

MRS. PARRISH MAY TAKE SEAT IN CONGRESS

Movement Started to Elect Her to Fill out Husband's Unexpired Term.

By Associated Press.
WICHITA FALLS, April 1.—Mrs. Lucian W. Parrish, widow of the late congressman from this district, who died Monday from injuries received in an automobile accident, will be elected to fill out the unexpired term of her husband without opposition, according to a movement started here today. The suggestion was made in a letter from a local resident appearing in a newspaper and has met with instant favor of local citizens, it was announced.

F. L. Morgan of this city, who with Guinn Williams of Decatur was expected to be a candidate to fill out the unexpired term, said today that he was in favor of selecting Mrs. Parrish for the unexpired term.

Local friends of Mr. Williams telegraphed asking that he take a similar stand.

Dr. A. B. Edwards of Henryetta, father of Mrs. Parrish, today said she would consider the suggestion of filling out the term of her husband but would not be a candidate against Morgan or Williams, who announced several weeks ago for the next term.

ATTORNEY SAYS 'TEX' MAY HAVE 'FRAMED' SELF

By Associated Press.
NEW YORK, April 1.—District Attorney Banton today took personal charge of the investigation of alleged attempts to blackmail "Tex" Rickard, internationally known sport promoter, out of \$50,000 while charged with young girls were pending against him. Two children's society agents have been suspended in connection with the case.

Assistant District Attorney Pecora indicated a suspicion that the alleged blackmail attempts might have been a frameup by friends of Rickard, designed to strengthen his defense.

MRS. BROWN'S BODY IS BROUGHT TO RANGER

The body of Mrs. G. M. Brown, former Ranger resident who died Saturday morning at Athens, was scheduled to arrive in Ranger on the 3:30 train this morning.

Owing to the fact that all immediate relatives were at Mrs. Brown's bedside, details of the funeral were unknown here last night, except that it will be held Monday afternoon at one of the downtown churches.

RAILROAD MAN KILLED

By Associated Press.
KIRBYVILLE, Texas, April 1.—Johnny Gallagher of Newton, was killed and J. H. Haney and W. E. Withers, both of Call, were hurt seriously when a motor car in which they were riding on the Santa Fe, six miles south of here, was wrecked. It is believed the two injured men will recover.

RANGER BOY SETS NEW STATE RECORD FOR CHINING THE BAR

Cooper School Leads in Points at County Meet at Cisco; Central Is Second; Declamation Award Contested by Cisco; High School Outa' Luck.

Cooper ward track and field team lead all class B schools in the county at the athletic meet of the Inter-scholastic league in Cisco yesterday, with Central ward of Ranger a second and West ward of Eastland third.

The Eastland schools, however, won the majority of points in the meet, piling up more points than almost all the other schools of the county combined.

Jack Galloway, Central ward, won first place in the bar chinning event and broke the state record of thirty-two times. Galloway chinned the bar thirty-three times and won twenty points for his school. Only the names of the place winners among the Central ward and Cooper schools were obtainable last night, the list being in the possession of the respective teachers and not available here. No decisions were announced in the essay and spelling events of Friday, the papers being sent off for grading.

JOSHIN' EDGAR

Texas Company Man Can't Understand Why Friends Grab Motormeters When He Comes By.

When Edgar Sharpe of the Texas Pipe Line company ventured into the uptown district yesterday afternoon he found all of his friends and acquaintances with flippers jealously guarding their motormeters and becoming violently agitated at his approach. He was beginning to think that an entirely new brand of hooch had made its appearance in Ranger, when he was shown a copy of the Times carrying an account of the arrest in Ranger of "Edgar Sharpe, employee of an oil company" for the alleged attempted theft of a motormeter on a car in front of the Methodist church.

The commotion resulted from a striking similarity of names and connections. Edgar Sharpe, 20, said to be an employee of the Prairie company was captured Friday night by Justice of the Peace Fenlaw, after he had been halted by a shot from the officer's revolver. Sharpe claimed that he thought the motormeter which he is said to have been attempting to remove from the machine belonged to him, as it resembled one of two that had recently been stolen from his car. He was taken yesterday afternoon before Justice of the Peace McFatter, the charge reduced to one of malicious mischief, and fined \$1 and costs or \$12.80. Witnesses testified that young Sharpe came of a good family and that he had never been in trouble before.

TULSA KLANSMEN PARADE WITHOUT MAYOR'S PERMIT

By Associated Press.
TULSA, Okla., April 1.—Led by thirty robed horsemen, Knights of the Ku Klux Klan, variously estimated at from 3,000 to 4,000 in number, paraded here tonight in spite of the fact that Mayor Evans last night announced that he would not extend official permission for the parade.

There was no interruption of any nature to the demonstration. Spectators watched in silence, although there was sporadic applause.

The marchers did not pass the courthouse, where it had been reported Sheriff McCullough was waiting with a special force of deputies for the purpose of interfering with the procession. Neither the police nor any individual attempted interference.

OKLAHOMA OIL COMPANY GETS BIG MEXICAN LEASE

By Associated Press.
OKMULGEE, Okla., April 1.—The Parent Petroleum company of Okmulgee announced today it had acquired oil lease on 100,000 acres of land in Yucatan and Campeche, Mexico, adjoining an 80,000-acre lease recently acquired by a New York syndicate. The leases are not a concession from the government but have been executed by individual land owners. They run for fifty years at a yearly rental of 10 cents a hectare, which is equivalent to two and a half acres.

OLDEN GUSHER DROPS OFF TO 300 BARRELS

Barney Carter Expected to Drill in Today at Frankell Townsite Well.

The Crosbie & Sweet well near Olden, which came in unexpectedly this week with a flow of between 1,000 and 1,500 barrels, when a two-year-old cavin was drilled out, has declined to about 300 barrels daily, it was reported from Olden today. Whether it will settle still further is uncertain, and it is being watched with interest. The owners are said to be considering a shot in case production does not hold up to a good figure.

No new locations have been announced in that immediate vicinity, as it has been drilled before, and operators are waiting for this well to demonstrate that it will hold up.

North of Olden, however, at least one location has been made, the McCord No. 5 of the Magnolia company. This is in good shallow pay. Operations will be begun as soon as the Connellee No. 21, which was dry, is plugged.

Expect Well Today.

In the Frankell district, Barney Carter and associates are expected to drill in their well on the Frankell townsite today. Saturday they were pulling the ten-inch casing. The six-inch has already been set. A productive well is indicated by all signs. Other locations are projected in this district, but have not yet been announced. The operators are still uncertain about the water outlook, especially those who are operating several wells. The rains of the last week were beneficial but more is needed, as much of the water was soaked up by the ground.

The Gulf's Kinnebrew well, west of Eastland, reported two weeks ago as a producer, is gassing but not making any oil. It will be given a shot.

Two wells on the Bryson lease, one belonging to the Pennant Oil company, and the other to McCamey et al, are the centers of interest in the Pioneer section. Both are down 1,600 to 1,700 feet and successful completions will extend the new field three miles to the south. The Gilman well, five miles south of production, on the Fomby lease, is due in this week, and would mark a five-mile extension of production.

ARMY PLANS PLANE FLIGHT TO CANAL ZONE

By Associated Press.
WASHINGTON, April 1.—War department experts are hard at work on practical routes to be followed by planes of the air service in a proposed flight from the United States to the Panama canal, it was learned today. The route most favored at present, it was said, was from Florida to Havana, thence to a point in British Honduras, Yucatan or Costa Rica, and then to the canal zone.

NO OVERTURES MADE ON MEXICAN RECOGNITION

MEXICO CITY, April 1.—Discussing the question of recognition of the Mexican government, President Obregon today told the foreign newspaper correspondents the status in general was unchanged.

In answer to a question the president stated that no communication had passed between the United States war department and the Mexican government concerning an airplane route from the Texas border to Panama.

Asked whether the recent agitation for recognition came from Mexico or the United States, he said he did not know, but he was sure it was an outgrowth of increasing sentiment in favor of recognition, because Mexico was showing it had a legitimate government.

