STORM SWEEPS RANGER EAST SIDE

13 DEATHS IN STORM WHICH SWEEP TEXAS

Runnels County Hard Hit; Six Homes Demolished, Six Killed.

DALLAS, April 8.—Deaths in the storm early today have reached thirteen, according to reports from over North Central Texas and South Central Oklahoma that had been received here at 1 o'clock. It is estimated that the property loss has been heavy. Six dead are reported from Runnels county and four in Callahan county, Texas. Reports from both places are meager.

DALLAS, April 8.—Nine deaths, and injured to an unknown number, are reported today as a result of wind storms starting in West Texas and sweeping through North Central Texas and South Central Oklahoma. Six are reported killed at Rowena, near Ballinger, and one injured at Cisco, Ranger and Electra, Texas, and Lawton, Okla.

First reports indicate a heavy property damage. Heavy rains accompanied the wind at most places. Wire communications have been considerably interrupted and the heavy rains have made travel on most of the highways slow and difficult. At Lawton a heavy rain was continuing at 9:30 o'clock.

ROWENA HOUSES DEMOLISHED. BALLINGER, April 8.—Six persons were killed and seven injured and six homes demolished five miles northwest of Rowena in a storm this morning. The known dead are:

Two children of Joe Kohutsek; a child of Frank Emhell, an unidentified white man and two negroes.

WOMAN KILLED AT LAWTON. LAWTON, Okla., April 8.—One person, a Mrs. Sands, was killed and a baby was probably fatally injured in a severe storm which swept the Mountain Hill addition to Lawton at 8 o'clock this morning.

FLOOD IN ILLINOIS. SPRINGFIELD, Ill., April 8.—Floods in the Illinois river did a damage of \$500,000 today. The high water caused a break in the dam at Beardstown, where a part of the town was flooded.

CLEBURNE IS HIT. CLEBURNE, April 8.—A number of persons were unhurt, one seriously, when a wind and rain storm struck here this morning. Mrs. Walter Baker was seriously injured when her home was demolished.

THREE DEAD IN CALLAHAN? FORT WORTH, April 8.—Three persons were killed and five injured in a storm that struck Oplin, a small town in Callahan county, according to reports just received here from Baird. There is no railroad at Oplin and no confirmation of the deaths has been received.

DALLAS KLAN WILL MEET IN COLISEUM

DALLAS, April 8.—The roof on the coliseum has been repaired, the mayor stated this afternoon. The building will be available for the local Ku Klux Klan to hold its big initiation Saturday night as planned if the organization still desires the place, the mayor said.

Thursday Mayor Aldredge recalled permission granted to a "100 per cent American fraternal organization" to use the coliseum Saturday night after the deposit of \$200 had been made. He said he had learned the "roof was leaky and had to be repaired." Contractors having charge of keeping the property in shape protested, declaring the roof is all right. A force of men was working on the roof today.

It is reported that the local clan will initiate a class of 2,700 Saturday night.

SEVENTH MAN DIES FROM PLANE CRASH

PARIS, April 8.—Pilot Duke of the British-express plane which collided with a Goliath passenger plane over Thiel Thieulloy yesterday, died in a hospital here today, making the seventh victim of the most terrible accident in the history of European civilian aviation.

CAN'T LOCATE EXPLOSION

A mysterious explosion that shook houses all over the city about 9 o'clock last night was the cause of much speculation this morning. The exact location of the explosion is unknown. Persons living at the Prairie camp in the Cooper addition report that the explosion was east of the camp, judging from the fact that only east windows were rattled. Residents on the Tiffin road were of the opinion that the explosion was to the north. Other residents who heard it were sure that it was directly under their own homes, until an examination proved that the floors were intact. Neither the police department or the fire department had any reports of the explosion.

MERCHANTS APPROVE BOOSTER TRIPS; NO ACTION ON WAGE SCALE

The Retail Merchants' association last night agreed to conduct the suggested booster trips, advertising the opening of the West Texas league here on April 20, but declined to take any action officially in the efforts of the local unions to obtain any increase in the \$2.25 wage scale paid non-union labor on the county roads. No vote was taken on the wage matter, President Humes pointing out that it was contrary to the constitution and by-laws of the association to take any part in political or labor disputes.

Thursday, April 13, and Tuesday, April 18, were the dates selected by the association for the booster trips into the territories north and south of Ranger. A committee composed of E. M. Humes, A. Joseph, J. C. Smith, W. R. Fleming and C. R. Chaney was appointed to work out plans. No decision was reached on the plans for taking the band on the trips. The trip into the section south

of Ranger will be taken next Thursday and the trip into the north section the following Tuesday.

A number of members of the association addressed the meeting, some favoring an increase in the wage scale on the county roads as individuals and others contending that the association should stand strictly hands off and let the unions handle the matter. M. H. Holloway, head of the Central Labor council, appeared as spokesman for the white, Mexican and negro laborers on the county roads. He told the meeting that the question was not a union one, as the men affected were not members of any union, but a community question. He asked any one present who was to serve on a committee to call on the county authorities and contractors in an effort to remedy the situation to stand up. Only Deputy Constable Ted Hamilton rose to his feet. He offered to serve if he could be of any assistance.

WICHITA MEN JAILED AFTER KLAN QUIZ DEFINITIVE

WICHITA FALLS, April 8.—Judge Napier of the Thirtieth district court this morning remanded three witnesses to jail for refusing to answer the grand jury's questions relating to the Ku Klux Klan. Each of the witnesses were fined \$100 and ordered to jail until he was willing to answer all questions put to him.

The witnesses are J. C. Jennings, H. D. Miller, both of Electra, and Dr. Wallace Martin of Burkburnett.

ANTI-KLAN MEET CALLED. NACOGDOCHES, April 8.—The anti-Ku Klux Klan move started by the Dallas county citizens league will be taken up here Tuesday, it was intimated with the call of Mayor C. E. Middlebrook, asking all non-Ku Klux to meet on that date. The meeting will be held for the purpose of consultation and taking such steps as may be deemed wise by the citizens.

