high retail prices.

A heavy over-supply of beef has reached the packers recently, as a result of the campaign waged throughout the West by bankers and merchants, urging farmers to liquidate their products and pay their

debts. Dealers in wholesale meats predict that if the farmers will keep their livestock off the market, it will also aid in breaking the retail meat prices, which packers contend have been kept on a profiteering basis by the retail butchers. The "pay your debts" campaign has resulted not only in a heavy movement of livestock, but also an unprecedented marketing of grain, which brought corn and oats prices to their lowest levels since 1906.

Corn sold on the Chicago market for 51 cents, and oats for 32 cents, while in western markets oats sold for 18 cents and 19 cents a bushel, and corn for 30 cents.

With the ending of the grass season farmers have lumped their cattle on the market in unprecedented quantities. Cold storage plants throughout the country were jammed with dressed beef already sold to distributors, who can find no market for it.

ROAD FUND LOSS CAUSES OUSTING OF COUNTY JUDGE

HOUSTON, Aug. 20.—County Judge W. A. Johnson was yesterday removed from office permanently, by a jury which heard evidence charging him with misuse of county funds, in connection with the alleged loss by county of \$380,000 of road bonds. Attorneys for Judge Johnson gave notice of an appeal.

J. A. Mooney and other citizens of Tyler county, sought the judge's removal because he is alleged to have deposited \$380,000 of county funds in the Tyler County State bank when he was aware the bank was in a precarious position. The bank failed a short time later.

A former trial of the case resulted in a hung jury.

LIQUOR IN TENT NOT CONNECTED WITH THE SANS SOUCI HOTEL

EASTLAND, Aug. 20.—No connection exists between the Sans Souci hotel and the liquor found in a nearby tent, so far as their knowledge goes, was the statement of county officials today in speaking of the raid on the Sans Souci. The hotel was raided last week by County Attorney Dunnam and a deputy sheriff. No liquor was found, but in the tent, a short distance north of the hotel, a considerable supply was uncovered. However, there was no evidence that it belonged to the hotel proprietors.

Fawcett & Winn, proprietors of the Sans Souci, have filed suit against the Fort Worth Record for \$75,000 damages for publication of an article which is alleged to have stated that thirty gallons of whisky were seized and prostitution was being practiced in the hotel. The plaintiff's petition affirms that this was false in fact and was published wilfully and maliciously and with the intent to injure the plaintiffs in their business and in their reputations.

The injury to the hotel business is fixed at \$25,000, and the injury to the plaintiffs' reputation and the anguish they have suffered equals \$25,000 more and exemplary damages of \$25,000 also is asked, making the total of \$75,000 asked for.

LIFE IMPRISONMENT FOR SHOOTING DALLAS WOMAN

RUSSELLVILLE, Ala., Aug. 20.—In a verdict rendered today in the trial of Fred Hall, charged with the murder of Miss Martha Henderson of Dallas, fixed the punishment at life imprisonment.

Hall declared the woman "hounded him" for two years and he was out of his mind when he shot her in his store.

Hall sat quietly as the verdict was announced. His wife, sitting by his side, wept. Miss Henderson was shot by Hall as she entered his store here April 12. Hall testified he shot the girl in a desperate attempt to free himself from an intrigue. He stated his relations with the woman had extended over a period of two years.

Port Neches Trembles Over Klan Warnings

BEAUMONT, Aug. 20.—Port Neches, a refinery town, thirteen miles from here, trembled today, waiting expectantly for night to come.

Eleven men have been warned, following a parade of the committee of 100 in open daylight. The committee declared it is connected with the Ku Klux Klan.

Five men, accused of law violations, were ordered to leave town by noon today. Some left immediately. Other warnings ordered the recipients to stop speeding in their automobiles.

ONE KILLED, 50 SHOT, STORMING KNOXVILLE JAIL

Mob After Negro Repulsed in Battle; Two Women Among Wounded.

KNOXVILLE, Tenn., Aug. 20.—One was killed and more than fifty wounded when a mob stormed the jail here last night.

The mob was bent on lynching Frank Martin, negro, alleged assailant of Miss Jessie Parke, a young school teacher. The would-be lynchers crossed a deadline into the fire of authorities guarding the jail.

The crowd included many women, some of them with babies in their arms. Two of those shot were women.

The attack upon the jail followed a day of watchfulness on the part of the jail authorities, police reserves and two machine guns. Fire from shotguns, and machine guns from the military, swept the street.

