ACCEPTANCE OF FORD PROPOSAL SEEMS CERTAIN

House Committee Formulates Muscle Shoals Plan Just Like Henry's.

WASHINGTON, May 27.—Proposals for the development of the government nitrate and power plants at Muscle Shoals were agreed upon today by the house military affairs committee after more than three months of study and investigation of the offers of Henry Ford, the Alabama Power company, Frederick Engstrom and Charles L. Parker.

While the proposals are held in the strictest confidence, it is understood that the Gorgas, Ala., steam plant has been eliminated from the list of properties to be disposed of with Muscle Shoals and that the committee's plans follow closely along the terms of the Ford offer.

DAUGHERTY 'LOOKING UP' SENATE FOES

WASHINGTON, May 27.—In support of his charges that Attorney General Daugherty is shadowing members of congress who criticize him, Senator Carraway of Arkansas today read in the senate a telegram advising him that Daugherty is having him "looked up" in Arkansas. The telegram signed by J. H. Anderson and sent from Little Rock, Ark., said that a man named Matthews, representing himself as an agent of the attorney general, has been making inquiries about Carraway in Little Rock, Hot Springs and elsewhere in Arkansas.

Carraway said he would like to know how much of the \$500,000 appropriated by congress for Daugherty's use in prosecuting war grafters would be used in shadowing representatives and senators and how much in punishing criminals.

PUTS MOVIE IN BARN TO SATISFY FARM HANDS

ATLANTA, May 27.—John Armstrong Chaloner, of New York and Cobhan, Va., author of the laconic inquiry, "Who's looney now?" has just left Atlanta to continue what he called "his broad whirl" of the United States.

Mr. Chaloner is now and has been for some months carrying out his plan to keep country boys from the cities.

He proposes to prevent depopulation of the farms by placing moving pictures in rural communities—preferably in the public schools—to check the movement to the cities by means of recreations that the farm lacks.

Mr. Chaloner said the superintendents of education of seven of the eleven states he had visited highly approved of his project.

In December, 1920, he conceived the plan after his own farmhands and dairymen had been lured away by the amusements afforded by the neighboring towns.

He had conducted a large dairy business on his 400-acre estate known as "The Merry Mills," two miles from Cobhan, Va. His business had extended to Richmond, 100 miles away. Then suddenly he found himself possessed of an up-to-date dairy plant with no help to run it.

He decided to compete with the attractions of the towns by converting a large barn into a moving picture theatre.

BRITISH FROWN ON IRISH PEACE TERMS

LONDON, May 27.—Lloyd George today called a conference of British and Irish leaders to meet at Downing street at 6 p. m. They will discuss the pact for preservation of peace in Ireland, signed by the free state and republican representatives and which the British fear conflicts with the Anglo-Irish treaty. Michael Collins, head of the provisional government, had a preliminary conference today with Arthur Griffith and other Irish leaders here to meet the British.

GERMANY REPORTED TO HAVE ACCEPTED ALLIED DEMAND

PARIS, May 27.—Reports from Berlin stating that the German government has accepted the allied reparations proposals were qualified today by the belief of the commission that the acceptance was only for a basis of discussion.

NO SYRIAN JAIL YAWNS FOR CRANE

WASHINGTON, May 27.—The state department today officially denied the report that Charles R. Crane, former American minister to China, had been convicted by a French military tribunal of attempting to incite rioting in Syria and sentenced to twenty years in prison. American Consul Knabenshue at Beirut has advised Secretary Hughes that the story is entirely unfounded and that the French high commissioner at Beirut has issued a denial.

UNWRITTEN LAW FAILS TO FREE DAVE SODERMAN

Dallas Jury Gives Him Five-Year Sentence for Slaying Powers.

DALLAS, May 27.—The "unwritten law" failed to gain freedom for Dave Soderman, who shot and killed Jay Clay Powers in the Waldorf hotel on April 18.

The jury in Judge C. A. Pippin's court shortly before midnight last night returned a verdict of guilty of manslaughter and assessed his punishment at five years in the penitentiary. Only a handful of newspapermen and a few of the defendant's friends were present when the verdict was returned. Soderman's wife and brother sat with one attorney as the jury filed in after nearly five hours' deliberation. It had retired at 5:45 p. m.

Mrs. Soderman, who a few days before had bared her innermost secrets of her relations with Powers in an effort to save her husband, was shaken by great sobs as the verdict was read.

Soderman shook hands with the foreman of the jury. "You are wrong, but I thank you," he said.

