Truman Refuses To Comment On Word From Ike

It's Up To General To Decide When He Will Leave Position

WASHINGTON, April 10 (AP)—President Truman declined to say today whether he has had any word that Gen. Eisenhower wants to leave his European defense command.

Truman replied that he had nothing to say on the subject when he was asked directly at a news conference whether he had received (1) Either a request from Eisenhower for release, or (2) Any notice that Eisenhower was making such a request.

The President then went on to say it was strictly up to Eisenhower when he gives up the Supreme Command of Allied Forces in Europe.

There have been reports that Eisenhower was about ready to return to the U. S. and had, in fact, already communicated his desires to Washington. Truman's statements did nothing to knock down those reports.

Truman was asked whether he would make the announcement if, and when, Eisenhower does request release.

He replied that whenever Gen. Eisenhower is ready to have an announcement made, it will be made—that it is strictly up to Eisenhower.

The Washington Evening Star published a story today saying Eisenhower's resignation is at the White House. The story said Eisenhower telephoned his wishes to Secretary of Defense Lovett last week and then arranged for transmission of the necessary papers.

On the point of his own political intentions, Truman said in response to questions, that he would not accept a draft for the Democratic presidential nomination but would make an active campaign for the nominee.

A reporter asked whether he would support Sen. Estes Kefauver if Kefauver won the nomination.

Truman replied he would support the Democratic ticket, whoever is nominated.

Mexican Telephone Workers Back On Job

MEXICO CITY, April 10 (AP)—Mexico's telephone workers agreed today to go back to work for 12½ per cent wage increases.

The agreement came after a ten-day strike marked by government seizure of the company and the employment of strike breakers.

PICKETS ACTIVE HERE

Only Emergency Calls Are Handled

Telephone service in Big Spring was still reduced principally to emergency status this morning, as operators and other union workers remained off their jobs.

The Southwestern Bell employees left their posts at noon Wednesday when Western Electric pickets put in their first appearance here in front of the exchange at Fourth and Rannels.

John Moore, local manager for Southwestern Bell, this morning estimated that approximately 170 workers were idled here because of the Western Electric strike. Included are about 110 operators, while the remainder are construction workers, service personnel, etc.

"There is no dispute of any kind between the Southwestern Bell Telephone Co and the union representing its employees in Texas," Moore said. "We have a contract with the CWA-CIO which remains in full force and effect."

"It is the responsibility of the telephone company and its employees to furnish telephone service to the public on a continuing basis," Moore declared. "We are doing everything we can to fulfill our responsibility through the use of every available person to man the switchboards."

Meanwhile, telephone workers here had gone into "continuous session." They assembled early today at the county courthouse, and later moved to the VFW Hall.

Officials of the telephone workers union had announced earlier that they would remain on the job until Western Electric pickets became active here, but that any Western Electric picket lines would be honored.

Moore said supervisory personnel were completing as many calls as possible. The manager, himself, was working this morning in the telephone business office.

Moore said supervisory personnel were completing as many calls as possible. The manager, himself, was working this morning in the telephone business office.

Picket Walks Post

Bob Lloyd, Western Electric employe, walks his post on the picket line in front of the Southwestern Bell Telephone Co. exchange in Big Spring. The first Western Electric pickets appeared here at noon Wednesday, and telephone company employes immediately left their posts.

MOST OF SCENE ORDERLY

Riot Breaks Out In Detroit Picket Line

DETROIT, April 10 (AP)—A picket line riot in one city marked the fourth day of the CIO telephone workers wage strike today after scattered instances of other disturbances.

For the most part, however, the strike scene was orderly. Meantime negotiators at Detroit, key city in the wage dispute, prepared to resume talks looking toward a settlement.

Over much of the nation 'phone employes were staying away from work, respecting picket lines, but managements said calls were continuing to go through.

The picket line riot was at Pittsburgh. Police swung night-sticks to subdue the fighting.

One man, a unionist, was hospitalized. Four others were jailed on charges of inciting to riot.

Fighting was reported to have broken out when a picket called a girl switchboard operator a name. The girl had walked through a picket line of 100 men.

In the fighting Patrick J. Moran, 32, vice president of a CIO Communications Workers of America local union, suffered head lacerations.

At Fairmont, W. Va., a group of besieged workers in the city's exchange were showered last night with rocks and eggs. Pickets and others surrounded the building all the time.

A strike of Northern West Virginia workers, apparently not directly related to the national walk-out, was involved.

Although idleness was widespread in the nation, it was not possible to state an exact figure.

On strike are 61,000 Bell System phone operators and other employes in Michigan, Ohio, New Jersey, and Northern California as well as 16,000 Western Electric employes.

A reported union plan to picket U. S. Air Force materials production plants in Northern Carolina failed to materialize.

Trouble on the picket lines was generally minor.

At Traverse City, Mich., a young woman supervisor was knocked down when she tried to enter a strikebound office picketed by about 25 CWA members. The company said she was not hurt, and that the union "took care of the matter immediately."

More serious was a disturbance in Charleston, W. Va. last night. The Chesapeake and Potomac Telephone Company reported that a "riotous mob, completely out of control," peppered the telephone building with rocks, stones and eggs.

C. H. Johnson, vice president and general manager, said a supervisory employee was injured.

PRECINCT CONVENTIONS

Texas Voters In Four-Way Pull In Presidential Race

(Editor's note: This is one of a series of stories of Roy Grimes, Austin correspondent of the San Antonio Express explaining the precinct system in Texas.)

By ROY GRIMES
San Antonio Express Staff

AUSTIN, (AP)—Do you want to have your say and make it heard this year in the nomination of a President—perhaps for the first time—and you've read somewhere the place to start is in the party precinct conventions?

But maybe you don't know quite how to go about making yourself heard with any effect in a precinct convention, and perhaps doubt whether it would do much good even if you did know.

Probably never before have so many rank-and-file Texas voters shown more interest or less knowledge about their party convention system—precinct, county and state—its vital importance and how it works in a presidential election year.

A lot of them seem to have become convinced almost for the first time that American political history has been shaped through the party convention system and the keystone of the convention system is the precinct convention.

Many seem to be realizing in this presidential

'Stop-And-Go' Tactics Used By Texas Strikers

Phone Pickets At Nine Cities Out; 15 Others Struck

By The Associated Press
CIO Union members today employed "stop and go" tactics against the Southwestern Bell Telephone Company in Texas.

Bell's Dallas office said the strike was extended to fifteen smaller Texas cities Thursday—but that pickets were withdrawn from nine others.

There was no interruption of picketing, however, in the metropolitan centers. The "hiccup" tactics apparently were being reserved for smaller cities.

A Bell spokesman said these cities were added today to the list of those struck: Seminole, McKinney, Celina, Cisco, Ranger, McGregor, Odessa, Monahans, Fort Stockton, Marfa, Kermit, Pecos, Cuero, Temple and Burkburnett.

He said pickets were withdrawn from these cities: Sweetwater, Edinburg, Taylor, Arlington, Mesquite, Weatherford, Mineral Wells, Cleburne, and Granbury.

Meanwhile the threat of a new oil industry strike diverted some attention from the continuing work stoppages in the telephone, telegraph and steel industries. The Wage Stabilization Board scheduled a hearing at St. Louis today on the months-old dispute between the oil industry and CIO unions.

At Dallas, International Representative R. W. Staley of the CIO Communications Workers of America said "at least 12,000 Bell, Western Electric and long lines workers in Texas are off the job."

Bell's Texas manager, Walter Prohm, had set the figure at five thousand.

Staley said his estimate includes only employes in the larger cities. Western Electric pickets were expected to show up today at Bell exchanges in smaller cities, a union source said. This is the signal for Southwestern Bell operators to leave work for "continuous meetings." Both the Western Electric and Bell workers are CWA-CIO members.

In Dallas, Manager Walter Prohm said Bell had about 27,000 employes in Texas including 20,000 to 21,000 in categories which could be affected by the strike. He said the company and some 7,000 supervisory employes were doing all they could "to meet our responsibility."

T. E. Webb predicted at Austin that telephone employes would continue to honor picket lines, leading "possibly" to a nationwide work stoppage. Webb is Texas director of District 6, CWA, with offices in Dallas.

Webb differed with telephone company officials who said there

See TEXAS, Page 2, Col. 7

MUNSAN, Korea (AP)—For the fifth straight day truce negotiators made no move toward ending the fighting in Korea.

They met and adjourned. That was all. Today's session lasted six minutes. That brought the grand total for five meetings this week to 30 minutes and 30 seconds.

Chin Maj. Gen. Hsieh Fang said Thursday the Communists had no objection to moving truce supervision negotiations back from the sub-delegation level to the staff officer level if the Allies want to do it. Wednesday Maj. Gen.

William K. Harrison said the Allies have no objection to such a move if the Reds want to do it.

But neither side said it wanted to do that—or anything else. Each side appeared to be waiting for the other to take the initiative.

"If they want to," Harrison said after Thursday's session, "they can solve the problems just as well in staff-officer meetings as in sub-officer meetings."

That was a lot more than he said in the meeting. In the session he spoke only two words. When Hsieh suggested a recess until 11 a. m. Friday (9 p. m. Thursday, EST), Harrison said "I agree."

The meeting was stretched out to six minutes—third longest of the week—by a prepared statement from Hsieh. He said the way to settle everything was for the United Nations Command to agree to what the Communists wanted.

What the Reds want is the privilege of repairing military airfields during an armistice and acceptance of Soviet Russia as a "neutral nation" to help police the truce. The Allies are strongly opposed to both.

One other major stumbling block stands in the way of an armistice—how to exchange military prisoners. Staff officers handling this problem have been in recess since April 4, presumably studying a new approach which may solve the question.

Wolves Cause Trouble In Central Texas

WACO, April 10 (AP)—Central Texas ranchers are reporting trouble with large gray wolves.

A bitch protecting her whelps Monday night attacked F. B. McMorrow and J. R. Willingham. McMorrow killed her with a shotgun blast.

About ten others have been seen in recent weeks in the Waco vicinity.

2 More Days

For photographing children in 4-6 year age group for the "Personality Child" contest.

Awards totaling \$200 will be given. Arrange now for picture to be made at Culver Studio, 910 Rannels, Saturday is the last day.

US Judge Won't Waive Rules To Advance Steel Industry Injunction Bid

Operations To Be Resumed Promptly

WASHINGTON, April 10 (AP)—Federal Judge David A. Pine refused today to waive court rules and grant an immediate hearing to the steel industry on its suit for an injunction against government seizure of properties.

Lawyers for four major companies—Bethlehem, Republic, Youngstown Sheet & Tube, and Jones & Laughlin—pleaded in vain in U. S. District Court for immediate hearings on their suits.

Judge Pine ruled that he would not advance the suits under court rules.

The rules allow 20 days for the defendant, in this case the government, to reply to a suit.

By ROWLAND EVANS JR.
WASHINGTON, (AP)—The steel industry, violently protesting its seizure by the U. S. government, began today to heat up its cooled furnaces for full-scale production and to gird itself anew for a bitter court battle.

In an angry attack on President Truman and CIO President Philip Murray, a top industry official said last night that seizure "discharges a political debt to the CIO" and that Murray "now gives Harry S. Truman a receipt marked 'paid in full.'"

Clarence B. Randall, president of Inland Steel Company, told a nation-wide radio and TV audience that "if any man now threatens the country's safety for lack of steel, that man's name is Phil Murray."

Union aides said the attack on Murray was "so extreme and unwarranted as not to deserve a reply."

Randall's blast was keyed to the emotional pitch which industry and union officials have reached in the long, tense steel dispute.

But the industry said it was ready to resume full steel production. Both sides were summoned to a meeting with John R. Steelman today in another attempt to reach agreement on a new work contract.

Secretary of Commerce Sawyer, nominal boss of the eight-billion-dollar industry, was visited last night by presidents of nine big steel companies.

"Without exception I was assured by those present that, except for purely mechanical or temporary impediments, all operations would be resumed immediately," Sawyer said.

