Derby Classic Means Wealth to the Winner

BY JACK VEIOCK.
International News Sporting Editor

NEW YORK, April 3.—With the classic Kentucky Derby enriched by the raising of added money to \$30,000, which makes the race worth something like \$60,000, and other big stakes increased all along the line, a colt that could sweep the boards in the 3-year-old class this year would win a handsome fortune for his owner.

Man o' War, S. D. Riddle's 1919 champion 2-year-old, has the ears marked of some such colt, but his chances of breaking any records for winnings as a 3-year-old have been greatly decreased because he is no longer among the entries for the Kentucky Derby, nor for the Latonia Stakes worth \$40,000, to be run in October.

Sysonby's winners in 1905, amounting to upward of \$125,000, constitute too high a total for Man o' War to shoot at, considering the fact that his owner does not intend to hurry him along by running him in the Derby. But he stands a chance of bettering Sir Barton's earnings of \$88,250, and his performances will be watched with a great deal of interest by turf followers, because he showed that something which indicates that he may be just as great in the 3-year-old class as he was last year.

Man o' War is being primed for the Preakness, the Withers, the Belmont and the Dwyer stakes, worth something more than \$50,000 altogether and these will be run before the meeting at Saratoga commences.

A really great campaigner, however, could make a veritable killing for his owner. There is a total of

something like \$170,000 to be won in some ten races by 3-year-olds, and without stepping out of his class Man o' War outclassed his rivals by far last year. If there was a colt with his class and the carnation qualities of Spendrift, his great grandsire, the record of Domino whose total was \$170,890 as a two-year-old, might easily be equaled.

The Kentucky Derby may uncover some phenomenal performer. In the absence of Man o' War, the owners of Harry Payne Whitney, New York millionaire horseman, are being given considerable attention. Among the horses whom which James Rowe will select Whitney's standard bearer are John P. Grier, Uppet, Wildair, Danask, Amaze, Levathan, Cobwebs, Afternoon and Dr. Jack. Many horsemen believe that should John P. Grier train well he will go to the post a favorite in the derby, with Man o' War munching away in his stable.

John P. Grier was sent to the post five times last season and never finished worse than second, winning three of his races.

Danask is another likely looking Derby candidate, and also Broom, Prince Hal, Miss Jemima, Westwood, Constance, High Command and several others.

Though many cool judges and juries are included in the list of over 100 nominees recently announced by the Kentucky jockey club, tradition favors the colts. One filly and five geldings have won the classic since it was inaugurated in 1875, while Omar Khayyam, the 1917 winner, ranks as the only imported animal to win the great stakes.

Miss Jemima, out of Black Tony, Zella, ranked as the best money winner of 1919 next to Man o' War. She won eight out of twelve starts and took down \$20,000 for her owner, E. E. Rowe.

VANDERBILT TO PLAY TEXAS U. AT DALLAS, 1921

Special to The Times.
AUSTIN, April 5.—"Saturday, Oct. 22, 1921, for game Dallas satisfactory to Vanderbilt," was the text of a message recently received by L. T. Belmont, director of athletics at the University of Texas. This means that Varsity is already working and has been working since the beginning of this school year on a strategy football schedule for 1921.

Everyone has admitted that the university schedule for next fall is disappointing one, so the council is trying to make early arrangements in order to secure a good season for the following year. Mr. Belmont said the reason for so many weak schedules for Texas football is a result of geographical position. The big teams cannot afford to come the long distances that would be necessary on the comparatively small guarantee that could be made. Hence the best that can be done is to work up stiff competition within the state and to nail what good outside games can be secured.

INSANE FARMER CALLS TO PRAYER WITH COWBELL
International News Service.
MIDDLETOWN, N. Y., April 5.—William Embler of Circleville, near here, one of the foremost farmers of this county, has been committed to the Middletown State hospital violently insane. His condition is believed to have been caused by brooding over matters connected with the farm bureau of which he is a member.

A short time ago the bureau decided to permit Middletown business men to become members, and this greatly displeased Mr. Embler, who discussed the subject much of the time. Sunday he went through the streets of Circleville ringing a cowbell and calling the people to prayer, declaring that the world was coming to an end. Some persons knelt in order to please him.