As members of the mob followed, the fire was returned. Excitement was at fever height today.

DALLAS WOMAN ATTACKED.

DALLAS, Aug. 20.—Search for a negro who attacked Mrs. Carrie Patton, and beat her into unconsciousness late yesterday, was being continued today.

The negro, according to Mrs. Patton, climbed over a rear fence while she was feeding her chickens, and attacked her with a stick. He was frightened off when some men passed on a nearby street. Mrs. Patton furnished a good description of the man, and he is believed the same one who visited the Patton home earlier in the week and scared Mrs. Patton.

Mrs. Patton was confined to her bed today.

GERMANS WANT TO ARBITRATE TREATY TERMS

BERLIN, Aug. 20.—Germany may appeal many of the issues contained in the German-American peace treaty to international arbitration. The treaty, it was learned, does not contain a declaration of Germany's guilt in starting the war. Germany would have flatly refused to sign had such an admission been included.

AMERICAN ESCAPES FROM MEXICAN BANDITS

WASHINGTON, Aug. 20.—Eric Clark, official of the International Land & Livestock company, escaped from Mexican bandits who kidnapped him at his ranch near Rio Primero, in the state of Chihuahua. Clark reported his kidnapping and escape today in personal telegrams to friends here. The bandits were holding him for \$7,500 ransom.

Hamon's Dream Comes True With Completion of Railway

SCRIP WILL PAY DEBTS OF ROAD CONTRACTORS

Commissioners' Court to Approve Issue; Bankruptcy Hearing Sept. 1.

Scrip will be issued by the Fleming & Stitzer Road Building company and will be approved by the commissioners' court in payment of the debts of the road building company, according to an announcement made today by G. A. Davison, who recently took over the interests of Saunders Gregg and W. R. Fleming in the company.

In a telephone conversation this morning with the Times, Davison said: "The county owes the road building company more money than the amount of its outstanding indebtedness and the scrip plan is being put into being to care for those whom the company owes. When the court approves the scrip, the county will then be responsible for it and it will be marked off the amount owed the road building company, and will be paid when more road building funds are available."

Merchants Take It. "In Eastland, many merchants will accept it as cash, but it is my opinion if it is carried to a bank, the bank will ask for a discount."

Mr. Davison expressed the belief that the scrip would be cared for shortly.

Regarding the petition which has been filed in the federal court at Abilene, trying to force the road building company into bankruptcy, he declared the company was solvent and would be well able to establish that fact when the case is called on Sept. 1.

"Frankly," he said, "I have not yet been able to determine why a fight should be started on the road contractors regarding their solvency, when it has assets in excess of any liens it has executed and it is partly on liens executed that the petition asking that the company be forced into bankruptcy, is brought."

MAN AND WOMAN HELD IN WACO'S DEATH MYSTERY

WACO, Aug. 20.—After almost an all night grilling of Mrs. Leslie Keys and W. T. Avens, officers today announced they had secured sufficient evidence to warrant the holding of both for murder in connection with the death of Leslie Keys.

Avens and Mrs. Keys were brought here last night from McKinney where they were arrested.

The body of Mrs. Avens, who died under mysterious circumstances in July, was exhumed yesterday and the vital organs were turned over to Dr. W. T. Gooch, head of the chemistry department of Baylor university, for analysis.

TEN THOUSAND DAMAGE SUIT AGAINST HAMON R. R. FOR BOY'S BROKEN ANKLE

BRECKENRIDGE, Aug. 20.—Hinsford Huling, 19, has filed suit against the Hamon railroad for \$10,000 damages for a broken ankle alleged to have been sustained when thrown from a train half a mile south of Breckenridge. The suit is brought in the name of the lad's father, W. H. Huling, who claims he spent \$500 for physicians' services. The \$9,500 balance is sought as exemplary damages.

FALL FROM AUTOMOBILE KILLS 5-YEAR-OLD BOY

WACO, Aug. 20.—Cody T. Spradley, 5-year-old son of G. W. Spradley, living near South Bosque, is dead, as the result of having fallen from an automobile driven by his brother. The catch of the door gave way and the boy was thrown to the ground, striking his head.

FIRST TRAIN FROM NORTH END REACHES BRECKENRIDGE TODAY

Connection Made Yesterday at Jimkurn; Regular Service to Be Established Monday to Wichita Falls; Through Trains From Ranger to Wichita Falls Come Later.

BRECKENRIDGE, Aug. 20.—The dream of the dead Jake Hamon's greatest ambition was realized today.

