RANGER PLANS BIG PARTY AT MINERAL WELLS

Delegation Will Leave About 6 a. m. Tuesday; Opportunity for Many Volunteers

It is the opportunity of a lifetime for Ranger to show her strength in a manner that will arouse the attention of the nation, according to John M. Gholson, president of the Ranger Chamber of Commerce, who is urging every person in Ranger who can possibly get away for one day to go to Mineral Wells next Tuesday for the second day of the West Texas Chamber of Commerce convention, known as Delegation Day. The day will be featured by an address by Governor Ferguson, by band concerts, a mammoth parade, an historical pageant and the "Miss West Texas Ball."

The bulk of the Ranger delegation will leave for Mineral Wells between 6 and 8 o'clock Tuesday morning. All persons intending to go are asked to report at the Ranger Chamber of Commerce at 6 o'clock Tuesday morning and receive Ranger stars for the lapels and belts, hat bands and windshield stickers.

All members of the Ranger delegation are asked also to report at the Ranger headquarters in Mineral Wells, 410 North Oak street, immediately opposite the site of the Crazy hotel, at 1:30 o'clock. It is not stated just what will be the purpose of this gathering other than that it is in connection with the parade.

Ranger Fire Chief Murphy said he was trying to arrange for a temporary exchange of fire trucks so that he could take the Ranger truck to Mineral Wells for the parade, but unless a substitute truck can be placed in Ranger it would not be safe to do this. Chief Murphy wants Ranger to make a good show in the parade.

The Ranger Hi Bulldogs will go to Mineral Wells for games with the Mineral Wells Hi, Monday, Tuesday and Wednesday. They, too, will take part in the parade.

Monday, opening day of the convention, known as Shrine day, will attract many Ranger Shriners, who will remain over through Tuesday. The Shrine parade and band concerts will be a feature of this day.

The convention will close Wednesday, known as College Day. United States Senator Morris Sheppard is to make an address. The annual open-air banquet, election of officers for the day and selection of the next place of meeting will feature the day's proceedings and the final ball at night.

Dawes To Carry Fight On Senate Rules To Country

WASHINGTON, May 1.—Vice President Dawes will personally carry his crusade for revision of Senate rules to the country this summer in a speaking tour which he has planned. It will take him to the states of Alabama, Kentucky, Indiana, Ohio, Kansas and probably into New England.

Each of the states in which he is to speak are represented in the senate by members of the rules committee, and it is through the members of this committee that he must put the changes through that he wants.

Victim Of Attack Likely To Recover

DALLAS, May 1.—Mrs. Mabel Berry, victim of an attack by a negro assailant, who killed her companion, W. L. Millard, here Saturday night, will recover, physicians said today. Mrs. Berry lapsed into unconsciousness Thursday and remained in a stupor throughout the day partly because of medicine given to quiet her.

COAL STEAMER SENDS SOS CALL FOR HELP

NEW YORK, May 1.—The steamship Clackrose, carrying a crew of 25 men and a cargo of coal, is in distress off the coast of Nova Scotia, according to an SOS call received by the Independent Wireless company here today.

SHIP RUSHING TO AID OF STEAMER IN DISTRESS

HALIFAX, N. S., May 1.—The government steamer Stanley is speeding to the aid of the Coal steamer Clackrose, which went aground on the rocks about 60 miles southwest of Halifax last night. The Red Star liner Zealand, which left Halifax for New York is searching the North Atlantic for the crippled ship but because of the dense fog has been unable thus far.

Grand Jury Attacks Gambling Games Permitted At Carnivals

LITTLE GIRL, BROUGHT HOME, BLAMES FATHER

DANDOLPH, Vt., May 1.—Rain soaked, haggard and without food for 24 hours, a frightened little girl, Lucille Chatterton, 11, and her alleged kidnaper, Earl Woodward, an ex-convict, were brought here today by George Jerd. He captured them by aid of a German police dog at dawn in a hayloft near Brookfield, and turned them over to authorities. On arriving here the girl told a story of parental abuse. At first she refused to greet her father, Walter Chatterton, but she finally yielded to his persuasions and was gathered into his arms. Woodward, refusing to talk except to support in monosyllables the girl's story, was held in custody.

The group of neighbors which gathered to greet the home-coming of the girl were strangely stirred by the girl's story.

Boys' Service At Revival Meeting Saturday Night

R. H. Wells, in charge of the singing and young people's work in the revival meetings now in progress at the First Methodist tabernacle in Eastland, announced last evening that he had planned to feature a boys' service in connection with National Boys' Week for Saturday night. He will give an object lesson in which he will use seven boys. The choir, the choir leader and the ushers will be boys.

Rangers Patrolling Galveston Streets

GALVESTON, May 1.—Secrecy shrouded the presence of a dozen rangers on the waterfront and about the streets of Galveston today. A report was current that the troopers were here to quell any possible May Day disturbance in connection with the reported celebration by the I. W. W.

Rangers May Like To Fish

AUSTIN, May 1.—Both the governor and the adjutant general were silent today as to the movement of state rangers to Galveston. Neither would make a statement in response to questions asked in an effort as to who had asked for rangers at Galveston. Adjutant General Mark McGee treated the matter lightly, saying the rangers might have desired to go fishing in the gulf.

Damages Asked For Death Of Mrs. Stotts

Noel and Frances Stotts of Ranger have filed suit in the Eighty-eighth district court of Eastland county against the Oil Cities Electric company in which they seek to recover \$30,000 alleged damages—\$10,000 each actual and \$5,000 each exemplary—for the death of their mother, Maude Stotts, in February, 1921.

Appellate Court Judges Take the Oath of Office

The judges of the new court of civil appeals were sworn in this afternoon about 2 o'clock. They, together with about fifteen or twenty members of the Eastland county bar association, had their pictures taken just at noon while standing on the north side of the Eastland county court house.

ANTI-NARCOTIC LAW VIOLATION CHARGED

LOS ANGELES, May 1.—W. W. Kasser, prominent grocer of Atlanta, Ga., was arrested by federal authorities here today charged with violating the Harrison anti-narcotic act. Kasser was found here with his wife after federal agents had pursued him from Atlanta.

GRAND JURY SUGGESTS THAT GAMING AT SHOWS AND SALE OF 'JAKE' IN STORES NAUGHTY

The Eastland county grand jury, empaneled by Judge Elzo Bean of the 88th district court on March 2, adjourned Thursday afternoon after having served 17 days during which they examined 320 witnesses and returned 49 bills of indictments—24 felonies and 25 misdemeanors.

Before finally adjourning, the grand jury made a written report to Judge Bean, in which they called the attention of the law enforcing officers of the county to gambling games alleged to have been run in connection with carnivals exhibiting in some of the towns in the county and recommended that this practice be stopped.

