## GOVERNOR REFUSES TROOPS TO DENISON

### TEE PEE PUTS NEW GAS PLANT WEST OF CADDO

### \$100,000 to Be Spent on Veale Lease; Company Active at Pioneer.

A \$100,000 gasoline absorption plant is to be erected by the Texas Pacific Coal & Oil company on the C. S. Veale lease, near Caddo, it is officially announced. Gas is to be obtained from the production of the Prairie and other companies, in addition to the Tee Pee's production in that section. The bunkhouse, boarding house and warehouse from the company's McCleskey camp is being moved on the Veale lease, and the McCleskey camp is to be further dismantled by the removal of Superintendent Albert Oleson's residence to Pioneer, where Mr. Oleson has charge of production.

The company's Brannon No. 1 at Pioneer is now eighteen feet in the sand, with a good showing of oil and gas. A delay in drilling the well in resulted from an accident to the derrick, which has now been repaired and the crew is only waiting to cement the 6-8 inch casing.

The Tee Pee has four more drilling wells in the Pioneer field and has moved a rig on another location. A rig has also been constructed in the semi-wildcat in Coleman county.

The company has further increased its production in the Mid-Continent field by the purchase of the holdings of the Wrightman Petroleum company, in the Robertson field of Oklahoma, with production of 1,000 barrels daily, from fifteen wells. There are five different sands in this field, it is stated.

### RESERVE BOARD HEAD COERCES BANKS, CHARGE

WASHINGTON, July 15.—Still another attack on Governor Harding of the federal reserve board was made today by Senator Heflin, Democrat, of Alabama, who charged in the senate that bankers were being coerced into indorsements of Governor Harding for reappointment.

"Indorsements are being secured by coercion and intimidation," said Senator Heflin, asserting that Governor Harding was writing heads of federal reserve banks to secure indorsements of him. Heflin said President Harding should put his foot down on reprehensible practices.

### HEROISM OF YOUNG GIRL FAILS TO SAVE FRIENDS

DALLAS, July 15.—Despite efforts of Catherine Metzger, 12, to save the life of her two chums, Edna Enix, 15, and Agla Scoggins, 12, failed today when the three went bathing in the Trinity river here. Catherine reached one of the girls but lost her hold when she was within a few feet of the bank. All of the girls could swim, it is said, but it is believed Edna and Agla became frightened when they got into deep water.

### EYES WEAK, DOC?

NEW YORK, July 15.—Dr. Robert Herrod of Switzerland, director of the International Temperance bureau, who has been in the United States investigating conditions under the prohibition law, saw only two drunks during a tour of the nation, he declared today before sailing for home. One of these was in New York, and the other in Butte, Mont.

Dr. Herrod, who will report to the governments of Norway, Sweden, Denmark, Yugoslavia, Bulgaria and other countries, declared that on the whole he had found social and street life in America a hundred times cleaner and more decent than in Europe.

"The Bowery in New York compares with Whitechapel in London as heaven compares with hell," he said.

### HARDING HEARS WORKERS' SIDE OF RAIL DISPUTE

### Says Congress Must Change Law to Remedy Some Grievances of Men.

WASHINGTON, July 15.—President Harding personally intervened today in the railroad strike situation but the success of his efforts to remedy conditions, now admitted generally by the government officials to be serious, will remain undetermined until early next week, when the officers of the United Brotherhood of Maintenance of Way Employees and Shop Craft Laborers meet in Detroit.

The President for two hours discussed the strike situation with E. F. Grable, chief of the maintenance of way organization, who came to Washington from Chicago for the conference and with Fred L. Feick, executive representative of the same organization.

**Hears Workers' Side.**

As a result of this conference, as announced in a White House statement, the President received for the first time direct information as to the workers' side of the controversy and was afforded an opportunity to present direct to a recognized representative of the employees the position of the government.

Another result announced after the conference by Mr. Grable consists of a call for a meeting the first of next week in Detroit of the grand officers of the maintenance of way brotherhood, to decide on a policy, presumably on whether that organization shall continue to withhold the authorized strike order or whether it shall allow its members to join the striking shop craft workers.

While the conference between the President and Mr. Grable and Mr. Feick was in progress, Senator Cummins, Republican, of Iowa, announced that hearings soon would be started by the senate interstate commerce committee to initiate changes in the Esch-Cummins transportation act so as to remedy faults which have been shown to exist through development of the present troubled railroad situation.

### BOY HERO DOESN'T CARE FOR NOTORIETY

ATLANTIC CITY, N. J., July 15.—Although but 9 years old, Charles Howarth, of Venter Heights, proved himself to be a real hero when he plunged from the Dorset avenue bridge and rescued Marie Lindmier, 6 years old, also of Venter Heights.

The little girl was floating in the water. She wore a life preserver, but the belt became loose. She sank, but floundered to the top again.

Then she screamed. Howarth, walking along the bank, heard her.

Without a minute's hesitation he ran out on the bridge and plunged into the water. He swam to her side, and, holding her head above the water, made for the shore. Several men who were working near by went to his assistance and lifted them both to the bank.

### EVIDENCE COMPLETED IN SWANSON WILL SUIT

LOS ANGELES, July 15.—Hearing of the contest over the will of Matthew P. Burns, wealthy shoe manufacturer who married the mother of Gloria Swanson, film actress, was completed today and arguments before the jury will be started Monday afternoon.

Relatives of Burns are seeking to prevent probating of the will, by which the bulk of the estate is left to Mrs. Adeline Lew Burns, the actress' mother.

### RAINBOW DIVISION MEETS NEXT IN INDIANAPOLIS

MINNEAPOLIS, Minn., July 15.—Veterans of the Rainbow division chose Indianapolis as their 1922 convention city at the close of the national convention here today. It was the unanimous choice of the delegates, Los Angeles, Kansas City and New York invitations being rejected. The rates set for the gathering were July 14, 15 and 16.

## Candidates Wage Hot Debate

### MINERS REFUSE U. S. MEDIATION OF COAL STRIKE

### President Waits on Bituminous Operators' Reply Before Announcing Further Plans.

WASHINGTON, July 15.—Announcement of any government plan to relieve the coal strike situation will not be made until the response of the bituminous operators is received, it was officially stated late today at the White House after the miners' union in a written reply to the President declined to accept the arbitration plan he had proposed.

The statement said the President expected to have the reply of the bituminous operators Monday morning.

The White House statement relating to the declination of the miners to accept the arbitration plan says:

"The President met the policy committee of the United Mine Workers and received the written declination to accept the voluntary plan proposed for the settlement of the dispute which is responsible for suspending mining activities. There will be no announcement of any government plan to relieve the situation until the reply of the bituminous operators is received. It is expected to have their report Monday morning."

"The President did not comment to the mine workers' declination except to say that he hoped they fully appreciated the responsibility they assumed in declining the government's offer of a means of instant adjustment and the resumption of mining."

In a communication addressed to leaders of the operators and miners, the President today made an interpretation of certain phases of the arbitration proposal which he offered last Monday as a means of terminating the coal strike. The interpretation, the President stated, does not in any way modify the original proposal but will clarify such doubts of construction as have been expressed.

**Judge Davenport Presides.**

Judge George L. Davenport, presiding at the meeting, found it necessary to call for order on several occasions during Mr. Hazel's speech. Both Flewellen and Hazel centered their attacks on Barnes in their speeches, except for slight references in one or two instances.

