City, County Will Hold Joint Meeting

Ambulance Situation Will Be Discussed

The Bailey County Commissioners Court and the Muleshoe City Council will have a joint public meeting in the Commissioners Courtroom, Bailey County courthouse, on Monday, January 21, beginning at 10 a.m.

The meeting is being held by the request of City Manager Jim Rankin and its purpose will be to discuss the ambulance situation in Muleshoe and Bailey County.

Frank Ellis has appeared before both the city and county officials and stated that unless he receives a larger subsidy, he will be forced to discontinue ambulance service in this

Rep. Sherman Appointed Chairman

Max Sherman of Amarillo will serve as chairman of the Committee on Style and Drafting of the 1974 Constitutional Convention.

His appointment was announced by Convention President Price Daniel, Jr. and Vice President A.M. Ailin, Jr.

New Speed Limit Now In Effect

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, announced this week that DPS troopers will begin enforcing the State's new 55 mile speed limit at 12:01 a.m. Sunday, January 20, on all highways where signs showing the 55 mile maximum limit are posted.

"Ever since Governor Briscoe submitted his proposal for a reduced speed limit to the special session of the Legislature, the DPS has been involved in an extensive effort to make the public aware that a reduction in the limit was under consideration. We have been joined in these efforts by other governmental agencies, by the Texas Motor Transport Association and the news media.

"Due to these extensive public education efforts, we believe the motorists of Texas

SIGNS CHANGED Jim Barnes, Weight and Measure man for the Texas Department of Public Safety, points to the new signs erected along highways in Bailey County this week. The new 55 mph speed limit went into effect Sunday (today). Barnes stated that the 55 mph speed limit was for all vehicles and the local law enforcement officers would be enforcing the new limit starting today. The new speed limit is effective throughout the state of Texas today and also in many other states of the nation in an effort to reduce fuel consumption in this country.

Stephens Announces For Re-election

Lloyd Stephens, present commissioner of Precinct Number Two, has announced that he will be a candidate for re-election in the May 4 Primary.

"I would like to take this opportunity to announce for re-election as Commissioner of Precinct Number Two.

"I have lived in the West Camp Community since 1937 and am a member of the West Camp Baptist Church. My wife and I have four children and all have graduated from Muleshoe High School.

"I have enjoyed serving the people of Precinct Two, and would like the privilege to do so another four years.

"I promise to handle the business of the County with as

Jaycee Week Features Banquet, Radio Day

The Muleshoe Jaycees will be observing Jaycee Week in Muleshoe this week, January 20-26.

One of the highlights of the week will be the annual Jaycee Radio Day to be held on Tuesday, January 22. The Jaycees will take over Radio Station KMUL for the entire day.

The Jaycees started Radio Day a few years ago during National Jaycee Week. They decided to solicit ads from Muleshoe merchants and give the proceeds to Girls Town.

The project has expanded somewhat during the past few years and this year, proceeds will go to Girls Town and to Cal Farley's Boys Ranch.

Another highlight of the week will be the Annual Bosses Night Banquet to be held Friday night, January 25, at 8 p.m. at the Muleshoe Country Club. The banquet will feature a speaker from West Texas State University.

During the banquet awards will be presented to the Outstanding Merchant of the Year;

Mother nature seems to be having a hard time deciding whether this is winter or spring! After a week of ice and snow and sub-freezing temperatures, it turned off warm and sunny this week. Temperatures reached the high 70's this past week and the weather was beautiful for a couple of days.

Friday, the rains came, much to the joy of the area farmers. Only .18 of an inch of moisture was recorded from the rain that fell off and on all day Friday. The rains broke what was becoming a small drought as no moisture had been received in quite some time until the snow of earlier this month. Muleshoe has now recorded .66 of an inch of moisture for the year.

Area wheat farmers were happy to see the gentle rains that fell on their wheat crops Friday. Moisture was needed desperately on them.

Other farmers are hoping for some more moisture before spring so they won't have to pre-water their ground. Abundance of moisture in the ground that has collected over the winter and spring months makes

for a much better crop in this area.

Rain was reported Friday from all surrounding areas but various amounts were recorded.

T.D. Vaughn Promoted To Vice President

Five promotions were announced by Robert L. Pendleton, president of Commercial Bank & Trust Co., following the Board of Directors meeting. Among promotions announced was Theron D. Vaughn, who was promoted from Assistant Vice President to Vice President.

