## FORTUNE IN BOOZE POURED IN GUTTER

### Passenger Train Washed Into Ditch by Oklahoma Cloudburst

### DEAD ELECTRICIAN MADE DRUNK AND ROBBED, CHARGE AGAINST TWO

### TWO AMERICANS DROWN IN WRECK OF BRITISH SHIP

### Ninety-five Persons Lost When "Egypt" Is Rammed Off Coast of France.

By Associated Press.

BREST, France, May 22.—Mrs. M. L. Sibley and Miss M. V. Boyer, American missionaries on their way to India, were said today by R. F. Bevan, the only other American passenger, to have drowned in the wreck of the Peninsular & Orient liner Egypt, which was rammed off Finisterre Saturday night by the French tramp steamer Seine, in a heavy fog. Nearly 100 other passengers also lost their lives.

The death list probably was made greater by the frenzied scramble of the passengers and crew after the collision. Some were killed by the awful impact and others were pushed off into the icy waters by the rush for the lifeboats. The vessel sank rapidly, offering little time for the passengers and crew to abandon the ship in orderly manner.

### Hindu Seize Boats.

Hindu members of the crew, ignoring all laws of the sea and humanity alike, seized several lifeboats and held off passengers with revolvers, according to the story told by the captain of the Egypt on his arrival here. This coldblooded conduct incensed the British survivors, who believe some of the passengers lost their last chance to escape when the Hindu seamen held them back with their guns.

The heavy sea, the dense fog and the fact that the Egypt went down within ten minutes after the crash made rescue more difficult. French freighters and whaleboats in the vicinity came up and cruised around for two hours looking for bodies, but were forced to abandon the search because of the rough sea.

### BOTH NORTHERN WOMEN.

BOSTON, May 22.—Mrs. Sibley and Miss Boyer, who are missing in the wreck of the liner Egypt, while bound for India, were in this city recently. Mrs. Sibley has relatives in Toledo, Ohio, while Miss Boyer formerly lived at Aspenwall, Pa.

### ULSTER M. P. ASSASSINATED.

BELFAST, May 22.—The killing of W. J. Twaddell, member of the Ulster parliament, who was shot this morning on his way to business, has caused the issuance of a manifesto by Sir James Craig, the premier, announcing a special meeting of the cabinet and legal authorities. The premier declared just retribution was called for.

### BILL McLEAN DIRECTS DEFENSE IN SODERMAN TRIAL AT DALLAS

DALLAS, May 22.—Dave Soderman, Fort Worth hotel man, went to trial today for the killing of J. Clay Powers, playwright and member of a prominent Kentucky family. Powers was shot down by Soderman in the lobby of the Waldorf hotel on April 13.

Spectators were practically excluded from the courtroom of Judge Phippen this morning, as every available seat was occupied by the venire of 200 talsmen. Soderman, a short, clean shaven man, wearing glasses, was among the first in the courtroom. He was accompanied by his brother, neither Mrs. Soderman nor Mrs. Powers was in the courtroom this morning.

"Wild Bill" McLean, hero of the notorious Clara Hamon trial and other southwestern murder sensations, is leading the defense, assisted by a corps of attorneys from Dallas

### Had Several Hundred Dollars on Day He Was Killed, Friends Declare.

Robbery and compounding a felony charges have been filed against Alex Reuben, baker of South Rusk street, and John Moody, respectively, in connection with the brawl Sunday a week ago, which resulted in the death of W. E. Nichols, Ranger electrician. Nichols was struck over the head and fatally injured by E. D. Winchell, who is held blameless by the authorities, as he is said to have been acting in self-defense.

Following the fight in which Nichols severely beat up Reuben and Moody, before Winchell attempted to restore peace, Reuben was placed under arrest by the police on a charge of manufacturing liquor, a still, a quantity of liquor, and mash having been found on his premises. The robbery charge against Reuben was made on information filed by friends of Nichols, who declared that he had several hundred dollars on his person just previous to his visit to the bakery and were under the belief that he had been lured to the place to be robbed. Moody accompanied or brought Nichols to the bakery on the afternoon in question, hence the compounding a felony charge against him.

