ALL TRAINS ON T. & P. NOW BACK ON SCHEDULE

Numerous Washouts Prevent Complete Service for Whole Week.

Regular passenger train service with the exception of the Sunshine Special east, was resumed this morning for the first time since floods and washouts Monday night a week ago tied up traffic over the line from Dallas west to El Paso. With the exception of the Sunshine Special east, all of the regular trains were running on schedule this morning, it was reported from the local office of the road, and this train is expected to be in service tomorrow.

Temporary and permanent repairs have been effected by the road over the portions of washed out tracks and roadbed between Dallas and Fort Worth, Fort Worth and Weatherford, and west of Sweetwater. At the washout east of Aledo, where the Oil Field Special was cut off for five days, some time will be required to complete permanent repairs, a portion of the high fill having been washed away by water pouring down from surrounding hills and a huge hole washed in the ground.

REPUBLICANS IN INDIANA SELECT SENATOR TODAY

INDIANAPOLIS, Ind., May 2.—Rain threatened over Indiana today as the final mad scramble for votes began in the most spectacular primary battle in Hoosier history. Half a million voters are expected to go to the polls to decide whether a "vote of confidence" would be given President Harding by the renomination of his close friend and loyal supporter, Harry S. New, as Republican candidate for the United States senate. He is opposed by Albert J. Beveridge, former senator.

G. O. P. SENATORS PLAN INTENSIVE CAMPAIGN

WASHINGTON, May 2.—Republican campaign leaders took the occasion of the Indiana primaries today to announce a new and more aggressive policy for this year's election. While Senator New of Indiana was fighting at the polls in his home state against former Senator Beveridge for the Republican nomination, Senator McCormick of Illinois, chairman of the Republican senatorial campaign committee, announced:

That the Republicans intend to fight for twenty-nine of the thirty-three senate places to be filled this year.

That the senatorial campaign committee will take a more active part than ever in directing the campaign.

That issues and events of the various state campaigns will be kept constantly before the public by means of conferences between McCormick and press correspondents.

In four southern states—Virginia, Florida, Mississippi and Texas—there will be no fight, but in the border states of Tennessee, Arizona and New Mexico, in all of which Democratic senators come up this year for reelection, the Republicans intend to make unusually strong efforts, McCormick said.

NEFF WON'T INTERFERE IN PARKER EXECUTION

FORT WORTH, May 2.—Governor Neff stopped off here an hour this morning en route from his Panhandle and West Texas tour to Denton, where there is to be a meeting today of the board of trustees of the North Texas normal.

He announced while here that he would not interfere with the execution in Houston of Carl Parker, convicted of the murder of Mortie Conroy, a service car driver.

The governor will go from Denton to Commerce, where the East Texas normal board meets Wednesday.

OVERFLOWS ALONG ALL SOUTH TEXAS STREAMS

HOUSTON, May 2.—Overflows along the principal South Texas streams were reported to the Houston weather bureau today while additional rains caused fear of more serious high water. The prospect is for more rain, the weather bureau officials said.

RELIEF ASKED FOR THIRSTY

WASHINGTON, May 2.—Representative Ansover of New York, Republican, introduced two joint resolutions today which would lift the ban from 2.75 per cent beer and permit manufacture under government control. A section of one resolution calls for a national referendum this fall on the question of light wines and beer and each state would exercise its own option.

LAWYERS WILL UPHOLD RULING OF DAVENPORT

Resolutions Will Be Redrafted and Then Made Public, Is Report.

EASTLAND, May 2.—The action of District Judge George L. Davenport of Eastland county in releasing three federal prisoners on habeas corpus writs several weeks ago, and for which he was roundly criticised by Federal Judge Wilson, is reported to have been upheld yesterday afternoon at a meeting of members of the Eastland County Bar association. Twenty-five attorneys from over the county were present at the meeting and are said to have adopted a report of the committee with certain amendments. The report as amended will not be made public until the whole is redrafted, it is stated.