Vaughn joined Commercial Bank in July, 1972, as loan officer in the Installment Loan Department and was elected an Assistant Vice President in January 1973. He attended Texas Tech University majoring in the field of finance and was experienced in the installment loan field. Prior to his affiliation with Commercial Bank & Trust he was a Branch Manager of General Electric Home-makers Loan Co.

Vaughn has completed a number of American Institute of Banking courses since joining the bank. He is a member of the Midland Jaycees, American Institute of Banking, Las Manos, Museum of the Southwest, Midland Symphony Guild, Midland Community Theater, and Retail Merchants Credit Assoc.

Community Loans Now Available

Small rural communities will soon have increased federal support to update or develop needed facilities, according to announcement today by Mr. J. Lynn Futch, Director of the U.S. Department of Agriculture's Farmers Home Administration programs in Texas.

State Director Futch said FHA can make credit available to small rural towns for a wide range of community facilities such as industrial parks, streets, fire fighting equipment, ambulance services, community centers and even for community recreation.

The new program authorized under provisions of the 1972 Rural Development Act, supplements the Farmers Home Administration's water and waste disposal loan program.

"We are constantly striving to improve the quality of life in our state's small towns and outlying communities," Mr. Futch said. "Our water and sewer loan program has financed over 763 systems with more than \$134 million and benefited 532,000 rural people since the start of the program. Now we are in position to as-

sist with more diverse projects."

Most of the loans are expected to be made to public bodies such as towns up to 10,000 population, counties and

some special purpose districts, Mr. Futch said. Some assistance may go to nonprofit corporations, provided they prepare plans for adequate repayment.

Mr. Futch pointed out that priority will be given to municipal borrowers in communities smaller than 5,500 people to improve a deteriorating water supply or to enlarge or modify a water system or an inadequate sewer system. Proposed plans must be consistent with areawide development plans.

Borrowers may use funds to acquire land and/or water rights, to construct buildings of modest design, size and cost essential to the operation of the community facility, and to provide for a large variety of other needs.

Additional information is available through any of Texas' 143 county FHA offices, usually located in county seat towns.

Protein Processors Progressing Rapidly

Construction on the new Protein Processors Plant east of Muleshoe is progressing at a rapid rate.

Lyle King, general manager of Protein Processors, reports that the equipment is starting to arrive at this time and it will be installed in the next couple of weeks.

The plant will be primarily involved in the dehydrating of alfalfa and manufacturing animal feed products.

The plant will eventually employ 50-60 people and at the present time it employs about 22 people plus 12 to 15 contractors.

King stated that the plant should be in operation by April of this year. There will be openings for both men and women at the plant.

The plant will be in operation about 10 or 11 months out of the year.

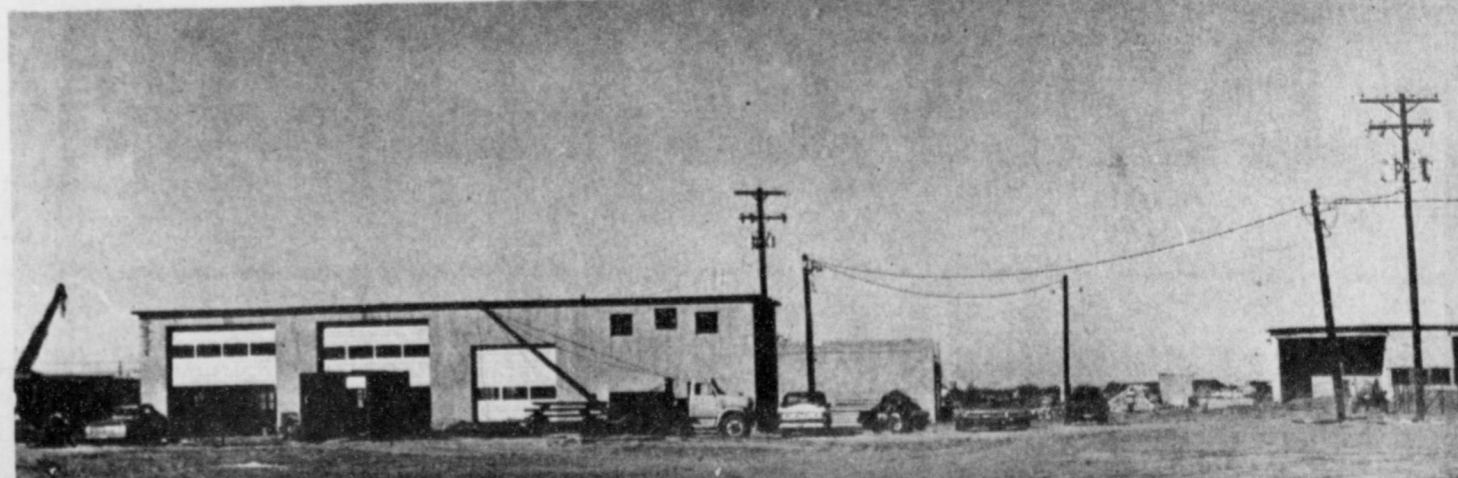

The company grows about

4500 acres in 37 circles of its own alfalfa on the Wallace Ranch and will be purchasing another 4,000 to 5,000 acres from local farmers.

