

COMMISSIONER R. M. DAVENPORT RESIGNS PLACE

Lack of Time Because of Private Interests Is Cause.

R. M. Davenport, sanitary commissioner, announced this morning that he would tender his resignation as a member of the city commission to Mayor M. H. Hagaman at the next regular meeting of the commission to take effect when accepted.

VILLA AND BAND SURRENDER; WILL RETURN TO PLOW

SAN PEDRO, Coahuila, Mexico, via Laredo Junction, Aug. 10.—Francisco Villa marched into San Pedro Monday night between the lines of a cheering populace which greeted him with cheers of "viva Villa!" Behind him came his band of faithful followers, part of his bandit following which with their leader has surrendered to the de la Huerta government under terms agreed upon recently at Sabinas.

ENGLAND'S HEROES IN DIRE STRAITS, MANY OUT OF WORK

LONDON, Aug. 10.—"Will the heroes of war become the outcasts of peace?" This is the question propounded by the Daily Express, which points out that after July 31 a quarter of a million ex-soldiers and ex-sailors will no longer receive the government's out-of-work donation.

JAPANESE CLAIMS AMERICANS URGE MUCH DISLOYALTY

TOKYO, Japan, Aug. 10.—Assertions that Americans are "fostering disloyalty among the people of Japan and that American missionaries in Korea are using the cloak of Christianity to instill anti-Japanese sentiment there" are made in a series of daily articles in the daily newspaper, Kokumin Shinbun. This newspaper is considered the organ of the Japanese military group and the proprietor and editor is one of the leading journalists of Japan.

DE LA HUERTA IS FLOATED. VERA CRUZ, Mexico, Aug. 10.—Political and military leaders of the state of Vera Cruz have decided to resist the order of the provisional government dismissing Antonio Nava as provisional governor of this state. They hold that the de la Huerta government has infringed upon the constitution of the state and messages to this effect have been sent to de la Huerta. Leaders here say they will resort to strong measures to compel recognition of their claims.

300-FOOT DIVE IN SEWER

SAN FRANCISCO, Aug. 10.—Richard Andrews a 5-year-old visitor from Nevada, exhausted all the thrills at Recondo beach and closed the day's sport with a 300-foot dive to the sea through a two-foot sewer recently.

To Consider Suffrage

RALEIGH, N. C., Aug. 10.—The North Carolina legislature met today in extraordinary session to consider ratification of the suffrage amendment and local tax matters.

Talk Roads

All good road advocates are urged to attend the good roads meeting to be held tonight in the Chamber of Commerce rooms regardless of the inclement weather which is prevailing, was the statement made this morning by J. E. T. Peters, manager of the chamber.

Nothing is more important to Ranger than the good roads which are now being built in Eastland and Stephens counties, Judge Peters declared, and the only manner in which this city can be sure of being protected is to get together and plan some means to that end.

As pointed out by Mr. Peters, it is not known whether or not the road now being built from Ranger to the Stephens county line will connect with a similar road in that county. This is one matter vital to the interests of Ranger.

One other he said, is to know whether or not Eastland county will have sufficient funds to build the Pleasant Grove and Desdemona roads when the present road building contracts are finished. These and other matters the chamber believes Ranger citizens should acquaint themselves upon to see that this city is properly protected.

PROHIBITION IN U. S. IS BOON TO FRENCH TRADERS

PARIS, Aug. 10.—Despite American prohibition and the increased taxes on French wines in Great Britain, France gained nearly 500,000,000 francs in her exportations of allimentary products during the first six months of this year.

FAST STEAMER USED TO CHASE CANADIAN RUM SMUGGLERS

BANGOR, Me., Aug. 10.—Runners from the maritime provinces report that the Canadian government has been obliged to detail one of its fastest patrol steamers to chase the smugglers who are flooding the Cape Breton district with liquor from the French island of St. Pierre et Miquelon, which lies just off the coast of the Gulf of St. Lawrence. This smuggling has been going on intermittently for many years, but of late it has become the principal occupation of men who used to work hard for a poor living at fishing.