Attention was also called to the fact that it had been brought to the attention of the grand jury that many drug stores and grocery stores in the county were selling Jamaica ginger, commonly known as "jake," and that it was being sold to young boys. Proprietors of grocery stores and drug stores were requested to refrain from selling this class of goods.

The report to Judge Bean was in part as follows: "We visited the jail and found conditions there to be in excellent shape, the place being clean and well kept."

"We visited the county poor farm and found everything in good shape and all inmates well satisfied with the conditions."

May Day Passes Quietly Without Any Outbreak By Communist Groups

Up until a late hour the "communist strike" against which all Europe had steered itself had failed to materialize this May day. Observances of the first of May, traditional strike day, were orderly in the world capi-

tals, where trouble had been most feared. Paris was quiet under the watchful eye of police and mobilization of thousands of troops.

Spain workers took their families to picnics in the fields while workers marched in Tokio, Berlin, Lisbon and Mexico City without untoward incident. In Mexico City, the Aorican ambassador could not use his automobile because of a mandatory chauffeur strike.

In the United States there was little attempt to cause disturbances in the larger cities in certain parts of the country, including New York city. Special precautions were taken by many of the larger cities to quell riots or strikes in the event they were held.

University Oil Royalties To Have Their Day In Court

AUSTIN, May 1.—Refusal by State Comptroller S. H. Terrell of a deposit warrant conveying \$36,000 of royalties collected from the University of Texas oil lands to the available buildings fund will result in a test of the constitutionality of the act of the last legislature authorizing the placing of royalties in the available fund instead of the permanent fund.

BETTY BLYTHE, FILM STAR, IN BEDOIN TALONS

Kidnaped in Palestine Where She Was Engaged in Picture Making.

LONDON, May 1.—Betty Blythe, film star, has been kidnaped by Bedouins in Palestine, according to a cable message received today by John Harding, her London agent. The colonial office here, however, has no report of the alleged attack.

Harding has applied to American authorities and also to the British to rescue the actress. Troops have been dispatched, according to a cable from Haifa.

The film company had started making scenes in Palestine and Miss Blythe and some of the supporting cast had gone by automobile to Haifa, according to the cable received by Harding, dated Thursday, when Bedouin horsemen, who roam through Palestine and Syria, attacked the automobile in which she was riding. Two Frenchmen riding with Miss Blythe were wounded fighting with the Bedouins before the actress was dragged from the automobile and carried away into the desert.

Postal Officials To Refuse To Honor Bisected "Ones"

NEW YORK, May 1.—Complications over the new postal rates are already arising.

The new rate requires 1 1/2c on third class mail matter under the weight limit, and failure of the government to supply all postoffices with the new stamps, accounts for the fact that supplies of third class matter have been received by the postoffice here bearing a one-cent stamp and half of another one.

Postal officials declared, however, that bisected "ones" will not be recognized hereafter.

LONE STAR GAS COMPANY RE-ELECTS ITS OFFICERS

DALLAS, May 1.—L. B. Denning of Pittsburgh, Pa., was re-elected president of the Lone Star Gas company at a meeting of its stockholders held at Dallas Thursday. All officers were re-elected. They are: R. A. Crawford, first vice president and general manager; F. L. Chase, second vice president and operating manager, and D. L. Cobb, treasurer. The board of directors is made up of the officers and A. B. Flanary, P. W. Crawford and T. B. Gregory.

THE HORRIBLE EXAMPLE

THREE MEN GO STOICALLY TO DEATH CHAIR

One Declares His Innocence And Calls on God to Judge.

OSSINING, N. Y., May 1.—As calmly as if they were stepping into a barber's chair for shaving, Morris and Joseph Diamond and John Farina faced 50 witnesses in the Sing Sing death chamber shortly before midnight and paid for the murder of two New York bank messengers.

In the silence broken only by their last words, the three men who two hours previously had kissed their mothers goodbye, marched stoically to their doom and were ushered into eternity.

Morris was pronounced dead at 11:14. Three minutes later his brother, Joseph, appeared in the same unflinching manner. He said: "Many men have died on the gallows and many men have been executed in other ways and many of them have protested their innocence. I am innocent of this crime. If I am guilty may my soul burn in hell. I was convicted by perjured testimony. May God be my judge. Goodbye." At 11:25 o'clock he was pronounced dead.

As the physicians opened his shirt for an examination of the body they found a newspaper picture of his mother close to his breast. Across the face was written: "Goodbye my dear sweetheart."

It was with the bravado of a gunman that Farina went to his death. Affecting the mannerism of an after-dinner speaker, he said: "I ask for forgiveness just as any man would ask forgiveness." He then sat in the chair smiling while the straps were adjusted and said, "Goodbye all."

The three executions took just 32 minutes.

R. M. Dudley, Mayor Of El Paso, Dies

EL PASO, May 1.—Mayor Richard M. Dudley of El Paso died at 7:45 a. m. today, following an operation performed last Saturday.

MONTANA OIL PROSPECTORS ARRAIGNED FOR TRIAL

GREAT FALLS, May 1.—Three Montana oil prospectors, Gordon Campbell, E. J. Bailey and Charles F. Bloomhuff, went on trial in federal court here today on charges of using the mails to defraud.

Senator Burton K. Wheeler, who was recently tried and acquitted on a charge of illegally representing Campbell in an oil permit matter before the interior department at Washington, arrived today. He said his visit was not connected with the trial.

It was admitted that the outcome of indictments brought in Washington against Wheeler, Campbell and Edwin Booth, former solicitor of the interior department on charges of conspiracy to defraud the government, may hinge on the developments in the case here.

Prairie Oil Buys Mahlstead-Mook Oil Leases At Crosscut

RISING STAR, May 1.—Announcement is made of the consummation of a deal whereby the Prairie Oil & Gas company purchases the holdings of the Mahlstead-Mook Oil company in the Crosscut oil fields, a few miles west of Rising Star. Included in the deal are seven producing wells on the Newton tract, which have an average production of from 25 to 250 barrels per well per day.

The Prairie is reported to have also acquired leases on 1100 additional acres in the Crosscut field and will begin at once an active drilling campaign.

I. W. W.'s Try To Get Hold In San Antonio

SAN ANTONIO, May 1.—Local police officers and department of justice agents were on the alert today to check any demonstration of communistic leanings following the distribution during the night of a manifesto calling on all workers to remain idle today. The manifesto, signed by the central executive committee of the workers' party, was placed on the porches of many of the homes.

Employers reported industry forging ahead as usual and no indication that the manifesto was being taken seriously by the employees.