The plant will be manufacturing many different items. The alfalfa products will be sold on the open market and the feed products will be sold to Ralston-Purina Company.

At the present time construction

CONGRESSMAN

Bob Price

18th Congressional District

This is my first report for 1974, and I am taking this time before the Congress reconvenes on the 21st, to report on the progress which was made last year by the bills which I sponsored in the House of Rep-

representatives. There is much left to be done this Congressional year. We shall have to deal not only with the energy shortage, but the many other shortages which are now compounding our dom-

department here and many other projects while the county also subsidizes many projects. There are quite a number of items of mutual concern between the city and the county. The purpose of the meeting will be to discuss local problems and maybe find an answer, not only for the ambulance service, but for several items.

estic economic situation. We must address these with resolve, and I think, too, with optimism. We were left with somewhat of a bad taste in our mouths at the end of 1973, but the year did not bring us bad news exclusively. For example, we no longer have troops committed to combat situation, and, on the economic front, we enjoyed a high level of personal income and employment. As I looked back over the 1973 legislative year in Congress, I found a record of progress:

FOREIGN AFFAIRS -- Aid to North Vietnam under the Food for Peace Program was prohibited when the House agreed to my motion to direct the conferees on the farm bill to include an amendment to this effect in the Agriculture Act, which is now Public Law 93-86.

ENERGY SUPPLY -- Last November the Congress enacted what is now Public Law 93-153 which enables construction of the Alaskan Pipeline. While this law contains a number of amendments, it does have the same goal as legislation I introduced in June to authorize construction of that pipeline.

Much remains to be done in this area. I have pending in House committees bills which would: (1) establish a Council on Energy Policy; (2) provide a tax credit for expenditures made in the exploration and development of new domestic oil and gas as an incentive toward increased fuel supplies; (3) provide tax relief for homeowners including a deduction based on costs of materials and installation of insulation as an incentive to make our homes and buildings hold heat better, and (4) to de-regulate the well-head price of natural gas in order to boost those energy supplies. Last month, I tried to attach this last measure to the Emergency Energy Act, but my motion was ruled "non-germane" and was not brought up for a vote.

MEDICAL SERVICES -- In November, the President signed into law the Emergency Medical Services Act, now Public Law 93-154, which is similar to a measure I co-sponsored to authorize federal grants for improving emergency medical services and requiring that 15% of these federally-assisted programs be located in rural areas.

AGRICULTURE -- The new

Agriculture Act contains an escalator clause effective with the 1976 crop year on corn, cotton, wheat and feed grains for farmers who participate in the voluntary farm program. It provides a subsidy based on the difference between costs and production, and varies with the size of this difference. It provides a benefit similar to the cost-of-living increases contained in many employee contracts. This clause was attached in the House Agriculture Committee by a vote on an amendment which I offered and which would have taken effect this year. I was able to successfully defend this amendment on the House floor against a motion to strike the clause from the bill. In a conference with the Senate, however, the effective date of the escalator clause was moved

back to the 1976 crop year. Should farm prices fall drastically during the last two years this bill is in force, this escalator clause could conceivably prevent agriculture incomes from plunging to unprofitable levels.

Also in the Agriculture Act is a section to allow farmers to plant a new cash crop, such as Guar, on set-aside acres without losing their yield history on wheat, cotton and feed grains. This is consistent with a bill which I offered last March and similar to the measure attached to the Act as an amendment.

The Agriculture Act also contains the permanent provisions of the Rural Environmental Assistance Program (REAP). This is consistent with a bill I introduced last January to require the Secretary of Agricul-

ture to carry out the REAP program. Another bill I introduced a year ago is similar to one enacted which provides for continuation of long-term, low-interest loans under the Farmers Homes Administration. The Congress passed last April what is now Public Law 93-24 which provides emergency FHA loans at 5% interest.

There were other important measures passed last year which I supported. There is not room in this report to list or explain them all in detail, but among them were the new Social Security Amendments which will benefit so many deserving older Americans.

