Two-Day Convention in Fort Worth Closes Today With Election of Officers.

Special Correspondence.

FORT WORTH, June 16.—The National Oil Scouts of America, opening here yesterday their second annual convention with about 200 scouts and others attending, adopted constitution and by-laws atter a long discussion relating to future activities of the organization and were to elect officers and dispose finally of committee reports today.

B. D. Bell, president of the association, in opening the convention, said that while "essentially based on friendship and personality, the duty of the oil scout is to pry into other persons' business, hence he must form friendships which will stand him in good stead in a critical situation, such as the discovery of oil and its attendant excitement. Mr. Belll declared such was the purpose of the organization—to develop a wider acquaintance.

## FIRE IN TEXAS DRUG STORE

THE WEATHER. West Texas—Tonight and Wednesday, partly cloudy.

Paramount Hotel Guests Scamper; Smoke and Water Damage Heavy.

Fire of undetermined origin partially destroyed the stock and fix-tures of the Texas Drug store, Main and Austin streets, Ranger, this morning about 5 o'clock. The blaze started in the prescription room at the rear of the store and caused a total loss of prescription supplies. The heat was so intense that the plate glass windows in the front of the store weer cracked and hardly a showcase in the store retains a whole piece of glass in it. The stock is smoked and charred and a large part

of it water soaked.

The alarm was turned in by Tom Weeks, night clerk of the Paramount hotel, who smelled smoke and then saw it pouring into the hotel from Federal Drive Beginning There

Organization of a Little theatre group in Ranger, in line with similar undertakings in Fort Worth and Dallas and the movement which in the last few years has spread all over the country, means much for Ranger, just as it would be beneficial to every community, all of which have some local talent it would be well to develop. The following editor appearing this morning in the Fort Worth Record urging support of the Little Theatre movement is worth consideration.

The suntable place be found.

Little theatres have proven very popular everywhere, Fort Worth's original one, founded by Mrs. Hunter Gardner, and her talented daughter of Worth's original one, founded by Mrs. Hunter Gardner, and her talented daughter Rosylind, proved a wonderful success, and its setting was an old barn on the rear alley of the Gardner, home. Dallas' Little Theatre company has also forged ahead and while it means work, work, work, still there is no reason why Ranger's Little Theatre company should not rank right with the foremost in the state. Announcements will be made from time to time as to its progress.

Mr. and Mrs. J. G. Jones are moving to Ranger from Dallas. Mr. Jones has been here some time and is with the Texas company, but is just now moving his family here. So far they have not locatde a house.

Mrs. W. T. Carter of Corsicana,

Fort Worth Record urging support of the Little Theatre movement is worth consideration:

Lovers of dramatic art will read with pleasure the announcement that the Fort Worth Little Theatre, and all the young people who has been organized and that a building has been leased for its productions.

Fort Worth has had some experience with the Little Theatre, and all the young people who have the trailed ended more or less did not the trailed ended more or less of the Central Bapt will suppose the company of the sunday school.

Mr. and Mrs. Madison Farnsworth, of Thurber, entertained a number of exceptionally good talent in Fort Worth for excellent Little Theatre is productions.

if you invest in only 15 shares of Southwestern Power & Light Co. Preferred Stock... In only 12 months the dividends earned by your shares would amount to \$105. YOU would not have to do a tap of work for that \$105. Your savings, invested in the stock, would have done the work and turned the wages earned (the \$105) over to you. Investing is an up-to-date progressive way of making money. Do not confuse "investing" with

chances; running risks; subjecting your hardearned dollars to perils and hazards—what many people call "stock gambling." IN-VESTING does not consist of plunging or blindly taking chances. Investing means putting your money to work in some firmly established business where your dollars will be SAFE and where they will steadily and surely earn more dollars for you. And that is "speculating." Lots of folks don't realize just what happens when you buy shares of

CITATION BY PUBLICATION.

Popularity Proves Claims of Its Discoverers.

Very few women know what goes wrong with their system when they begin to suffer from headaches, nausea, cramping spells, pains in the back and sides and that awful dragged-down and tired-out feeling. They realize that something serious is the matter but they are unable to explain it.

As these unfortunate women keep more to their homes because of the self-consciousness of their condition, no longer taking any interest in the pleasures of life or the society of their friends, it is common for them to say they are suffering from "Female trouble." But this is a term which does not explain the cause of their pain, nervousness, sallow, drawn faces, undernourished bodies and depression either to themselves or their friends.

CITATION BY PUBLICATION.
THE STATE OF TEXAS,
To the Sheriff or any Constable of Eastland County, Greeting:
You are hereby commanded to summon E. W. Gray, by making publication once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the 88th district court of Eastland county, Texas, to be held at the courthouse thereof, in Eastland, on the 1st Mondry in July, A. D. 1925, the same being the 6th day of July, A. D. 1925, then and there to answer a petition filed in said court on the 16th day of April, A. D. 1925, in a suit numbered on the docket of said court, No. 11498, wherein Queen Mary Gray is plaintiff and E. W. Gray is defendant, and the case of action being alleged as follows.

and depression either to themselves cause of action being alleged as fol

or their friends.

The discoverers of G. F. P. found and proved beyond a doubt that Catarrh of the Generative Organs is the dreaded enemy which is causing women most of the cramping, nervousness, headaches, backaches, pain in the side and legs and that awful depressed and melancholy feeling which accompanies these distressing symptoms.

This important discovery puts an end forever to hit and miss methods of treating the ailments of women because it put at rest all doubt concerning the cause of their suffering.

That he would tell other people that he had no love for plaintiff, and that he was in love with another woman. That lot number four in block number XXXX, in the town of Gorman, in Eastland county, Texas, is the in Eastland county, Texas, is the community property of plaintiff and defendant and is the plaintiff's homestead, and that plaintiff needs the said home for herself and her child, and prove the county to the county of the county to the county to the county of the coun and prays the court to set aside said homestead to her and her infant son and to decree the title to be in plain tiff hereafter as her sole and sep arate estate. That she be granted the care, custody and control of he infant son, Chas. W. Gray. Tha defendant be cited to appear and an wer herein, for a divorce from the

defendant, etc.

Herein fail not, but have you before said court, on said first day of the next term thereof, this writ with your return thereon, showing how

your return thereon, snowing now you have executed the same.
Witness my hand and official seal at my office in Eastland, Texas, this 2nd day of June, A. D. 1925.

VIBRATION REAL FACTOR IN MOTOR OVERHEATING

This article, a part of a series of articles on motor overheating, deals with automobile vibration in so far as it pertains to a heated engine. Vi bration, the bane of automobile manufacturers, is bad enough in it-self, but its consequences may be even more serious. One of these is

overheating the motor.

An automobile traveling at a normal rate of speed, of 20 to 30 miles an hour, does not outwardly show any great amount of vibration, nor does this vibration affect the en-gine for some little time. But when the "period of vibrating" is reached its power to injure the best designed motor is marvelous. Continued vibration causes the hose clamps and he water connections to then the circulation of the water around the water cycle causes a leak age of these connections and, finally, the radiator becomes empty. Without water to cool it, the engine Unless the driver detects the accident, as signaled by the heat indicator cap, such a condition will inevitably result as burned out bearings or scored cylinders.
