

## Taft-Hartley Act Fate Still Not Settled

WASHINGTON, Nov. 4. (AP)—Whatever the fate of a Taft-Hartley Act repeal drive in Congress, there appears little prospect of a flat return to the New Deal Wagner Labor Law.

Union leaders claiming—and receiving—credit for a major share in President Truman's upset election victory may not be completely happy over the final result.

For one thing, there is the real question of whether the new Democratic Congress will be in a mood to wipe out the Taft-Hartley Act. For another, it seems likely that Mr. Truman—despite his and the Democratic platform's pledge for outright repeal—will want some legal weapons for dealing with special labor-management fights, such as those that affect the public welfare.

Thus, while the President is certain to ask for repeal, he may accompany that request or follow it with another for less sweeping, and what he has described as non-political, measures for dealing with certain labor situations.

The President on several occasions has made use of the strike-banning court injunction powers in the Taft-Hartley Act. The most notable ones were against John L. Lewis and his United Mine Workers.

Government Draws Defensive Lines Closer To Nanking

NANKING, Nov. 4. (AP)—Nationalist China today drew its defense lines closer to Nanking as its leaders hoped for some miracle to save the country from the threat of Communist conquest.

Faced with a cabinet crisis, economic collapse, and the loss of numerical superiority over the Communist forces, Chiang Kai-shek appeared determined to carry on the fight against the Reds.

A demand for an end of the struggle and a coalition with the Communists—which is openly favored by many as an unhappy but the only remaining solution of the nation's problems—still has not figured in the government's plans.

It appeared that the government's last remaining forces in central China were being moved into position to block Red Gen. Chen Yi should he attempt to thrust in strength past Suichow, 170 miles north of the national capital.

## TEC Has 65,000 Positions Open

AUSTIN, Nov. 4. (AP)—The Texas Employment Commission said today it has 65,000 jobs open and 80,000 job applicants.

The big trouble, officials said, is that the applicants don't fit the jobs.

DEWEY CONCEDES ELECTION—The top photo shows the way the electoral votes stood when Gov. Thomas E. Dewey, Republican nominee, conceded the presidential election to President Harry S. Truman. The Dewey announcement came after Truman took the lead in California. Truman led in 28 states with 304 electoral votes, and Dewey led in 16 with 189 votes. States Rights candidate J. Strom Thurmond gained 38 votes in four southern states. A little later with one hand in his coat pocket, a sober-faced Gov. Thomas E. Dewey (lower photo) gestures with his left hand as he speaks to reporters at his first post-election news conference in New York City, after conceding the election to President Truman. He said it is "pure fiction" that he is planning to resign as Governor. (AP Wirephoto).

## B-29 Of Air Force Crashes On Takeoff

TAMPA, Fla., Nov. 4. (AP)—An Air Force B-29 crashed on a takeoff from Lagsen Field in the Azores yesterday, killing 18 of the 20 men aboard. MacDill Field reported today.

One man was missing. Another survived with major injuries, Capt. George Byrnes, public information officer at MacDill, said.

The plane was one of a number returning to the United States from England. It was from the 307th Bomb Group based at MacDill.

Maj. Byrnes said the big bomber crashed into the ocean about 500 yards offshore within a few minutes after the takeoff.

The accident occurred after dark (6 p. m. Azores time, 3 p. m. CST). The cloud ceiling was low, about 1,000 feet, but not unusual for a B-29 takeoff, Maj. Byrnes said.

There was a slight drizzle. Cause of the accident has not been determined. A board of officers has begun an investigation at the scene.

The plane was one of 29 returning to MacDill Field after a three and a half months training tour in England.

Names of the casualties will not be announced until next of kin have been notified.

## Area Ginnings Ease Forward

Ginnings in Howard county eased forward to 8,920 bales Wednesday evening as pressure on the 1948 cotton harvest eased ever so slightly.

A re-check on labor demand shaved the total to approximately 1,000 pickers, said L. O. Connally, Texas Employment Commission manager. A week before it had been twice that figure, but in several communities orders were withdrawn as crews began to shift locations. The actual number of unfilled orders totaled 856, said Connally, but there may be others in demand not listed with TEC.

Occasional crews are drifting back into this area, but most of those retreating from the South Plains are headed off in lower Dawson and upper Howard counties, Connally said.

While the total workers on order decreased, the demand for extra help was just as intense for the TEC estimated the crop was 95 per cent open, hence in urgent need of pickers now.

## U. N. Assembly Approves West Atom Controls

Action Comes Over Bitter Red Protests

PARIS, Nov. 4. (AP)—The United Nations assembly approved today, over bitter Russian protests, the Western plan for world atomic control.

PARIS, Nov. 4. (AP)—Russia rejected completely today a western plan for the control of atomic energy.

Soviet Delegate Andrei Y. Vishinsky told the United Nations General Assembly the United States does not want international atomic control.

Vishinsky brought President Truman into the atomic debate again. He quoted the American President as saying recently in Milwaukee that the United States must continue to develop atomic weapons until the "correct" form of international control is in effect.

Gesturing with his arms as he spoke, Vishinsky told the Assembly that this apparently meant the Americans would continue developing atom bombs until the Western control plan is adopted.

Such an attitude expressed by Mr. Truman means, Vishinsky said, that "you are in a vicious circle of contradiction."

The Russian demanded that the delegates approve the Soviet plan for atomic control. He shouted that there is no basis for agreement now between the Western and Russian plans.

He charged that the United States does not want atomic control and that the Bush plan is a "cunning maneuver" designed to wreck any control.

The Western plan, approved by a majority of the assembly's political committee, is based on proposals made June 14, 1946, by Bernard M. Baruch, then the U. S. delegate on the UN Atomic Energy Commission.

Mrs. Vijayalakshmi Pandit, chief Indian delegate and ambassador to Moscow, told the delegates after Vishinsky spoke that India could not agree to international control of atomic materials while oil and similar materials remained in private hands.

Mrs. Pandit proposed an amendment to the Western proposal. The majority of the 38 nations in committee has favored approving the Western plan as drawn up by the majority of the 11-nation atomic commission.

U. T. Students Ask WCTU Head To Night Club

AUSTIN, Nov. 4. (AP)—Some University of Texas students want the state president of the Women's Christian Temperance Union to visit an Austin night spot and bar to boost the campus community chest program.

