EASTLAND CITIZENS RAID LIQUOR JOINTS

EX-POLICEMAN IS SLAIN IN BATTLE WITH DRY AGENTS

Bullets Fly When Liquor-Laden Truck Seeks to Run Gauntlet.

LEWISVILLE, Ky., July 28.—Harvey Baker, former police lieutenant, was shot to death, and J. M. Milbey was shot twice through the head today in a battle with prohibition agents at the Pernelle distillery. Frank M. Colbert, United States guard at the distillery, was arrested. One man escaped.

Prohibition Agents Delozier, Handsbrough, McFarland and Gilbert, who were watching the distillery, charged they saw Colbert signal to a truck, which entered the distillery. When the truck emerged, the agents commanded the driver to halt. The order was disregarded, the agents report, and when they blocked the road with their automobile, they say the truck crashed into them. At the same time, they charge, three men in the truck opened fire.

Bullets from high-powered rifles fired by the agents riddled the truck. One man who escaped from the truck ran the gauntlet of the bullets and escaped. It is believed he was wounded. Baker was dead when the agents closed in on the truck and Milbey was seriously wounded. Twenty-five barrels of liquor were in the truck. Colbert refused to answer questions asked by the agents, they state.

WOMEN'S VOTES WORRY REED IN MISSOURI RACE

KANSAS CITY, July 28.—Jimmie Reed, Missouri's battling senator, opened the final round of a bitter fight for his political life today. Opposed by supporters of former President Wilson, the women and farmers, Reed faced the task of swinging the Democratic vote of the state back in line behind him before the primary election next Tuesday.

Realizing the strength shown by Breckinridge Long, supported by the Wilsonian wing of the party, "Fighting Jim" has gone out to the country corners and in face to face talks, is telling the farmers of his accomplishments the last few years in Washington.

Reed, however, is plainly worried about Missouri's women voters. He has made repeated and frequent appeals to them to "vote like your husband."

GERMAN MONARCHISTS PLOT ASSASSINATION OF FRENCH PREMIER

PARIS, July 28.—The French government, it was made known today, has received what it considers absolutely trustworthy information that an attempt against the life of Premier Poincare is being plotted in German monarchist circles.

TEXAS FARMER HELD ON PEONAGE CHARGE

FORT WORTH, July 28.—Federal complaint charging violation of the law against peonage has been filed here against Walter Nany, a farmer, living near Italy, Ellis county. It is alleged Nany kept a negro couple in involuntary servitude. Nany told federal authorities, the latter say, that the negroes owed him \$87.

MANY APPLY FOR JOBS OF MAYFIELD AND MYERS

AUSTIN, July 28.—Governor Neff stated today he had received a number of applications for appointment of railroad commissioner in the event of the election of Earle B. Mayfield as United States senator. The governor also has received applications for appointment as commissioner of labor in the event he accepts the resignation of Commissioner Joseph S. Myers, which was tendered Wednesday. The governor declined to say whether or not Myers' resignation would be accepted. No action has been taken, he stated.

Harding Offers Three Plans for Rail Strike Settlement

Rail Executives and Union Men Discuss Seniority Settlement Next Week.

WASHINGTON, July 28.—Three proposals for immediate ending of the railroad strike has been submitted to representatives of the railroad executives and labor unions by President Harding, according to information obtained today from the administration advisors who talked with the executive.

The proposals, all hinging on various plans for adjusting the employees' seniority rights, will be submitted, it was stated, to an executives' meeting in New York Tuesday and to an employees' conference in Chicago, to be arranged by B. M. Jewell, the shopman leader.

The Three Plans.

One of the President's proposals, according to persons claiming to have information of the President's suggestion, would have the railroads waive the seniority question and take all the strikers back. Another, it is said, would give the men who remained loyal to the roads prior seniority rights over the strikers and the third would leave the matter to separate adjustment between each road and its own employes by joint conferences.

The President is said by his advisors to believe that the three proposals cannot fail to help the strike situation and that more clouds have passed away within the past few hours than heretofore in several weeks.

The leaders of the shopmen are inclined to accept the President's proposals in the main. Representatives of the owners find them unsatisfactory in principle. The final decision will rest with conference between the two parties to the strike.

WESTERN EXECUTIVES BALK.

ST. LOUIS, July 28.—Executives of railroads operating in the Southwest, meeting here today, have telegraphed President Harding urging that non-union men employed since the strike and union men who refused to strike be protected in their seniority rights. The executives represent roads operating in Texas, Oklahoma, Arkansas, Kansas and Missouri.

NEGRO COOK SLASHES KIDNAPER AND ESCAPES

DENISON, July 28.—A negro, said to be a cook for the Katy railroad, kidnaped by a party of white men last night and who escaped with a companion after slashing one of his captors with a knife, was captured this morning in Red river bottoms, near here, military authorities announce. Captain Gray of the state rangers captured the negro, it was stated.