The usual tilt between P. P. Palmer, C. C. Hamilton, Wade Swift and W. H. Blankenship, constable candidates, opened the preliminaries at 8:30. They were followed by H. A. Collins, candidate for tax assessor, who asked for a second term as due him on his record in office.

He was followed by W. J. Herrington of Ranger, who declared that his opponent was asking for a fourth term instead of a second one, as he had served two terms as tax collector and one term as tax assessor already and was not asking for another. Collins, he said, defeated a man running on the same plea for a second term.

It was Herrington's first speech in Ranger during the campaign.

T. M. Toombs and J. T. Sue, candidates for county treasurer, spoke in the interest of their candidacies before the main body of the evening started. At the end of the county attorney's debate, Earl Bender, candidate for county clerk, spoke.

The speeches of the county attorney candidates, as closely as they could be followed, follow in part:

**G. G. Hazel.**

While disclaiming that he was injecting the Ku Klux Klan into the

### "Barnes Is Ku Klux," Says Hazel; "Pioneer Is Wide Open," Barnes Counter; "Citizens' Committee Has Elected Me," Flewellen Declares.

As had been predicted, "fur flew" last night when the three candidates for county attorney clashed in Ranger for the first time but the ownership of the lost fur was not confined to any one candidate. From shortly after 9 o'clock until 11, between 400 and 500 Ranger citizens stood around the political arena at Main and Austin and alternately expressed their approval and disapproval of the candidates' remarks with whoops and hand clapping.

The supporters of W. J. Barnes and L. H. Flewellen appeared to be about equally divided and felt little hesitation in expressing their sentiments. G. G. Hazel, the third candidate, lost considerable fur in clashes with a large portion of the crowd when he declared Barnes a member of the Invisible Empire and declared that he was able to name the "cyclops" of a number of towns in the county. His supporters appeared to be in a small minority and were content to express their feelings with feeble hand applause.

**CHICAGO, July 15.—**A taxicab chauffeur who bought a share of his company's stock on the installment plan was bitten by the pyramiding virus and ran a shoe-string up to more than \$100,000 and was wiped out in the failure of Nash & Co., brokers, it was learned today.

The chauffeur is Charles Stiff, 45, and the father of five children. Company officials urged him to withdraw with between \$100,000 and \$125,000 in profits. He declined.

"Then the crash came," and Stiff is a poor chauffeur again.

## A REAL LIFE BEGGAR OF BAGDAD

## FIRST NEGRO WORKERS IMPORTED INTO 'VALLEY'

PHARR, Texas, July 15.—Negro cotton pickers are being imported into the lower Rio Grande valley by planters to take places of Mexican laborers who are out on strike for more money. This is said to be the first time negroes have been worked in cotton fields in this section of the valley. Mexican laborers recently were granted an increase of 15 cents a hundred but were not satisfied.

## TURKS TOO "HUMAN" TO SLAY THOUSANDS OF STARVING DOGS

CONSTANTINOPLE, July 15.—Constantinople's hordes of pariah dogs have by no means been exterminated. Thousands of them, ownerless and hungry, roam the streets and constitute a menace to pedestrians. More than 450 persons are now being treated in the Pasteur Institute here for bites from these vicious animals. A new campaign for their suppression has been inaugurated, but the Turks are proverbially humane and sympathetic to all animals and hesitate to put the dogs to death. Many of the beasts are being removed to the numerous barren islands in the Sea of Marmora where they meet death by starvation.

### WOMAN HELD AS SLAYER FORMER BATHING BEAUTY

### Thought Wife Insane, Husband's Explanation of Telling Murder Story.

LOS ANGELES, July 15.—The veil is being lifted today from the life of Clara Phillips, former movie bathing girl, and H. L. Phillips, oil promoter, by detectives seeking to uncover the chain of circumstances leading to the hammering to death of Mrs. Alberta Meadows, 20-year-old widow last Wednesday afternoon on a lonely hillside road in the northeastern section of Los Angeles. Police say all doubts to their conviction that the widow was the victim of an assault by Mrs. Phillips was removed by the graphic tale recited by Mrs. Peggie Cascoe, chum of Mrs. Phillips.

This was the story of an eye-witness participating in the tragedy which led to the indictment of Mrs. Phillips, who is now under arrest in Tucson, Ariz. Her story is awaited by authorities. She is expected to return here from Arizona in custody of Sheriff Kregar.

Among statements being investigated is that of Mrs. Ola Weaver, sister of the woman accused of the murder and in whose home Phillips and his wife lived.

**Quarrelled Over Widow.**

"I have heard the name Alberta Meadows in quarrels between my sister and her husband and I have also heard gossip about my brother-in-law and the dead girl," said Mrs. Weaver.

"Clara often accused him of infidelity. Just before the terrible day, Clara asked him if he had not given the widow a wrist watch and he denied it."

Phillips maintains silence toward all questions concerning his past movements and disposition of time in relations with the slain girl. While not under arrest, Phillips is held in surveillance by a deputy sheriff.

**Thought Wife Insane.**

Because he thought his wife, Mrs. Clara Phillips, was insane and dangerous to the community, was the reason her husband, J. L. Phillips, told officers that she had confessed to him that she killed Mrs. Alberta Meadows with a hammer here last Wednesday, thus bringing about her arrest at Tucson, Ariz., and an indictment against her by the grand jury, according to a statement he made today to his attorneys and given out by them.

## ADMITS IDENTITY.

LOS ANGELES, July 15.—Mrs. Clara Phillips, who is held in jail at Tucson, Ariz., charged with the murder of Mrs. Alberta Meadows at Los Angeles and who has maintained she is not Mrs. Phillips, admitted her identity late today, according to a special dispatch from Tucson to the Los Angeles Times.

## M'CORMICK SAILS, WON'T DISCUSS HIS DAUGHTER'S AFFAIR

NEW YORK, July 15.—Harold F. McCormick of Chicago, former head of the International Harvester company, sailed for Europe on the Olympic today, feeling "bully" after an operation he underwent recently in Chicago.

He willingly discussed such personal affairs as his own health but when it came to talking of his daughter Mathilde and the prospects of her marriage with Max Oser, Swiss riding academy master, "that's a little too personal," he declared. He added, however, that his daughter was not sailing with him.

## JURY GETS MORGAN CASE.

AUSTIN, July 15.—The case of Lon D. Morgan, former state treasury chief clerk, charged with alleged misapplication of state funds, was given to the jury late today. Several state witnesses were examined during the morning and the afternoon was devoted to arguments. Assistant Attorney General Stone opened for the state and District Attorney Moody closed. Earl Shelton and J. T. Moore, defense attorneys, both argued the case. They were appointed by District Judge Hamilton to defend Morgan.

## NOT WISE MOVE AT THIS TIME, NEFF'S BELIEF

### "No Telling What Any Day Will Bring Forth," the Executive Admits.

DALLAS, July 15.—"Things are in such a condition in Denison that it is impossible to tell what a day will bring forth. However, just at this time it is not thought wise to order troops to maintain order or to protect life and property."

So read a statement issued tonight by Governor Neff after a conference with Adjutant General Thomas D. Barton and Captain Tom Hickman of the Texas rangers. The governor said he would have nothing further to say concerning the strike situation at this time.

