LIFE LONG ENOUGH.

Man may not be able, by taking thought, to add cubits to his height, but, according to a popular lecturer, he can add years to his life. "Death is a matter of psychology and mentality," says this exponent of deathless living. All that is needed to insure everlasting life is banishment of the fear and expectation of death.

The thought is evidently intended to be comforting, but it has several disturbing slants. Most of those who reach the allotted limit of life are ready to yield the ghost. Life, when long endured, grows wearisome to the average man. The thought of out-Methusalem Methusalem would be unbearable to many who would have found that it largely consists of bearing the slings and arrows of outrageous fortune. Perhaps it is well that man cannot prolong his life indefinitely.—Washington Post.

NEW YORK VOTERS MAY PUT NEGRO IN CONGRESS

NEW YORK, July 25.—Congress, for the first time in nearly a quarter of a century, may have a negro member after March 4 next. A concerted effort is being made by negro leaders in the Twenty-first New York district, embracing the largest colored belt in New York city and a part of the fashionable Riverside Drive section, to nominate one of their own race for the house of representatives in the Republican primary this fall.

The present member from the Twenty-first district, Representative Martin C. Anson, is a candidate for renomination. The negroes mentioned as his probable opponents are James Weldon Johnson, secretary of the National Association for the Advancement of Colored People, and Wm. H. Ferris, editor of the Negro World. Both have strong backing among members of their own race. The entrance of both in the primary would insure Anson's renomination, unless either Johnson or Ferris will withdraw.

The district has 355,000 negro voters, more than 40 per cent of the district's total vote. George H. White from North Carolina was the last negro representative, serving in the fifty-fifth and fifty-sixth congresses.

RADIO PRAYER MEETINGS.

DALLAS, July 25.—Dallas churchgoers need not go to church for prayer meeting on Wednesday or Thursday nights any more. A series of weekly prayer services has been inaugurated by the city and are being broadcasted by the municipal radio station. All that is necessary is a radio set, and prayer meeting is brought to your home in Dallas.

OPEN SHOP NOW BIGGEST ISSUE IN RAIL STRIKE

CHICAGO, July 25.—In the face of additional curtailment of railroad service, and almost general reports that the strike of shomen is continuing effective, railroad executives are preparing for a lengthy battle to oust the American Federation of Labor unions and to replace them with company organizations.

The meeting of Eastern executives Monday to outline this program is to be followed by meetings of Western, Southern and Southwestern executives, it is learned, for the purpose of bringing about the open shop throughout the country.

This is the big issue in the strike, despite the wage and working conditions controversies, in the opinion of observers, and is the climax of a fight that dates back to the return of the railroads to private control. Seek Pre-War Conditions. One of the most bitter criticisms of one coterie of railroad executives on the government handling of the railroads during war-time, has been that the A. F. of L. rail unions were given national agreements during federal control which made it possible for their leaders to effectively build up strong unions where weak organizations had existed before.

The executive association has maintained consistently that it was not fighting the unions and that all action along this line was the decision of individual roads. The announcement of L. F. Loree, Eastern chairman of the executive association, puts the Eastern carriers on record as a unit in seeking to oust the established unions. Only the hardest kind of a fight can make this effort by the carriers successful, in the opinion of rail authorities here. Under the Esch-Cammmins law the labor board must recognize as employees representatives, those who represent the majority of the workers. In the railroad shops throughout the country from 75 to 95 per cent of the employees belong to the American Federation of Labor unions, the Federated Shopcrafts.

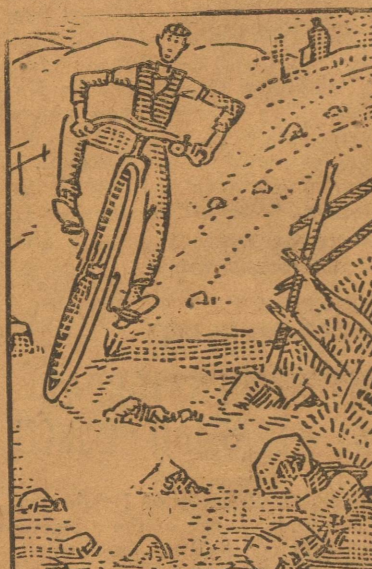

Court Decision a Hard Blow. If enough skilled mechanics can be secured to fill the shops, outside of the union men, it is declared, there is a chance for the executives to win in their attempt to freeze out the organized unions.