GADDIS JONES WELL RESPONDS TO SHOT; DOUBLES ITS FLOW

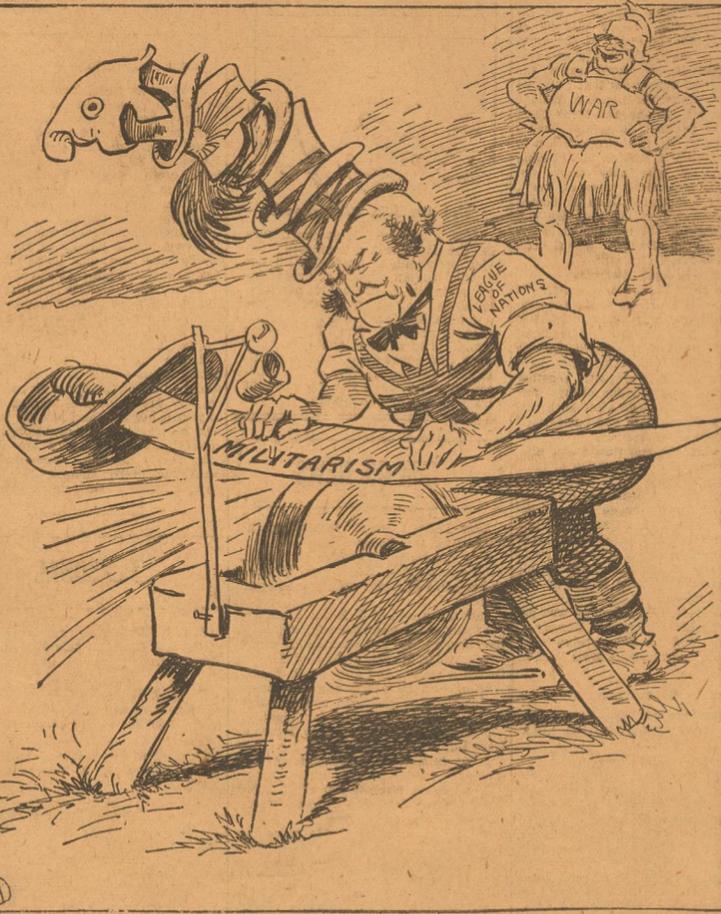

SPECIAL TO THE TIMES. BRECKENRIDGE, Aug. 10.—The Gaddis well on the Jones tract in the southwest edge of town was shot with sixty quarts yesterday afternoon and its flow climbed from 400 barrels to 800 barrels daily.

Getting Back to First Principles

BY MORRIS

RUSSIAN REDS EXPECT WAR WITH ENGLAND OVER POLISH OFFENSIVE

COTTON GRADER NOW LOCATED BROWNWOOD; OTHER PARTS BENEFIT

BROWNWOOD, Aug. 10.—An experienced cotton grader is now located in Brownwood, and the farmers of Brown county will have an opportunity of judging whether it is to their advantage to plant cotton with a staple instead of the poorer grades. Cotton will be priced on this season's market in Brownwood on its actual merit. The good cotton will find a ready market, and the poorer grades will not share in the average price as heretofore. They will be graded strictly on merit.

CROWDED OUT OF TOMB, FRENCHMAN GETS AID OF LAW

PARIS, Aug. 10.—Julien Sambaert had carefully prepared a mausoleum for himself and members of his family in Pere Lachaise cemetery. When he died it was found that his sister-in-law, with whom he had quarreled most of his lifetime, reposed in the tomb Sambaert had chosen for his own.

FRENCH RESTAURANT EMPLOYE TESTIFIES HE GETS \$50 DAILY

PARIS, Aug. 10.—Russian Bolsheviks have occupied Ciechanow thus cutting the Warsaw-Danzig railroad, according to reports from the French military mission at Warsaw received here.

THIRTY MILLIONS ADDED TO SALARY OF EXPRESS MEN

CHICAGO, Aug. 10.—Thirty million dollars was added to the national express bill today when the railway labor board awarded 80,000 American Express company employees an increase of 16 cents an hour, the decision to be retroactive to May 1. On the terms of the Esch-Cummings bill the express company will be permitted to increase rates to meet the increased costs.

GALVESTON SEEKS TO BRING END TO MARTIAL LAW RULE

GALVESTON, Aug. 10.—Galveston, birthplace of the commission form of government, today became the scene of a legal battle when Frank S. Anderson, city attorney, acting in behalf of the deposed city commission, appeared before Judge Robert G. Street, of the Fifty-sixth district court, in the preliminary hearing of the city's suit to enjoin the enforcement of martial law.

Swat the Rat!

Yesterday was the day set by the sanitary department of the city for the citizens to begin a concerted movement to "swat the rat." The movement is scheduled to last throughout the week and every one regardless of his residence or calling is expected to make an effort to clear his own premises of the rodent. As pointed out by W. H. Stowe, sanitary inspector, a small sum expended for poison or for traps, with the proper methods used, only a few days will be necessary to rid the entire city of the bulk of the rats which have become a nuisance through their numbers.

Other than destroying hundreds of dollars worth of merchandise, the rat is a distinct menace, Mr. Stowe declared. To support the statement he pointed out that in several cities heinous plagues, which is spread through rats, had caused several deaths. Nearly every city in the state is staging a rat campaign to rid themselves of the pests and in some of them where the property holders allowed the rats to live, their premises were being quarantined.

Mr. Stowe declared that he would like to know of every instance where any one person killed enough rats to approach a record.

HARDING FOND OF COMFY CHEWS OF EATIN' TOBACCO

DENVER, Aug. 10.—Senator Warren G. Harding, Republican presidential nominee, may frown on publication of the fact, and the women voters within the ranks of the G. O. P. probably will throw up their hands in horror, but "murder will out."