BONAFIDE CLUBS MAY MAINTAIN POOL TABLES
By Associated Press.
AUSTIN, April 5.—It is not a violation of the Texas pool hall law for a bonafide club to maintain pool tables as an incident to the principal purpose for which the club is organized and maintained, the attorney general's department held today.

"The Honor System" Will Close Tonight

Tonight will mark the close of the run of William Fox's masterpiece of film art "The Honor System," at the Lamb theater. All records for attendance have been broken since the picture opened last night and those who have seen it declare it to be the most thrilling film production they ever witnessed. Comedy, tragedy and romance are intermingled in this story—not only with faithful depiction of the struggle between virtue and the unseen powers of graft, but with flashes of rare humor that light the picture throughout.

Among the most novel things which R. A. Walsh, the director, did in making this production, was the use of animal actors to supply part of the humor. The all-star cast includes Gladys Brookwell, Miriam Cooper, Milton Sills and George Walsh.

LIBERTY

The Great Travel-Lute show opened last night at the Liberty theater to overflowing crowds. Many were turned away and still more stood at the back craning their necks endeavoring to see the Great Travel-Lute in his wonderful performance. It was certainly a banner night. To say the crowd that packed the theater was pleased would not begin to express their enjoyment. During the comedy part of the show they simply yelled, approaching hysterics, their explosive laughter could be heard for blocks. But the earlier part of the show came in for the most decided approval. Loud and very frequent applause followed every effort of entertainment. The Oriental dancing and singing simply transported the audience to the famed land, the Far East. The mystifying feats of magic performed by Dr. Travel-Lute were unequalled in their success, worthy of the greatest magicians in the world. They seemed impossible of accomplishment, yet they were accomplished. Then the famous seance, in which Dr. Travel-Lute answers any and all questions, kept the crowd on their toes so very eager were they to have their fate decided, future opened up before them. His famous crystal performance, Dr. Travel-Lute answers questions that are all sealed in envelopes, held out in the auditorium, gives the names of the writers, and on a fully lighted stage, while continually walking about, all over the stage. It is a speedy rapid fire performance, he never pauses for a second in his answers. His famous "crystal" seems to be a speaking marvel. Then the hypnotic tests follow. This is only the end of the great show, being the comedy afterpart, just to send the people home laughing, gives them that "Glad I was there feeling on the homeward hike." All

together the Travel-Lute was one great tremendous overwhelming success. It was announced that the program was to be shown entirely every night during the week's engagement.

OPERA HOUSE

The following is the program at the Opera house today:

The Five Partrows—Three men and two women in an act embracing singing, feats of strength, dancing and posing with a stage setting that is a blaze of beauty. The feats of strength performance are a marvel in themselves, there are some pretty dances and the posing is very beautiful.

Ward and King—Two men. Comedy singing, talking and dancing. Camec joined the show at Muskogee, jumping from No. 133 after Los Angeles.

Archer and Belford—Bozo Archer and Blanche Belford in one of the big screen comedies of the season, "The New Janitor." Bozo as a tramp enters a lady's drawing room and keeps tickling the liquor decanter, he is discovered by the lady of the house and is not to be moving the piano to a different part of the room, and he keeps the audience in an uproar all through this operation.

George and Mae Lefere in a novelty dancing act, embracing everything from the classical to the cakewalk. They feature gorgeous novelty headwear and their costumes alone are valued at \$10,000.

Hyman Meyer, a versatile entertainer in a monologue, talking, singing, playing and introducing some very clever imitations.

Ray Lawrence, in character costumes including some very stunning gowns, in a double voice song repertoire.

TEAMWORK.

To get perspective of the solidity of Ranger and the promise of its future all that is needed is a trip to one of the towns that is now in a position comparable to Ranger's in the fall of 1918.

From one of the merchants of one of the towns that is enjoying a hectic boom now, take this expression, "Ranger is better now than it was a year ago."

better returns to the merchants. "Where the drifter spent \$20 a year ago and was gone, the steady customer now spends more than that again and again. He buys good clothes instead of a pair of khaki trousers and a work shirt."