CHAMBER OF COMMERCE PLANNING MELON FEAST

Plans are being worked out by a Chamber of Commerce committee for a membership meeting and watermelon feast which the organization plans to hold in the near future. An informal speaking and musical program is being arranged looking toward a general get-together affair.

HIGH HONORS FOR SIR HENRY WILSON

The funeral of Sir Henry Wilson in London.

Full military honors were accorded Sir Henry Wilson, victim of Irish zealots, who murdered him on the steps of his London home, thousands lining the streets as the dead field marshal was taken to St. Paul's cathedral. The body was borne on a gun carriage, and his white horse, with stirrups reversed, may be seen following the funeral cortege.

Federal Broadcasting Stations Set Up in Wyoming and Nebraska

WASHINGTON, July 25.—Government broadcasting is being systematized under the direction of an interdepartmental advisory committee appointed at the instance of Secretary of Commerce Hoover.

The committee has made a preliminary classification of the kinds of materials which the several departments may have to broadcast by the primary stations, namely, Market prices and data, weather and hydrographic news, standard radio signals (such as wave length and time signals), executive announcements, statistics and educational material. One of the functions of the committee is to advise regarding priority of the types of government material to be broadcast and regarding schedules of operation.

The committee has recognized the principle that radio must be used primarily for types of service that cannot be as satisfactorily given by other means of communications and that therefore radio broadcasting should not be used in general where wire telegraphy or telephony or printed publication would be as satisfactory. It is possible that the scope of the committee's activities may be extended beyond the subject of broadcasting, and that the committee will act in an advisory capacity to the secretary of commerce in matters of government radio regulation and will consider all radio questions of interdepartmental interest.

In accordance with recommendations of the committee, an experimental system of government broadcasting by "primary" broadcast stations has been established, utilizing only previously existing government stations and equipment. The "primary" stations are stations which broadcast official government news by continuous wave (code) telegraphy for the purpose of furnishing this information to local broadcast stations for rebroadcasting by radio phone.

The eight stations so far included send out daily bulletins of govern-

ment news, mostly marked agricultural market data. They are: Arlington; Great Lakes, Ill., Washington, D. C., postoffice; Omaha, Neb., postoffice; North Platte, Neb., postoffice; Rock Springs, Wyo., postoffice; Elko, Nev., postoffice; Reno, Nev., postoffice.

YANK "KILLED IN ACTION" WAS GUEST AT BANQUET

LEWISTOWN, Pa., July 25.—Buck Private Charles Newton McPherran, late of the 18th infantry, 1st division, A. E. F., thrice cited for bravery in action in the World war and later reported killed in action, was a guest at the banquet of the 5th regiment, Spanish-American War Veterans.

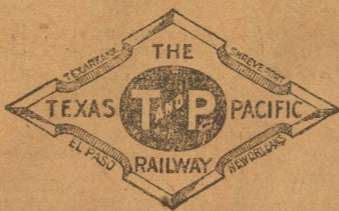

But not a soul knew it until several days later, when a schoolmate recognized him on the street. Invalided to the United States after the war, he spent months in hospitals, but did not write home.

FAWN WALKS INTO RANGE AND STOPS RIFLE PRACTICE

PRINCE RUPERT, Canada, July 25.—While marksmen were shooting at McNichol Creek range a fawn barely a month old came out of the brush between riflemen and targets. The deer was nearly tame. The shooting stopped long enough to have a photo of the fawn taken, after which it was turned back into the woods.

To The Public

Men employed in our mechanical and car departments have been on strike since July 1st against the decision of the United States Railroad Labor Board. The officers and loyal employees of this company are doing all in their power to keep trains operating. If we can have that protection for life and property which the law guarantees, we will succeed. The strikers and their sympathizers, on the other hand, are doing their best, through a campaign of lawlessness, intimidation and terrorism, to prevent our operating trains. The welfare and prosperity of the communities we serve depend upon who wins. The law will be enforced if the public demands it. If the law is enforced, the railway can and will continue to operate trains and give that service so vitally necessary if crops are to be moved and producers and consumers alike spared the suffering and financial loss involved in a tie-up of the transportation industry.