This noon a tiny switch engine, bearing a trainload of excited oil men, arrived in Breckenridge from Wichita Falls, and the 150-mile "oil road" was officially completed.

Breckenridge prepared for a gala day to mark the opening of the new road, which will mean much to the oil fields of North Texas. Crowds met the first train at the little station. Many influential men and oil operators from all parts of the state were arriving for the ceremony.

"Hamon's dream" of an oil road began shortly after he became identified with the oil game and through the latter days of his life. His oil road was almost an obsession with him.

CLERICAL CLOTHING BARRED IN MEXICO

GUADALAJARA, Mex., Aug. 20.—Archbishop Francisco Orozco y Jimenez, one of the high Catholic prelates in Mexico, has been fined \$100 by municipal authorities here for appearing on the streets in clerical garb.

Chief of Police Rivera recently ordered the arrest of all priests appearing on the thoroughfares in cassocks and several disagreeable incidents are said to have resulted.

CIVIL WAR IN IRELAND LEFT TO SINN FEIN

Their Unconditional Acceptance of Terms Is Only Alternative.

LONDON, Aug. 20.—Civil war until the Sinn Fein surrender unconditionally, will be waged in Ireland if the present negotiations fail, according to many indications here today. Lloyd George won himself the support of all factions by his speech in the house of commons yesterday and the press and public today backed up his contention that the uttermost limits in concession had been reached.

THREE RANGER CHURCHES HOLD OPEN AIR MEETS

A series of union open air services has been arranged by the Christian church, Church of Christ and Presbyterian church, beginning tomorrow night. The services will be held each Sunday night on the vacant lot opposite the Elks' club on Main street. Special music has been arranged and seats will be obtained from the Christian tabernacle. The Rev. J. G. Winsett will preach tomorrow night and the three pastors will alternate in preaching at the meetings, which will be continued each Sunday night. Everyone is invited to attend.

HARDING HONORED BY PRESS CONGRESS

COLUMBIA, Mo., Aug. 20.—President Harding has accepted the honorary presidency of the Press Congress of the World, Walter Williams, president of the body announced today. President Harding was previously a regularly enrolled member of the congress.

WARRANTS FOR NINE ABSENTEES WERE ISSUED

Two Were Caught; One Slept on Floor Guarded by Bookkeeper.

AUSTIN, Aug. 20.—Three of the nine members of the house for whom warrants were issued and for whom officers of the law were searching last night, were waiting within the bar of the house early today. Sergeant-at-arms Joe White, while hunting missing members during the night found Representatives Thomas of Limestone and Perkins of Lamar, about 2 a. m. Representative Binkley showed up on his own accord. Sergeant White, acting under orders from the house, brought Thomas and Perkins to the house and held them until morning. The sergeant and a bookkeeper guarded Thomas, who slept on the floor of the house while Perkins obtained a bed at Speaker Thomas' quarters in the rear of the capitol. Six other representatives are still missing and officers are looking for them. The warrants were issued last night after the legislators failed to appear for a night session.

Missing members are: Johnson, Burns, Henderson, Kacir, Lindsey and Wadley.

To Prevent Quorum. Representative Williams charged on the floor of the house it was an attempt to prevent a quorum so the educational bill could not be passed until the proponents of the salary reductionists could gather more voters. Anti-salary reducers were in the majority last night.

Members for whom warrants had been issued were marched into the house this morning by Sergeant White. When the sergeant entered with the members trailing behind he was greeted with cheers and shouts from members present and congratulated on his work.

After the missing nine members had been brought into the chamber by Sergeant White, the educational bill passed finally under the suspension rules. It was sent to the senate. The upper branch refused to concur in the house amendment. The house had substituted the original bill of the first session with salary cuts and other reductions.

Speaker Thomas announced the appointment of the following house free conference committee on the educational bill: Satterwhite, Wallace, Chitwood, Beasley and Hall. After announcement of the committee, Representative Beasley tendered his resignation from the committee, saying opponents of salary reductions are in the majority and he opposed being in the minority.

The house adjourned until Tuesday and the senate until Monday. The adjournment vote in the house indicated the economists, or "People's Club," are in the majority.

FEDERAL AGENTS CAN SEARCH AUTOMOBILES

WASHINGTON, Aug. 20.—Agreement for the Stanley anti-home search and seizure amendment to the beer bill was reached here today by the senate and house conferees. The substitute, which was insisted upon by Representative Volstead, the house dry leader, drops the word "property." This, it is pointed out, would enable dry agents to search bootleggers' automobiles without search warrants. With the exception of this modification the substitute is substantially the same as passed by the senate.