The invitation to Mrs. Claude DeVan Watts, was issued by a group of university men headed by Perry Johnson of Groom. Mrs. DeVan Watts said the invitation was "too ridiculous" to consider.

It came the day after the long-time president of the WCTU had criticized University President T. S. Painter and Dean of Women Dorothy Gebauer for appearing at the night club as a stunt in the student charity drive.

The university president commented the visit was "obviously a stunt to carry out the spirit" of the drive for funds. Mrs. DeVan Watts said she thought the going-on were a "high price to pay for charity."

California Bull Wins Show Honors

SAN FRANCISCO, Nov. 4. (AP)—Joaquin Donald Domino 10th, two-year-old Hereford bull from the Modesto, Calif., ranch of N. B. Gould, drew the top price of \$2,100 in the first day auction sales at the Grand National Livestock Show.

Twenty-four breeders of Oregon, Arizona, Kansas, Texas, Arkansas, Wyoming, Utah and California sold 81 head of Hereford breeding stock for \$53,000.

# GOP Girds To Hit Modern New Deal

## Two-Year Battle Seen On Program

WASHINGTON, Nov. 4. (AP)—Republicans closed their shattered ranks today for a two-year fight in Congress against a certain effort by President Truman to modernize the New Deal.

Mr. Truman returns to Washington and a welcome-home celebration tomorrow the hottest article in the American politics, as the result of his upset victory over Gov. Thomas E. Dewey.

He will be off Sunday for a two-week breathing spell at Key West, Fla.

Mr. Truman told a home-town victory celebration in Independence, Mo., he wants every citizen to help him carry out his "tremendous responsibility for the peace and welfare of the world."

If the Republicans were maimed by the one-man gang activities of Mr. Truman in Tuesday's voting, they weren't dismembered.

A lot of them won't be back in Congress. But the Republican leadership there will remain the same, with Rep. Joseph W. Martin, Jr. (Mass.) bossing the House minority and Sen. Robert A. Taft (Ohio) continuing to run things pretty much on the Republican side in the Senate.

Taft shrugged off the election results with the observation that they proved it is almost impossible "to put an administration out of office at the very peak of a prosperity boom."

Martin and Taft will not have much trouble working up opposition to Mr. Truman's proposals. Most of the 42 Republicans left in the Senate and the 174 remaining in the House are used to voting against the Truman administration. And there aren't many new faces among the Republicans.

Taft and Martin are likely to figure that the battered GOP's best chance for a comeback in 1950 rests with making Mr. Truman look bad on his campaign promises.

The President made the Republican-controlled 80th Congress the top issue in his campaign, calling it that "awful" "second worst" and "idiot" Congress.

Now his party has control by an apparent 280 to 174 margin over the Republicans in the House (there is one minor party member) and a certain 54 to 42 edge in the Senate.

Whether Mr. Truman can get much more in the way of legislation out of such a Democratic-controlled Congress remains to be seen.

Southern Democrats who have never been too enthusiastic about some of his policies will be back in the saddle as chairmen of many of the important committees.

They may have a new respect for Mr. Truman as a political windmill who can chop down the opposition at the ballot boxes. But a lot of them think the President carried southern states simply because he was the Democratic candidate and not because—for instance—he advocated repeal of the Taft-Hartley Act.

Community Chest board members are scheduled to meet at 5 p. m. Friday to review progress reports on the 1948 campaign and to shape plans for seeking the \$7,000 needed to bring the drive to its objective.

Cards used in canvass work have been called in, and they probably will be regrouped for solicitation tasks during the last phase of the campaign.

The total listed this morning at the Chest headquarters office amounted to approximately \$30,000.

## HALF A MILLION TEXANS VOTED FOR TRUMAN, JOHNSON TUESDAY

By The Associated Press

More than a half million Texans voted for President Harry Truman and Lyndon Johnson in Tuesday's general election.

Latest figures from the balloting in which all Democratic candidates swept to victory showed:

President - Truman (Democrat) 578,065; Thomas E. Dewey (Republican) 213,982; J. Strom Thurmond (States Rights) 76,233; Wallace (Progressive) 2,908.

Senator - Johnson (Democrat) 568,638; Jack Porter (Republican) 274,639; Sam Morris (Prohibition) 6,392.

By the time of its 6 p. m. count Wednesday the Texas Election Bureau had dropped all except those

## President Promises To Enact Platform

INDEPENDENCE, Mo., Nov. 4. (AP)—President Truman, departing for Washington today, promised an early attempt to see enactment of Democratic platform pledges.

The President and his family left by special train at 8 o'clock this morning.

They were accompanied by Mrs. Truman's mother, Mrs. D. W. Wallace.

The President and his family were greeted by a crowd estimated by police at 150. He shook hands with a number of old friends including Hurley Burgess, a railway express man who has known the President for a long time.

Just before the train left, Mrs. Truman expressed concern over whether the Truman cook, Vietta Garr, was aboard. Told that she was, Mrs. Truman smiled as did the President.

To cheering fellow townsmen in Independence yesterday, Mr. Truman said he would do his best to carry out his party's commitments as he had pledged himself to do in speeches throughout the nation.

They included:

- (1) Repeal of the Taft-Hartley Act.
- (2) Expansion of social security coverage with benefits at least 50 per cent higher.
- (3) Enactment of a national health program embracing compulsory health insurance.
- (4) Passage of the controversial civil rights program, the advocacy of which cost him four southern states.
- (5) Farm price supports and other agricultural legislation.

He did not deal specifically with any measure as he spoke briefly and simply to a throng gathered in the streets outside the Jackson County court house, but he said he "will do the best I can to carry out the Democratic platform."

"I have a Congress now, and I feel very sure we are going to make some progress in the next four years."

## Death Claims Pioneer Here

Death came Thursday at 4:25 a. m. to L. C. Holdslaw, 74, who made his home in Big Spring for half a century.

He had been in ill health for approximately a decade and had been confined to his bed for the past four months.

Born at Belmont, N. C. on Aug. 4, 1874, Mr. Holdslaw came to Big Spring at the age of 24 and in the intervening 50 years he had operated the Big Spring Steam Laundry.

He was a member of the Methodist church, of the I. O. O. F. lodge and was the only honorary member of the local Lions club, in which he was active until ill health forced his retirement.