Notice of application for a new trial will be filed by Soderman's attorneys, according to his brother, Arthur Soderman. If the appeal is granted, Soderman will return to Los Angeles pending a new trial. Mrs. Soderman will leave in a short time for Chicago, where she will stay with her mother for the present.

Five years is the maximum penalty for manslaughter.

FRENCH HOUSEWIVES ANGERED AT SERVANTS

PARIS, May 27.—Is the Paris household to be reduced to the level of the hotel restaurant by the necessity of tipping servant girls 10 per cent of the value of all the food one eats? This is the angry demand from housewives of the French capital.

The new custom of giving the servant 10 per cent bonus on the value of all the food she buys at market is rapidly spreading, and now not infrequently the maids make this a condition of employment.

The 10 per cent tip to your own servant is the result of the firmly established system of petty graft which in many sections of the city has been organized between cooks and shopkeepers.

When the maids go to market they carry with them a little book in which the butcher, the grocer or vegetable man writes down the amounts which the employer is charged. At the end of the month the bill is settled.

In order to get the maids to do all the buying at their stores instead of across the street the shopkeepers offer the girls a commission on everything bought. This commission, of course, comes out of the pocket of the employer.

In order to stop this abuse employers began to offer the cooks or maids a commission if they would solemnly promise not to conspire with the shopkeepers to rob them.

HEAVY TAX TO REDUCE BERLIN DOG POPULATION

BERLIN, May 27.—A thousand mark tax, to be imposed upon so called "luxury dogs," is the latest decision of the Berlin city council. Russian greyhounds, very popular with actresses and film stars, poodles, Belgian griffon and the ubiquitous Dachshund are classified.

Several thousand of these canine pets could be spared from Berlin streets without visibly reducing the supply of dogs, and the new tax is expected to result in large accessions to the population of dogs' heaven.

Officers Think Wrong Negro Slain and Burned at Waco

Shoes of Negro Now in Jail Have Patches Which Show in Footsteps.

WACO, May 27.—Notwithstanding the identification of Jesse Thomas as the negro who attacked Mrs. Margaret Hays when he was taken before her yesterday, Sank Johnson, who was arrested yesterday morning and placed in jail, still is being held. The officers will investigate his possible connection with the shooting of William Cockrell and Marjorie Sheffield in Cameron park ten days ago.

Relatives of Thomas, the slain negro, have presented to the officers strong evidence that he was at home Thursday night and could not have been the guilty man. Mrs. Hays, who was assaulted after Harrell Bolton was killed, was positive in saying he was her assailant the moment he appeared before her, however, and while she was in a highly nervous condition, her identification is generally accepted as conclusive evidence against him.

But there are those who believe a mistake has been made and the wrong negro was slain and burned yesterday. Both Constable Stegall and Chief of Police Jenkins express the conviction that Sank Johnson is the guilty one and Stegall declared a further investigation will be made. He took the shoes from Johnson's feet when he was placed in jail and together with a number of citizens went to the scene of the outrage four miles in the country and fitted the shoes in the tracks, which were still plain in the dirt where he had dragged the girl from the car to the bushes.

Patches in the sole were imprinted in the track and it was the unanimous opinion that they were the shoes worn by the negro who committed the double crime.

Five state rangers who arrived here about an hour after the negro was killed and burned still are here and will remain as long as they are needed.

FATHER SURRENDERS BUT OFFICERS WON'T ARREST HIM

WACO, May 27.—Sam Harris, father of the young woman who was assaulted by a negro and who shot Jesse Thomas to death late yesterday afternoon after he had been identified by the daughter as the man who assaulted her, today walked into the office of Constable Stegall to surrender. No complaint had been filed against Harris. The constable took him to the county attorney's office. The county attorney had no complaint and Harris returned to his home.

MUSKOGEE, Okla., May 27.—Newton Ligon, farmer of Tablequah, while being brought to Muskogee for safe keeping after having been arraigned on charge of cruelly whipping his 6-year-old daughter, was seized by a mob last night at Hulbert, carried into the woods and severely whipped. Tension was observed in the courtroom when Ligon was arraigned yesterday and the court warned those present against violence. Ligon had no attorney present and the case was continued. The complaint was filed by his wife, and his little daughter, with her body showing marks of the lash, was the chief witness.