WIFE SHOT DOWN BY MATE SAYS SHE DESERVED IT

NEW YORK, July 25.—"I deserved to be shot,"

So saying, Mrs. Margaret Maher of Brooklyn, who on June 24 was shot five times by her husband, Martin Maher, Tuesday refused to lodge a charge against him.

"My husband forbade me to go with another man," added Mrs. Maher, "I was cheating. I was in the wrong. I had it coming to me."

Magistrate Igoe ordered the woman to sign a complaint against her husband. "Your wrong is a matter between your conscience and your God," said the magistrate. "Your husband's remedy was in the courts. People can't go around shooting one another and go unpunished."

But Mrs. Maher was obdurate. All efforts to make her sign the complaint which was drawn up were in vain and finally a detective was instructed to sign it. Maher was held in \$5,000 bail for trial on a charge of felonious assault.

Maher shot his wife at the home of her mother after he learned she had gone to Coney Island with an admirer.

GASSERS WHALE ZAPALAC HARD, WIN FINAL, 11-2

Old Folks Morton, who has played with the ball tossers of three generations, is still a good pitcher. On Sundays, being a minister's son, he takes a day off and goes to church instead of the ball park. As to whether his goodness on Sunday makes him better on Monday, there is no information available, but the fact remains, he is good enough to beat the Nitros every time he starts.

Yesterday was no exception, though his goodness was chiefly by comparison. He was dented hard but because a wild batting spree indulged in by his teammates, the Nitro knocks weren't effective. As a result, the Amarillo Gassers walked away with an 11-2 victory in the final game of the series.

Zapalac Gets Bumped. The golden-locked Mr. Zapalac was the victim of the Gasser orgy, which betrayed symptoms of what was to come in the opening round and grew steadily in intensity as the pastime proceeded. The happenings were so numerous that it took two hours to play six and a fraction innings and exhibition was called off, in order that the visiting crew might wait another two hours at the station for a west-bound train which is officially unaffected by the rail strike.

The Nitros kept themselves in the running for two innings. In the first, Leedy delivered a clean smack after Craig and Pyle had singled, tying up the count. In the second, Zapalac roused hope of a tight game by fanning two batters after a walk and hit had put Chaney on third. A flashy bit of fielding in which Pyle threw to third to head off Chaney and White relayed the throw to second in time to catch Douglas, had made the first out.

Thereafter, it was all off, especially after the fifth, when a hit through the box that Zapalac should have fielded set the Gasser machine to running and they increased their lead to five. Moore little sins of omission that aided Gasser hits enabled the visitors to make their lead overwhelming in the sixth. One Comeback. The Nitros' only comeback was in the fifth, when they threatened seriously but were held to one run by fast fielding of the Gassers. Leedy again drove in the run, with his second pinch hit of the day. Altogether, Gus ripped off three singles as his contribution to the pastime, his last one following Pyle's drive, which put two on bases with one out in the seventh. Then Umpire Billings, a new arbiter, who worked in this league two years ago, broke the game off short.

YANK-RED SOX TRADE STIRS BASEBALL FUSS

CHICAGO, July 25.—President Ban Johnson of the American league tonight declared a deal which sent Joe Dugan, star third baseman with the Boston Americans to the New York Yankees, was a "regrettable" transaction, that trades of this character in mid-season must be discouraged and legislated against.

The Yankees acquired Dugan and Elmer Smith, a hard-hitting outfielder, in exchange for Elmer Miller, an outfielder; John Mitchell, a substitute shortstop; Wilson Fewster, an infielder, and a pitcher, to be selected later.

"A point has been reached where the public regards with aversion and apprehension any deal for players between the Boston and New York clubs," President Johnson said.

WEST TEXAS GAMES

HUBBERS BEATEN TWICE. SAN ANGELO, July 25.—The Broncs wrestled two hard-fought games from the Hubbers yesterday, 2 to 1 and 4 to 3, though forced to go 15 innings for the first one, when Muns and Woodridge hooked up in a fine battle. The second game, called in the sixth on account of darkness, was knotted by the Hubbers in the fifth, only to have the Broncs go ahead again in their half. The scores: First game—R. H. E. Lbk . . . 000 000 100 00—1 7 2 S. A. . . . 100 000 000 01—2 11 2 Woodridge and Allen; Muns and Klindworth. Second game—R. H. E. THERMOPOLIS, Wyo., July 25.—"Stick-to-it-iveness" that rivals the folk story of Holland's boy here whose persistence in holding his finger in a hole in the dike until help came has a modern counterpart in Irma Lewis, who rode 30 miles on horseback to uphold the Upper Cottonwood's reputation in a county spelling contest in this city.