He is survived by his wife, Mrs. Leslie Holdslaw.

Services will be held at the Nalley Funeral Home at 2:30 p. m. with the Rev. A. C. Carleton, First Methodist pastor, officiating. Burial will be in the I. O. O. F. cemetery. Until time for services, the body will be in state at the Nalley chapel.

Funeralbearers will be L. E. Coleman, Ben Miller, Eugene Thomas, G. E. Gilliam, A. C. Wilkerson, and A. F. Gilliland.

## INTERNATIONAL MILITARY TRIBUNAL GIVES DECISION

# Japan Is Convicted Of Waging War

TOKYO, Nov. 4. (AP)—Japan today was convicted of waging aggressive wars against China, Russia, Britain, the United States and other Western Powers.

The conviction by the International Military Tribunal for the Far East came in the long trial of 26 co-defendants on war crimes charges. They looked sleepy as reading of the judgment began.

The court paraded down the issue to these questions: Was Japan guilty of waging aggressive war in violation of international treaties? Were the 25 defendants responsible for making and carrying out these policies? Were the defendants responsible for crimes against humanity and violations of the laws of war?

Militarists and their supporters, the court held, seized control of Japan's government. They, the tribunal found, provoked war through the Manchurian conquest of 1931 and the full scale war against China that began on July 7, 1937.

## U. S. Prestige In World Up With Truman

PARIS, Nov. 4. (AP)—United Nations circles today predicted prompt strengthening of America's predominant role in world affairs as a result of President Truman's return to office.

While both the American and foreign delegations here still sought to overcome their surprise at the election news and its implications, several principal factors emerged: There will be no waiting period before a new President takes office.

Furthermore, the President in the future can count on support from his party in both houses of Congress. The position of the American government thus is fixed firmly for at least the next two years.

The United States' bi-partisan foreign policy is being strengthened. All comment from Republican leaders as expressed or received here has emphasized the continuity of bi-partisan policies.

This was stressed in a statement from John Foster Dulles, member of the American delegation and Republican foreign affairs expert. American delegation members noted that Gov. Dewey himself also emphasized this point.

## Smuggling Wins Jefferson Honor

FLORENCE, S. C., Nov. 4. (U)—A smuggling job on rice gained Thomas Jefferson an honorary membership in the Agricultural Society of South Carolina. Attorney W. Marshall Bridges, a student of Jefferson's life, reports that the 1787 ambassador to Great Britain found rice there superior to that grown in South Carolina. He looked into the matter, and found that the superiority derives from the rice, grown in Piedmont, Italy, being of a different strain than that grown in the United States. In one of his notebooks Jefferson wrote that an Italian miller "will smuggle a sack of rough rice for me to Genoa; it being death to export it in that form." The smuggler was successful, and the new rice thrived in this country. In recognition, Marshall says, Jefferson was accorded the membership.

## Friendship Clothes in Radio Role

Girl Scouts of the U. S. A. hope to receive many garments like these for their Clothes for Friendship project. They want to send a million garments to ill-clad children in Europe and Asia. "When a Girl Marries", NBC daily radio serial, is helping September 15-October 15 by asking all listeners twice weekly to contribute garments. Pictured above, Mary Jane Higby, star of the program, shows two other members of the cast (Rosemary Rice and John Raby) and Girl Scout Elaine Haigh garments typical of the kind they hope will be contributed.

## Mrs. W. M. Goad Is Study Leader

## Presbyterian Women Continue Programs

The third in a series of meetings of the Presbyterian Women, who are studying Home Missions during Prayer and Self Denial week met in the home of Mrs. R. T. Piner Wednesday afternoon. Mrs. Shelby Read acted as program leader and led the group singing of the hymn, "Take my Life and Let It Be." For the scripture reading, Mrs. Shelby recited 1 Cor. 6:19-20 and John 1:11. Her topic dealt with the outstanding achievements of the mission fields in Czechoslovakia, Hungary, Panama Canal Zone and the Virgin Islands. She also discussed the result of the mission workers with the Jews. Mrs. Read closed the program with a prayer for foreign missions. The group will meet Friday afternoon at the church at 2:30 p. m., with Mrs. C. M. Harwell as program leader. At 3 p. m., World Community day will be observed at the church under the sponsorship of the United Council of Church Women.

# Poll Takers Are Combing Statistics To Find Why Figures Mised Them

NEW YORK, Nov. 4. (U-P) — The poll takers were still combing through statistics today—trying to find out why their figures misled them into forecasting the election defeat of President Truman.

Latest comment from one of the country's major public opinion researchers came last night from Elmo Roper, director of the Fortune Magazine poll.

"I don't know why I was wrong," he said.

Roper predicted on Sept. 9 that Gov. Thomas E. Dewey would get 52.2 per cent of the vote compared to 37.3 for Truman. He said then that a Dewey victory was so clearly indicated that no further surveys would be made.

"I could not have been more wrong," said Roper. "The thing that bothers me most is that at this moment I don't know why I was wrong. But I certainly propose to find out."

He suggested several "possibilities" that might have caused the mistake.

"Perhaps," he said, "the abnormally high 15 per cent 'don't know' vote we received last August did not distribute equally to both major candidates as it has in the past, but that this time it all went to Truman."

"Or it could have been, he added, "that the labor vote, brought out to the polls more quietly but more efficiently this time, turned the tables."

"Or it might be that, as we found out in a poll done late in the campaign, the people are strongly pro-new deal and perhaps they see the objectives of the Roosevelt program imperiled," he said.

"Perhaps, but I don't know."

Earlier, Dr. George Gallup, whose American Institute of Public Opinion predicted Dewey would get 49.6 per cent of the vote and Mr. Truman 44.5 per cent, said he believed an analysis of voting statistics would reveal the reason for the error.

He said the answer may also come from a further survey among voters.

Archibald Crossley, director of the Crossley Poll, said the election results "clearly show what happens when one party gets out its vote and the other does not."

He said the Crossley Poll, which forecast 49.9 per cent of the vote for Dewey and 44.9 for Truman, built

found voters were apathetic toward both candidates shortly before the election.

The public opinion polls, he said, may have "served to redouble Democratic efforts to bring out the vote and may have created overconfidence among Republicans."

### Union Council Reveals Aims

AUSTIN, Nov. 4. (U-P) — The Texas State Industrial Union Council (CIO) today had 17 legislative aims.

