SHOCK TROOPS FROM DARKTOWN AID TRASH WAR

City Dump Grows Visibly as Trucks Bring in Spoils of Conflict.

Sixteen trucks and wagons and nineteen black negroes, led by six city employees, passed in review this morning at 8 o'clock before General Doc Hodges and Chief of Staff Wade Swift, swiftly deployed as skirmishers—and the trash war was on.

One truck or wagon with its complement of negroes was assigned to each of the sixteen sectors of the city to raid trash cans, boxes, bags and piles. In some cases, where the size of the trash piles demanded reinforcements, men residents and property owners volunteered their services in loading the trucks and wagons. By noon, the resident section of Ranger was taking on a decided cleaner appearance, the charred reminders of downtown fires were disappearing and the city dump was visibly swelling.

Not So Worse.

The rank and file of the truck and wagon crews, recruited by the police from the leisure class of dark town, appeared to be enjoying their rides to and from the dump as well as the novelty of working. Each negro who reported at police headquarters this morning, under instructions from the officers, had a star marked opposite his name which they expect to have some bearing on their treatment when caught in crap games.

Every effort is to be made today to transfer all trash piles to the dump and to have all premises cleaned during today's campaign. If all the premises are not cleaned, however, the work will be continued, it is stated.

CISCO MAN IS FOUND FROZEN DEAD ON ROAD

CLAIRMONT, Texas, March 7.—M. V. Hallmark of Cisco, who travels for a tobacco company, was found frozen to death Monday morning, fifteen miles west of Clairmont on the Clairmont and Post road. He left Clairmont about 5 o'clock Tuesday, Feb. 28, for Post City. It is supposed he had trouble with his automobile and worked until he was chilled. He left the automobile and walked about a mile toward Clairmont.

He was found near the road this morning dead, supposed to have frozen to death, as it was bitter cold. He had evidently been dead for several days. Nothing in his car had been disturbed and papers and money were found on his body intact.

BODY SENT TO CISCO.

STAMFORD, March 7.—The body of M. V. Hallmark of Cisco, found frozen yesterday near Clairmont, was sent to Cisco today for burial. He was traveling through the country when he is believed to have been overcome by heart trouble during last week's blizzard. Passersby noticed the automobile but the body was found more than a mile away. He probably had been dead for four days.

TROOPS SENT TO QUELL LIMERICK REBELLION

DUBLIN, March 7.—Ten companies of Irish republican troops departed from Dublin today for an unknown destination, believed to be Limerick, where they are sent by the provisional government to support the loyal free state garrison there against the rebellious Limerick republican troops.

LIMERICK SURROUNDED.

LIMERICK, Ireland, March 7.—Irish republican troops loyal to the provisional government are closing in on Limerick today to prevent an attack on the free state troops which have been ordered to evacuate.

PIONEER NEWSPAPER MAN DIES AT SONORA

SAN ANGELO, March 7.—Michael Joseph Murphy, 54, proprietor and editor of the Devil's River News at Sonora since October, 1890, died today in a San Angelo hospital. He was ill less than thirty-six hours. He is survived by his widow and two brothers, Steve Murphy of Sonora, and J. G. Murphy, veteran owner and publisher of the San Angelo Standard. The family came to Texas in the early days from Canada.

ADVENTURE IS DEAD!

NEW YORK, March 7.—Nineteen Americans who joined the Spanish foreign legion to fight rebellious Moors were detained by immigration officials and sent to Ellis Island last night when they returned on the steamer America. Immigration authorities declare that in joining the Spanish foreign legion the men forfeited their citizenship rights in the United States.

AIR COMPRESSOR BURSTS AT K. C., KILLING FOUR

Car Barn Wrecked; Woman Dies in Explosion and Fire at Home.

KANSAS CITY, March 7.—Five persons were killed and between twelve and eighteen were injured, some seriously, in two disastrous fires and explosions early today.

Four men were killed and between ten and fourteen injured when the street car barns at Ninth and Brighton streets were wrecked by the terrific explosion of an air tank in the compressor room. The explosion blew a forty-foot brick wall several yards into the street and terribly mangled the men's bodies. Many cars were blown from their tracks. Fire added to the horrors of the tragedy. The dead are:

C. E. LEGATE, 18, machinist. EARL HAYNES, 26, machinist. HARRY BOWMAN, 50, machinist. FRANK BAUMGARTNER, foreman.

A few hours previously, an explosion and fire in a flat and grocery store at 816 East Eighth street wrecked the building and resulted in the death of one woman and the injury of four other persons.

DALLAS FIREMAN KILLED WHEN TRUCKS COLLIDE

DALLAS, March 7.—One fireman was killed and five seriously injured when two fire trucks collided here today. The trucks were responding to an alarm at a school house, which was extinguished with small loss.

HARDING WANTS OPERATORS AND MINERS TO MEET

WASHINGTON, March 7.—President Harding has asked Secretary of Labor Davis to insist that the coal miners and operators meet in national conference to avert the nationwide coal strike threatened for April 1, it was stated officially at the White House today. The President believes the operators and miners must join in conference in order to "keep faith" with the agreement signed in March, 1920.

ROMANCE!

NEW YORK, March 7.—It was a story of love in the tropics, romance under the Southern moon, that the good ship Caxias brought into port today.

The heroine was Iyena, a gypsy princess; the hero, a young Barbadian planter, with the spirit of D'Artagnan; the "villain," King Alexander of the gypsies, who led his hand aboard the Caxias at Barbados for a journey to Mexico.

Here is the plot: Infatuated with the planter, Iyena is taken aboard the ship by force and confined to a stateroom by her father. Several hours pass, with the ship due to sail at midnight. Tolls 11 o'clock.

Alongside the vessel draws a row-boat, with the lover, to kidnap his bride. The father sees him and he is driven away.

Interval of half an hour, during which the princess induces the stewardess to free her and descends a rope ladder swinging over the stern. A gentle splash and the lover again is alongside with his boat. Then the sound of oars, moving shoreward.

The king learns of his daughter's flight and threatens the captain with dire things if he does not pursue. It is sailing time and the captain refuses.

At Havana the king is told by authorities that his daughter is wed. He smiles, as the curtain falls on a happy ending.

WARRANTS DON'T SAY BANK FUNDS WILL PAY, PRITCHARD DECLARES

County Treasurer Says He Will Register Them if They Read That Way.