MRS. MAHER HOSTESS TO ST. RITA'S ALTAR SOCIETY.
The ladies of St. Rita's Altar society met on Tuesday afternoon with Mrs. E. R. Maher and planned for a party to be held on Friday afternoon, May 8, at St. Rita's school in honor of the Catholic women of Eastland, Cisco and Breckenridge. The Monday meeting will be held at 2:30 o'clock with Mrs. Demmer at the home of Mrs. Nannie Walker on the Caddo road. Those present at Mrs. Maher's were Mrs. Kelly, Mrs. Farmer and Mrs. Ed Bুদ্ধress of Breckenridge; Mrs. John Leary and Mrs. Lucas of Eastland; Mrs. Sullivan, Mrs. Higginbotham, Mrs. Decker, Mrs. Gallagher, Mrs. Yonker, Mrs. McDonald, Mrs. Conley and the hostess, Mrs. Maher.

LEGION DANCE WAS ENJOYED BY MANY.
Although the crowd attending the American Legion dance on Thursday night at Tee-Pee club house, was not as large as had been expected, those who went had a delightful time and the music was all that could be desired.

The legion gave the entertainment in the expectation of raising money for the general up-keep of the Ranger band which they undertook some months ago. It is expected that they will soon stage another entertainment for the same purpose.

HIGH SCHOOL P-T. A. TO HAVE BAKE SALE.
The High School Parent-Teacher association will have a bake sale on Saturday at the Phillips Drug store to raise money for their part of the expenses of the trip to Austin made by the girls of the domestic science department of Ranger high school. The pledge was made by the club and the ladies have taken this means of redeeming it and ask the patronage of the public.

PERSONALS.
Mrs. Ed Bুদ্ধress returned home to Breckenridge today after spending several days with Mrs. C. A. Conley.

Mrs. Gifford Clegg and Mrs. W. J. Bailey drove to Dallas Thursday and brought Billy Bailey home with them from the Shrine hospital where he has been for the last month.

DeMolay Heroism Medals To Be Given

KANSAS CITY, Mo., April 30.—The grand council, Order of DeMolay, has decided to award a limited number of heroism medals, for the members of the order, each year. Judge Alexander G. Cochran, grand master councilor, will name a jury, composed of members of the governing body, to pass on the claims made.

It is believed that there are many examples of rare bravery among young men which pass without public recognition and the Order of DeMolay is taking this action in order that its worthy members may be recognized.

DeMolays who qualify for the heroism award will be named at each annual session of the grand council which is composed of prominent Freemasons representing 200,000 members in eight countries where chapters of the order have been established.

EASTLAND COUNTY FARM BUREAU CALLED TO MEET

RISING STAR, May 1.—President W. P. Roach of the Eastland county farm bureau has called a meeting of that organization for Wednesday, May 13, at 2 o'clock, in Rising Star, for the purpose of electing officers for the ensuing year. Delegates to the district convention, which is to be held at Brownwood on May 16, will also be elected at this meeting.

"GRANDMA" FERGUSON, PIONEER, DIES AT NIMROD

NIMROD, May 1.—Funeral services for Grandma Ferguson, who died here Sunday, were held Tuesday, followed by interment in the local cemetery. Grandma Ferguson was one of the pioneer settlers of Eastland county. She had been a sufferer from cancer for sometime, which caused her death.

If your stove has any enamel parts and undoubtedly it has, never wipe it with a wet cloth when it is hot. Porcelain enamel, which the best makes of stoves are trimmed, is baked on to sheet metal and steel. Heat expands both of these materials and cold contracts them. But porcelain enamel contracts more rapidly than the sheet steel. Therefore, if cold water is put on the enamel when it is hot, in shrinking it will eventually pull away from the steel and the result will be a mass of tiny lines on the surface of your stove. These may not show today nor tomorrow but some day you are going to find these tiny cracks and wonder how they got there. Porcelain enamel should be washed with warm water and soap. It is best never to use any gritty substance on it.

Boys' and Dads' Barbecue Tomorrow Concluding Feature of Boys' Week

Closer companionship between boys and their dads will be the purpose of the last day of International Boys' Week, celebrated tomorrow. The program for the week has been changed in some cities to meet local arrangements, but in most of the cities of the country, and in Ranger, it will be observed Saturday. One of the distinctive features of the day everywhere is a boys' and dads' banquet of some kind just to get the boys and their dads together on a comradeship footing.

Preparations have been made for a barbecue in Ranger. It will be served in Rotary park, formerly Hodges Oak park, at 7 o'clock. While the barbecue is free, only those may attend who have registered and obtained tickets. Wednesday was to have been the last day for registration, but it was extended to today. Registration must be made at the office of John W. Thurman, Main street, Ranger, before 5:30 today. The boys may register for their dads if it be not possible for the dads to

register for their boys.

Following the barbecue, the park will be thrown open to all for several speeches and a band concert. The speeches will be brief and to the point. John W. Thurman, president of the Boys' Council of the Ranger Rotary club, will preside.

"The Branch, or Possibilities of the Boy," will be the subject discussed by the Rev. W. H. Johnson, pastor of the First Baptist church of Ranger.

"The Body, Opportunities of the Dad," will be the theme of the talk by John Chamberlin of Mineral Wells.

"The Fruitage, Future Citizenship," will be the subject on which P. C. Sanders, the eloquent mayor of Strawn, will speak.

The Boy Scouts, in uniform, will help serve the barbecue, and afterwards give some drills. There will be no set program, but following the banquet, it will be largely an opportunity for boys and their dads to get together for a good evening to

Ranger Boy Scouts Will Meet Tonight

The Ranger Boy Scouts will meet at 7 o'clock tonight at the Ranger Methodist church. The scoutmasters have asked them to attend in uniform and to be prompt. In addition to the program for tonight, which will include some new songs, the scouts will be instructed in their duties for Saturday night at the barbecue for boys and their dads in Rotary park.

BANDITS SHOOT PAYMASTER, ESCAPING WITH PAYROLL

PHILADELPHIA, May 1.—Five bandits at noon today held up a payroll of the Belmont Iron works at Edgystone, Pa., and after shooting a paymaster escaped in an automobile with a \$5,000 payroll.

WRECK BLAMED TO MALICE.

OMAHA, May 1.—The wreck of the St. Joseph & Grand Island railway at Summit, Kan., last night was caused by the malicious breaking of a switch, William Jeffers, general manager of the Union Pacific system, said here today. Railway detectives are investigating and an arrest is expected soon, he said.

IDENTITY OF DEAD WOMAN PROBLEM TO BE SOLVED

GARY, Ind., May 1.—Positive information received by police this afternoon that Mrs. Josephine Desiderio is alive exploded the latest theory in Chesterford's murder mystery and the case is back at the starting point.