The military authorities are conducting an investigation of the affair, in which a white man was severely cut.

Guardsmen on duty at the Ray yards fired at prowlers, according to a report at headquarters today. The militiamen frightened several men, who ran. The men escaped. The Katy power shops here, which have been closed since January will be opened next week, B. G. Hopkins, assistant to the general operating officer of the road, announced today. Mr. Hopkins stated that a force of workers is now being organized.

EMBARGOES DECLARED ON THREE EASTERN ROADS

WASHINGTON, July 28.—Three coal-carrying railroads, the Norfolk & Western, Chesapeake & Ohio and Louisville & Nashville, have declared embargoes over their lines against the acceptance of all freight except foodstuffs, livestock and fuel. The action was taken under the interstate commerce commission's declaration of an emergency, which authorized roads embarrassed by the shopmen's strike to show preferences and to establish priority in transportation.

MARTIAL LAW ASKED AROUND HOUSTON SHOPS

AUSTIN, July 28.—B. F. Smith, former assistant attorney general, now with the legal department of the Southern Pacific lines, and C. C. Huff, Katy general attorney, are in conference here today with Governor Neff and Adjutant General Barton.

Current reports are that they may ask that martial law be declared in the railroad area at Houston. Both Smith and Huff declined to discuss their mission here.

RANGER CHURCHGOERS TO HEAR FORT WORTH CHURCH SERVICES

A sermon unique in the history of Ranger churches will be heard Sunday morning at the Presbyterian church by radio from Fort Worth. It will be the same sermon preached in the Broadway Methodist church at Fort Worth and broadcasted by the Fort Worth Star-Telegram, Dr. A. N. Stubblebine announced this morning. The subject of the sermon and program of the service will be available for publication tomorrow.

Aerials are now being erected over the Presbyterian church here. J. Remont's receiving set and an amplifier from the West Texas Electric company will be used. The amplifier or loud speaker will enable the sermon from 100 miles away to be distinctly heard in all parts of the church.

DE VALERA QUILTS IRISH FIGHT TO PLEAD FOR U. S. FINANCIAL AID

NEW YORK, July 28.—Eamonn De Valera, leader of Irish insurgents, has slipped out of Ireland and is on his way to the United States to plead for financial support to fight the Irish free state government, it was reported in Gallic circles here today. Weight was added to the report that De Valera had again taken the "underground route" to America by absence of his name within the last few days in accounts of the civil war in Ireland.

GLIB TONGUE SAVES LEONARD IN TITLE FIGHT

NEW YORK, July 28.—Low Tandler, young and slow on the mental trigger, was talked out of the light weight championship last night in Jersey City. When a groggy champion confronted him in the eighth round, all set for the knockout, Tandler allowed the glib tongue of Benjie Leonard to hold back his final punch and the bout went twelve rounds, without decision. Leonard, after losing badly in the first eight rounds of the bout, rallied in the final sessions and pulled himself up to even terms with the challenger. At the end, he had five rounds to his credit, Tandler had four and three were even.

A DURN SHAME!

JERSEY CITY, July 28.—The fickleness of fame was shown just before the Leonard-Tandler fight last night when Bat Nelson, former light-weight champion, was thrown out of the stadium. Nelson stowed away under a stand early in the afternoon and sneaked into a press bench just before the big fight. He was found without a ticket and three cops none too courteously hustled him to the gate and pushed him out.

BABY DIES, SIX INJURED IN WACO ROAD ACCIDENT

WACO, July 28.—The infant child of J. M. Allen, secretary of the Brown Cracker & Candy company of Dallas, was killed, his wife may die, and four other children and Allen are seriously injured as a result of an automobile accident three miles south of Waco this morning. The car was overturned at a sharp curve. The injured were brought to the Waco hospital.

HER SLAYING OF DEPUTY MAY END IMMUNITY LAW

MEXICO CITY, July 28.—Change in Mexican laws respecting immunity of deputies from arrest may result from the slaying of Deputy Liora by Maria Moreno, 15, who since has become the heroine of Mexico.

Although Liora murdered the girl's father, he was immune from arrest. This led Miss Moreno to shoot and kill him. Since then drastic changes in the laws have been demanded by the press.

RANGERS AT WACO.

WACO, July 28.—Following orders issued by Governor Neff, Rangers M. C. Mordie and R. C. Shumate have arrived here. They will be in command of the force at Waco during the present strike.

BROOKLYN BRIDGE IS FALLING DOWN!

NEW YORK, July 28.—Brooklyn bridge, the structural wonder of the world when it was built, is slowly sagging under the weight of its traffic burden, after forty years of strenuous service, New York engineers reported today.