In default of bond, Reuben was turned over to Sheriff Nolley following his arrest by Deputy Sheriff John Barnes and Gene Reynolds. Moody was arrested after a search of several days by Deputy Sheriff John Barnes.

### SALVATION ARMY OVERSEAS VET TO SPEAK HERE

Captain Harry Booth of the Salvation Army, with headquarters in Dallas, will speak at the Salvation Army hall here tomorrow night at 8 o'clock. Ensign W. T. George announced this morning.

Captain Booth, who served eighteen months overseas, has charge of the young people's work throughout the entire Southwest. Ex-servicemen are especially invited to attend the meeting.

### BURCH JURY FAILS TO AGREE ON VERDICT

LOS ANGELES, May 22.—The jury in the case of Arthur C. Burch, charged with the murder of J. Belton Kennedy last fall, was discharged by Judge Keeve today after it reported that it was impossible to agree on a verdict.

The jurors stood 7 to 5 for acquittal. The four women on the jury voted for acquittal.

The case was placed on the calendar for next Saturday for the third trial.

### Two Katy Enginemen Perish in Accident Near Vinita; Coaches Derailed.

By Associated Press.

MUSKOGEE, May 22.—The engineer and fireman of Katy passenger train No. 3, south-bound, due to arrive in Muskogee at 11 o'clock last night, were killed when a cloudburst swept the engine from the track four miles south of Vinita, about 10:30 o'clock. The dead are: Will Hartsfield, engineer, and Gilbert Daugherty, fireman, both of Parsons, Kan.

The train was running late, due to conditions of the track, made soft by heavy rains, and was feeling its way south of Vinita when the cloudburst sent water whirling down a hill, tearing the track away from the embankment and giving the engineer no time to stop before the engine drove into the wreckage of rails and plunged into the ditch.

According to statements this morning by railroad officials, the two members of the train crew were the only persons killed. Several passenger coaches were derailed but none of the passengers were killed, it is reported.

### WOMAN INJURED IN BOSQUE COUNTY TORNADO

By Associated Press.

WACO, May 22.—Owing to wire trouble, communication was cut off this morning with Walnut Springs, sixty-two miles north of here on the Texas Central railroad, and the storm damage there late yesterday could not be accurately obtained. It is known, however, that a terrible tornado in that section did big damage.

One school building between Walnut Springs and Morgan was demolished but no one was injured. It is reported that a brick building at Walnut Springs was wrecked and a Mrs. Hamilton injured, but this has not been confirmed.

### JACK DALTON FLOWS 23,000 BARRELS CRUDE IN 25 DAYS

MINERAL WELLS, May 22.—A twenty-five-day run of the Jack Dalton well, twelve miles west of this city, showed it to have produced 23,000 barrels of high-grade oil in this period.

I. J. Trueman of the Jack Dalton company said Sunday that the company had received \$2.25 a barrel or a total of \$52,650 for the oil from the well for this period. The first five days' flow from the well was stored in Dark Valley creek and the entire amount lost in the recent floods. It is apparent, therefore, that the well is a 1,000-barrel daily producer. Mr. Trueman says that the well is flowing as good today as the day it was brought in. The bit only penetrated the sand a few inches and it is believed that the well will show a good increase when drilled deeper.

### SUNDAY STRINGS CAUSE SIX DEATHS IN OKLAHOMA

OKLAHOMA CITY, May 22.—Six persons were killed in tornadoes and cloudbursts that swept the Southwest Sunday night, according to reports received here today over crippled telegraph and telephone lines.

The dead are: IRVING SPIRES, 18, drowned in flood waters near Rock, Kan. WILLIAM HARSHFIELD, engineer.

GILBERT DAUGHERTY, fireman, both of Parsons, Kan., killed when a cloudburst swept a Katy train from the track. MRS. MAVIN KILMAN, killed at Shawnee, Okla., when the theatre in which she had taken refuge collapsed. Her child, which she was carrying, and a man sheltered in the same building, were injured. The man sustained a broken leg. Two unidentified women were killed at O'Keene, Okla.

At Oklahoma City the storm struck shortly before 7 p. m., following close behind a new temperature record of 90 degrees. The previous high record for that date was 87, made in 1899. The temperature Sunday dropped from 85 at 7 p. m. to 61 at 8 p. m.

