AD CLUBS GET **MEXICO CITY**

Editor of El Universal Says U. S. Needs to Learn About Sister Republic.

By United Press. HOUSTON, May 13 .- Declaring there was a "woeful lack of initiative" on the part of the United States advertising clubs regarding Mexico, Eduardo Ellizondo, of Mexico City, publisher of El Universal, pleaded to-day before the international trade and pan-American conference at the advertising convention here to hold the next convention in Mexi-

"Mexico is now a country of stability. Our present country has acthe short period of four months Mexico merchants are showing splendid spirit of cooperation."

Officers Nominated

berg of Taylor. Invocation was pronounced by Rev. H. H. Packer of Lampasas. The audience sang "America."

B. W. Patterson, lawyer and Cisco's first fire chief, and Mayor J. M. Williamson of Cisco, made the welcoming addresses, the resonse being by President Falkenberg. A roundable discussion of Fire Prevention week followed.

A big parade, headed by the Texas Ranger band of Ranger, Texas, was viewed by great throngs. Duchesses in highway districts which will take him from Del Rio to Amarillo, comment year's convention. "America does not need the advertising convention and the enormous influence for commercial betterment that it brings. Mexico does need it," he said. "It would be a marvelous thing for all of Latin-America if the convention would come to Mexico." Mexico City has every facility to take care of a convention, with its Ratland Sunday.

He will leave Austin next Saturity of the old Spanish colonies.

Mineral Concession Along Lena River In Siberia Is Granted

Daring feats were performed at the rode in the afternoon, world's champions participating in one of the finest exhibitions of the sports of the roundup ever held in Texas.

In the afternoon seksion of the convention, the value of fire drills in schools was the ghief topic, several joining in the discussion. Music was by Harrison's Texas orchestra of Breckenridge.

The block in front of the Gude hotel on Broadway street was roped off and a gigantic street dance was the chief amusement feature Tuesday evening.

BIBLE THOUGHT.

Blessed are they which are persecuted for righteousness' sake; for theirs is the kingdom of heaven.—Matt 5:10.

PROGRESSIVE THINKING.

"Because a town is small there is no reason why its citizens should feel that it is small, for when a people have that feeling they never do much to make a small town grow. Los Angeles would not be Los Angeles would not be Los Angeles today if her people 50 years ago had concluded that this was only a small place and would anever amount to much. That sort of sentiment has held back many a town. The chamber of commerce in a small town has just as important business to perform as has a civic organization in a large city.

"This magazine publishes news items concerning development work in outside communities. Only too frequently the editor receives a communitient of the feel and mount of the communities. Only too frequently the editor receives a communitation from some searchaw, in "Torover, Ferne"."

How Steinmetz Came to America

The late Charles P. Steinmetz, the inventor of "artificial lightning," lived in Zurich, Austria, the better part of the year 1888. After many efforts he finally succeeded in entering Polytechnic, and studied there for nine months, earning a slender income writing and tutoring on the side. While there he made a bosom friend—a young Dane named Oscar Asmussen, whose rich uncle in California was paying his way at the

Early in the spring of 1889, Asmussen aroused the displeasure of this uncle by making love to a Zurich maiden instead of devoting himself to his studies. He found his funds suddenly cut off; and, having no alternative, he was obliged forthwith to prepare to sail for America. Talking over this turn of events with Agains. ing over this turn of events with As mussen, Steinmetz expressed his desire to visit the great republic across the sea. This remark impelled Asmussen to urge Steinmetz to accompany him, and when Asmussen offer ed to supply Steinmetz's lack of funds for the trip the latter agreed. Less than a week later Steinmetz severed all his old ties and yielded to

The Ideal Car for Spring

path-Horner for Chautauqua at Ranger, June 2nd.

STUDEBAKER

Standard Six Duplex-Phaeton

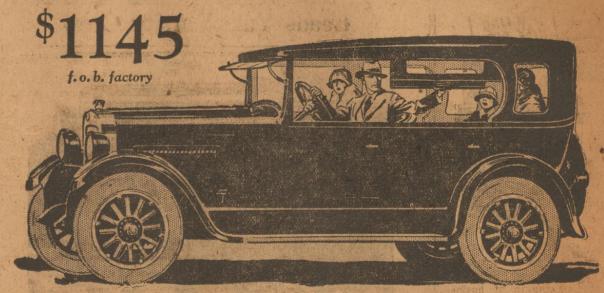

THE new Studebaker Standard Six Duplex-Phaeton is the ideal car for Spring—and for all the year.