CHICAGO, July 15.—The third week of the railroad shopmen's strike opened today with peace negotiations practically at a standstill, following yesterday's conferences between railroad executives, union heads and railroad board members when the differences were described as fundamental.

Western carriers tonight issued a virtual ultimatum to the strikers, asserting they will not agree to any plan inconsistent with any decision of the labor board and will not confer with the strikers while the walk-out continues.

**Executives Pass Buck.**

The statement, issued by a committee of the Western Railway Presidents association, placed responsibility for continuation of the strike on strike leaders and apparently left but one course open for a settlement. The executives, the statement said, are perfectly willing to attend any meeting or participate in any conference with a view to any settlement that would not nullify and would uphold the labor board's decisions.

Virtually abandoning hope of any settlement, many roads are preparing to make a determined effort to reopen their shops the first of the week with non-union employees. With the carriers apparently determined to fight to the last, the ranks of the strikers were expected to be augmented Monday by a walkout of stationary firemen and oilers, while at Cleveland the Federation of Workers have voted to walk out the first of the week.

**Maintenance Men Uncertain.**

After a conference with President Harding, E. F. Grable, head of the maintenance of way organization, said there was no prospect of an immediate authorization of a strike of his 400,000 men but added that 48 hours might change the situation.

Chicago, the hub of the strike, was quiet. B. M. Jewell announced he would have nothing to say over the week-end while labor board mediators apparently were nonplussed by the "fundamental differences" developed at yesterday's conferences.

Federal court order restraining strikers from interfering with the petitioners continued to be granted.

Troops were requested at San Bernardino, Cal., to protect railroad property and representatives of Secretary of War Weeks and Governor Neff of Texas were investigating the need for troops at Denison, Texas.

Disorders occurred at Scranton, Pa., where one man was shot, and at Ennis, Texas.

## Fruit Crops Endangered.

The effect of the strike on crops were seen in statements from California that \$200,000,000 worth of fruit is endangered and from Macon, Ga., that railroads have begun to withdraw their telegraphers from the peach and melon districts.

The statements by rail executives here today said reports from railroads in all parts of the country showed gains in the number of men in the shops since the strike started. The situation, the statement said, was better in eastern territory than elsewhere. Developments show, the statement continued, that the main thing to insure the return of normal conditions is the protection of the workers.

## FORMER CADDY WINS BIG GOLF TOURNEY

GLENCOE, Ill., July 15.—Gene Sarazen of Pittsburgh won the national open golf championship today with a score of 288. He is the youngest man who ever held the open championship, being only 21 years old and until three years ago was a caddy.

## INJUNCTION IS GRANTED AGAINST HOUSTON STRIKERS

HOUSTON, July 15.—A temporary injunction was granted by Federal Judge Hutchison Saturday "straitly enjoining" the striking railroad shopcrafts and their members from intimidating workers; from interfering with the handling of the mails and interstate commerce; from congregating on the street or in front of homes of employes; from trespassing on rail-

road property, and from conspiring to do any of these things.

To "straitly enjoin," is "to narrowly restrict," it is explained. From two decrees dealing with the question of picketing and alleged interference with transportation, Judge Hutchison this morning prepared to enter a general court order on the question.

Late yesterday Judge Hutchison told attorneys of the railroad and attorneys of the shop unions to get together on a proposed decree and this morning the two separate orders, varying somewhat were submitted.

Meanwhile, the local situation remained virtually unchanged. Clerks' headquarters announced no men would be called out until definite orders are received from general headquarters. The Southern Pacific was paying off strikers, giving them their pay for the last half of June.

CANCEL LOUISIANA TRAINS.

SHREVEPORT, La., July 15.—First passenger trains entering or leaving Shreveport to be annulled as a result of the strike were announced Saturday by the Louisiana Railway & Navigation company, which effective Sunday cancels local trains 3 and 4 between Shreveport and Alexandria.

CALIFORNIA GOVERNOR IS ASKED FOR TROOPS

SACRAMENTO, Cal., July 15.—An appeal for state troops to protect railroad property at San Bernardino against the attacks of striking shopmen today was received by Governor Stephens from Sheriff Shay of San Bernardino, Cal., and from the mayor of San Bernardino. Governor Stephens replied to the appeal with a telegram to Shay asking him what steps he has taken to maintain order in the county.

Shortly after the message was received Stephens called Adjutant General Boree in conference. Following his conference with the adjutant general the governor announced he would order State Labor Commissioner Mathewson to proceed at once to San Bernardino to investigate the situation.

EASTERN ROADS BLAMED FOR STRIKE CONTINUANCE

ST. PAUL, Minn., July 15.—Only the refusal of eastern railroads to reinstate striking shopmen with their full seniority rights is preventing a settlement of the strike, as far as the Northwest roads are concerned, R. A. Henning, general chairman of the federated shop crafts of the Northwestern roads, said in a state-

ment tonight. Henning said an agreement virtually had been concluded with the Northwestern roads to return to work pending adjustment of certain disputed points, including rates of pay, but there could be no settlement except on a national basis. The men in his district will stick to a finish, Henning said.

CLERKS VOTE ON STRIKE.

CINCINNATI, July 15.—Clerks, freight handlers and station employes on the Southern railroad, numbering approximately 4,000, are taking a strike ballot, it was learned unofficially at headquarters of the brotherhood here today.

SOVIET LEADERS PLAN BROADCASTING RADIO PROPAGANDA IN AMERICA

RIGA, July 15.—The thousands of Americans who have radio telephones cluttering up the dining room table after dinner in the evening will shortly be able to hear speeches of Trotsky and Lenin buzzing into their ears, according to the plans of the propaganda section of the soviet government, which announces through the Rosta, the official soviet news agency, that the first Communist radio telephone station has been opened in Moscow.

Bolshevik radio engineers are now attempting to perfect an amplifying sending apparatus which will be able to make a phonograph record of a speech by the soviet leaders and "broadcast" it to the end of the earth. If this machine is perfected, Americans will no longer be able to sit down for a quiet evening to "listen in" on a concert or a spoken digest of the news of the world.

Instead, they will hear the strident commands of Trotsky or the purring entreaties of Lenin to join up with the proletarian movement and have a hand in domination of the earth. This projected invention is intended to be powerful enough to "drown out" all other messages.

But Americans interested in radio need not worry, for a radio electrical engineer said that according to known atmospheric and electrical laws, such an invention is almost scientifically impossible and that the dreamed of apparatus in Moscow will probably, after some costly experimenting, be relegated to the junk pile with other bolshevik projects and ideas.

The route from England to India is strewn with treasures of lost vessels, the estimated value of which reaches \$400,000,000.

WOMEN ENDORSE BARNES AND ALL COUNTY TICKET

W. J. Barnes, candidate for county attorney, and the entire county and precinct ticket recently recommended to Ranger voters by the Citizens' committee were endorsed yesterday afternoon at a mass meeting of sixty or more women in the Christian tabernacle on Main street.

On motion of Mrs. H. E. Clewell and following a speech by Mr. Barnes the meeting unanimously went on record as supporting his candidacy and that of every candidate on the Citizens' committee ticket.