He scheduled a meeting with Murray today. The union already has told its 650,000 basic steel workers to get back on the job. The President's seizure order set off an angry dispute on Capitol Hill that brought various proposals to meet the situation. They ranged from a demand that Congress declare the seizure illegal to a bill that would give the President specific power to seize industrial plants.

Secretary of Commerce Sawyer, nominal boss of the eight-billion-dollar industry, was visited last night by presidents of nine big steel companies.

Sen. Taft of Ohio, seeking the Republican nomination, said Truman had "usurped" the powers he used. Harold E. Stassen, another GOP hopeful, said seizure resulted from neglect of presidential duty, that seizure does not solve the wage dispute.

Sen. Estes Kefauver of Tennessee, seeking the Democratic nomination, said he did not question the President's power to seize the steel mills but declared the dispute should never have been allowed to reach such a point.

In the dispute that precipitated seizure, the union says it will not settle for less than the Wage Stabilization Board's recommendations.

These include a three-installment pay boost totaling 17½ cents an hour and other benefits worth slightly more than 8 cents, plus a union shop.

The industry says it would have to have a price increase of \$12 a ton—steel is now selling around \$30 a ton.

See STEEL, Page 8, Col. 5

TO CREATE NEW DEBATE

New Russian Note On Reich Received

WASHINGTON, April 10 (AP)—A new Russian note on unifying and making peace with Germany has been received at the State Department. Policy making officials immediately undertook a detailed study of it.

The text of the note is expected to be made public by Moscow within 24 hours. It was presented to representatives of the United States, Britain and France at the Soviet foreign office yesterday.

Contrary to the practice they have sometimes followed, the Soviets delayed disclosure until the Western diplomats had time to communicate the message to their home offices and until preliminary study of the note could be made by Western officials.

The Russians had proposed on March 10 that the four big powers should proceed promptly to make a peace treaty with a government ruling over a unified Germany.

This new Germany would be permitted, under the Russian plan, to arm for its own defense—the first

time since the war that the Russians have expressed willingness for German rearmament.

American officials felt that the Soviet move was designed to create a new debate over Germany's future so as to disrupt the almost completed plans of the Western powers for rearmament of Western Germany.

In their reply of March 25 the U. S., Britain and France rejected the proposal for rearming Germany as a unified, neutral nation. They contended Germany must be free to join in the community of Europe—that is, line up with the west. More importantly in the give and take with Moscow, however, they asked the Russians how they propose to set up the all-German government with which a peace treaty could be made. They suggested they would be interested only in steps which began with completely free elections, under the United Nations in Eastern as well as Western Germany.

THE WEATHER

Big Spring and vicinity: Fair and continued cold this afternoon. Most quite a cold tonight. Friday cloudy to partly cloudy and warmer.

High today 56, low tonight 38, high tomorrow 58.

High 10 a. m. to 4 p. m. tomorrow 58 to 60, low tonight 38 to 40, high tomorrow 60 to 62, low tonight 38 to 40, high tomorrow 60 to 62.

Chances Slim For Enforcement Money

WASHINGTON, April 10 (AP)—Two key senators said today chances are slim for providing funds the Internal Revenue Bureau says it must have to enforce the new gambling tax law.

Sen. Kilgore (D-WVa.), chairman of the Appropriations Subcommittee which handles funds for the bureau, said he personally was sympathetic to the agency's request for more personnel.

But he said he doubted the 35 million dollars cut out of the Internal Revenue Bureau's budget by the House would be restored in the Senate.

Sen. Eaton (R-Mont.), ranking Republican on the subcommittee, said he felt the same way.

Eaton said the Senate appears to be just an economy-minded as the House this year, "especially those of us who are running for re-election."

The Montanan added that in his view "it is impossible to enforce the gambling law."

Internal Revenue Commissioner John B. Dunlap wrote Kilgore that Congress should give his bureau

the money to enforce the gambling tax or repeal it.

Dunlap said the entire federal tax system is "balancing precariously on the brink" of collapse through lack of funds to enforce the new gambling levy.

The gambling tax law requires bookmakers and certain other professional gamblers to buy a \$50-a-year occupational stamp and pay 10 per cent of their gross take each month to the government.

Congress estimated the levy would bring in about 33 million dollars a month. But in the first four months of operation, it yielded a total of about two million.

4-H'ers Named To Club's 1952 Camp

COLLEGE STATION, April 10 (AP)—Four Texas 4-H Club members were named today to represent the state's 137,000 club members at the 1952 National 4-H Club Camp.

They are Benno Luensmann of Bexar County, Wilma Dell Strickland of Nacogdoches County, Jack Harris of Hale County and Barbara Golsen of Coleman County. Funds for their trip will be provided by the United Gas Pipeline Co., Inc.

Cat Is 17 Years Old

STAMFORD, April 10 (AP)—A cat named Oswald marked her 17th birthday yesterday, and her owners credited the longevity to a diet of vegetables.

Wreck Of B-25 Reported To Be Sighted By CAP

DENVER, April 10 (AP)—Lowery Air Force Base officials today reported a Civil Air Patrol pilot has sighted wreckage of a plane which may be a missing B-25 bomber from Texas.

Authorities said the report, received via radio, said the wreckage was located on a mountainside about 25 miles northwest of Denver. The CAP pilot said there was no sign of life in the immediate area.

Ground parties were dispatched to the scene.

The two-engine bomber disappeared Tuesday on a flight from Kansas City to Denver. Aboard were 11 passengers and crew members.

Officials at Randolph Air Force Base near San Antonio released the names of 10 of the 11 persons aboard the bomber.

They include: Lt. Col. Merrill E. Smith, 30, Maj. William R. Haughey, 29, Maj. Eugene V. Markel, 32, Capt. Arthur Wilcox Jr., 36, Capt. Franklin E. Weeks, 32, Dr. Donald A. Vestal and T-Sgt. John M. Allgeit, 30, all of San Antonio; Capt. Andrew F. Celovsky, 36, Schertz, Tex., and Lt. Boyce A. Braxington, 30, Converse, Tex.

The traditional service of the institution of the Lord's Supper will be celebrated in St. Mary's Episcopal Church tonight at 7:30 p.m. The Rev. William Boyd will be the celebrant at the service and will deliver an address on the "Holy Eucharist."

Finishes Course

A-B Truman Blackshear, 18, son of Mr. and Mrs. O. Blackshear of Big Spring, is completing his Air Force basic airman indoctrination course at Lackland Air Force Base, San Antonio. He is due to be assigned to technical training.

HEADING SOUTHWARD

River Still Rising In S. Dakota City

PIERRE, S. D. (AP)—Streets of this capital city of 5,700 inhabitants resembled dirty canals today as flood waters of the Missouri River surged slowly but steadily upward.

The "Big Muddy" spilled onto about 100 blocks of Pierre and all of Ft. Pierre, a town of about 700 persons across the river. Red Cross officials estimated about 1,600 persons already were homeless.

It was Pierre's worst flood in 71 years.

A crest of 25 feet was expected some time today. The Missouri stood at 23.6 feet at 9 last night and the swirling water was climbing at a rate of half a foot an

hour. Flood stage here is 15 feet.

The Weather Bureau at Omaha issued flood warnings for downstream cities along the rampaging stream. The crest was expected to hit Sioux City, Ia., Monday or Tuesday, and swirl into Omaha, Neb., April 17-18.

Mayor Ralph Henderson of Sioux City proclaimed an emergency calling for evacuation of 200 homes, the stockyards and a packing plant on Friday. National Guardsmen were mobilized for the emergency.

The Weather Bureau at Omaha forecast a crest two feet above the 26.6-foot levees erected to protect that city and neighboring Council Bluffs, Ia.

Water was up to three feet deep in the Pierre business section. Basement walls and foundations of two business places caved in. Army "ducks" and Coast Guard boats hauled stocks from flooded stores and evacuated residents of flood-swept homes. A Coast Guard helicopter freed isolated ranchers.

Kerosene lamps burned in the Ft. Pierre last night because sandbags around the power plant gave way and the generators were knocked out.

Pierre officials sent out a call for more volunteers to help in sandbagging Pierre's municipal power plant. Crews labored throughout the night to protect it.

Drinking water was another problem. Three of the four Pierre pumping stations already were out. City engineers said the fourth pump would have to be turned off if the 25-foot mark is reached by the flood water.

The Daily Capital Journal suspended publication for the duration of the flood. Motors were removed from printing machinery as water poured into the building. The Associated Press, housed in the newspaper plant, moved into temporary quarters in the telephone building in uptown Pierre.

Rattlesnake Hunters Get Another Chance

WAYNOKA, Okla., April 10 (AP)—Rattlesnake hunters will have their second opportunity in a month to compete for prizes in a giant reptile hunt.

The latest one, set for April 20 at Waynoka, is expected to attract more than 5,000 hunters from 15 states. Last weekend, hunters at Okemah, Okla., bagged over a ton of rattlers in that city's annual roundup.

The hunt area will include more than 65,000 acres south and west of Waynoka. Two headquarters will be set up, one at Chimney Rock west of Waynoka, and one in the city itself.

Senate May Vote On Ouster Of McCarthy

WASHINGTON, April 10 (AP)—The Senate may vote today on whether to continue an inquiry into demands by Sen. Benton (D-Conn.) that Sen. McCarthy (R-Wis.) be expelled from Congress.

But what had been planned as a test of Senate sentiment on the issue appeared to have been stripped of any real significance.

The reason: McCarthy technically has joined his opponents, who want the investigation continued

and are seeking a vote of confidence in the Senate Rules Subcommittee which has been conducting it.

"I am urging all my friends to vote to continue this utterly unfair investigation now that a precedent has been set in my case," McCarthy said.

Sen. Monroney (D-Okla.), who took the initiative in seeking the proposed Senate vote, said McCarthy's move has erased "just about all the significance, but at any rate we will have an opportunity to make it clear just why we think there should be such a vote."

The vote, if it comes, will be on a motion to take away from the subcommittee a Benton resolution aimed at ousting McCarthy from the Senate.

After introducing his ouster resolution last August, Benton went before the subcommittee and accused McCarthy of perjury, fraud and deceit in pressing his Communist-in-government charges. McCarthy reported Benton was trying to "smear" him and block "my fight to expose Communists."

Negroes Can Enter

MARTIN, Tenn. (AP)—The University of Tennessee's graduate schools were opened yesterday to Negro students who can't find equal facilities elsewhere in the state.

The Panama Canal Zone was granted to the United States by the Republic of Panama by treaty, Feb. 28, 1904.

New Board Members To Be Installed By JC, School Trustees

New Board members will be qualified and installed at meetings of the Big Spring Independent School District and the Howard County Junior College this evening.

For Dewey Martin, the 7 p.m. meeting of the Big Spring board will be the occasion for repeating the oath office he had experienced twice before. It will, however, be a new one for John L. Dibrell Jr., who was elected to the other vacancy in April 5 balloting. Justin Holmes, who was not a candidate, is retiring from the board.

Dr. P. W. Malone will be returning to office as an HCC trustee, but John A. Coffey will be taking the oath of office initially in that capacity. Retiring member of the board is Otis Graf Sr.

Both boards will re-organize after the election returns are canvassed and new members installed.

MOST OF ARMY LOYAL

Heavy Fighting Continues In Try To Oust Bolivian Regime

LA PAZ, Bolivia (AP)—Bolivia's army-officer government rushed troops from 156 miles away as fighting continued through the night in a revolt trying to overthrow the junta regime which seized power 11 months ago.

The rebels are backers of Victor Paz Estenssoro, exiled leader of the National Revolutionary Party (MNR) who won the most votes among six candidates in last year's presidential elections but never gained office.

Brig. Gen. Antonio Seleme, interior minister in the military junta, turned against his fellow officers and helped lead the revolt which began at dawn yesterday. At least 18 persons were killed and 60 injured during the first day's fighting.

Most of the army reportedly remained loyal to the military regime. Its forces gathered strength at the El Alto airport garrison, on a plateau 2,000 feet above La Paz, and launched a night attack by

bright moonlight on the rebels in the capital city.