The program the council plans to urge on the 51st Legislature includes the following: Abolition of the poll tax; tax on natural resources; prison reform and rehabilitation; creation of a state department of labor; reconstruction of "Texas oppressive labor laws"; improved industrial code; increased unemployment benefits; adequate pay for teachers; improved rural roads, electric and telephone service; increased aid to the aged, needy and dependent children; reappointment of senatorial and legislative districts; annual salaries for state legislators; no sales tax; expanded state health program; soil and water conservation; protection of migratory workers; expanded educational program; good neighbor relations; adequate state buildings.

### Election Will Fill West Post

AUSTIN, Nov. 4. (U-P) — Special election has been called by Gov. Beauford H. Jester for Dec. 4 in the 15th congressional district to name a successor to the late Rep. Milton H. West.

West died last Thursday.

The successor named in the special election will serve out West's unexpired term, which ends in January. Lloyd Bentsen, Pr., has been elected to the new term starting then.

Texas laws and the constitution make it mandatory for the governor to call a special election whenever a vacancy occurs in the National House of Representatives.

# Manchurian Loss Called Enormous One

PEIPING, Nov. 4. (U-P) — Extent of the Communist victory in Manchuria stunned government supporters in North China Wednesday.

Chinese loyal to Chiang Kai-Shek called it a "disaster" and a "monumental tragedy." They feared more setbacks now that the Communists can unleash their Manchurian armies for attacks elsewhere.

(Chiang's second loss of Manchuria—it fell to the Japanese before—in itself does not necessarily portend loss of the civil war, said Fred Hampson in a dispatch from Shanghai.

"He never really held much of Manchuria," said Hampson. "But the manner in which he lost and the enormous troops and supply losses entailed appear to have undermined the entire war machine of the Nationalists, possibly beyond repair.

("Obviously, large scale defections by war-weary Nationalists in Manchuria have raised the question whether any of Chiang's remaining troops can be counted on to fight.")

The government has given no

idea of its losses in Manchuria with the fall of Mukden.

There were indications, however, that not a single soldier escaped the Mukden area to the seaport of Yingkow, 115 miles south. No new reports came from Mukden, bombed by government warplanes yesterday for the second straight day.

### Testifies In Alice Taxi Drivers Suit

CORPUS CHRISTI, Nov. 4. (U-P) — George Rupe testified yesterday in a \$30,000 damage suit he and eight Alice taxicab drivers have brought against city officials of Alice. Rupe and the others contend the city deprived them of their rights to earn a living by imposing conditions not exacted on other taxicab companies.

### "Husbands, Wives, and Marriage"

Maybe you read that survey published recently in a national magazine, entitled "Husbands, Wives, and Marriage."

It showed that among happily married couples, those who criticized themselves outnumbered those who criticized the other person. Among unhappily married couples, it was just the opposite—each one tended to criticize the other.

That's the way it is in our town, as I guess it is in yours. Criticism, whether it's of a wife's taste for hats, or a husband's taste for pipe

to be or an evening glass of beer or ale, is a sure start towards unhappiness.

As for what made happy marriages, companionship within the home was listed most important of all. And from where I sit, a husband and wife who can spend an evening by the fire—with nothing more exciting than a mellow glass of beer, and a friendly conversation—are a truly well-matched couple!

A Garden Column by Virginia Scott. Presented by the Big Spring Garden Club.

By VIRGINIA SCOTT

When a plant proves its dependability, beauty and usefulness, and attracts special attention throughout the years, it is outstanding enough to deserve honorable mention.

Here are four such plants that we have tried over a period of years. We find ourselves waiting for each season of bloom, or new growth, with the expectation and excitement of a child watching for Santa Claus.

Number one is the Spanish Beauty Rose. We have mentioned this pillar rose several times. If you have it, or have seen it, you will appreciate our enthusiasm. It is sometimes listed under the name of Madame Gregoire Staechelin. The color is soft, pure pink. One plant is almost a garden within itself. Hardy in Pennsylvania. Good in large borders. Usually, does not bloom until second spring after planting.

Number two is the Virginal Mockorange. This shrub is hardy anywhere. Very reliable and perfectly gorgeous planted as accent plants in the garden. Use lots of them, if you can. They do not take up so much space as some of the other Mockoranges.

Number three is the Hyperion Daylily. Such large yellow blooms, in quantity, can hardly be described. Use lots of these, too, in front of shrub groups, in the flower garden, for cutting, and for general landscape purposes.

Number four is not a blooming plant, but the new growth is so attractive each spring and summer that we wait for it as anxiously as for the others. This is the ornamental evergreen, Cedrus Deodara. It is not quite hardy above the upper south. The gray-green foliage is very beautiful. Use as specimen plants on the lawn or in the garden.

All of these plants can be moved now. May also be planted in the spring. If you can't find room for them this fall, list them in your note book for future reference. They will give you great pleasure once you have them.

On second thought, we will add Beauty Bush (Kolkwitzia) to the list. This is a very attractive shrub with dainty, light pink blooms that cover the bush. Good for mass planting in large borders or as specimen plants.

### DEPENDABLE ROSES

We have been giving descriptions of roses, most of them being the latest varieties, but there are many older kinds that are dependable and beautiful. One of the best is Radiance. A fine rose of outstanding color is Betty Uprichard, and, at a certain stage of unfolding, we believe that Pink Killarney is about the freshest looking thing that a dewdrop would ever care to glisten upon.

Another old favorite, with people who like white flowers, is the White American Beauty, (pillar). It is very prolific.

### State Directory Contains Names Of Texas Officials

AUSTIN, Nov. 4. (U-P) — The second edition of the Texas state directory contains the names of approximately 2,000 persons who are public officials and employees and live in Austin.

The publishers of the directory, Texas Publishing Co., Inc., Austin, said that the purpose of the book was to acquaint citizens with the affairs of our state government and to afford "a handy reference to the personalities elected and appointed to transact the important \$400,000,000 annual joint-business of 7,000,000 citizens."

At the conclusion of the book is a list of departments, commissions and boards of the state and mailing addresses for the state colleges and universities.

The directory is dedicated to Judge Frank Lee Hawkins of the Court of Criminal Appeals whom the publishers call "a senior member of the state family."