The meeting was called to order by Mrs. Charles Bobo, chairman, and Mr. Barnes introduced by Roy Jameson, one of the leaders on the vice war and liquor raids last month. The men who have interested themselves in the enforcement of the law in Ranger, endorsed Mr. Barnes for the reason that they know that he is a man who can be depended upon to enforce the law and not through any desire or intention of casting any reflection on L. H. Flewellen or G. G. Hazel, his opponents, Mr. Jameson said.

Barnes reviewed his own law enforcement record and pledged by all that he held sacred that he would not betray the promise he made to Ranger citizens. He also reviewed conditions and incidents here and was heartily applauded.

C. & S. EXPERTS BEAT PRAIRIE OIL EXPERTS

When teams described as composed of gentlemen "of quality mind and body and distinguished as experts in the production of oil, gas and gasoline" tangled up at Nitro park Friday afternoon, the Chestnut & Smith expert gentlemen came out on top of the Prairie Oil & Gas gentlemen experts by a score of 7 to 5, in the second game between the two.

About 200 enjoyed the evening, which began at 5 o'clock and lasted seven innings, though accounts vary as to the number of hours. Chestnut & Smith won out in the final inning, after taking a three-run lead in the first, only to lose it in later innings on Prairie comebacks.

The C. & S. team and Terry camp will play this afternoon at Cooper school.

### SWATTERS MAKE FIVE IN NINTH, WIN OUT 7 TO 6

Special to The Times.

**SWEETWATER, July 15.**—After the Nitros had beaten them to a frazzled for eight innings today, the Swatters in a thrilling ninth-inning rally scored five runs and topped today's game, 7 to 6.

Charley Watson started for the Nitros, and the Swatters bunched him for two runs in the opening round, after which he was relieved by Zapalac, who pitched shutout ball until the ninth, while the Nitros by timely hits off Richburg combined with numerous Swatter errors, had piled up six runs. One of these was a homer which Zapalac bunched over the wall.

George Robinson started the winning rally with a single. Gressett followed with another. Then Zapalac started walking men. He passed two and an attempted foreout that failed put the Nitros in the air. Craig, who had been playing a good game at short, made two glaring errors that helped the Swatters along, and after Phillips relieved Zapalac, Mason wound up the game with a long blow to center that put Shell over with the winning marker.

Manager Flag is still out of the game as a result of being hit yesterday at Amarillo by a pitched ball.

## ALEXANDER TO STAY WITH ANGELO TEAM

**SAN ANGELO, July 15.**—The San Angelo baseball club today retained Walter Alexander of Dallas as catcher. Alexander was relieved from the management Wednesday, being replaced by Luke Robinson, but was not released when Beaumont waived its option on him. He will resume play next Friday, when the Broncs return home from Amarillo.

## Session Called to Order (First Time) at 3:30, at Nitro Park; Misinformation Charged in List of Eligibles Given Out.

Today at 3:30 o'clock, at Nitro park, the ball game which has had Ranger Lions and Rotarians barking and snarling for a week will be perpetrated on the long-suffering public. Those who don't like to stand in line for tickets can get them at any downtown drug store. For once, climbing over the fence doesn't go and the free list is suspended. Even Ring Lardner, if he arrives in time, will have to dig into his jeans with the rest.

Here is the official cast of characters, as given out but not authenticated by rival camps, the accuracy of which is just as reliable as a Ku Kluxers statement that he ain't—if he ever says so:

### LIONS.

## WILLARD OFFERED TWENTY-FIVE THOUSAND TO FIGHT BRENNAN

LOS ANGELES, July 15.—Authorization to offer \$25,000 with privilege of 30 per cent of the gross receipts less the state tax to meet Bill Brennan of Chicago was conveyed by wire to the sport editor of the Los Angeles Express today by Siley Burns, matchmaker for the Oakland Athletic association of Jersey City.

The message said that the club will post the guarantee for Willard 20 days in advance in full and that any date suitable to Willard will suit the boxing club.

## COBB HITTING FASTEST PACE; CROWDS SISLER

By Associated Press.

**CHICAGO, July 15.**—Ty Cobb's challenge for the batting leadership of the American league was no flash in the pan, judging from averages compiled today which show the Detroit leader closing the gap separating him from George Sisler, the St. Louis marvel, who is leading the race with an average of .420.

Cobb is just fourteen points behind Sisler, as compared with thirty-one a week ago. The noted Georgian's re-

markable batting streak netted him twenty hits in his last nine games, as against twelve hits collected by Sisler in eight games.

Tris Speaker, manager of the Cleveland club, moved back into third place with an average of .364, deposing Harry Heilmann of Detroit, who dropped into fourth place with .354.

The see-sawing fight between Williams and Tilly Walker of the Athletics for home run hitting continues with honors even, each having knocked out twenty-one. Ruth is down in the list with fourteen.

Other leading batters for fifty-five or more games: Miller, Philadelphia, .354; Schang, New York, .353; O'Neill, Cleveland, .349; Bassler, Detroit, .347; Blue, Detroit, .342; Witt, New York, .336; McManus, St. Louis, .333.

work in the National league was the batting of Charlie Hollocher, the "kid" shortstop with Chicago, who, in seven games, smashed out thirteen hits which enabled him to jump from ninth to third place in the list of leading sluggers with an average of .359.

Rogers Hornsby, the St. Louis star, with his record of twenty-three home runs, continues to top the league in hitting, with an average of .399, nine points above his mark of a week ago. Hank Gowdy of Boston is second with .372.

Other leading batters for fifty-five or more games: Bigbee, Pittsburgh, .358; Johnston, Brooklyn, .357; Grimes, Chicago, .357; Daubert, Cincinnati, .355; Duncan, Cincinnati, .354; Carey, Pittsburgh, .345; Smith, St. Louis, .344.

SUPPLY AND DEMAND?

While students of the oil situation may have anticipated the cut in oil made yesterday, it came as a distinct surprise to operators, who had been stimulated just the day previously by an advance in Currie crude, which is supposed to be a much lower grade than Ranger crude.

There is at present the largest stock of gasoline in the history of the industry. Presumably the stocks of other petroleum products are in proportion.

But now, with stocks constantly increasing, the price of gasoline goes up, while oil comes down. Possibly that equalizes supply and demand by discouraging supply while consumption will maintain its level, in spite of price.

No law of economics can justify this condition, even under the ingenious explanation offered for higher gasoline, that owing to poor sale of other products, gasoline must carry a larger proportion of the cost of oil.

Possibly Standard Oil is peeved because the government is butting into its business by the probe of gasoline prices. That opinion will not only be expressed by the man in the street but was suggested this morning by a man high up in oil circles.

If Uncle Sam thinks he is as big as Standard Oil, Standard Oil isn't afraid to tell him different—and incidentally take profits at both ends.

CANDIDATES WAGE HOT DEBATE

(Continued from page 1.)

that many of the citizen raiders of Ranger had violated the law by purchasing liquor at the places raided. At several times during Mr. Hazel's speech Judge Davenport had to call for order.

L. H. Flewellen.

L. H. Flewellen, introduced by Judge Davenport as the man who promised to "make the fur fly," opened his speech with reference to the endorsement of Barnes by the Citizens' committee. He declared that he had said hard things about the endorsement and meant them, but that he wished to apologize, for the endorsement had elected him county attorney.