HARRY SINCLAIR RACING TO SIDE OF SICK CHILD

PALESTINE, Texas, May 2.—Harry Sinclair, chairman of the Sinclair Oil company, racing from Mexico City to New York City, where his 6-year-old son is reported critically ill, was more than two hours behind his schedule this morning. Sinclair's special car, attached to L. & G. N. train No. 8, arrived here at 8:30 a. m., two hours late.

Sinclair was attending the conference of oil men with Mexican Minister of the Treasury De La Huerta when informed of the illness of his son. He made immediate arrangements for a special train and accompanied by J. W. Vandyke, president of the Atlantic Refining company, started on the 4,000-mile dash to New York.

Other prominent oil men remained in Mexico City to complete the negotiations. They were expected to leave today for the states.

PRESBYTERIAN WOMEN IN SESSION AT CISCO

CISCO, Texas, May 2.—The Fort Worth Presbyterian met with the women of the First Presbyterian Church here Monday for a two-day session. About seventy-five women are present, representing the churches of this district from Hillsboro to Spur, and as far north as Graham. There are twenty-six counties in the district.

GORMAN POSTMASTER NAMED

WASHINGTON, May 2.—Sidney B. Smith was nominated yesterday to be postmaster at Gorman, Texas.

PEGGY WRECKS ANOTHER VICTIM

WASHINGTON, May 2.—The gauntlet was thrown down today by the White House to the women and children crusaders seeking the release of federal prisoners convicted for violation of war-time acts. The declaration was made that the President will not be influenced by the picketing activities of the American Civil Liberty league and regards the delegation as organized for publicity purposes, but that he feels great sympathy for the children whom he would be glad to receive under any other circumstances.

TRANSCONTINENTAL OIL CO. PUTS OFFICES HERE; CARTER GETS WELL

The Transcontinental Oil company, with production in Desdemona, the Raylee district and the Hart pool, with C. H. McLaughlin as manager, has moved here from DeLeon and established offices in the Hodges-Neal building.

Accessibility to all sections of the field is given by Mr. McLaughlin as his reason for moving here.

The company is now operating extensively in the Hart pool, where it has one producing well on the A. B. and M. J. Lane tract, and three wells drilling. One of these is nearing the pay depth.

Carter's Langford In. Barney Carter yesterday unexpectedly brought in his second well on the Langford, west of town. Last night it was making seventy-five barrels of oil and more than 1,000,000 feet of gas at 1,886 feet, which is about twenty-five feet above the usual production depth in that area. It will be drilled to about 1,910 feet and is expected to improve.

This well is 900 feet east of his No. 1, brought in last fall, and is in proved shallow production territory, most of the wells being good for 100 to 300 barrels. The Sinclair's Earnest 11, in the same territory, is expected in within a day or so, and a George Beggs well, about a mile north of Carter's is expected to hit the deep pay in a short time. It is now below 3,500.

NEW POLITICAL PARTY WILL SEEK TAX REDUCTION

TOPEKA, May 2.—The birth of a new political party in Kansas is scheduled for May 4. A state convention called by the Concordia Booster club, a new political organization of Cloud county, in north-central Kansas, has been called for that day. It will convene here in Labor Hall, at union labor headquarters.

According to D. R. Coughlin, secretary of the Booster Club, delegates are expected from every county in Kansas. The new party hopes in particular to gain the support of the members of the numerous taxpayers leagues which have sprung up in nearly every county in the state, according to Mr. Coughlin. At a state convention of the county representatives of the tax payers organizations in Topeka, the proposal to organize a new political party was defeated. The Booster club's delegates and others put up a fight for the new party idea. Defeated at that time they have called a new convention with a new party as the goal in sight.

"Don't know what we will call it," said Secretary Coughlin, one of the signers of the party call. "The movement is a good deal like the Populist movement in Kansas thirty years ago. We are not lining up with any farm or labor organizations, but hope to get support from organizations of all kinds. Names that have been suggested are Progressive, Commonwealth, Peoples and American. While the main theme is for a reduction in taxes, I hope to see a number of things written into the platform, such as advocating stabilization of farm product prices; a co-operative banking law, a constitutional amendment for recall of public officials; and repeal of the industrial court law."