LINCOLN-FORD COMPANY CHARTERED IN MICHIGAN

LANSING, Mich., April 1.—The Lincoln-Ford Motor company was incorporated here today with a capitalization of \$15,250,000. There are 2,500 shares of common stock of which Edsel Ford, president of the Ford Motor company, holds 2,497. Henry Ford, Henry M. Leland and Wilfred C. Leland each hold one share.

BELFAST SECTOR ACTIVE

BELFAST, April 1.—Four persons are reported to have been shot dead and four others wounded tonight in Stanhope street, a Sinn Fein area near the old Lodge Road district. It is believed they were slain in reprisals for the shooting to death today of Constable George Turner.

Mayor Loses to Dark Horse in School Trustee Election

HORNSBY SLEW WEATHERBY, BOY WITNESS SAYS

Repudiates Temple Statement; Says He Made It Under Fear of Death.

By Associated Press.
BROWNWOOD, April 1.—Rollie Carter, whose statement at Temple yesterday exonerated George F. Hornsby of the killing of J. N. Weatherby, for which Hornsby was given a death sentence, has made another sworn statement to Brown county officers, repudiating yesterday's statement and again declaring Hornsby killed Weatherby, officers announced today. Carter was the state's chief witness in the Hornsby trial at Belton. In his statement at Temple he said not Hornsby but an Oklahoma man named Arthur Brown killed Weatherby, according to officers.

In his statement today Carter, officers said, declared Hornsby killed Weatherby and that he was induced to make yesterday's statement at Temple because a brother of Hornsby had threatened to kill him on the spot unless he made some kind of statement to save George Hornsby from execution. Carter in his statement today outlined all his movements since being released from jail here when a charge of murder was dismissed.

The statement implicates parties whom he has associated with since leaving here, indicating, according to officers, that they were in collusion with Hornsby's brother to secure the repudiation of testimony given by the boy in the trial of the case at Belton. The Carter boy is now held in jail here and a charge of murder has been placed against him.

FORD BUYS FARM OF NATURALIST FOR MEMORIAL

By Associated Press.
KINGSTON, N. Y., April 1.—The farm on the mountainside near Roxbury where John Burroughs was born, where he lived many of his years and where last April his body was laid to rest, has been purchased by Henry Ford, long a friend and vacation comrade of the naturalist and author.

On Monday, the first anniversary of the burial of Burroughs, the farm will be dedicated to his memory. Ford, it was learned today, bought the place on March 10 from Julian Burroughs, the naturalist's son, to whom it was bequeathed, and established a fund for its preservation as a memorial. Ford and Thomas A. Edison and Henry S. Firestone, who used to go on vacations with Burroughs, are expected to attend the memorial service on Monday, along with a host of others who loved and admired the naturalist.

ACCIDENTAL DISCHARGE OF SHOTGUN KILLS BOY

DAYTON, Texas, April 1.—Johnny Adams, 9 years old, son of George R. Adams, is dead, and two of his youthful companions are injured as the result of the accidental discharge of a shotgun in the hands of Benjamin Hale, at the residence of his parents, Mr. and Mrs. Will S. Hale, about 10 o'clock Saturday morning.

FRENCH PRESIDENT SAILS FOR MOROCCO

By Associated Press.
BOURDEAUX, France, April 1.—President Millerand left here this afternoon on his Moroccan trip on board the cruiser Eduardo Quinet.

CONCERT POSTPONED

The band concert of the Merchants' association, scheduled for tomorrow afternoon at 3 o'clock at the bandstand on Elm street, has been postponed on account of revival services at the Methodist church, it was announced yesterday afternoon by E. M. Humes, president of the Retail Merchants' association.

Uncontested Election Turns Into Hot Political Fight When Organized Movement Substitutes H. E. Clewell for John M. Gholson.

What yesterday morning promised to be a very tame election, called to continue Mayor John M. Gholson, M. H. Hagan and V. V. Cooper in office as school trustees, turned into one of the most hotly contested school elections in years shortly after noon, when opponents of Mayor Gholson ran in the name of H. E. Clewell as a dark horse candidate and succeeded in defeating Gholson by a plurality of eighty-five. M. H. Hagan and V. V. Cooper were re-elected, receiving practically every one of the 377 votes cast. Four other dark horses received one vote each.

V. V. Cooper led the ticket with a total vote of 372; M. H. Hagan came next with 369; H. E. Clewell received 231; John M. Gholson, 146; J. M. White, 1; Charles Bobo, 1; Hayden Neal, 1, and R. L. Page 1.

CULBERSON OPPOSED TO KU KLUX KLAN

By Associated Press.
WASHINGTON, April 1.—Destruction of the Ku Klux Klan was advocated by Senator Culberson, Democrat, of Texas, in a letter to a constituent, declaring that the Ku Klux Klan was an organization inimical to orderly government. The letter was made public here.

"I have no affiliation directly or indirectly with this organization," said Senator Culberson. "I am unqualifiedly opposed to its operations. If not curbed, it will indeed overthrow our Anglo-Saxon civilization and its relation to government.

"Steps should be taken, therefore at once to arrest its progress and finally to destroy it." The state, rather than the federal government, has power to proceed against the klan, Culberson declared, adding that the necessary power to handle the situation was lacking in Texas. He favored an extra session of the legislature to enact legislation to meet the situation.

ELKS' LODGE TO REMODEL CLUB ROOMS

The Elks' home on West Main street is being enlarged and redecorated and is expected to be in readiness for a house warming for Elks and their friends on Wednesday or Thursday. Interior partitions have been installed together with reading and rest rooms, writing rooms and a large sun room.

The Elks lodge here was organized on Aug. 10, 1919, with about forty charter members. The present membership is 400. The lodge has taken an active part in charitable work here since its organization and has raised money for this purpose by highly successful minstrels on two occasions.

The present officers of the lodge are: A. M. Jameson, exalted ruler; R. A. Jameson, esteemed leading knight; O. R. Brady, esteemed loyal knight; B. F. Gilmore, esteemed lecturing knight; Karl E. Jones, secretary; L. H. Hagan, treasurer; Wade Swift, chaplain; Julius Krause, inner guard; L. L. Neal, trustee; H. A. Logsdon, trustee, and E. E. Crawford, trustee.

BIG APPORTIONMENT OF SCHOOL FUNDS MADE

By Associated Press.
AUSTIN, April 1.—The apportionment of \$5 per capita, the largest single apportionment ever made in the history of the state, was made today by the state board of education, S. M. N. Marrs, assistant state superintendent of schools, announced. There are approximately 1,290,000 school children in the state, bringing the apportionment in round numbers to \$6,400,000. Apportionments made previously this year have totaled \$4.50; with the new apportionment the total will be \$9.50, leaving a remainder of \$3.50 available for use during the scholastic year 1921-22. The year's apportionment was fixed at \$13.

ROAD BONDS ARE HELD VALID BY APPEALS COURT

Injunction Sought Against Further Suits Is Denied, Telegram Says.

By Associated Press.
EASTLAND, April 1.—The court of civil appeals at Fort Worth yesterday affirmed the decision of the Ninety-first district court of Eastland county, upholding the validity of the Eastland county good road bond issue, in the suit filed by Chastain, Judkins & Chastain against the Fleming-Stitzer Road Building company et al., according to a telegram received by County Judge C. A. Starnes.

It is understood from the telegram that the court also affirmed the judgment of the lower court in refusing to enjoin the plaintiffs from bringing further suits and denying the damages asked by George Davison of the Fleming-Stitzer company.

The judgment of the lower court was rendered by Judge Chapman of Jones county, who heard the case under special authority from Governor Neff.

V. V. COOPER WILL RUN FOR COUNTY COMMISSIONER

V. V. Cooper, Ranger pioneer, farmer and real estate man, has announced his candidacy for the office of county commissioner for precinct No. 1, the office now held by E. H. Webb. The precinct embraces Ranger and Eastland. Mr. Cooper declares his platform one favoring good roads; the completion of the roads now under construction in the county but on an economical basis—"the same as a prudent man would conduct his own business," he explained. He favors the lowest tax rate possible to meet the necessary expenditures of the county.