Meager reports received over badly crippled telegraph and telephone lines indicate the storm was general and heavy damage probably had been done to crops. No estimate can be made of the total damage done. Streams are reported rising and floods are feared in several sections.

### FORD OFFER CALLED 'RAID ON TREASURY'

By United Press.

WASHINGTON, May 22.—The offer of Henry Ford for the lease of the Muscle Shoals nitrate and power project was characterized as "the most extraordinary attempt to raid the treasury that has ever come to my attention," by Colonel Hugh Cooper of Stamford, Conn., an expert on water power development, before the senate agricultural committee today.

Cooper declared the offer would cost the government \$1,485,000,000 over and above what Ford contemplates paying toward completion costs and interest payments on the project.

### DALLAS YEGGS SET FIRE, HIDE SAFE BLOWING

Get \$30,000 From Y. W. C. A. Safe; Fire Loss \$175,000 in Two Blazes.

By United Press.

DALLAS, May 22.—Yeggmen who rifled the safe of the Y. W. C. A. here early today are believed to have set fire to the adjoining buildings in an attempt to hide the work, police declared today. Fire swept the building occupied by the Walraven Printing establishment and the Leo-Coates restaurant and damaged adjoining buildings. The loss is estimated at \$75,000.

Shortly after the fire it was discovered that the Y. W. C. A. safe had been looted of more than \$30,000.

Police declared the yeggmen had nothing to do with the Cycle Park theatre fire, which started a few minutes later. Lightning is blamed as the cause of this fire, which destroyed the building and scenery at an estimated cost of \$100,000. A negro watchman was knocked unconscious by the bolt.

### TWYMAN CASE APPEALED TO HIGHER COURT

By Associated Press.

AUSTIN, May 22.—Appeal of the case of H. G. Twyman, former drill master at the boys' training school at Gatesville, sentenced to ten years' imprisonment for the murder of Dell Thames, 14-year-old inmate, last September, was filed in the court of criminal appeals today.

The boy's death was alleged to have followed punishment administered by Twyman. The appeal attacks the indictment and the charge of the judge to the jury.

### HILLSBORO SLAYER IS TAKEN TO DALLAS AS SAFETY MEASURE

By Associated Press.

DALLAS, May 22.—Lynn Wade, who officers say surrendered at Hillsboro late Saturday following the shooting of his sister-in-law, Mrs. Rosa Wade, was placed in the Dallas county jail yesterday. R. M. Wade, brother of Lynn, also was brought here. Mrs. Wade was shot down and died on the steps of the courthouse at Hillsboro.

The Wades were hurried away after rumors had circulated that there was a possibility of mob violence.

### DAUGHERTY'S PART IN MORSE RELEASE EXPOSED BY PAPER

By United Press.

WASHINGTON, May 22.—A complete account of how Attorney General Daugherty and Thomas Felder, of Atlanta and Washington, attorney for Charles Morse, succeeded in obtaining Morse's release from the Atlanta penitentiary in 1912 was given today in letters published exclusively in the Washington News. Facsimiles of a portion of the correspondence was printed.

### CITIZEN COMMITTEES SEIZE AND DESTROY \$18,000 IN LIQUORS

Cleve Barnes and Harry Atwood Under \$2,000 Bonds, Leon Wilson and Jack Carpenter \$500, After Series of Surprise Raids Sunday.

Liquor valued at \$18,000 was seized yesterday afternoon by Ranger citizens and poured into the gutter. More than 300 quarts of the finest grade whiskies, twenty gallons of fine barrel whisky and the contents of two cases of imported champagne was mingled with 160 gallons of white mule and 546 pints of choc beer and washed down the gutter with a fire department hose. Practically the entire stock was seized in a garage in the rear of Cleve Barnes' residence in the heart of the residence section. Thirteen quarts of high grade whisky was seized at The Hub, owned by Cleve Barnes and Harry Atwood. A half gallon was seized at the home of Leon Wilson in the Gholson addition and a small quantity of corn whisky was seized at the Dallas rooms, owned by Jack Carpenter.

A sample bottle of each variety and brand is now locked in the safety deposit vault of the Peoples State bank, as evidence of the determination of the Rotary club, the Ku Klux Klan, the Lions club, several of the city commissioners and individual citizens of the city to physically back the police in the vice war and general cleanup here; and in answer to the recent denunciation by the grand jury of Ranger citizens for criticizing county officers and courts for laxity and then failing to support their accusations before the grand jury.