Robert Harding Hauser, superintendent of the Denver Municipal Auditorium, is authority for the story that the Republican standard bearer is very fond of a chew of tobacco.

Senator Harding spoke in the auditorium in Denver last spring in his pre-convention campaign for the nomination. After his oratorical efforts, the senator noticed that Hauser was chewing tobacco.

"Will you do me a big favor?" asked the senator of Hauser. "Sure," was the reply. "Then let me have a chew of your tobacco," said the man who has been chosen by the G. O. P. to occupy the White House after March 4, next.

Hauser handed the senator his plug of chewing and told him to keep it all. "No, I just want a little chew," said the senator, and breaking a piece off, he handed the remainder to Hauser.

"There is nothing so soothing to me after a strenuous talk as a good chew of tobacco," Hauser quotes the senator as saying. "It rests my nerves."

Being informed that Senator Harding contemplated making a speech in this city during the campaign, Hauser wired the Republican candidate as follows: "When you come to Denver I'll have a whole plug of your favorite tobacco waiting for you."

MODERN BANK WILL OPEN IN STRONGHOLD OF SULTAN'S

CONSTANTINOPLE, Aug. 10.—A New York trust company has leased a building in the Galata section of Constantinople and will open up a general banking business here next fall with a view to meeting the needs of American shipping lines and commercial concerns which have entered the Black sea and Mediterranean trade.

BEES MAKE HOME IN BALL OF SIGN, TRAFFIC DODGES

MEXICO CITY, Aug. 9.—Government forces can easily crush the insurrection of Governor Cantu of Lower California, Minister of War Calles declares. He said the government force along the Colorado river might readily occupy the full attention of Cantu's forces while a similar force might be sent by way of Ehrenada to strike at the rear of Cantu's position.

SOMETHING IS WRONG. WHO IS TO BLAME? WHAT ARE YOU GOING TO DO ABOUT IT?

This series of articles was interrupted some weeks ago because some one "borrowed" our data. It takes time, hard work and expense to collect and assemble this kind of data. But now the Times has all it had before, plus some. There will be three and possibly five or six more articles dealing with the subject in hand. The Times is not after anybody in particular. The Times is just handing out some big facts from the records, presenting some matters that do not look just right. The Times submits the facts themselves to show there is something wrong. It is up to the people to do what they want to about it.

SHERIFF SEEKS JASPER TALLEY OLDEN KILLING

Williams, Slain Man, Was Aggressor, Investigation Shows.

EASTLAND, Aug. 10.—The sheriff's investigation of the shooting in Olden Sunday night when Orza Williams, a teamster from Carter, Okla., was killed, disclosed the fact that the shooting was done by Jasper Talley, 24 years old, who was employed in a cold drink stand operated by Jack Campbell, in Olden.

It was brought out in the investigation that both Williams and his partner, Weaver, had been drinking. Williams came into a cold drink stand in Olden and had some words with Talley. He jumped on Talley, officers say, hit him over the head with a bottle and knocked him down. Talley got up shooting, according to the evidence given the sheriff.

As soon as he heard the shots, Weaver, who had stayed in the car outside the stand, came rushing in and sprang at Talley, knocking the gun out of his hand, in the scuffle that followed, Talley recovered his gun, hit Weaver over the head with it and fled.

The sheriff's department has been working on the case night and day and expects to have the man that did the shooting within a few days.

According to a Ranger business man, who returned last night from a business trip to Olden, feeling is high among the teamsters of that town, none of whom worked yesterday.

FEDERAL PLANNING TO STRIKE IN REAR OF CANTU POSITION

MEXICO CITY, Aug. 9.—Government forces can easily crush the insurrection of Governor Cantu of Lower California, Minister of War Calles declares. He said the government force along the Colorado river might readily occupy the full attention of Cantu's forces while a similar force might be sent by way of Ehrenada to strike at the rear of Cantu's position.

BEES MAKE HOME IN BALL OF SIGN, TRAFFIC DODGES

NORFOLK, Neb., Aug. 9.—Attracted by the bright red marker on the "silent" traffic "policeman" at a downtown street intersection here, a swarm of bees decided to make the hollow red ball their home.

People refused to go near the marker. The street became deserted until the "stingers" were spirited away.

Hunting Bargains in Ranger
Bargains discovered in trips through Ranger shops and department stores are here presented briefly, for the benefit of Times readers. If any of the articles described meets your needs, you may learn the shop where it may be purchased by calling the Times, telephone 224, and giving the shopping editor the number of the paragraph which tells of your particular bargain.

PLUCKY BAIRD GIRL THROWN, BREAKS ARM, RIDES TO SURGEON
Special to The Times.
BAIRD, Aug. 10.—Miss Billie Seale, one of the rough-riding Seale Sisters, who own and manage a prosperous cattle and horse ranch seven miles south of Baird, while trying out a young horse yesterday, was thrown by the animal, which reared and fell backward, pinning its rider to the ground. Billie suffered a broken arm and painful bruises, but pluckily mounted another horse and rode to Baird for surgical treatment. Billie and her sister Curly are exhibition rodeo riders, their specialty being wild steers.