One of the huge steel cables that supports the bridge and tons of traffic that go over it each day, is slipping from its base, according to the report, which was made by Commissioner Grover A. Whitman.

FINANCIER LAYS EUROPEAN ILLS ON PEACE TERMS

Vanderlip Declares All Central Nations Are on Verge of Disintegration.

By FRANK A. VANDERLIP. (Copyright, United Press.)

BERLIN, July 28.—"I have searched in vain for hopeful features in the European financial situation. The financial disintegration which is proceeding here is unfortunately not confined to Germany.

"It has progressed still further in Austria, and is progressing in Hungary.

"Bulgaria is in its grip.

"Italy, despite its desperate and well directed heroic efforts, is facing a most serious situation.

"The thing that stands out with increasing plainness is that the true trouble is not direct losses entailed by the war, but the nature of the peace. Mistakes made in Paris are proving as disastrous to the victor as to the vanquished. Not until serious attempts are made to rectify these mistakes will real reconstruction begin.

"Up to the present moment there has been no progress made toward reconstruction. The European situation at no time since the armistice was signed has been as grave as at the present moment. The inevitableness of Germany's financial collapse unless radical changes are made in the indemnity demands is now obvious. Apparently the difficulty lies in the inability of France to discuss a reasonable adjustment of the indemnities."

TRAILS FUGITIVE ACROSS OCEAN FOR VINDICATION

WILKES-BARRE, Pa., July 28.—Rocco Di Crippio, 34, of Pittsburgh, wanted on 38 grand jury indictments, was arrested here by Detective Moran after a transcontinental chase.

Moran traced the fugitive to France and arrested him. After being returned to Pittsburgh, Di Crippio escaped and Moran was dismissed from the police force. Moran, to vindicate himself, traced the fugitive here and seized him.

HOUSTON TOOL MAKER DEFIES INJUNCTION

HOUSTON, July 28.—The Mack Manufacturing company of Houston, manufacturers of oil supplies, was operating with guards inside and outside the plant here today as a result of a court decision rendered yesterday, restraining J. O. Mack, president of the company, from having control of the plant. The restraining injunction was secured by three stockholders of the company and climaxed a long legal fight in which stockholders attempted to have the company placed in the hands of a receiver.

GUARDS OF THE MACK MANUFACTURING COMPANY ARE STATIONED INSIDE THE PLANT AND THOSE OF THE STOCKHOLDERS ARE OUTSIDE.

"It sounds well but it doesn't mean anything," declared Mack when told of the injunction.

ACCUSED EVANGELIST KEEPS DRAWING CROWDS

GRAND RAPIDS, Mich., July 28.—Members of the Rev. Mel E. Trotter's "rescue mission" here turned out in their usual numbers today despite the seemingly detrimental nature of testimony offered last week in the trial of his wife's suit for divorce.

Testimony by C. D. Conroy, an assistant under Trotter, was that Mrs. Trotter in his presence had charged her husband with being the father of children of members of his congregation.

HAY WAGON KILLS FARMER

MEXIA, July 28.—Wm. Unger, a farmer, died early today from injuries sustained when a team hitched to a load of hay which he was driving, ran away, throwing him under the wheels. He is survived by a wife and six children.

MILITIA CAMP NAMED FOR DENISON'S FIRST WAR DEAD

DENISON, July 28.—In memory of Captain Leland Ellis, the first Denisonian to lose his life in France, the camp of state militia here will be known as "Camp Ellis." Col. Nimon, in command, stated today.

Captain Ellis, in charge of ambulance unit 27, with the Third division, was killed in France in June, 1918.

TONIGHT

The directors of the New Chamber of Commerce will meet tonight in the offices of the organization in the Guaranty bank building.

TWO SHACKS CHOPPED DOWN; BOOZE POURED OUT AT COURTHOUSE

Judge Joe Jones Leads Raiders; Woman Says She's "Paid for Protection" and They Can't Arrest Her—But They Do.

EASTLAND, July 28.—Headed by Judge Joe Jones of the county court-at-law, thirty-five citizens of Eastland early last night raided two alleged bootlegger establishments on the outskirts of the city and after wrecking both shacks with firemen's axes, poured out a quantity of seized whiskey and choc beer in front of the Eastland county courthouse. One of the establishments was within a few blocks of the West ward school. Fake labels and counterfeit government stamps were also found.

Loudly proclaiming that she had "paid for protection" and that they had no right to arrest her, a woman was arrested in the first shack raided and lodged in jail under a charge of possessing liquor for the purpose of sale. Later a man giving his name as Jimmy Hubbard was taken into custody on a similar charge. Beside Judge Jones the raiders were accompanied by Deputy Sheriff Porter Hearn.

Just Outside City.

At the first shack raided three gallons of corn liquor, a bottle of choc beer and a fruit jar of liquor was found inside the house and buried outside. The establishment was located south of town, just outside the city limits but within a few blocks of the West Ward school.