Gen. Hugo Ballivian, head of the government, reportedly took refuge with his garrison at the airport. The army also held Miraflores garrison in La Paz, denying the rebels stocks of guns and ammunition there.

The rebels, who included some army and police officers, reportedly still held the Illimani radio station in La Paz and the suburban workers' district of Villa Victoria last night, but troops from El Alto mounted an attack at dusk against Villa Victoria.

Mortars crumped, machineguns clattered and rifles cracked. The rebels were reported forced out of several points seized earlier and the army appeared to be gaining the upper hand.

Radio appeals for workers and students to join the rebels drew little response. Residents of La Paz, a city of 300,000, crowded in their homes behind tightly shuttered doors and windows. The streets remained empty except for troops and truckloads of armed civilians.

Built 12,400 feet above sea level, La Paz is the world's highest capital. Gunshots cracked sharply through the thin mountain air. Several parts of the city were reported badly damaged by mortar fire.

Paz Estenssoro, leader of the MNR, is the idol of the tin miners in this tin-rich nation. In Buenos Aires, Argentina, where he has been living in exile since 1946, he said he had expected the revolution because "for the past two months Bolivia has been living in desperation."

Bolivian tin exports, which finance purchase of much of the country's food, have fallen because Bolivia could not agree on prices with the U. S. Reconstruction Finance Corporation, its chief customer.

Paz Estenssoro polled 54,129 votes out of 126,125 in the presidential election last May 6. Because he failed to get a majority, Congress was to pick a president from the three leading candidates.

Before the legislators could act, Ballivian seized the government, threw out the election results and abolished Congress.

The revolt seemed to achieve early success but sloped down as the army gathered troops from outlying garrisons.

The regime reported it still held the cities of Cochabamba and Oruro, which the rebels earlier had claimed.

Hernan Siles Zuazo, co-leader of the MNR party and civilian leader

Will Return

Bolivian leftist leader Victor Paz Estenssoro (above) who is in exile in Buenos Aires, Argentina, said he plans to return to Bolivia immediately, following announcement of a revolutionary movement triumph in that country. He said he had been expecting the revolution. He was prevented from returning to Bolivia to campaign for the May 1951 presidential election, but as National Revolutionary party candidate he received the most votes. The military junta declared the election invalid. (AP Wirephoto).

Children Sharing Iron Lung Head For Houston Center

ABILENE, April 10 (AP)—Two little four-year-olds who've lived together in the same iron lung for several months will make a trip today to Houston.

The two polio-stricken children will travel 350 miles from View, Tex., to Houston where they will be taken to the Southwest Respiratory Center for treatment. The trip will be made in a specially-equipped railroad baggage car.

Both Eddie John Webster and Linda Jane Fuller have been at Hendrick Memorial Hospital here.

Execution Stay Is Granted By Shivers

AUSTIN, April 10 (AP)—Herman Lee Ross, under death sentence for murder in a Galveston liquor store slaying, was granted the customary 30-day stay of execution yesterday by Gov. Shivers.

The reprieve moved the execution date from May 2 to June 1. Ross, a Negro, was convicted in the fatal shooting of liquor store proprietor Guido Nesti. He won a reversal of his first conviction when the U. S. Supreme Court ruled members of the Negro race should not have been excluded from the grand jury that indicted him.

Ross was re-indicted and again convicted.

Execution Stay Is Granted By Shivers

WASHINGTON (AP)—A series of military air accidents this month has claimed many more lives than are normally lost among U. S. fliers in Korea during the same period of time.

More than 50 persons have been killed or are missing already this month in domestic military plane crashes.

The Air Force said its casualties in Korea, since the start of the war in June, 1950, total 1,111. This includes 395 deaths in action or resulting from combat, an average of about 18 a month.

Military Air Mishaps At Home Cause More Deaths Than In War

WASHINGTON (AP)—The McCarran committee on internal security is trying to bring an ex-Communist from Europe to testify, but is running into difficulties.

The reason: The McCarran act bars Reds and ex-Reds from entering the country.

Sen. Ferguson (R-Mich.), a member of the senatorial subcommittee told reporters about it, and remarked ruefully.

"You sometimes get caught on your own shoehorn."

Sometimes Things Work Other Way

WASHINGTON (AP)—The McCarran committee on internal security is trying to bring an ex-Communist from Europe to testify, but is running into difficulties.

The reason: The McCarran act bars Reds and ex-Reds from entering the country.

Sen. Ferguson (R-Mich.), a member of the senatorial subcommittee told reporters about it, and remarked ruefully.

"You sometimes get caught on your own shoehorn."

Winnie Program Threatened By Labor Filibuster

LONDON (AP)—Filibustering Laborites threatened today to log jam Winston Churchill's whole legislative program unless his government drops its plans to charge fees for the state health service and repeal Socialist state-ownership bills.

Led by determined Aneurin Bevan, the Socialists forced the House to sit into the early morning hours for the third night in a row to debate amendments to the health service charges.

The Laborites have offered 130 amendments. After three nights of increasingly angry argument, 115 of them still face the House.

Bevan warned the same delaying tactics will be used against every Conservative bill, including the routine appropriation for ordinary administrative functions, if the government insists upon forcing this legislation through the House.

He specifically demanded the government also drop its bills to turn the steel industry and long-distance truck lines back to private owners. Churchill earlier had quelled impatience among his Conservative followers by promising quick action on these measures.

The House was in continual uproar through the night. Bevan supporters sang and chanted fighting songs in the lobby to cheer him on.

The bill now in the House would charge fees for dental work, false teeth, wax and prescriptions, saving an estimated \$38,800,000 a year in the cost of the health service.

Solon Sees Kefauver As Demo Pace-Setter

By MARVIN L. ARROWSMITH

WASHINGTON (AP)—Sen. Humphrey (D-Minn.) said today that other contenders for the Democratic presidential nomination "soon may find it impossible to overtake" Estes Kefauver.

Humphrey called the Tennessee senator "definitely the pace-setter in the race at this stage," and added, "It becomes more dubious all the time whether he can be stopped—and I certainly don't want to stop him."

Humphrey said he still hasn't made up his mind whom he will support at the Democratic convention, "but I certainly have the friendliest regard for Estes Kefauver."

On the other hand, Sen. Lehman (D-Lib. NY) and Sen. O'Mahoney (D-Wyo.) said in separate interviews they see no trend developing in favor of any candidate, avowed or potential.

"I think the picture still is wide open and I believe it is likely to remain that way right down to the nominating convention in July," Lehman said. "Public sentiment just hasn't started to crystallize yet."

O'Mahoney said, "We won't even be able approximately to determine what the situation will be in the Democratic convention until after the Republican convention has met, adopted a platform and nominated a candidate."

The GOP convention is scheduled to start July 7 in Chicago. The Democrats will meet in the same city starting July 21.

Humphrey said that while Kefauver had no opposition on the Democratic ballot in the Illinois preferential popularity race would win the Illinois Democratic delegation to his cause. The outcome of the preference contest is not binding on the delegation.

Gen. Dean Reported In Good Spirits

PANMUNJOM, Korea (AP)—A Communist newsmen said today he visited Maj. Gen. William F. Dean in a North Korean prisoner of war camp two days ago and found the former U.S. 24th Division commander healthy and in good spirits.

Alan Winnington, London Daily Worker correspondent with the Communist forces in Korea, said he talked with Dean for three hours at a prison camp at P'yongyang. He said Dean spent most of the time talking about his family at Berkeley, Calif.

Winnington said Dean, who was captured near Taejon, South Korea, in August, 1950, now is living in a small tent. His former quarters were in the basement of a small building.

He said Dean told him he is now back to his normal weight. At the time of his capture, he was injured and was ill for some time after being made prisoner.

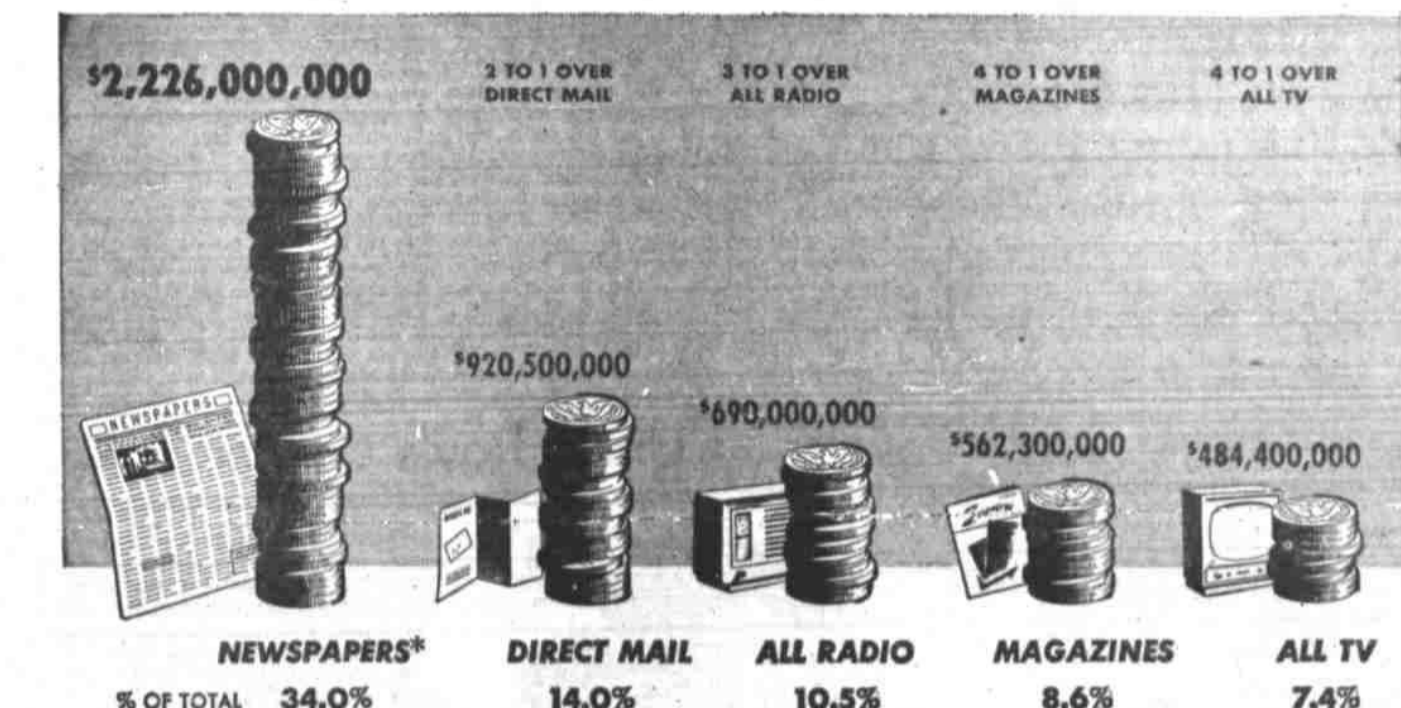

Survey Of Quake Damage Finds Only One Woman Casualty

OKLAHOMA CITY (AP)—A survey of damage from yesterday's earthquake in the Midwest, described by seismologists as "moderately strong," has unearthed only one casualty.

Mrs. Della Deshaw, 74, of Tulsa, was cut and bruised by falling plaster at her home. Otherwise, the damage seems confined to cracked walls, falling bricks, sagging boards, and mental strain.

Advertisers Choose Newspapers 2 to 1

OVER ANY OTHER MEDIUM!

It takes a lot of confidence and all kinds of people to spend 2 1/4 billion dollars on advertising.

It takes everybody from big VP's to housewives with rooms to rent. It takes chain-store executives and neighborhood merchants.

It takes local business people—those who spend only their own money for ads, and those who also spend the important money contributed by manufacturers.

But most of all it takes an advertising medium that can do the job: NEWSPAPERS.

If you're a retailer or wholesaler, demand newspaper advertising before you place an order.

If you're a salesman or district manager, ask your management for newspaper advertising to move out the products you sell.

And if you're a manufacturer, remember this: IN 1951 ONE-THIRD OF ALL U. S. ADVERTISING DOLLARS WENT INTO NEWSPAPERS.