Mr. Cooper came to Eastland county thirty years ago from Mississippi and settled near Ranger. He married and has reared his family here. Prior to the boom he was engaged in farming. With the boom, however, he had his property platted and founded the Cooper addition. During his long residence in this county Mr. Cooper has never held office. He is a member of the Chamber of Commerce, Retail Merchants' association and has played an important part in the upbuilding of the city.

LAW AND ORDER MEET AT DALLAS ON TUESDAY

By Associated Press.
DALLAS, April 1.—More than 400 citizens of Dallas tonight issued a public call for a mass meeting to put an end to lawlessness here, stating that "the people must now determine whether they are to have a government of law or a government of mob." The meeting will be held in the city hall auditorium next Tuesday night. The action was taken as a result of recent floggings and attacks by masked and unmasked men on the homes of Dallas citizens. While more than 400 signatures are on the call sheets that have been turned in tonight, it was announced that others are out and that the total number was really much larger and will be increased considerably between now and Tuesday night. Judge C. M. Smithfield is chairman of the committee of twenty-five prominent citizens who met to discuss the local situation. The conference led to a decision to invite the public to sponsor a call for a mass meeting and forms were circulated for signatures. The calls rectify some of the crimes that have been committed.

Despite scores of floggings, J. J. Crawford, a policeman, has been the only arrest made. Crawford was acquitted Friday afternoon on an aggravated assault charge and has been returned to duty.

DELAVAN, Kan., April 1.—A fire of undetermined origin destroyed a large section of the business section here this afternoon. A strong wind fanned the flames and they spread rapidly. The blaze was not put under control for two hours. The fire department from Herington assisted in fighting the fire.

ANOTHER BIG PIONEER GAME IS BROKEN UP

Special to the Times.

EASTLAND, April 1.—Another gambling house at Pioneer is reported to have been raided and the fixtures destroyed Friday night, by Assistant County Attorney Green Hazel, Deputy Sheriff Hearn, former sheriff H. E. Lawrence and Patrolman John Hennessy, the latter two acting in the capacity of private citizens.

Fifty-five gamblers and "sweaters" are said to have been gathered in during the raid and assessed fines totaling approximately \$900. The proprietor of the establishment is not named.

The party, according to information coming from friends of the county attorney, went to Pioneer on information that another gaming hall had sprung up there. They found the establishment that was reported to have been raided by Sheriff Nolley, some time ago, abandoned and deserted. The assistant county attorney, while other members of the party were otherwise engaged, struck a warm trail and found a number of games running in a building up the street from the old gaming hall. He succeeded in blocking the one door leading to the room and informed the players and others that they were under arrest. As they fled from the room Hazel took their names. He was then joined by his companions, and two poker tables, two crap tables and a black jack table, said to constitute the gaming equipment of the establishment, were taken to the street and burned.

It is reported here that the grand jury will investigate the persistent activities of professional gamblers at Pioneer.

HIGH WATERS HAMPER TRAVEL IN SOUTH TEXAS

HOUSTON, April 1.—Crest of flood water in all streams in this section is approaching and hundreds of people in the lowlands are fleeing from their homes. The San Jacinto river is on a rapid rise, with all travel diverted beyond Houston to Crosby, Texas, where it still is possible to reach the city by rail. Waters, however, are slashing against the rails of the Southern Pacific railway bridge over the San Jacinto and service may be discontinued.

The Trinity river near Dayton is six miles wide, with all crops washed away or rotted in the ground. Loss will be heavy. Humble, Goose Creek and West Columbia, nearby oil fields, virtually are cut off from outlet with waters of streams rising.

Since Saturday a week ago, from six to ten inches of rain has fallen over this entire section. Tributary territory of the Trinity and San Jacinto rivers, those expected to do the most damage, caught the brunt of the downpour of last Saturday, Wednesday and Thursday, and are expected to continue rising.

Buffalo bayou, running through Houston, is on another rampage and families are moving to higher ground. The water is up to the roofs of several houses. So far no loss of life has been reported.

FIRST STRIKE STRENGTH TEST COMES MONDAY

Quiet celebration of the anniversary of the introduction of the eight-hour day in the mines marked the first day of the country-wide strike of union coal miners yesterday. With some 600,000 miners, including 100 non-union men, reported idle, operators and union leaders were predicting the first real test of strength Monday because of the general custom of observing the eight-hour anniversary.

In the meantime, however, an almost complete suspension of work was reported by the union headquarters in Pennsylvania, Ohio, Illinois, Indiana, Kansas, Missouri, Iowa and other unionized districts.

In Pennsylvania both the bituminous and anthracite diggings were shut down.

From Kentucky it was reported that work would continue under a contract which had another year to run.

In West Virginia the operators said the mines would be reopened Monday on an open shop basis.

INDIANAPOLIS, April 1.—With most of the country's mine forces in idleness by the indefinite suspension of work today of union coal miners, President John L. Lewis of the United Mine Workers declared himself in favor of government control of the entire coal industry. His statement was made as he was departing for Washington to appear Monday before a congress coal committee. The leader of the miners did not regard his position as necessarily involving government ownership of the mines but he insisted that federal control similar to that now exercised over the nation's railroad was fundamentally correct.

REDISTRICTING BILL WON'T GO TO COURT

By Associated Press.

AUSTIN, April 1.—Representative Lee Satterwhite of Carson county said today that he has given up the idea of filing mandamus proceedings in the supreme court to test the validity of the representative redistricting bill passed at the last session of the legislature.

It developed after the bill was passed that Swisher county was left out and it was to ascertain the status of the bill that Satterwhite proposed the proceedings.

RABID CAT ATTACKS WOMAN AT EASTLAND

EASTLAND, April 1.—Mrs. C. D. King of Eastland is being treated for the rabies following an attack by a cat at her home Friday afternoon. The cat after it had bitten Mrs. King, was killed and its head sent to Fort Worth for examination. A report was received today that the animal was found to have been infected with rabies.

WASHINGTON, April 1.—Nearly a dozen colonels, a score of lieutenant colonels, and more than sixty majors are included in a list of 164 army officers to be relieved from duty in Washington before the end of the present fiscal year and assigned to field service, according to an order issued today by the war department. The others are captains and lieutenants.

RANGER BOY SETS NEW STATE RECORD FOR CHINNING THE BAR

Continued from Page 1.

first, second and third place were won by the school in the 120-yard high hurdles by Rhodes, Burnett and Smith, respectively. Ice of Cooper, won second place in the 100-yard dash. In the mile relay race, Cooper won third place, with a team composed of Smith, Rhodes, Burnett and Perry. In the pole vault Ice of Cooper, won first place and Smith second. Broad jump, Burnett of Cooper, third place. High jump, Rhodes and Barnes of Cooper, second and third places, respectively. Discus throw, Rhodes of Cooper, second place.

The entire Cooper school delegation of forty pupils and twenty others from various schools of the city were furnished transportation to and from Cisco in automobiles provided by the Mothers' club of the Cooper school.

Central Ward School.

Aline Stroud of Central ward, won first place in the girls' declamation Friday, but the decision will be contested by Cisco, who claims that the declamation delivered by the Ranger representative was too dramatic and not of the designated character for the contest.

In the 880-yard dash yesterday Weir Hunt won third place. Bob Hamilton won third place in the 440-yard dash. The relay team, composed of Ben Guill, Weir Hunt, Nestor Zarofonotis and Alleys Nivers, won fourth place.

In the bar chinning contest Jack Gallaway won first place and broke the state record by chinning thirty-three times. Edward Stovall and R. Valliant won second and third places with twenty-two times each.

AUSTIN, April 1.—Plans to complete organization of the Thirty-sixth Division, Texas National Guard, within the next sixty days, were formulated at a conference of the national

guard officers with Adjutant General Barton today. It was announced that twenty-five units of infantry are yet to be organized. The artillery and cavalry units are complete.