Police admitted they did not know either the identity of the woman, whose mutilated body was found on a country road last Sunday or the identity of her slayers.

Canada Expecting To Get Rich Off Thirst Of U. S.

TORONTO, May 1.—Up here across the border where 4.4 per cent beer becomes a legal beverage in another fortnight, they are oiling up the cash registers and bars in anticipation of an influx of visitors from the dry United States. Receipts from the tax on the beer is expected to pay Canada's war debt. From coast to coast elaborate preparations have been made to cater to the United States thirst. Canada expects every pint to do its duty.

There will be hundreds of new salesmen in Ontario and 500 applications already have been filed with the authorities in anticipation of the law becoming effective.

RANGER GUN CLUB TO SHOOT THIS AFTERNOON

Marksmen of Ranger who desire to take advantage of the weekly shoot of the Ranger Gun club this afternoon at the Ranger Country club are urged to be on hand not later than 5 o'clock, if possible. Due to the fact that a number of the club members could not get off from work before 5 o'clock the hour of the shoot was made later to enable the men to attend.

GOING OUT TONIGHT WITH THAT PIMPLE SHOWING

The boy or girl who has nothing to worry them about the way they look are so much more noticeable when compared to the shrinking and backwardness of the ones who are afraid to mingle in the fun because they know how unattractive they must look on account of their pimply, blotchy or rough, eczemic skin.

Their one friend is Black and White Ointment, if they will just use it faithfully, because it will get rid of all those ugly bumps and make their skin soft, smooth and lovely. Then, to keep it that way, be sure to use Black and White Soap when you wash. They are both economically priced in liberal packages. The 50c size Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—Adv.

ONLY ONE RIGHT WAY FOR WOMEN TO REGAIN ENERGY AND VITALITY

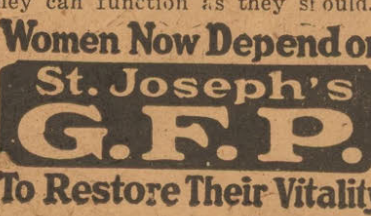

Years of Trying First One Thing Then Another Without Getting Relief Had Nearly Stifled All Hope of Regaining Health and Happiness.

Thousands of women in all walks of life are praising the wonderful merit of St. Joseph's G. F. P. Stories of almost miraculous relief given them by this great medicine are being told in increasing numbers every day. Mothers who have been weakened since baby's birth tell stories of regaining health and strength. Women who have reached that period known as "change of life" relate experiences of easy transformation to a robust happy life. Business women and working girls tell how much they can stand without getting tired so quickly. In fact they all seem to be so grateful for the freedom they now enjoy from that ever present fear of periodical suffering, of irregularity, pains, cramps, and having to give up entirely at times.

There seems to be no end of good which this wonderful medicine does for womanhood. Women who had tried operations and many other means that promised relief from the ailments which plagued them so, and were unable to get relief, are finding that they get quick and sure results by the consistent use of St. Joseph's G. F. P.

It gets rid of the cause in nine out of ten cases of women's weakness and sickness, and stamps out the catarrhal inflammation of the generative organs, which has been proven, brings about most of woman's suffering. It further strengthens and builds up nerves, muscles and tissue, finally restoring the delicate female organs to their full, natural and healthy condition, so that they can function as they should.

Women Now Depend on St. Joseph's G.F.P. To Restore Their Vitality

Scarf Makes It Distinctive

THIS two-piece sport costume of blue kasha is cut on the simplest of lines and owes its distinction to the scarf which passes through slits at the shoulder. The scarf is in shades of blue and orange.

RISING STAR BRIEFS

RISING STAR, May 1.—Rain amounting to more than four inches has fallen in the Rising Star territory since last Sunday night and farmers, stockmen and oil operators have sufficient water and season for their needs.

Workmen have just finished the stringing of a high pressure line from the transmission line of the West Texas Utilities company between Rising Star and Cross Plains to the Peerless Carbon Black plant at Pioneer.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Eastland County, Texas:

You are hereby commanded to summon Ed King, Wm. M. Kelly, T. R. White, J. M. Cox, Harry Lafferty, J. M. White and Tex-Land Company, incorporated, and each and all of the officers of the said Tex-Land Company, incorporated, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the 81st district court of Eastland county, to be holden at the courthouse thereof, in Eastland, on the 1st Monday in June, A. D. 1925, the same being the 1st day of June, A. D. 1925, then and there to answer a plea of intervention of Southwestern Oil Development company, filed in said court on the 4th day of April, A. D. 1925, in a suit, numbered on the docket of said court as No. 11,497, wherein Mrs. Bula McDonald, a feme sole, Harvey E. Bryant, Carl Bryan, Mrs. Bertha Tanner and her husband, K. B. Tanner, Harry Lafferty, William M. Kelly, J. M. White, Joe Gabler, Homer Burkett, E. B. Murray, Roy Reynolds, S. B. Kress, and J. M. Cox, K. B. Bryant, E. T. Murray, Murray Tool company, E. T. Murray, trustee and T. R. White and Wm. M. Kelly are defendants, and Southwestern Oil Development company, by and through its receiver and agent, Roy A. Reynolds, Joe Gabler, M. J. Brannon, and Gabler & Brannon, a co-partnership composed of Joe Gabler, and M. J. Brannon, are intervenors, said petition alleging that the defendants against whom intervenors complain are, to-wit: K. B. Bryant, S. B. Kress, Adeline McDonald, a feme sole, Harvey E. Bryant, Mrs. Bertha Tanner and husband, K. B. Tanner, E. T. Murray, Murray Tool company, and E. T. Murray, trustee, Ed King, Wm. M. Kelly, T. R. White, J. M. Cox, Harry Lafferty, J. M. White, and Tex-Land company, incorporated.

That intervenors and defendants herein are the joint owners of an oil and gas lease and well located thereon and the equipment of said well on the following described land, located in Eastland county, Texas, to-wit:

A certain tract of land out of survey No. 1, block 2, H. & T. C. Ry. Co. survey, described by metes and bounds as follows: Beginning at the southwest corner of the James W. Tinsley survey, which is the north-west corner of survey No. 1, block 2, H. & T. C. Ry. Co. survey; thence south along the east line of G. H. Hagg survey, 319 yds. to its southeast corner; thence east 319 yds.; thence north 324 yds. to south line of the James Tinsley survey; thence west 319 yds. to the place of beginning, containing 20 acres, more or less.

That on the 30th day of March, 1923, said owners by written agreement appointed E. T. Murray as their trustee for the purpose of operating said well and for the purpose of receiving and disbursing funds derived therefrom; that for several months last past, the said well has ceased to produce, and that said property does not seem worthy of further operation.