FIFTY THOUSAND MEN QUIT NON-UNION MINES

NEW YORK, April 8.—More than 50,000 non-union workers have joined the ranks of the United Mine Workers in the national walkout, President John L. Lewis told the United Press in an exclusive interview today. This number, which represents seven districts, is steadily growing, he said.

At the close of the first week of the coal strike the union leader still stands firm for a finish fight and no compromise with the operators.

GOVERNMENT PLANS FOR TRAINING CAMPS

SAN ANTONIO, April 8.—Four citizens' military training camps will be established this summer in the Eighth Corps area, according to an announcement issued today by Lieutenant Colonel Chase Lewis, in charge of the training activities for Texas, Oklahoma, Colorado, Arizona and New Mexico. The Eighth Corps camps will operate from July 27 to Aug. 26. The camps will be established at Camp Travis, San Antonio, for infantry, cavalry and artillery branches; at Fort Sill, Okla., for infantry and artillery; at Fort Logan, Denver, Col., for infantry, and at Fort Bliss, El Paso, Texas, for infantry, artillery and cavalry.

NEFF SILENT ON DECISION IN HORNSBY CASE

AUSTIN, April 8.—Governor Neff has not announced his decision on the application of George Hornsby for commutation of death sentence to life imprisonment. Hornsby will hang at Belton on Good Friday if the governor does not interfere.

Judge Sam D. Snodgrass of Temple, attorney for Hornsby, made a last appeal to the governor this morning. He said he had mentioned some new matters to the governor but that he did not care to make them public at this time. Snodgrass said that feeling in Belton and Bell county had become intense over the case. Hornsby is in the Travis county jail here, having been transferred from Belton for safe keeping.

MISS BLANTON TO START CAMPAIGN

DENTON, April 8.—Miss Annie Webb Blanton, state superintendent of public instruction, will open her campaign for congress from the Thirtieth district to succeed the late Lucian W. Parrish in Denton today, according to word received here. Miss Blanton lived in Denton for many years, where she was a member of the faculty of the North Texas Normal college.

BRITISH WIN RELAY

LONDON, April 8.—Cambridge won the four-mile international relay race today at the Queens club, defeating the University of Pennsylvania and Oxford in the feature event of the Achilles club games.

ARMS MEET PRAYER USED CHRIST'S NAME

WASHINGTON, April 8.—Charges that censorship resulting in the deletion of the name of Christ from the opening prayer of the arms conference were denied today by Secretary Hughes. Hughes took first notice of the charge that had been frequently heard on the floor of the senate in the four-power treaty discussion in a letter to Representative Fess, Republican, of Ohio.

LLOYD GEORGE AT GENOA. GENOA, April 8.—Lloyd George and the British delegation to the Genoa economic conference arrived here today. The British premier had an enthusiastic reception. Premier Facchi, at the head of the Italian delegation, reached Genoa earlier in the day and was on hand to greet Lloyd George. Conversations preliminary to the conference, which opens Monday have begun.

HUNDREDS OF RIGS ARE DOWN

Cisco Caddo

Woman Injured; Katy Depot Demolished; Total Damage About \$60,000.

CISCO, April 8.—Mrs. R. W. Tanner was seriously injured and property damaged to the extent of \$60,000 when a tornado accompanied by a rain storm struck here about 7:45 o'clock this morning. Practically all the damage was confined to the southern section of the town. The business section escaped with a number of broken plate glass fronts and minor damage. The tornado in passing over the town in a series of dips cut a path two blocks wide in the southern portion of the city. The Katy freight depot was demolished, the second floor of Dr. Milling's sanitarium blown away, the home of J. B. Baker wrecked and the home of Jewell Poe and the Royal hotel unroofed. In the business section the plate glass fronts of the Broadway theatre, the Blease Motor company and windows of the Masonic building were blown in. About twenty other buildings in the southern part of town were wrecked or damaged.

WEDS GIRL FOR FRAUD, ARDMORE SUIT CHARGES

ARDMORE, Okla., April 8.—U. T. Rexroat, wealthy oil operator, and founder of the town in this county bearing his name, filed suit in district court here today asking an injunction against J. J. Kinney of Ardmore, who he charges with forming a conspiracy with Ludie Kinney, his son, and two other men in bringing about the marriage of young Kinney to Miss Opal Rexroat, his daughter, to get possession of her property.

The petition charges that after the marriage of Miss Rexroat to Kinney last January, the alleged conspirators obtained from the young woman what purported to be mortgages aggregating \$25,000 or \$30,000 on property in Oklahoma and Texas, in favor of J. L. Cozby.

It had been agreed that Charley Bryant, who was president of the Bank of Commerce at Sulphur, would finance the undertaking, according to the petition, and that after the title of the property was obtained from Miss Rexroat one-half of it would go to the Kinneys and the remainder to Jack Cozby and Bryant of Sulphur.

NEW MEXICO REFUSED U. S. TROOPS FOR STRIKE

WASHINGTON, April 8.—Secretary Weeks today declined to send federal troops into New Mexico as requested by Governor Mechen, who said that he might need them in Gallup, where martial law was declared yesterday as result of disorders growing out of the coal strike.

BOMB FOUND UNDER HOME OF MILLIONAIRE

PITTSBURGH, April 8.—A dynamite bomb which the police says was powerful enough to wreck a large building, was found Friday under the dining room window of the palatial home of Mathews Mullin, millionaire steel manufacturer and stock broker, police announced this afternoon. An alarm clock mechanism had been set to touch off the bomb at 2 o'clock but it failed to explode. The bomb was encircled in a suitcase in which were found thirty sticks of dynamite, four dry batteries and a coil of wire. Charged paper showed that sparks had been made by the ignition apparatus but a heavy rain is believed to have prevented it functioning properly.