**SOFT WATER**

Equipment is available now for new patrons who desire Culligan Soft Water Service. The local agency, which is located at 505 East Sixth street is prepared to make prompt installation on new service units. Complete information concerning the service can be obtained at the agency's office.

**Reliability Mark Of Driver Agency**

Reliability isn't established overnight—it's something that comes only after performance over the years. And that's the quality that makes the E. P. Driver Agency and a tiring of old-line companies increasingly in demand in Big Spring by discerning property owners. Driver is a native of Big Spring, having established his own personal reliability through courteous performance over the years. Ideally, he has three companies whose reliability has stood the test of time. Aetna Fire Insurance com-

pany, Hartford Fire Insurance company and Hartford Accident and Indemnity company are practically household words in the insurance world. One of the units traces its history back for more than 140 years and all have withstood all sorts of economic and catastrophic tests like the rock of Gibraltar. Thus it is that when property owners are looking for complete safety in companies and the counsel of an underwriter who matches the quality of the companies, they turn to the E. P. Driver Agency, room 12 (phone 759) First National bank building.

Driver offers a complete line of insurance. Many farmers have held hail insurance with his companies against crop damage. On particular valuable animals, many have taken out livestock mortality insurance.

Besides these services, Driver also is in a position to make loans on new and used cars, and also to offer service on real estate transactions.

NEW PLANT—Harvey P. Wooten has erected and moved into a new plant at 504 E. Second street, where he offers the same complete lines of Red Chain feeds, together with hay and other feed needs for any kind of fowl or animal. Besides this, Wooten's new building is especially designed for his cream, butter and egg purchases and for processing poultry. The plant is conveniently located on a wide, paved street. (Jack M. Haynes Photo.)

**Maintaining Top Service. Clay Adds Equipment**

Clay's No-D-Lay Cleaners, located at 207 1/2 Main street is maintaining a continuous policy of adding equipment designed to keep the firm among the front runners in service.

The establishment, which only reopened a few weeks ago after completing a remodeling project, is now planning for installation of more equipment. On order at present are two new presses, which are expected to be delivered soon, and they will be put into use immediately after they arrive. Other new equipment will be added, of course as needed, said H. E. Clay, owner of the firm. The No-D-Lay shop has furnished top cleaning and pressing service

and expert alterations in Big Spring for almost two decades. However the establishment has other specialties.

One of the most popular services is provided in the hat cleaning and blocking department. Here meticulous changes are wrought upon battered headgear as it is restored to appearance of new merchandise. Clay's also is accepting orders for new made-to-measure suits which are available in attractive materials and patterns.

Dear Sir:  
Boys, vote the New Deal, the best deal we had since the civil war. Vote for Harry Truman. Think of the old deal under Mr. Hoover when a carload of canner coves liked \$3.85 of paying the freight and expenses. One car of good coves shipped from Coahoma netted only \$20. Roosevelt got in and coves went up. Cattleman, farmers, laborers and all classes of people are spending more money today than they ever could have made under the GOP government since the Civil War.  
Men and women, this is true: I know for I've been here a long time.

# Mustangs In Grave Danger Of Having Record Spoiled

## 75-POUNDERS MEET

### Local Teams Play On All Fronts Starting Today

There'll be plenty of football on the sports fare, both at home and abroad, for local fans this week-end.

This afternoon, the Junior high school Yearlings, coached by Earl Crawford and Roy Baird, invade Sweetwater for another engagement with the Little Colts.

Two teams of grade school boys, players of which cannot weigh over 75 pounds, are clashing at Steer stadium starting at about 4 p. m. today.

Personnel of the squads is being selected by Prof. Adair and D. R. Gartman, who have been working with the teams.

Friday at 4 p. m. in the stadium, eleven representing Central and West Wards collide at Steer stadium. Adair and Gartman are also handling those clubs.

The little fellows, benefited from something like \$1350 worth of new equipment, so will be fairly well protected for the engagements.

Adair promises that more such games will be booked next week.

Friday night, the varsity teams of San Angelo and Big Spring high school clash at Steer stadium. Kick off time is 7:30 o'clock.

At 2:30 p. m. Saturday, the Steer reserves try for their second win of the season in a game with the La-

meas B string at Steer stadium. In the last meeting of the two eleven, a tie resulted.

The Shorthorns appear to be in better shape for this one and may be able to slip through to victory.

### Misfits Defeated By All-Americans

The All-Americans and the Cardinals led the way into the third round of Y Girls' Volley-Ball league play here Tuesday night, trouncing the Misfits and the Top Notchers, respectively.

The All-Americans, led by Virginia Costello, routed the Misfits, 45-25, while the Cards steam-rolled the Top Notchers, 60-21. Haley and Jones were the standout performers in that one.

In other games, the Cloud Busters needed an overtime period to trim the Sports, 32-27; the Eagles edged the Dragons, 40-34; the Red Sox proved superior to the Giants, 38-17; the Indians skinned by the Hornets, 37-33; and the Sandstorms halted the Athletics, 35-32.

### Vote For UNESCO

BERN, Nov. 4 (AP)—The upper chamber of the Swiss Parliament decided at a recent session to apply for the admission of Switzerland to the United Nations Educational, Scientific and Cultural Organization.

A recommendation to this effect from the parliamentary foreign affairs commission was approved by 22 votes to one. Despite the almost unanimous vote, several deputies expressed a fear that Swiss membership in UNESCO might eventually compromise Switzerland's traditional neutrality. Similar fears have hitherto excluded Swiss membership of the United Nations itself.

## 43 Conference Games Carded

By HAROLD V. RATLIFF

Associated Press Sports Editor

Forty-three conference games this week-end will do much to clear the championship picture in Texas schoolboy football.

From the top of the state to the Gulf important battles do not schedule that will establish leaders in every area — determine virtual champions in at least four districts.

One of the undefeated, untied teams appears in grave danger as Sweetwater meets Odessa at Odessa in what can be termed the title game of District 3 in Class AA. Sweetwater is one of five outfits left with perfect records.

In the city conference, Jefferson and Alamo Heights battle for the top rung in the San Antonio District. The winner will be a heavy favorite to take home the title.

Highland Park of Dallas and McKinney, last unbeaten teams in District 6 Class AA, get together at McKinney.

Austin and Kerrville, who occupy a similar status in District 13, clash at Kerrville.