The second establishment was located east of the city, just outside the city limits. Fake whiskey labels and bogus government stamps were found together with a five-gallon jug of whiskey, 12 pint bottles of whiskey and two kegs of choc beer. The labels and government stamps were found in a sheet iron safe which was chopped to pieces along with the shack. Several of the raiders declared that the safe had figured in other liquor raids but that it had served its usefulness. A counter or bar and a quantity of choc beer were also found in the shack. The door was found locked when the raiders appeared on the scene and no one could be found around the place.

The raiders in organizing for the raids, declared that both places had been notorious for some time and that they were determined to put an end to the business conducted there.

LIBEL SUIT INJECTED IN OKLAHOMA CAMPAIGN

OKLAHOMA CITY, July 28.—Scandal crept into the Oklahoma primary today with the voting only three days off. A \$25,000 libel suit filed yesterday against R. W. Wilson, state superintendent of public instruction and democratic candidate for governor, was happily denounced as a "take" by the candidate's followers today.

The suit, asking for \$25,000 actual and \$25,000 exemplary damages, was filed by attorneys for W. E. Clark, facing charges of second degree forgery in connection with illegal issuance of state teachers' certificates.

All drivers must heed the siren of the fire department and draw out of the path of the fire trucks.

AVIATOR WHO FELL 300 FEET LIKELY TO SURVIVE

FRAMINGHAM, Mass., July 28.—The injuries Dr. Clarence R. Gamble, of Pasadena, Cal., received when his airplane crashed 300 feet into a swamp near here yesterday, killing Zeno R. Miller, of Boston, the pilot, are not critical hospital physicians said today.

Dr. Gamble, who is a son of James N. Gamble, soap manufacturer, was at first thought to be seriously hurt. Ralph K. Miller, third man in the plane and brother of the pilot, escaped with cuts and bruises.

BELGRADE, July 28.—The world's best horseback rider is said in Belgrade to be Lieutenant Pietro Hudenko, once of the Imperial Russian Hussars, and now a waiter at the Anglo-American club.

He claims never to have failed to break and tame the wildest horse. He says he does not use strength and agility, but mesmerism. Pietro soon is to become trainer and horse breaker for King Alexander.

FORMER RUSSIAN HUSSAR MESMERIZES WILD HORSES

TEXAN GIVES BLOOD TO BRITISH ADMIRAL

MANILA, P. I., July 28.—Sergeant Andrew Penland of Corpus Christi, Texas, stationed with a medical detachment here, gave more than ten ounces of blood in a transfusion operation in an attempt to save the life of Admiral Dumaresq of the British navy, it was announced at army headquarters here. Penland was thanked by British Consul General Herrington.

HER SLAYING OF DEPUTY MAY END IMMUNITY LAW

MEXICO CITY, July 28.—Change in Mexican laws respecting immunity of deputies from arrest may result from the slaying of Deputy Liora by Maria Moreno, 15, who since has become the heroine of Mexico.

Although Liora murdered the girl's father, he was immune from arrest. This led Miss Moreno to shoot and kill him. Since then drastic changes in the laws have been demanded by the press.

PUBLIC INSISTS THAT VILLAINS WEAR MUSTACHE

CHICAGO, July 28.—Black mustaches may have disappeared from the face of America but the lay public today is as insistent as ever before that its fiction and movie villains wear them.

This and other popular conceptions of "bad men" were pointed out here today by Tom Peete Cross, professor of comparative literature at the University of Chicago, who was one of the judges in the selection of a \$10,000 prize winning scenario from the 27,000 that were entered by amateurs in a picture-play contest recently conducted by the Chicago Daily News.

"Smooth-shaven faces have been the style ever since nine-tenths of the amateur writers were born," said Dr. Cross, "but the great majority of the contestants specified in their stories that their scoundrels should have bold black mustaches. The idea that dark hair across the upper lip denotes wickedness is an ancient one, handed down in folk stories from the Northern European peoples.

"Those blond races have implanted popular beliefs and ideas in the United States today, inheritance telling their superstitions to us over and over again. Their folk and fairy tales are ours. They were always at war with peoples of the southern European nations and grew to associate the black hair and mustaches of those enemies with general villainy and wickedness.

"They terrified their children with stories, myths and legends of black whiskered marauders and murderers. Sea raiders and buccaners of a later period cultivated the sweeping sable mustache as a symbol of ferocity and a means of spreading terror. So thoroughly was this superstition implanted in the popular mind that Americans of nearly all races today unconsciously adopt it.

"Another popular idea about villains as shown by the 27,000 writers is that cigarettes today are tokens of weakness and untrustworthiness, that cigars are symbols of ruthlessness and harshness, but that pipes are indications of sweetness of character, tolerance, strength, manliness, gentleness of soul, simple honesty and general heroism.