NEW YORK HIJACKER CHARGED WITH PART IN TAYLOR MURDER

POUGHKEEPSIE, N. Y., May 27.—County authorities state today that they have reason to believe that Frank Doran, held in jail here for the holdup of a taxi driver, was connected with the murder of William D. Taylor, Los Angeles movie director, or that he has information concerning it. The authorities decline to state the source of their information. Doran is maintaining silence and refuses to make any statement. It is said that he is not the man wanted in Chicago for the murder of two policemen.

TWENTY-THREE STATES SEND WITNESSES TO TRIAL OF S. E. J. COX

HOUSTON, May 27.—Witnesses from twenty-three states, subpoenaed for the trial of S. E. J. Cox, charged with originating a scheme to defraud and using the United States mails in furtherance of this scheme are on their way to Houston today. The trial is called for Monday. BIG FIRE AT WICHITA

WICHITA FALLS, May 27.—Fire of undetermined origin here Friday practically destroyed three buildings in the 800 block on Indiana avenue, seriously threatened the Marion hotel for a time and did damage estimated at \$150,000. The blaze originated in the Watson paint store, which was destroyed with the Innovation hat shop, Lafayette cafe and Baum & Gardner dry goods store. The Wichita Falls Light and Power company lost valuable records in its office, which was damaged.

STATSBORO, Ga., May 27.—Three children, 2, 4 and 5, of Foster Allen, living near here, were drowned in a well at their home yesterday. The father and mother were some distance from the house when they heard screams. Rushing home they found their 8-year-old son clinging to the rope in the well into which he had decended in a futile attempt to save the other three children. He was brought safely to the top.

CLAIM ANNUAL ENGLISH STEEPCHASE IS CRUEL

LONDON, May 27.—A hot controversy is raging as to whether the Grand National Steeplechase, proudly designated as the "blue ribbon of steeplechasing" or cross-country horsemanship, the world over, is cruel, barbarous and unsportsmanlike. The subject is not entirely new, but is raised annually. This year, of thirty-two starters, three tired animals managed to amble past the winning post, and two more completed the course without falling.

WHITE FOLKS BURN DALLAS NEGRO CHURCH

Third Building in "Disputed Territory" Destroyed in Few Weeks.

WACO, May 27.—Retribution came swiftly at 5:15 yesterday afternoon when Sam Harris, father of Mrs. Maggie Hays, who was criminally assaulted Thursday night after her escort, W. Harrell Bolton, had been killed, shot and killed a negro in his home immediately after the black had been identified by his daughter as her assailant.

Neighbors rushed to the home, seized Mr. Harris by the hands and began to congratulate him, as he told them what he had done.

Dragged From Steps. The negro was dragged from the back steps, where he fell after four shots had been fired into his body by the enraged father, into an alley which adjoins the Harris home, from where it was conveyed to an undertaking establishment. Forty-five minutes later a mob of several hundred stormed the place and secured the body. It was attached to an automobile and dragged through the streets to the city plaza. The slain negro was stripped, a fire was kindled and the naked body thrown on the flames. More than 5,000 men, women and children watched as it burned. What remained of the body was again attached to an automobile and dragged past the Harris home and through the business streets.

Captured by E. L. McClure. E. L. McClure, the man who first found the negro, was driving on the plaza with his wife when he saw a negro that answered the description of the one who killed Bolton and attacked Mrs. Hays.

McClure told the negro he wanted him to mow a lawn. He then secured three other men and took him to the Harris home on South Fourth street. Mr. McClure is a neighbor of Mr. Harris.

Shortly after the negro had been taken into the room, Mrs. Hays exclaimed, "He's the man." Then her father began shooting, firing four shots into the negro.

Mrs. Quinette testified in municipal court here Friday. Quinette, who was arrested yesterday and charged with disturbing the peace, was fined \$500 and costs by Judge Edward J. Fleming.

Neighbors of the Quinettes appeared in court against him.

THREE CHILDREN DROWN IN WELL, ANOTHER SAVED

NEWBURGH, N. Y., May 27.—Justice Segar today ordered the release of Walter S. Ward on \$50,000 bond. Ward applied to Justice Segar for bail after Justice Young at White Plains yesterday refused to free him on a writ of habeas corpus. The son of the millionaire "bread king" is expected to supply bail within a few hours.

He is charged with having killed Clarence Peters, former sailor, whose body was found near the Kensico reservoir. Ward admits killing Peters but said it was done in a fight with a gang of blackmailers of which Peters was a member.