Our younger neighbors, with their fresher slates, also are yet free from problems that Ranger faces. And with good foresight they are seeking the co-operation necessary to solve them when they arise. They are handicapped in that the workers must depend as they do in every new town, upon the men awake to the need for civic unity.

The Greater Ranger campaign now under the direction of the American City Bureau has for its basis the realization that no community effort can achieve greatest success without being thoroughly representative. The campaign teaches the duty of each resident toward his community, the willingness to serve.

This is more important to the welfare of any work than its financial backing, essential as that may be. For once far-reaching teamwork has been attained, the monetary success is assured.

No one who has been approached to serve on the Greater Ranger committee has declined. In the days of the campaign now opening, many more will be given the opportunity to have a share in the work—and it is intended to miss no one who has team value. The Chamber of Commerce, as it will be reconstructed, will be truly representative of its new membership. This is assured by the election plan of the campaign. Two mail ballots will be used, the first a "primary" with the entire membership of the chamber on a ballot, the second the election, with a board of directors selected from those nominated on the first ballot.

No plan to secure civic teamwork could be more democratic.

The lowest age at which marriage is valid without parents' consent for a female is fourteen in Arizona, Iowa and Texas.

In addition to knowledge of Malay, Queen Wilhelmina, of the Netherlands, speaks French, German and English as fluently as her native Dutch, and she also knows something about Italian and Russian.

Helen Hamilton Gardener, nominated by President Wilson to be a member of the civil service commission, is the first woman to be appointed to the commission. She is an ardent suffragist and is the author of many short stories and essays.

"Gosh! How my back aches!" After Grip, "flu" or cold, the kidneys and bladder are often affected—called nephritis, or inflammation of kidneys.

This is the red flag of danger—better be wise and check the further increase of kidney disease by obtaining that wonderful discovery of Dr. Pierce's, known as Anurie (anti-uric-acid), because it expels the uric acid poison from the body and removes those pains, such as backache, rheumatism in muscles and joints.

Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

Dr. Pierce's Anurie is many times more potent than lithia.

Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

YONKERS, TEXAS.—"After using different kinds of medicines for kidney and bladder troubles will say that I have given Dr. Pierce's Anurie Tablets a fair trial and was greatly benefited, and do hereby cheerfully recommend Anurie to all persons suffering from kidney and bladder troubles."

KANSAS CITY WOMAN GAINS TWENTY POUNDS

Mrs. R. T. Butts Says Her Life Was Miserable for Two Long Years Before She Began Taking Tanlac—Now Enjoying Fine Health.

MRS. R. T. BUTTS, of Kansas City, Missouri.

"If it had not been for Tanlac I would still be a sick woman, so I feel like I ought to tell everyone what this wonderful medicine has done for me," was the sincere statement made recently by Mrs. R. T. Butts, 1924 Troost avenue, Kansas City, Mo. "By the help of Tanlac I have gotten rid of a severe case of nervous indigestion that had made my life miserable for the past two years. I could not eat anything without suffering afterward. The gas on my stomach would rise up into my chest and press on my heart and at times would almost cut off my breath. My nerves were so upset that the least unexpected noise would almost distract me. I seldom slept well and was so nervous I would often roll and toss until after midnight and what little sleep I did get seemed to do me no good. I was also a great sufferer from headaches and would often get so dizzy I would have to hold on to something to keep from falling. "One day I happened to see a testimonial for Tanlac, describing a case like mine, so I bought a bottle and before I had finished it I began to feel like a different person. Those terrible headaches disappeared and my appetite returned. When my first bottle was gone I got another and I kept on improving until now I can eat just anything I want and I never suffer any more from indigestion. I am not the least bit nervous and rest well

at night and never know what it is to have a headache or a dizzy spell. "Tanlac has not only relieved me of my suffering, but I have actually gained twenty pounds in weight and have not enjoyed such good health for years. Tanlac is certainly a wonderful medicine and I will always feel grateful for what it has done for me. I want to recommend this medicine to all my friends because I believe it will benefit anyone who is suffering as I did." Tanlac is sold in Ranger by Phillips Bros. and in Eastland by Butler Drug Co.—Adv.