Answer to Sheriff. "The action on the committee's part is an answer to Sheriff Sam Nolley's statement that he had always stood for the enforcement of the law in Ranger and the committees are of the opinion that Sheriff Nolley could have made the same raid at any time in the past year had he so desired. This statement likewise applies to his declaration," H. S. Cole, chairman of the Rotary committee and commander-in-chief of the raiders, stated this morning.

Cleve Barnes and Harry Atwood appeared at the office of Justice of the Peace McFatter while the inventory of the seized stock was being taken and smilingly placed themselves in the custody of the officers. They were released under bonds of \$2,000 each, signed by H. S. Parrish and J. B. Barnes. Neither of the men appeared to bear any rancor against the raiders and declared that there was no use crying over spilled milk. On being asked as to the retail value of the stock, one stated that the value was between \$17,000 and \$18,000, adding "or at least we could have got that much out of you if you had let us alone."

Leon Wilson was placed under a bond of \$500, signed by J. B. Ames and S. R. Wilson. Jack Carpenter was placed under a similar bond signed by J. B. Ames and Bert Taylor.

Surprise Raids. All of the five committees assembled secretly. The police were summoned. Search warrants were secured from Justice of the Peace McFatter. Only one man in each committee knew where it was headed for until their respective destinations were reached. Each committee planned to strike at the same time and to prevent the raid being known. All found in the various establishments were held there until sufficient time had elapsed to insure the success of the other raids.

A committee headed by R. A. Jameson and composed of Patrolman Jim Ingram, George Gray and Pearl Long, bore down on the Barnes residence and surrounded the house. Only the women occupants were at home. The garage was then searched and the big cache unearthed behind several cleverly arranged plants. The size of the find resulted in reinforcements being telephoned for while the four men guarded the premises.

A committee composed of Ray Clivburn, Wade Swift and William Denning, who had raided the Dallas rooms, was summoned and were followed by other reinforcements. The liquor was then loaded on trucks and brought through the main part of the city. A stop was made at the Gholson hotel for a case of thirteen bottles of whisky, found at the Hub by a committee headed by H. S. Cole, Gene Reynolds, Eben Finney, Mr. Ford and Mr. Anderson.

A half-gallon of whisky was seized by Charley Bobo, Haden Neal, Shell McDowell and Ivan Mayberry at the home of Leon Wilson and the small quantity of corn liquor seized at the Dallas rooms was likewise added to the collection.

A fifth committee, headed by J. M. White and composed of Patrolman Hunt and Messrs. Pugh and Cross, failed to find any liquor.

Washed Down Gutter. Every bottle of the seized liquor except two five-gallon containers of white mule, which were broken, was

### RAIL CHIEFS WORK ON PLAN TO CUT RATES

Two-Hour Session With Commerce Commission Follows Saturday Conference.

By Associated Press.

WASHINGTON, May 22.—Several railroad executives, representing the group of nineteen that participated in the White House dinner conference Saturday night and which President Harding asked to bring about immediate action toward lower freight rates, today held a two-hour session with members of the interstate commerce commission.

Although formal announcement of the conference as made by Daniel Willard, president of the Baltimore & Ohio and one of the conferees, merely said the meeting discussed the rate situation, the session generally was regarded as the first step by the railroads toward possible compliance with the presidential request and for carrying out the agreement made at the White House conference.

Another session will be held Thursday.

### BLACKMAILERS DEMAND MONEY FROM A. SANGER

DALLAS, May 22.—No arrest had been made in connection with attempts of blackmailers in Dallas to force Alex Sanger, millionaire mercantile, to pay over \$5,000 or suffer dire consequences. Private and city detectives were searching for clues which might lead to the apprehension but none had been obtained.

The attempt of blackmailers to force Sanger to pay them \$5,000 on threats of death became known early Sunday morning. Sanger admitted he had received a blackmail letter demanding money and had turned the matter over to private detectives. He said he was not disturbed over the threats. The information Sunday was that Sanger received the blackmail letter several days ago. That letter demanded that he put \$5,000 in cash in a package and deposit it in a place at the corner of Elm and Lamar street. Death threats for failure went with the letter.