Miscellaneous media: 25.5% brings total to new high—6 1/2 billion dollars. Figures include production costs. *Dailies only (weekdays and Sundays). Source: Preliminary estimates for 1951 published by *Printers' Ink*, Jan. 11, 1952.

It takes great troubles and sorrows to bring us to this state. So misfortunes bring us measureless blessings. "As the hart panteth after the water brooks, so panteth my soul after thee, O God." — Ps. 42:1.

Federal Seizure Has Implications Which Should Be Pondered Long

An apparent attempt to stack the Senate group of conferences on the tidelands issue was broken up Monday after the Senate, which voted last week 50 to 35 to award the oil of the marginal seas to the states, got wind of it.

Vice President Barkley, in naming the five members of the Senate group to iron out differences between the House and Senate bills, had named a solidly antagonistic group—antagonistic, that is, to state ownership. The three Democrats he named—O'Mahoney, McFarland and Murray—voted against the bill passed by the Senate. The two Republicans are Butler and Cordon.

There Is Third Voice Which Is Due Consideration In Dispute

Once more we are witnessing the paralyzing of a communications system on the basis of a decree arising out of an inability to achieve a contractual agreement for a segment of the telephone industry.

It seems almost incredible that the presence of a single individual, with a tiny sign, is sufficient to silence the phone system. But the man with the sign is a symbol rather than a barrier. He is the evidence of concerted power exercised by the head of the CWA in wielding his most potent weapon against the Bell system to gain wage objectives.

Steel Workers Scoff At Statistics, Want To See That \$1.90 An Hour

"You say in your column," writes James E. Hawk, of the Bethlehem Steel structural plant at Pottstown, Pa., "that steel workers are averaging better than \$78 a week. Just where do you get that from?"

It includes the pay of workers in large companies who sometimes get slightly higher rates than small companies. It includes workers in the South, with a lower scale than workers in the North.

Wildlife Diet

BISSETT, Man.—People who are finicky about their diet should try the fare of "English John," a trapper on the fringe of this mining settlement, 100 miles north-east of Winnipeg.

English John has lived with the Indians of Manitoba as one of them since he was a small boy. He speaks the language better than most natives.

Though Winning Major Foreign Policy Points, Harry Has Had Rough Tenure

WASHINGTON (AP)—It's no wonder if President Truman looked tired when he addressed the nation on TV this week. The steel dispute is just one more crisis in his seven White House years.

subsidized a bit, about Communists government, knowing the continued congressional attacks in that direction were bound to weaken the faith of a lot of people in their government and him.

Notebook—Hal Boyle

Bellhops Play A Big Role In This Everyday Drama

CINCINNATI, April 10 (AP)—When you register at a hotel, the desk clerk bangs a bell importantly and calls out: "Boy! Show this gentleman to his room."

There are all sorts of bellhops. Travelers will recall at least some of these types: 1. The elderly retainer bellhop—he is white-haired and time-bent and has been with the hotel ever since it put in its first Gideon Bible.

Easter Services Held At BSHS

Special Easter services at assembly marked the closing of the Senior High School for the holidays today.

Returned To Posts

FORSAN — H. H. Story and C. V. Wash were returned to their posts on the school board of the Forsan Independent School District in voting last Saturday.

Confusing How We Can Favor An Idea, Yet Be Against It, Too

How can a man be for something yet at the same time be against it? Impossible you say? Nope, not according to Senator Robert A. Taft, Republican from Ohio and aspirant to his party's Presidential nomination.

Plan aid were to be used for military purposes, then defense preparations would be nil and the friendly states over-run by Russia. Contrarily, if Marshall Plan funds were used for military purposes, the economies of our friends would suffer and thus collapse.

Another point of interest is that Sen. Taft stands firmly behind Gen. MacArthur's insistence that we go all-out in fighting the Korean War. Yet, according to the senator's voting, we should not even be in Korea in the first place.

Champagne Is 'Electrocuted' By The Russians. MOSCOW (AP)—One form of making champagne is an "electrical method."

Notes On A Cruise

Image Of Il Duce Is Engraved In The Hearts Of Many Italians

ROME.—There is nothing in Rome but the smoke stained second story doorway on the Palazzo Venezia where Mussolini once harangued his Black Shirts to remind the people of Italy that they were ruled by Il Duce for more than 20 years.

about Churchill's failure to join the Schuman Plan wholeheartedly after he had advocated a common citizenship and money for the western pact nations. In this respect he had some grounds for his opinion.

This Day In Texas

Land Commissioner John Pett Borden reported to Congress on this day in 1838 about some of the difficulties of his office, and it must be admitted that he had plenty to complain about.

You remind them that war cannot pay and they agree. They do not want any more of it and there is great doubt that Italy even has the will to fight again.

Uncle Ray's Corner

Roots Of Plants Differ Widely

Certain plants, including Spanish moss and some orchids, have aerial roots. They can get along without touching the soil, since they find resting places on trunks and branches of trees.

amounts. The minerals are likely to include iron, calcium, phosphorus and sulphur. The richer the soil, the better its supply of minerals. Nitrogen is important for plants, and many farmers provide it by using nitrates to enrich the soil.

Colorful House Of David Opposes Broncs At 8:15

Beauties Just Starting Tour

The colorful House of David team, always capable of putting on a good show, moves into Steer Stadium tonight for a baseball exhibition against the Big Spring Broncs. Game time is 8:15 o'clock.

The Bearded Beauties, most of whom have sprouted a lot of foliage around their chins, are one of the best traveled teams in baseball. They have toured in every state in the union, all the provinces of Canada, in Old Mexico, the Hawaiian Islands and in Fairbanks and Anchorage, Alaska.

Locally, the Beauts haven't been seen since the immortal Grover Cleveland Alexander was with the club and that was a long, long time ago. At that time, the local park was located east of town.

Highlight of the David act is the "pepper game" staged by Manager George Anderson and several hirelings during a fifth inning interlude. Anderson has been practically the art since 1928 and is regarded as the finest "pepper player" in all of baseball. He'll fit in at second base for his club, too.

The first House of David team was organized in 1914 by Francis Thorne, now secretary of the House of David Colony at Benton Harbor, Mich. The team didn't go on the road until 1919, however. Since that time, they have appeared in the Polo Grounds, N. Y.; Shibe Park, Philadelphia; and other big league parks. With the exception of the war years, 1942 through '45, they have had representative teams on the road every season since 1919.

The Davids have had many imitators, both colored and white, but the team appearing here is the only one which represents the Colony.

This spring, the Davids trained at Marietta, Okla., and are just starting their tour. They expect to play around 100 games this year.

Total attendance figures for the past four seasons show the team has played to over 745,000 paid admissions.

Starters for the Davids tonight will be Bob Mitchell at first base, Anderson at second, Al Stemberg at shortstop, Jack Garrett at third, Dick Drain catching, Charles Chappetta, Wayne Goodman and Morley Cato in the outfield and Charles Lisksa, Claire Westphal or Lefty Floyd pitching.

Cage Champs Dined

Members of the American Legion basketball team, champion of the YMCA City League, were guests at a banquet at Morales Grill here Wednesday night. In the top picture, they are, standing, left to right, Donald Wren, R. H. Weaver, Wayne Brown, Bill Bell, Buddy Blankenship, Ray Clark and Moe Madison. Seated are Frank Hardesty and John Ray Dillard, who footed the bill. In the lower photo are officials of the league, League Prexy Manley Cook is surrounded by his arbiters, D. R. Gartman (left) and Pete Cook. They, too, were guests. Players were also given miniature gold basketballs.

TOWARD PLAYERS

Net Group Plans Sterner Policy

By GAYLE TALBOT
NEW YORK (AP)—It is good to get back home from the baseball camps and learn that the nation's tennis leaders have made their first important move toward winning the Davis Cup back from the Australians next winter.

Preparing our athletes mentally for the struggle to come, the tennis association, through Harold A. Lebar, the chairman of its rules committee, has formally notified each and every one of the scamps that he had better observe the so-

called eight-week rule this summer—or else.

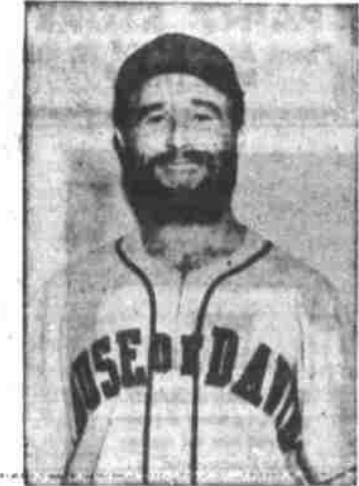

The rule in question, which was abolished by England last year and never was heard of in Australia, stipulates that a player may draw expenses in only eight tournaments outside the various national championships and five sectional events—scarcely sufficient to get a boy well warmed up.

After warning the miscreants that they needn't try to get around the edict by hiding out in rooming houses and private homes during a tournament and pretending not to know where their next meal is coming from, the letter from Lebar concludes in fatherly fashion, "These rules will be strictly enforced."

That should do it. Any tennis player who isn't ready and anxious to throw himself into the struggle against the Aussies after he has received such a ringing call to duty isn't worthy of representing the U. S. Lawn Tennis Association anyway.

It probably should be added that this is only the present writer's personal opinion and is not shared by everyone who loves the game. In fact, some of the younger members of the association made nuisances of themselves at the last annual meeting by arguing that the eight-week rule should be wiped out and our players permitted to compete on even terms with the rest of the tennis world.

They made it sound pretty convincing, too, until the older and wiser members stood up and took their licks. But for the rule, they pointed out, some of our youth might develop into regular tennis bums, just following the sun from climate to climate all year and playing tennis.

Here Tonight

Homer Garner, a pitcher for the House of David, will appear here with the Bearded Beauts in an exhibition game against the Big Spring Broncs this evening at 8:15 p.m.

Lamesa Golf Tourney Will Get Underway On April 18

West Texas' golf season will be opened Friday, April 18, at the Lamesa Country Club with qualifying rounds of that city's first annual invitational tournament. Competition will begin Saturday and continue through Sunday afternoon.

More than 100 players are expected to compete for \$700 in prizes. Some of the top amateur golfers of the section have assured Lamesa tournament officials that they plan to enter.

Qualifying rounds will be played the 18th; however, players unable to qualify on that date may do so anytime or by sending in cards signed by their club professionals and accompanied by the \$10 entrance fee. Championship flight contenders must qualify in Lamesa on the 18th.

A long-driving contest will be held Friday afternoon following qualifying; first and second rounds will be played Saturday; and semi-final and final rounds will be played Sunday. Identical prizes will be given winners of all flights, and awards will be presented the runners-up and consolation winners in all flights.

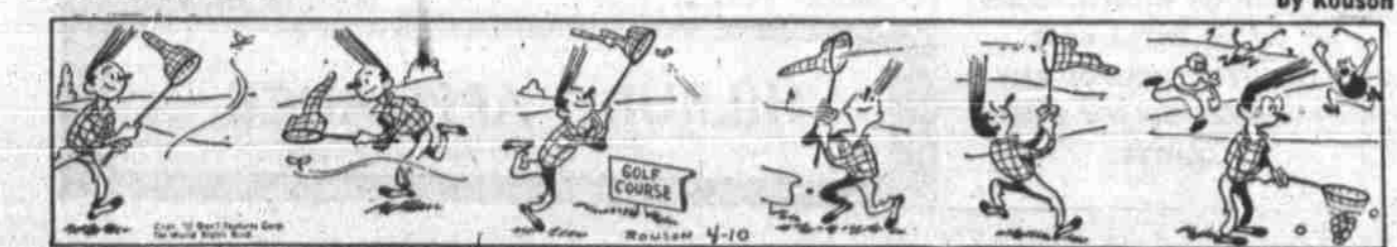

A buffet supper Friday evening and a dance Saturday evening will highlight the tournament social events.

Hank Hensley, Lamesa professional, states that the course will be in "fair" condition. The beautiful bent-grass greens, he said, should be in good shape, but the fairways will show effects of severe drought and sandstorms this spring.