Several measures I introduced last year are still pending in Congressional committees, but deserve favorable action this year. Among these

is a bill to exempt from the Clean Air Act, vehicles operated in areas of nonpollution where auto emission control devices are not needed.

Richard Nixon, President: "America's energy crisis is a temporary problem that can be overcome by making the nation self-sufficient."

When an individual makes up his mind to go to work, he's usually surprised by the pleasant results.

Frank Moss, Senator, (D-Utah), on fuel shortage: "It is even possible that there was no actual physical shortage at all, only misallocation and misdirection of refined products."

Harrison A. Williams Jr., Senator (D-NJ): "I was truly impressed by testimony in behalf of Rep. Gerald R. Ford by his colleagues in the House."

MR. and MRS. JERRY WAYNE TEAFF
nee MISS MARGARET ALICE RICHARDSON

Miss Richardson Weds Teaff

Miss Margaret Alice Richardson of Bula became the bride of Jerry Wayne Teaff, also of Bula, in a double ring ceremony Thursday night, December 27, in the Bula Baptist Church. Officiating for the reading of the vows was Rev. Eddy Riley, pastor of Bula Baptist Church.

Parents of the bride are Mr. and Mrs. Ashel Richardson of Bula. The bridegroom is the son of Mr. and Mrs. J.R. Teaff of Bula.

The nuptial area was centered with a large candelabra decorated with huckleberry greenery. At each side, stood a large array of pink gladioli and greenery, accented with pink and purple ribbons. A centerpiece of pink flowers and purple candles was placed on the piano. The bride's musical selections included "On Top of the World" and "The Twelfth of Never", sung by the bride's cousin, Miss Connie Richardson, of Patagonia, Arizona. She was accompanied at the piano by Mrs. Johnny Hall of Littlefield.

The bride was presented for marriage by her father. She wore a wedding dress of bridal satin with long cuffed sleeves. Pearled peau d'ange flowed over a bride's bodice and outlined an A-line skirt. The dress formed a chapel length train. The bride's ensemble was completed with a tiara of Venise lace and seed pearls. She carried a nosegay of white roses and baby's breath.

Mrs. Mike Richardson of Muleshoe, sister-in-law of the bride, was matron of honor. She wore a long A-line dress of deep purple, accented with pink lace. She carried a nosegay of feathered pink carnations and purple statice.

Jimmy Cannon of Bula served the groom as best man. Guests were seated by Mike Richardson of Muleshoe, brother of the bride, and Tommy Kirk of Bula, who also lit the

Others present were Mrs. LeVina Pitts, Mrs. Louis Henderson, Mrs. Mannie Elmore, visitor and Doris Taylor, visitor, Mrs. Hallie Briscoe, Euna Maye Oswalt, Zela Carlyle. They will have an all day meeting January 31 with a covered dish luncheon.

The next meeting will be February 7 with Mable Caldwell as hostess.

candles.

The bride's mother was dressed in a pink knit A-line dress, and wore a corsage of pink-tinted cymbidium orchids. The groom's mother wore a mauve colored ensemble. She also wore a corsage of cymbidium orchids.

Immediately following the ceremony, a reception was held in the Fellowship Hall of the church. Miss Judy Saitker of Lubbock and Mrs. Brian Noble of Muleshoe served the guests. The guests were registered by Miss Diane Crume of Bula. There were guests registered from Bula, Pep, Lubbock, Muleshoe, Tulla, Hale Center, Seminole, Ralls, Littlefield, Plainview, Hereford, Brownwood; also, from Grants, New Mexico; Seattle, Washington; Cheyenne, Wyoming; Illinois; Arkansas; and Arizona.

The bride's table was covered with a white lace tablecloth over a purple cloth. An artificial flower and candle arrangement of pink and purple was placed in the center of the table. The three-tiered wedding cake, decorated in the bride's chosen colors, and pink punch also decorated the table. For their wedding trip to

Victoria, Texas, the bride chose a layered ensemble in her chosen colors of pink and purple. The couple will make their home near Bula.

The bride is a graduate of Bula High School, South Plains Junior College, and West Texas State University, receiving a degree in Elementary Education.

The groom is a graduate of Bula High School and Texas Tech, with a degree in park administration. He has also served in the Navy and the Peace Corps. He is presently a self-employed artist.

Rachelle Hardage Honored At Party

A birthday party honoring Miss Rachelle Hardage was held Friday January 11, after school at the home of her parents, Mr. and Mrs. Wayne Hardage. The theme of the party was "Snoopy".