If elected county attorney he declared that he would prosecute Ku Klux as hard as anyone else and that they all looked alike to him. He said his opponents were honorable men but could not cope with the situation. He promised to enforce the law despite hell or high water and made the proposition that if at any time 100 good representative citizens—not "fanatics"—or "hootleggers"—came to him and asked him to resign that he would do it.

Wants Good Jurors.

He demanded that the people who wanted the law enforced not dodge jury duty, explaining that unless good men served on juries, convictions could not be obtained. "I want you who want the law enforced to help me," he said.

He declared that he was proud of his law record as city judge and during his term of office has assessed 2,800 fines and collected \$45,000.

In his rejoinder Mr. Flewellen said that he did not intend to go raiding with officers if elected and that the persons who got results did not go milling around "like frogs in a mill pond" but went out quietly like Major Cole. Answering Barnes, he said that he did not have to ask drunks at the police station where they got their liquor, for he knew at the time there were saloons on every corner.

W. J. Barnes. Answering Hazel's challenge that he declare himself on the Ku Klux Klan, Barnes asserted "If I told you that I was a member, many would say that I had broken my oath and if I told you that I was not a member, many would say that I lied."

Barnes pledged that if elected he would prosecute klansmen violating the law with the same vigor as anyone else and that at least he could say that he was "not a member of the bootleggers' union."

He referred to the fact that both his opponents were confining their attacks to him. He asked Flewellen what had been keeping him so long in declaring for law enforcement and challenged him to show one thing that he had ever done ethically as a citizen or an official in the interest of enforcing the prohibition law and the law against gambling.

He asked Hazel how he could pass the vacant shack of Joe Fiebrich, late Ranger citizen, whose murderers were not convicted.

Hazel, he said, had told him in discussing the Ranger raid that the sixteen men who made them had been investigated and found to have violated the law themselves. He declared that by investigating men who had made the raid instead of the bootleggers, that those investigating had shown where their sympathies lay.

Many Guilty Fles. Fifty-nine of the seventy convictions that the present county attorney's office claims, he said, were on pleas of guilty and that any man who bragged about convictions in pleas of guilty "would trail a rabbit for miles in order to shoot him after he went to bed." He asked Flewellen what he had done to investigate the source of whisky from drunks brought into his court.

Barnes told of his liquor raids with Prohibition Agent Bendy and said that he had not waited until he had announced for county attorney to declare for law enforcement. In his rejoinder he said that he had not been asked by Mr. Bendy to go on any raids for the last four or five months and that he himself was not a federal officer and he could not raid until Bendy asked him to accompany him. All cases of law violations he learned of he reported to Bendy, he said.

KANSAS JAILS FILLED WITH I. W. W. MEMBERS

Drive Which Started at Beginning of Harvest Season Still On.

TOPEKA, Kan., July 15.—More than 50 alleged members of the I. W. W. are now in Kansas jails as a result of the drive against the organization inaugurated by state and local authorities when the present harvest season began. These men are being held in county jails at Hutchinson, Pratt, Independence and other central points of the great Kansas wheat belt. Literature taken from many of these men, indicates, according to officials, that the I. W. W. now is organizing under another name, "The Red Feathers."

A force of half a dozen field deputies under State Fire Marshal L. T. Hussey is scouring the country in search of I. W. W. organizers and members. Reports from his men, the fire marshal says, indicate that many still are in the wheat country.

The fire marshal said that I. W. W. workers are not moving in large numbers as in previous years. Where alleged groups of as high as 200 were found moving across the country in previous years, he said, small bands of usually less than ten are reported this season. Freight trains carrying large numbers of men going to and from the harvest are being "worked" by organizers of the I. W. W. reports indicate, but when such reports come in, officers are immediately dispatched to the scene to make investigations and more arrests.

The fire marshal displayed a stack of little phosphorus pills, collected by his force from the pockets of men taken into custody. These glass tubes, known as "kitties," are about two and one-half inches long and the size of an ordinary pencil. One end is capped with a brass knob, which is easily removed, disclosing a thin layer of paraffin. This gum, when the tube is stuck in a shock or stack of grain, melts quickly and the contents of the phial flame immediately the air strikes it. The other end of the tube holds a diminutive magnifying glass, which, when exposed to the sun, heats the phosphorus causing it to smoke and break the glass.

All those arrested, according to the fire marshal, carried credentials of their organization, and all of them seemed to have plenty of money. As high as \$450 was found on one of them. Correspondence taken from them this year, the marshal added, indicates that the directing head of the organization is located in Denver, whereas heretofore Chicago appeared to be headquarters.

Experiments have demonstrated that an average adult may require from 1,500 to 6,000 calories of food a day, 2,500 being required by an average sized healthy person at rest in bed, while 6,000 were required by men doing the hardest and most strenuous manual labor in the open air.

MORE CROKER CHILDREN ASSAIL WILL OF FATHER

NEW YORK, July 15.—Mrs. Ethel C. White and Howard Croker, children of the late Richard Croker, former Tammany chieftain, announced Monday they would join their brother, Richard Croker Jr., in the contest of their father's will, which was filed at West Palm Beach, Fla., on Saturday. The will left his entire estate to his second wife, Mrs. Bula Edmonson Croker, with a request that she give his daughter, Florence, 10,000 pounds sterling.

Mrs. White and Howard Croker said the only point of estrangement with their father was their refusal to accede to his request for the revocation of a trust fund of \$133,000 created by their father and mother in 1909. They repeated the opinion, previously expressed by Richard Croker Jr., that the breaking up of the family relations between Mr. Croker and his children was necessary if they were to be deprived of any part of his fortune, and said their sister Florence, wife of Maj. C. J. Norris, had lived abroad for about fifteen years, and being without information, was guided entirely by her father and his second wife.

Chess always has been the subject of more dispute, regarding its origin, than any other game. It is probably the oldest as well as the most intellectual of games and is played the world over. The belief generally accepted is that it came from the Hindus and the most conservative estimate places its age at a thousand years, although some writers claim it was played four or five thousand years ago.

PALESTINE ARABS FEAR JEWS UNDER MANDATE

JERUSALEM, July 15.—The endeavor of Great Britain to secure confirmation of the Palestine mandate by the League of Nations is bringing out pointed comment in the Arabic press. Emboldened by the stand taken by the Vatican in its opposition to the mandate on the ground that it does not provide sufficient guarantees to the Christian minorities, the native papers are devoting many columns of strongly worded articles to the subject.

The Belt Ul Madkes, a Jerusalem newspaper, threatens the government and the Zionist organization with an Arab revolt in Palestine if the British mandate is approved by the League of Nations in its present form. El Sabah, another daily declares: "England asked the League of Nations to confirm the mandate at once thereby believing that the national spirit in us would be crushed, and telling us nothing could be altered since it was a 'fait accompli.' Let England beware, the revolution now going on in Syria will not take long to spread and penetrate also in Palestine."

Nationalists fires already are raging in the breast of every Palestinian, according to well informed observers here, who are of the opinion that it would take only a little spark to start a general conflagration.