Little trimming is expected in the list of unbeaten teams of which five are undefeated but have been tied.

Port Arthur plays South Park (Beaumont). Henderson tackles Kilgore and Amarillo engages Borger while Waco, the other undefeated, untied eleven, has an open date.

Among those undefeated but tied Alice takes on Robstown. Baytown engages Galena Park and Milby meets its Houston neighbor, Stephen F. Austin. Arlington Heights (Fort Worth) and Lamar (Houston) have open dates.

The week's schedule by districts (conference games except where indicated otherwise):

### CITY CONFERENCE

1 — Thursday: North Dallas vs Woodrow Wilson (Dallas); Friday: Crozier Tech (Dallas) vs Forest (Dallas); Saturday: Sunset (Dallas) vs Adamsom (Dallas).

2 — Friday: Amon Carter-Riverside (Fort Worth) vs Paschal (Fort Worth).

3 — Thursday: Jeff Davis (Houston) vs Reagan (Houston); Friday: Sam Houston (Houston) vs San Jacinto (Houston); Saturday: Austin (Houston) vs Milby (Houston).

4 — Thursday: Burbank (San Antonio) vs Lanier (San Antonio); Friday: Harlandale (San Antonio)

### Statistics Lie, Frosh Proving

WACO, Nov. 4 (SpI)—The old adage that statistics don't win football games has proven to be more than a saying with the Baylor Cub who have emerged victorious in two contests and gained a tie in the other to remain undefeated.

The only edge the Baylor first-year men hold over opponents is in scoring where they lead 56-31.

On the ground, opponents have rolled up 530 yards to the Cubs 347. Opponents lead also in yards gained on passes, but the Cub's passing has been the difference as they have connected with seven touchdowns passes, five being caught by end Stanley Williams of Cisco who is the team's leading point maker.

In the favor of the Cubs has been the punting of Quarterback Marshall Alford of Brownville, who has maintained a 43-yard average in the three games. His high-kicking kept the powerful Texas Shorthorns in their own end of the field, despite the fact that the Steerlets rolled up 20 first downs to the Cubs two. Alford has kicked 948 yards on 22 kicks to become the most respected kicker in the loop.

On first downs, the Cubs have managed only 13 to their opponents 44.

Leading the passing for the Cubs is Robert Reid of the Jeff Davis team of Houston last season. Reid has tossed three touchdowns passes while Alford has connected for two.

Jackie Bearrow, a 200-pound full-back from Olney, is the leading ball carrier, gaining 123 yards on 22 carries and ranks second in scoring with 12 points.

The Cubs wind up the season Nov. 12 against the Southern Methodist Colts at Dallas.

vs Brackenridge (San Antonio); Saturday: Jefferson (San Antonio) vs Alamo Heights (San Antonio).

### War Bird Back Tops Carriers

By The Associated Press

Richard Nutt of North Texas State leads the Lone Star Conference at ball-carrying with 617 yards, statistics released by the conference bureau showed today.

Nutt also is the scoring leader with 49 points.

Second in both rushing and scoring is Gerald Levermann of Trinity with 334 yards and 36 points.

Bobby Griffin of East Texas State is tops in passing, having thrown for 649 yards and six touchdowns; in total offense with 849 yards, and in punting with an average of 42.8 yards on 49 booms.

Cecil Martin of North Texas State has passed for 529 yards and five touchdowns. Nutt is second in total offense with 640. Second in punting is John Hedaway of Sam Houston State, who has averaged 40.3 yards on 30 kicks.

Charles Williams of Sam Houston State is the leading pass-receiver with 17 catches for 229 yards. He is followed by Billy Nichols of Stephen F. Austin, who has caught eight for 175 yards.

Leo Anger of Stephen F. Austin has carried back 12 punts for 119 yards. Second is Richard Nelson of Sam Houston who has accumulated 117 on six trips.

North Texas State, in seven games, has rolled up 11427 yards to lead on the ground and has amassed 1,980 to top in total offense. Stephen F. Austin is next with 1,242 yards rushing and 1,968 total offense.

Stephen F. Austin is the leader in passing with 726 yards in seven games. East Texas State has 700 yards for second place.

Trinity leads in defense, having allowed six opponents a net of 850 yards. Southwest Texas State is second with 898.

### New Attendance Standards Set

COLUMBUS, O., Nov. 4 (AP)—A total of 63,785,991 persons, an increase of 2,374,716 over 1947, saw America's 60 professional baseball leagues in action this year.

The major leagues drew 20,943,345—the National 9,793,027 and the American 11,150,318—and today George M. Trautman, president of the minors, announced the 38 leagues under his jurisdiction attracted 42,822,646.

Paid admissions for the minor circuits totalled 40,949,028, but the overall mark was 1,305,910 above last year's record of 41,516,736.

Thus the minors shattered attendance records for the third straight year. Paid attendances included: Texas League 2,235,913; Big State 818,277; Arizona-Texas 431,803; Lone Star 484,068; West-Texas-New Mexico 668,144.

### BON FIRE TONIGHT

## Three Bobcat Regulars May Miss Big Spring Contest

Two of San Angelo's better backs, Bill Gilley and Dwight Trice, will be back in action against Big Spring here Friday night but other Bobcat regulars will be missing, according to Coach Red Ramsey of the Concho City.

Gilley and Trice missed last week's game with Midland because of injuries but have been suiting out in drills this week.

Bobby Clatterback, who called signals for the Cats before he was

hurt, is still favoring an injury and is not due to see any service. The same goes for Walter Schleyer, regular center, who had a couple of ribs torn loose in the Midland game. Lynn Westbrook, a regular guard, has not been showing up for practice and Ramsey insists he will not use him.

Billy Van Pelt, one of the more valuable line hands, will not be able to play much, if any, Billy has been bothered by a charley horse for several weeks now. He

## LOOKING 'EM OVER

With TOMMY HART

Texas' only unbeaten college football team, Sul Ross, is expecting its toughest game of the season this weekend. The Lobos play Adams State of Colorado in Alamosa.

A couple of local youths, Hal Battle and Frank Barton, will be in the Sul Ross starting lineup. Battle is the Lobo center while Barton is a guard and the team's chief goal kicker.

If the Lobos get by that one, they'll be pretty sure to wind up with a perfect record. If their record shows no losses, they could wind up with a bowl bid.