"This may seem odd in a day when cigarette smoking is very general, but it is the survival of strong and violent opinions taken by the public fifty years ago and which lives on in the race's unconscious views and come to light in its writings.

GOING AWAY?

Have the TIMES mailed to you while away on your vacation. Keep posted on the happenings at home. Mail orders payable in advance. Write or phone your order to the Times, phone 224.

UNION JOB?

By Associated Press. PARIS, July 28.—The French government having been persuaded to allot \$125 for the purpose, Napoleon's last home, on the Island of St. Helena, is to have a new coat of paint. It needs it, for the last coat was spread on eight years ago. The old house, at Longwood, is under the care of the French minister of domain. He it was who induced the government to make the financial allotment. The new coloring will be exactly as in Napoleon's time, light grey for the house itself, with the shutters, cornices and doors in olive green and dark brown.

BABY WINS BOUT WITH SAFETY PIN SHE SWALLOWED

The 8-months-old daughter of Mr. and Mrs. J. Remonte, one of the few babies who ever swallowed an open safety pin and got away with it, successfully disposed of the pin last night after it had remained in her system for almost a week. The successful outcome of the case brought an end to the anxiety of the parents and the attending physician, who had watched the course of the open safety pin through the system of the infant since last Friday night. The baby, however, never lost any sleep over the matter but continued well and happy throughout. The outcome bore out the expectations of Dr. W. C. Palmer, the attending physician, who had attended a similar case in Kansas City.

London is to have the biggest public dancing hall in Europe, with a floor to accommodate 1,500 dancers.

DOG HILL PARAGRAPHS

By GEORGE BINGHAM. Jeff Potlocks says after a fellow has been used to shaving at a barber shop, and then goes to shaving himself, he gets so lonesome, unless he has a talkative wife. Sidney Hocks reports a big time at the ice cream supper on Gander creek Saturday night. He ate about twice as much as his girl did, as she took hers up on the end of the spoon. He says the reason a person can eat so much ice cream is that you don't have to chew it. Cricket Hicks has remained so quiet this week his hair has remained combed since last Sunday.

PIPE LINE RUNS SHOW 2,200 GAIN OVER LAST WEEK

WICHITA FALLS, July 28.—Gains in the Eastland, Pioneer and Young county districts for the present week boosted the production of the North Central Texas fields up to 143,280 barrels daily, an increase of 1,430 barrels over the average daily pipe line runs of the previous week. There was a gain in the Pioneer pool of 1,400 barrels in daily runs, Young county pools showed a gain of 750 barrels daily and the Eastland pool boosted its daily output by 730 barrels.

A part of this gain was offset by slight losses in several of the other pools. The heaviest loss was in the Burkburnett pool where the average daily output is 800 barrels less than a week ago.

Following is the daily pipe line runs from each of the fields for this week compared with the runs a week ago and the totals for the entire North Central Texas districts:

	This wk	Last wk
Burkburnett	30,300	31,100
Electra	21,200	21,500
Iowa Park	2,450	2,470
Holiday	2,600	2,800
Petrolia	370	370
Young county	11,780	11,000
Stephens	40,530	40,700
Ranger-Eastland	16,420	15,600
Desdemona-Pioneer	14,000	12,600
Strawn	1,750	1,800
Moran	860	910
Brown	660	660
Coleman	90	100
Mitchell	270	230
Totals	143,280	141,850

Squirreltricity Runs Ponca City Roulette Wheel

By United Press.
PONCA CITY, Okla., July 28.—"Are all bets placed, gentlemen?"
"We are about to spin the little wheel."
"All right, Wallace—do your stuff!"
And this at police headquarters.
The wheel is a bona fide roulette wheel, confiscated in a recent raid. The gamblers are policemen. The stakes are matches. And Wallace—Wallace is a trained squirrel, the pet of the department.
He is the official croupier of headquarters' "gambling hell." Wallace operates the wheel by a unique method. He is placed in a bowl and runs like a streak of greased lightning. The fact that he simply stands still and pushes the wheel backward only adds more "kick" to it, literally speaking, from Wallace's standpoint.
When the roulette wheel is spinning at the required speed, some copper places a practiced hand on the back of Wallace's neck and lifts him off.
The wheel stops and the winner is announced. Then Wallace "does his stuff" again.