That there are a number of claims against said property which are due and should be paid, but that said trustee cannot pay such claims without making a sale of the personal properties located on said lease, and that under said trust agreement he is not empowered to make such sale.

That it is necessary that the court appoint a receiver to take charge of said properties and to sell the same and pay the indebtedness and distribute the remainder of the funds among the proper claimants.

That the property is reasonably worth \$4,000.00, and that the indebtedness claimed against said property is about \$3,800.00. Wherefore, intervenors pray that the court appoint a receiver to take charge of the above described property, and that the said receiver to appointed should immediately advertise all the said leasehold interests and interests in said well for sale and sell the same at public or private sale to the highest bidder therefor. That the said receiver should then pay the said indebtedness and then disburse the balance of the proceeds among the rightful owners thereof. That the claims of intervenors, to-wit: Southwestern Oil Development company, of \$1,000.00, Gabler & Brannon, of \$75.00, and Joe Gabler, of \$120.00, be classed as preferred claims secured by liens on said property, and that they be paid from the first proceeds derived from the sale of said properties, and for such other and further relief, that they may be entitled to receive.

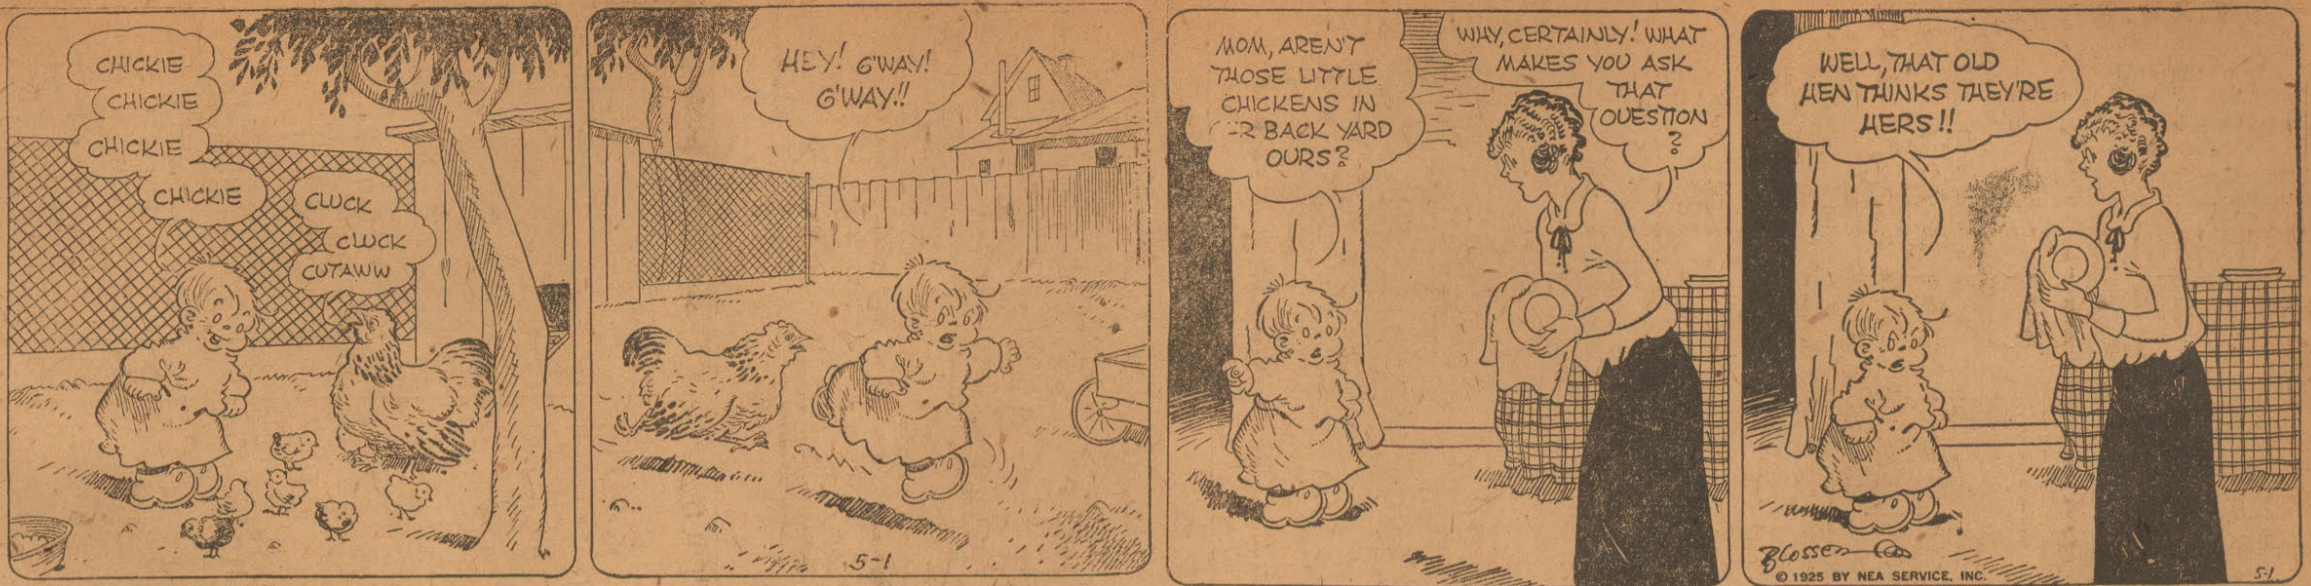

Herein fall not, and have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, at office in Eastland, this 3th day of April, A. D. 1925.

WORKERS' PARTY OFFICES IN NEW YORK RAIDED New York, May 1.—Police placed guards at public buildings here today as a precaution against any possible May day outbreaks. The bomb squad last night raided the headquarters of the Workers' party, taking samples of literature, which was being distributed.

William Z. Foster, who led the 1919 steel strike, was present and demanded the raiders to show search warrants, but he was ignored. As an aftermath to last night's raid the American Civil union today sent a message to Police Commissioner Enright protesting the raid.

BILIOUSNESS

Retired Minister Tells How He Kept in Good Form With the Assistance of Black-Draught.