MONEY FACTORY CLOSES

WASHINGTON, April 8.—The world's biggest money factory closed today. Under orders of Secretary of the Treasury Mellon, the bureau of engraving and printing will suspend work at the close of today for an indefinite period. More than 6,000 employees are affected by the order. The departments affected have been engaged in the printing of banknotes, bonds and postage stamps and the closing is for the purpose of making an inventory of the plant, from which Director James L. Wilmet and twenty-eight executives were removed by presidential order a week ago.

COX GETS HEARING. HOUSTON, April 8.—Attorneys for S. E. J. Cox, oil operator indicted on a charge of using the mails to defraud, will be given a chance today to file exceptions to the indictments against Cox in federal court.

ONE MAN INJURED; CATHOLIC CHURCH AND MANY RESIDENCES DAMAGED; RIGS BLOWN DOWN

Twister Cuts Narrow Swath Through Cooper, Young and Burger Additions; Batters Houses, Flattens Garages; Loss May Be \$25,000; Many Pranks Played by Wind.

Several persons were injured and others narrowly escaped with their lives this morning about 8:15 o'clock, when a tornado headed northeast passed through the eastern part of the city, wrecking and badly damaging scores of dwellings, garages, outhouses, tanks and derricks. Henry Butler, living on Vitalious street, sustained a broken collar bone when his house was struck and partially demolished by the twister. A woman living on Oddie street, whose name could not be learned this morning, is reported to have been painfully but not seriously injured. Numerous persons attending mass at the Catholic church on the Blackwell road had narrow escapes with their lives, the congregation having left the building only a few minutes before the church was unroofed by the twister and bricks and other wreckage hurled for some distance around.

The Rev. Fathers Gerkin and Mollari were in the building at the time and an altar lamp, suspended from the ceiling, narrowly missed the priests in falling. A chimney of the church was blown through the roof of the priests' residence on the north side of the church.

DAY AND WIFE TO TELL STORY OF BECK DEATH

Six Prominent Business Men Will Sit as Jurors at Inquest.

OKLAHOMA CITY, April 8.—Pleading the stern code of Oklahoma, the "unwritten law," Jean P. Day is prepared to go before a coroner's jury here today and seek to be judicially absolved for the killing of Lieutenant Colonel Paul Ward Beck, on the ground that he slew in self-defense while attempting to keep inviolate the sanctity of his home.

Six men sitting as a jury will hear this afternoon from the lips of Day and his wife the sworn story of the slaying, and upon their testimony and that of other witnesses will determine the placing of responsibility for the tragedy.

Prominent local business men, all acquainted with Day, make up the coroner's jury. They are: W. L. Alexander, former state treasurer; W. J. Pettee, president of the Chamber of Commerce; L. P. Knight, member of a law firm; Henry Williams, secretary-treasurer of an oil company; Clifton Ratliff, insurance agent, and O. T. Nelson, oil man.

Possibility that the inquest over the slaying of Lieutenant Colonel Paul Ward Beck may be postponed was seen shortly before noon by District Attorney Hughes.

Members of the army board of inquiry, who were to attend the inquest and who had been expected to fly here by airplane, were feared by Hughes to have been unable to make the trip by air because of the storm and high winds around Fort Sill. Wires were down to Lawton, Fort Sill and Post field and it was impossible to learn whether the army men left there on a morning train that would get them here on time, Hughes said.

UNION MINERS TO MARCH

CHARLESTON, W. Va., April 8.—A march of union miners into the unorganized Winding Gulf coal field will be started tomorrow, according to widespread reports here.

The marchers, bound for Cooktown from Sullivan, Raleigh county, will hold mass meetings at Sullivan, Sophia and other towns en route, reports said.

KLAN DISBANDED?

CORSICANA, Texas, April 8.—Persistent rumors over the city this morning are to the effect that the Corsicana Ku Klux Klan has been disbanded. The rumors have not been confirmed.

Freaks of Wind.

Throughout Cooper, Burger and Young additions the twister cut its paths, in some instances, fifty yards wide, in others narrowing down sufficiently to pass through a small space between buildings. Several dwellings in Cooper and Young additions were turned over, others wrecked or unroofed and others lifted from their foundations. Water tanks were blown down and in one instance carried through the air for several blocks. The sheet-iron garage of O. D. Dillingham on Young street was lifted bodily, carried into the air and smashed to pieces without injuring the car. The steel flag-pole of the Young school, offering little resistance to the wind, was bent to a forty-five-degree angle. The school, directly in the path of the tornado, was uninjured. The garage of Lytton Taylor on Strawn road, sheltering a Shetland pony, was torn to fragments but the pony uninjured. One man going to the assistance of his wife when she was caught in the back yard is reported to have been blown on top of his garage. One garage was literally wrapped around an electric wire pole.

No accurate estimate of the damage could be made this morning although it was reported in many quarters that the loss would exceed \$25,000. Oil rigs all through the section were blown down.

Striking Ranger from the southwest after passing through Cisco, where numerous buildings were demolished and several persons were hurt, the twister struck the Mark Spur camp of the Prairie company. Two houses were torn to fragments and scattered through the brush. Two other houses in the yard were unroofed. R. F. Cooper, an employee of the company was slightly injured. At the McClesky camp of the Texas Pacific Coal & Oil company, one building was demolished and a rig blown over on a truck.

Low, Black Cloud.

The scattering of wash tubs and other articles left in the back yards of the Cooper, Burger and Young additions, informed residents that a high wind was headed their way. Those rushing to their doors as the sky darkened, saw a low-hanging, dark cloud approaching rapidly. After passing over the Cooper addition where a number of dwellings were wrecked, damaged and unroofed, the twister headed for the Young addition, struck the corner of the Owens store on Strawn road and continued in a northeast direction. In some instances it merely scalped the tar paper roofs from a number of buildings in other instances buildings within a few feet, were torn to pieces and the splinters driven into adjoining roofs.