HOUSTON KLANSMEN AID CONFEDERATE VETS TO ATTEND REUNION

HOUSTON, Aug. 20.—A letter, containing \$50, alleged to have been sent by the Ku Klux Klan, will help confederate veterans to attend the annual confederate meeting at Temple this year. The letter, bearing what is said to be the official Ku Klux Klan seal, was mailed to a local newspaper, as the nucleus of a fund of \$400 necessary to pay the expenses of the trip of the Houston delegation.

PATENT RIGHTS ARE RESTORED IN RUSSIA

REVAL, Aug. 20.—The Soviet government has appointed a commission to consider the restoration of patent rights and protection for old patent laws having been annulled by decree in 1919.

SHACKLETON LEAVES ENGLAND TO AGAIN EXPLORE ANTARCTIC

LONDON, Aug. 20.—Amid the cheers of thousands of well-wishers lined along the Thames embankment, and the frantic tooting of ship's sirens, the aptly named Quest, commanded by Sir Ernest Shackleton, started today on the first leg of a 30,000-mile voyage of discovery in the uncharted seas of the frozen south.

Romance and science is bound up in this new adventure in the Polar regions. The journey will take Sir Ernest 30,000 miles in the Atlantic and Pacific oceans, and in the uncharted seas of the South Pole. The explorers are making for Enderby Quadrant, the Antarctic, south of South Africa. Some ninety years have passed since a ship was in these waters.

The Quest will also search for the lost Pacific island of Tunaiki, mentioned in missionary history and native legend, but never seen; in search also for secret seas, whose existence

is believed but not proved. The ship is barely 200 tons net. Her length is 111 feet, and depth 12 feet. Her sides are two feet thick of oak, pine and fir, and her bows are shod with steel. A remarkable feature of the expedition will be the vessel's lack of a crew—a crew, that is, distinct from the scientific works. The staff of the expedition will manage the ship themselves.

The British admiralty has lent an oceanographical equipment, and the air ministry has lent two officers who will do kite and balloon work. Sounding platforms have been built on the vessel, which will enable the scientific staff to sound the ocean to a depth of six miles, half a mile more than has ever been done before.

Arrangements have been made so that the vessel can steam for 10,000 miles without re-coaling. A sea-plane is housed on a special deck, and two moving picture men are among the staff. The Quest will have on board stores for two years.

CLASSIFIED ADVERTISING RATES AND REGULATIONS in the DAILY TIMES Ranger, Texas.

1-LOST AND FOUND

LOST—Between Clay Boiler works and Ranger Gasoline Co., one brass check valve. Suitable reward. Ranger Gasoline Co.

STRAYED OR STOLEN — Brown horse, white stocking on one hind leg, Steeple-A brand on hip; new saddle, bridle with bright spots. Notify Jack Baker, Route 2, Box 114, Ranger, or phone Myers Camp, P. O. & G.

M'ELROY MAKES APARTMENTS OF W. MAIN HOTEL

Travelers Hotel to Be Remodeled; Plate Glass Store Also Moved.

The McElroy Plate Glass company is today moving its factory and store from the old postoffice building to the old Piggly-Wiggly stand, 413 Main street. Mr. McElroy also has leased the Travelers hotel on the second floor and will convert it into a modern apartment house. The lease is understood to go into effect immediately and the alterations will be made at an early date. Mr. McElroy expects a large demand for first-class apartments during the fall.

He also says the new storeroom will enable the plate glass company to carry a larger stock in all departments. New equipment will be added to the glass department.

FRENCH TELEPHONE SYSTEM LOSES MONEY

By Associated Press PARIS, Aug. 20.—The deficit of the French telephone service, which is run by the state, will amount to over 220,000,000 francs for this year, according to Louis Descamps, who ought to be well informed as he was under-secretary of state for the department of posts, telephones and telegraphs in the previous cabinet.

WHAT FOR?

"We will have to send to the bank for more checks," a hired hand said to the boss the other day. "That reminds me of the man who was in jail and asked a friend the time of day," the boss answered. "The friend asked, 'What do you want to know for? You are not going anywhere.'"

"If we send to the bank for more checks, the banker will probably ask what we want with them, and add, 'You are not going to cash any checks.'"

RANGER PASTOR HOLDS TEN-DAY REVIVAL AT FUR

The Rev. J. W. McKinney, pastor of the Church of Christ left yesterday for Fur, in Eastland county, where he will hold a ten-day protracted meeting.