CHICAGO, May 27.—"Big Tim" Murphy, Fred Mayer and Con Shea, described as the "czars" in what police term the labor war, today were ordered released from jail on bond of \$75,000 each. They have been confined in cells for eleven days, since their arrest and indictment for the murder of Police Lieutenant Lyons, one of the two policemen shot to death on May 9 while investigating bombing, believed to have been done in protest against the Landis wage award.

The order was issued by Judge Harry B. Miller, who held that since no evidence against the men was presented by the state, he was compelled to exercise his power of releasing them on bond.

The state refused to present its evidence, saying to do so would weaken its case when the trial came up.

NUISANCES ABOUT TOWN

The insane recklessness on the part
of some drivers, which has menaced
life and limb, promises to be checked
through the work of a traffic officer
installed yesterday. Ranger has been
lucky that no lives have been lost
here in automobile accidents recent-
ly, for nearly every week, there has
been a minor accident brought about
by some person who has not been ex-
ercising chauffeur's propriety. In
fact, it is doubtful if there is a mo-
torist in Ranger who does not occa-
sionally violate the traffic rules,
simply because they would subject
him to momentary inconvenience.
There is too much ignoring of the
turning blocks and things of that
sort, as well as speeding. Vigilant
and impartial punishment for infra-
ctions will go far to abate the nu-
isance.

However, there are other things
that might be included in the motor-
cycle officer's domain besides traf-
fic matters. Citizens have frequen-
tly complained about conditions in
their neighborhoods, but were per-
fectly frank in saying that they did
not think it would do any good to no-
tify the police department. This at-
titude, of course, may be an injus-
tice to the department, but it pre-
vails.

For instance, from Eastland Hill
and Ranger Heights folk complain
that cows are running at large, ruin-
ing the gardens, flowers and shrub-
bery of the neighbors. Other com-
plaints say that Shamrock park is a
gathering place of men and boys at
all hours of the day and night, and
their unsupervised activities make
too much and too unpleasant noises
for residents to relish.

These things might well be reme-
died. They can be if the police de-
partment will announce a policy of
abating nuisances, and carry out that
policy. Somebody connected with the
police should be glad to receive com-
plaints—and see that nuisances are
abated.

PETRIFIED FOOT
OF WOMAN IS DUG UP
BY POWDER BLAST

LOVELAND, Col., May 27.—While
blasting the river bank on the state
highway a half mile south of Love-
land, preparatory to erecting cement
abutments for a new bridge over the
Big Thompson river, Contractor Floyd
Malcom unearthed what physicians
declare to be a petrified human foot.
The foot is perfectly formed and
had been severed from the limb at the
ankle. Physicians say it is the foot
of a woman. It measures seven and
a half inches from heel to toe and
two and three-quarters inches across
the ball of the foot. It is a left foot
and a bunion had evidently formed on
the big toe. The specimen probably
will be turned over to the State His-
torical society, although Malcom has
not fully decided just what disposi-
tion he will make of it.

WRECK VICTIMS BURN
CLOTHES FOR SIGNALS

NORFOLK, Va., May 27.—Picked
up by sheerest accident after they
had drifted for five days without
food or water in a half-sunken
launch, B. J. Gardner and J. G. Truitt,
of Miami, Fla., were landed here by
the schooner Harry G. Deering.
The men had been reduced to burn-
ing their clothes for distress sig-
nals when found and were weak from
hunger and exposure.
Leaving Miami to try out
the boat—a former sub-chaser pur-
chased from the navy—Gardner and
Truitt were only a short distance
from their home port when they
found their craft was leaking badly.
The water soon put the engine out
of commission and being without em-
ergency equipment of any kind, they
could only sit and bail while the boat
drifted. Many vessels passed, they
said, but none heeded their signals.
Last night the Deering crashed into
the half-submerged launch.

WIDOW MADE SHOPLIFTER
FROM GRIEF, DEFENSE

NEW YORK, May 27.—"Shell
shocked in the battle of life."
This was the brief defense put
forth by attorneys for Mrs. Mary
Weyman, fifty, who was in the court
of special sessions yesterday on a
charge of shoplifting. Mrs. Weyman,
who lives at No. 66 Seventy-seventh
street, Woodhaven, was charged with
stealing merchandise worth \$6.89
from a Broadway department store.
Her attorney, in entering her plea
of guilty, said that during the past
three years the woman had lost two
sons, her husband and her mother,
and that grief had driven her des-
perate.

Mrs. Weyman was fined \$50 and
costs, which she paid.