The residence of John Milford on Young street was struck and lifted from its foundation and the rear porch wrecked. The oil tank and tower on the property of the Oil Well Supply company on Foch street was torn down but the buildings uninjured. On the northeast edge of town the twister appeared to be losing its velocity, but retained sufficient force to jar the home of M. C. Harding on Blundell street from its foundation and to wreck three oil rigs west of the house.

The names of the owners of all the buildings damaged by the twister

HEADS UP!

Let C. A. Benson, conductor of the "Peerscope" in the Fort Worth Star-Telegram, tell it. He takes an episode and draws therefrom a conclusion—a conclusion that isn't so far wrong, after all. And it has the advantage of being an outside viewpoint, and therefore more valuable. If the Times, for instance, had thought of this idea and published it, readers would have said: "It's just propaganda," and paid no attention to it. But being from outside, it has weight. Hark to it:

THE GOOD TIMES BAROMETER.

"The calamity howlers might as well pull in their horns and turn off the sprinkler.

"Normalcy is back. "Close students of affairs human have long recognized the provincial press as the barometer of the public weal.

"In piping times of peace one reads stories of the farmer who had the trained eel to drive his ducks off the pond, and of the dog chasing the jack-rabbit, never gaining and never losing ground until both dropped dead from exhaustion, the dog still ten feet behind.

"These and other old favorites recedes with every upward bound of the economic temperature.

"It is for this reason that our soul was delighted when our eyes spied in a Ranger paper the story of the two runaway mules.

"The correspondent says that a stiff wind from behind elevated the tails of the animals, and they dashed away with the loaded wagon, spilling the owner's family promiscuously.

"Finally they came to a turn in the road, and the mule being a conservative creature, they turned with it.

"The wind thus being changed to another quarter, the tails dropped and the runaways stopped.

"Psychologists and physiologists are welcome to a discussion as to whether the mules' will to run precedes the elevation of the tail, or vice versa.

"Or, in other words, whether the tail-raising produces the running or whether the running produces the tail-raising.

"But, whatever way the argument is settled, it does not affect the main aspects of the story's existence.

"That is, that no community bowed down with care and pecuniary burdens could produce such a concoction of pure effervescence."

Three earthquakes have disturbed Missouri in two days, and residents of the district subjected to the tremors are willing to admit that with regard been shown quite enough.—New York Herald.

A government is necessary. It costs money to run a government but it would cost more not to run one. Witness Russia.—Nashville Tennessean.

Republicans looking for jobs probably will regard it as a good omen to have Work at the head of the post-office department.—New York Telegraph.

DALLAS YOUTH THOUGHT VICTIM OF DRUG GANG

DALLAS, April 8.—Dewey Moran, 20, found lying on a sidewalk unconscious this morning, is believed by the police to have been the victim of violence by the drug ring. Moran was rushed to a hospital, where it was said he was suffering from poison.

Moran was a close friend of Clarence Harrison, 18, found in a similar condition a few weeks ago and who later died. Police believe Harrison was murdered by drug peddlers in Dallas because he knew too much. Federal agents have been active recently in warring on drug peddlers and it is possible that drug bootleggers, fearing their plans have been exposed, are resorting to violence, the authorities declared.

NEGROES DEFY POSSE. NEW LEXINGTON, Ohio, April 3.—National guardsmen and a civil posse armed with machine guns early today resumed search for two negroes who have successfully resisted arrest for twenty-four hours. The negroes, wanted as moonshiners, escaped from a posse last night and are believed to be entrenched in an abandoned mine. It is planned to drive them into the open by the use of tear gas.

STORM SWEEPS RANGER EAST SIDE

(Continued From Page One.)

could not be ascertained this morning.

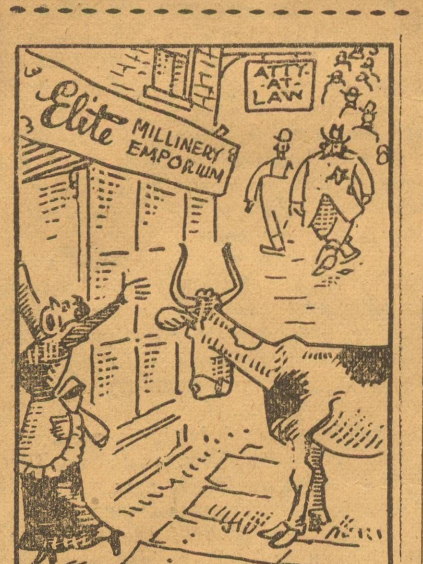

No Report From Olden. All wires to Olden were down at 2 o'clock this afternoon and no reports on the possible storm damage there could be obtained.

Eastland was untouched by the wind, but some damage was sustained at the county poor farm, about three miles south of town. The superintendent's home and a barn were unroofed and one room torn from an unoccupied house nearby, belonging to the highway department. No one was injured.

The Texas Pacific's Duncan No. 3 derrick west of town was torn to pieces by the wind while three men were working under it. The crew composed of J. H. Null, Alex Robinson and James Olsen escaped unhurt.

At the Texas Pacific's Hoherts camp, near Strawn, two houses were blown flat and five others lifted from their foundations. All of the Texas Pacific telephone poles between Lacassa and Ivan are down. The home of Guy Taylor, line walker for the company, near Caddo, was picked up by the wind and dropped on its side and smashed.

DOG HILL PARAGRAPHS By GEORGE BINGHAM

The Tickle Town Marshal was summoned to the Elite Millinery Emporium, Tuesday morning, to frighten away a cow that was standing on the walk gazing at the green feathers in the window.

Washington Hocks says at times he has noticed that when there is a sick person in the house, such a big crowd of company comes in, it looks as if the patient is going to have to be moved out to make room for them.

Sile Kildew has brought to our sanctum the first fishing worm of the season, which he captured this morning in the garden.

THEY'RE THE LATEST "LOVE DUELISTS"

Virginia Milner Thorne. Mary Lygo.