SNIDER BACK FROM WICHITA Chick Snider, district superintendent of the Eastern Torpedo company, has returned from a business visit of several days to Wichita Falls and Archer City. Much development will go on in those sections, Mr. Snider said, as soon as the price of oil shows some strength.

Cholera in the Crimea recently killed 2,000 people.

A number of Australia plants are covered with hair.

P. O. Box 1311 Ranger, Texas

BRECKENRIDGE BONDS APPROVED AT AUSTIN; QUICK SALE EXPECTED

Special to the Times. BRECKENRIDGE, Aug. 20.—The city is prepared to issue \$600,000 in street paving bonds and \$300,000 in sewer bonds, following approval of the issues by the attorney general's department. Two inquiries have been received from bond buyers at Austin and Houston. The inquiries indicated that there is a good market for the bonds at present discounted prices.

Ladies Let Cuticura Keep Your Skin Fresh and Young

GO TO CHURCH SUNDAY—

Three hundred years ago a little band of men and women lived on faith and hard work in the forest of Massachusetts. They are now known as Pilgrims because they sailed from England to find a place to worship God without restraint. They brought their pastor with them—few modern immigrants do.

Go to church Sunday and see if you don't ENJOY LIFE BETTER.

Edgar Huddleston who for more than two years has been with the Jones-Cox company, has resigned his position and returned to his old home at Mart, Texas. After a vacation Mr. Huddleston expects to become engaged in the house furnishing line. He is an experienced furniture man.

ERATH BUILDS ROAD.

DUBLIN, Aug. 20.—The arrival of suitable material has caused a resumption of work on Highway No. 10, through Erath county. Drainage structures are to be installed between Dublin and Stephenville and about 20 miles of the road will be given a topping of eight inches of gravel.

AMPLE NOTICE ASKED PRIOR TO WELL PLUGGING

Special to the Times.

EASTLAND, Aug. 20.—W. L. Smith, deputy supervisor of the oil and gas department of the railroad commission of Texas, gave out the following notice Thursday, which he states is of very great importance and he trusts that oil men will govern themselves according to the suggestions contained therein:

"The railroad commission is experiencing some difficulty in the supervision of the plugging of wells for the reason that operators are not always ready to plug their wells on the date set out in their notices of intention to plug. For the better

protection of the industry, the commission is making a strenuous effort to have a deputy supervisor present on every plugging job in this state, and more especially in the producing areas.

"It often happens that an operator will give to the commission its notice of intention to plug on a certain date, and the deputy supervisor will drive several miles over oil field roads, only to find that no one is at the well, and no preparation is made to do the plugging. For this reason, it is not unusual for a deputy supervisor to make two or more trips to a well, when one is all that should be necessary.

"The commission urges all operators to file their notice of intention to plug in ample time for the deputy in their district to be notified of the date, and then be ready to plug their wells on the date set out in their notice, so as to save the deputy supervisor this unnecessary travel and useless waste of time. Every deputy

supervisor has a large territory to cover and many wells to look after, and in order that he may properly perform the work that has been assigned to him, it is of prime importance that the operators make their preparation and be ready to plug their wells on the date stated in their notice to the commission, and that notice of intention to plug be filed on every well far enough ahead for the deputy to arrange to be present and witness the plugging of the well."

NEW YOUNG COUNTY WELL MAKES 200 BARRELS A DAY

GRAHAM, Aug. 20.—The Ross & Tyrell well, on Owen land, in survey 38, in southern Young county, has been making over 200 barrels of oil per day all week, although pinched in waiting for the Texas company to get in with its four-inch pipe line from South Bend. Ross & Tyrell have made a location on the offset acreage of Cheney & Defreest.

HEARING ON RED RIVER BOUNDARY CONCLUDED

FREDERICK, Okla., Aug. 20.—Hearing of evidence in the Red river boundary dispute between the government and Oklahoma on one side and the state of Texas on the other closed here Thursday. Judge Frederick S. Tyler, United States commissioner from Washington, presided at the hearing.

The government was represented by J. A. Fain and J. A. Tellen, special assistants to the United States attorney general. Oklahoma was represented by Attorney General Free-

ling and O. J. Logan and Texas by Attorney General Cureton and his assistant, C. W. Taylor.

Besides, there were several attorneys interested in the case or who had clients that will be affected by the final decision. The party went from here to Walters, Okla.
