CHILDLESS HOMES OFTEN CAUSED BY EFFECT OF CATARRH

Hundreds of Women Rid Themselves of Imperfections and Make Childbirth as Easy as the Stork's Flight By Using G. F. P.

The thought of childbirth, which was so sweet to the women of yesterday, is like a nightmare to many of the weak, thin and undernourished woman of today. But woman is to blame only, for not assisting Nature to repair the damage caused by overdoing herself; and Nature sel-dom fails to punish such neglect. So-called barrenness, shattered nerves, weakened muscles and even kidney, liver and bladder troubles are the invariable results of long continued failure to heed her warn-

Nature sends headaches, back-aches, pains in the sides, back and legs, nausea, cramps, dizziness and that awful feeling of depression and weariness, to tell women that they should take some steps to revive their failing energy and vitality and restore exhausted nerve force and tissue before it is too late.

The undisputed superiority of St. Joseph's G. F. P. as a means of overcoming and stamping out Catarrh of the Generative Organs; and as a means of restoring health and ritality, with an abundance of youthful buoyancy has been justly earned. The thousands of women who were formerly sick, and were pain-racked wrecks, but are now glowing with health, energy and vitality, beaming with happiness and filled with enthu-siasm and praise for the merits of this wonderful medicine, are the best proof that G. F. P. can be depended on to safeguard the health of women from the attacks of this terrible and unseen enemy.

MASTER CLEANERS

ARE THEY RESPONSIBLE?

Any "Master" Cleaner is indeed responsible. He must be so in order to get credentials from the National Association of Dyers & Cleaners of the United States and Canada, the organization back of all

Co-operative knowledge, financial ability, ownership of his plant, and spotless repute-all these are necessary to open Association portals to a cleaner.