The "love duel" for the affections of Gordon Thorne, Chicago millionaire, goes merrily on. Mary Lygo, "Follies" beauty, still loves the millionaire, she says, despite the fact that she is suing him for \$100,000 for alleged breach of promise. Virginia Thorne, divorced wife of the Chicagoan, may remarry her former husband in order to "thwart the designs of Miss Lygo." The accusation of the former Mrs. Thorne that Miss Lygo "threatened to throw vitriol in my face" is branded as "rot" by the pretty show-girl. "I harbor no ill-feeling against Mrs. Thorne," asserts Miss Lygo.

CONGRESS MAY INVESTIGATE BLANTON'S TEXAS SPEECHES

WASHINGTON, April 8.—Members of the house have under consideration the introduction of a resolution of inquiry, which would be conducted by a select committee, touching the speeches made by Representative Thomas L. Blanton in Texas recently.

The speeches and what Blanton is alleged to have told his Texas audiences, became the basis of that portion of the house session yesterday, when Blanton denounced in a speech delivered by Representative Garner, also of the Texas delegation.

Would Come to Texas. The resolution, as discussed, would call for appointment of a select committee which would go to Texas and take evidence of persons who sat in Blanton's audiences at Denison, Austin and Houston, and the committee make a report to the house with its findings as to what Blanton said. The interest of the house of representatives arises, members said, in the fact that press reports of the Texas speeches made reference to "petty graft," associated with members of congress.

There was no aftermath in the house of representatives to the heated portion of Friday's session. Mr. Blanton occupied his usual seat on the second row on the Democratic side near the center aisle, and was active throughout the day in making points of order to certain portions of an appropriation bill the house had under consideration.

A large number of telegrams were received by Mr. Blanton, the contents were not made public. Blanton to Make Speeches. In talking to newspaper correspondents Mr. Blanton declared that facts could not be destroyed by personal abuse, and that he intended to make speeches all over Texas in which he would "show up" those who attacked him.

Blanton denied that he had a son on the government payroll. When asked if he would be a candidate for the senate, Blanton replied that he was making no statement on that point.

LOAD OF COAL WILLED TO SON BY MOTHER, 107

ST. LOUIS, April 8.—The will of Mrs. Nancy M. Lyons, 107 years old, who died March 21, offered for probate here, makes certain provisions for her son, Felix Dore, 87.

He was given a load of coal in a shed at the family home, \$15 a month during the remainder of his life and free room rent at the family home as long as he desired.

CARL MAYS RIDING FOR DECIDED FALL

NEW YORK, April 8.—The row between Manager Huggins and Mays, the ace pitcher of the Yankees, who won twenty-seven games and lost but nine in 1921, winning also two world series games, was a showdown which had to come and followers of the New York club had been expecting for a long time.

Last year Babe Ruth seemed to be an ally of Mays in the opposition to Huggins, sharing Carl's contempt for Huggins' skill as a manager, but this year it is reported that Babe, field captain of the team, has drawn aloof from Mays. Carl was one player who engaged to go with Ruth last fall which caused Babe's suspension, but he backed out at the last moment and escaped the Babe's punishment.

Even if Mays decides to pay his fine and forget his harsh threats against the club's chances in the pennant pursuit, he will probably find himself even less popular with his teammates this year than he was in 1921. For in his attempt to excuse the act which caused Huggins to tax him a \$200 fine, Mays made statements for publication which seriously reflect on the conduct of other members of the team.

Outbursts of anger by Mays have been common during his career in New York and some have been quite spectacular. Mays' customary gesture of disapproval when one of his teammates made a misplay last year was to fling his glove upon the ground and chatter angrily at the infielders in the hearing of the crowds.

CREW ON STRIKE; WON'T WORK THO SHIP IS SINKING

BOSTON, April 8.—A strike at sea that caused or contributed to the shipwreck of the striking sailors and others of the crew of the schooner Ricameron was described today when the eleven men were brought here by the collier Penobscot. The collier took them off Great Round Shoal lightship, in Nantucket Sound, where they had found refuge after a day afloat in rain and fog in an open boat with a makeshift mast and a sail made of two blankets.

Word by wireless had preceded their arrival to the effect that the Ricameron was wrecked while there was a mutiny aboard. Captain Richardson, who, like nine others of the crew, is a negro, said it was not a mutiny so much as a strike.

Agreed on Put.

The Ricameron, a four-master, had loaded soft coal at Norfolk for Calais, Maine, where it was found she was leaking. She was pumped dry, patched and started on her way last Friday, with the verbal agreement between captain and crew, the men asserted, that she would put in at New York instead of attempting to make the long run.

The pumps controlled the leaks so well that Captain Richardson decided to continue. Monday the sailors found that the Ricameron had passed New York. They protested and refused to work. The captain had available as assistants, Mate Richardson, his brother; Engineer Einar Carlsen, who was the only white man; the boatswain and the cook.

They shifted sail well enough Monday, but Tuesday a heavy fog set in and the schooner struck on Middle Rip Shoal, in Nantucket Sound. Strikers and workers stood by until 7:30, the former still refusing duty, when all took to the open sea in the only boat.

At 3 o'clock they reached great Round Shoal lightship and were taken aboard.

KANSAS MAN CONVICTED OF KILLING HIS STEPSON

WICHITA, Kan., April 8.—The jury in the sixth trial of B. W. A. Henson, aged rancher, found him guilty Friday afternoon of manslaughter in the first degree in connection with the killing of his 17-year-old crippled stepson, Walter Shafer.

Testifying in his sixth trial, Henson said he killed Shafer in self-defense, striking him with a shotgun when attacked with a knife following the shooting of Mrs. Henson, Shafer's mother.

ABILENE GARAGE IS DESTROYED BY FIRE

ABILENE, April 8.—Fire destroyed a building at Pine and North Fifth streets Thursday morning. A garage in the building and two automobiles were destroyed.