### EVEN UNDERTAKER NOW RETAILS CANDY

By Associated Press.

CHICAGO, May 22.—While confectionery dates back to ancient Egypt, the growth of the confectionery business from small things to a billion dollar industry has been within the last seventy-three years, according to an announcement from the National Confectioners' association of the confectionery conventions and show to be held here this week. "In 1849," the statement continues, "there were a few confectioners in the eastern cities and scarcely any in the west. Now a billion pounds of candy are sold a year. According to Mr. Hughes, candy is retailed to more different kinds of business than any other commodity in the world. In making this announcement in an address, Mr. Hughes took occasion to remark that there was only one business in the world that did not handle candy and that was the undertaker. One of the audience arose to correct him, by stating that he knew an undertaker that carried a good sized side line of confectionery.

### PAY SHAKEUP BILL GOES TO CONFERENCE

By Associated Press.

WASHINGTON, May 22.—The senate today passed the house bill fixing a new basis of pay for officers and enlisted men of the army, navy, marine corps, coast guard, geological survey and public health.

Two amendments were added and the measure now goes to conference with the house to adjust the differences.

### PLANE PILOT KILLED, PASSENGERS INJURED, IN GALVESTON CRASH

By United Press.

GALVESTON, May 22.—W. D. Immel, 26, of Elk City, Kan., is dead and Charles Scholes, 18, of League City, Texas, is injured as a result of an airplane crash here late yesterday.

Immel, who was piloting the plane, attempted to bank for a turn at an altitude of 200 feet, according to spectators, when the plane was caught in a sudden gust of wind and side-slipped to earth.

MAKING BOOZE PAY.

George Phillips, who has had a Ford roadster missing since Sunday evening, has recovered the car. He rented it to a young man who failed to return and after investigating several clues, he located the man Wednesday. The latter when questioned said that he had driven to Ranger, bought some booze, became intoxicated and spent all his money. He was then unable to pay the rental on the car and was ashamed to come back.

The young fellow talked about the occurrence in such a way as to convince Mr. Phillips that nothing wrong had been intended and that the young man was genuinely sorry for what he had done, so Mr. Phillips told him not to worry any further about the incident and gave him enough money to buy a railroad ticket back to the town where he has a job in Eastland Oil Belt News.

Everyone will be able to see from this that the booze business pays. It brought a young man here and he spent all his money. What more could a town ask? If there are enough such occurrences—say fifty a day—that would pay a couple of barkeepers and keep three or four gamblers, who would buy a shirt or hat occasionally and rent a room apiece.

That undoubtedly would insure prosperity in a town the size of Ranger, being worth far more than the oil company pay rolls and the trade of shoppers from surrounding towns who—while they would be perfectly safe here and never would notice our outlying bars—do not like the unsavory reputation which goes hand in hand with an unrestrained liquor traffic.

Also, the benefits that are derived from supporting a dozen or so traffickers in illegality by the debauchery of working men are very great, that the respectable citizens of a town must be compelled to forfeit their self-respect by supinely submitting to it.

That Breckenridge, Eastland, Cisco and other towns which do not have an open bar continue to exist must be a surprise to those persons who look on such institutions as "good business." Also, it is said that no person need perish of thirst in any of them, in spite of at least some effort to enforce the law.

"CONNIE" SEEKS TO SCRAP MARITAL BARK

Constance Talmadge & John Pialoglou.

The marital bark of Constance Talmadge and John Pialoglou, her millionaire husband, will be scrapped if the famed film star has her way. She has filed suit for divorce in a Los Angeles court. The rock in the sea of matrimony was reported several months ago, but Miss Talmadge at that time denied that there were differences between herself and husband.

MARSHALL MOB SEEK ATTACKER OF YOUNG GIRL

Bloodhounds Take Trail, Lead to Negroes Gathered Six Miles From Town.

MARSHALL, May 22.—Two negroes arrested yesterday about six miles north of here after Katherine Marsh, 10-year-old white girl, was choked and apparently struck in the face as she slept Sunday morning, are in jail at Shreveport, La., according to Sheriff Sanders, who returned to Marshall this morning.