That he will be willing to register the \$80,000 in road warrants recently voted by the commissioners' court, if they are changed to read that they will be paid from moneys now tied up in the defunct Security State bank of Eastland, is the statement of County Treasurer Pritchard in a letter to the Times, explaining his reasons for refusing the warrants. However, he will not register them so long as they read that they are to be paid by a tax levy, and also says that even if they are paid from the bank money, the county would in effect be paying 11 1/2 per cent interest on those warrants.

Mr. Pritchard's Letter.

Eastland, Texas, March 6, 1922. Ranger Daily Times: I have read your article of March 3, 1922, concerning your conversation with Judge Starnes and note that he says among other things that these \$80,000 road warrants will be put in escrow in the F. & M. bank of Fort Worth, Texas, and that they will be drawn out by order of the court. As I understand escrow agreements, both parties to the contract must agree to the withdrawal of the escrow papers. Someone else would have a say as to how and when the papers would be withdrawn.

He also says that they will be redeemed from the proceeds of the defunct Security State bank of Eastland, Texas. If his statement is true, then, the records of the commissioners' court are also false and calculated to defraud innocent purchasers. The warrants state among other things that there was at the time of the making of said contract, a special fund, designated "Eastland County, Texas, Road Warrants, Series January 14, 1922," created and a tax of a rate sufficient to pay said debt and interest thereon, was ordered levied against all taxable property of said county, assessed and collected and placed to the credit of said special fund and appropriated exclusively to the payment of said debt and interest thereon, by order of the commissioners' court. If the commissioners' court will cancel the order creating the special fund and levying the special tax, and will also change the warrants to make them redeemable only from the proceeds of the defunct Security State bank without further recourse against the county, then I am willing to register the warrants.

These warrants draw interest at the rate of 6 per cent payable semi-annually from the first of February, 1922. The full \$4,500,000.00 of the good roads bonds are also drawing interest at the rate of 5 1/2 per cent, except \$180,000 which are drawing only 5 per cent. If this is not an additional debt, but only to finance the \$4,500,000 good roads bond issue, as the judge says it is and then be redeemed from the bond issue, then the county is indirectly paying 11 1/2 per cent on the bonds, which is a violation of the law.

He also charges that my action in refusing to register and sign these warrants is "more politics." In this connection, I wish to say that I believe in the local rights of the people as pertaining to the tax question. I

(Continued on Page 2.)

SWEETWATER FIRE CAUSES BIG LOSS

SWEETWATER, March 7.—Fire originating in a shed in which linters were stored at the local oil mill Monday destroyed 3,000 bales of cotton, at an estimated damage of \$60,000.

The blaze was discovered in the linters shed at 4 o'clock, and had gained a large headway before the fire department could reach the scene.

GOVERNOR SMALL'S CASE IS POSTPONED

WAUKEGAN, Ill., March 7.—Trial of Governor Len Small on charges of conspiracy to embezzle state funds was Monday postponed until April 3.

The governor asked sixty days' delay on the ground his presence here would interfere with letting of spring road building contracts. Judge C. Edwards granted thirty days' delay on the understanding that no more delays will be asked.

Girls' Hair Clipped

DENTON, March 8.—While Misses Geneva Smith, Lottie Wheeler and Bess Milligan of Sanger were asleep last night at the home of the Rev. C. M. Smith here, some person entered the room in which they were sleeping, cut off their hair and scattered

it about the room. They were not awakened by the visitor and knew nothing of the loss of their hair until this morning.

Two braids were left in the room and the third was hung on a rose-bush outside the window. No motive has been assigned for the deed.

ARBUCKLE WITNESSES INDICTED

THE WEATHER. West Texas—Tonight and Wednesday, fair; rising temperatures.

UNDERWORLD FLEES OIL TOWN AFTER WARNING

TAFT, Cal., March 7.—Women of the underworld, gamblers, bootleggers and vagrants who have thronged to Taft during the oil boom were leaving today in a spectacular exodus that almost amounted to a stampede, fleeing before "night riders."

A wealthy man, who is said to have been the political backer of the vice elements, has received a letter reading: "You are about to retire from business in Taft and we expect you to be closed out and gone without delay. A word to the wise should be sufficient. Unless you comply promptly, you will be tarred again."

The man turned in the letter to Deputy District Attorney Allan B. Campbell. He does not intend to obey the warning, he said. Five cars of hooded and masked men drove up to the Baptist church of the Rev. Vandye Todd at Fellows, near here, at the conclusion of Sunday night's service, according to a report made today to federal investigators.

NEWBERRY VOTE WAS INFLUENCED, SENATOR SAYS

WASHINGTON, March 7.—Investigation by a special senate committee of statements by Senator Poindexter that influence was brought to bear in the Senator Newberry case is asked in a resolution introduced by Senator Caraway of Arkansas. The resolution was referred to the elections committee.

It states that Poindexter had charged that malign influences were used to influence votes of senators in seating Newberry. It provides for the appointment of three senators to investigate.

KU KLUX CHARGE WOMAN WITH KILLING HUSBAND

DELAND, Fla., March 7.—Acting on information said to have been furnished the authorities by the Ku Klux Klan, officers today arrested Mrs. Alice K. Shields at St. Cloud on a charge of murdering her husband, William A. Shields, formerly of Mobile, Ill., who was shot and killed some time ago.

PIGEONS USED TO SMUGGLE COCAINE FROM CANADA

CHICAGO, March 7.—Pigeons are carrying narcotics from Canada to Chicago, according to a story told by Alfred Conroy, a drug addict, to Captain John B. Biddle, narcotic expert in the district attorney's office. Conroy said they tie little packages of cocaine and heroin on carrier pigeons in Canada and the pigeons come here.

SPANISH CABINET HEADED BY MOURA RESIGNS TODAY

MADRID, March 7.—The Spanish cabinet headed by Antonio Moura resigned today.

Barker Plant to Be Increased From 1,000 to 5,000 Gallons Daily.

The Straits Oil company, organized a year ago by Detroit capital, has purchased the casinghead plant on the R. E. Barker farm, five miles northwest of the city and will commence the enlargement of the plant at once, officials of the company announced this morning.

The plant was one of the first constructed here and was built by the Mid-Texas Gasoline company. It was later taken over by Mr. Barker, who has been operating it since. The present capacity of the plant is 1,000 gallons of gasoline daily. Mr. Barker stated, which will be increased to 5,000 gallons daily. Mr. Barker will remain with the company as vice president and general manager. F. F. Kindra and F. E. Kramer of Detroit, two other officials of the company, are here inspecting the company's acreage in this section and state that tentative plans have been made to start drilling in the near future. Other acreage has been acquired by the company in the Kansas fields, Mr. Kindra stated.