PROHIBITION LOSSES TEN PERCENT, SWEDEN
By Associated Press
STOCKHOLM, Aug. 10.—Prohibition is not making great headway in Sweden, judging from figures of membership of the various temperance organizations which show that the organizations and societies lost last year over ten per cent of their membership.

Co-operative Bank, Dream of Stone, Engineer Prexy

CLEVELAND, Aug. 10.—The dream of Warren S. Stone, president of the Brotherhood of Locomotive Engineers, and other union officials is approaching realization here. It involves the founding of the first co-operative national bank in the world. The institution is to be financed solely by members of organized labor and operated under their control. Members of the Brotherhood of Locomotive Engineers are now being asked to subscribe to the stock of the institution and from the response that solicitors are receiving, union officials are optimistic that capital for the bank will be assembled very shortly.

Possessed as he was of a plethora of stored up energy that seemed continually to be gauding him for outlet, Billy Sunday always impressed me as being a rare man in which was combined the enterprise of a schooled business man, the volubility of a side-show Barker, the magnetic personality of a head waiter and the unmistakably sincerity of a called minister of God. His reservoir of dynamic strength was only surpassed, by what he termed his "thirst for souls." As a newspaper reporter I "covered" Billy Sunday first at Denver, in 1914, later at Wichita, Kan., then Chicago and finally at Fort Worth. The man I met at Denver was in his prime. Billy Sunday at Fort Worth was beginning to feel the attrition of his killing pace, though he hung doggedly to his task of cutting through the slough of calloused hearts with scintillating invective and searing the words of the Gospel indelibly thereon. Trick After Trick. He brooked no obstacle in the attainment of his objective. If an audience didn't react to the first spectacular outburst of the evangelist he would unleash trick after trick until he broke through the barrier of cynicism that invariably greeted him early in a campaign and lay bare their souls with searing reproach and corrosive philippic. In one breath he would damn them eternally to the orthodox perdition, in the next he would make them laugh with a cleverly told tale. He would gyrate about a specially built platform so constructed as to act as a sounding board for the thud of his feet, lean far over the edge into the very faces of the front row and then whirl suddenly to the section of the tabernacle reserved for ministers to tell them that they would "be toasting their heels in hell in forty minutes" if they were called by their Maker.

SUN CO. NEWS
Miss Patsy Durratt is visiting her aunt, Mrs. Nib Shaw.

Miss Patsy Durratt is visiting her aunt, Mrs. Nib Shaw. Mrs. Moore, sister-in-law of Mrs. Nib Shaw, came Wednesday afternoon from Strawn to visit Mrs. Shaw. Mr. Hickson of the Caddo office was visiting in Ranger Wednesday afternoon. Mr. Milner of the Phillips Petroleum company of Caddo visited the Ranger office of the Sun company last week. Mr. De Champs of Dallas is visiting Ranger and surrounding oil centers for the purpose of taking inventory. J. M. Joplin of Fort Worth takes the place of Mr. Jolly in the Ranger office.

I saw some bargains today that would be sure to interest the woman who makes her own house dresses and who has to plan numerous frocks for the young school miss. Percale is pretty, stripes and figures for 28 cents a yard and gingham for 32 cents. Sounds almost like the good old days, doesn't it? There was also a reduction on towels and sheeting which might appeal to the bargain hunter. One of my readers was asking me a few days ago if I knew of any bargain in silks and jersey silk lingerie and I am now able to tell her that one of our shops is selling the loveliest, daintiest under things this week at a 25 per cent reduction. It is a treat to see these new designs and combinations with their pretty Val lace and French flower trimmings. For the young lady who adores pretty blouses this is a useful opportunity to supply herself with one or more as they are reasonable enough in price to permit her to afford at least two without a very great expenditure. Good quality georgette in most any desirable color and daintily embroidered and headed in pretty designs, this season's style, for \$4.75. On sale this week.

PERSONAL
Mrs. Phillip Pettit, executive secretary of the Red Cross for this district, was in Ranger from her home in Cisco.

J. R. Hill, an old oil man of Fort Worth, is in the city for an inspection of his holdings in the Ranger field. C. J. Deitrich returned last evening from Ennis after a week-end visit at home. Herbert McCormick of the Times force left last evening for a visit with home folks at Houston. One of the largest machinery and factory plants in Columbus, O., has a woman vice president, Mrs. W. O. Woods.