COMING TO THE LAMB "NANOOK OF THE NORTH"

NOTICE OF REDEMPTION TO HOLDERS OF VICTORY NOTES AND OTHERS CONCERNED

Notice is hereby given as follows: First call for partial redemption of 4 3-4 per cent Victory notes. All 4 3-4 per cent Victory notes otherwise known as United States of America gold notes of 1922-23 which bear the distinguishing letters A B C D E or F prefixed to their serial numbers having been designated for the purpose by lot in the manner prescribed by the secretary of the treasury are called for redemption on Dec. 15, 1922, pursuant to the provision for redemption contained in the notes and in the treasury department circular No. 138, dated April 21, 1919, under which the notes were originally issued; interest on all the 4 3-4 per cent Victory Notes thus called for redemption will cease on said redemption date, Dec. 15, 1922. Victory Notes of the 4 3-4 per cent series bearing the distinguishing letters G H I J K or L prefixed to their serial numbers are not in any manner affected by this call for redemption and will become due and payable as to principal on May 20, 1923, according to their terms. Second detailed information as to the presentation and surrender of 4 3-4 per cent Victory Notes for redemption under this call is given in treasury department circular No. 299, dated July 26, 1922, copies of which may be obtained from the treasury department division of loans and currency, Washington, or any Federal Reserve Bank.
A. W. MELLON,
Secretary of the Treasury.
B. A. MCKINNEY,
Governor, Federal Reserve Bank of Dallas.

HELD FOR MURDER OF MARSHAL WILSON

James Connelly and John O'Brien, Irish extremists, were arrested in London, after a long pursuit through the streets, for the assassination of Field Marshal Sir Henry Hughes Wilson, whom they shot down as he left his motor car to enter his home.

HAPSBURGS' DIAMOND STUDDED CROWN STOLEN FROM CONSULATE

NEW YORK, July 28.—The diamond and ruby studded crown of the Hapsburgs, former rulers of Austria-Hungary, has been stolen from the Spanish consulate in Vienna where it was placed for safe keeping after the revolution began.

Count de Korwin Sokolowski, Austrian aviator, who carried the diadem from a convent to the consulate during the first days of the revolution, has been summoned to Paris. He sailed last Saturday on La Savoie to join in a hunt for the jewels in Vienna, Barcelona, Paris and possibly Moscow.

Baron Radowitz, a German nobleman, who spent several days last May with the former German kaiser in Doorn and is a close friend of Sokolowski, Thursday admitted the crown had been stolen.

Sokolowski was a noted Austrian flier during the war. When the Hapsburg house, to which he is related, fell, he took several members of the royal family out of Vienna by airplane. The Archduchess Blanca of Austria, a princess of Bourbon, now living in Paris incognito, then told the count that the imperial crown was hidden in a convent near Vienna and delegated him to get it safely away.

The count visited the convent, claimed the crown and flew with it to the consulate. There he obtained a receipt in the name of a friend, fearing efforts of revolutionists to locate the diadem. The receipt was sent to the friend with careful instructions

NOT to claim the crown until he had received orders, and Sokolowski went to London.

Two months ago German and Austrian royalists were notified by underground that the receipt had been presented to the consulate and the crown removed. But the receipt was not presented by Sokolowski's friend, and he has no recollection of its disappearance. It is believed it was either lost or stolen in Paris.

According to Baron Radowitz, the crown is not of great intrinsic value, but historically it is priceless. Archduchess Blanca decided to make public news of the theft so that collectors would be warned against purchasing it.

LAUNCH FILLED WITH ALIENS SEIZED IN CUBA

HAVANA, July 28.—The Cuban motorboat Alfredo, caught in the act of starting for the United States with a full passenger list of undesirable aliens, was boarded by police and returned to the harbor.

Seventeen persons who said they were Russians and Rumanians, who had paid \$240 each for safe landing in the United States, were on board.

BOYS CHARGED WITH SETTING RANGE FIRE

SAN ANGELO, July 28.—Four boys giving the names of E. V. Hutchins, Albert Crouch, Herbert Lacey and Thurman Phillips and Austin as their address, were held today at Sonora, pending examining trials of charges of having set fire to the range in about 20 places in Sutton county Wednesday afternoon, according to a telephone message today from Sonora. Sonorans stamped out the blazes after about 5,000 acres of grass on the Allison, Allison & Hutcherson and McKnight ranches had been burned with several miles of fences. Otto Thiers, employe of the George Allison ranch, charges he saw the boys start fires on both sides of the old Spanish Trail east of Sonora.

The quartet was arrested at Junction and denied the alleged incendiarism and the alleged stealing of gasoline and oil from a pumping plant between Sonora and Junction. None claimed the car in which the trip was being made.

part in the new methods introduced by the manufacturer in his latest field of endeavor. A continuous conveyor system makes it possible for the glass to be kept continually moving from the time it leaves the furnace in liquid form until it becomes a polished windshield.

The molten glass is drawn from the furnace and passes under a roller that gives it width and thickness, and then upon a moving conveyor that carries it 464 feet through a gradually cooling furnace. At the end it is cut and placed on another conveyor that carries it through the stages of grinding and polishing, after which it is ready for use.