When the sun is shining, it provides the exhilarating freedom that only an open car can give.

When it rains or storms, or on damp, chilly evenings, you have instant protection at your finger tips . . . by simply lowering its roller side enclosures, an exclusive Studebaker feature.

This extra convenience is found only on cars built by Studebaker. And the Studebaker Standard Six Duplex-Phaeton sells at the price of an ordinary open car.

Come in and see this new-type car. Learn what Studebaker offers before you buy.

The standard of the plowboys holding the Plowboys h

phalt.

A trail of bursted eggs led from the curb to the street car track, where a neat pile of eggs and a paper-sack told a tale of disaster.

"What's the matter?" queried the cop. "Some truck hit a grocery wagon?"

"Naw" a rowsia sall in the astion of 1873 an absent-minded workman one day connected the wires of a dynamo in operation to one that was idle. To his surprise the armature of the latter began to spin around. Thus was made the momentous discovery that the machine designed to change mechanical power into electricity can also be used "Naw," a newsie enlightened him,
"a fat lady collided with a man at
the corner as she was running to
catch a street car. She lost the eggs
but caught the car."

Third electricity can also be used
to change electricity into mechanical
power, or that a dynamo is also a
motor.—From "First Things in
Electric Invention," in The Mentor
Magazine.

DID YOU EVER STOP TO THINK

By E. R. Waite, Secretary Shawnee, Okla., Board of Commerce.

That there is only one way to be safe from buying substitutes for quality and that is by buying well

advertised products.

That people appreciate the merits of well advertised products because they have been found dependable.

That superior products satisfy and

That superior products satisfy and for that reason are sold and continue to be sold every day.

That honest dealers know that better business can only be built on a foundation of quality and service,

well advertised.

That advertising of quality attracts the eye and makes an appeal to which everyone readily responds.

That the people everywhere are paying more attention to quality

than ever before and reading the ads before they buy, because they know that only the best quality can stand persistent advertising.

That everyone knows when they buy well advertised products they get full value for their money.

That the selling of advertised products increases sales because they

are better and the kind that will bring people back for more.

The volume of business done reflects in the quality sold. Advertising ties the name of the seller to the product and guarantees its worth.

Rel. Judgment—Earl Bender to W. E. Williams et al., part of block F1, Thornton Thatcher survey, Eastland county; \$1.

-to build up Weight/

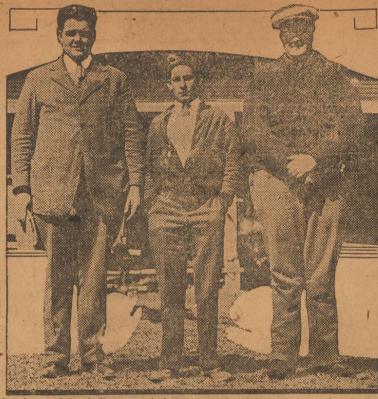

A NY WOMAN, any man, can now have a well-developed face and form. The whole, simple secret of a well-developed form is in the number of blood-cells in your body. You can now forget all the theoretical talk about diet, exercise, fad treatments, food-fats and fat-foods. Nothing is of any use, after all, except blood-cells!

Thin, run-down men and women, with bony necks, sunken cheeks, bony shoulders—all these are suffering from one thing—too few blood-cells. Science has proved that S.S.S. helps to make the rich red-blood-cells, which you need. Your blood is starving for these new blood-cells! Give your blood the blood-cells it needs—take S.S.S. the great scientific blood-cell maker. S.S.S. has done marvels, too, in making beautiful complexions, clearing the skin, making lips rosy red, the cheeks full and plump—because it rids the blood of impurities which cause pimples, blackheads, acne, blotches, eczema, tetter, rash and rheumatism, too. As the medicinal ingredients of S.S.S. are purely vegetable, it may be taken with perfect safety. This is why S.S., since 1826, has meant to thousands of underweight men and women a plus in their strength. Start taking S.S.S. today and your great problem that of your personal appearance, can be solved.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

Grid Coaches Take Note!