Those attending were Christy Heathington, Connie Puckett, Tina Ruthardt, Penny Cabrero, Renee Copley, Lupe Martinez, Ricky Rasco, Greg Reed and Tina Gonzales.

Nursing Home News by Myrtle Guinn

Mrs. Millie Epperly was taken to the hospital Monday afternoon for medical attention. We are hoping she will soon be feeling better. Her daughter Clara from Clovis N.M. is with her.

The birthday party was well attended and enjoyed by all. The senior ladies from the First United Methodist Church hosted the party. Pictures were made and songs were sung and refreshments of punch and cake were served.

Mr. and Mrs. Pete Guinn of Deming, N.M. spent the weekend in the home of the Roy Dyers. While here Pete also visited his mother, Myrtle Guinn who has been ill with the flu. They returned home on Tuesday.

Mrs. Lavada Lasiter of Whiteface visited her mother again on Monday. She comes to see her every week. Her mother is Mrs. Newton.

Mrs. Annie Brown went home with her daughter in Clovis N.M. to spend a few days. She left on Wednesday. We know she will enjoy her visit and are happy for her. Her daughter is Mrs. Sybil Simpson.

MR. and MRS. SKIP MAGBY
nee MISS DEBBIE JUNE BURCH

Debbie Burch Weds Magby

Miss Debbie June Burch of Lazbuddie and Skip Magby of Muleshoe were united in marriage Saturday, December 29, 1973 at 6:00 in the Lazbuddie Church of Christ. Rev. Andy Rogers officiated in the double ring ceremony.

Parents of the couple are Mr. and Mrs. Fred M. Burch and Mr. and Mrs. Boyd Magby.

A green emerald tree flanked on each side by ivory tapers held by spiral candelabra. Beside each candelabra there were baskets of white gladioli, white mums, and forever yours roses. In every other window of the church were arrangements of ivory candles, leatherleaf and Spanish red bows. Hurricane lamps decorated the pews. Music selections were presented by organist, Miss Theresa Seaton.

Given in marriage by her father, the bride wore a formal gown of ivory satin organza fashioned with pleated ruffle at the high neckline. Alencon lace accents the empire bodice with long full bishop sleeves with lace applique cuff and ruffle over the hand. An A-line skirt extends into back fullness that extends into a chapel train. A camelot headpiece of matching lace accented with pearls held a veil of imported silk illusion. The bride's bouquet was an Edwardian cluster of red Mary DeFore roses, ivory frenched carnations and ivory velvet streamers.

For something old the bride wore pennies in her shoe; something new was her dress; something borrowed was a locket from her mother and something blue was her garter.

Mrs. Melvin Morris of Lazbuddie served as matron of honor with Mrs. Kirby Burch,

sister-in-law, Miss Marilyn Fred and Miss Brenda Scott as bridesmaids. The attendants wore red velvet formal length empire waisted dresses with leg-of-Mutton sleeves. The dresses were accented with high rounded neckline with stand up collar and trimmed with corse lace. They carried nosegays of ivory feathered carnations and red Mary DeFore roses with red streamers.

Candles were lit by Kirby Burch and Matt Street who also seated guests.

Best man was John Street with Robert Gardner, Rich Magby, brother of the groom and Melvin Morris, cousin of the groom, as groomsmen.

The mother of the bride wore a formal length gown of light blue embroidered sheer fashioned skirt waist with full swing skirt.

The mother of the bride wore a formal length gown of bright pink knit accented with pearls and sequins outlining an empire waist.

A reception followed the ceremony at the Church of Christ. Miss Karen Armstrong registered guests. Miss Christie Ivy and Mrs. Bill Russell served the guests. The reception table was covered with a Spanish red cloth topped with white illusion. A fresh flower arrangement of carnations and roses centered with a red taper in glass was in the center of the table flanked by a three tier ivory colored wedding cake and punch bowl. The brides bouquet lay on one side of the table.

For a wedding trip to Oklahoma the bride wore a red and white double knit pant suit.

The bride is a senior at Texas Tech and plans a May graduation. The groom is employed at Magby Ditching Service. Out-of-town guests were Mr.

and Mrs. Alvin F. Burch of Amarillo; Mr. and Mrs. Don Martin of Hereford, aunt and uncle of the bride; Mrs. Don Lamar of Morton, aunt of the groom; Mr. and Mrs. Richard Magby of Pickets Oklahoma, grandparents of the groom; and Mr. and Mrs. W.W. Wilson of Dimmitt.