Do You Know---

- A person is TWICE as likely to die from accident as old age.
- Twelve million people are accidentally killed or injured yearly.
- More people are kept from work by accidental injuries than are idle from lack of employment.
- Every five minutes one person is accidentally killed.
- One person out of every eight sustains an accident during the year.
- Five times as many persons are accidentally killed or injured each year as die from natural causes.
- One thousand three hundred eighty persons are accidentally injured every hour.
- More than fifty thousand people are injured as a result of fires each year.

- More than twelve thousand persons are killed in automobile accidents each year.
- More than eight thousand persons are killed annually in railroad accidents.
- More than six thousand persons are accidentally drowned each year.
- More than five thousand persons are killed each year as a result of fires.
- Boiler explosions are responsible for the death of more than four hundred persons and the injury of five to six hundred others each year.
- If the fire bell rang for every accident as it does for every fire it would become a public nuisance.

Below is a photograph of a draft paid by this office last summer, ONE WEEK after proofs of death were submitted

WHITE HEARS CHICAGO, DENVER AND DALLAS OVER RADIOPHONE

The first complete concert speeches and reports to be received here over the radiophone was heard last night at the home of J. M. White. The concert came from Denver. The speech was sent out from Chicago and dealt with the coal strike and industrial conditions and the reports were of police activities in Dallas.

Mr. White recently moved his radiophone outfit from his store on Main street to his residence, the aerials on the downtown building not being high enough over the wires along the street to permit uninterrupted receiving at the store. Higher aerials are to be constructed over the store building and the outfit moved back in the near future, Mr. White said. He plans to receive baseball scores this summer from all of the big games, which can be transmitted to a large audience by the voice amplifier.

The radiophone constructed in the W. E. Davis jewelry store by C. H. Davis is almost completed. Mr. Davis is being delayed in receiving by the failure of certain parts to arrive. In a recent test with borrowed parts, it was found that the aerials placed on top of the Gholson hotel permits the concerts and wireless phone messages to be clearly heard in the store.

The Sterling Spring company of Texas has been organized here by local men for the distribution of Langford springs for Ford cars, manufactured by the Sterling Spring company of Cleveland, Ohio. The distributing company has established headquarters at 300 North Rusk street and the first shipment of springs has already been received. R. J. Casey, formerly of Toledo, is sales manager, and G. W. Porter of the City Planning mills is general manager.

PEOPLES BANK DEPOSITS PASS MILLION MARK

The Peoples State bank, organized here last fall, passed the million mark in deposits this week and is nearing the \$2,000,000 level as shown by the statement made public by the directors yesterday.

Deposits of the bank now total \$1,682,929.74. Assets of the bank are arranged to meet any request for payment on demand, \$1,365,855.28 being in the form of cash and sight exchange and \$125,000 in the form of demand loans.

PALMER TAKES OVER MAJESTIC MANAGEMENT

With the close of the engagement of the Sunshine Revue company here tonight, the management of the Majestic theatre, which has been under Charles Moore since last fall, will pass to W. B. Palmer, owner of the Liberty theatre on Main street. The *Ziz-Zaz* Musical comedy has been booked for the coming week by Mr. Palmer and will open here Monday. The company is said to present high-class comedies and to be composed of twenty-five persons. The present plans of the new management contemplate the showing of high-class vaudeville and musical comedies here in conjunction with good motion pictures.

The Majestic was opened under Mr. Moore's management last fall as a picture show with a five-piece orchestra. Two months ago Mr. Moore contracted with the Hyatt circuit for the best vaudeville and musical comedy companies making this territory. Mr. Palmer, with H. S. Cole and A. Joseph, has incorporated his business under the name of the Ranger Theatre company.

FOOTBALL STAR FAILS TO STICK WITH N. Y. CLUB

FORT WORTH, April 1—The Hand of Fate traced the pattern of an inevitable springtime tragedy at the Yankee training camp just before the Yankees headed for Texas. The Hand of Fate raised its index finger and pointed to the minor leagues. And six young ball players bowed sorrowfully at the seat of managerial judgment and set out over the long, long

trail of hopes unrealized and the minors.

The ax fell on the heads of Glenn Killinger, Obediah Dunwoodie Tucker, Gormer Wilson, Denver Grigsby, Ed Neusel and "Cruller" Culp. Killinger, one of the greatest football players of the age and all-American quarterback at Penn State last year, goes to Jersey City, of the International league. He is an infielder.

Killinger came to the Yanks recommended by Hugh Bezdek, Penn State football coach and former manager of the Pittsburgh Pirates. Bezdek predicted Killinger was ready for the big leagues, that he would duplicate the feat of Frank Frisch, of the Giants, who traversed the gap between major league and college football in seven

league boots, and made good from the start.

Killinger seemed to suffer as the result of his advance notices and he fell the victim of his friends. He tried desperately to make good and it was this intense earnestness of purpose—the sheer desperation of it—that prevented him from showing at his best.

Yanks Retain Option.

The Yanks retain an option on his services, and if he improves, as it is thought he will, he may be recalled.

Norman McMillan, an outfielder now playing the outfield, Jim Jolly and George Murray, pitchers, and Camp Skinner and Hinky Haines, outfielders—all youngsters—remain with the team and will reach the goal of all young ball players' dreams—

New York and the Polo Grounds.