Par is 72 on the 6,026-yard course. A course record is sure to be established since there has never been an official tournament at Lamesa. Gene Lowry, former professional, holds the unofficial record with a 9-under-par 61.

Country Club President C. L. Schmidt and Bob Van Wie, vice president, are tournament directors. Leroy Brannon, well-known in West Texas golf circles, will be official tournament starter.

LITTLE SPORT

Freshman Takes His Lumps But Retains Post

By ED CORRIGAN
Associated Press Sports Writer
Eddie (Austerity Program) Sawyer, the Philadelphia Phillies scholastic manager, had a brand new problem on his mind today, along with the recurrence of a new one.

Remember Steve Ridzik, the rookie who hurled the no-hitter against the St. Louis Cardinals the last time out? It turned out that he didn't have any Indian sign on the Red Birds, who proceeded to knock him out of the box in the sixth inning of yesterday's game, which the Cards went on to win, 8-4.

Ridzik had been somewhat of a surprise to Sawyer, inasmuch as the rookie compiled only a 5-11 record with Baltimore last year. Sawyer doesn't intend to abandon Steve, although he has his fingers crossed that the no-hitter wasn't a fluke.

Then, while he was mulling over the shellacking Ridzik took, Sawyer brought in his one-time relief ace, Jim Konstanty. Two years ago, when Konstanty got in a ball game, he usually was the last pitcher in the Phillies' part of the line score, he was so effective.

Well, the aging Jim managed to fan Del Rice, but was slapped for successive doubles by Gene Mauch and Cloyd Boyer, neither of whom is regarded as exactly a fence buster. Even with his strong starting hurlers, Sawyer was hoping that Konstanty would come back to his 1950 form when he won 16 games and compiled a 2.66 earned run average. Last year he won just four with an ERA of 4.03.

The Cards even won the "B" game part of a doubleheader, whipping the Phils, 3-2, in a five-inning affair called by darkness. But the Cleveland Indians certainly have a hoodoo on the New York Giants. The Tribe slapped down the New Yorkers for the 11th time in 13 meetings, 2-1, on only three hits. Ironically, the Giants got nung off the combined offerings of Bob Chalkles and Lefty Kerrigan.

In New York, The Giants got fairly encouraging news from Monte Irvin, who returned there last night for treatment of a fractured ankle.

Asked if he expected to play again this year, Monte replied: "Sure, in two or three months."

Then pointing to his toes and wiggling them under the white sock at the end of his cast, he said: "Look, I can wiggle my toes now."

The veteran Ken Raffensberger turned in a smooth performance yesterday for the Cincinnati Reds, although he didn't get credit for the Redlegs' 3-2 triumph over the Washington Senators. He went seven innings, but left the game with the count tied at 2-all. Niles Jordan who relieved him, got credit for the victory.

Steers, Odessa Tangle Today

Still winless after five starts, the Big Spring High School Steers move to Odessa this afternoon for a district baseball bout with the resident Bronchos.

The Broncs are trying desperately to remain in the scrap for the south half title and need a win over the locals. Odessa battered the Steers, 25-3, last time out.

The Steers, youthful and for the most part inexperienced, have played some good ball but need to co-ordinate play.

Lymond Gilstrap probably will start against the hard-hitting Broncs. Ray Todd and Oakie Hagood will be ready for relief chores.

ON WAY HOME

ATLANTA, April 10 (AP)—The Chicago White Sox will wind up their spring excursion against Atlanta today and then head for Chicago.

Abilene Track Meet Tomorrow

The Abilene Track and Field Meet, which Big Spring High School has entered, gets underway at 10 a.m. Friday and will be concluded Friday night.

Coaches Carl Coleman and Wayne Bonner will take a 15-man team to Abilene.

Making the trip will be Doyle Maynard, pole vaulter; J. C. Armistead, high jumper and relay; Ron Farquhar, hurdles; Kirk Faulkner, 880-yard run; Dick Prabh, weights; George Millican, hurdles; Rex Bishop, relays; Billy Martin, sprints; Don Swinney, 440-yard run; C. Sanders, relays; Jerry Hayes, mile run; Bobby Hayes, relays; Carl Preston, 880-yard run; Donald Love, mile run; and Paschal Odem, relays.

Contest Closes This Evening

The contest to decide a bat-boy for the 1952 Big Spring Broncs closes at midnight tonight. Ballots mailed before that hour will be counted.

More than 1,500 persons have voted in the contest, with the winner far from decided. Ben Riechbourg and Ladell Howell are running neck and neck in the lead with Kelsey Meeks a strong third. Lewis Porter is fourth, followed by Charles Saunders and George Peacock.

An individual can vote no more than once but entries are permitted to solicit support any way they choose.

The winner will snag bats for the Broncs during the coming Longhorn League campaign. He will be suited out by the club and be allowed to make several trips with the team after school is out.

Schmidt Promoted

ST. LOUIS, April 10 (AP)—Willard Schmidt, rookie 21-year-old right-hander, has been bought by the St. Louis Cardinals from Houston.

Schmidt was assigned to Houston but never played there. He had a 19-4 record with Omaha last year and led the Western League in strikeouts with 202.

Texas League Begins 57th Campaign Saturday Night

By HAROLD V. RATLIFF
DALLAS, April 10 (AP)—The Texas League rolls open another campaign—its 57th in 65 years—Saturday night and President J. Alvin Gardner has forecast a substantial attendance increase.

Basing his prediction on a population gain in the league area and on what he thinks will be a closer race than last season, the circuit's head man said he figured 1952 would record 1,750,000 paid admissions.

Last year the total was 1,345,371. It was a year in which Houston held a long lead in the last half. Opening games Saturday night are Tulsa at Dallas, Fort Worth at Oklahoma City, Beaumont at Shreveport and Houston at San Antonio. The second "openers" will be Monday when Dallas plays at

Fort Worth, Oklahoma City at Tulsa, San Antonio at Houston and Shreveport at Beaumont.

The president's cup goes to the city with the largest opening attendance. Houston won it last year with 6,193.

"I am quite sure that we are facing the barrier with the strongest lineups with which we have made a start certainly since the resumption of play in 1946 (the league was out of action in 1943, 1944, and 1945) and possibly farther back," Gardner declared. "Even so, further strengthening can be expected for practically every club when the majors reduce their rosters in mid-May."

Tigers Will Use Two Newcomers

CHATTANOOGA, April 10 (AP)—Only a couple of new faces will appear in the Detroit Tigers opening day lineup.

They are Matt Bas, catching, and rookie Ben Taylor at first. Otherwise the regulars will be on the job—Jerry Priddy at second, George Kell at third, Johnny Groth in left, Hoot Evers in center and Vic Wertz in right field. Neil Berry will be at the shortstop post held last year by Johnny Lipon.

STEVE SADOWSKI

Sadowski Will Rejoin Staff

ABILENE, April 10 (AP)—Steve Sadowski of St. Louis has been added to the umpiring staff of the Longhorn League, President Hal Sayles announced today.

Addition of Sadowski, who umpired one year in the Longhorn and the past three in the West Texas-New Mexico League, completes the staff.

Rice The Winner

DURANT, Okla. April 10 (AP)—Rice Institute defeated Southeastern College here yesterday in a 4-2 tennis match.

LOOKING 'EM OVER

With Tommy Hart

The Pacific Coast League, which uses a theme song entitled "I'll Go First Class Or I'll Stay Home," prides itself on being big league in every respect.

However, the opening night attendance figures at Hollywood (3,825) are due to be bested in at least two and possibly three Longhorn League cities—San Angelo, Roswell and Midland.

PERMIAN BOWL WILL ENDURE, ODESSANS ANNOUNCE
It's good to learn Odessa didn't let a little thing like a Texas Interscholastic League edict discourage them from planning the annual Permian Bowl football game. (The scene of the all-star high school battle has been changed from the Odessa Stadium to the Otter baseball park.)

Its existence is justified because all proceeds go to charity. Some local lad is reasonably sure of being named to play in the game. It probably will be Harold Heynie, a fine lineman for the Steers last fall.

Dick Laswell represented Big Spring in the game last year. Jackie Wolf of Coahoma also played.

Midland's Country Club had a chance to stage a Women's Open Golf Tournament featuring Mildred (Babe) Zaharias, the Bauer sisters, Betty Jameson and others this summer, but vetoed the plan. The required fee (\$3,000) was too much.

Brooke Medical Center, which sends its stellar baseball team here next week to play the Broncs, almost got toppled by Roswell last week. The Rockets had the sacks jammed with one out in the eighth but went down in order and finally yielded, 4-3, to the Comets.

A. C. Gonzales, owner of the Sweetwater Longhorn League team, is building himself quite a baseball empire.

Gonzales, a wealthy lawyer who lives in Del Rio, recently acquired the Decatur club in the Ohio-Mississippi Valley League. That's the city that replaced Mattoon in the circuit this year. Gonzales also owns the clubs at Paris, Texas, and Chickasha, Okla.

Julian Acosta, who used to play first base for Ballinger, was mastermind of the Decatur outfit.

Floyd (Little Pepper) Martin, who grew up here, is leading off for Abilene Blue Sox, and doing right well with the stick.

BIG SPRING

Concert By School Choirs Is Tonight

The Big Spring Junior and Senior High School choral departments will present their annual Easter concert tonight at 8 p. m. in the high school auditorium.

Under the direction of Mrs. Alice Willoughby, the eighth grade girls' choir will present a cantata, "Our Living Lord," as the first half of the program.

The second part of the concert will consist of sacred and secular numbers by the A Cappella Choir and the Debutantes, girls' choir.

Christiansen's "Lost in the Night," Palestrina's "Adoramus Te" and two spirituals, "De Spiritu Ob De Lawd" and "Rock-A Ma Soul," will be heard as well as two chorales of Sebastian Bach and a paraphrase on the 23rd Psalm.

Three soloists, Evelyn Wilson, Angela Fausel and Nancy Conway will be featured.

The High School choirs are directed by Harry Lee Plumley. Already this year they have appeared on the concert stage, on radio broadcasts, before numerous service clubs, in clinics at Odessa, in massed choirs and in the Inter-scholastic League contest.

Before the school term closes they plan to present Gilbert and Sullivan's operetta, "H.M.S. Pinafore," and to sing at the graduation ceremony.

The concert tonight is free and the public is invited.

Decoration Group Named For Banquet, Ritual, Dance

A decoration committee was appointed for the formal ritual, banquet and dance to be held Saturday night by Betty Lou McGinnis, social chairman, when the Beta Omicron Chapter of Beta Sigma Phi met recently at the Girl Scout Little House.

She announced that banquet plates will cost \$1.75 and each member may invite a guest.

Phi pals will be revealed at the affair.

The city federation by-laws were read and discussed. Members voted to resign from the federation until such a time as the initiation fee has been obtained.

Leave of absence for June Tuttle was extended for four months.

During the meeting, the group agreed to bake a cake and sell it for \$2. The money must be turned in to Francis Dunlap, treasurer, before Saturday afternoon.

Eric Kilpatrick won the door prize.

About 14 attended.

Gay Hill P-TA Elects; Picnic Entertains Students

LUTHER, (Sp1)—New officers of the Gay Hill P-TA were recently elected.

They include Mrs. Ralph Proctor vice president; Mrs. E. R. Williamson, secretary-treasurer; and Mrs. O. R. Crow, reporter.

Plans were made to have an Easter egg hunt Thursday afternoon at the school.

Gay Hill students were entertained recently with a picnic and ball game at the Big Spring City Park by their teachers, Mr. and Mrs. R. G. Murray.

Chaperones were Mrs. O. E. Hamlin, Mrs. Henry, Mrs. Bill Lewis and Mrs. O. R. Crow.

Mrs. W. E. Coley was entertained recently with a birthday dinner in the home of her daughter and son-in-law, Mr. and Mrs. L. C. Underwood.

Others attending were Mr. and Mrs. Bill Ueckert of Ballinger.

Mr. and Mrs. Gene Lockhart and Jana Sue visited her parents, Mr. and Mrs. E. R. Williamson, recently.