This service will mark the opening of the new oil fields railroad through Eastland county and into the most active and productive part of Stephens county at Frankell.

Trains will leave and arrive at the several stations on the following schedule:

Table with 5 columns: Train No., Direction (Leave/Arrive), and Station. Includes routes from Ranger to Frankell and back, and from Frankell to Edhobby and back.

Red Cross Units In Each Country to Solidify Work

To make each county a unit, wherein the several different branches of the Red Cross will be drawn together under one head is the work of Mrs. Grace Ashbaugh, division representative of the southwestern division of the American Red Cross, who was in Ranger Monday.

Heretofore the Red Cross has carried in the different phases of its work under the heads of home service, welfare nursing, junior Red Cross and first aid, each head confining itself to a city or town.

According to Mrs. Ashbaugh, these will, in the future, come under the general head of the Red Cross and each community will be a unit.

In a survey recently made by the Red Cross it was found that 25 per cent of the children who were examined were suffering from lack of nourishment. Not, however, from the lack of food, but from a lack of the proper food. Many were also found who were suffering from adenoids and defective eyesight. This condition, Mrs. Ashbaugh said, the Red Cross would eliminate as far as possible through an educational campaign, conducted along health lines. They will also take up the matter of school ground recreation equipment, which Mrs. Ashbaugh said was found to be sadly lacking. The question of recreation parks will also receive attention.

In discussion the work being done by the Junior Red Cross, Mrs. Ashbaugh stated that this organization was getting wonderful results. She mentioned that they had made one ship load of toys and sent them to the children of Europe and would have another ship load ready for shipment in May. They also have in many places established free milk depots for the children of the poor, as well as providing free transportation to and from school for crippled children.

In the matter of home service where there is no organized charity, it is the intention of the Red Cross to do this work and do it along intelligent lines, Mrs. Ashbaugh said. In discussing this matter, she pointed out a case in the state where a family needed help. Several organizations were looking into the matter and each of them sent the family coal when it was not coal that was needed at all. It is the intention of the Red Cross to tender its aid not as a gift but as a loan.

Mrs. Ashbaugh went to Cisco Monday night. From there she goes to Waco and then to the Red Cross conference to be held in New Orleans, April 14.

With the ratification by the thirty-sixth state of the woman suffrage amendment, about 27,000,000 will be entitled to vote in the United States.

STOP HEADACHE AVOID DANGER

Doctors Advise Aspirinal Elixir to Remove Cause as well as Relieve the Pain Quicker. Absolutely Safe.

The medical profession is strongly opposed to the use of headache remedies that merely relieve the pain. They are warning the public that the cause of the headache should also be removed. That is why physicians and druggists are so delighted with the new Aspirinal Elixir that is sold under the two-minute guarantee. They know Aspirinal also removes the cause of bilious and sick headaches by gently acting on the liver, correcting biliousness and constipation and preventing the return of the headache next day.

The next time you have a headache go to your nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two tea-spoonful in a little water. With your watch in your hand count off two minutes and call for your money back, as per manufacturer's guarantee, if you can't feel your headache falling away within the time limit. Your druggist invites you to try Aspirinal, so don't be bashful. Everybody is doing it. Same guarantee applies to colds, coughs and neuralgia.—Adv.

ISADORA DUNCAN DENIES REPORT SHE IS BOLSHEVIK

International News Service.
PARIS, April 6.—In a letter to a Paris newspaper Isadora Duncan denies that she is a Bolshevik sympathizer.

"My Bolshevik reputation was occasioned by a very charming young reporter," she wrote. "He asked me the following question: 'If the Bolsheviks offered you a school of a hundred pupils, a theatre and an orchestra and the means to carry on your work, would you go to Russia?' Of course I said 'yes' like a shot, for if these things were offered me even in Mars I would take the next spring ticket rocket and go with pleasure."