Seven women and two men who
had been arrested on charges of shop-
lifting entered pleas of guilty at yes-
terday's session of the court. One
of the prisoners was Mary Fay, sixty-
one, a white-haired laundress, living
in Jamaica. She was charged with
the theft of three petticoats worth
\$6.45. Miss Fay said the day of the
theft was her birthday and she had
drunk a little more than was good
for her. She was placed on probation.

Leroy Ludoff and his wife Maria,
of No. 626 East One Hundred and
Fifty-sixth street, Brooklyn, admitted
stealing toilet articles worth \$11.89.
Ludoff was sent to the penitentiary
for an indeterminate period and his
wife sentenced to the Bedford re-
formatory.

SPIRIT PICKS TEACHER
AS VIOLINIST'S BRIDE

AURORA, Ill., May 27.—Vincenzo
Gullotta, a Sicilian violinist, of Bata-
via, Ill., who by reason of Chau-
taqua concerts is known in hun-
dreds of American towns, is about to
take a bride chosen for him after
death "by the companion of my most
thrilling hours, my departed wife."
The wife was Miss Ruth Gregg, a
Chicago girl who after going to Ba-
tavia twelve years ago was acclaimed
the city's "loveliest young woman."
The girl Gullotta is to wed is Miss

Helen Rogers, a Batavia school teach-
er. Thought waves sent by the depart-
ed wife guide Gullotta on the new
matrimonial venture, he says.
"Before my wife died," he explai-
ned, "she promised that if it were pos-
sible she would counsel and assist
me. She died last August. I was
almost frantic with grief and so lone-
ly it pained."
"But in the night I could sense her
presence and she moulded my
thoughts. I followed her guidance
implicitly and always things turned
out for the best. My new marriage
will comfort her, for above all things
she desires my happiness. The wed-
ding will be in the fall."

Barney Takes the Air

—By Billy De Beck

whose rapid handling of Anderson's fly in the sixth and perfect throw nipped Dean, who was coming in with what would have been the tying run.

Averages for the last week show that while most of the .300 hitters have raised their averages. Pyle is now leading the Nitros with the modest percentage of .431 in sixteen games, and he admits that Crawford was given credit for four of his hits at Amarillo, to boot.

Several players have complained that somebody else got credit for their performance on the road, or they got the discredit for somebody else's. That can easily happen on the first trip around, when the players are not known to the scorers. If they ask: "Any changes today?" and are told there is none, they can hardly be blamed.

But speaking of averages: Plumlee and Duckworth are the notable figures in the week's stickwork. Plumlee, hitting at a .321 gait, boosted his season's average from .180 to .222, and Duckworth gained 20 points, which shows he was also smiting at better than .300 for the week.

Jack Bellah, who was released Wednesday, finished with an average of .144.

HEFTY HITTING OF NITROS WINS ANOTHER GAME

Clovis Keeps in Running Only Through Wild Hurling of Saliva-Coated Ball.

Wobbling woefully in a sea of saliva, the Nitros put their faith in stickwork yesterday, and won anyway, 11 to 6, in a ludicrous exhibition of the national disease. The saliva was supplied by Moses Yellowhorse Crawford, who spitballed to the almost total extinction of Clovis batters, in his first appearance before a home folks audience. But his moistened slants brought misdeeds too numerous to mention on his collaborators and himself. As a result, Clovis ran perilously close until the latter stages of the game.

Holds Hits Down

For three rounds, Clovis could not connect safely, while the Nitros were compiling four runs on bingles scientifically and appropriately inserted into the proceedings. In the fourth, the Nitros flipped a tire and skidded into the ditch, and remained there while the Clovites virtually without exertion walked across the plate three times. Baker made the only hit of the round, after Crawford had struck out the first man up for the fourth time in succession. Then the fun began. Hoffman dropped Tucker's liner, putting two on; a wild pitch moved them up a notch and both scored on passed balls; Wilburn walked, and came all the way around when Clayton's throw to second went through both Downs and Craig.

After that the Nitros rallied sufficiently. In the fifth, a squeeze play was nicely broken up by nailing Black at the plate, after Downs' wild throw and an infield out had put him in scoring position. A walk to Holloway, allowed one score, however, when Moses failed to support himself properly, heaving away wide of first. A double killing when Hoffman took Anderson's fly and flagged Dean at the plate averted a score in the sixth, and Pyle saved trouble in the eighth by taking Wilburn's liner and doubling Tucker off first.