Other Detroit men interested in the company, Mr. Kindra said, are W. S. Booth, publisher of the Detroit News; M. K. Averill, general counsel for Dodge Bros.; H. A. Sleeper, nephew of the governor of Michigan, and W. K. Pratt, president of the Peoples Mortgage corporation.

TWO OKLAHOMA HIGH OFFICIALS TO BE INDICTED?

That's Report at Okmulgee, Where Bank Failure Is Being Probed.

OKMULGEE, Okla., March 7.—Indictments involving two high state officials will be drawn in the next forty-eight hours by the grand jury investigating the failure of the Bank of Commerce, according to reports here said to have emanated from the grand jury room.

The nature of the indictments is kept a close secret and will not be made public until warrants have been served, county officials said.

MILLION PAIRS OF EYES TO BE TESTED TODAY

NEW YORK, March 7.—Nearly 1,000,000 boys and girls of the New York schools will have their eyes tested before the day is over. This is health day, and the Eyesight Conservation Council of America is cooperating with the school authorities in arranging for the wholesale examination.

U. S. DECIDES TONIGHT ON GENOA CONFERENCE

WASHINGTON, March 7.—The United States will formulate its decision regarding participation in the forthcoming economic conference at Genoa either this afternoon or tonight, it was authoritatively stated today at the White House.

BOY SHOTS BABY SISTER

HOUSTON, March 7.—Claude Maroney, 11 months old, was shot and perhaps fatally wounded this morning by her 4-year-old brother. Parents believe the boy found the revolver under the pillow and could not resist the desire to test it out.

BROTHER OF RUSSELL SAGE DIES AT POST IN GALVESTON

GALVESTON, March 7.—Fredrick H. Sage, 68, for twenty-two years local manager of the Texas Transport & Terminal Company, a shipping agency, died today at his home here following a lingering illness. He had been an employee of the company for thirty-five years and was a brother of the late Russell Sage of New York.

BONUS FOES WILL ASK HARDING TO FIGHT NEW PLAN

Say Loan Feature of Bill Will Disrupt Nation's Financial System.

HARDING STANDS PAT.

WASHINGTON, March 7.—President Harding "stands pat" against any method of providing for the soldiers' bonus except through a sales tax, it was officially announced at the White House today.

WASHINGTON, March 7.—Opponents of the bonus bill in congress today were seeking to have President Harding oppose the new bonus insurance-loan bill, framed after much effort by the subcommittee of the house ways and means committee.

They claim having the banks loan up to 50 per cent of the value of the certificates will seriously interfere with the nation's financial system.

Doesn't Meet Conditions. It will also be urged on the President that the bill does not comply with his decision that the bonus bill must be delayed or a sales tax adopted to pay for it.

The bill was before Republicans of the house ways and means committee again today and they were hopeful of perfecting the final draft before night. It then would be submitted to the entire committee and after formal approval would be presented to the house. Indications at present are that the house will not act on the measure until next week.

Efforts to have included a provision calling for the payment of a bonus to immediate relatives of ex-service men who have died since their discharge from the army have been abandoned, Chairman Fordney said. There has been no change in the four options of the compromise bill, which would allow ex-service men their choice of the certificate plan, vocational training, home and farm aid and farm settlement.

Under the provisions of the bill as now drawn, a veteran would mean any individual who was a member of the military or naval forces of the United States at any time after April 2, 1917, the date of the declaration of war, and before Nov. 12, 1918, the day after the signing of the armistice. In computing the length of service, credit would be given for all time served before July 1, 1919.

DEAD MAN'S DOG WATCHES BODY FOR SIX DAYS

BARTLESVILLE, Okla., March 7.—A searching party organized to locate Harold Salley, 21, of Glen Oak, near here, Monday found his body in a thicket near a country schoolhouse. Salley had been absent from home for eight days. The body when found was guarded by Salley's dog, which at first refused to allow the searchers to approach. A severe bruise was found on the dead man's head.

According to Sheriff Henderson of Washington county, who headed the searching party, the body apparently had been lying where it was found about six days. The damp ground around it was trampled smooth by the dog, which the searchers said, was almost dead from starvation, apparently having remained constantly with his master's body. Officials are, at a loss to explain how Salley met death.

PANHANDLE FARMER SHOT DOWN BY BANKER

AMARILLO, March 7.—P. E. Parker, 45, a farmer residing between Farwell and Bovine, in Parker county, died at Farwell this morning at 4 o'clock from gunshot wounds received at Farwell yesterday afternoon.

A. G. Guy, president of the Farwell National bank, surrendered to Sheriff J. H. Aldrich immediately following the shooting and was released on \$5,000 bond. The shooting occurred on the sidewalk in front of the bank, and there were two witnesses to it.

Parker is survived by his wife and two children.

DRAFT EVADER GIVEN FIVE-YEAR SENTENCE

BROWNSVILLE, March 7.—A. A. Helmecke, charged with desertion from the army by failing to report in the draft was tried today at Fort Brown and sentenced to five years imprisonment. The sentence is to be reviewed by the authorities at Fort Sam Houston.

HAIR.

Of all the questions that concern man, the argument over hair or lack of hair as an index of intelligence alone seems to flourish without abatement. Other questions may rise or fall in popular favor, but put a bald-headed man and one with a beautiful pompadour—whether afflicted with it or gifted with it is a matter of individual belief—put those two in the same room, and in the picturesque language of our ancestors, "the fur is sure to fly."

For a long time those with fly dance hats atop their craniums had the better of the argument. "Hair is a sign of low mentality," they would declaim, and quote Professor Bunkus to that effect; also pointing out a theory of origin that hasn't made one Darwin exceptionally popular with the churchmen.

But now, scientists are divided among themselves. Comes one who asserts that lack of hair is a sign of mental decay; making the argument so evenly balanced that none may know the issue.

One thing that can be said for the baldheaded man: He does his best to get over it, while the same can seldom be said for the silken-locked youth whose top piece of seal-like sleekness extends from eyebrows to collar.

The happiest man in the world has been found by the Lincoln Journal. He lives in North Georgia and he has six fiddles, ten children, thirteen hounds, a deaf and dumb wife and a moonshine still that has never been spotted by law-enforcement officers.—Atlanta Constitution.

And now Senator Watson, of Georgia, has discovered Secretary Mellon is not legally qualified to be at the head of the treasury department. Can nothing be hidden from Senator Watson of Georgia?—Kansas City Times.