Mr. Coughlin says all the promoters of the movement are farmers.

MUST REFILE DAMAGE SUIT AGAINST GOVERNOR

JACKSON, Miss., May 2.—The damage suit against Governor Russell, alleging seduction was dismissed today by Judge Holmes on the ground of lack of jurisdiction.

Counsel for Miss Frances Birkhead announced that they would immediately file the suit in the Oxford division, Northern district federal court, where the governor has his legal residence. The suit is for \$100,000.

UNION PLANS BANK

DALLAS, May 2.—Organization of a cooperative bank was being discussed at the Brotherhood of Railway and Station Clerks, Freight and Express Handlers and Steamship Employees convention here today. It is planned to locate the bank in Cincinnati.

BEAUMONT, May 2.—J. C. Abernathy was sworn in today as deputy United States marshal. In response to a query from United States Marshal Baer as to whether he was a member of the Ku Klux Klan, Abernathy said he was not.

STATE TAKES HAND IN LAWTON CHURCH FUSS

LAWTON, Okla., May 2.—The Lawton Presbyterian church squabble got outside the confines of the church today. County authorities took a hand. A civil court of inquiry was under way under the direction of District Attorney Riley, who announced he would go to the bottom of the whole dissension in an effort to determine the identity of three men who last Saturday night abducted the pastor, Rev. Thomas J. Irwin, and threw him into a ditch outside of Lawton, half unconscious and securely tied and gagged.

Riley said he would inquire into every phase of the case. Filing of criminal charges, he said, would depend on the outcome of the investigation.

Subpoena Dissenters.

The county attorney is making arrangements for the investigation today by preparing subpoenas for about thirty persons who have been suspended from Irwin's church. They were ousted by the church sessions or executive board with the sanction of Irwin and have been aligned against him in the matter of formal charges drawn up by the governing El Reno presbytery. Riley said all suspected members of the anti-Irwin faction would be summoned and indicated that each would be asked to explain his whereabouts on the light the alleged attack took place.

Irwin and three members of the church sessions were called in last night and questioned at length and it was on the information brought out that the county attorney decided to convene the court of inquiry. Testimony given by the four was kept secret.

ARTILLERY FIRE BATTERS ARMY OF WU PEI FU

SHANGHAI, May 2.—More than 1,000 soldiers of Wu-Pei-Fu fell in the battle yesterday before Chang Tso Lin, according to an official communique issued by the Wu-Pei-Fu headquarters at Chechow today.

The chief of staff of the central army declared the encircling movement of Wu-Pei-Fu's forces southwest of Peking had been frustrated by superior artillery fire of the Chang Tso Lin forces. Japanese gun pointers are assisting the artillerymen of the Manchurian army, according to the statement, adding to the accuracy of the artillery fire.

Fresh attacks along the long front of the Chang Tso Lin army were launched today.

OPPOSING ARMIES IGNORE ORDER TO CEASE FIGHTING

TIENSIN, China, May 2.—The commander of the northern and central armies which are gripped along the line extending from this port to Peking continue to bring up reinforcements, ignoring the order of the president to cease fighting.

The northern forces are in almost complete control of the Peking railway system.

FIFTH MAN IN RACE FOR PARRISH'S PLACE

AUSTIN, May 2.—The name of Ovyille Bullington of Wichita Falls will appear as an independent candidate on the ballot of the special election on May 13 in the Thirteenth congressional district to fill the unexpired term of the late Lucien W. Parrish, Secretary of State S. L. Staples announced today. Petitions to place Bullington's name on the ballot were received today.

Four other candidates have announced, all on the Democratic ticket. They are: Miss Anne Webb Blanton of Denton, State Senator Guinn Williams of Decatur, S. E. Moore of Gainesville and S. L. Morgan of Wichita Falls.

WASHINGTON, May 2.—An agreement on the naval enlisted personnel minimum of 86,000 voted by the house is said to have been reached today at a meeting of the senate appropriation subcommittee.