DOUBLE-HEADER TOMORROW WITH CLOVIS; LEFTY ADKINS JOINS TEAM

Today, Wednesday and Thursday, the league-leading Clovis Buzzers are guests at Nitro park. The entertainment includes a double-header tomorrow, starting at 3 o'clock. If the Nitros can do a Samson by pulling in the roof of the league, everything will be hunky-dory. A lot of enthusiasm among a lot of assistant umpires will help the cause.

LEFTY ADKINS BACK. Long-sought material for strengthening the Nitro bulwarks arrived last night in the person of Mr. Lefty Adkins, notable performer with last year's Nitros, and Palmer, a catcher. Lefty probably will work tomorrow. He has been playing with Bonham in the T. O., where he has outfielded successfully all the season. His soupbone is in good shape, however, and he's ready to take a turn in the box, he says. With three forkhanders on the Nitro string, it now behooves some smart guy to think up some names for them. With a proper assortment of monickers, we can just left-hand this old league to death.

Palmer comes recommended by Clayton, with whom he played last year. He has caught 70 games for the Sapulpa club of the Southwestern association, hitting .248 and making only two errors. ROBERTS RELEASED. To make room for the new talent, Vaughn (Red) Roberts was released last night. Red probably will join the Amarillo club.

YOUTH ARE FICKLE, SO LINE DROPS CUPID'S CAR. The petition was granted with the understanding they should patronize the car at least three times each week. But they have fallen down on their patronage and the company has ordered the car removed.

OHIO CAMPAIGN WINS FIGHT FOR STAID DANCES

COLUMBUS, Ohio, July 25.—The flapper, much lambasted devotee of the petting party and the toddle, is losing her uphill fight in Ohio against the forces of conservatives.

A census of local dance floors divulged the fact that quadrilles and circle dances are fast becoming the "rage."

Where the flapper and her "cater" once gave an excellent impersonation of two very agile wrestlers, dancers now step off the evening to the tune of "Turkey in the Straw" and the "Arkansas Traveler" while some robust voiced individual admonishes them to "promenade, count four, and circle all."

Embrace is Cool.

And when the orchestra finally swings into the syncopation of "Everybody Step" or "Bow Wow Blues," the dancers fail to embrace in the manner which aroused the ire of their frock-coated condemners.

Instead, partners are held at arm's length while the steps, instead of being a cross between a wiggle and a writhe, consist mostly of short, jerky, walking steps.

So much for dancing. The flapper's dress which moved her grandmother to tears, is also undergoing a radical change. Although short skirts continue popular, few of them are made of the filmy, form-fitting materials which marked the jazz craze at its height.

Instead, suits of tweed, almost severe in their cut, are making their appearance wherever flappers are found. Shoes, too, are drifting from tight patent leather pumps with lofty French heels to flat-heeled sport oxfords of elk hide with rubber soles. Bobbed hair has as yet shown no sign of falling from favor. The consensus of flapper opinion seems to be that it is a permanent fixture, along with the powder puff.

TRIPLETS ARRIVE TO WIFE OF LESS THAN 100 POUNDS

LEXINGTON, Ky., July 25.—Mrs. Robert Gray, of Newfoundland, Elliott county, became the mother of triplets today—two boys and a girl, each weighing eight pounds. All the babies are vigorous.

Mrs. Gray weighs less than 100 pounds. Mrs. Randolph Holdbrook, living in the same neighborhood, recently gave birth to quadruplets, the four weighing twenty-four pounds at the time of birth. The babies died.

FAMOUS FRENCH STATUES BEGINNING TO CRUMBLE

PARIS, July 25.—Venerable statues of stone, ancient reliefs, queer old gargoyles of Notre Dame and Saint-Chapelle—none of them can stand the strain of modern life in Paris.

Report has been made by experts that all stone statues that have stood the test of centuries are commencing to crumble away.