Attending the singing at Trinity Baptist Church in Big Spring recently were Mrs. Leo Proctor, Mrs. Luke Underwood and Mrs. J. W. Kilpatrick.

Mrs. Buford Smith spent Sunday with Mrs. Louis Underwood.

Visitors in the home of Mrs. Rubye Simpson Sunday were Mr.

and Mrs. Deibert Simpson, Dr. and Mrs. Akin Simpson and children of Big Spring and Mr. and Mrs. Harold Simpson and son of Stanton.

Mrs. and Mrs. G. B. Smith of Big Spring visited his parents, Mr. and Mrs. A. G. Smith, recently.

Mr. and Mrs. N. M. Smith Sr. and Howard visited her mother, Mrs. E. A. Smoot, in Snyder.

Mrs. C. H. Hyden and Ross Hyden made a business trip to McCamey Monday.

Mrs. Rex Morton visited Mrs. Buford Smith Monday.

Visiting in the E. R. Williamson home over the week end were their son, Russell, and a friend, Forrest Moore, of San Antonio.

J. W. Kilpatrick and Lee Proctor returned Saturday night from a trip to the Sabinas River in Mexico.

In Big Spring recently were Mrs. Buford Smith, Mrs. John Underwood and Mrs. Granvel Hahn.

Imogene Hyden spent the week end with Melva Jean Anderson in Big Spring.

Mr. and Mrs. C. L. Reagan and Mrs. Daisy Graves of Ballinger visited Mrs. Velma Lloyd and Mrs. Nolan Stanley over the week end.

Mrs. Ralph Smith and daughter of Big Spring visited her parents, Mr. and Mrs. Leslie Bryson recently.

Mr. and Mrs. Ross Hyden and Nancy of Big Spring spent Sunday with his parents, Mr. and Mrs. C. H. Hyden Sr.

Catholic Women Meet For Luncheon

The women of St. Thomas' Altar Society met at the church hall Wednesday for their annual covered dish luncheon.

The affair began at 9:30 a. m. and the women cleaned the church.

At noon, the luncheon was served with the Rev. Wilham Moore as guest.

Twenty attended.

Bird Casserole

For a bright note for a party table an engaging bird casserole is the thing. Imported from Mexico it's made of colorful pottery and holds six good-sized portions. Ovenproof and excellent for stove-to-table service.

DESIGNING WOMAN

Design For Dining Area Gives Neat Arrangement

By ELIZABETH HILLIER

As dining rooms disappear, the dining table and chairs tuck up wherever there's room for them. The trick is to find a place for them that doesn't crowd a living-dining room, especially the room that has no dining alcove. Here a compact and well-organized arrangement of furniture provides a new spot for dining, and the dining table itself is half the answer to the problem of dividing the room. The arrangement depends on a new type of table, the long drop leaf that's very narrow with the leaves down. Now that sofa-back tables are in fashion, this type of table is used whether or not it's needed at mealtime, but

Smells Good, Too!

Susan Stephens, daughter of Mr. and Mrs. H. H. Stephens, 1507 Eleventh Place, admires the blooms of an Easter Lily plant.

Lilies Now Familiar As Symbol Of Easter

Almost as much a symbol of the Easter season as the cross, is the Easter lily.

The beautiful white blooms are more prevalent this time of the year than any other and many will decorate churches on Easter Sunday.

But where do they come from? Do they just appear in time for Easter?

Apparently not. Local shops get their supplies from hot houses around the country. According to Big Spring florists the plants for sale here are not field grown.

The Easter lily is the only kind that is forced upon a commercial scale in the United States.

For forcing, the bulbs are planted as soon as possible after their arrival from the Bermuda Islands.

Generally this is before the end of September. They are then kept in a cool, dark place until the roots are well developed and the tops begin to form.

When this occurs, they are brought into the light and by wise management of heat are hastened or retarded to ensure their blossoming at desired seasons, especially Easter.

The beauty of the Easter services is heightened by the addition of the plants on the chancel rail or pulpit.

Elbow HD Club Meets At School

Mrs. W. R. Hobbs and Mrs. J. A. Iden were hostesses Wednesday afternoon at the meeting of the Elbow Home Demonstration Club at the school.

Roll call was answered by listing some way to clean rugs and upholstery. Mrs. Eugenia Toland gave a demonstration on living room color schemes and backgrounds.

Attending were 17 members.

Mrs. Taaffe Gives Program At Meeting

Mrs. James Taaffe presented the program at the recent meeting of the Spoutazio Forum in the home of Mrs. Raymond Hamby.

Mrs. Glen Brown, vice president, presided in the absence of the president.

Refreshments were served to 15.

Does Hear Reports From Two At Meet Wednesday Evening

Mrs. Billie Anderson presided in the absence of the president when the BPO Does met Wednesday evening at the Elks Hall.

Mrs. Evelyn Davis served as junior councillor at the meeting, in the absence of Alma George.

Reports were given by Mrs. Lynn Giesler, ways and means committee, and Mrs. L. D. Jenkins, chairman of the courtesy committee.

During the meeting, Mrs. Fannie Wilkerson served as senior councillor. Mrs. Giesler filled the vacancy created by the absence of Mrs. B. Vlerogge.

Nine attended.

Wild Roses!

Delicate rose-pink flowers, green leaves and stems are in the permanent-dye transfers which require no embroidery—the color is in the transfer itself! There are twenty-two motifs ranging from 4-inch sprays, 3-inch separate blossoms down to buds of 1-inch to use on pastel linen or cotton skirts, blouses, or on dainty table linens. Designs when transferred are launderable.

Send 25 cents for the WILD ROSES IN COLOR TRANSFERS (Pattern No. 448) transferring and laundering instructions. YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS, Big Spring Herald, Box 229, Madison Square Station, New York 10, N. Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

OUR ITEMIZED ESTIMATE plan keeps the funeral's cost within each family's means.

College Hts. P-TA Hears Dan Conley

A program of Easter songs and a choral reading were presented by members of the second grade under the direction of Mrs. Maurice Koger at the Wednesday afternoon meeting of the College Heights P-TA.

Dan Conley, guest speaker, discussed "Our Resources—Our Destinies," reminding the parents that their children are their greatest assets, and a feeling of security is the greatest thing they can give those children.

Mrs. W. S. Goodlett, delegate, reported on the spring conference in Sweetwater, and the group voted to buy a new mimeograph and film strip projector for the school and to make a cash donation, the amount to be decided later, to the new Junior High P-TA. Mrs. Bill Seals, new president, was in charge of the meeting.

Mrs. Koger won the room count with 28 of the 50 attending.

GC Churches Plan Service For Easter

GARDEN CITY, (Sp1)—A large cross had been erected at the roadside park east of Garden City in preparation for Sunrise Easter Services. The three churches of Garden City are joining together to make this one of the greatest sunrise services ever to be held in Garden City. They will start promptly at 6:15.

The Rev. C. A. Baldwin is to bring the message, with the Rev. J. P. Boswell and the Rev. W. A. Pendergrass assisting.

Mrs. Rubie Tucker is arranging the musical program. Space has been provided for the parking of cars. The public is invited.

The Garden City school will have only one extra day for the Easter holidays. J. F. Jones, superintendent of the schools, says school will be dismissed Friday, April 13, but classes will be resumed Monday morning as usual.

Mr. and Mrs. W. J. Williams, formerly of Garde, City but now of California, are visiting their daughter here, Mrs. D. W. Parker, and her family. Mrs. D. W. Lovelace, mother of Mrs. Williams, of Big Spring is also a guest in the Parker home.

Tattle-Tail Bunny

A cute gift idea is the tattle-tail bunny that tells on the temperature and weather. His big ears are a thermometer while his tail is a forecaster—blue is fair weather, pink when it rains, it's 7 inches tall and made of ceramic.

Stretch leftover ham by dicing it and adding it to a cream sauce with sliced hard-cooked eggs; serve over squares of hot split cornbread.

Music Study Club Elects New Officers

Mrs. Harold Talbot was elected president of the Music Study Club Wednesday afternoon at a meeting in the home of Roberta Gay, outgoing president.

Other new officers elected include Mrs. Betty Neel, vice president; Mrs. J. W. King Jr., second vice president; Mrs. Fred Beckham, recording secretary; Mrs. J. A. Jolly, corresponding secretary; Mrs. L. Shipman, treasurer; Mrs. Don Newson, reporter and historian; and Mrs. Nell Frazier, parliamentarian.

Mrs. C. C. Jones was elected to the board of directors, and Mrs. Dan Conley and Elsie Willis were voted in as new members. By-laws of the new City Federation were approved.

Mrs. Frazier, chairman, led the program on "Impressionism and Modern Trends of Music." The program included a discussion on Deems Taylor's book and the following selections by members of the group:

"Prelude to the Afternoon of a Faun," played by Mrs. Jolly and Mrs. Beckham.

"J'ai Pleure En Reve," sung by Mrs. J. W. King Jr.

"By a Lonely Forest Pathway," sung by Mrs. Talbot, Mrs. Bill Griese, Mrs. Jones, Mrs. J. F. Neel, Edith Gay and Elizabeth Cope.

"Music I Heard With You," sung by Mrs. Newson.

"Bolero—Ay, Ay, Ay," played by Mrs. C. A. Boyd and Mrs. Frazier.

Dr. P. D. O'Brien Speaks; Ladies Auxiliary Meets

FORSAN, (Sp1)—Dr. P. D. O'Brien, pastor of the First Baptist Church in Big Spring, spoke at "Our Resources and Destiny" when the Forsan P-TA met Tuesday afternoon.

Betty Hahn gave as the devotional "Easter In America."

Students of the seventh grade, Judy Masters, Sue Averett, Betty Hahn, Sue Miller, Ada Hitchcock, Dea Elma Grissom, Gave Griffith, Verna Blankenship, Barbara Green, Faye McCuskey, Frankie Hedell, Janell King, Nora and Dorothy Boyd sang an Easter carol. They were accompanied by Mrs. Wise.

Mrs. J. H. Atbury reported on the recent P-TA conference in Sweetwater.

The fifth grade won the room count.

Mrs. George Pickett and Mrs. G. L. Monroy were hostesses to the Ladies Auxiliary when the group met at the country club Monday.

Canasta and bridge were played. Twelve attended.

Mr. and Mrs. L. T. Shoultz and children had as their dinner guests Sunday, Mr. and Mrs. Loan O'Neal, Mrs. Smith and daughter, Kaye of Amherst, Mrs. Molly Walden of Spur, Mr. and Mrs. H. McCuskey, Blanche, Faye and Neil, Mr. and Mrs. Walter Schultz, Melvin Van

HILBURN APPLIANCE

Many Dwellings Not Registered By Rent Office

A preliminary compliance survey has revealed that numerous rental dwellings units in the Howard County Defense Area have not been registered at the rent office. H. Weaver, area rent director-attorney, has announced.

Although the official 45-day registration period has ended, landlords who have not registered their units should do so at once, Weaver said.

Those who fail to register may be faced with the penalty of retroactive payments to the base date of Dec. 1, 1951 if rents for their units are higher than those generally prevailing and the unit is found to be unregistered.

However, if the unit is registered, no retroactive payments will be involved, if the rent should be found to be above that comparable for similar type units.

The area rent director emphasized that registration of units does not mean that reports must later be made periodically. After the registration, there are no other reports to fill out. Rent office personnel will assist landlords in filling out registration forms, or the forms may be filled out at home and mailed to the rent office.

AREA OIL Scurry Test Flows Oil, Dawson And Glasscock Get Wildcats

McAlester No. 1-A Allen, wildcat in southwestern Scurry County, has made a substantial flow of oil with a small amount of water in testing the reef zones.

Ponder, Inc., has staked location for northwest offset to the Mungerville Pennsylvania pool oper in western Dawson County.

Phillips has spotted its No. 2 Woolsey as a northwestern Glasscock wildcat near its No. 1 Woolsey which had Spraberry shows but did not make a commercial producer.

Glasscock county added three Spraberry producers, one in the Dry and two in the Tex Harvey pools.

Standard of Texas No. 9-6 Griffin, C SW NE 29-25, H&TC, drilled below 5,400.