The girl's screams called other members of the family and one man was seen to jump through a window. Bloodhounds were brought from Shreveport and ran to the place where several negroes were congregated. Two of the men were arrested and hurried away by officers, as threats of violence were being made.

Two men from a crowd at the jail here last night were permitted to enter the jail and see that the negroes were not here. The sheriff expressed the belief that the two men were not really guilty but said the arrests had been made to quiet a crowd gathered here yesterday and last night.

Katherine was assaulted Sunday morning about 2:30 a. m. at the family home on East Burleson street by some unidentified man. Her sister, Ethel heard the little girl making a sound like she was choking and raised up just in time to see a man bending over her choking her. She gave a scream and Marsh, sleeping in an adjoining room, hurried into the room just as the man was jumping out of a window.

INDICTMENT EXPLODES TEN-BILLION DOLLAR GOLD MINING BUBBLE

NEW YORK, May 22.—Vassily Padishuk, the fifth promoter of a mythical ten-billion-dollar gold mine in Yonkers, N. Y., indicted for alleged swindling of hundreds of Russians throughout the country, who invested about \$300,000 in its stock at a dollar a share, has surrendered at the district attorney's office.

Four other indicted promoters, among them Dr. Jacob Conner, who, the authorities say, was United States consul general at Petrograd from 1907 to 1913, have been arrested in Yonkers.

WATSON OFFERS BATTLE IN SENATE

WASHINGTON, May 22.—Postmaster appointments in Georgia caused a controversy between Senator Watson, Democrat, of that state, and Senator Phipps of Colorado, Republican, member of the postoffice committee, with the result that business was disrupted for several minutes, after which the two senators took their dispute into the corridors, with the Georgia senator offering personal combat.

"If you say a word out of the way, I'll knock you down," Senator Watson said he told Phipps after leaving the senate chamber. Phipps declined to see newspaper men to discuss the incident.

The Georgia senator explained that the dispute involved three postmasters' nominations that were personally objectionable to him and said he had so notified Phipps.

FORTUNE IN BOOZE POURED INTO GUTTER

(CONTINUED FROM PAGE ONE.) then taken to the justice's office, where the inventory was taken and samples secured. It was then decided to destroy the rest of the liquor at once, to eliminate the necessity of placing an armed guard over the stock over night. A shower filled the gutters with water to wash the liquor away as it was poured out. To insure a plentiful supply of water, however, the fire department was notified to stand by with a hose and the destruction began.

A crowd was soon attracted and while police kept the space clear the committees and others broke each bottle or poured out the contents. While the champagne bottles and choc beer bottles were being hurled into the tub and broken, there were continued loud reports. Many of the choc beer bottles glanced out of the tub and slid to the edge of the crowd and burst, scattering fragments of glass in every direction. Mixed fumes of real whisky, plain white mule and champagne arose over the section. Several pounds of malt extract, a gallon of artificial Bourbon flavoring and a roulette wheel, also captured at the Barnes residence, were not destroyed. A still found there is likewise being held.

Casualty List.

The inventory as taken by the committees and Justice McFatter preceding the destruction of the stock, follows:

- 29 five-gallon bottles of corn whisky. 3 five-gallon jugs of corn whisky. 1 seven or eight-gallon jug of corn liquor. 2 twenty-gallon kegs of fine grade barrel whisky. 1 mash strainer, coil and container. 1 seven or eight-gallon jug of corn flavoring. 308 quarts of miscellaneous brands of whisky. 2 cases of champagne (24 pints each). 42 1/2 pounds of malt extract. 546 pint bottles of choc beer. The brands of the whisky included Sunny Brook, Tom Moore, Diamond Brand Scotch whisky, Dr. Pepper and White Horse.

HARBOR BILL PASSES.

WASHINGTON, May 22.—The house today passed the bill authorizing the appropriation of \$31,442,000 for numerous river and harbor improvement projects over the country. The bill now goes to the senate.

JACKSONVILLE, Fla., May 22.—The Southern Baptist convention adjourned today after accepting the report of the social service commissioner, denouncing mob rule, demanding that motion pictures "be cleaned up or destroyed," and making other recommendations.