HER WEDDING ENDS IN TRAGEDY

Miss Pearl Thomas, prospective candidate for senator in Toledo, Ohio, was just married to Kenneth Glumm when the latter was shot and seriously wounded by Miss Evelyn Courtours, who then killed herself. As she fired at Glumm, she cried: "He belongs to me!"

WANTS 'LOVE LOTTERY' TO COMPEL 50 WIDOWS TO MARRY WIDOWERS

HAMMONTON, N. J., July 25.—

Instead of wanting to make two hearts beat as one, Lewis Conley plans to make 100 hearts beat as 50. As a means to this end he wants an ordinance passed forbidding the playing of solitaire by the 50 widows and 50 widowers of this town.

Conley, a widower himself, proposed a "heart lottery," whereby the names of all the widows and widowers are to be placed in two boxes and shaken up. Following a drawing, the widowers and widows would be paired off and, under the rules, courting would be encouraged for six months. After that time the couple could either marry or draw again, the drawing to continue until there are no more widows or widowers.

WOMAN SLAIN NEAR LINKS BELIEVED "BOOTLEG QUEEN"

BALTIMORE, Md., July 25.—City and county police today expressed belief that the woman found slain on Valley Road, near Rolling Road club golf links yesterday, was the victim of a bootleg plot.

State's Attorney H. Courtenay Jenifer left today for Martinsburg, W. Va., to endeavor to find some one who personally knows Carmela Sairoco, who was known as the "Bootleg Queen," thought to be alias Anna Thompson, of Martinsburg, who betrayed her admirer and affected his capture at the hands of the prohibition officials.

FIRST 'NATIVE SONS' WERE HIGHBROW GIANTS

LOS ANGELES, Cal., July 25.—Original residents of southern California were giants, seven feet in height, according to an anthropological discovery of the University of California near McFarland, in the heart of the oil fields.

They were also "highbrows" with large, well-rounded heads. They lived in mounds and used implements of stone.

The excavations are being made under the direction of Arling Steinberger, in a now dry lake, where the soil is heavy impregnated with alkaline salts and a seepage of petroleum. This chemical combination acted as an ideal preservative, so that the skeletons were found in a fine state of preservation.

BREAKFAST FOR OUT OF TOWN GUESTS.

Monday morning Mrs. D. M. Steele entertained with a beautifully appointed breakfast in honor of Miss Lucile Gregg of Houston, Miss Gladys Cornell of Sherman and Mrs. Rand, who are house guests of Mrs. Saunders Gregg. Cut flowers were effective in their placing and enhanced the already beautiful appointments of the breakfast table. Bridge was played until noon, with Mrs. C. C. Craig re-

ceiving the high score favor and Mrs. M. H. Hagaman the low score.

Covers were laid for the honor guests, and for Meses. Saunders Gregg, M. H. Hagaman, M. K. Collier, C. C. Craig, Oldenette, F. A. Brown, Frank Erahoney, E. E. Crawford, Howard Gholson.

SUNDAY PICNIC.

This picnic began early in the morning and lasted all day, as the picnickers left Ranger for Thurber early enough to allow them time to have a swim in the Thurber lake before breakfast, which was a fine beginning for a Perfect Day, as nothing is more conducive to good times than an early morning swim, followed by an outdoor breakfast. After this meal had been done justice, and had been properly digested another swim was enjoyed, which was followed by a picnic dinner consisting of all the good things the market has to offer. The afternoon was spent in more swimming and driving, with a fine supper to complete the day.

Those participating in this all-day, dinner-on-the-ground picnic outing were Messrs. and Meses. Lloyd Rhoades, Walter Murray and daughters, R. W. Thomas, Howard Cole Jr., Messrs. Charles Terrell, Aubrey Jameson, Misses Helen Stafford and Neil.

ENGLAND MAY MAKE GIRLS UNDER SIXTEEN WEAR HAIR DOWN BACK

LONDON, July 25.—Girls under 16 years old will be required to wear their hair down their backs, either loose or plaited, if a new clause proposed by Frederick MacQuisten is introduced into the criminal amendment act.

MacQuisten says it is the purpose of the proposed law to protect men from young flappers who pose as women. Sixteen is the age of consent in England.

He suggests the detention in a home of all young girls who are convicted three times of putting their hair up.