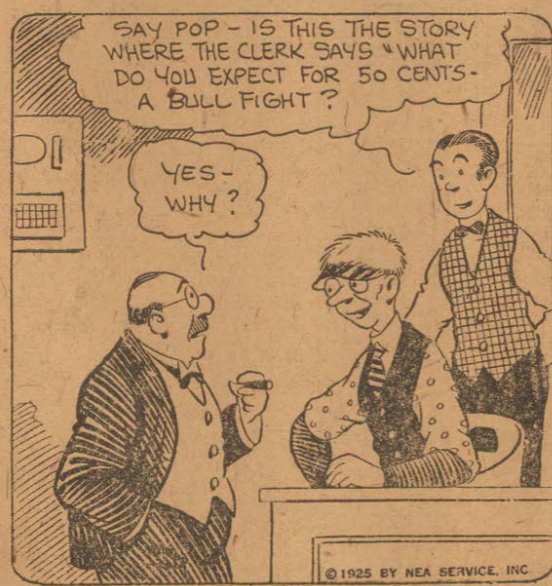

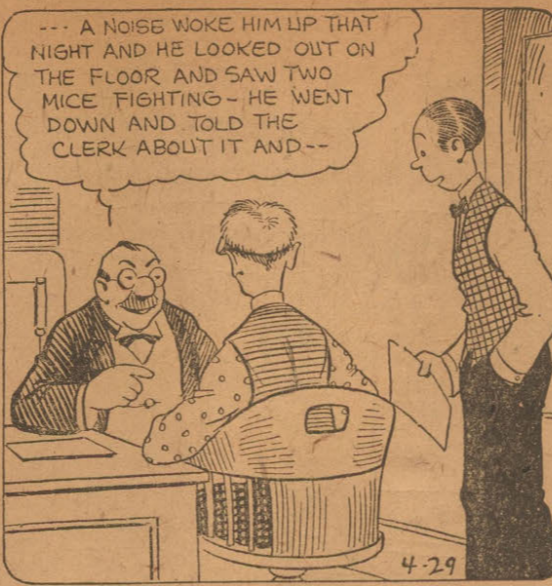

West Graham, Va.—The Rev. Lewis Evans, a well-known retired minister, now past 80, living here, has a high opinion of Black-Draught, which he says he has taken when needed, for 25 years. "For years I had been suffering with my liver," he says. "Sometimes the pain would be very intense and my back would hurt all the time. Black-Draught was the first thing I found that would give me any relief."

"My liver has always been sluggish. Sometimes it gives me a lot of trouble. I have suffered a lot with it—pains in my side and back, and had headache, caused from extreme biliousness. "After I found Black-Draught, I would begin to take it as soon as I felt a spell coming on and it relieved the cause at once. I can recommend it to anybody suffering from liver trouble. A dose or two now and then keeps me in good form."

Made from selected medicinal roots and herbs, and containing no dangerous mineral drugs, Black-Draught is nature's own remedy for a tired, lazy liver.

SUGGESTIONS FOR HAPPY MAY DAY

Opportunity to Help the Children in Several Ways.

Mary Jane Parker of the Calumet Baking Powder domestic science department gives the following suggestions for May day:

May day offers another opportunity for a happy day for the children. The celebration of May day with a dance is an old custom. It was long ago customary to start before dawn, making excursions to the woods and bringing in wild flowers for the May festival. A bough was brought from the forest, stripped of branches, planted, decorated with garlands of flowers and became the center of dances and games.

In planning the May party nothing could be more in keeping with the day than the May pole dance. Attach strips of bunting of varying colors to the top of the pole. The children will be delighted in their white dresses, or in a costume the color of the bunting ribbon. In tripping around the pole the ribbon will wind on it to produce the very pretty effect of the gay colored pole. To unwind the ribbons, the dancers must reverse, beginning with the last to wind her ribbon on the pole.

What child is there who will not be eager for the refreshments after their out-of-door festivities? If the day is warm and sunny the refreshments may be served on the lawn. A small colored basket containing dainty sandwiches made from the jams and jellies on the emergency shelf, a small bottle of grape juice, and cookies with colored icing, or a piece of cake, may be handed to each of the children. Direct them to form a circle around the May pole to partake of the contents of their baskets. Or, a luncheon may be prepared and served at the dining table. Peas in patties, peanut butter, and ham or lettuce sandwiches, ice cream, rolled oats and date cookies will make a satisfying luncheon and the preparations will not leave mother too tired to enjoy the party with the children.

INFORMING THE PUBLIC ABOUT PHARMACY

To correct certain impressions that prevailed, more than a thousand retail druggists in Texas started a state-wide advertising campaign to acquaint the public with the facts about the service of the drug store and the pharmacist.

The service of pharmacy is necessary to the public health and the public welfare. The profession of pharmacy is heavy with responsibilities. The person who takes up pharmacy must, like the doctor, attend college for several years and then pass a rigid examination before being allowed to practice.

The pharmacist is at the beck and call of suffering humanity 24 hours a day, and he works hand in hand

You know you will get something good, there. Any article they sell is the best in its line. It is backed by a money-back guarantee of satisfaction.

Meats

Unquestionably, It's The Jamesons'

Personally selected meats, proper equipment for their preservation and expert service in cutting and handling for a lifetime assures you the best meats in West Texas when purchased there.

Vegetables

There can be no question, It's The Jamesons'

Marketing associations from the Rio Grande valley to Texarkana, each little village that ships fresh vegetables; they come direct to us, seldom over 24 hours out of the garden. Proper knowledge and equipment and handling assures their reaching your table with a freshness and crispness that defies competition. Extensive markets furnish variety of selection enough to please the most fastidious. If The Jamesons haven't it, it is not in town.

The highest place in town, you say? They enjoy that distinction. But it is not so. Every article in the store is plainly priced for your comparison. Do not look for bargains in quantity and price. Look at the brand; ask about the contents. We admit "pigs is pigs," but we contend that "time does mean something to the hog." Vanilla extract will make you drunk, but there are lots of things that it is more pleasure to drink.

Meat, trimmed and ready for the pan; lettuce and celery, trimmed and washed; a can of tomatoes that is not all red water; a can of fruit that is of high syrup content; when the value is there, you want to pay the price.