SOVIETS SPEND \$15,000,000 FOR PROPAGANDA PURPOSES

MOSCOW, July 28.—More than \$15,000,000 has been spent by the soviet government for propaganda purposes, according to figures presented by Commissar Lineieff. One-third of this was expended in the Baltic states, Germany and Italy; \$3,500,000 in India, and \$2,000,000 on the Genoa conference.

HENRY OPENS FACTORY FOR FLIVVER WINDSHIELDS

DETROIT, July 28.—Henry Ford has launched upon a new enterprise, that of glass making.

The manufacturer has established here and begun to operate a plant that will produce glass for automobile windshields. It is said to be the first plant in the country designed especially for making of windshields.

The Ford production slogan, "Keep things moving," is playing a large

What Would People Do Without Ice?

IF ICE delivery stopped for a single day during hot weather, what would happen?

Food would spoil, health would be endangered, baby's milk would be imperiled, sick people would suffer, well people would swelter. Life would be a very different thing for a day.

Ice, water, gas, electric light, are such everyday enjoyments of the average household that people seldom think about them, what a boon they are, how easily they might be interrupted, how much effort, money and foresight are invested in their safe and sure delivery.

The ice dealer has as big a responsibility as the electric light plant in safeguarding public welfare.

ARMENIA KEPT ALIVE BY MONEY FROM AMERICA

SAMSOUN, Asia Minor, July 28.—American charity is keeping alive the remnant of the dying Armenian nation. When all other countries turned a deaf ear to the privations and horrors of the Armenian population, the American people donated \$30,000,000 and 300,000,000 pounds of foodstuffs and relief supplies. Scattered throughout what was once the Armenian state are today more than 300 American men and women who are working valiantly to save the last vestiges of this oldest of Christian races in this far-off continent.

The Americans are concentrating their attention on the legions of parentless children which make Armenia the largest orphanage center the world has ever known. In Transcaucasia alone are gathered the childhood of 400,000 Armenian refugees who fled before the Turks from Erzerum, Trebizond, Van and Bitlis. America has become the foster-parent of these unhappy, shelterless youngsters.

The Americans have organized 38 hospitals, 59 clinics, and numberless relief stations throughout Asia Minor. In a single month they give medical treatment to more than 100,000 patients. In the Alexandropol orphanage alone there are more than 3,000 children suffering from trachoma.

Charles B. Vickery, head of the American Near East Relief committee, who recently arrived from the United States to supervise the field work of the organization, said recently in an interview:

"We are caring for Armenia's and Greece's hosts of refugees, orphans and sick in Northern Asia. It is a colossal task, made possible only by the liberality of the American people. But we cannot continue indefinitely. We must make the people self-supporting. We are trying to place full responsibility for the care of the refugee population upon the governments concerned. The unfortunate fact, however, is that the governments are reluctant to accept the obligation. America's heart is the only one that seems to have been moved by the deplorable plight of these wretched people."

JUTLAND SAILOR'S WILL READ BY MICROSCOPE

LONDON, July 28.—Strange as the story of any document told in fiction is that of a will which has just been admitted to probate and is now filed in Somerset house.

It is the "last will and testament" of a sailor, William Skinner, who lost his life when his ship, the Indefatigable, was sunk in the battle of Jutland. It is in the form of the ordinary identification disc. On one side, in the usually deeply-punched letters, appears the name, number, rating and religion of the man to whom it had been issued.

On the other side the disc appears at first sight to be just a circular piece of smooth, polished brass. But when viewed at a certain angle, there can be seen about 75 minutely engraved words. With a microscope they can be plainly read. They constitute Skinner's will by which he bequeaths everything to his wife. The disc had been recovered from the sea with Skinner's body and on being cleaned revealed its secret.

What Makes the Wild "Was" Wild; Need Fertilizer, Explorer Explains

RANGOON, Burma, June 23.—(By Mail)—Ralph E. Henderson, a Harvard graduate who has spent the past eight months traveling in southern Asia, has just completed a trip through the British "unadministered territory" of northeastern Burma and into the Chinese province of Yunnan, neither of which have been thoroughly explored by white men.

Among the wild tribes encountered on this trip were the head-hunting Was. Hitherto little has been definitely known concerning the life and customs of this tribe, as most of those who intruded upon Wa territory failed to return. The Was do not hunt heads primarily from cannibalistic motives, but rather because of their belief that their crops will fall unless some fresh human skulls are imported every year. Under this impression, they organize head-hunting expeditions every spring, and it is small consolation to the unfortunate traveler who falls into their hands that it is only his skull that is wanted.