18—WANTED—Miscellaneous

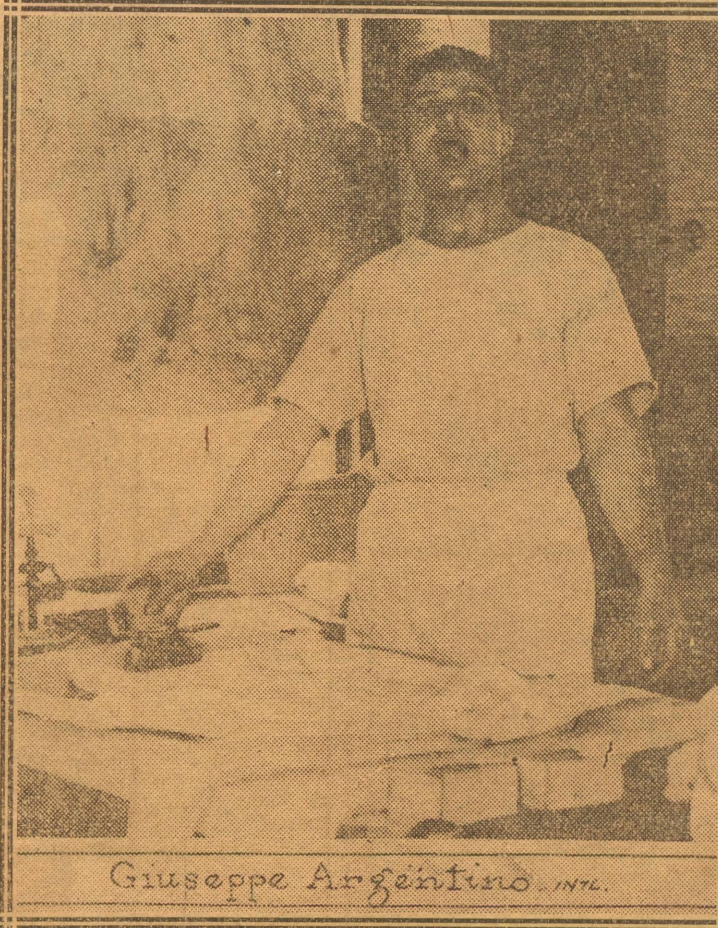

Wanted—Second-hand furniture, Wright Furniture Co., 207 S. Rusk street. Phone 154.

WE NEED second-hand furniture, New & Second-Hand Store, 121 N. Austin, phone 276.

18—WANTED—Miscellaneous

WANTED—To rent piano for private home. No children. Box 392.

LAUNDRY WORKER RIVAL CARUSO!

Giuseppe Argentino, 174.

Giuseppe Argentino, Brooklyn laundry worker, is said to have a tenor voice that rivals that of the late Enrico Caruso. Argentino will be making operatic history and scoring notable triumphs within a few years, declares Professor Jascha Bourg, who is guiding the destinies of the new "find." The laundry worker sings clearly in high "E," Bourg asserts, while the late Metropolitan Opera company star was only able to reach high "C."

TEXAS WOMEN REFUSE TO RUN TOWN ANY LONGER

JEWETT, Texas, April 8.—At the city election here the following officers were elected, without opposition: Mayor R. B. Adams, marshal J. I. Barnes, aldermen R. H. Evans, W. R. Dotson, O. Ketton, Coakey Evans and P. P. Harrison.

Jewett for the last two years has been under an administration of women, having a woman mayor and a full board of aldermen and at this election the women would not permit their names to appear on the ticket and were anxious for the men to assume control.

The aldermen elected at this time are the husbands of the former alderwomen.

During the two years under the women's administration there was not an arrest made nor a criminal court held, the administration turning its attention to civic improvement and doing its best to make Jewett a cleaner and better town, and they have succeeded.

Mrs. J. T. Adkisson was the first woman mayor to be elected in Texas and Jewett the only town in Texas that has been governed entirely by women.

FARMER SHOTS WIFE AND TURNS GUN ON SELF

PARIS, Texas, April 8.—Buster Bolton, 35, farmer of the Pattonville community, shot his wife, a bullet from a .22 rifle passing through her body, piercing her lungs.

After shooting his wife, Bolton walked to the porch and placing the muzzle of the weapon to his right ear, pulled the trigger, inflicting a wound from which he soon died. Mrs. Bolton, although in a serious condition, may survive.

Bolton had been in ill health for several months, and is believed to have been mentally unbalanced at the time of the tragedy.

FAKE HERO IS JAILED

GRAND RAPIDS, Mich., April 8.—Emile Lamard, young Belgian tobaccoist, charged with having worn the uniform of a Belgian aviation lieutenant, with intent to deceive the public, has been taken to Detroit to begin a six-month sentence in the Detroit house of correction. In passing sentence District Judge Clarence W. Sessions said:

"There may be reasons to pity you, but in my opinion, one of the most despicable post-war types is the man who falsely represents himself to be a hero in order to gain public sympathy.

"The penalty under the law is not severe enough, but I have given the limit."

MAN MAY LOSE EYE FROM STEEL SPLINTER

COLORADO, April 8.—Archie McDonald will probably lose his right eye from the result of injuries received here last week, according to information received from St. Paul's sanitarium at Dallas. A steel splinter entered his eye while he was assembling a tractor.

BOSTON WAGE BOARD URGES \$14 AS SALESGIRLS' WAGE

BOSTON, April 7.—A minimum weekly wage of \$14 for experienced saleswomen in retail stores, with special rates of \$10 and \$12 respectively for minors and apprentices, was recommended by a wage board Saturday. This represents an increase of 64.7 per cent over the existing minimum of \$8.50, which has been in effect since 1916. The retail store wage board is one of several boards reconvened by the state minimum wage commission for the purpose of revising rates to meet changes in the cost of living. The latest census figures show approximately 22,000 saleswomen in Massachusetts.

NAIL REMOVED FROM LUNG.