Crawford yielded two scores in the ninth, but by that time the Nitros were too far ahead to be worried. Clayton had increased the one-run lead by a homer in the fourth. His double, followed by a homer when Crawford got peeved at a called strike, added two more in the sixth. Hoffman's sharp single, followed by a walk to Downs and Pyle's homer, added three in the seventh and Craig's triple, followed by Down's long sacrifice fly, put across the final marker in the eighth.

Score by innings: Clovis 000 310 002-6, Ranger 022 102 31x-11. Summary: Two-base hits, Clayton 2, Tucker, Holloway; three-base hits, Craig, Baker; home runs, Clayton, Crawford, Pyle; sacrifice fly, Downs; stolen bases, Craig, Plumlee, Wilburn; struck out, by Crawford 8, by Anderson 6; bases on balls, off Crawford 4, off Anderson 3; wild pitch, Crawford; passed balls, Erwin 2, Clayton 2; double plays, Hoffman to Clayton; Pyle to Gober. Time of game, 2 hours. Umpires, LaMotte and Jones.

WEST TEXAS GAMES

GASSERS DROP TWO.

SAN ANGELO, May 27.—The Broncs took the league-leading Amarillo Gassers to a scientific doublecleaning here Friday, 13-2 and 5-0. Heavy hitting of the Nags throughout the first game drove Hitt and Ridings to cover and First Baseman Chaney finished the game in the box, as the Nags were so far ahead it would have been foolishness to waste a pitcher. The second affair was a five-inning skit, which the Broncs took by gaining four runs in the first round, while Muns—who hurled both games—was blanking the Gassers. The scores: First game— R. H. E. Amarillo .000 000 000-0 3 2, San Angelo .137 000 000-13 17 3. Batteries—Hitt, Ridings, Anhler and Byers; Muns and Alexander. Second game— R. H. E. Amarillo .000 000 000-0 3 2, San Angelo .410 00x-5 4 1. Batteries—Smith and Byers; Muns and Alexander.

SPLIT AT STAMFORD.

STAMFORD, May 27.—The Colonels and Hubbers split a doubleheader here Friday, Lubbock taking the first game, 10 to 7, and Stamford the second, 3 to 2. In the first game, Swenson was driven from the box in the third round, when Stamford counted six times. But Cantrell checked the Colonels until the ninth, and the Hubbers came right back in the fourth with the winning three tallies. The second game was hard fought, Currin driving Williams across with the winning run by a triple in the sixth, after Lubbock had tied the score. The scores: First game— R. H. E. Lubbock .133 300 000-10 16 7, Stamford .006 000 001-7 11 5. Batteries—Swenson, Cantrell and Earnshaw; Appleton and Edwards. Second game— R. H. E. Lubbock .000 002 002-0 2 7 1, Stamford .020 001 x-3 6 0. Batteries—Cantrell and Earnshaw; Mitchell and Edwards.

DIVIDE DOUBLE-HEADER.

ABLENE, May 27.—Sweetwater hit Embree hard Friday and won the first game easily, 8 to 2, but lost the second, 4 to 3, in a loosely played afterpiece. Lyall's triple in the second scored Scoggins and Moore and

he scored himself on a wild throw. The scores: First game— R. H. E. Sweetwater .000 320 030-8 16 2, Abilene .010 000 002-3 10 4

Batteries—Gressett and Shaw; Embree and White. Second game— R. H. E. Sweetwater .000 300 0-3 4 4, Abilene .030 010 x-4 4 3

Batteries—Richburg and Shaw; Edgar and Lyall.

NITRO NOTES

Guydas, the Strawn phenom, who has pastimed with the Nitros for three days, was released last night. Guydas showed flashes that stamp him as a possibility, but did not reveal much hitting strength. In twelve times at bat he made one hit, that was instrumental in winning the last game with the Swatters. He knocked only one other ball out of the diamond, and struck out five times. This showing, together with the coming of Flagg and the necessity of paying a \$135 bonus to the Eastland club for Guydas' services, made his signing unnecessary and too much of a gamble.

Henry Baldrige, pitcher, also has been released.

Baldrige was with the club two weeks, but hurled only one game—which he won by floating the ball up to the plate—and started another. His arm was not in shape and Hank's training took too much the form of rest. The newest addition to the Nitros is "Speck" Dockery, star of the Waco City league. He is a youngster with ability both on the infield and behind the bat, reports say. "Speck" will be here today or tomorrow.

Jack Gober, signed yesterday as a first base prospect, is a brother of the Lubbock third baseman, and played last year with Ogden, Utah. He is an experienced baseball player and may do better than his initial show-