Second Leap From Bridge Wrecks Auto Top and Injures Four, But Fails

SAN FRANCISCO, May 22.—Four women are nursing minor hurts and Antone Nava, 53 years old, is in jail again as the result of his second attempt to leap from the Southern Pacific bridge at Colma to probable death on the highway fifty feet below.

The women were passing under the bridge in an automobile when Nava jumped. He struck the top of their car, destroying the top and inflicting bruises on the women. He bounced into the roadway and was not seriously hurt.

Nava had been released from jail only Thursday morning after a previous attempt to jump from the bridge. A passerby restrained him and officers locked him up on a charge of intoxication.

William Laub really loved Beatrice Buber, or whether he only made false pretenses, to her, thus obtaining \$1,100.

"How can a court determine whether or not he loved her?" asked the court, first of himself and then of anyone in the room that might be able to tell him.

"Love is a most puzzling thing. It is an intangible something—here, then there and then gone.

"To be sure, some persons pretend they are in love when they are not, and maybe it was so with Laub. But how can the court judge? In the next place, what is love? Oh, well, the case is dismissed."

JUDGE IS UNABLE TO RULE ON 'LOVE'

SAN FRANCISCO, May 22.—If one of the interested parties doesn't know, how is a mere judge to decide whether a man actually loved a woman or was only pretending?

That is the question asked by Judge Sylvester McAtee, who had the question put up to him for decision in a court case.

He was asked to decide whether

Know What You Are Buying. Do you realize when you buy 12 oz., or 3/4 of a pound of baking powder what it is actually costing you per pound. For instance— 60c for 12 oz. or 3/4 of a lb. equals 80c per pound. 50c for 12 oz. or 3/4 of a lb. equals 67c per pound. 30c for 12 oz. or 3/4 of a lb. equals 40c per pound. Did you ever stop to figure this out? It is something that every housewife should know because it shows the false economy of buying the 12 oz. or 3/4 pound can of baking powder—it shows the big price you pay per pound. Do you know when you get 12 oz. you are not getting a full pound and what a full pound would cost? Never ask for a can of baking powder—always ask for a pound when you want it. Remember a large can of Calumet Baking Powder contains 16 oz. or a full pound. Buy Calumet because you get more for your money—because it is the most economical of all leaveners—the best by test brand.

NITROS DROP ANOTHER WHEN INFIELD CRACKS

Error Epidemic Beginning in Fifth Totally Wrecks Good Ball Game.

ABILENE, May 22.—The Nitros exploded in the fifth round of the transferred game with Sweetwater here yesterday, and kept on detonating for the rest of the fray. The result: Sweetwater 9, Ranger 2.

The first four innings were crammed with good baseball. Roberts was going in great form when the blowup came, without notice, and if accorded errorless support, would have held the Swatters to three or four hits. But the six errors in the last four frames were enough to give the hitsmiths a chance and they made the most of it. At that, they rapped safely only eight times, of which only one was for an extra base.

Word, with perfect support, held the Nitros to six safeties. Four of these were for two and three bases. But his control was almost perfect and the Nitro heavy hitting was never quite consecutive enough, as has been the case in every game of the series.

Table with columns: Ranger, AB, R, H, PO, A, E. Rows for Bellah, Clayton, Downs, Crawford, Pyle, Hoffman, Allred, Plumlee, Craig, Roberts, and Totals.

NITRO NOTES

First averages of the West Texas league, including games of May 10, show thirty-nine players hitting .300 or better. Of these, Ranger and Amarillo are tied with seven each, while Sweetwater, Abilene and San Angelo have five each, Lubbock four and Clovis and Stamford three.

Ranger's average is still further boosted by Times' averages up to last Wednesday, which show eight men inside the "charmed circle."

But for some reason that must be solved, the run-getting is not up to the hitting standard. Two and three runs per game is the Nitros' general performance thus far, on seven or eight hits per game and sometimes more, while the opposition is getting a run for nearly every bingle. Regardless of the fielding, which is probably the worst in the league, something must be done to get more runs per hit.

And the fielding itself must be improved. A team which accumulates a bunch of errors nearly every game is not up to par.

However, general opinion is that the Nitros have the foundation of a

good team, but must have some extra fittings to balance it. They will be at home tomorrow for a sixteen-day stay. During that time, Ranger baseball backers will be able to tell what is the matter and get busy in propping up the weak spots. In fact, changes are in prospect at the present time, and will be worked out Tuesday night in a council of war with Manager Crawford.