The rehearsal dinner was held at the XIT Steak House Friday, December 28.

Bill Ross TO Visit Beta Sigma Phi

The Alpha Zeta Pi and Xi Omicron Xi Chapters of Beta Sigma Phi are proud to announce that Bill Ross, President of Beta Sigma Phi, of Kansas City, Missouri, will honor our community by visiting with Muleshoe's two chapters, Sunday, January 20. He is the son of the late Walter W. Ross, founder of Beta Sigma Phi.

Ross will be honored with a noon luncheon in the home of Mrs. Lynn Campbell. Mrs. Polly Williams of Hacienda Heights, California, organizer of Alpha Zeta Pi Chapter in Muleshoe, and Mr. and Mrs. Marshall Cooper of Girl's Town will also be guests at the luncheon.

Beta Sigma Phi, an international organization, was founded in Abilene, Kansas, by Walter W. Ross on April 30, 1931, with seven members. It has grown to a membership of over 300,000 women and approximately 10,000 chapters. It was created for young women in search of cultural and social activity, and it gives its members an intimate touch with many lives and many minds.

It is indeed a great honor that Ross, the international president, has chosen to visit the Muleshoe Beta Sigma Phi. The Sorority is sponsored by the Walter W. Ross

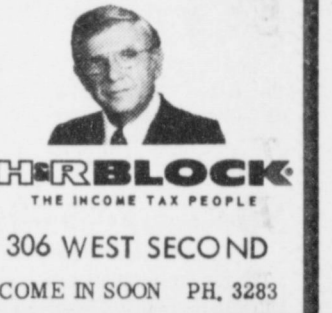

Corporation, which directs the founding of the Chapters. The home office is in Kansas City, Missouri.

One of the many international projects sponsored by Beta Sigma Phi is Girl's Town, located in Whiteface, Texas. Beta Sigma Phi has assisted Girl's Town since 1953, and Ross and Mrs. Williams are members of the Board of Directors. Beta Sigma Phi International sends \$1200 monthly to Girl's Town; and many individual chapters, including Alpha Zeta Pi and Xi Omicron Xi, have chosen Girl's Town as a special chapter project.

All Region Band Students Selected

Nine MHS Students Make Region Band

Saturday, January 12, 28 students from the Muleshoe High School Band went to Texas Tech for All Region Band tryouts. Out of the twenty-three students participating, nine made the All Region Band. These students were Gwendolyn Crouch, snare drum; Denette Mann, flute; Glen Elder, trombone; Sharon Wrinkle, clarinet; Kim Milner, bassoon; Patricia Grogan, clarinet; Sheryl Brown, contra bass; Gary Richardson, Tuba; and Cheryl Johnson, alto clarinet. Sharon Wrinkle and Sheryl Brown placed First Chair in their instruments.

These students will play in the All Regional Band Concert at Coronado High School in Lubbock Saturday night, January 26. They will go Thursday, January 24, for rehearsals Thursday, Friday and Saturday. Selections to be played are, "Little English Girl", "Lincolnshire Posy", and "Chester".

THE SPIANS SALUTE THESE STUDENTS AS BEST OF M.H.S. CONGRATULATIONS BAND!

Choir Student Of The Month Selected

This month the choir elected, by secret ballot, Royce Hamilton for choir student of the month. Royce is a sophomore and the 16 year old son of Mr. and Mrs. Elbert Hamilton. Royce's hobbies are playing the guitar and the piano. Royce is also a member of the M.H.S. Band. When Royce was asked to make a comment about the choir, he said, "The choir has really come a long way this year and has helped me in my music ability."

Congratulations Royce! The choir department is still working very hard for contest. They have also been working on sight reading drills.

The Choralets held a meeting combined with a dinner at the Corral Restaurant, Tuesday at 6:30 p.m. They discussed a few plans for singing at churches and some local clubs. They also discussed music for the annual Student Council Talent Show and individual projects for their sheet music.

Juniors Have Meeting

The Juniors met January 11, 1974, in the cafeteria. The meeting was called to order by President Mike Bland, Mike said that because the teachers will be in Inservice Training and could not be present, the Juniors will not have the concession stand at the Livestock Show. Also, the Juniors will not sell mums for the Basketball Homecoming. If a guy wants to buy his girl a mum, he will have to order it directly from the florist shop. The reason for this not being sponsored by the Juniors is they do not make that much money and these Juniors have more money than any previous Junior class has ever had.

The committee for planning the Junior-Senior banquet signed up. Banquet ideas were discussed. The rest of the time was spent talking and dreaming about the banquet.