ALL SUBSCRIBERS TO NEW C. OF C. URGED TO BE AT TONIGHT'S MEET

A meeting of all subscribers to the New Chamber of Commerce will be held tonight in the Gholson hotel ballroom to count noses and funds raised and arrange to perfect the organization of the new body. The membership drive which started Thursday has been carried on continuously by the workers and large numbers of new members bringing monthly subscriptions for the support of the new chamber will be reported tonight.

If a sufficient number of new subscribers are present at the meeting tonight and it is found that the necessary amount has been pledged in monthly subscriptions, the members will go ahead with the organization, it is announced. The organization of the new chamber is to be turned over to the subscribers to carry it out as they see fit. The subscribers will elect officers and directors, who in turn will elect a secretary.

Plans for the New Chamber of Commerce call for an extensive program for the improvement and growth of the city along progressive lines.

Every citizen who has signed up is urged to be present. Temporary organization headquarters are at the old Chamber of Commerce offices, and memberships may be obtained there.

CITY OFFERED SHAMROCK PARK FOR PLAYGROUND FOR \$5,000

Proposals for municipal acquisition of Shamrock park and Mirror lake for park purposes will be made to the city commission at the meeting this afternoon, by representatives of the owners of the property. The property is offered the city for \$5,000, and includes ten acres of land and all improvements. It is understood that city bonds would be acceptable in lieu of cash. It is pointed out the new Pleasant Grove highway will pass within a few yards of the property, bringing it within convenient reach of the business section.

It is also expected that the contemplated draining of the Commerce street lake in front of the new Texas & Pacific depot will be up for discussion at the meeting and probably a continuation of the examination into public utility rates.

BOTH ROTARY SHOWS GONNA BE DIFFERENT

Complete changes of programs each day will be presented at the Rotary vaudeville to be presented at the Majestic theatre Thursday and Friday. Raymond Thal, who is directing the Ranger talent, declared this morning that no act presented on the first night would be repeated on the second.

The time at both shows he explained will be divided between the Ranger cast and Willard the Wizard. Tickets have been placed on sale at The Fountain.

OPPOSE U. S. TAXES

TERRELL, Texas, May 2.—A. A. Clark, 47, business manager of the Examiner-Review at Navasota, died there this morning, according to a telegram received here by his father, J. C. Clark.

STILL BARRED OUT

PARIS, May 2.—The real cause of the suicide here early this morning of William Errazuiz, young Chilean diplomat, whose name has been connected with Peggy Hopkins Joyce, was disclosed by the police today after a searching investigation. Errazuiz shot himself while in a room next to Peggy's at the Claridge, police believe, after he had been discovered by his wife while dancing with Peggy at a club in the Rue Martin. Mrs. Errazuiz, accompanied by her brother, Augustin Edward, Chilean ambassador to London, walked into the club and caught her husband dancing with Peggy, which brought about a scene.

BRITONS GRAB ALL RUSS OIL CONCESSIONS

Former Standard Oil Properties at Baker Said to Be Included.

LONDON, May 2.—A gigantic industrial agreement signed at Genoa gives the Shell group of British oil companies all oil concessions in Russia, according to the Genoa correspondent of the Evening News.

Under the agreement, the Shell group will control all sales and under certain conditions all production of oil in every part of Russia. The concessions include the Baker fields, which next to those of the United States are the most prolific in the world.

It is more than possible, added the correspondent, that differences may arise over the working of this important area, in which the Standard Oil company had concessions prior to the soviet nationalization of the field.

Leo Krassin of the soviet delegation to the Genoa conference denied categorically today that any formal agreement had been completed between Russia and the Shell oil group in Great Britain.

Despite the official denial of the Russian Spokesman, authoritative sources today confirm the report that the Shell group, including the Royal Dutch interests, has received a five-year concession on Russian oil exports and sales, by an agreement signed Sunday. This does not apply to production, said one source, but by another report, the Shell interests are reported to have the right of entry into the Russian oil fields, working on an equal share basis with the soviet for five years.

GENOA, May 2.—The allies' memorandum to Russia contains the maximum in provisions the allies are willing to allow Russia and the minimum in what they will accept, it was announced today.

If the Russian delegation will not accept the proposals, all negotiations with that country will be indefinitely suspended, probably until there is a change of government, it is stated.