Someone has predicted that there will be gasoline, or a substitute for it, at two cents a gallon. But one cannot get motive power out of predictions.—Albany Journal.

What was thought to be a dove on the peace dollar is an eagle with his wings folded. If it had been a dove, she would have had her fingers crossed.—Washington Post.

FORD STILL SHORT OF A BILLION; ISN'T AS RICH AS ROCKEFELLER

(Forbes Magazine) Very rich men rarely talk about their money. Henry Ford is an exception in this respect, as he is in many others. Ford has told an interviewer that he has about \$100,000,000 worth of buildings, \$100,000,000 worth of machinery, and a bank balance of between \$135,000,000 and \$145,000,000—\$10,000,000 forward or backward is a matter too small for Henry to bother about.

ALDERSON AND KING BUY MAJESTIC HOTEL; WIGGINS TO MEXIA

The operation of the Majestic hotel has been taken over by S. B. Alderson, for two years proprietor of the Georgia hotel on Austin street, and J. S. King, until recently one of the proprietors of the Post Office cafe.

Mr. and Mrs. V. C. Wiggins, who have been managing the hotel for the Hall Furniture company of Mexia, turned over the hotel to the new owners today and will leave shortly for Mexia, where Mr. Wiggins will be associated with the Hall Furniture company.

WARRANTS DON'T SAY BANK FUNDS WILL PAY

(Continued from Page One) believe if a debt is to be created which the taxpayers must pay that they should have a voice in the creation of the debt.

Knowing that the Ranger Daily Times stands for the right things, stands for fair play, and stands for the interest of Eastland county, I respectfully request that you give this letter the same publicity that you gave the statement of Judge Starnes. Thanking you in advance for the favor, I remain,

Yours truly, E. S. PRITCHARD, County Treasurer.

\$25,000 LOSS IN GIN FIRE.

WACO, March 7.—Approximately \$25,000 loss was sustained when fire destroyed the Williams gin at Lorenza, fourteen miles south of here. This was the second fire there in two days.

DOG HILL PARAGRAPHS

By GEORGE BINGHAM

The Justice of the Peace at Bounding Billows has bought a law book, just to see if him and it are of the same opinion.

The Excelsior Fiddling Band did have high hope of raising some money by giving a free open air concert on the street at Bounding Billows, but after the public found that it was free they would not give anything.

Sidney Hocks has a new dollar watch and it ticks so loud he has to fasten it up in a paper sack each night.

ACCIDENT FAKER IS STILL ON JOB WITH OLD GAME

(Theodore Waters in Leslie's Weekly) She-who-findeth-out-all-things was reading the evening paper as is her wont. Suddenly she exclaimed, as is also her wont when she comes upon what she considers an astonishing bit of news.

Man Has Regular Job Finding Tack in Restaurant Pie.

"Oh, but wait. The accident occurred many months ago and the defendants produced moving pictures which showed the girl walking about at Coney Island, taken, they said, subsequent to the accident and before the trial as though nothing serious had ever happened to her. How do you account for that?"

CONFERENCE AT AUSTIN ON PRISON LOAN

AUSTIN, March 7.—Prison finances are being discussed at a conference today between Governor Neff, Attorney General Keeling and members of the state prison commission.

"I don't. But it will be interesting to know what the jury decides." "But the jury has decided, or rather it has decided to disagree, so the paper states, and the trial will have to be held all over again."

"Well, I have been engaged on a series of investigations of accident fakers and how they pursue their calling which is not to infer that the girl you mentioned is a faker. But the incident I witnessed today was a fake pure and simple and an old one, too. That was why I was so interested. It is known as the blueberry pie dodge, only as blueberries are out of season this fellow used raisin pie."

ETERNAL LIFE NEAR AT HAND, SAYS DOCTOR

LONDON, March 7.—Not only may the brains of the illustrious be grafted on the living, but we also may be on the eve of the secret of perpetual life.

"The manager came and was very, very sorry. It was an accident, to be sure, but if the gentleman would step into the office he would see what could be done. The gentleman did, first, however, calling attention to the fact that we were witnesses to what had happened to him, and would we please wait until he came back?"

"What Else Could Manager Do?" "Paid him, of course," he snapped. "What else?"

"But don't you know that is an old trick?" I asked. "He is probably on his way to another restaurant to play the same trick."

"I know that very well," he replied. "But I cannot afford any notoriety. If it became known that a tack was found in our food, how long would we keep our customers? That fellow has a perpetual sore mouth and works the tack game right along, but you can't tell the public that. Why, you fellows at that table would be the first ones to swear against us in court. You couldn't help it. So I paid him and took his release."

Mrs. Nellie L. McClung, the Canadian novelist and member of the legislature from Alberta, is now in England for the purpose of advocating the establishment of a British-Canadian marriage bureau, through which the surplus British women could be wedded to the surplus Canadian men.

Professor Alexis Carrel, with whom I worked for a short time, has made astounding disclosures. He successfully grafted a whole kidney from one animal into another of the same species. He did the same with a leg and other members, transplanting arteries and veins at the same time.

"I have seen a black dog with a white leg that had been grafted on. The blood vessels joined up during the operation and worked successfully. Professor Carrel attempted grafting a kidney on the organism of a living man, but it became calcareous. These experiments, however, are invaluable because they lead the way."

"The tissues Professor Carrel is experimenting with are mounted on slides, and have to be kept at the same temperature as that of the human body. They are washed every day with saline water to dispose of by-products, and they never will die as long as the treatment is continued. They grow like a fungus, and in time overrun the slide. There is no such thing as death as long as there is perfect drainage."

"Professor Carrel has not been able to unite tissues and keep them growing. Until this can be done these fragments will have no thought, although they may possess feeling."

"This work gives doctors and scientists a great insight on what is going on in the human body. Small tissues of the brain, the liver, or the heart all may be treated in this way. If the fragments are fed with thyroid juice they will digest the food and, provided all by-products are washed away, their life is without limit."

Despite the fact that an amendment to the state constitution gives them the right to sit on juries women in Missouri are barred from this right under a ruling of the circuit court in that state.

NEW DRUG FOUND IN TROPICS KILLS SKIN PARASITES

NEW YORK, March 7.—A new root, the use of which may exterminate skin parasites, one of the horrors of life in the tropical regions of the world, is one of the important finds of the Mulford biological expedition to the Amazon region, whose leader, Dr. Henry H. Rusby, came back to his desk Tuesday as dean of the Columbia College of Pharmacy, after being forced to leave the party because of neuritis.