PRICES OF LUXURIES SLUMP IN ENGLAND; DEMAND ABATES

International News Service. LONDON, Aug. 10.—Slump prices in all luxury goods have hit England. Everything from motor cars to manure sets are skidding on the price toboggan. Six months ago premiums of from \$100 to \$5,000 were being paid simply for someone else's chance to buy a motor car. Today they are being offered at less than the list price. Women's finery also has struck an economy wave on the part of the gentler sex, and jewelry, musical instruments, fine furniture and other expensive commodities are in the doldrums. John Bull is watching his private purse with the eye of a Scot. Extravagant governmental spending, such as \$250,000,000 recently in Russia without permission of the people, continues. Taxes remain high. Rents are going up. Food is not coming down. Fruits are scarce. The average Englishman is lessening his own personal expenses from sheer necessity—for the income tax man is waiting with a bucket. "We are getting back to normal prices," luxury goods merchants explain. "We are waiting for still lower prices of all things we can manage to get along without," says the public. Everywhere signs of less extravagant expenditure by the average man is to be noted.

GRAPE GROWERS RAISE NOW FOR JUICE, JAM

By Associated Press. WASHINGTON, Aug. 10.—When the nation went dry by federal amendment many grape growers thought they would be forced into other lines of business because of the subsequent cessation of wine production, but reports to the Bureau of Markets show that the demand for manufactured grape products now exceeds the supply. The production of fermented grape juice and of jams and jellies is utilizing an increasing tonnage of grapes each year, these reports state, and in the not far distant future it is expected that the annual production of grapes will not meet the demand.

FIRE IS EXTINGUISHED WITH MILK BY BUCKET "BRIGADE"

GUNNISON, Colo., Aug. 10.—A "bucket brigade" with twenty gallons of milk saved the ranch home of David Easterly from destruction by fire. Milking had just been finished when the fire broke out, and the rich, fresh milk squelched the flames before water could be brought from a nearby creek.

Heavy Rails for Texas Railroad.

FORT WORTH, Aug. 10.—Good progress is being made by the Fort Worth & Denver City railroad in replacing the 75-pound steel rails upon that part of its line between Wichita Falls and Amarillo with 90-pound rails. The cost of this improvement will be approximately \$325,000. It is a part of the improvements that are to cost a total of \$2,200,000 now being made to the system between Fort Worth and Denver. It is stated that all this work will be finished by the end of this year and that the movement of traffic will thereby be greatly expedited.

GREEN EYES POPULAR IN HEROINE OF TODAY

LONDON, Aug. 10.—Why have green eyes blinked their way into sudden popularity? The question is put by the Daily Express, which fails to find an answer. The Daily Express finds, however, that the red-haired, green-eyed girl, who a few years ago was considered plain, now ranks as a beauty, and that every "best seller has one for a heroine. For a census of the red-haired, green-eyed girls to the jade stores, for all red-haired, green-eyed girls wear Chinese jade, and the man behind the counter sooner or later sees 'em all. Their number is legion, and as regards the green eyes at least they must be the real thing, for the beauty parlors as yet have found no way of changing the tint of the eye, though they can do many interesting things with feminine looks.

WHISKY STILL FOUND HIGH ON CLIFF IN WEST VIRGINIA

International News Service. BLUEFIELD, W. Va., Aug. 9.—A moonshiner still pitched atop a cliff, was discovered by officers in Mercer county. Cliffs line either side of Brush creek, some of them being 150 feet high. The moonshiner had selected a place that could only be reached by climbing seventy-five feet of the barren cliff and then "shinning" up a giant hemlock that had found room to grow. Supplies were taken up a wide incline. When the officers reached the place all accessories had been removed. The only thing to be seized was a large quantity of mash.

AMERICAN SONGS NOT HEARD IN BEST ENGLISH SOCIETY

International News Service. LONDON, Aug. 9.—Only 10 per cent of American songs are fit to be sung in decent British drawing-rooms," a correspondent writes to the Evening News. He contests the claim of "Music Publisher," who wrote that British music is badly behind in the race for popularity. He adds: "The works of true British lyricists and composers (I mean in the artistic sense), however big or small and poorly paid, will live. Poetic minds and good class original composers in this country would rather starve than degrade their souls by providing sloppy sentiment for slippery tempo, which this publisher calls 'extraordinary American success.'"

"MUD BALL" STORM IN KANSAS.

SMITH CENTER, Kan., Aug. 10.—Now comes a "mud ball" storm in Kansas. Rain, falling through huge clouds of dust near here the other day formed large mud balls weighing, some of them, in the neighborhood of five pounds. They froze after forming and when they struck the earth were missiles not to be reckoned with lightly. Several horses and cattle in pastures were killed and in many cases roofs were penetrated. According to old timers, the phenomenon occurred in the spring of 1880 and was much worse.

**SALE STARTS THURSDAY, Aug. 12**

Be here at the opening of the doors, promptly at 9 a. m., Thursday morning—tell your friends.

**Notice! Notice!**

Sometime ago I advertised that I would give up my business in Ranger and was closing out my store here. At that time I fully intended to do this. I was paying rent that made the operations and overhead expense of running an establishment as large as mine, almost an impossibility. Especially in the face of present high wholesale prices. Later, however, I was offered a lease on the store room one door from the corner, on Austin and Pine streets, at figures much lower than I am now paying and decided with the lower expense, that I could continue business in Ranger. I believe in the future of Ranger, like the people here and am thankful for the splendid patronage they have always given me. I make this statement in all fairness to them—in order that you might not think our former advertisements regarding a quit-business sale were made for fraudulent purposes.