PEORIA, Ill., April 8.—A two-inch nail has been removed from the lung of Winifred Parr, 17-month-old baby of Mr. and Mrs. Vertus Parr, Mason City, Ill., at Presbyterian hospital, Chicago, it was learned here today. The baby swallowed the nail, a bright finishing nail, three months ago.

CAMOUFLAGE IS KEYNOTE OF NEW FLAT FURNITURE

By Associated Press.

CHICAGO, April 8.—The hidden trap-doors, secret chambers and underground passages of the old romances are rivalled by ingenious novelties in home furnishing which are being reduced this year. A house fitted throughout with the new devices would have all the mystery and surprise of a fictitious Gothic castle, but with modernness and domesticity as the keynote. This new romanticism in dwelling-house equipment was evidenced at the annual Own Your Home exposition in the coliseum here.

For in these days twin beds swing into the clothes closet; an ironing board unfolds at the pressure of a button; a seat emerges from a panel secreted in the wall of the kitchen and the rear door may be equipped with cabinets in the lower panel for the delivery of groceries, with a set of trick locks to prevent the reopening of the door, and with automatic signs to indicate when the cabinets are full.

An electric, double-spindled sewing machine, masquerade as an assembly of card tables or bookcases. A substitute for swing-doors has been devised which slides gently from view, apparently into nowhere.

Bathroom devices include a half-length tub arranged to enable one to bathe in a sitting posture. A ledge in front extends a foot deeper than the rest of the tub, forming a foot-bath. There are shower attachments. Inventions intended to simplify kitchen work include a detachable spout for the faucet, which may be used in spraying lettuce or rinsing dishes.

Clean Underwear Found Best Aid to Americanization

By Associated Press.

CHICAGO, April 8.—American underwear is one of the biggest Americanization agencies, the Salvation Army has discovered, according to Brigadier Annie Cowden, who has charge of that organization's work among women and children in the middle west.

Loyal Americanism, from mental efficiency, from health, from personal cleanliness, obtained by wearing clean, laundered underwear, is the progression which Miss Cowden traces from the humble union suit.

"Thousands of children come to our hospitals in spring and winter sewed up in layer after layer of dirty flannel and cotton," Miss Cowden said. "As the winter grows colder foreign-born mothers sew first one garment and then another about the bodies of their babies, removing them one at a time only when spring warmth moderates the weather. Stripping these children for clinical examinations is like peeling the layers off an onion. The last layer—or dirt—has to be scrubbed off."

HIJACKERS PREY IN DALLAS P. O. BUILDING

DALLAS, April 8.—Federal officials are busy investigating a number of robberies and thefts in the local federal building. During the last three weeks robbery and thievery in the federal building have been prevalent, it is said. More than one man has been "stuck up" in the corridors of the postoffice, and more than one office in the building has been robbed.

The latest victim is Miss Mary Conger, assistant federal district clerk. She was robbed of \$5 and other articles late Thursday.

The authorities believe there is an organized gang preying upon the federal building and there is some talk of stationing regular guards to prevent thieving.

REPUBLICANS MAY ASK PEEVED DEMOCRATS' AID

DALLAS, April 8.—Rumors were current here today that Republican leaders were to meet here this month for the purpose of organizing the campaign to swing Texas from the solid Democratic ranks in the coming congressional elections.

It is reported that candidates for both houses of congress will be selected and that an organization of Republicans and "dissatisfied" Democrats will be perfected.

Party leaders refuse to divulge their plans but intimate that the Republicans are prepared to make one of the greatest fights in the history of the state. It was understood that the national organization has offered assistance in the Texas campaign which would indicate that Texas may be one of the storm centers of the election.

HILLSBORO HIGH SCHOOL IS DESTROYED BY FIRE

HILLSBORO, Texas, April 8.—The Hillsboro high school building, erected in 1914, was totally destroyed by fire Friday morning, together with its contents, including eleven typewriters, chemical laboratory equipment, school books, etc. The loss is estimated at \$50,000, with \$19,500 insurance on building and \$3,500 on furniture and fixtures.

AT THE LIBERTY SUNDAY AND MONDAY

SCENES FROM VITAGRAPH SPECIAL PRODUCTION, "FLOWER OF THE NORTH" An all-star cast was engaged for the James Oliver Curwood story, "Flower of the North." Pauline Starke is seen as Jeanne, Flower of the North, and daughter of D'Arcambal, a role played by Emmett King, a recluse who is visited by an Indian chief to make complaint against the doings of the white settlers and the development company nearby. The Indian chief is played by Vincent Howard.

WEATHERFORD BARS MASKED MEN PARADES

WEATHERFORD, April 8.—The Weatherford city commission has passed on its first reading an ordinance prohibiting parades on the streets of this city where the participants in said parade are disguised or masked, and upon conviction of a violation of the law a fine not to exceed \$200 will be assessed.

The ordinance specifies that no such parade shall be made without first obtaining permission from the city commission by filing application under oath, giving the names of officers and members and the location of order, plan or camp of those desiring to parade.

The ordinance also provides that one who is in such parade and refuses to remove his disguise or mask shall also be guilty of a misdemeanor and shall be fined not to exceed \$200.

SHIPS TO PLY BETWEEN HOUSTON AND MISSISSIPPI

HOUSTON, April 8.—Steamship service between this port and points on the Mississippi river will soon be started, according to announcement of shipping board authorities here.

This service which will be inaugurated by the Gulf Steamship company will connect with Mississippi barge lines at New Orleans and will have direct connections with Mobile, it was announced. This will enable water shipping to all points along the upper Mississippi and tributaries from Houston and will be a move forward in trade expansion, local officials said.

MARTIAL LAW IN MINE FIELD.

SANTA FE, N. M., April 8.—Martial law was declared in the Gallup coal mining field Friday afternoon in a proclamation issued by Governor M. C. Meacham. Headquarters troop at Albuquerque and Troop D of the National guard at Santa Fe were ordered to proceed at once to the field.