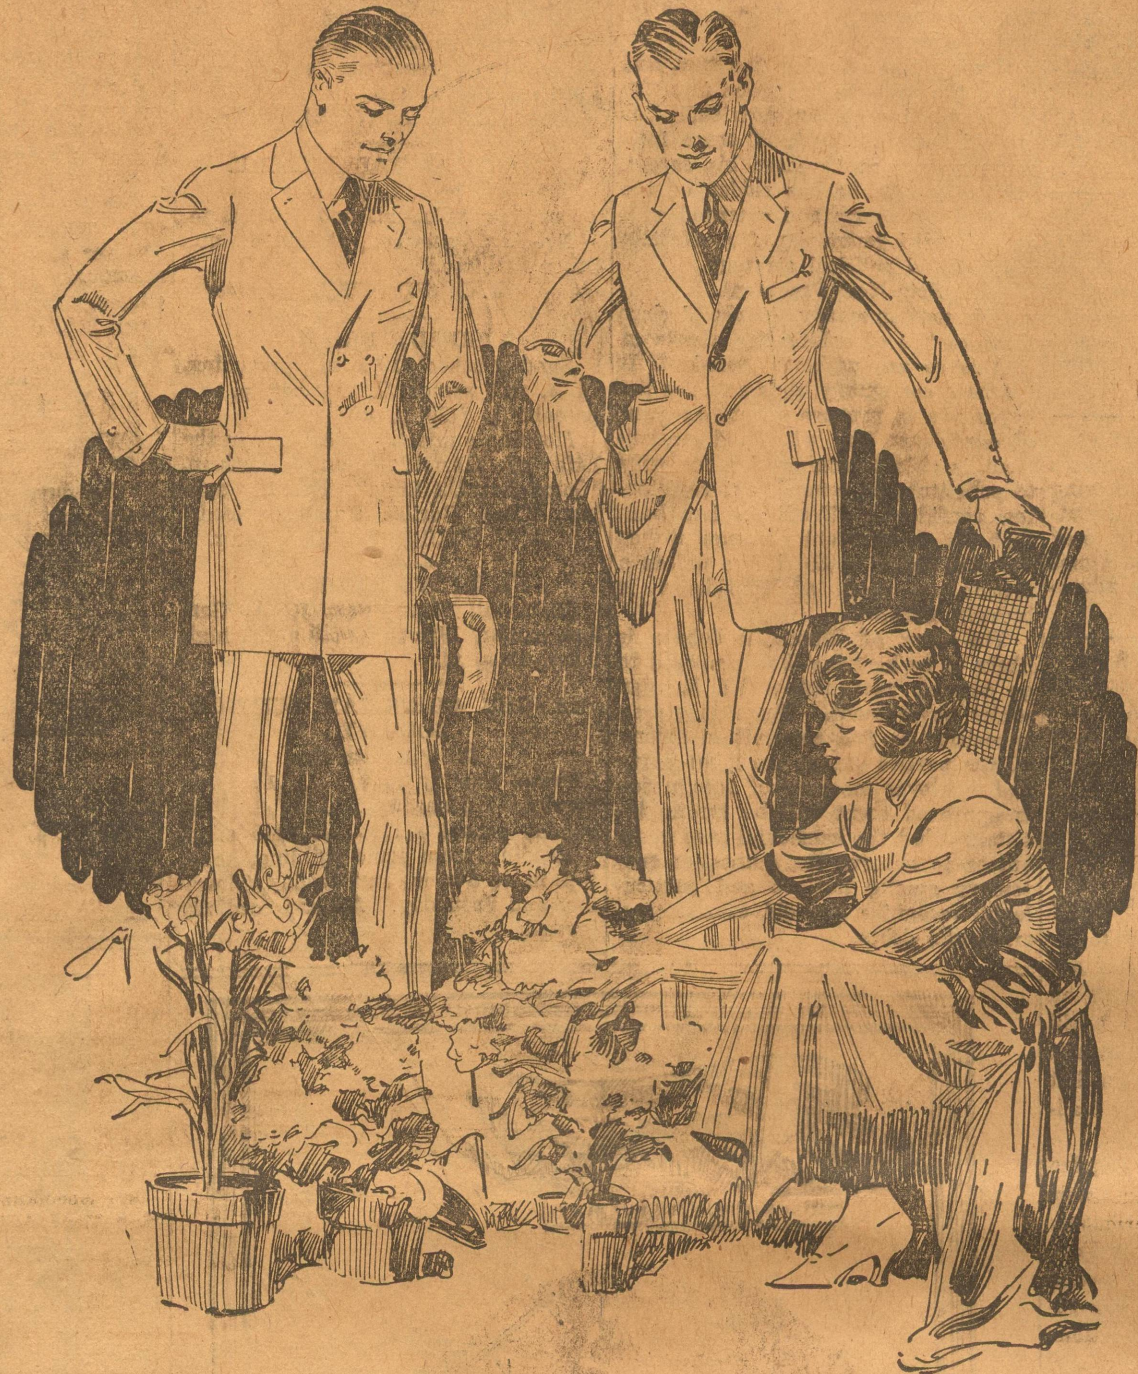

Haines, like Killinger, was a Penn State football star and an all-American halfback. He and Killinger have been chums for years, and they roomed together here. Today they shared each other's happiness and sorrow.

HOW ABOUT AWNINGS?

Now that the telephone poles are off Main street, observers with an eye to civic beauty point out that still another step might be taken, to-wit: Removal of the wooden awnings that at places grace or decorate our leading business thoroughfare.

This is a step that might require the urge of a city ordinance in order to make it 100 per cent unanimous. But it has been accomplished in Fort Worth, as one instance, by just such means. And if Fort Worth has regretted the change, the objections have been voiced very quietly and very privately. For no one has ever heard any criticism of the removal.

"But we must have awnings, for protection from the rain and sun," someone will say. Why sure. What do you suppose the makers of canvas awnings are in business for, except to fill such a demand.

Now what do YOU think about awnings? This is another of those civic improvements that require pushing by someone. There is no magic word that can be spoken and make everyone see the point and wipe the wooden awnings away automatically. On the contrary, it can come through someone making the effort to overcome the inertia which will otherwise hold the wooden sunshades in place until they tumble down. But if the merchants or other civic bodies will just get behind such a movement, and drop a word into the open ears of the city commissioners, as sure as there are boll weevils in cotton, all will see the necessity.

With the obstructions out of the way, it won't be long till the necessity of a white way will be observed by all.

AND BENCHES

And speaking of civic beautification, that is a worthy task the firemen have picked out for themselves in working over the lot between the fire station and Marston street. It is a desirable place for a park-like atmosphere. It has the bandstand, and with the Merchants' Association band displaying its wares there periodically, as it is likely to do all summer, it needs only benches to complete it.

'Tis said the firemen are working out a plan. If so, and it should prove feasible, it is to the civic interest that the benches be provided.

Last summer, people moved into Eastland from miles around every concert night. They will come to Ranger the same way if music and seats are provided.

The general dissemination of "truth serum" would work wonderful changes in the income tax reports.—Nashville Tennessean.

It is sometimes hard to tell whether the term "Turkish atrocities" refers to a massacre or a rug.—Washington Post.

If all of Mr. Taylor's murderers are captured California's executioner will not be in the ranks of the unemployed.—Knoxville Journal and Tribune.

LOYD GEORGE WILL CHALLENGE FOES TOMORROW

Demand for Vote of Confidence Sets New Precedent in England.

LONDON, April 1.—Prime Minister Lloyd George will face the most trying situation in his premiership when he goes before the house of commons Monday. He will outline the main features of the government's policy at the coming Genoa conference and will move what is generally interpreted as a vote of confidence in the government, or at least in its Genoa program.

Several times during the war, and since, the premier has gone into the house faced with an unfriendly or critical faction. Each of these incidents seemed to threaten his career, but every time he has ridden on the crest of the storm and emerged with an enhanced reputation for effective oratory and political strategy.

Sets New Precedent.
Old parliamentary hands declare these tactics of asking for a vote of confidence are without precedent. It has been customary, they say, for the opposition to propose a vote on want of confidence and when the government is able to command a majority to substitute an amendment registering confidence. Tradition has been that the government assumes it has the confidence of the house unless a motion on want of confidence is brought forward.

The crux of Monday's debate is likely to be how far it is proposed to go toward recognizing the Russian soviet government. There is strong opposition to full recognition among all the parties except the labor party and whatever measure of recognition is approved there will be strong insistence that the bolsheviks give guarantees to observe the amnesties customary among nations and particularly, recognize the old czarist government's debts.

A CLUB BIRTHDAY PARTY.

It is quite usual for this page to record human birthdays but it is seldom it has the opportunity to record a club birthday. However, on Friday afternoon the Friday Bridge club had a birthday. It was two years old and just two years ago, when clubs in Ranger were as scarce as oil derricks were thick, this club was organized at the home of Mrs. Parker F. Davis.

In honor of the occasion Mrs. Davis entertained the members of the club on this afternoon with a birthday party, which was one of the prettiest parties of the month. The Davis home was beautifully decorated in pink and white, club colors. Pink carnations were banked effectively in the entertaining suite, while the dining room had as its central decoration the dining table, on which was placed a lovely birthday cake in white, lighted by two tiny candles. Streamers of pink and white were brought from the chandelier to each guest place. The cake was cut by each guest and Mrs. C. N. Ochiltree found the dime, baked within its snowy depths, which is a sign of money. Mrs. F. E. Langston, found the ring in her slice, which is a sign of marriage, while the button, which indicates spinsterhood, was never found.

During the afternoon bridge was played and Mrs. M. O. Burt received the high score prize, a set of cut-glass tumblers, while Mrs. Harold Whitbeck received the low score, a lovely hand-made apron. Mrs. Davis served a delightful collation, consisting of fancy sandwiches, pickles, olives, potato chips, angel food cake and coffee. While the personnel of this club has changed some in the past two years, Mrs. Davis was one of the organizers and a charter member of the club, and no doubt her untiring efforts on behalf of the club have been responsible for its longevity and for the spirit of comradeship that has always been associated with this club.

Those wishing that the Friday Bridge club will live on and on, and have many happy birthdays were: Mmes. M. O. Burt, J. B. Hayden, C. N. Ochiltree, J. C. Martin, Harold Whitbeck, John Moyer, Harry Bishop, Josephine Endicott, Ira Nourse, F. E. Langston, Misses Douschka Bobo and Mamie Ruth Langston and hostess.

The next meeting will be with Mrs. Josephine Endicott.

EL DEEN CLUB.