OFFICERS PREFERRED GUN, PRIVATES ROPE, TO END WAR'S PERILS

ALBANY, N. Y., March 7.—One hundred and sixteen New York state soldiers took their own lives overseas during the World war, says a statement issued by Adjutant General J. Leslie Kincaid. One hundred were enlisted men and sixteen were officers.

"While it is impossible to assign a proper cause leading to each individual action," said the statement, "the officers particularly were overcome with the feeling that winning the war was an impossible task and that the world's culture was to be swept away by the triumph of German arms."

"Impulses of a more personal character were evidenced in the actions of the enlisted personnel. To many the fear of death coming upon them was enough to destroy their moral steadfastness, while to others a clairvoyant certainty that harm would come to those whom they loved across the seas was a sufficient force to impel them to blot out their lives."

"When an officer took the alluring leap he, as a rule, relied upon a charge from his pistol. A coil of rope seemed to possess an uncanny fascination for the enlisted man after he had arrived at the conclusion that his lot no longer could be borne."

Caroline Herschel, the discoverer of eight comets, and the accomplished partner of her brother's astronomical labors, never could remember the multiplication table, and always had to carry of copy of it about with her.

INDIAN CHIEF OUT \$10,000 ON GIFT SPREE

VANCOUVER, B. C. March 7.—When Chief Billie Assui, of the Alert Bay tribe of Indians, planned to put himself in high standing with the tribe by giving away forty sewing machines, forty talking machines, many blankets and loads of jewelry, the white man's law was the only skeleton at the feast.

So Chief Billie cut a fir tree, placed it in the middle of the imposing heap of gifts and invoked the spirit of the white man's Christmas. But his Christmas tree was suspiciously late, and to authorities his generosity appeared to be out of all reason.

He was charged in Alert Bay (B. C.) stipendiary court with having conducted a polltax, but he explained that his party was the only way in which he could acknowledge numerous kindnesses from friends. The case was adjourned. One estimate places the cost of Billie's "spending jar" at \$10,000.

CUTICURA HEALS BABY'S PIMPLES. Very Red, Itched and Burned. Could Not Rest. "For several weeks my baby had a breaking out all over his body, face, neck, hands, and limbs. It started as little, fine pimples, which later became very red, and itched and burned terribly. He was cross and fretful, and could not rest at night. I sent for a free sample of Cuticura Soap and Ointment which gave relief. I bought more, and after using one cake of Soap and one box of Ointment he was healed." (Signed) Mrs. Russell Fizer, 560 Woodland Ave., Lexington, Ky. Use Cuticura for all toilet purposes. Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. B, Malden, Mass." Sold every where. Soap 5c. Ointment 10c. and 25c. 100c. Cuticura Soap shaves without lather.

EASTLAND WILL HAVE BARBECUE AT GORDON WELL

EASTLAND, March 7.—Thousands of people will attend a great barbecue to be held on the shores of Lake Eastland, a mile northwest of this city, Thursday afternoon, March 9.

SOCIETY WOMEN DUPES RUN DOWN FORMER BROKER

NEW YORK, March 7.—Alfred D. Lindsay, former stock broker, wanted here on a charge of having muled society women of more than \$1,000,000, was arrested last night in Overbrook, Pa.

An indictment charging the fugitive with grand larceny was voted by a grand jury today following a dramatic hearing, in the course of which Mrs. Dorothy Atwood, New York society woman, became hysterical and temporarily halted the proceedings.

Witnesses declared Lindsay won their confidence by convincing them of his close business association with leaders of finance, with whom he is said to have professed to have nightly meetings, at which stock exchange operations were "fixed" between games of dominoes.

PHILADELPHIA, Pa., March 7.—Alfred E. Lindsay, arrested at Overbrook, agreed to waive extradition and left for New York at midnight, in custody of detectives. "Lots of people have been lying about me, and I guess I'll go back and straighten out things," he is quoted as saying.

VULCANIZING

Tires and tubes—all sizes. Fabric tires at \$1 per inch. Tubes with nail hole, 25c.

SPEED! HAMMOND, Ind., March 7.—A holdup man with a watch and time-table achieved a reputation as a speed artist at Hobart when he held up and robbed John Thym, ticket agent for the Nickel Plate railroad.

As the Nickel Plate's night train began to move from the station the robber leaped off for a moment, placed a pistol at Thym's head as he was standing on the platform, relieved him of \$25, hit him on the head with a pistol and jumped on the last coach as the train gathered speed.

When Thym arose the train was out of sight.

MILFORD FUNERAL HOME TO HAVE FINE QUARTERS IN TERRELL BUILDING

The Milford Undertaking company, which has been maintaining temporary quarters on the lower floor of the Masonic temple, this morning changed both its abode and name. The Milford Funeral home moved into new quarters at 113 North Rusk street, on the ground floor of the Terrell building, which has been equipped for a modern undertaking establishment.

One of the outstanding features of the new establishment is the chapel, with seating capacity for 250 persons and a piano and rostrum for funeral services. Particular attention has been paid to the sanitary facilities of the new establishment, it is stated. The front of the building has been equipped as offices and reception rooms. Immediately behind the reception room is the display room for infants' coffins, next is the display room for larger coffins with the stock room and morgue in the rear. Sleeping quarters have been provided in the back of the building for ambulance drivers and emergency men.

AIRMAN MAPS NEW YORK CITY IN 69 MINUTES

NEW YORK, March 7.—New York city has been mapped from the air in sixty-nine minutes. The announcement is made by the aeronautical chamber of commerce, which reported the success of an experiment with a new type of aerial camera perfected by Sherman M. Fairchild. Working from a height of 10,000 feet the photographer snapped 100 photographs of that number of sections of the city. These photographs, fitted together, form a clear mosaic of an area of thirty-two square miles, showing every street and building and even the vehicles and persons that were moving. An electric timing device is one of the improvements in the new camera.

Miss H. Pearl McCoy, of Boise, Idaho, has been appointed special assistant United States attorney for the District of Columbia, and is the first woman to hold such a position in the district courts.

RYE WAS MONEY WHEN FRANKLIN WAS U. S. STATE

DES MOINES, Iowa, March 7.—Once upon a time rye whisky was legal tender in this country. This fact may have interest for the Americans of this prohibition era. In those days, a citizen of the state of Franklin could buy a good homespun shirt for a jug of rye.

Four today perhaps ever heard of the state of Franklin that was once a candidate for admission to the union of American commonwealths.