Dawson

Pacific Western No. 1 Blew, C SW SW 131-M, E&L&R, was at 11,028, preparing to deepen. It will go on to at least 11,300. Operator missed the reef line from which Greenbrier No. 1 Lindsey is producing. Only hard, dry and slightly fractured lime with no porosity was found.

Seaboard No. 1 Dean, C SW SW 30-34-5n, T&P, was still moving off big rig.

Phillips No. 1 Weaver, C NE NE 68-35-6n, T&P, progressed to 8,495.

Ponder, Inc., of Midland will drill a deep test as a northwest offset to the Mungerville Pennsylvania pool oper in western Dawson County. It is to be the No. 1 Classen, et al, 660 from the south and east lines of the southwest quarter of the southeast quarter of section 95-M, E&L&R, rotary 8,750. It is about 10 miles northwest of Lamesa.

Phillips Petroleum No. 2 W. S. Woolsey of Stanton will be 1,980 from the north and east lines of section 26-36-2s, T&P, as an 8,000-foot Spraberry wildcat in northwestern Glasscock. It will be spotted 3/4 of a mile northeast of the same operator's No. 1 Woolsey, which was abandoned at 7,840. It had shows but not enough for commercial production. The No. 2 Woolsey will be about 10 miles south and slightly east of Stanton.

Phillips No. 2 McDowell, C NE NE 31-34-2s, T&P, plugged back to 4,845, pumped 12 hours, recovering 46 barrels of oil. It is still pumping.

Phillips No. 1 Berry C NW NW 35-36-2s, T&P, plugged back to 10,752, was swabbing. It had flowed 50 barrels of load oil in five hours, then swabbed 43 barrels of load oil in another five hours.

Sinclair No. 1 Clark, C SW SE 41-25-4s, T&P, drilled with cable tools past 6,424.

Murphy Corp. No. 3 M. L. Couey, 660 from south and 1,980 from west lines section 24-36-5s, T&P, Driver Spraberry pool, flowed 24 hours through 3/4 choke after 6,000 gallons fracture. It made no water and 390.22 barrels of 40.2 gravity oil. Tubing pressure was 140, gas-oil ratio 390-1, elevation 2,681. Top of pay was 6,512, total depth 6,588, and the 7-in. oil string at 6,452.

Allied-Ashtank Tankers, Inc. No. 2-31 P. K. Jones, 660 from the south and east lines of lease section 21-36-3s, T&P, Tex Harvey pool, flowed 24 hours through 24-54 choke after 10,000 gallons hydraulic fracture. It made no water and 97.3 barrels of 36.6 gravity oil. Tubing pressure was 75, gas-oil ratio 475-1, elevation 2,636, top pay 6,537, total depth 7,030, the 5 1/2-in. string at 6,849.

Phillips Petroleum No. 3-UU TXL, L. 660 from the east and 1,986 from north lines section 1-37-4s, T&P, Tex Harvey pool, flowed 36 hours through 18-64 choke after 6,000 gallons fracture. It made no water and 60.29 barrels of 37.7 gravity oil. Tubing pressure was 20, gas-oil ratio 202-1, elevation 2,625, top pay 6,950, total depth 7,170, the 7-in. at 6,886.

Civil Service For More Employes Of U. S. Sought

WASHINGTON, April 10 (AP)—President Truman today asked Congress to remove an estimated 22,000 postmasters, customs collectors and U. S. marshals from patronage rolls and put them under civil service.

The plans were contained in three separate government reorganization proposals covering the Postoffice Department, the Treasury and the Department of Justice.

The proposal was similar to the plan Truman proposed last January to remove all internal revenue collectors save the head of the bureau from political appointment and to put them under civil service provisions.

That proposal became law March 14 after the House and Senate in effect approved the Truman plan.

Under the new program, the postmaster general would appoint first, second and third class postmasters. Customs collectors would be chosen by the secretary of the treasury. The attorney general would appoint U. S. marshals.

Congress has 60 days in which to voice disapproval of any of the plans. Otherwise they become effective.

The plan would take away from the Senate its power to refuse confirmation of all such appointments, coming as they now do from the President himself.

The President pointed out that several years would be required to put the proposed changes into effect, because provision would have to be made for incumbents.

AMONG EUROPEAN NATIONS Aid Report States More Unity Needed

WASHINGTON (AP)—Great Britain and Germany, as well as France, and to a lesser degree, Italy, were called to account today by a special House Foreign Affairs Committee group demanding greater co-operation as the price of continued U. S. assistance.

Declaring that Europe cannot survive economically or defend itself against Soviet attack until there is "complete unity of effort," the group described Great Britain "as only an observer" refusing "to become a participating member of the European federation."

Its report, made public today, called for an end of bargaining, delaying and arguing by "some factions" tending to retard the contribution of Germany to Western defense. It viewed instability of the French government as alarming and emphasized that in Germany, France and Italy the archaic tax structures are such that the rich become richer and the poor, poorer.

The group, headed by Rep. Clement J. Zablocki (D-Wis) studied conditions in Germany, Austria, Yugoslavia, Italy and Spain last year. Other members were Edna F. Kelly (D-N.Y.) and Chester E. Mrow (R-Ill.).

A previous report had declared that Europe must unite or perish. Today's final findings regretted "that some nations have delayed a greater progress toward European unity and survival."

The committee expressed an "opinion that American aid should be contingent upon the achievement of the creation of European unity and if this is not made a definite condition, then the United States will not be assisting the mutual defense program and the recipients of our aid."

Highly critical of the United Kingdom, "beset by growing financial difficulties," the report declared the United States is "faced with the decision of how much and how long will we continue to assist England in her struggle to recover financially."

"In spite of the proximity of Britain to the continent of Europe and in spite of Mr. Churchill's advocacy of the necessity of a strong and unified Europe, Great Britain remains only an observer and refuses to become a participating member of the European federation," the report said.

"The explanation of this stand on the ground that it might affect the Commonwealth relationship adversely appears to have little merit."

Morris 'Hears' Cabinet Against Questionnaire

WASHINGTON, April 10 (AP)—Newbold Morris told House investigators today he "heard" that many Cabinet members were prepared to quit rather than answer his questionnaire on personal incomes.

"I think," he said, "this was responsible for changing the President's enthusiasm for my mission."

Morris, New York attorney and politician, testified before a House Judiciary Subcommittee which is investigating the Justice Department.

He appeared just one week after he was dismissed abruptly as the government's number one corruption hunter by Attorney General J. Howard McGrath. Three hours later President Truman announced McGrath's ouster.

Morris named no one but McGrath in his testimony. Nor was he asked for any names.

The overtime government sleuth told the subcommittee, headed by Rep. Chelf (D-Ky), that he couldn't help it with its investigation. He said his own search for corruption "never got off the ground."

Morris said his work was snarled by McGrath immediately after he issued his now famous questionnaires designed to reveal all sources of income among top government officials.

"For one thing," he said, McGrath "blocked" all appointments to his investigating staff by ordering a loyalty check run on newcomers. This, he said, requires up to six months, and would effectively "block" any additions.

Chelf asked Morris if he could draw from his memory any leads that might help the group's investigation.

"No," said Morris, adding that the Federal Bureau of Investigation carried off his records shortly after his "involuntary retirement."

TAKES OVER HIS POST

McCormick Seeks Larger Pact Force

NORFOLK, Va., April 10 (AP)—Adm. Lynde D. McCormick said today the present level of forces of the Allied Atlantic Command "introduces risks which are unacceptable."

McCormick and Gen. Eisenhower

are co-equal commanders under the 14-member North Atlantic Treaty organization. High ranking officers of most of these countries attended ceremonies today as McCormick took over officially as Supreme Allied Atlantic Commander.

"Even the increased maritime forces which have appeared in NATO planning will fall short of those necessary to give Europe and the Allied European command the direct and indirect support which we envisage they will require from us," McCormick said.

Greater effort by NATO nations is necessary, he said, to build up the forces needed to "maintain control of the high seas and coastal waters which concern us."

"But no tinge of defeatism is with us here today. The very fact that so many nations have taken the concerted action which led to this ceremony gives me a feeling of buoyancy," he said.

"Let us consider this company as a ship that we are now launching. I know I am speaking for my NATO Atlantic Command comrades when I pledged that we will direct and indirect support which we envisage they will require from us," McCormick said.

Warmer Weather Due For Friday

Yesterday in making a forecast for last night the Weather Bureau bit it right on the nose with the predicted 30 degrees.

This morning's low temperature came within one degree of equalling the all-time low for this date. On April 10th, both in 1928 and 1938 the mercury dropped to the date's record low of 29 degrees.

According to today's forecast it is going to warm up a little this afternoon and then will drop to a tomorrow morning's low of 35, with a high of 70 in sight for tomorrow afternoon.

But there's still no moisture in view either from the rainmaking machines or otherwise. The only encouragement found in the forecast is the absence of a prediction of gusty surface winds and blowing dust.

Martin Is Seeking New County Agent; Jones To Service

STANTON, April 10 (SC)—Martin County is looking for another agricultural agent.

Ralph L. Jones, now in that post, has been ordered to report for Army duty on Monday.

This past season Jones scored many victories with 4-H steers fed under his direction. On one day two of these calves from the J. C. Sale herd, and fed by Bobby Sale, son of the breeder, were declared the grand champions at Abilene and Amarillo. Others of the steers also scored victories in the major shows throughout the state.

Two Persons Are Considerate Of The Policemen

Two of the four persons tried for drunkenness in the Corporation Court this morning were arrested by the police, and the other two, after a fashion, arrested themselves.

Both of those turning themselves in were older men. Both told the court they knew they had gupped down too much. One telephoned the police (an emergency call) and asked them to come and get him. The other was more considerate of the convenience of the officers (or maybe he couldn't get a call through) and so he delivered himself right at the jail house door.

The only other case tried was a charge of disturbance at the Club Cafe during the early morning hours and the accused in this case was dismissed by the court after witnesses were heard.

Firemen Answer 2 Calls Wednesday

The fire department was called to make a run to the 200 block of Runnels at 5:45 p.m. yesterday when a car fire was reported.

The wiring on a Chevrolet pickup was reported damaged and the cause of the fire was given as a leaking gasoline line.

At 9:30 last night the firemen made a run to 504 NW 3rd when a fire at a cafe was reported. Heavy damage to the interior of the building and contents was reported. In fighting this fire three lines of hose had to be run and equipment was not returned to the Central Station until 11:15 p.m.

At this fire a new hose nozzle valued at \$85 was reported stolen from the truck, but a man who later found this piece of equipment at 408 North Alyford called the police and returned it to them.

Door Found Open At Night By Police

Several times in recent weeks police on night duty have reported finding the door to the storage room at one of Big Spring's largest department stores open.

This morning at 1:15 a.m. Patrolmen Standard and Hiltbrunner found this same door open again and in making their report for the Activities Book noted that the door had been found open again "as usual."

Injunction Denied In District Court

An injunction was denied in 118th District Court Wednesday in a case styled Ray Rackley vs. Mrs. J. A. Forrest et al.

Rackley had sought to restrain the defendant from building a house at 10th and State streets, claiming that the location conflicted with city zoning ordinances.

Warmer Weather Due For Friday

Yesterday in making a forecast for last night the Weather Bureau bit it right on the nose with the predicted 30 degrees.

This morning's low temperature came within one degree of equalling the all-time low for this date. On April 10th, both in 1928 and 1938 the mercury dropped to the date's record low of 29 degrees.

According to today's forecast it is going to warm up a little this afternoon and then will drop to a tomorrow morning's low of 35, with a high of 70 in sight for tomorrow afternoon.

But there's still no moisture in view either from the rainmaking machines or otherwise. The only encouragement found in the forecast is the absence of a prediction of gusty surface winds and blowing dust.

Martin Is Seeking New County Agent; Jones To Service

STANTON, April 10 (SC)—Martin County is looking for another agricultural agent.

Ralph L. Jones, now in that post, has been ordered to report for Army duty on Monday.