**Exclusive Dinner-Dance?**

It is rumored that the young men of the city are to give an exclusive dinner dance soon and since invitations are not yet out, society is agog with curiosity, wondering who will be numbered among the sheep and who among the goats, for naturally if it's exclusive there will be some goats. Heretofore, with the exception of a few affairs, Ranger dances have literally embraced everybody and the word "exclusive" sets one to wondering where the line of demarcation is to be drawn. Ranger has always been so delightfully cosmopolitan with its general elbow rubbing, that vision of an exclusive affair are almost staggering and what the consequences will be are beyond conjecture, however, it is intimated that the dance will be a tryout and if successfully launched will be a forerunner of other ultra-exclusive affairs. Generally speaking, exclusive affairs are like heaven, they are lonesome, as so few of one's friends are there, and there is the fear that a happy infernal custom may be murdered by a gang of formalities. The invitations are awaited with interest.

**EARLY MORNING GOLF GAME.**

The men golf enthusiasts had better look to their laurels for when women deliberately lose their beauty sleep by getting up at 5:30 in the morning to play golf, they mean business and no doubt some day soon there will be a challenge from the ladies to the men to play a match game. Early Saturday morning several cars wended their way to the Ranger Country club, where a game of golf was enjoyed, followed by a breakfast cooked out in the open. There was the aroma of coffee, the sizzling of bacon and eggs, the coolness of cantaloupes to tempt the appetite of the players, when the game was completed. Practically all of the players are beginners, and a great deal of interest is being manifested in the game and in the development of the country club, with its all-year possibilities for good times.

Those who formed the "golf nine" on this occasion were Mmes. W. H. Fouke, E. E. Crawford, Frank Brahaney, Charles Conley, Garvin Chastain, Garrett Bohning, E. L. McMillen, A. J. Orth, Frank Champion.

**MARVIN K. COLLIE JR. HAS BIRTHDAY.**

Marvin K. Collie Jr., having attained the age of 4 years Saturday, the occasion was made memorable by a birthday party given by his mother from 4 to 6 o'clock, in his honor. The new Child Welfare park in Hodges Central addition was the scene of this party. The children met at the Collie home and went in cars to the park. At the entrance, a table decorated in pink and green leaves, supported a pink and green punch bowl, filled with delicious pink punch, which was served each incoming little one. After partaking of the punch they then repaired to the opposite side of the park and enjoyed the sand piles there, and played other outdoor games. Here they were served cream cake and candy, and here the birthday cake was cut. It was a lovely cake, all white, with "Marvin K. Collie Jr." in pink on its snowy surface, and lighted by four pink tapers. The children had the pleasure of cutting the cake, which of course soon dwindled before the onslaught of knives wielded by tiny hands.

Favors of baseballs were given the boys and dolls the girls. Mrs. Collie was assisted in entertaining by a number of the mothers who were present. "Sonny" Collie was a very happy little man and the many gifts that were brought to him by his little friends, betokened the love they bear him and the pleasure they had in wishing him many happy birthdays.

Those invited were: Mary and Frances McNeill, Bess Rutledge, Florence Sue Dodson, Martha Marie Gholson, Marguerite Vandervoort, Marie Galloway, Peggy Jones, Nell Coleman, Betty Jean Burden, Catherine Conley, June Brahaney, Catherine Newnam, Pauline Dillingham, Vivian Champion, Betty Jean Wiss, Edna Louise Taylor, Mary Rowland, Mary Lavery, Dean Newell, Patty Parr, Diane Harkrider, Baby Duffer, Jeanette Yeaker, Martha Ellen Peters, Masters Joe McNeill, Jack Gullahorn, Jack Rutledge, Lee Vandervoort Jr., Jimmie Haden, Horace Rickard, Max and Cecil Chenoweth, Tom Holmsley, Bill and Bob Bohning, C. E. May Jr., Frank Conley, Ed and Tommie Maher, Sturgeon McElroy, Jimmie Blair, Dean Terrell, L. H. Flewelling Jr., Bob Hodges Jr., Billie Peters, Scott Martin, Bob White, Son Taggart.

**ANNOUNCEMENTS**

**CHILD WELFARE LUNCHEON.**

The Child Welfare club will hold its regular monthly luncheon Tuesday at 12:30 o'clock at the Presbyterian club rooms. Members are requested to be present as there is some very important business to be attended to. Those who will attend are requested to phone Mrs. L. L. Rector for place reservations not later than 9 o'clock Monday morning.

**NEW ERA CLUB MEETING.**

There will be an important business meeting of the New Era club Monday afternoon at 5 o'clock at the Methodist church, to which all members are urged to be present.

**GRAND OFFICERS I. O. O. F. COMING.**

S. M. Shell, district grand master of the I. O. O. F., announces that Deputy Grand Master J. T. Staten of Hillsboro, accompanied by the president of the Rebekah assembly, Elizabeth Rankin of Paris, Texas, and secretary of the Rebekahs of Texas,

Alice J. Vedell, of Dallas, will visit Ranger on the 18th and 19th in the interest of Odd Fellowship.

**MRS. KARL JONES HOSTESS TO YOUNG MATRONS' CLUB.**

Mrs. Karl E. Jones was hostess to the Young Matrons' club Friday afternoon at her home on Morston street. The high score favor, a Japanese parasol, went to Mrs. C. C. Craig. The hostess favored all of her guests with tiny Japanese perfumes. An unusual feature of this meeting was that all the club members were present, as during the vacation there have been many absentees from all the clubs.

A dainty salad course with iced tea was served to the following club members and guests: Mmes. Charles Conley, Frank Brahaney, Ed Maher, C. C. Craig, A. J. Orth, L. A. Vandervoort, D. M. Steele, L. L. Rector, E. E. Crawford, J. T. Gullahorn, Leydon of Dallas, Gifford Clegg.

**PICNIC AT LEON SPRINGS.**

During the hot weather relief from the heat can always be found at the Leon Springs lake, and most every night some picnic crowd enjoys its refreshing atmosphere and its good bathing. On Friday night a number of cars loaded with Ranger folks went there and enjoyed a swim and a picnic supper.

Those enjoying this outing were: Messrs. and Mmes. A. N. Harkrider and children, Gus Coleman and daughter, S. B. Tunnell, Martin of Gorman, Walter Murray and daughters, Lytton R. Taylor and children; Mmes. L. A. Vandervoort and children, Charles Conley and children, Karl E. Jones and children, Lloyd Rhoades, William Clegg, Roy Jameson and son, and Mr. Lawson.

**TWENTIETH CENTURY CLUB MEETS.**

Mrs. Walter Cluney was hostess to the Twentieth Century club this week. The high score favor, an etched glass candy jar, went to Mrs. Frank Champion, while the low score favor, an aluminum bake dish, went to Mrs. W. D. Conway.

After the game the hostess served an ice course, with cake and ice tea to the following club members and guests: Mmes. Frank Champion, E. L. McMillen, A. E. Ernst, J. A. Martin, W. D. Conway, Hill, Wright, T. O'Donnell, John Thurman, Frank Reames, F. A. Brown, Saunders Gregg.

The next meeting will be with Mrs. Gregg.

**Vote for Miss Ulala Howard for County Superintendent**

With assistance of trustees, teachers and patrons, she has made an efficient officer, despite the shortage of teachers the first year, of text books the second year, and of funds the third year of her term. It could not possibly be undemocratic to show our appreciation of her service by giving her a term under more nearly normal conditions, especially as we now have promise of better roads to all the schools.

There are now in Texas nearly three times as many lady county superintendents as we had three years ago, and only one election between. Included in this number is Miss Ada Pierce, who finished Mr. Sims' term for him in Taylor county, serving the last four or five months, and is now making good on her own elected term. This proves that the question of sex should not enter into the consideration of a suitable person to fill this office; only qualifications and previous records should be considered.