### WEST COAST WRITER THINKS HIGHLY OF WALKER

Perhaps you'd like to know what some of the West Coast's sports writers think of Doak Walker, the SMU wonder boy. Here's what Dick Friedlich of the San Francisco Chronicle wrote about the Doaker after Santa Clara had paid a trip to Dallas. Dick was in the bunch who viewed the 33-0 rout administered by the Mustangs:

"... Walker is playing even more brilliant football this year than he did last season, and if there is a better college back in the country, I would love to see him.

"No derogation of California's Jack Jensen is involved, because, as good as Jensen is, he is not as good as Walker, period. Santa Clara players who have faced both men twice in the past two years are united on that, and most of them say Walker is the greatest back they ever saw.

"Walker has another year of eligibility at the going rate for good halfbacks, there won't be enough money in the Federal Treasury to hire Doak if he decided to play pro football.

### MANY A LOCAL FAN WILL BE IN ODESSA FRIDAY

San Angelo's Bobcats invade Big Spring for their annual District 3AA grid classic and the contest could be a lulu, despite the mediocre record of both teams. The teams have always played above their heads in the games of the past.

Still and all, many good local fans will be missing from their 112 regular pews for the simple reason that Sweetwater and Odessa are clashing for the conference crown in Odessa.

Local parties never gave the Mustangs much of a chance to chill the defending champions until last week, Pat Gerald's forces knocked Abilene's block off, 28-6. They did it by sticking almost exclusively with a ground game. They can move both ways on the ground and through the air.

They'll need reserves and the speed to cope with the Hosses. If they don't choke up, however, they may have the guns. Time will tell.

### CHERRY SEEMS DETERMINED TO GO WITH CAMPBELL

Here's one for you.

Only one University of Texas pass receiver Ben Proctor is included among the first ten catchers on Southwest Conference eleven. While Bobby Layne was active, the Steers had from three to four receivers among the cream of the crop every fall.

All of which brings up the question: Has Paul Campbell failed as a quarterback and Coach Blair Cherry refused to admit it? In the one game this writer saw Texas play, Cherry seemed to have at least two boys who could do the job better.

## Snead, Harbert Teams Register Pacing Field At Pinehurst

PINEHURST, N. C., Nov. 4 (AP)—Two of golf's longest drivers remained in the forefront today as the 46th North and South Open Tournament was resumed after a day's interruption because of rain.

Off the first-round scores and their past records, Chick Harbert of Northville, Mich., and Sammy Snead of White Sulphur Springs, W. Va., were the popular choices to fight it out for the title. A half dozen others were conceded good chances of winning, however.

Before yesterday's postponement Harbert had gained a three-way tie for the lead with a first-round 68. Snead was two strokes behind.

Sharing the top spot with Harbert were Glenn Teal of Charlotte, N. C., and Amateur Julius Boros of Bridgeport, Conn. Big Clayton Heafner of Charlotte had a 69. Behind, Snead five players were tied at 71—among them defending champion Jim Turnesa of Elford, N. Y.

After a long rest from the tournament grind, Snead was hitting the ball exceptionally well Tuesday. But he blew himself to a big six on one long hole and dropped behind. Sam always has done well on the long No. 2 course at the Pinehurst Country Club, winning the title in 1941 with 277 and finishing second three times.

Tied with Turnesa in the 71 bracket today were Claude Harmon of Mamaroneck, N. Y., winner of the Augusta Masters Tournament; Jackie Burke of White Plains, N. Y., who is considered one of the most promising young pros; Harry T. Nettieblatt of Avon, Conn., and Joe Zarhardt of Greensboro, N. C.

Boros, a comparatively small player, had a big edge over his amateur rivals. Dick Chapman of Pinehurst had a 72, Harvie Ward, Jr., of Tarboro, N. C., a 74 and Frank Stranahan of Toledo a 75.

### Moose Panics Butte

BUTTE, Mont., Nov. 4—Bull moose at best are ill-tempered fellows and autumn is when they're at their worst so a Butte residential area breathed easier after a 1200-pounder was killed by police in climax of a pursuit by automobile. The animal had trampled many lawns and flowerbeds and frightened many residents before he was felled.

## 90-Minute Time Limit on Duel

When Dory Funk of Hammond, Ind., and Al Getz, Pittsburgh, meet in their return match at the local grappling arena next Monday night they won't have to pay much attention to the clock.

Promoter Pat O'Dowdy has set a 90-minute time limit on the match, compared to the regular hour limit for other matches.

Last Monday's test came to an end with both wrestlers somewhere between the ring and the south exit. Referee Billy McEuis disqualified both.

Next week's opener will pit Rod Fenton against Dick Trout.

Duke and North Carolina met in the first football game ever played in North Carolina, and as far as is known, the first game ever played in the south. It was a Thanksgiving Day game played in Raleigh in 1886, and the Blue Devils won, 16-0.

Basketball League To Be Formed At 'Y'

Persons interested in the formation of a basketball league are reminded of an organizational meeting at 7:30 p. m. today at the YMCA. Lee Milling, executive secretary of the YMCA, said that there had been considerable interest in the proposed league, and that all persons representing institutions, business clubs or themselves should be on hand if they wish to enter a team. Responsible sponsorship will be a requirement for entry. Earlier in the day—at 5:30 p. m.—young women interested in a gymnasium class are to meet at the YMCA to discuss plans. In event there are enough to warrant the class, said Milling, it may be that they will be held at about 5:30 p. m. each Monday, putting them well in advance of the basketball league play for the same evening in the Howard County Junior College gym.

Flames Damage Room Of House

One room in a residence at 709 Washington Blvd. was damaged by fire at about 10:25 p. m. Wednesday, city firemen reported. The fire, which apparently started near a chair which was destroyed, burned through the floor and an outer wall, firemen said. Occupants of the house were not at home at the time of the blaze. Firemen were called to the Planters Gin at 3 p. m. Wednesday where a small blaze caused only slight damage.

Cooler Weather In Prospect As Wind Increases and Shifts

High winds, stirring up dust and sending leaves flying here Thursday morning, were said to be but a forerunner of cooler weather. The wind, 25 mph with gusts up to 30 mph, was out of the west and a little south of west. During the afternoon, the direction was due to shift to the north quadrant as a cold front moves in. Top temperature Friday is due to be about 60 degrees.