In 1772, settlers in East Tennessee organized the Wautoga association. Executive power was vested in a committee of five. A legislature was elected. Court was held. But the dream of the pioneers of establishing a separate colony, with a royal governor was abandoned when the original thirteen colonies entered the war of independence against England.

In 1784, the Wautoga settlers met at Jonesborough and organized the state of Franklin. John Sevier was elected governor. Rye whisky, beaver skins and side bacon were declared the legal money of the new commonwealth. Congress, however, refused to recognize the state and the territory eventually reverted to North Carolina.

DESTITUTE WOMAN CUTS WRISTS SO SHE CAN GET SHELTER

DENVER, March 7.—Destitute and unable to get a job, Della Tavis, 46 years old, slashed her wrists in a hotel at 1802 Arapahoe street that she might be taken to the county hospital where she was sure of getting food and shelter.

Instead of being taken to the county hospital, she was taken to the matron's quarters at the city jail, where she is being given shelter until City Chaplain Jim Goodheart can procure employment for her. The wounds on her wrists, which was dressed by Police Surgeon Campbell, are of a superficial nature.

"I was deserted by my husband three years ago," Mrs. Tavis said. "I have a brother in Grand Junction, Col., but do not get any assistance from him. The only person who has helped me is Jim Goodheart of the Sunshine mission. 'I had no money and couldn't get a job. I knew that they took injured and wounded persons to the county hospital. So I slashed my wrists with a safety razor blade in the hope that they would take me to the county hospital, where I could get food and shelter for a few days at least.'"

Boston's 4,000 unionized girl telephone operators own and maintain a beautiful country estate just outside of the Hub City. The home can house thirty-two girls at one time.

PROGRAM LIBERTY—"A Voice in the Dark" (all-star cast), and Big V comedy, "Bards and Muslin."

MAJESTIC—Bobby Ryan's Dainty Darling Musical Comedy and Antonio Moreno in "Guilty Conscience," news reel and comedy.

CROW DAMAGE SUIT TRANSFERRED TO BELL

WACO, March 7.—The Crow-Buchanan damage suit was transferred to Bell county Monday afternoon by Judge Harvey M. Richey, who declared in his announcement that "it is practically impossible to obtain a fair and impartial jury in McLennan county."

Two weeks have been devoted here to an unsuccessful attempt to select a jury in the case in which Mrs. Inez Crow seeks \$50,000 damages for the death of her husband, Louis Crow, who was fatally stabbed at Lorena, last October in a fight incident to an attempt by Sheriff Buchanan to stop a Ku Klux Klan parade.

MEXIA POOL IS EXTENDED SOUTH BY BELL WELL

MEXIA, March 7.—The Kirby Petroleum company has a well on the A. B. Bell, believed to be in the 4,000-barrel flush flow class.

The well represents a quarter of a mile extension southwest. Its nearest neighbor is the Thompson Amy Bluhitt, which was recently purchased by the Kirby Petroleum company.

IBEX FIELD TO HAVE INCREASED PIPE LINE

ALBANY, Texas, March 7.—A representative of the Texas company pipe line is now procuring a right of way from the Ibez field in Shackelford county. The company already has a two-inch line from the field but is now preparing to lay a four-inch line so as to take care of the increased yield.

MEXIA MAN SLAIN BY FORT WORTH PARTNER

FORT WORTH, March 7.—Earl Hensley, auto accessory dealer and hotel owner at Mexia, was shot three times Monday afternoon at 3:15 o'clock in front of 415 Main street. He was taken to the City-County hospital, where he died forty-five minutes later.

Maurice Champ, who, it is said, was a partner of Hensley at one time, surrendered to Captain McClure of the North Side police station and was taken to the district attorney's office. McClure witnessed the shooting.

Later Champ was admitted to \$10,000 bond. The trouble between the two men resulted from a business disagreement. Hensley, while still retaining his business in Mexia, called Fort Worth home and spent much of his time here before the oil boom in Mexia. Champ has been a resident of Fort Worth many years.

NEW WELL NEAR PUTNAM

PUTNAM, Texas, March 7.—Charles Dutton started cleaning out the Cathey well, one and a half miles southeast of town Monday. He has ordered material for another derrick, to start a new well at once. It will be to the 1,700-foot sand.

SANDS' BODY FOUND? HARTFORD, Conn., March 7.—Connecticut state police believe that the body of a man found near Warehouse Point with a bullet hole in the forehead may be that of Edward F. Sands, sought as a suspect in the murder of William Desmond Taylor, Los Angeles motion picture director.

SOCIETY

AND WOMEN'S ACTIVITIES

Conducted By
MRS. R. B. CAMPBELL
Telephone 418

CALL MEETING TRANSPORTATION COMMITTEE.

J. E. T. Peters, chairman of the transportation committee for the Parent-Teachers' convention, wishes all the members of this committee to meet with him at the Chamber of Commerce Wednesday morning at 10 o'clock. As a number of our guests will arrive on the Sunshine tomorrow, this meeting is very important.

WEDNESDAY.

Amusa club meets with Mrs. Walter West.
Thursday Bridge club meets with Mrs. Caba Terrell.
Afternoon of prayer at the East Ranger Baptist church, beginning at 1 p. m.
First delegates to convention arrive.

CHEERFUL WORKERS TO MEET.

The Cheerful Workers of the Christian church will meet with Mrs. Charles Sigler, at her home on McCleskey avenue Wednesday afternoon at 2:30 o'clock. Every member is urged to attend this meeting.

DINNER FOR MR. AND MRS. KINARD.

Mr. and Mrs. Arthur Kinard, whose departure for their new home, Dallas, is imminent, have been the honor guests at several dinners during the past ten days. Perhaps none of them was more enjoyable than the one given by Mrs. C. H. Moffett, Sunday evening. Owing to Lent these dinners have of necessity been very informal, most of them just intimate family affairs, as was this one, when covers were laid for Mr. and Mrs. Kinard, Mr. and Mrs. Walter Burden, Betty Jean Burden, and the hostess.

GUILD MEETING.

The guild met with Mrs. Walter Burden Monday afternoon. Mrs. Burden was a last-minute hostess, as the meeting was to have been held with Mrs. P. E. Nicol, but on account of the sudden illness of Mr. Nicol, it was impossible for her to entertain the members. The afternoon was devoted to business, and after its completion the hostess served refreshments to the following ladies: Mes. Andy Orth, Arthur Kinard, Karl Jones, Vincent Wakefield.

PURELY PERSONAL.