Respectfully,  
OSCAR SAIED

**We Want 10 Extra Sales Ladies**

No previous experience necessary, the values are so great and the prices so cheap that the goods will sell themselves.

**A sale that will be remembered in Eastland County for years to come**

Oh Man! Oh Lady! You can't afford to pass up this sale. Think of it, the finest and largest stock in Ranger offered you at a fraction of its former selling price. Piece goods, shoes, pumps, silks, dresses, coats, petticoats, undergarments, corsets, brassieres, camisoles, dresses of silk or dresses of summery fabrics, gingham dresses, blouses and other wear for women.

—Shoes, hats, shirts, silk or madras, work clothes, suits, neckties, pajamas, nightshirts, overalls, khaki clothes, collars, trunks, handbags, caps, raincoats and in fact everything a man wears now goes at 1914 prices. Clothes for the children too. Tell your friends about this sale, bring them with you. Plan to spend an entire day looking over the bargains offered here. Everything goes—nothing reserved, its a genuine, bona-fide bargain event, the like of which you may never see again.

**Hurry! Hurry!---Remember We Move to our New Location September 1st---Rush! Rush!**

We move September 1st to our new location, 1 door from the corner on Pine and Austin streets. It's that new building, recently completed. We feel fortunate in getting such a splendid location and urge our many old friends to remember us when we get over there. Meanwhile don't fail to take advantage of the great opportunity this Big Removal Sale offers you. It's the greatest sale we've ever had and that's saying a lot when our others are considered. Prices are forgotten in one grand and glorious attempt to give the people of Ranger and community a sale they will remember for years and years to come.

## They Look the Same to Lefty No Matter What Their Name

### LICKING THE SYRUPS

**OFF TO ABILENE.**  
Concluding their successful home stay with a shut-out victory yesterday, the Nitros are gone today to Abilene for a three-day run with the Eagles, who have been doing not so well lately. Of course, losing three in a row is no unique a trick against the Mineral Wells Resorters. Other clubs have done that well. It will be noted that the winning streak of the Resorters has been compiled SINCE leaving Ranger. The streak that was started here was two in a row, defeats.

In the first with Abilene today, Jim has signified that he may use Lonny Keen, imported from Ennis. He is a candidate for flinging honors, in the place of Hudspeh.

There's no foolin' Lefty Adkins. You can take that Gorman club, of course, and tell the world that it is no longer representing that town, but is now playing as the Sweetwater Kids. They look just the same to him. Which means that they're just as welcome as the flowers that come with May, or June, who by the way, flung the final and deciding match of the series for the visiting boys yesterday.

As has been remarked, the Gorman-Sweetwater boys, with their preponderance of left-hand hitters, can't do much for Lefty, except swell his win column. Supposing that he had had the hard luck to pile up a string of defeats, as he has not done, being Ranger's most winning pitcher, but just suppose he had and then send Sweetwater along for a series. Just like the answering call of a warship to the S. O. S. of a ship in distress. They're good news to Lefty, that's all.

**We Win Every Series.**  
He let them down again yesterday, gathering in the concluding game of the series and giving the Nitros a fair to middling record for the home stay. If the Resorters hadn't been going so blamed well since leaving our town, it would be a good record. But since shaking the dust of our ball park from their spikes and heading home, the Resorters have run up nine straight wins. Among their victims have been Eastland, Cisco and Abilene. They're off to Cisco today for a three-game series. Without appearing malignant, it is only being frank to state that we're hoping that three or four of them get the mumps, or something similar, and that Cisco is able to win one game, anyway.

In the home stay of nine days, the Nitros have played eight games, despite two rained out days. They have won every series of the three, two straight from Cisco and two of three from Abilene and Sweetwater. That's playing .750 ball, but the Resorters have been playing 1.000 ball meantime. Which doesn't make for a gain, for us.

June, who hasn't been seen here for two months, gave the ball game the appearance of a fight until the ninth by reason of some very stinky hurling he did. Then the boys put it away. It cannot be said that luck was unmingled with our scoring, at all.

**First Scoring.**  
It sawed along, scoreless, for three frames. Then, after Jim Galloway had grounded out, Jody Tate snacked a sharp hit to left. Terrible Taylor, the mild appearing lad with the vicious hitting habits, came in on the run, with the intent of shortening Jody's hit to a double, perhaps. He played it with one hand, very deftly, save that the ball wasn't in his hand when he swung it up to throw.

This sent him scampering to the left field barrier, from which position he flung the ball with some feeling for Slim Payne, at third, at which station Jody was resting comfortably.

The play was a squeeze, and Jody came loping down the third base line with that long galloped gallop of his. June's offering was wide but Tommy reached it and spilled it tan in the direction of first base. There was some confusion among the Sweetwater Syrupers at this move.