NEW YORK, Nov. 4. (AP)—Rapid-fire buying lifted the stock market a few cents to more than \$1 a share early today following a crushing post-election setback. Yesterday's crash-up in prices stirred up interest in the market all over the country. Buying orders topped the list from the public as well as the Wall Street trader. U. S. Steel Corp. opened 50 cents a share higher at \$79.75 on transfer of 1,500 shares. Bethlehem Steel advanced 37 cents to \$34.75 on a similar deal. General Motors started the day 22 cents higher at \$42 on sale of 1,000 shares. Demand spilled over into other groups as well, including some of the utility and oil stocks which were so hard-pressed yesterday. The turnaround followed the worst beating the stock market has taken in the past two years.

Lions Club Is Entertained By Youngsters

Pupils of Betty Farrar entertained for Lions Club members Wednesday with songs, dances and rhythm band numbers. Rev. R. Gage Lloyd, president, announced a zone meeting Thursday evening in Hermleigh and said that he and Schley Riley, district governor, wanted a large delegation to attend. June Ann Johnston gave a speciality tap, "A-Tuning We will Go;" Nancy Smith, Sharon Limer and Nancy Clark did a group ballet, "The Music Box;" Susan Lander did a rhythm tap, "Winter Wonderland;" and Susan Zack was spotlighted in a song and military tap, "An American Doll." Kindergarten children participating in rhythm band numbers were: Patricia Lozano, Billy McDonald, Karon Koger, Bill Bonner, Rachael Phelan, Skipper Driver, Ann Noman, Danny McCrary, Linda Kay Limer, Tim Williamson, Susan Zack, Richard Barry Clark, Sally Adair, Billy Sullivan, Cleo Rita Thomas, and Kenny House, the band director. Miss Farrar accompanied all the young artists and several of the mothers were on hand for the performance.

Trustees To Meet

The Big Spring Independent School district board of trustees meet in regular session at 7:30 p. m. today at the administrative offices. Only routine matters are scheduled for attention of the board.

There's No Lagging Of The Gagging As Texans Continue Razzing Pollsters

There was no lagging of gagging as Texans continued to razz the public opinion experts who predicted President Truman would be beaten badly. A saying of the day was: "Mr. Truman slowed Dr. Gallup down to a walk," and the Kilgore News Herald ran a free want ad: "Wanted: Nice, clean, dignified position, nothing to do with figures or percentages," signed: George Gallup and Elmo Roper. George P. Kaykendall, West Texas business and religious leader and board member of Texas Christian University, recalled the sad poll of a magazine in 1936 (which predicted Landon would beat Roosevelt and ceased publication soon afterward) in a phone call to the Lubbock Journal: "Is it true that Doc Gallup and Drew Pearson are joining the staff of the Literary Digest?" When the bulletin came over the news wire in the Waco Times-Herald that Dewey had given up, editors shouted: "Dewey's conceded." A printer back in the composing room shouted: "What's he got to be conceded about?" The Oak Cliff Lion's Club was so sure several days ago that Dewey would win, its luncheon bulletin yesterday said: "In the 20 years existence of this club, this is the first time we have a program under a Republican administration." At the meeting, 53 members of the club pleaded guilty to being Republicans and were fined 25 cents each. Federal Judge Allen B. Janney, trying a case at Corpus Christi,

announced in court that Dewey had conceded the election and offered to buy coffee for attorneys and court attendants. But James V. Allred, a Democratic leader in Texas and one of the attorneys, insisted on paying for the coffee. "The election result made me love everybody," Allred said. An FBI agent in Fort Worth heard laughter coming from a federal grand jury room and investigated. He found that Mabel Gouddy, Star-Telegram reporter, had been admitted into the room to announce that "Dewey's conceded." After making her announcement, Mabel said: "I've told you what I know. Now, what are you gentlemen doing?" That's what started the laughter. In Dallas, an attorney visited newspaper offices, carrying a lantern in one hand and a roll of money in another. "I'm looking for a Republican," said this modern Diogenes, "and I'm offering a reward." In the same city, a little girl told her mother that at school, Wednesday, the two most important men in history were discussed. "And who were they, dear?" mother asked. "Doak Walker and Mr. Truman," the little girl replied. Here are some of the sayings that went the rounds: "Never Dewey today what you can put off four years." "Gallup and Roper know all the wrong people." "If all the polls were laid end to end, they would reach from here to a wrong conclusion." Before the election people sang: "Don't sit on the grass, Harry, it's Dewey."

Today, they're singing: "Don't sit on the grass, Tom, it's Harry." But there's a fellow in Parker County who probably didn't get a bang out of the election. He showed up at a Weatherford polling place Tuesday and spent 10

minutes reading the king-sized ballot. Then he handed the ballot back to the election judge. "You can have this back," he said. "I don't see anyone I want to vote for."

Seaboard Will Be Honored Nov. 11th

Residents of the Vealmoor community will join a Big Spring group at a special celebration honoring the Seaboard Oil Co. on Nov. 11. R. L. Cook, chairman of the chamber of commerce oil committee, announced this morning. Tentative plans for the celebration have been discussed at recent meetings of the chamber of commerce, and Cook said that many persons who live in the Vealmoor area are anxious to participate in the activity. The celebration, which is being arranged to give special recognition to developers of Vealmoor oil activity, will be climaxed with a barbecue to be served at the Vealmoor school at 5 p. m. on the announced date. The Big Spring group plans to arrive in Vealmoor at 3:30 p. m. and visit new producing oil wells drilled by the Seaboard Oil Co. Written invitations are being forwarded from the chamber of commerce office to members of the oil committee and their wives and to chamber of commerce directors and their wives. They will be

joined by Vealmoor citizens at the site of the celebration.

Green Off To Quiz Shooting Suspect

Chief of Police Pete Green left this morning for Lubbock to question a suspect in connection with a shooting incident last night on the north side of town. Erlender Valdras was treated in a hospital for a bullet wound in the hand following the incident, officers said. The suspect was arrested early this morning by Lubbock authorities.

Fined On DWI Charge

D. F. Lefler entered a plea of guilty in county court this morning to the charge of driving while under the influence of intoxicants and was fined \$100 plus expenses by Judge Walton Morrison. In addition, Lefler lost use of his driver's license for the ensuing six months.