Speaking of football material, here's some real line timber. On the left is Maurice Humphrey, weight, 290 pounds, height 6 feet 2 inches, age 16 years. At the right, Fred Miles, 320 pounds, 6 feet 5 inches, 18 years. They are said to be the two largest high school youths in New England. In the center is Alfred Tyler, a normal 16-year-old boy. All three are students at the Bradford (Vt) high school.

FAMOUS WOMAN TELLS WHY WOMEN DEPEND ON G. F. P.

Health and Happiness of Women Returns So Quickly With Use of St. Joseph's G. F. P.

If only everyone of the several hundred thousand girls and women, in the south alone, who are now using St. Joseph's G. F. P. could tell you right now all they know about its merits, how much pain and sickness would be spared you. They would do so gladly. They are proving this by the enthusiastic way in which many of them are coming out in public telling their fellow-women what G. F. P. is doing to relieve them of pain and restore them to health and happiness.

"The phenomenal success which St. Joseph's G. F. P. is now enjoying wherever it is being introduced," says the representative of the discoverers of G. F. P., herself a recognized authority on the health of women, "is due to its now proven power to overcome and stamp out catarrh of the generative organs—that dreaded malady which is the cause of nine out of every ten cases of those distressing headaches, pains in the sides, cramping spells, etc., which are commonly called 'female

"The failure of so many medicines which promise relief from 'female disorders' is due to the fact that they do not rid woman's system of this malady which has been shown never to 'work itself out' of the body of its victim, but to grow and spread through the inflamed mucous membrane, causing intense pain and sickness, and if neglected long, resulting in kidney, liver or bladder troubles, of the most serious nature."

THERE is a new Delco-Light—a Delco-Light that places electricity within the reach of every farm in America. It is lower in price than any Delco-Light Plant has ever been. And it can be bought on terms so easy that no farm family need wait any longer to give its home the wonderful benefits of electric light.

All that electric light means in comfort, convenience, safety and economy is now available to the million farm homes that have always wanted electricity, but have felt that its cost was too great.

An Amazingly Low Price

For months we have been working on the development of this new Delco-Light. Our years of experience as the world's largest manufacturers of farm electric plants have enabled us to design a plant that will give dependable electric light to any home. And our enormous manufacturing facilities enable us to build this plant at the lowest possible cost, and to sell it at a price that makes Delco-Light a real economy.

A Non-Storage Battery Plant—600 Watt Capacity

The new plant is a genuine Delco-Light in every respect—full 600-watt capacity, strong, sturdily built, economical in operation. It is equipped with a standard Delco starter and an economical starting battery. And its price is only \$195 f. o. b. Dayton—the lowest price and the greatest value ever offered in a Delco-Light electric plant.

Completely Installed at a Small Extra Cost

In addition to this, special arrangements have been made whereby the Delco-Light Dealer in your community will install your plant and wire your house for five lights to be located wherever you specify. You will receive with the plant five beautiful spun-brass lighting fixtures complete with bulbs.

And all of this—plant, installation, wiring, fixtures, everything ready to turn on the lights—will cost you only \$53, in addition to the price of the plant itself.

A Small Down Payment— Balance on Easy Terms

Finally, we have arranged that this new low cost for Delco-Light, completely installed, can be paid on terms so easy that anyone can take advantage of them. The total cost is only \$248, including freight (a little more west of the Mississippi). But you make only a small down payment. The balance is payable on easy terms, arranged to suit your convenience.

Ask for Details

Never before has such an offer been made. Never before has Delco-Light cost so little and been so easy to buy. It means that any farm home—your home—can have Delco-Light today.

At the bottom of this advertisement appear the name and address of the Delco-Light Dealer for your community. Call, write, or telephone for full information—specifications of the plant, illustrations of the fixtures that come with it, details of our complete installation and wiring plan, and the figures that show how easily you can now get Delco-Light.