CITATION BY PUBLICATION.
THE STATE OF TEXAS, ss. I, Sheriff of Eastland County, Greeting:

You are hereby commanded, that by making publication of this citation in some newspaper published in the county of Eastland for four weeks previous to the return day hereof, you summon: Empire Trust Company, Trustee, a foreign corporation, the unknown holders and owners of bonds issued by Aetna Petroleum Corporation and described in deed of trust dated Oct. 15, 1920, recorded in Eastland county, Texas, deed of trust records Vol. 28, page 42; Republic Oil & Refining Company, a joint stock association, Aetna Petroleum Company, a Delaware corporation, and Sarah Ella Casper and husband Hamp Casper, whose surname is sometimes spelled "Casper," each of whose residence is unknown, to be and appear before the honorable district court of Eastland county, Texas, 91st judicial district of Texas, at the next regular term thereof, to be held in the county of Eastland, at the courthouse thereof, in Eastland, Texas, on the 1st day of June, 1925, then and there to answer the petition of Lake L. Hamon Jr. and Ocean Oil & Refining Company, plaintiffs, filed in said court, on the 27th day of April, A. D. 1925, against the said Empire Trust Company, Trustee, a foreign corporation, the unknown holders and owners of bonds issued by Aetna Petroleum Corporation and described in deed of trust dated Oct. 15, 1920, recorded in Eastland county, Texas, deed of trust records Vol. 28, page 42; Republic Oil & Refining Company, a joint stock association, Aetna Petroleum Company, a Delaware corporation, and Sarah Ella Casper and husband Hamp Casper, defendants, and alleging in substance as follows, to-wit:

Plaintiff Hamon holds and owns that certain oil and gas lease from C. M. Brooks and others as lessors, dated March 17, 1918, recorded in Eastland county, Texas, deed records Vol. 140, page 27, covering lot or subdivision No. 2 of the Brooks heirs subdivision of the south 62 3/4 acres of the northeast quarter of section 4, block 4, H. & T. C. Ry. Co. survey in Eastland county, Texas, fully described in said lease and in the minutes of the district court of Eastland county, Texas, Vol. K, page 482.

That assignment of said lease to defendant Republic Oil & Refining Company, deed of trust from defendant Aetna Petroleum Corporation, a Delaware corporation, to defendant Empire Trust Company, Trustee, and bonds issued thereunder, and the failure of defendant Sarah Casper to execute such lease in person constitute clouds on plaintiff's title.

Plaintiff Hamon prays that he have judgment against the defendants, jointly and severally, for all right, title and interest to the oil and gas, including casinghead gas in and under and which may be produced from said Lot 2 of said Brooks heirs subdivision, including all such oil, gas and casinghead gas produced therefrom from and after March 16, 1925, and removing all clouds from his title, establishing said oil and gas lease as a valid and subsisting oil and gas lease in good standing vested in plaintiff as assignee of the original lessees subject, however, to the royalties therein provided for, including defendant Sarah Ella Casper's proportionate part of 1/3 of the proceeds of sale by the original lessees or their assigns of gas, including casinghead gas, to said Hamon or to such other person, firm or corporation to whom plaintiff, his heirs or assigns may hereafter sell said gas, including casinghead gas, for costs of suit and for general and equitable relief.

Said petition further alleges: Plaintiffs hold and own that certain oil and gas lease from L. N. Brooks and others as lessors, to George Sonicker as lessee, dated Feb. 1919, recorded in Eastland county, Texas, deed records Vol. 128, page 159, covering lot or subdivision No. 5 of the Brooks heirs subdivision of the south 62 3/4 acres of the northeast quarter of section 4, block 4, H. & T. C. Ry. Co. survey in Eastland county, Texas, fully described in said lease and in the minutes of the district court of Eastland county, Texas, Vol. K, page 482.

That assignment of said lease mentioned lease to defendant Republic Oil & Refining Company, deed of trust from defendant Aetna Petroleum Corporation, a Delaware corporation, to defendant Empire Trust Company, Trustee, and bonds issued thereunder, constitute clouds on plaintiff's title.

Plaintiffs pray that they have judgment against the defendants, jointly and severally, for all right, title and interest to the oil and gas, including casinghead gas in and under and which may be produced from said Lot 5 of said Brooks heirs subdivision, including all such oil, gas and casinghead gas produced therefrom from and after March 16, 1925, and removing all clouds from their title, establishing said oil and gas lease as a valid and subsisting oil and gas lease in good standing vested in plaintiffs as assignees of the original lessees, subject, however, to the royalties therein provided for, for costs of suit and for general and equitable relief.

Herein fall not, but have you then and there before said court, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Eastland, Texas, this 27th day of April, 1925.

W. B. COLLIE, Clerk, District Court, Eastland County, Texas.

WHEREVER I GO— Somebody's Saying "Decker's"

FINE FOODS keep company with fine occasions. It is only natural then, that Decker's Iowa Ham dominate the banquet menu.

Listen as one will, from every table comes the same verdict:—"That's MY idea of ham!" A flavor so sweet, so mild, so positively "hammy."

Only Decker could produce such ham. Why? Because Decker has been at it for 200 years.

Decker's IOWANA HAMS AND BACON The Taste Is So Good

Burning Homes—A Forest Fable

By Edgar P. Allen

One day last summer a man set fire to more than a score of homes. Every home was entirely consumed and there was not insurance. The man went on his way, if not regretting at least without visible evidence of regret. He had no fear of punishment because the homes he had destroyed were not yet built; they were still in the tree trunks awaiting the magic wand of industry to give them habitable form. But economically these homes were destroyed as surely as though the trees had been made into lumber and the lumber into structures. And this is the way it happened: It was the vacation season and an

automobile carrying a party of tourists stopped on a road that wound through a magnificent stand of timber. The travelers sat in rapturous admiration of the quiet forest scene and rhapsodized over the great trees that crowned their majestic beauty, lit a contemplative cigarette and tossed the match to the side of the road, and the auto passed on.

Half an hour later a fire lookout man on a distant high point saw yellowish smoke ballooning over the tree tops. Upon the chart before him he located the fire approximately, then turned quickly to the telephone which connected him with the forest ranger's station.

After what seemed an interminable wait, the lookout, with his powerful field glasses, noted various gangs of men at work. They were combating that most terrifying, most un-governable and dangerous of all rebellious elements—the forest fire. For a day and night and another day the battle waged. Grimy men, black as charred trunks around them, worn to the last stages of exhaustion, fought on—cutting away underbrush, dynamiting logs and trees, beating out the sizzling fringes of advancing ground fire, shouting one to another above the crackling inferno of heat and smoke, patting like hunted animals around the water barrels where they slacked their thirst, with the lukewarm liquid, but gaining, almost imperceptibly at first, yet gradually with greater certainty as the weary hours dragged on. And amid the confusion and crash of falling timber the ranger and his foreman generated the battle.

Several days later a wide, barren rear lay upon the mountain side, still smoldering in places where the black splinters of the charred stumps pointed like accusing fingers, and still sent out masses of yellowish white smoke. The scar covered hundreds of acres and it would continue to smolder and smoke for weeks, while all about in the adjacent woods were fire guards constantly vigilant to see that the enemy did not creep out and strike again.

And far away the automobile tourists journeyed carefree and utterly unconcerned. At a sawmill they stopped for a few minutes to watch the logs in slow procession from the pond to the handways. "What a shame," exclaimed the man with the cigarette, in a burst of sentimental revolt, "what a shame to cut down these beautiful trees."