Mrs. J. S. Reynolds entertained the El Deen club Thursday afternoon. The afternoon was spent in the usual manner with sewing and conversation as

a diversion. Refreshments were served to the following ladies: Mmes. Hodges, Klinger, West, White, Townsend, Bigbee, Hayden, Webb, Huffman.

The next meeting will be with Mrs. Bigbee, Thursday evening, at which time the husbands will be entertained.

ECHO FROM THE NUTRITION CLASSES.

Four pairs of scales have been purchased by the proceeds of the tag day that was put on by the Junior Red Cross several weeks ago, and classes in nutrition have been organized in the Central, Young, Cooper and Tiffin schools. These scales will greatly facilitate this work. The remainder of the money will be used to carry out the health program planned by the Red Cross and the Child Welfare club. Plans are also being made to arrange special courses in food selection and food preparation for the mothers. It is hoped that they will be able to have an instructor from St. Louis to visit Ranger in this connection.

Those wishing that the Friday Bridge club will live on and on, and have many happy birthdays were: Mmes. M. O. Burt, J. B. Hayden, C. N. Ochiltree, J. C. Martin, Harold Whitbeck, John Moyer, Harry Bishop, Josephine Endicott, Ira Nourse, F. E. Langston, Misses Douschka Bobo and Mamie Ruth Langston and hostess.

The next meeting will be with Mrs. Josephine Endicott.

Mrs. J. S. Reynolds entertained the El Deen club Thursday afternoon. The afternoon was spent in the usual manner with sewing and conversation as

wonderful birthday cake in honor of the occasion, which was Marjorie's fourteenth birthday. She had kept the secret well, as the honoree had no inkling of the pleasant things that were in store for her on that evening.

Potted plants and peach blossoms were used as decorations. The children enjoyed games and music for several hours, during which time refreshments were served, among which was the birthday cake resplendent with its fourteen candles. Mrs. Maddocks was assisted in entertaining by Mrs. A. N. Harkrider and Mrs. J. L. Berry of Waterville, Kan.

Those present were: Rev. and Mrs. A. N. Stubblebine, Mrs. J. L. Berry, Waterville, Kan.; Misses Katherine Long, Margaret Gilmore, Grace Bales, Nancy Bales, Dorothy Owens, Norine Maxey, Eva Long, Imogene Seidenberg, Jean Jennet, Evelyn Russell, Virginia Brooks, Lois McCord, Marjorie Maddocks, Gladys Maddocks and the hostess.

TWENTIETH CENTURY CLUB MEETING.

Mrs. Mary C. Blair entertained the Twentieth Century club Friday afternoon at the home of Mrs. J. A. Blair, in the Prairie Pipe line division. Mrs. John Thurman made club high score and received as a prize a lovely hand-embroidered luncheon set, while the low score club prize, embroidered dish-towels, went to Mrs. A. Neil. Mrs. Hedrick received the guest prize, an incense burner.

Cake and sherbet were served by the hostess to the following club members and guests: Mmes. H. H. Madden, A. Neil, Frank Reames, E. L. McMillen, Frank Champion, J. Scott Blair, E. J. Wiss, John Thurman, William Denning, Saunders Gregg, C. B. Heidrick of Brownsville, E. E. Crawford.

The next meeting will be with Mrs. William Denning at Mrs. Frank Champion's home.

NOTICE THURSDAY BRIDGE CLUB.

On account of a conflict with the 1920 club meeting, the Thursday Bridge club will meet April 13, with Mrs. Frank Brahaney.

PURELY PERSONAL.

At the Clinical hospital Friday afternoon, a little daughter was born to Mr. and Mrs. A. J. Lowther, which goes to prove that Friday is a lucky day for some folks. Mr. and Mrs. Lowther live at the Sun company camp.

Mr. and Mrs. L. Crosby and little daughter, of Olden, spent Saturday in the city.

Dr. Wade Lockman, of Weatherford was a business visitor in Ranger this week-end.

Mrs. C. B. Hedrick, of Brownsville, but formerly of Ranger, is the guest of Mrs. Saunders Gregg.

Clarence Rust underwent an operation Saturday afternoon at the Clinical hospital, and is reported doing nicely.

Miss Rosalie Jameson has returned to State university after a visit with her parents.

Mrs. M. H. Bobo, who has been ill for quite a long time, was removed from Clinical hospital to her home Saturday afternoon.

William Cox of Eastland is a visitor in the city.

Miss Marion Hunt of Eastland and Miss Kate Hammons of Oklahoma City are spending the week-end with Miss Douschka Bobo.

Miss Helen Brown arrived home last night from Miss Hockaday's school in Dallas, and will spend the week-end with her parents, Mr. and Mrs. F. A. Brown.

P. T. Owen, who has been visiting his son, Ben Owen, returned Friday to his home in Stroud, Okla.

Mrs. J. N. McFatter is in Carlton at the home of her son, who is recovering from a severe attack of pneumonia.

Canada's first woman member of parliament, Miss Agnes Macphail, is a progressive of the progressives.

SAY DRY LAW DOESN'T APPLY TO USE IN PIES

CHICAGO, April 1.—A test case attacking the constitutionality of the Volstead act, in so far as it provides for the confiscation of liquor for culinary purposes, has been instituted in federal court in behalf of a distillery which seeks to have forty-five barrels of brandy being held by the government released. The brandy was seized automatically when prohibition went into effect. The bill sets up that it is to be used for culinary purposes only and therefore is held unlawfully.

PERISCOPE USED TO DETECT CRIME BY BERLIN POLICE

BERLIN, April 1.—The periscope as a crime detector is the novel use made now of that submarine and trench optical device by the Berlin police.

The depredations of so-called "roof thieves" have grown to such proportions that the police use the wartime periscope to combat those criminals.

The periscope is placed at the peak of the highest roof in each block with a watchman at the mirror to keep under surveillance the roofs of large warehouses and stores. When he sights any thieves at work he gives the signal to the police.

RESIDENTS TOIL GRATIS TO BUILD ILLINOIS ROAD

HERRIN, Ill., April 1.—For the third consecutive Sunday men turned out and gave their services free to build a hard road between Royalton and Newbush, Ill.

No state or county appropriation was available to make this road, and the residents along the route determined to build it themselves.

WON'T WORK 15 HOURS A DAY, MUST GO BACK TO ENGLAND

HAMILTON, Ont., April 1.—Fifteen hours' farm work a day was too much for Israel Rich, who came here from Somerset, Eng., with his wife

and six children. He said he would refuse to work.

The Canadian government said he would have to return to England. All who enter Canada who refuse to work must return to the country they came from, according to Canadian law.

Ladies Must Positively Be Accompanied by Escorts

latest Universal comedy-drama, "Short Skirts." The little Universal favorite has just celebrated her eighteenth birthday and, in the short space of a year, has entrenched herself firmly in the hearts of the theatre-goers of America.

A year ago the name of Gladys Walton was unknown to the great public, although Universal directors had their eyes on her for some months. After giving her several important parts to test their judgment they decided that Gladys was ripe for starring honors, and she was presented in "Pink Tights," the appealing story of the little circus girl. Her success was immediate and emphatic. Within a few weeks she was firmly established. Theatre patrons began calling for more of Gladys Walton, and exhibitors, in turn, called on Universal for more features starring this newly made star.