COUNTY JUDGE'S SLANDER SUITS ARE CONTINUED

EASTLAND, May 2.—County Judge C. R. Starnes' slander suits against J. R. Stubblefield and Briggs Owen were continued yesterday afternoon and this morning in the Ninety-first district court until next term, owing to Judge Starnes' absence from the city. Damages of \$50,000 are sought from J. R. Stubblefield for alleged slanderous remarks made by the defendant in a speech at the city hall last August. In the suit against Owen, the county judge asks \$25,000 damages for alleged remarks made against his character by Briggs Owen in conversation with other citizens.

In the Owen suit, called this morning, Joe Burkett, attorney for the county judge, sought to show that by failing to answer interrogatories filed with the petition, that Owen had admitted the contentions of the suit. Before attorneys for the defendant could answer the argument, Judge Davenport overruled the motion.

Owens testified that after Judge Starnes had filed the papers in the suit with Roy Nunnally, district clerk, that he had immediately withdrawn them. The defendant stated that in spite of repeated efforts he had not been able to see the papers until several days had elapsed. He further testified that the interrogatories had never been submitted to him, although he had heard they were being prepared, and was ready to answer them. Roy Nunnally testified that Judge Starnes had withdrawn the papers immediately after filing them and had not returned them for some time. The district clerk said that he had requested Judge Starnes to return the papers to the office and that Starnes either said that he "would give them up when he got through" or that he "would give them up when he was made to."

TIES ANVIL TO NECK; SUICIDE PLAN SUCCEEDS

OSHKOSH, Neb., May 2.—W. A. Fiesterman couldn't keep his head under water when he tried to drown in a shallow pond on his ranch near here. After a second suicidal fluke, Fiesterman dragged an anvil to the pool, tied the iron to his neck and lay down in a foot of water to await results. The experiment was a complete success. The body was found today.

FLORIDA OFFICER HELD FOR SMUGGLING CHINESE

TAMPA, Fla., May 2.—A plot to smuggle Chinese into the United States was broken up today with the arrest of Constable Morris McFall, federal officers believe. Other arrests are imminent. McFall is charged with conspiracy to smuggle aliens.

YESTERDAY'S RESULTS

WEST TEXAS LEAGUE. Sweetwater 3, Amarillo 1. SWEETWATER, May 2.—In one of the fastest and best played games seen here this season Sweetwater defeated Amarillo, 3 to 1, due principally to the superb pitching of Brooks. Except in the first inning, when he walked R. Moore, who was sacrificed to second and scored on a Texas leaguer by Fitzgerald, Brooks was invincible. The locals got to Hitt with timely blows, especially in the fifth, when they sewed up the game with four successive hits and a sacrifice fly. The fielding of Bupp featured.

Score by innings— R. H. E. Amarillo . . .100 000 000—1 3 3 Sweetwater . . .001 020 00x—3 9 2 Batteries—Hitt and Byers; Brooks and Shaw.

ANGELO STORES TO CLOSE EARLY FOR BALL GAMES

SAN ANGELO, May 2.—More than a score of San Angelo business houses have begun closing at 5 o'clock in the afternoon, except Saturday, to afford employers and employees time for daylight recreation and particularly to boost attendance at the West Texas league baseball games. This plan will be followed throughout May, June, July and August.

PERFECT GAME GETS TEXAN IN HALL OF FAME. CHICAGO, May 2.—Chicago fans are still paying homage to Charlie Robertson, Texan, recruit with the White Sox, who on Sunday blanked Detroit without allowing a man to reach first base. Robertson's perfect game is the third that has been pitched in the majors in modern times and the sixth in history.

On May 5, 1904, Cy Young turned the trick against the Philadelphia Athletics, and on Oct. 12, 1908, Ad-die Joss of Cleveland performed a similar feat against the White Sox. Nearly fifty years ago, in 1876, George Bradford pitched the first contest of the sort ever recorded, while pitching for St. Louis against Hartford. Other "perfect games" listed are: John Richmond, Worcester, against Cleveland, in 1880, and John M. Ward, Providence, against Buffalo, five days later in the same year.