BRACKENRIDGE WILL CONTEST SETTLED BY AGREEMENT

Special Correspondence.
SAN ANTONIO, May 1.—The will of the late George W. Brackenridge, with its codicils, was offered for probate and Judge R. W. B. Terrell of the Twenty-eighth district court signed the decree accepting it Thursday morning.

This action was taken after an agreement had been reached by contestants of the will and representatives of the Brackenridge estate, and ends a four-year legal fight which has been waged in county, district and supreme courts of Texas.

Anarchists Wreck Train, Killing and Injuring Passengers

By United Press.
BERLIN, May 1.—Between 30 and 40 persons were killed and 50 injured when anarchists wrecked an express train in the Polish "corridor" today. The train left the rails, which had been loosened for a considerable distance, and crashed down an embankment. Only one sleeping car and one first class coach remained on the rails.

Gypsum Concrete Being Used For House-Building

"Houses made fireproof by gypsum concrete walls" are described in the current issue of Popular Science Monthly. The magazine says: Gypsum, commonly called "plaster of Paris," which has been used for centuries for plastering walls, is the essential part of a new fireproof building material. Mixed with cinders, gravel, crushed stone or furnace slag, and poured in forms, it can be used to construct main walls and partitions of one and two-story buildings. It is possible now to erect an entire house of this incombustible material at a cost that compares favorably with that of a wooden building.

While it takes ordinary concrete several days to harden, gypsum concrete will harden within 30 minutes. This speeds up construction work, lessening labor costs. Also, since the material sets so rapidly, a comparatively small number of forms

HERE'S ANSWER To Yesterday's Brain-Twister

ly by the department of civil engineering at Columbia university, a wall of gypsum was exposed to fire and kept under temperature of 1,700 degrees for an hour. After the test the exterior of the wall showed no signs of the heat. When the side of the wall exposed to the flames was washed with water from a fire hose, it showed only a little of the cement washed away, leaving a slightly pitted surface.

can be used over and over as the walls go up. Another advantage is that gypsum is considerably lighter than other concrete. All corners and openings are reinforced by steel rods or welded steel fabric. In one-story construction, outside walls are made at least six inches thick; in two-story buildings eight inches, while partitions need be only three or four inches thick. In a laboratory test made recent-

Clears Complexion

"Oh! how clear and beautiful your complexion is today, my dear!"

THERE is a certain joy—a certain pride—in knowing you are admired, whether it be from father, brother, husband or sweetheart! And back of that joy is the satisfaction of knowing all is well.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps, wondering—hoping—praying for that attractiveness which is not theirs. But why the wondering—the hoping—the praying for that craved for attractiveness—that clear skin—that beauty. A clear skin—is the barometer of one's condition. A healthy skin radiates beauty. Pure, clean blood means a clear skin.

S.S.S. is waiting to help you. It will rid your blood of its impurities and give you that clear complexion. Since 1826 S.S.S. has been ridding people of blood impurities, from pimples, from blackheads, boils, eczema and from rheumatism, too. Because S.S.S. is made from fresh herbs and barks, it may be taken with perfect safety. Try it yourself. You will not only look better, but you will feel better, too.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

CHILD HEALTH DAY IMPORTANT

Right Methods of Nourishment Suggested by Dietary Expert

(By Barbara Brooks, Kellogg Company, Battle Creek, Mich.)

May-day has been chosen as Child Health day. Communities are asked to take stock of their assets for protecting the children and to study the steps which other localities have taken to improve health conditions.

What do we want for our children?—sanitary towns with pure water, pure food, clean streets, and healthful homes, flooded with sunshine—wise mothers who see to it that their children receive the nourishment they need—intelligent doctors and nurses to give preventive treatment.

The most important aids in child health are fresh air, sunshine and food. The first two are furnished to us free in abundance. Because they are free, may be the reason why they are not always appreciated. There are still persons who do not believe in night air—yet how infinitely preferable is night air to stale air.

Turn the child out into the sunshine. Let its warm rays bring health to the growing bodies. Fresh air and sunshine—so easy to get—have no substitutes.

Nature provides air and sunshine—she provides food also, but the mother of the family has to make her selection and see that the meals are well cooked and palatable. Children need food which will build their tissues—milk is the best material for this. They need food which will

give them heat and energy—cereals and fats, such as butter, will do this. They need food which will regulate the body by providing minerals, vitamins and bulk—fruits, vegetables, whole grains and bran will do this. Every child should have building, energy, and regulating foods every meal. A varied diet, including a daily quart of milk, is usually adequate.

There is a poem which presents an idyllic picture of a feast given by an eighteenth century squire to his tenants:

"Not a face was there,
 But for May-day at least, had banished care.
 Freedom was there, and joy in every eye,
 Such scenes were England's boast in days gone by."

Let us strive to be able to say before many years when May-day comes, that there is not a child in our community who is not physically well, mentally sound and socially happy.

THE STATE OF TEXAS, County of Eastland.

By virtue of a certain execution issued out of the honorable 58th district court of Eastland county on the 26th day of April, 1925, by W. B. Collier, clerk of said court, against Robt. D. Gordon, for the sum of Nine Thousand One Hundred Nine and 98-100 (\$9,109.08) Dollars and costs of suit, in cause No. 11,026 in said court, styled J. L. Chasman, commissioner, versus Robt. D. Gordon, and placed in my hands for service, I, R. W. Edwards as sheriff of Eastland county, Texas, did on the 28th day of April, 1925, levy on certain personal property situated in Eastland county, described as follows, to-wit: 1 2-foot oak library table; 1 map case with 10 maps; 1 hall tree; 1 roll-top mahogany desk; 1 swivel mahogany leather chair; 1 fan table; 1 waste basket; 1 smoker's table on cabinet; 1 office lounge; 1 leather mahogany chair; 3 straight office chairs; 1 oak flat-top desk; 1 oak swivel chair; 1 water cooler; 1 4-drawer metal filing cabinet letter size; 1 4-drawer metal filing cabinet legal size; 1 office clock; 1 9x12 ft. rug; 1 typewriter desk and base-line; 1 typewriter swivel chair; 1 Underwood typewriter No. 5; 1 steel cabinet safe, and levied upon as the property of said Robt. D. Gordon and on Tuesday, the 12th day of May, 1925, at the Texas State bank of Eastland, Eastland county, in the city of Eastland, Texas, between the hours of 10 a. m. and 4 p. m., I will sell said property at public vendue, for cash, to the highest bidder at the property of said Robt. D. Gordon by virtue of said levy and said execution.

And in compliance with law, I give this notice by publication in the English language, for ten days immediately preceding said day of sale, in the Ranger Daily Times, a newspaper published in Eastland county.

Witness my hand, this 28th day of April, A. D. 1925.