Miss Howard has kept the only promise she made during her previous campaign—that of service. She regrets exceedingly that she cannot make a house to house canvas and see all the ladies in their homes, but has no office assistant during the summer, and a limited time in which to turn in term reports to the State Department of Education. She will appreciate your vote and influence. (Political Advertisement.)

# TO THE CITIZENS OF EASTLAND COUNTY

We, the undersigned citizens of Ranger and the Ranger district, realizing that the forces of good government must center their support on one candidate for each of the county and precinct offices, herewith heartily endorse the action of the CITIZENS' COMMITTEE OF RANGER in announcing a Law Enforcement Ticket and we appeal to all the qualified voters of Eastland county to support their ticket.

This action is not to be construed as an aspersion cast on the character or morals of any of the other candidates—among whom are many good men—but as only one candidate can be elected to each office, it is regarded as imperative that we center our support on the known law enforcement candidates who are strong enough politically over the county to make the race successfully.

In taking this stand we are moved by an unselfish determination to do all in our power to free Eastland county from the forces that have consistently defied the law and made a mockery of justice and good government.

ELEPHANTS TAKE STRIKERS' PLACE TO CLEAR WRECKAGE

MASON CITY, Iowa, July 15.—A circus train was struck by a switching engine in a fog here. In the fray, two animal cars were overturned and the beasts of the field and the fowls of the air were at large pro tem. Because of the shopmen's strike, a wrecking crew was not immediately available to clear the track. Attaches of the tent spectacle rounded up the choice elephants from the neighboring corn fields, and pressed them to valiant service. In less than thirty minutes the overturned cars had been pulled from the track and the right of way cleared.

THE SPEARMAN FARM LANDS located in Torrey, Gaines and Yoakum counties, South Plains of the Panhandle, Texas, are now being offered at prices and terms, which will enable any industrious farmer to buy and pay for a farm with less money than pay rent. Productive lands, a fine climate, abundance of good pure water, and a country in which one man raises more cotton, more corn and more sweet potatoes and other farm products, than a whole family can gather. No insect pests. We make landlords out of our customers instead of renters. Farmers who are anxious to own their own farms, are invited to come to Seagraves, inspect our farm lands, look at the crops, and talk to the men who raise them. A card to W. A. SoRelle, General Agent, 12 Santa Fe building, Seagraves, Texas, will bring you a descriptive pamphlet, giving detailed information about these lands and plan of purchase. A reliable agent wanted in each county.

Myron Selznick has had 14,876 applicants from men who want to appear as extras in the production of William McHarg's story, "Wine." His chief difficulty, however, is in filling the title role.

ROY'S MISTAKE Roy Neil, the director, made a picture called "What's Wrong With Women," and his wife hasn't spoken to him since.

Those girls who think it must be wonderful to be married to Wallace Reid don't know his favorite indoor sport is playing the saxophone.

Conan Doyle, English author here on visit, all puffed up because he has some moving pictures of spirits. Old stuff. News reels full of pictures of revenue officers throwing spirits in the gutter for the past two years.

"Love Is An Awful Thing" is the name of Owen Moore's next Selznick picture. Kathryn Perry, his bride of a year, says he acts suspiciously enthusiastic throughout the film.

BREAKING INTO SOCIETY "Bull" Montana, former wrestler, now a film comedian, had an argument with another guest at the Claridge Hotel in New York. The man laid his toothbrush down in the wash room and "Bull" started cleaning his tusks with it. "Hey," said the guest to "Bull," "you're using my toothbrush." "Whaddymean, your toothbrush?" growled "Bull," "you're crazy, it belongs to the hotel."

JUDGE BLAMES DRY AGENTS FOR CLOGGING UP COURTS

TRENTON, N. J., July 15.—Federal Judge Joseph L. Bodine severely arraigned dry enforcement agents in court here. He charged they clogged up the courts with cases involving small infractions of the prohibition law. He declared they made no effort to stop truckloads of liquor going through the state every night.

TEAMSTER'S LEG BADLY CRUSHED BY HEAVY WAGON

J. M. Searcy, teamster employed at the Eastland Hill rock crusher, sustained a badly crushed leg yesterday afternoon when he in some manner fell under the wheels of his wagon. One of the wheels passed over his left leg, breaking it in two places. The injured man was taken to the Clinical hospital and after the broken bones had been set he was removed to his home on Eastland Hill.

WORLD RADIUM SUPPLY SOON TO BE INCREASED

PARIS, July 15.—Indication that the world's supply of radium will soon be increased and that the price of precious elements will soon be correspondingly lowered, is suggested by reports received here. Deposits of uranium, from which radium is extracted, have been discovered in Switzerland, and the exportation of radio-active minerals from Madagascar is expected to be increased.

Billiards is believed to have been brought from the East by the Crusaders, although it is also claimed that it is of English origin. There is also some color of proof to support the claim that it was developed by the French from an ancient German game.

NO TAIL SPIN POSSIBLE IN SAFETY AIRPLANE

WASHINGTON, July 15.—An airplane that cannot be made to tail spin, which experts declare to be the first foolproof plane, has been successfully demonstrated by the army air service, it became known Monday.

Not only will this plane not tail spin by accident, but the best combat fliers have not been able by any means to force it into a spin. It is called a Huff Dahand Petrel and was tested by the engineering division of the air service at McCook field, Dayton, Ohio.

As tail spins from which planes failed to emerge have caused a great proportion of airplane fatalities, a general application of the new principle developed is expected to add much to the safety of flying.

The new safety factor is introduced by a variation in the center of pressure on a Göttinger wing. It is understood that the technical details are being withheld pending patent applications.

### WOLF HUNTERS CHASE COYOTES EAST OF TOWN

Ranger wolf hunters spent two hours last night in a chase five miles east of the city before their pack ran down an exceptionally fleet coyote in a deep canyon.

The party, composed of John W. Thurman, George Riddle, Dr. A. D. Duffer, Mills Davenport and Oscar F. Chastair, left town on horseback with a pack of hounds belonging to Mr. Thurman and Mr. Riddle. Little difficulty was encountered in following the coyote was run down. Mr. Thurman and Dr. Duffer made the descent into the canyon and emerged scratched and bruised from a series of tail spins, but delighted with the success of the run.

Frequent hunts are made by the party in the section surrounding Ranger, with almost unvarying success.

### Mathilde on Visit to John D. to Seek Marriage Consent

CHICAGO, July 15.—Miss Mathilde McCormick is a guest of her grandfather, John D. Rockefeller, for several weeks and then, possibly, it was stated, she will sail for Europe.

Reports published here that Harold F. McCormick, the millionaire harvester manufacturer, would leave late this week for New York and then sail for Europe with his daughter, were denied. Mr. McCormick has fully recovered from an operation he underwent several weeks ago and is physically fit for the voyage, it was said.

Miss Mathilde refused to discuss her future when reporters surrounded her as the Twentieth Century was about to leave.

Reports had it, however, that she was going east to make a final plea to Mr. Rockefeller for his consent to her marriage to Max Oser, Swiss riding master. The girl has won her father's consent and he has been appointed as her legal guardian by the Cook county courts.