BEAUTIFUL BACKGROUNDS FOUND FOR BIG PICTURE

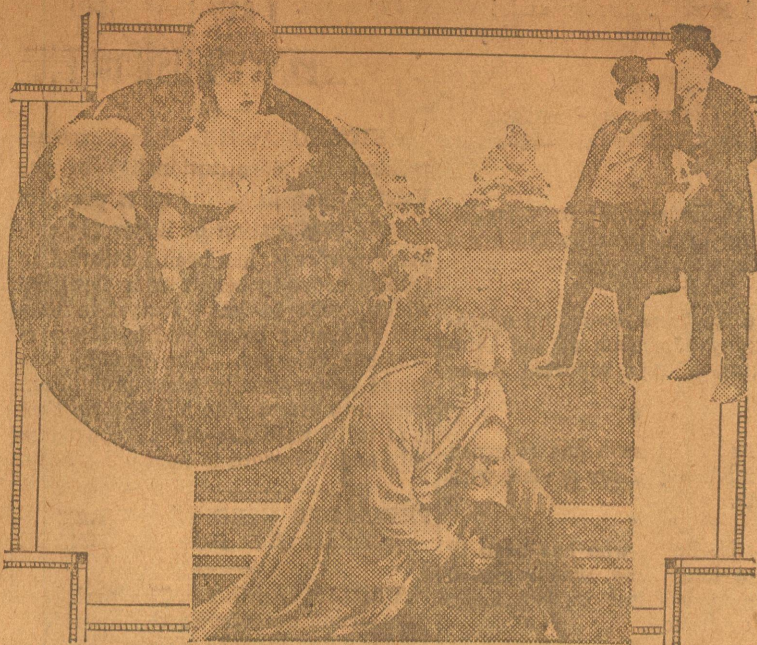

Many weeks of preparation, spent mainly in search of suitable locations and a perfect cast, were required before the first scene of "The Prodigal Judge" was taken. This special production, which will be shown at the Liberty theatre today and Monday is a screen version of the famous novel of the same name by Vaughan Kester.

In this splendid story, one of the most successful novels of its day, with its action laid in the most romantic and beautiful spots along the Ohio, Tennessee and Mississippi rivers in 1835, the characters are all clean-cut types, requiring a cast of unusual merit, down to the least important "bit." For two weeks Director Edward Jose, Casting Director William Dunn and Production Manager William Wright devoted their entire time to casting for the big production and a sufficient number of actors were engaged for the lesser parts.

The cast is headed by Jean Paige whose fame in "Black Beauty" has spread around the world. Speed was sacrificed to quality.

"THE BOY" AGAIN.
The boy kneeled on the burning deck,
His hands were cold as ice.
The sun shone hot upon his neck;
The cuber had failed him twice.
—American Legion Weekly.

AT THE LIBERTY

SCENE FROM "THE PRODIGAL JUDGE"

The most lovable characters of fiction are found in Vaughan Kester's world-famous novel, "The Prodigal Judge." All the quaint picturesqueness of the story has been maintained in the picture. The characters were selected with great care, and the finished production has been termed "The Rembrandt of the screen." Jean Paige, Maelyn Arbuckle, Ernest Torrence and Charles Eaton head the all star cast under the direction of Edward Jose.

STATE ACCUSED OF TAMPERING WITH JURY

LOS ANGELES, April 1.—The arrest of two men and a woman was demanded Friday by Attorney Paul Schenck, chief counsel for Arthur Burch on trial for the murder of J. Belton Kennedy,

who claims the three persons are attaches of the district attorney's office and charges them with tampering with jurymen in the present trial of Burch.
Schenck claims he has enough evidence to prove the three persons approached jurymen after they had been accepted on the jury. The district attorney's office denies the charges of Schenck.

DIogenES IN TOWN.

Diogenes was peering about the byways of New York. In his hand he bore an electric flashlight.
"What are you looking for now, old fellow?" some one asked. "An honest man?"
"No," replied the old gentleman hopelessly, "I've lost a prescription."
—American Legion Weekly.

WE HAVE IT

"I AM SHOT - GOOD BYE"

HAS THE MAN SHE LOVES KILLED HER HUSBAND?

The strains of the wedding march had scarcely ceased—when from the silent depths of the thicket across the road came the sharp report of a rifle

Albert C. Smith presents
The Vitaphone Picture

The PRODIGAL JUDGE

an Edward Jose Production featuring

Jean Paige

This beautiful daughter of the old South, gentle, lovable and loyal, forfeits her true love for a principle, only to get it back again.

Love, hate and private feud, true friendship and evil ambition, the mysterious and unexpected, all have their place in this romance, founded on the book by Vaughan Kester—a romance rich in incidents, hearty in humor, full-flowing in a broad current of life and events.

Made into a super-picture by Vitaphone, which has achieved such notable successes as "Black Beauty," "The Little Minister" and "Flower of the North."

Press Comment on "THE PRODIGAL JUDGE"
"Here is pantomime for you. Here is impersonation. Here is acting that brings a fictional character to life."—New York Times.
"Production elaborate."—New York Telegraph.
"Beautifully directed."—New York Tribune.

BASEBALL CLUB SITTIN' JAKE, WITH PLAYERS HARD AT WORK

Pot Almost Filled—And It's Rumored That There's to Be a Divorce That for Scandal Will Make Peggy Joyce a Sunday School Teacher!

An even dozen would-be Nitros had their first sweat-out Saturday at Nitro park, and today there will be perhaps twenty shagging away for the benefit of their summer meal ticket and the enjoyment of Ranger fans who like to sit in the shade and watch the other fellow work.

Incidentally, the club would like to borrow a few more uniforms, any description, until the new suits arrive, in order that all the athletes may show their wares to best advantage.

Charter members of the club yesterday were:

Manager—Catcher Albright.
Pitchers—Zapalac, with Sweet-water last year; Roberts, a big right-hander from Thurber, who swats 'em as well as serves 'em over the platter.

Infielders—George, who came here from Wichita Falls, where Fred Beck gumped the track for all first-base gumps, and Cope of Monett, Ark., who was released at Vicksburg when the Cotton States league cut to eleven players. Both are left-hand hitters. Hardgrove, an infielder, is a medium-sized lad who looks to be fast. He hits right-handed. Jack Bellew, third baseman, played with Albright last year at Longview. The boss says he was one of the best performers in that section, is fast, and for a rather small fellow hits hard. He hits from the right side of the plate, as does Moore, another third baseman, who came with Cope from Monett, Ark., via Vicksburg.

Outfielders here yesterday were Ben Pulley of Shreveport, who played last year at Marshall. He is said to be a ball buster and a man who deals the catchers misery when he gets on the bases. Hoffman, a 175-pound husky who slaps 'em from the port side; "Lefty" Cowert—our own "Lefty"; and Settle, a Thurber boy

who played at Anson last year. President Northern while here yesterday went out and looked the bunch over. While by occupation he's a neutral, he said—not for publication—that it was a better looking bunch than some of the other clubs could boast.

Getting the Jack.
The "pot" is expected to go over the top before Monday night. It will, for sure, if Bill McMichael doesn't renig on his offer to go out and raise any amount for "a dollar and a half a day and board."

Mac sat in on the meeting Friday afternoon, when it began to look as if not enough was being done. Then he shined up his gat, purchased a bottle of scopolamin—which makes 'em tell the truth—or by other means not divulged, went out and collected. Bill reported back Friday night with \$200 flat, setting a mark that none of the others could shoot near to. But altogether, more than \$1,000 was collected from the gang about town and outlying provinces.

That made the situation almost jake. But on top of it, still more doings are planned to mix income with pleasure. One of these is to be the dance which will be staged next week, with unique features, and honest hijackers at the door. Billy Gibbons has promised to work up a minstrel, and WHISPER: It's rumored that that couple married the other night aren't getting along very well. Jimmie Ward can't stand for his wife chewing tobacco in bed, and "Missus" Ward doesn't like Billy's coca-cola breath. So they may decide to part, for better or worse. And if they do, the whole town is going to get in on it. It'll be more sensational than the Stillman case!

Meanwhile, those who want to get their names in the Times had better get on the contrib list P. D. Q.

Petting Parties Must Seek Porch Swing, Says Chief

HUNTINGTON, W. Va., April 1.—Huntington police declared war on "movable hugs" today. Chief of Police Cohn instructed members of his department to arrest joy riders who insist on hugging girls while riding down Huntington's streets.

In the future such cases, which the chief termed "public displays of immodesty," will be dealt with severely. The chief said such public spooning would not be tolerated in Huntington.

The "back seat love parties" will be eliminated, according to the chief's plans. Arrangements will be made that any boys and girls thus caught displaying mutual affections before the

Huntington public's gaze will be arrested and haled before a police judge on a disorderly conduct charge.