The proclamation was issued on receipt of an appeal from the sheriff of McKinley county, who reported a riot at Mentmore camp. No details of the riot were given.

NEGRO HELD FOR ATTACK ON GIRL

FLORENCE, Kan., April 8.—Joe Collins, negro, is in the county jail at Marion and this town is quiet today following arrest of Collins yesterday charged with attempting criminal assault on Dorothy Florrel, 13-year-old school girl.

Dan McComb, 15, the girl's companion, is recovering from a severe injury to his skull, received in a fight with the negro.

FRANKLIN'S RELATIVE RUNS FOR CONGRESS

Mrs. Ellen Duane Davis, great-granddaughter of Benjamin Franklin, has announced her candidacy for the Democratic nomination for congress as representative of the Second Pennsylvania district. The seat to which she aspires is held by George S. Graham. Mrs. Davis is chairman of the Women's Democratic organization in Philadelphia's eighth ward.

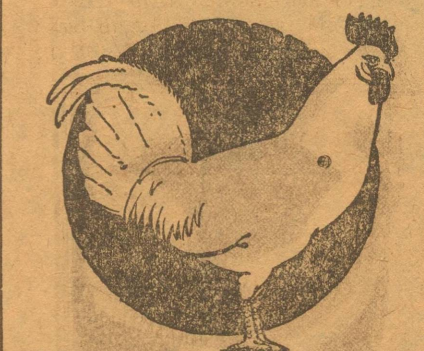

GEORGE J. GOULD SQUANDERED 20 MILLION, KIN SAY

NEW YORK, April 8.—George J. Gould dissipated \$20,000,000 of the Jay Gould estate assets, according to papers filed Thursday in an action that will be argued Friday in the supreme court.

The action is an application for an order to restrain him from prosecuting his attempts in the surrogate court to compel trustees of the estate, Mrs. Finley J. Shepard (Helen Gould), Howard and Edwin Gould, to pay him \$644,904 as his share of the income from the estate, which has been withheld since December, 1920.

The restraining order is asked by George Gould's brother and sister, Frank J. Gould and the Duchess de Talleyrand, the former Anna Gould. George J. Gould was removed as trustee of the estate after being charged with retaining and secreting \$620,401 in commissions, received from the sale of stock owned by the estate.

The honor of being the most beautiful girl in all Japan has been bestowed upon Miss Sonoki Matsumoto, aged 18, of Tokio.

OKLAHOMA GOVERNOR TO BE ARRAIGNED MONDAY

OKMULGEE, Okla., April 8.—Governor J. B. A. Robertson of Oklahoma, charged with accepting a bribe, and twelve other defendants indicted by a grand jury here, after an investigation into the failure of the State Bank of Commerce, are to be arraigned Monday to enter their pleas, under an order issued Friday by District Judge Hark L. Bozarth setting the date.

Judge Bozarth expressed doubt that he could legally call a criminal term of court to convene earlier than the first Monday in June to try the cases unless the defendants would waive their rights to objections.

Arraignment is necessary, the judge explained, in order to afford the defendants an opportunity to plead, to present whatever motions they desire to have all cases at issue before time for their trial.

STILL HID IN MINE STARTS COSTLY FIRE

WILKESBARRE, Penn., April 8.—A fire, alleged to have been started by bootleggers who had a still concealed in a mine, today threatened the Butler colliery of the Pennsylvania Coal company. It had gained much headway, and when company officials asked for men to fight the blaze union leaders readily consented to a large number of idle miners helping in the work. Three squalls were at work last night, but it will take many days to conquer the fire.

The action of the union leaders was pointed to as emphasizing the friendly spirit that prevails in the ranks of the mine workers.

COLLEGE HEAD QUITS.

BROWNWOOD, Texas, April 8.—Dr. L. J. Mims, president of Howard Payne college since 1919 has tendered his resignation to the board of trustees. It was reluctantly accepted. Howard Payne college has expanded greatly under the administration of Dr. Mims, having at present 843 students enrolled and owning property in the way of grounds and buildings valued at \$500,000.

MOUNTAIN LOCATED FROM WHICH WATER FLOWS THREE WAYS

WASHINGTON, April 8.—Location in Glacier national park of the only "triple divide" mountain in North America has been signalized by the United States geographic board, which has christened three small creeks originating at that point Atlantic, Pacific and Hudson Bay creeks respectively. From the summit of triple divide an observer is within pebble tossing distance of waters which flow into Hudson Bay to the north, the Pacific ocean to the west and the Gulf of Mexico to the south.

The latest list of barristers in France shows only fourteen women lawyers and fifty-five probationers.

St. Paul Banker Spanked Wife for Count's Attentions

NEW YORK, April 8.—Frank D. Montfort, a retired banker of St. Paul, Minn., alleges in an answer to a suit for separation and an increased allowance that his wife, Adele B. Montfort, has spent \$3,500 on cosmetics in the course of a year and a half and he had felt called upon to spank her several months ago in Italy because she had permitted the attentions of an Italian count who had been engaged to teach the Italian language to their child.

Admitting the agreement, E. T. Moore, representing the wife, cited a decision of the court of appeals this year holding that a separation agreement between husband and wife

must be fair and an unfair agreement is not valid, even though voluntarily entered into by both parties.

Mrs. Montfort asserts her husband has an income of \$18,000 and could easily increase it to \$25,000 or \$30,000. She demands \$10,000 a year instead of the \$4,000 under the present agreement.

NEW DESIGNS WORN ON CARDINALS' UNIFORMS

ST. LOUIS, April 8.—The St. Louis Nationals will appear in striking newly designed uniforms this season.

Across the breast of the uniform is a black bat, on which are perched two birds which are embroidered in red silk. The design stands out in brilliant contrast on the white-at-home suits. The visiting uniform is of a blue gray color.

Solid cardinal stockings will be worn and the uniforms will be piped in red.