Robertson is making a third try for a berth with the White Sox. He originally went up from Sherman, in the T. O. league, and each time has been shipped to Minneapolis.

ST MARY'S GUILD HAS PLEASANT MEETING.

The members of St. Mary's Guild who were present at the regular weekly meeting yesterday afternoon at the home of Mrs. J. M. Ralston on Pine street, had a most pleasant and profitable afternoon.

The larger part of the time devoted to business was spent in perfecting plans for the confirmation class, which will be held here Thursday by Bishop Harry Moore of Dallas, the place and time of which will be announced later.

At the end of a social hour the hostess served something in the way of refreshments entirely new, which was angle food cake stuffed with nuts and fruits and served with raspberry sauce and whipped cream, and coffee. Those present were: Mmes. Chas. Boswell, L. A. Vandervoort, Harry Logsdon, P. E. Nichol, E. E. Crawford and the hostess.

EAST RANGER BAPTIST W. M. U. MEETS.

The Woman's Missionary union of the East Ranger Baptist church met in regular session Monday afternoon. As the first Monday meeting is set aside for business, all business that was on hand was disposed of. It was decided to continue the quiltings whenever the weather becomes favorable. In spite of the bad weather there was a good number present at the meeting.

EASTERN STAR BIRTHDAY PARTY.

The May birthday party given at the Masonic Temple last night by the Eastern Star chapter was a very delightful affair and although the attendance was not as large as it

would have been, had there been clear weather, yet those who did brave the rain, felt well repaid for their efforts.

These birthday parties have been occurring now for five months and are very much looked forward to. Last night, the program under the management of Mrs. R. M. Schmuck, was well arranged and very interesting. Miss Laura Schmuck, accompanied by Miss Mavis Douglas favored the guests with a very sweet vocal solo; Pop Endicott gave a pianologue that was original and clever, which was followed by readings by Mrs. John Moyer, Cordia McFarland, Wilbourn McFarland, Marguerite Adamson and Mable Miss Brock. Nora Endicott gave a rose dance which called for a hearty round of applause.

After the program the chapter members and their guests assembled in the lunch room, where they were served a luncheon consisting of chicken salad, wafers, angle food and devil's food cake and coffee. There is an old saying that a woman who serves a plate simply will never make a good stepmother—if the reverse of this is true, why each and every hostess last night would make an ideal one, for the plates were filled and refilled. After a social hour good night was said, and thus ended the fifth Eastern Star birthday party.

WOULD ABOLISH PRIVATE LAND IN GREAT BRITAIN

LONDON, May 2.—A bill to abolish private property in land and to transfer all lands in Great Britain which is not already the property of the crown or of any public authority to a newly created ministry of lands has been introduced into the house of commons.

In the case of agricultural lands, while all the buildings (except laborers' cottages) and other permanent improvements would be transferred to the new ministry, the measure provides arrangements whereby they can become the property of the tenant and form part of the tenant right, together with all other improvements made by him.

Compensation to owners is to be paid in the form of 5 per cent national land stock (providing an annual income equal to the present net letting of value of the land transferred) redeemable at par after thirty years.

After the redemption of the stock one-fourth of the net revenue of the land would be applicable to national purposes and three-fourths to local purposes.

Why a Good Housewife Takes Ice in Early Spring

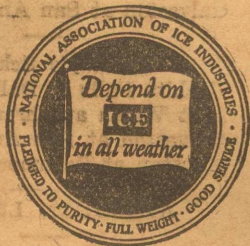

SHE knows it saves her money by saving food. Ice costs a mere trifle at this season of the year. Food is expensive.

She knows that variable temperature is bad for perishable food; that when the thermometer rises above 50°, milk rapidly gets stale and bacteria multiply a thousandfold.

Even if the food does not spoil, it loses its crisp, fresh flavor and most of its nutritive value.

In this changeable weather ice is a necessity—and a cheap one.

This emblem is your protection. It is the official pledge of the National Association of Ice Industries and will be on our wagons just as soon as the Association can furnish them.