Meanwhile, remember the only way to keep the players' heads up is to support them. Large and enthusiastic crowds brings out the best in every ball player. With a few changes, the Nitros will begin to climb. Good support now will insure the money with which to strengthen. It will encourage the good men to do their best.

Tomorrow against Sweetwater the Nitros have a chance to begin their upward climb. Let's give them a royal welcome.

WEST TEXAS GAMES

GASSERS RAP KEISLER.

AMARILLO, May 22.—A bunting attack off Hiatt gave Abilene two runs in the first inning yesterday, but Maples went in and pitched shutout ball for the remainder of the game, while the Gassers bunched hits off Keisler and won, 7 to 2. They took the lead in the fourth, counting five times.

Of nineteen games played during the stay at home, the Gassers have won seventeen, dropping one to the Nitros and one to the Eagles. Score by innings—R, H, E. Abilene . . . 200 000 0-2 9 2. Amarillo . . . 000 500 20x-7 10 2. Batteries—Hiatt, Maples and Byers; Keisler and Burch.

BRONCS LOSE AGAIN.

CLOVIS, May 22.—Clovis rapped three San Angelo pitchers yesterday and won, 7 to 4. Vick held the Broncs to five hits. It was the seventh straight victory for Clovis. Score by innings—R, H, E. San Angelo . . . 101 002 000-4 5 2. Clovis . . . 102 010 21x-7 12 0. Batteries—Wright, Craig, Trammell and Robertson; Vick and Ervin.

TWO GASSERS LEAD LEAGUE UP TO MAY 10

SWEETWATER, May 22.—Early averages, which include games of May 10, show Spec Comstock, Gasser gardener, leading all West Texas hitters with the healthy average of .462. Hornsby, a teammate, is also polling the agate for the same average, but has appeared in only four games. The incompleteness of the first batch of averages of Northern's revamped circuit is occasioned by the tardiness of the scorers in forwarding reports. Amarillo is leading with a club batting average of .315.

Table with columns: Player and club, G, A, B, R, H, Pct. Rows for Comstock, Hornsby, Morton, Downs, Miers, Langford, Anhier, King, Baker, Pipkin, Burch, Alexander, Clayton, White, Mason, Craig, Roberts, Zapalac, Hoffman, R. Other leading batters: Ed Miller, Philadelphia, .398; O'Neill, Cleveland, .394; Clark, Detroit, .391; Speaker, Cleveland, .376; Jamieson, Cleveland, .335; Williams, St. Louis, .330; Pratt, Boston, .330.

Griffith of Brooklyn and Hank Gowdy of Boston are topping Topcorer of St. Louis for batting honors of the National league, with marks of .417 and .400. Topcorer is hitting .398. However, Griffith and Gowdy played in only sixteen games, while Topcorer participated in twenty-two. Claude Rohwar of Pittsburgh, with an average of .393 is pressing Topcorer, while Rogers Hornsby, the star of the Cardinals has been having a tough time getting his batting eye sharpened. Hornsby, however, is leading in total bases with sixty-seven, which include seven doubles, one triple and half a dozen home runs. His batting average is .388.

TY COBB AND SISLER WHAM PELLET HARD

CHICAGO, May 22.—Ty Cobb, one of the greatest batters of the American league, is knocking at the door for the batting honors of the junior league circuit, according to averages released today and which include games of Wednesday.

The Tiger leader, who was hitting .347 a week ago boosted his average to .413, and finds himself safely rearing in second place. Ty's great batting apparently has been an incentive to his teammates and as a result the Tigers have been winning consistently.

George Sisler, the St. Louis star, who was hitting .402 a week ago, stepped to the top of the batting list with a mark of .442. Lawton Witt, the Yankee outfielder who was topping the list of leading batters a week ago lost three points and has dropped to third place with an average of .407.

Other leading batters: Ed Miller, Philadelphia, .398; O'Neill, Cleveland, .394; Clark, Detroit, .391; Speaker, Cleveland, .376; Jamieson, Cleveland, .335; Williams, St. Louis, .330; Pratt, Boston, .330.