**Tommy Squeezes.**  
There was no chance to head off the run, Jody's haste in galloping toward the platter having insured that. Also, Strong N. Sturdy, first sacker for the opposition, had no chance to slap the pellet on Tommy as he passed, he had already done so. So Strong N. tossed to Earnshaw, who covered, and tossed high.

Bubbles McDonald ruled Tommy out, which decision was the cause of some talk. But the bugs, in general, were not dissatisfied. The old tally had come over the platter and that was what they wanted.

It was enough to win, that one marker. And as the fair-minded spectator will admit, there was some good fortune in it, in the way that Terrible played Jody's nice drive.

We added some more in the ninth, just as the game was about to go into history as a one-run shutout for Lefty.

Jack York, who played a very creditable game though suffering from an attack of tonsillitis, was second up. Sick as he was, Jack was able to peek a single to left, the third outfield hit off June. Through the kindness of Popboy Smith, Hamilton was allowed to run for Clapp, thereby breaking into the run column without a time at bat.

**Summary.**  
Stolen bases, Mason, Clapp; wild pitch, June; sacrifice hits, Lovelace, Adkins, Mooney, Pemberton; hit batsman, by June (Lovelace); struck out, by June 4, off Adkins 3; bases on balls, off June 4, off Adkins 1. Time of game 1:29. Umpire, McDonald.

tender's head. It hopped itself into the three-base class thereby and Hamilton rode home on it.

Jimmy attempted to drop a single just over the drawn-in infield to bring Ezell home, but Terrible took it. June took compassion on Ezell and wild pitched him home with the concluding Nitro tally.

**Lefty Effective.**  
Only three Syrupers reached second outside of the sixth inning, which was Lefty's worst. In that, Terrible Taylor nearly spoiled our shut-out.

Burkhead led off with a single to right. Faye bunted wide of the box and Lefty felt around for the sphere, but didn't find it. Taylor drove to short center and Burk made a stab for the plate. Mooney's throw dropped right in front of the pan, as it should. Pemberton gathered it in and blocked the onrushing Karo Kid.

Burk's spikes clicked against Pepper's shingards, Mr. McDonald waved an authoritative hand skyward, with the thumb pointed to the south, and the tense moment was over. Good throw, good block and good outcome.

**NITRO NOTES.**  
Not only was Jack York on the blink with tonsillitis, but Charlie Clapp was suffering from a bad hand, his right, where he was hit by Henry Baldrige Sunday. Both played and played well.

Jack handled seventeen chances without a kick. There were no recorded errors on either side. The game was cleanly played, and quickly, in 1:27.

Jody Tate made a snappy play on Earnshaw in the second and beat him out with his peg. Jim and Buzz had their inning in the fourth, when they pulled three fast plays, on Faye, Taylor and Sturdy. Like the first half of the first, this half frame was played in one minute.

There were seven pitched balls in the first inning and five in the fourth.

Lefty flung 105 balls to win the shut-out. He issued free transportation to one Syrup and hit one. They maced him for seven blows, one to the inning except in the breathless sixth.

Tommy Lovelace leaped up to get June's drive in the third. It was well done. He extinguished Taylor in similar fashion in the eighth.

It certainly is a relief to see Taylor come up to bat, and go back again without having run around the bases. That boy hits them, far and wide and fast. He looks little, but oh, my! Everybody sighs thankfully when he has been disposed of.

Tommy Lovelace showed some aggressive feeling in the second that makes baseball worth while in the ninth frame, when he raced after Earnshaw's drive and pegged to second base from near the right center fence. Tommy can throw that ball, as the fans know. This peg cut what would have been a double down to a single. On a slow fielder, without Tommy's rifle arm, it might easily have been a triple.

## EASTLAND MANAGES TO WIN ONE GAME FROM CISCO SCOUTS

Special to The Times.  
CISCO, Aug. 9.—Eastland broke its long losing streak by taking a free hitting game from the Cisco Scouts today, 8 to 7. Both clubs used two pitchers, and Dorough finishing for Eastland and Mathes of Cisco retiring early in the game in favor of Cruse.

## FRANK HUDSPETH WINS FIRST GAME WITH SPUDDERS

Special to The Times.  
WICHITA FALLS, Aug. 9.—Frank Hudspeh, formerly of the Ranger Nitros, pitched his first game for the Spudders today and won it through the heavy hitting of Schliebner and Kitchens, who contributed home runs to the local victory. Hudspeh beat the San Antonio Bears, runners-up in the league race, 5 to 4. He added one of Wichita Falls' hits himself.

Hudspeh was touched for six hits, with San Antonio getting off to a one-run lead, scoring two in the second after the Spudders' one runner in the first. Wichita Falls tied it up in the sixth and the Bears again went two runs ahead of the young collegian in the eighth. The Spudders made up this and one to spare in their half.

Hudspeh was wild, walking five and hitting two. He had excellent support, with three double plays behind him. He is credited with a victory in his first start and a good showing.