PIQUA GIRL FIRST TO DRIVE LAND BATTLESHIP

International News Service.
PIQUA, Ohio.—Cinderella may have had her pumpkin shell coach, Cleopatra her golden chariot, Ruth Law her airplanes and midway of the avenue her luxurious limousine, but Miss Marcella Grunert, of Piqua, Ohio, has her tank.

Miss Grunert, adopting something new in the way of conveyances, has completed a tour of Piqua in a land battleship.

Assisted by Lieutenant Davies, who brought the tank here for recruiting purposes, Miss Grunert was the first Piqua girl to ride in and drive the novel taxi.

As the rolling fort went rumbling over the streets, a large crowd was attracted by the noise and smoke. The spectators obtained a good idea of the way the tanks look in action, as the boxer machine was guided about the thoroughfares by the gentle touch of the young woman inside.

Jakie Atz Brings Cats to Ranger For Battle Here

Jakie Atz veteran manager of the Fort Worth Panthers, will send his regular line-up of Cats into action Wednesday afternoon at 4 p. m. against Jim Galloway's Nitros at the Ranger Park.

Atz had had his managerie in Abilene for two games with Simmons College. Monday's game was lost to the Fort Worth club 16 to 6. After Tuesday they will come to Ranger for Wednesday's game.

If the teams live up to their respective names, real action should result from this tangle. The Panthers are known as fighters and while Galloway's bunch have not had much time to get into trim they can be depended upon to make the name Nitro respected in Pantherdom.

In yesterday work-out Manager Galloway staged a seven-inning contest. Dividing his recruits into two teams, the second string came out at the little end of the score, but to show there was no hard feelings, Red Dillard, who was managing the losing bunch, stole home on his bunkie, Big Boy Browning, who was catching that frame for the winners.

Bryan Thomas, a catcher, is a new player who has reported to the Nitro manager. Thomas hails from Dallas. Jack Shyres, a first baseman, is expected in within the next day or two. Shyres has been trying out with the Beaumont club. Last season he was with the Texaco club of Port Neches, Texas. The Texaco club was the champion of the gulf coast independents.

Friday the Nitros will take on the Dallas Marines.

FARMER VICTOR IN BATTLE WITH HUNGRY WOLVES

International News Service.
CONCORDIA, Kan., April 3.—James Flynn, a farmer living near here, was awakened by a noise on his porch a few nights ago and found three wolves trying to enter his house through a window. Armed only with a butcher knife, Flynn fought a desperate fifteen-minute battle with the would-be intruders before he could drive them away.

Finally the butcher knife found a vital spot in the body of one of the wolves, whereupon the others turned tail and fled.

Flynn suffered several severe lacerations. His nightshirt was reduced to ribbons by the teeth of his assailants.

AMERICANS IN BATTLES WITH PARIS CHAUFFEURS

International News Service.
PARIS, April 6.—Bloody battles between chauffeurs and their clients, in which many Americans mingled, characterized the inauguration of the new system of increased taxi fares in the city of Paris.

Until the companies change their taximeters the business of computing a fare is a regular job in arithmetic. The taxi traveler first doubles the amount appearing on the indicator and then subtracts seventy-five centimes. The result is what he must pay. The change went into effect on the same day three trans-continental liners discharged hundreds of passengers in France, and those Americans who couldn't understand French thought they were being trimmed. Some of the chauffeurs admitted that they were poor hands at arithmetic and accepted anything their passengers offered.

ENGLISH EXPERT PERFECTS MINIATURE WIRELESS SET

BOYS' AND GIRLS' HAIRCUTS AND "BOBS"

Lady White Hope

In Scrambled Example Of the Manly Art

The old belief that woman is the "weaker vessel" received a jolt early this morning in the minds of spectators of a battle between a man and a woman, on lower Main street.

A quarrel, the issues of which were very confused, started the fistfight. The girl seemed to be able to take care of her side of the argument, and resorted to the old feminine expedient of pulling hair, scratching with her finger nails and otherwise leaving her mark on her opponent.

The two were taken to police headquarters.

Mary and Nolan Cassell and Florence Blake, whose ages range from fifteen to twenty-two, have quit their positions of bank clerks in Chicago and gone to the wilds of Wyoming, where they will cultivate a government claim of 640 acres.