Mr. and Mrs. D. Murchi and children of Galveston, Texas, are returning to their home today, after a visit to Mrs. Murchi's sister, Mrs. Gene Reynolds.

Mrs. Charles Conley has been quite ill for the past few days and is still confined to her bed. However, her condition is improved and it is thought she will soon recover.

The little baby girl of Mr. and Mrs. John Thurman is quite sick at the family home on Pine street.

P. E. Nicol, of the Crawford pharmacy, has been quite ill with flu, but his condition today is reported much better.

WORLD'S RICHEST BEGGAR DIES IN BUENOS AIRES

BUENOS AIRES, March 7.—The richest beggar on record seems to have been one Fortunato Martinez of Buenos Aires, known to fame as the "South American beggar millionaire," who, when he died, left \$1,200,000.

Of this money, which he hid under the flooring of his house, he never spent a penny, living by begging in the streets, playing a guitar and sometimes running for cabs for theatregoers at night, who richly rewarded him. Of his fortune, two spinster sisters, distant relatives, got \$900,000, the balance going to found a girls' orphanage.

There are many cases of beggars having left fortunes to people who did not expect them, a bank clerk, in one instance, having a large amount of money left him by a beggar to whom he had regularly given two dimes a day. But it will be regrettable if telling of this should lead you to begin subsidizing a professional mendicant on the off-chance of the bread thus cast on the waters returning, thickly buttered, "after many days."

LABORATORIES WILL MAKE FOOD OF FUTURE

PHILADELPHIA, March 7.—The prophecy that food in time will be made synthetically was voiced here by Dean Dexter S. Kimball of Cornell university, president of the American Society of Mechanical Engineers, in addressing the textile symposium.

The dean described his prophecy as a "foolish one," but commenting upon recent achievements in aviation, wireless and radio, declared that it was not without the realm of possibility that a "synthetic doughnut" would be made. Chemists, he declared, have made real rubber and indigo and why should not synthetic food be made.

Farm women in Nebraska work on an average of thirteen hours and five minutes in summer and ten hours and twenty-two minutes a day during the winter.

FRAME GARAGE DESTROYED IN MORNING FIRE

Fire, supposed to have started from spontaneous combustion, this morning destroyed the frame garage in the rear of a dwelling owned by A. F. Hartman, in the 900 block on Paige avenue, in the Hodges Oak Park addition. Several automobile casings, mattresses and other articles stored in the garage also were destroyed. The loss is estimated at approximately \$300.

The fire is said to have broken out suddenly and to have enveloped the frame buildings in flames all at once, giving rise to the fire department's theory that spontaneous combustion had been caused by the piles of mattresses and gunny sacks stored there. The efforts of the firemen to extinguish the blaze was hampered by the lack of water and from the fact that the blaze had gained too great headway on the arrival of the fire trucks for the chemical apparatus to have any effect.

The dwelling is said to be occupied by a family named Dutton.

GIRL BANDIT BATTLES COPS TO COVER ESCAPE OF HER MALE COMPANION

SYRACUSE, N. Y., March 7.—A girl bandit, armed with a repeating rifle and a revolver and accompanied by a man equally well armed, raided a store in the village of Camillus, near Syracuse, early Wednesday and in the residential section of Syracuse engaged in a running gun battle with the police which ended in the arrest of the girl and the escape of her comrade.

The girl said she was Myrtle Bates, 22. According to the story of Ernest Monica, taxi driver, the girl and the man entered his car in the center of Syracuse and ordered him to drive to Camillus. The girl covered the driver. At Camillus, Benjamin Hart, grocer, was shot and seriously wounded.

Returning to Syracuse the taxi was trapped by seven patrolmen. Firing her rifle and pistol the girl covered her comrade's escape. She refused to give the man's name.

BALDHEAD SECTION FOUND SHOW FUNNY

Ranger found something new in the way of comedians last night when Bobby Ryan's Dainty Darlings opened at the Majestic for a week's run. Ryan proved somewhat of an original comedian; the darlings were as dainty as could be expected after their long trip here from Wilson, Okla., and the rest of the cast of twelve furnished their part of the fun. The first six rows of the audience furnished enough applause for the entire house.

The program of the company is to be changed nightly during its engagement here, it was announced.

SEVEN MOTHERS ARE CO-EDS AT NEBRASKA U.

LINCOLN, Neb., March 7.—Seven Nebraska mothers, carrying from four to ten credit hours, have become the schoolmates of their daughters at the University of Nebraska. In the case of two of the mothers it is the realization of a girlhood ambition to attend college. The others are enrolled for individual purposes, one to learn American ideals, another to study modern student life, and still another to theorize.

Mrs. U. C. Brecht is the mother of three children, all girls, and now her classmates. The entire family is studying dairy and animal husbandry. Daughter Emma and her mother, Mrs. Emma J. Kosch, frequently are mistaken for sisters in university circles. Mrs. Kosch is a sophomore, and besides, has two step-granddaughters in Cotner university. Art, renaissance history and economics are found on Mrs. Kosch's card.

Mrs. Fredrica Lau received her higher education in a German institution. So she entered the university with her two daughters to "be with Americans and learn their ideals."

Philosophy, art, history, federal administration, economics, business administration, and kindred subjects draw the mothers of four other students to the university. Two of these mothers report it "rather hard to get back into the swing of school work—there is so much to unlearn that we learned before." These mothers report a change in theories—but to their liking.

FUNERAL SERVICES FOR NETTIE LEE ARMSTRONG HELD TOMORROW MORNING

The funeral of Miss Nettie Lee Armstrong, 14, daughter of M. C. Armstrong, of the Bird apartments on Cherry street, who died yesterday morning, will be held tomorrow morning at 10:30 from the chapel of the Milford funeral home at 113 North Rusk street. Services will be conducted by the Rev. N. W. Alphin, local evangelist of the Church of Christ. Burial will be in Evergreen cemetery.

Miss Armstrong is survived by her father and one brother. The family moved here a few weeks ago from El Paso.

Omaha's largest and most fashionable apartment houses is run by a woman.

PILLS TO MAKE ALL MEN BRAVE, SOON ON SALE!

By Associated Press.
EVANSTON, Ind., March 7.—Cowardice is a matter of physiology and not of mentality and character, according to a theory advanced by Dr. Charles Louis Mix, professor of clinical medicine, Northwestern university.