Chief Cohn said automobile "petting parties" were one of the results of modern-day short dresses. "Short dresses make short modesty," declared the chief.

"These automobile episodes are a result of young men taking for granted that young women are not as modest as they used to be.

"The short skirts the girls wear show they are regarding modesty as a lost virtue."

OMAHA POLICEMAN AVERTS THEATRE PANIC WITH JESTS

OMAHA, Neb., April 1.—James F. McMillan, police officer, turned jester and averted a panic in a theatre. When smoke poured into the seats, McMillan shouted: "There is no danger from fire. If there was, I wouldn't be here. If I was fond of fire I'd be a fireman, not a patrolman."

The crowd laughed—and walked out in an orderly manner.

TWO BIG FIGHTS ARE GUMMED UP IN THE MAKING

NEW YORK, April 1.—Building up championship matches is becoming a heart breaking trade.

In one week the well planned and partially built title structures collapsed on quick sand foundations.

Two hurricanes that blow around the same way did the overturning. Harry Greb, the Pittsburgh windmill, pushed over the Dempsey-Gibbons match and Johnny Dundee, the bouncing Italian, took the roof off the proposed Leonard-White fight.

Gibbons and White were all set for a chance at titles with big stakes on the side, when they stepped off on the wrong foot and fell out of the parade.

Greb pushed Gibbons right out of line and moved up for the spoils in his place. Gibbons was to get Gene Tunney, Georges Carpentier, Jack Dempsey, eleven weeks in vaudeville and a motion picture worth altogether close to \$500,000.

He muffed it and Greb gets it all. Johnny Dundee is less fortunate. All that White had in store was a title fight with Benny Leonard, but the Italian will not inherit that, as he has had so many with the lightweight champion that it wouldn't be worth a big purse. In winning the decision from White, Dundee got nothing more than a good looking addition to his record book and a nice piece of change.

Some skilled building labor is being used on a Dempsey-Wills fight. The plans have been made and agreed upon months ago, but the architects can't get a contractor to put it up.

Dempsey was all ready to go back in training for a big "in defense of the race" act around "the Fourth," but he's going to England now and wait for the match to work itself up.

The champion, perhaps, is going on the assumption that the Americans will miss him so and get so lonesome for him that they will weep and send for him to fight anyone.

ANNOUNCEMENT

The offices of Drs. Terrell, Lauderdale & Holland have been moved to the fifth floor of the Guaranty Bank building.

ANNOUNCEMENT

Judge J. R. Frost of Eastland has authorized us to make the announcement that he will be a candidate for the legislature from Eastland county, subject to the action of the Democratic primary in July. Judge Frost is one of the leading citizens of Eastland; was in the legislature of Texas some time ago, lived in Eastland county thirty-two years and has been in the active practice of law for thirty-two years. Judge Frost promises a vigorous as well as a judicious representation if elected.

JUNCTION MAN, 103, EATS ONE BIG MEAL DAILY

JUNCTION, April 1.—Uncle John Smith, who resides four miles from town, has passed his one hundred and third birthday. He was born in Washington county, Illinois. For several years prior to the Civil war he was in the Texas ranger service in the Red river country, fighting Indians, and during that time formed the habit of eating a hearty breakfast and little or nothing at other meals.

He has followed this habit to the present, rarely eating much dinner or supper. He still rides horseback and plants seeds in his field.

HOPPE RETIRES

By Associated Press.
ST. LOUIS, April 1.—Willie Hoppe, for eighteen years world's champion at 18.2 ball line billiards, has retired from the billiard game, it was announced here tonight by his manager, R. Benjamin, upon their return from Chicago, where Hoppe failed to regain the title from Jake Schaefer.

FRESHIES WANT HAZING

HOUSTON, April 1.—"Without hazing, we can not be a success in college."

This is the startling piece of information authorities of Rice college here, received from the freshman and sophomore classes, following a referendum held by these classes. The referendum showed the students had voted unanimously for restoration of hazing, which the "powers that be" had abolished recently.

The faculty so far has taken no action on the request of the lower classes that hazing be permitted. A movement is on foot to have a committee of seniors appointed to supervise hazing.

ESSEX COACH

\$1345

Five-Passenger

Closed Car Comforts at a Wonderful Price

Come see how well it meets your desires. It is a new type. It has beauty, utility and a price of attraction such as no closed car ever combined.

Light and compact it is ideal for business and professional men. It is economical and enduring. It is solidly built, calls for little attention and is unusually free from even minor annoyances.

Women admire its beauty. Upholstery and fittings are of good, long wearing quality. And the Coach continues the economy of its low first cost in long enduring service and small operation costs.

The Coach was built for those who demand such qualities. You will be pleased with it.

Third Year on Original Tires

"Am just starting third year with my Essex. Still running on the original set of tires, with a good many more miles in them. Never had a moment's delay or trouble during the entire time. Have given the car perhaps better than ordinary care, but have driven over some very rough and mountainous roads. The snappy acceleration, and wonderful hill climbing ability has been a source of intense satisfaction."

AUDUBON SOCIETY HAS PICNIC-HIKE

Saturday morning twenty-eight boys, members of the Audubon society, chaperoned by Mrs. T. L. Lauderdale and Miss Mabel Baker, went for a three and one-half mile hike. The boys took their note-books and field glasses along and studied bird nests and took notes of things they saw along their way. A very im-

portant thing they took with them was a picnic lunch, which was spread at noon and eaten with all the enjoyment possible to hungry boys. They returned home about 3 o'clock and were served Eskimo pie at the Lauderdale home, after which they departed to their respective homes.

Work on the bird sanctuary has been postponed on account of the weather but they hope to see it completed this week, as their tenants are arriving daily from the north and bird houses are scarce.

SIX COMPLETIONS IN YOUNG COUNTY

GRAHAM, Texas, April 1.—The following completions for the week in Young county are reported: Conner et al. McClusky No. 7, making 600 barrels at 2,600 feet; Roxana Ford No. 11, making 300 barrels at 2,100 feet; Roxana Scott No. 3, making 520 barrels at 2,200 feet; Pomona Mutual Owens No. 6, making 175 barrels at 1,900 feet; Cosden Owens No. 9, making 225 barrels at 1,900 feet.

2,528 WELLS DRILLED LAST YEAR IN TEXAS

AUSTIN, April 1.—Statistics compiled in the gas and oils division of the railroad commission of Texas show that 2,528 oil wells were drilled in the state in 1921. More than 1,050 wells were started in the first three months of 1922. Of the wells drilled in 1921, 1,780 were producers, 731 were dry, and 395 came in as producers and afterwards went dry. During 1921, 1,133 wells in the state were plugged.

During 1921 the number of gas wells drilled in the state was 109, with a total average daily production of 698,248,136 cubic feet.

Approximations made show that the United States produces about 80 per cent of the oil supply of the world and that Texas alone produces as much as the rest of the world outside of the United States.

HATS FEATURED IN WOMAN'S MAGAZINE ON EXHIBIT HERE

A. Joseph of the Boston store has received twelve Paris hats that are featured this month in the Ladies' Home Journal in a special article by Mary Brush Williams, posed for by Mrs. Irene Castle. Each of the hats is of a distinctive style and their exclusiveness is guaranteed, Mr. Joseph said, by the fact that only one each of the twelve models is being sent to one merchant in all the larger towns and cities of the country. The hats are said to be direct from Paris.

'WHITE HANDKERCHIEFS' AND OTHER KLANS TO BE DISCUSSED IN SERMON

"The Visible and Other Empires" will be the subject of a sermon tomorrow night at the Christian tabernacle by the Rev. J. G. Winsett. The organization of the Knights of the Invisible Empire, the Knights of the Visible Empire and the Knights of the Visible White Handkerchief, as announced in communication from the respective orders at various times, will be taken up by the minister in his sermon and weighed in the balance.

Rev. Mr. Winsett returned last night from a trip to Fort Worth.