Just Necessary Business. Writing of the wild Was, Mr. Henderson says:

"The Was are especially keen on hunting heads during February, March and April—just before the planting season. From the Wa angle of looking at it, the business isn't the madness we take it to be. It is a convention, and quite as reasonable as afternoon tea. Every decently religious Wa knows that unless the seed grain is properly charmed and conjured with a human head, the crop raised from it will be a failure. And who wants to starve? In fact, if worst comes to worst, and there are no heads forthcoming from raids on neighbors, the Was prefer to take the head of some feeble person in the village, rather than run the risk of scant crops and consequent empty stomachs.

"In February, March and April then, the wild Wa men go a-hunting. Of course, any head that offers itself to be collected is regarded as fair game, and it behooves the man working alone cutting jungle or the woman hoeing alone in the field to be cautious when the Was are afoot. A common artifice is to barricade some jungle highway and lie in ambush, some just behind the barricade, some on either side, to rush down on the flanks of the party caught in the trap.

Making Smallpox Popular. "Heads of men, women and children over 12 years old are acceptable. Heads marked with small-pox, for superstitious reasons, are not desired. A successful foray is one which yields one or more corpses. Immediately the heads are cut off and put in bags. Then back home go the rejoicing Was, not neglecting to take the bodies along for the larder, and raising a tremendous whooping and hulloaloo along the way. At home there is a ceremony to perform. The wife or mother of the man who made the kill takes the head out of the bag and proceeds to wash over it formally. She must wash the blood from the dead face, and wail an incantational song as she does so. She must work herself into a sentimental frenzy, which feat under the circumstances is usually easy of performance. If her wailing lacks the ring of genuineness, her

husband helps to supply that which is lacking by beating her.

"This song, strangely enough, beseeches the aid of the spirit of the head, and addresses it as a mighty ruler. It is this spirit which is to promote the growth of the crops, and it must be treated with great reverence. I heard this song once.

"After the head has been washed and waited over, a raw egg is put into the dead mouth, to feed the spirit. Then the head is thrust up on a pole. A basket of seed paddy (rice) is put under it an left for a few days. As the head decays, the droppings fall into the seed paddy, and are thoroughly mixed with it. The paddy is then ready to plant, and a good crop is insured."

U. S. BAR ASSOCIATION TO CONVENE IN LOS ANGELES

SAN FRANCISCO, July 28.—Lawyers and judges to the number of more than 2,000 are expected to come to San Francisco early in August to attend the 1922 convention of the American Bar association, the National Conference of Commissioners on Uniform State Laws and the annual meeting of the California State Bar association. The commissioners meet Aug. 2-9, the state body convenes Aug. 7 and the national association on Aug. 9-12.

Several noted speakers are to address the organizations, names on the programs including William Howard Taft, chief justice of the United States; Vice President Calvin Coolidge, Chief Justice Lucien Shaw of the California supreme court; George W. Wickersham, former attorney general; Cordenio A. Severance, president of the American Bar association, and Governor Henry J. Allen of Kansas. It is hoped that Elfish Root, former secretary of state, also will speak.

Addresses are also to be made by two distinguished visitors, the Rt. Hon. Lord Shaw of Dunfermling, representing the bar of Great Britain, and M. Henri Auberpin, representing the bar of Paris.

ONLY WOMAN DIRECTOR OF OPERA

Miss Emma R. Steiner, not satisfied with the distinction of being second cousin of Barbara Fritchie of Civil war fame, has the honor of being the only woman in America to conduct opera. Born in Baltimore, Md., she showed her talent early, and in the past thirty years has conducted 5,000 performances of fifty different operas. In the early nineties she went to Nome, Alaska, and was the first white woman to reach the tin fields at York, 100 miles north of Nome. She is now musical director of the Music Temple of the World in New York City.

representing the bar of Great Britain, and M. Henri Auberpin, representing the bar of Paris.

Two committee reports, in which a great deal of interest is being taken, will be presented. One is the report of the committee on promotion of American ideals, which will be presented by Martin J. Wade of Iowa. The other is the report of the committee on law enforcement, presented by W. B. Swaney of Tennessee.

A Chicago man writes to the Tribune: "I transplanted a gland from a monkey wrench to my Henry Ford. Then I went out for a ride and a motor cop tried to pinch me for speeding, and the car bit him and then climbed a tree and hung from the branches by its tail light."

U. S. RECOGNIZES THREE RUSS 'BUFFER STATES'

WASHINGTON, July 28.—Three Baltic "buffer states"—Estonia, Latvia and Lithuania—all bordering on Russia, have been formally recognized by the United States government.

Evan E. Young, who has been American commissioner in the three countries, will continue at his post with the rank of United States minister.

"The governments of Estonia, Latvia and Lithuania," said Secretary Hughes, "have been recognized either de jure or de facto by the principal governments of Europe and have entered into treaty relations with their neighbors."

"In extending to them recognition on its part, the government of the United States takes cognizance of the actual existence of these governments during a considerable period of time and of the successful maintenance within their borders of political and economic stability."