"Fear is caused by the suspension of secretion by the adrenal glands, which are just above but not connected with the kidneys. It is this stopping of the secretions at the moment of fright that causes the dilated pupil of the eye, the dry mouth, shaking knees and soaring heart that are the symptoms of fear," says Mr. Mix. "After the first moment of alarm, the glands renew their secretions with more than normal activity, thus restoring the balance of courage and enabling the animals under observation to cope vigorously with the situation confronting them."

The new discovery opens the possibility of making all men highly courageous, eliminating congenial cowardice and establishing absolute tests of the capacity of individuals for perilous ventures where the individual's safety depends upon quick, cool-headed action, the doctor asserts.

The scientists who are following the investigation expect to evolve some means, medical or surgical, that will increase the flow of deficient adrenal glands and speed up the reactions from the glands early in their recovery from the fright inhibition, he adds.

FORD STOLEN

Thieves early last night stole the Ford car of Luther Seay from one of the downtown streets, where the owner had left it a few moments before. The car was later seen by a friend of the owner, being driven rapidly out of the city.

Henry Woods of Ranger, told the police that he was walking in from his home when he recognized Seay's car and thinking his friend was driving, called to him. The car sped by without stopping, however, and Woods on reaching town found Seay out searching for his machine. The Ford bore the engine No. 4238241 and the license No. 589623. A reward of \$25 has been offered for its recovery.

Girls are being trained for the "hello" jobs in China for the first time.

PROHIBITION NAVY SOON WILL DEFEND COAST

By Associated Press.
WASHINGTON, March 7.—The prohibition "navy" will be ready for operation in Atlantic coastal waters in search of liquor smugglers some time this month, it was declared Sunday night at enforcement headquarters.

Arrangements have been completed, officials said, whereby the prohibition bureau is to have the use of submarine chasers not now being used by the coast guard. Nine of these little craft, former navy terriers, are said to be immediately available for transfer to dry law commanders.

Prohibition Commissioner Haynes declared tonight that it would take about two weeks to man and equip the subchasers for duty as a prohibition sea patrol, but declined to divulge his plans for meeting in their own elements the swarms of rum runners said to infest the Atlantic coast, lest valuable information reach the ears of wily liquor skippers.

It was learned, however, that prohibition authorities contemplate a screen on swift ships operating from Maine to Florida and in the Gulf of Mexico to prevent the landing of illicit alcohol. Subchasers to form the prohibition fleet, officials said, are being loaned by the coast guard, as it is unable to commission them for this service because of the lack of funds and trained personnel.

The ships are 110-footers and are now scattered at the various coast guard stations, but the prohibition authorities plan to centralize their activities, probably basing the main fleet at New York with a strong squadron on duty in Florida waters.

While the coast guard will retain the title to the submarine chasers, the prohibition bureau will bear the expense of their operation. Enforcement agents will be on board each boat.

Whether the ships will fly a spe-

Free Proof That Ironized Yeast Builds Weight

Beautifies Skin and Gives New Energy To Thin, Run-down Folks

Do you need more flesh? Are you run-down, pale or scrawny looking? Do you lack energy—or is your skin blemished by humiliating pimples, blackheads or boils? If so, here is good news for you! Simply mail coupon below for the famous Three Day FREE Trial Treatment of IRONIZED YEAST. Take these remarkable tablets—two with each meal. Then get ready for a surprise!

Watch the Quick Results!
You simply will not believe your eyes when you see how quickly your skin begins to freshen, and how quickly pimples, etc., begin to disappear. Note the immediate increase in appetite and energy. And as for putting new, hard flesh on your bones—not flabby fat, but good firm flesh—people report gaining five pounds and more on the very first package of IRONIZED YEAST!

Yeast Best With Iron
The reason IRONIZED YEAST brings such splendid results is because it contains a specially cultured medicinal yeast which is unequalled for its richness in the essential Water Soluble B vitamins. Also contains the correct amount of the two other vitamins—Fat Soluble A and Water Soluble C—which are equally important to health, yet lacking in the modern diet. Vitamins bring fine results even if taken alone—but when taken with a proper amount of easily assimilated organic iron, as in IRONIZED YEAST, these results are secured even in just half the usual time!

Try Ironized Yeast Today
Simply mail coupon for the wonderful Three Day FREE Trial Test. Or go to your druggist and get IRONIZED YEAST on our guarantee and FREE our famous 3 Day Trial Treatment. Watch the Results! Dent 382

that the first package will bring satisfactory results or your money instantly refunded. You will be amazed at the quick improvement IRONIZED YEAST shows in you. Get it today!

WARNING!
There are certain types of yeast which have absolutely no medicinal value. By insisting on IRONIZED YEAST, and refusing cheaper imitations or substitutes, you can be sure that you are taking a vitamin tonic treatment which is unsurpassed in effectiveness, convenience and genuine health-building value.

Ironized Yeast is recommended and guaranteed by all good drug stores such as the Oil City Pharmacy.

cial prohibition flag while on their new service has not been decided, but Commissioner Haynes has received several more or less appropriate suggestions for a design for an emblem.

PALM-BOULEVARD PLANNED. BROWNSVILLE, March 7.—A boulevard of palms stretching from Brownsville to Mission, a distance of about sixty miles, is the goal sought by the Lower Rio Grande Valley Federation of Women's clubs. Plans for the boulevard are being worked out by the organization's good roads committee.

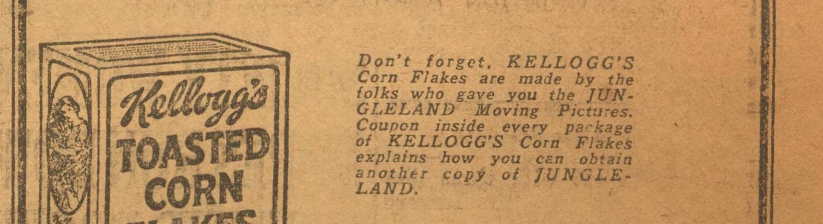

Kellogg's Corn Flakes are a taste-thrill at meals or any time

That's because Kellogg's Corn Flakes are so deliciously flavored—the Kellogg flavor that is known all over the civilized world! You, as well as the little folks, can eat great bowls of Kellogg's Corn Flakes day after day—and each sunny-brown, crispy, crunchy spoonful thrills the taste as though it was the first!

Put Kellogg's in comparison with imitation corn flakes! Kellogg's Corn Flakes are never tough or leathery or hard to eat! They are all-the-time crisp, all-the-time good! Don't miss such enjoyment!

Insist upon Kellogg's in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes! NONE ARE GENUINE WITHOUT IT!

Don't forget, KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.

Kellogg's CORN FLAKES
