Frankness In The Army There was something rather rerather startling about Maj.Gen. Johnson Hagood's blunt statement that an overhaul of the War Deent and army organizations sould save the government a neat 50,000,000 a year and increase mili-ary efficiency at the same time,

High srmy officers do not often peak with such frankness. And then this one asserts that the War Department is top-heavy and would collapse at the outbreak of a war, it seems obvious that a pretty thor-ough investigation is called for. War departments in all lands have war departments in all lands have a way of growing rigid and un-wieldly in peace time; if ours has done so, as General Hagood says, a drastic overhauling ought to be

of the few sports to make money last season, light harness racing, once king of the tracks, will as usual, come to a climax with the running of the classic Hambletonian. With running horse tracks cutting their stake money to the bone, trotting men point with pride to the fact that the Hambletonian—their Kentucky derby—will be for \$50,000 added.

Here at Goshen 150 trotters and Bridge Club met at the home of Mrs. J. L. Rush for a very enjoyshle session of bridge Tuesday afternoon.

Meat, Potatoes and Gravy

MANY a meal is built around these three standbysmeat, potatoes and gravy. Invariably they are the first dishes that come to your mind as you plan your dinner. But in spite of their hunger-satisfying and nourishing qualities, this time-honored triumvirate can become monotonous unless it is supplemented by other dish However, it is often a problem to find these "side dishes" in your own head. Of course you can quiz your neighbor, or ask the members of your family what they would like. But even this source of information is often lacking in ideas.

The thing to do is read the advertisements in your newspaper. Every day your local markets display their foodstuffs on those printed pages. You'll read of new vegetables and fruits that have "just arrived." Your appetite will be aroused by the tasty creations of national food manufacturers. With pencil and paper you can make your market list and menus before you step out of the house.

Speaking of monotony, consider this. There are 11 different cuts of beef, 9 cuts of veal, 7 of lamb, 10 of pork; there are at least 20 different breakfast cereals sold in every store, 16 different canned vegetables, 6 canned fruits, a dozen or more canned meats and fish, numberless varieties of cakes and crackers. Why should there be monotony in meals with such a variety of foods available at your store and so many of them advertised in your paper?

Helps Schators

BOSTON — Fred Frankhouse's struce ball subdued the league leading Pittsburgh Pirates Tuesday as he Braves ended the series with a victory.

The Boston right hander pitched true hit ball and gave only one salk. Tony Piet got a single for he Buck in the third and Fred indistrom and Pis Traynor hit one ach in the fourth. That inning as the only time Frankhouse was danger and after the bases had seen loaded by a hit batsman, he couped when Piet forced Lindsman the pints with a weak cander to the box.

The Braves, who have been in a fitting slump, made 15 hits off