This past season Jones scored many victories with 4-H steers fed under his direction. On one day two of these calves from the J. C. Sale herd, and fed by Bobby Sale, son of the breeder, were declared the grand champions at Abilene and Amarillo. Others of the steers also scored victories in the major shows throughout the state.

Tricycle Is Found

A red and white tricycle was found abandoned near the rodeo grounds last night, County Juvenile Officer A. E. Long reported. Long said he was holding the tricycle at the courthouse for the owner to claim it.

Local Man To Take Part In Accounting Conference At A&M

Big Spring is due to be represented at the fifth annual Accounting Conference to be held at Texas A. & M. College Tuesday and Wednesday.

H. Carlson Hamilton is to leave this week end for Houston and return by way of College Station to participate in the sessions. Leland I. Doan, president of Dow Chemical Company, will deliver one of the addresses at the parley. Doan is a nationally known authority in the business and accounting fields. Doan is auditor for the Texas division of Dow Chemical and chairman of the advisory council of the conference, will bring the opening address.

Other talks are due by Stewart Y. McMullen, associate professor of accounting of Northwestern University; E. C. Rickard, comptroller of the Ford division of the Ford Motor Company; C. W. Adams, assistant treasurer of Cities Service Corporation at Lake Charles, La. There are many others. The accounting conference is sponsored jointly each year by the business administration department of Texas A. & M. College and the major accounting organizations of Texas.

SAWYER (Continued From Page 1)

\$110 a ton—to pay the extra wages.

Seizure of the giant industry touched off a bitter legal battle between the steel companies and the government, which promises to be fought right up to the Supreme Court.

The industry lost the first round yesterday when a federal judge refused to issue an immediate order nullifying the seizure. But one industry official said that was "barely the beginning."

Three companies which lost yesterday's preliminary court fight also have filed a petition for an injunction against seizure—a legal move which asks the court to find the President's order unconstitutional and illegal. A hearing will be scheduled within four or five days.

Sawyer was told by President Truman he could go ahead and put the wage board's pay boost into effect, but there were no signs he planned to do so soon. As boss of the industry, Sawyer could also ask for the \$2 to \$3 a ton price increase the government says the industry is entitled to under the Defense Production Act. But again, there was no indication he would.

STERLING (Continued From Page 1)

was no dispute between Southwest-Bell and the union representing its employes. "Fundamentally, that might be true," the unionist said, "but there is a definite dispute between CWA and various subsidiaries of American Telephone and Telegraph Company."

That dispute, he continued, is over wages and improvement of working conditions.

Webb also noted that some officials had said the telephone company had a contract with CWA which remains in full force and effect.

He added: "nowhere is there any requirement in that contract that union members cross picket lines." He said telephone employes historically cling to the policy of not crossing picket lines.

Production at Bethlehem Supply Company in Corsicana, stopped yesterday despite government seizure of major units in the nationwide steel dispute, was in full swing today. Most of the workers returned their jobs at midnight. A few had not been notified of the return-to-work movement, a worker told The Associated Press.

Some 535 members of local 4710 were off the job yesterday at Corsicana. Some who said they tried to return to work yesterday claimed they were "locked out."

The plant is an oil field machinery subsidiary of Bethlehem Steel.

In East Texas, pickets continued their patrols around the Lone Star Steel Company plant near Daingerfield.

Social Period Set At Y On Fridays

A social period for young people is being organized as a regular Friday-evening activity at the YMCA.

This is primarily for young people past high school age and who are working.

It is intended, said Tony Baker, program secretary for the YMCA, to provide an opportunity of wholesome social contact for these people. Various activities will be planned. All in that age bracket who are interested should call at the YMCA on Fridays from 7 to 9 p.m.

RIOT (Continued From Page 1)

ory employe named Jack Miller was hit by a rock and suffered a concussion. No union officials were available for comment.

The Charleston walkout resulted from the dismissal of an operator in the nearby Morgantown exchange, and early reports said that although the CWA was involved, the dispute was not connected with the nationwide Western Electric strike.

A spokesman for the American Telephone & Telegraph Company, parent firm of the Bell system, said in New York that the spreading idleness among employes had not affected dial service.

Bell companies had varying success, too, in keeping long distance calls moving by drafting supervisory personnel and non-union employes into temporary service. Urgent calls were being given priority.

The government pinned its main hopes for a settlement on negotiations in Detroit between the union and Michigan Bell. After meeting for a straight 22 hours, the sessions adjourned with both sides indicating progress in the talks, which will resume late today.

A week-long strike of 30,000 Western Union employes, meanwhile, went forward without apparent hopes for any immediate settlement.

MARKETS

WALL STREET

NEW YORK, April 10 (AP)—Losey and gains were about even at the opening of the stock market today.

Pricers were inactive and activity was limited to the steel industry but government seizure of its mills and other headlines.

Most of the steel companies prepared to get back into production even as they labored at government seizure.

LIVESTOCK

PORT WORTH, April 10 (AP)—Cattle 430; calves 30; hogs and calves steady; sheep 110; pigs and calves steady; hogs 110-115; good and choice steady; calves 110-115; medium to good steady; hogs 110-115; sheep and lambs steady; feeder pigs 110-115; sheep and lambs steady to 30 cents higher.

COTTON

NEW YORK, April 10 (AP)—New cotton prices were 25 to 40 cents a bale higher than the previous close. May 41.75, July 46.75 and Oct. 47.75.

Operators Leave Posts At C-City

COLORADO CITY—Switchboard operators left their posts in the local office of the Southwestern Bell Telephone company at 7:30 p.m. Wednesday.

Miss Nollie Herrington, chief operator, hurriedly summoned supervisors to work the board. Six operators, members of the CWA, were due to have reported Wednesday evening. Filling in for the operators were W. M. Starnes, A. C. Easter and Miss Herrington of the office here and L. R. Lockett, Abilene.

Miss Herrington said the operators received walkout orders "in the middle of the night" after notifying her. There was no picketing.

Jack McCorle, named as one of the CWA heads in Colorado City, could not be reached for a statement Wednesday night as to when service would be resumed.

You Can "Flag" A Yellow!

During the Telephone emergency, your Yellow Cabs will continue to serve you as best they can.

CABS WILL BE CRUISING—and drivers will be on the lookout. Just hail any Yellow Cab.

AT KEY POINTS—Yellow Cabs will be stationed at various strategic points in the city, where you can locate one.

LEAVE YOUR MESSAGE—If you want to be picked up at a certain time, stop any Yellow Cab and give the driver your message. You will be taken care of.

"SERVING YOU ALWAYS"

YELLOW CAB CO.

Science's Best Incorporated In Automobile Tires

Just about every desirable feature that science has developed for automobile tires is included in the new Firestone Supreme tire Spring Tractor Co.

No safety factor has been overlooked, and the new Firestone Supreme provides two-fold economy. In the first place it consistently gives longer mileage than tires produced heretofore. In addition, the new Firestone Supreme is a tubeless tire, which eliminates another item of expense and worry.

The Firestone Supreme boasts blow-out safety, puncture sealing and effective protection against skidding. The patented non-skid tread design is composed of thousands of skid resistors, which greatly improve safety characteristics.

However, blow-out safety might be considered even more important. When a vehicle is traveling 60 miles per hour it moves 88 feet before the driver can act to stop the machine. Doc Wilkinson, tire department manager at Big Spring Tractor Co., pointed out. However, when a tire blows out it goes flat by the time the vehicle travels 10 feet. That makes blow-out safety extremely important, especially when a vehicle is traveling at a fast rate of speed.

The fact that the Firestone Supreme is tubeless, also means smoother riding. The Big Spring Tractor Co. has been installing complete sets of new Firestone Supreme tires on a number of vehicles in the area.

"We are prepared to offer attractive trade proposals to car owners, especially those who have just purchased new cars and want the best tires made," Wilkinson declared.

The Big Spring Tractor Co. tire department also stocks a complete line of other Firestone tires and tubes, as well as Kelley-Springfield tires and tubes.

During a recent six-month period, North American readers bought 57 million copies of newspapers every day, says the National Geographic Society.

Rowe Motor Co. Staff

These are the men who comprise the staff of Rowe Motor Company. At left is W. H. Gray, service manager and an expert mechanic as well as supervisor; Perry Mathis, mechanic; Red Phillips, mechanic; Joe Parros, porter; Henry Snodgrass, sales manager for the Packard Agency; and, at extreme right, H. M. Rowe, owner. Rowe has been in the automotive business virtually all his adult life.

Fiveash Advises Installation Of Air Conditioners With Pumps

The Big Spring city water supply, it will be a safer policy to assume, is going to be inadequate to meet the heavier demands that summer weather imposes upon it in the way of air conditioning and water for such purposes as wetting down the lawn, flower beds, other irrigation, washing cars and all similar uses.

But this is a situation that the Fiveash Plumbing Company, 821 E. 3rd, (Enoch "Slim" Fiveash, owner), is prepared to do something about.

Indications now are that air conditioners that do not have circulating pumps to prevent the waste of water will not be allowed in view of the shortage of the city water supply, which will probably be restricted to essential uses only.

The Fiveash Plumbing Co. is prepared to install air conditioning units, suitable for either one room or a large building, with circulating pumps such as will be permitted.

problems, particularly those due to the expected shortage of city water. are invited to see the Fiveash Company for estimates on their proposed installations and those who contemplate drilling a water well and installing a pressure system in order to have plenty of water for domestic use and for irrigation purposes around the home can also get an estimate from this company on such a job.

The demand for services of this type is likely to increase heavily as the weather warms up, and those making early plans will be less likely to be disappointed.

As to the use of water in larger quantities such as irrigating lawns and gardens and washing cars, the Fiveash Company has the necessary equipment and supplies to install home pressure tank systems on private wells, and Fiveash says he anticipates a great many people will probably drill their own wells before summer is gone in order that they may have water for these other purposes.

Fiveash says that difficult to bring in a good water well in Big Spring and this area, and that casing the well and equipping it with a pressure pump and tank isn't too expensive in view of the convenience, comfort and practical service it affords.

This company has been able to keep on hand an adequate supply of pipe and other fittings and is prepared to do any type of plumbing job. They handle all standard brands of plumbing fixtures that are used in quality plumbing contracts and put a guarantee on both the work they do and the material they use.

Persons having air conditioning

Neel's Specializes In Safest Moving

The only agent in this area that is prepared to handle any manner of moving job from the smallest to the biggest order is Neel's Transfer and Storage, located at 104 Nolan in Big Spring.

Neel's, owned and operated by T. Wilbard Neel, long-time Big Spring resident, takes pride in exercising the greatest caution in safeguarding furniture while moving it. The goods are wrapped in a special heavy paper that affords them the greatest protection against breakage.

Neel's maintains all kinds of trucks to tackle any moving job and retains personnel long experienced in the art of moving goods. Neel's, of course, is insured and bonded.

The concern's slogan, "reasonable — courteous — reliable" and "we are prepared to move you across the street or across the nation" are not empty phrases. Neel's is the local agent for North American Van Lines, a concern that operates from coast to coast.

Neel's, as the name implies, also maintains ample storage for household goods, which can be stored indefinitely. The concern's storage space is fireproof and weather-proof. Prize possessions of the concern's customers are given special care.

Business telephone number of Neel's is 48-632.

Feed supplies are adequate—and prospects are that they will continue adequate—at Dicker & McKinley Grain Company here.

Cake and meal along with cottonseed hulls, have been secured to meet the steady to rising demand imposed by the prolonged drought.

Tucker & McKinley have been in the market all over the country for these staples, leaving when and where they could find them so that customers here could be assured of amounts ample to meet their needs. The concern realized how important it is that now the critical lambing and calving season is at hand and that stock must have what it takes to keep them in sound condition.

Besides range feeds, which include a heavy volume of hay, Tucker & McKinley stock a complete variety of dairy, horse and calf feeds. The company also has all the feeds in the poultry line that users might want. For those who have grain and other ingredients which they wish to utilize, Tucker & McKinley maintains a complete grinding and mixing service—either dry or sweet mix.

Just call 33 or 77 for a safe, courteous City Cab radio to your location.