F. D. ROOSEVELT'S HOME HAS BEAUTIFUL FRONT PORCH, BUT HE SAYS NO CAMPAIGNING WILL BE DONE THERE

Front view of the F. D. Roosevelt home, and (below) the same house as viewed from the side.

Franklin D. Roosevelt has a beautiful home at Hyde Park, New York, but according to his present plans it will be a very quiet place until after the November elections, at least. There will be no campaigning from the front porch, says Roosevelt, as he plans an extensive speaking campaign.

The lower photo shows the original house, which was substantially built of stone. A large modern house, shown in the upper photo, has been built and the old home forms a wing of the newer building.

RAIL SERVICE TO OIL FIELDS

INSURES AGAINST SLACK DAYS MUD ROAD BARRIERS BROUGHT

The opening of railroad communication with the principal districts of the oil fields in the vicinity of this city will enable operators to carry out a drilling program in spite of heavy rains such as interfered seriously with operations last winter. This is the opinion of men in the oil industry located here.

These men point out that between here and Breckenridge, for instance, long hauls are no longer necessary and rig timbers and heavy casing which formerly had to wait on passable roads before being moved into distant points of the field can now be shipped nearly to its destination by train. As a result, traffic on roads leading out of this city is of a lighter character; that is, heavy loads which cut the roads all to pieces are not so frequently hauled.

On a short haul a number of teams can be put to a heavy load and this is often done in handling casing and heavy timber. But such a procedure means a cost which is often prohibitive over a distance of twenty-five or thirty miles.

With the completion of the Cisco and Western railroad into Breckenridge, affording communication with the rich fields of southwestern Stephens county, and the extension of the Wichita Falls, Ranger & Fort Worth railroad to the

Clear Fork river, all the fields of Stephens county which are now experiencing heavy development will be on or near a railroad. Both the extensions mentioned will be completed in the next ninety days, according to announcement of the builders.

The Desdemona field is now splendidly served by the south end of the Hamon & Kell road. It will soon be possible for material from local supply houses to be shipped to any part of the field in a radius of fifty miles of here by rail.

Supply house managers declare that this insures the continuance of this city as the center of the oil industry. Some oil men are so optimistic as to predict that Ranger will eventually become the greatest oil field distributing center in the United States and will manufacture many commodities used in the oil fields.

With the completion of the good roads program of this county and Stephens county, involving an expenditure of over \$8,000,000, the Ranger field will be the best served of any in the Southwest in the matter of transportation. The saving from good roads and railroads will run into the millions of dollars annually. What is more important, wet weather will never again cause a cessation of development.

Gulf Ward Report Renews Interest in Old Caddo Pool

An unconfirmed report from Caddo states that the Gulf company's J. M. Ward well, a mile and a quarter northeast of Caddo, which came in this week or 200 barrels production, has increased its flow to 600 barrels. The well struck the top of the lime at 3,205 and was drilled to 3,281 feet. It is flowing by itself through seventy-eight feet of cave. A dry hole was drilled on either side of this well, at about a mile distance, and this discouraged operators and caused a slump in drilling activity in this region. Good strikes lately to the east and northeast and northwest of the old Caddo pool have caused a change of sentiment in regard to this territory and the opinion that production will again be picked up is now prevalent.

North of Caddo, toward the Ivan district, is a vast body of land little explored for oil. The eastern limits of the Breckenridge pool, on the Moon, Buchanan and other leases drives a wedge into this territory from the west and heavy production in the Ivan neighborhood encroaches on the north. It is entirely possible that big production may be found in this large stretch of country and intensive development may be expected this fall and winter.

PIPE LINES FIGHT TO MEET DEMANDS IN BRECK FIELD

Special to The Times. BRECKENRIDGE, Aug. 10.—That the wonderful production of the Stephens county field has taken the big pipe line companies by surprise is evidenced by the efforts of the companies to complete additional lines into the Breckenridge territory, which is now leading the fields in the matter of daily production. Last week's run showed Stephens county as 72,255 daily, this being almost a 5,000 barrel increase over the preceding week. With production increasing at this rate the present lines will soon be taxed to capacity as they are now estimated to carry about 100,000 barrels daily.

WRAGG WELL SHOT AND PRODUCTION IS DOUBLED BY NITRO

The Wragg No. 1 of the Breckenridge Oil and Gas Company, which has been making around 600 barrels for a number of months, was shot Sunday with sixty quarts and increased its flow to 1,200 barrels daily. This was the first well brought in near the city limits of the Stephens county seat and has been a very consistent producer. Its fine showing after the shot is gratifying to Breckenridge operators.

The Sinclair company shot its Rogers No. 1, two miles north of Breckenridge, increasing production from 200 to 3300 barrels. The shot was placed at 3,049 and 3,073 feet.

In the shallow sand district eight mile northwest of this city the Mid Kansas company has drilled in its J. C. Harrell No. 7. The well is making approximately six million feet of gas from the shallow pay strata.
