EL PASO, April 21.—A plea for striking Texas coal miners was made today before the State Federation of Labor convention by Gus Sparling, organizer for the United Mine Workers, who declared that Lyra and Thurber were more like villages in Russia than American towns. He said that where coal miners in Texas lived, the towns are fenced and patroled day and night by armed guards and great searchlights sweep the towns at night. The miners and their families are destitute and need help.

A resolution was adopted by the convention to take up a collection for the miners' children before the convention closes and to issue a general appeal for funds for the miners' relief.

The team hitched to the wagon started to walk away and the box fell, crushing Matrin's foot.

One bit of kindliness was shown Matrin. The two men permitted him to ride to the hospital in their wagon.

#### FLOOD AIDS DROUTH!

By United Press. ORANGE, Texas, April 21.— Recent floods in the Sabine valley did much towards "drying"

floating down the river. At Cold Springs on the Trinity one farmer rescued three "wildcats" and a little "white • mule" which had not learned to •

swim, according to reports. Lumberjacks in the flooded bottoms reported a number of stills and mash brought to notice by high water.

## **How Housewives Waste Food These Days**

TOT merely by actual spoilage or IN by throwing away food in the garbage. That is a big leak, of course; but it is not the only one. If housewives but realized how appetizing flavor and nutritive value are lost in milk, eggs, meat, vegetables and fruit which have begun to get stale, they would never permit the temperature of their ice box to rise above 50°; they would keep the ice chamber just as full in Spring as they do in Summer.

Spring weather is changeable. Mild days follow cold; the air warms up considerably at midday. Don't depend on weather; depend on ice—your only safeguard at this season of the year.

## To the People of Eastland County:

I take this method of making my announcement for the office of County Treasurer of Eastland County, subject to the action of the Democraic primaries in July.

I was born in Comanche County, near Rising Star, and reared and educated principally in Eastland County and have been intimately acquainted with the financial affairs of Eastland County all my life. In addition to graduating in the high schools of Eastland county, I have had training in the Daniel Baker College at Brownwood.

With the business experience I have had in various lines of business, I feel that I am'qualified to efficiently fill the office I am asking at the hands of the people of Eastland County. If elected to this office, I promise to give Eastland County the best service within my power. I will endeavor to make a close canvass of the voters of the county and see everybody personally befor the election.