Miss St. Clair Sweetheart

Nominations for Art Club Sweetheart were taken at the meeting on January 16. They were Brenda Weeks, Lequice Herman, and Brenda St. Clair. Brenda St. Clair was elected Sweetheart.

A committee was chosen to draw up the Art Club Constitution and By-Laws. Those chosen were Nick Black, chairman; Darrell Fudge, Danny Brown, Janet Hopper, and Connie Floyd.

Discussion for the Art Club trip was discussed. The trip is planned for sometime in April. Sack lunches will be taken. On this trip the Art Club will see paintings from many area artists, as well as crafts. A tour through the Eastern New Mexico University, Portales, New Mexico, will be taken to see the Art Department.

The Genius

"Dad, it says here that a certain man was a financial genius. What does that mean?"

"That he could earn money faster than his family could spend it."

Youth Center Sponsors Dance

There will be a dance at the Muleshoe Youth Center, Saturday, January 19, 1974. "Weldon Housensluk" will be the band. The cost will be \$1.25 for members and \$1.75 for guests. See you there!

Student Council Has Meeting

Monday morning the Student Council held their regular 9:00 a.m. meeting. The members voted to send congratulatory cards to the many deserving people of Muleshoe High. A discussion was held on whether or not to run for state parliamentarian. It was decided to discuss more on this at a later date. President Steve Block urged the committee chairmen to turn in their committee reports as soon as possible.

Plans were discussed about a chess tournament to be held sometime next month. Elections for Mr. and Miss M.H.S. and Prince and Princess of Friendship will be held the week of January 21.

CONGRATULATIONS to Coach Didway on being elected Student Council sponsor.

The Mules have played two district games winning one of them.

They beat Perryton 60-55 in their district opener and lost 52-51 to Levelland. In both games the Mules showed tremendous effort and missed a victory against Levelland only by the result of a controversial ruling by an official at that game. In both games, the Mules fell behind early but fought back to lead, going into the final quarter.

Jimmie Wisian played one of his best games of the year against Levelland despite being stricken with the flu. The rest of the varsity turned in fine performances and congratulations are in order for two very fine ball games.

The next district game is against Canyon at 8:00 p.m. in Canyon Friday, January 18.