Under the Swiss law the consent of a legal guardian would be necessary before Miss McCormick could wed in that country because she is not of legal age.

She will attain her majority in April and the possibility that the wedding may be delayed until after that time has not been neglected in the discussions of her romance in Chicago social circles.

LOS ANGELES, July 15.—Suffering from broken bones and internal injuries, Miss Anna Selian of San Francisco, died while en route to a hospital following the accident at Huntington Beach, when she was struck by a landing passenger airplane. The young woman was emerging from a plunge in the sea when the plane swooped to the beach to take on passengers.

### Paris Beauties Forced Return to Long Skirt Because Legs Aren't Pretty, Ziegfeld Says

PARIS, July 15.—The secret of the great mystery of why Paris dressmakers abolished the short skirt has at last been unearthed by no less an authority than Flo Ziegfeld, American beauty connoisseur.

He said:

"When the short skirt came into vogue the traditional but somewhat elderly beauties of Paris were at a great disadvantage, because while cosmetic science permitted them to retain their youthful faces, their lower limbs resisted all treatment.

"These famous beauties were the biggest customers of dressmakers and when they saw the men turning to younger girls solely on account of their slender calves they handed an ultimatum to the stylemakers that they must either bring back the long skirt or lose their trade.

"Facing a loss of business, the dressmakers obeyed.

"Sex explains why American girls insist on retaining the short skirt. Nine out of ten American girls possess beautiful legs."

### MORALITY OF WESTERN TROUBLES JAPANESE

By Associated Press.

TOKIO, Japan, July 15.—The question whether western dances are immoral is the subject of a lively debate in the Japanese newspapers at present. In the last few years western dancing has grown popular among Japanese women, especially those who have lived abroad, although it is by no means general as yet. They dance very gracefully in their native costume and heelless slippers but the older and less modernized Japanese frown on the growing custom. The geisha declare that the modern dance is immoral but it is

explained that they may be influenced by the loss of custom that the latest western invasion is causing them. The young Japanese man would much rather dance himself than watch geisha dancing.

PLATFORM OF  
**JOSEPH B. DIBRELL, Jr.**  
CANDIDATE FOR  
Congress, 17th District of Texas

I am a Democrat.

**I BELIEVE:**

That all men are endowed by their Creator with certain inalienable rights; that among these are life, liberty and the pursuit of happiness; that governments are instituted among men to secure these rights, not to impair or destroy them.

That the least governed are the best governed; that governments should do naught for the citizen that he can do well for himself, and that the Federal Government should do naught for the citizen that the States can do better.

In equal rights for all and special privileges for none.

That every citizen should uphold with unwavering loyalty, the Constitution of our country and laws made in pursuance thereof.

In freedom of speech and of press; separation of church and state; and the supreme leadership of the white race.

That agriculture is the basic industry of our country upon which all enduring prosperity and national greatness rest, and that Federal legislation should lend every economically and politically sound encouragement and protection to American agriculture that farm ownership, prosperity and contentment may increase among the agricultural producers of our country and form an invincible and indestructible bulwark against socialism, communism, anarchy and national decay.

That the paramount problem of the age in which we live is the prevention of another world war, and the establishment of permanent international peace, and the supreme duty of every civilized man is to make his utmost contribution to the solution of that great international problem, upon which hangs the prosperity, the progress and the hope of the human race.

**I FAVOR:**

Freedom of business, commerce and industry from useless, burdensome, and mischievous governmental meddling through the instrumentality of commissions, boards and bureaus maintained at government expense and constantly usurping great powers.

A revenue tariff system that will not reduce imports below the maximum revenue basis nor discourage exports, and that will so distribute the benefits of its incidental protection as not to discriminate against the products of the farm and ranch, to the advantage of the manufacturers.

Such amendment of the Railway Control Act as will eliminate the Railway Labor Board, and restore to the railways and their employees freedom of contract, leaving them accountable to the public in the great court of public opinion for any misdeeds they may commit.

The inauguration of an agricultural credit system, adequate to the needs of the farmer and the stock raiser, permitting loans for one to three years at reasonable rates of interest, such system to be patterned after the Federal Land Banks that it shall eventually be owned by the farmers and stock raisers themselves.

So curtailing the regulatory power of the Interstate Commerce Commission that railways may voluntarily reduce at will transportation rates on basic commodities.

Strict economy in the administration of the government and reduction of military and naval expenditures to the lowest point consistent with national safety.

Such revision of Federal taxation as will encourage capital to undertake the hazards of active industry, enlarge the avenues of employment for American labor, and retard the tendency of wealth to retire from the field of industrial development into the haven of tax-free securities.

Restriction of immigration, both in volume and character in order that American institutions and ideals may not be undermined.

Such amendments to the Federal Reserve Bank Act as may be necessary to prevent the great power vested in the Federal Reserve System from being used for the purpose of exploiting rather than serving the nation.

The right of laborers or others to unionize and bargain collectively, and to use any and all persuasive and peaceful means to strengthen their organizations and advance their interest, limited only by their superior duty to God and country.

The entry of the United States into any practicable association of all the civilized nations of earth that may quickly bring about real disarmament, reduce the burdens of taxation, and effect a possible preventative of another world war, which, if it comes, will engulf civilization and sink the remnant of mankind in barbarism.

**I OPPOSE:**

Any further extension of power by the people or the States to the Federal Government, by constitutional amendment or Congressional enactment.

The Dyer Anti-lynching Bill.

The proposed Edge Commission, for prying into and meddling with the business of the country at government expense.

The proposed soldier bonus legislation because wrong in principle and fraught with disastrous consequences to the nation. It was a good fortune or a misfortune, as he chooses to view it, of the young American who was drafted or voluntarily entered into the military service of his country and returned home unscathed and unharmed. Hundreds of thousands came out better and stronger men than when they entered. The American army was the best paid, the best fed, the best clothed and the best cared for of any army that ever went to war, in any age or any clime. Those who went in and came out wounded or disabled should receive special care and consideration of the nation, regardless of the burden that may be imposed. But to bestow a service bonus indiscriminately upon all soldiers of the great war, including a vast number of negroes, would produce a saturnalia of idleness and crime and expose the Southern States, especially, to the menace of thousands of negro vagrants, relieved of the spur of necessity to drive them to work.

### MICHIGAN GOVERNOR LEADS LIQUOR RAIDS

DETROIT, July 15.—Led by Governor Alex J. Groesbeck, state troops raided 18 shops and arrested 16 men on charges of having violated the prohibition laws. A number of rifles and shotguns also were seized.

Almost all of the shops raided are on the shore of the Detroit river. The Canadian shore is less than a mile away.

The raids were occasioned by the murder of a policeman and the shooting of the chief of police of Ford City, it is stated.

SAVANNAH, Ga., July 15.—Savannah lays claim to the country's youngest feminine lawyer. Thelma Lenore Harrell, who has just celebrated her 17th birthday, recently passed the state bar examination, and was admitted to practice. She is a brunette, a good speaker, and has a way.

**THE HAPPY HOME**

IS THE HOME THAT IS FREE FROM FINANCIAL WORRY

It is the little things in life that count. The nickels and dimes that are spent foolishly, are enough in most any home to permit a regular deposit on a bank account.

The home in which every member of the family is saving, is the home that does not fear a period of adversity or hard times.

Now is the time to start.