An investment in Your Future

ATTEND CHURCH

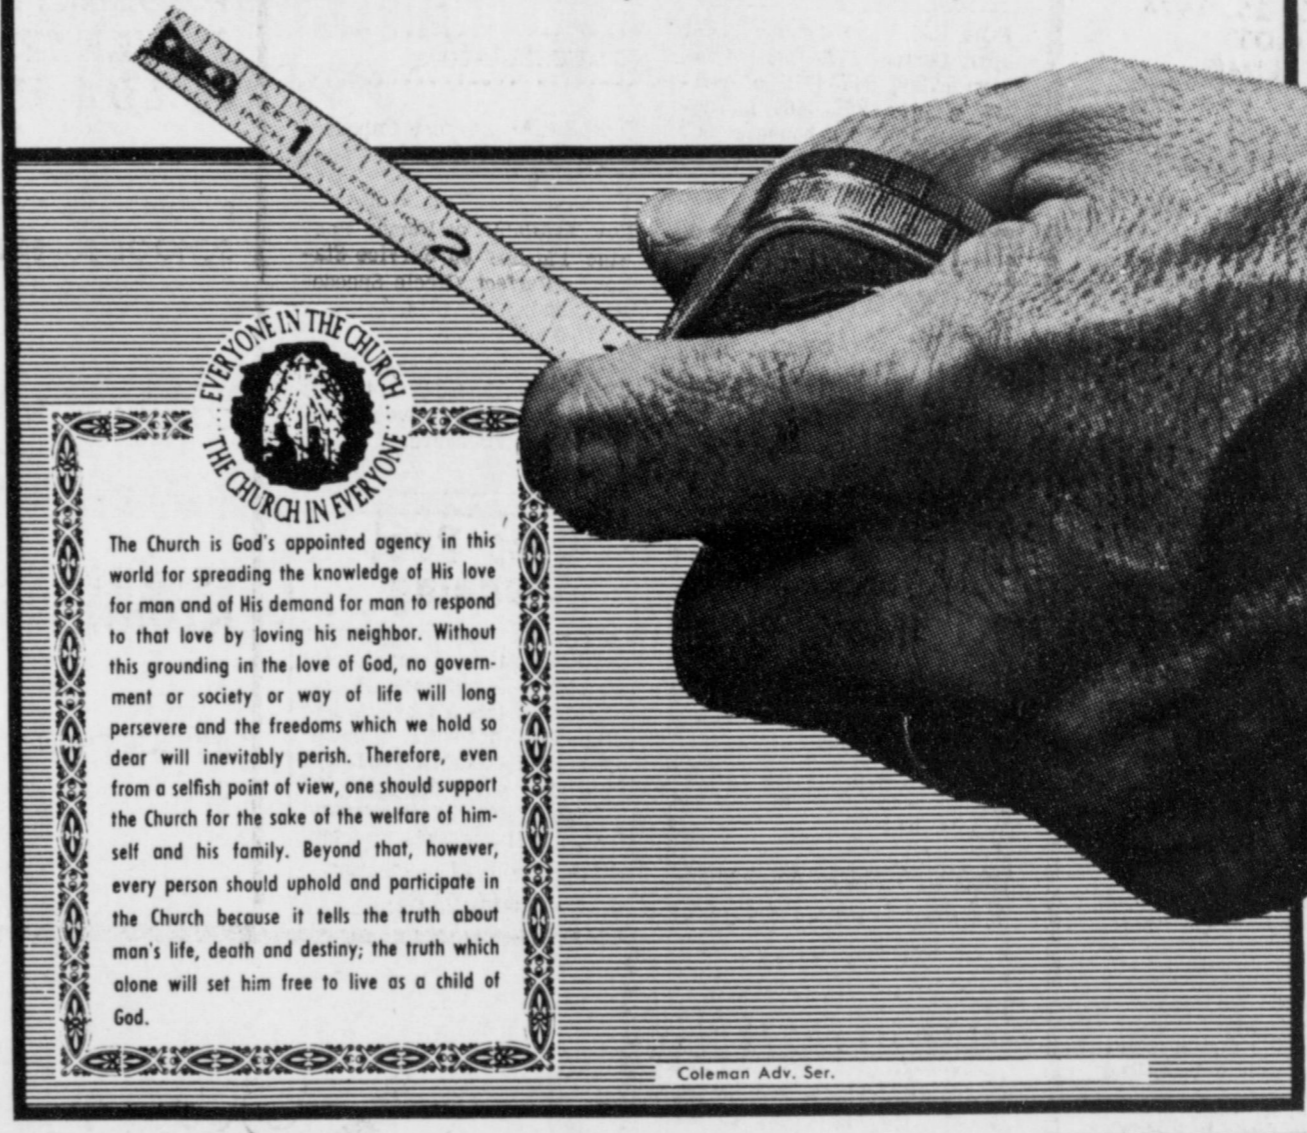

"For where your treasure is, there will your heart be also"

The Carpenter's FRIEND

To build... one must have plans, and plans give exact measurements. The carpenter who makes careful measurements finds that the work is made easier. Careful measuring prevents waste... waste of time and materials. Therefore the measuring device is truly a friend to the carpenter.

The church wants to be your friend, and help you to a easier and better way of life. The Bible clearly gives us a way to measure life. Through many centuries man has found no better rules than those given in the Bible.

Attend church and receive the friendly welcome that awaits you.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

EQUAL OPPORTUNITY EMPLOYER

On Wall Street
By Bob Hill
Lentz, Newton & Co.

MARGIN ACCOUNTS
Last week the Federal Reserve Board announced a reduction in margin requirements from 65% to 50% and the stock

market shot ahead in heavy trading on the news. The Fed sets margin requirements because these are credit transactions involving the lending of money by brokerage firms to

customers.
Stocks purchased on margin are purchased with the investor paying part of the total purchase price and borrowing the balance from his brokerage firm. The amount of money the investor puts up is the "margin" and this is what was just lowered from 65% to 50%. The investor now has to put up only half the purchase price of a stock instead of 65%. But, before you pick up the telephone to call your broker with an order, let me point out that the regulation covering margin transactions states that the margin shall be not less than the greater of \$2,000 or 50%. This excludes the very small investors because the minimum amount of cash required in a margin transaction is \$2,000. If you wanted to purchase 100 shares of a \$30 stock, under the 50% rule you would have to put up only \$1,500 of the \$3,000 purchase price, but that phrase, the greater of \$2,000 or 50%, comes into play. So, your margin would be \$2,000,

not \$1,500. In order to get the maximum leverage out of a margin account, the investor would have to purchase \$4,000 or more of stock on margin. This way he gets full usage of the 50%.
Brokerage firms like margin accounts. In fact, some firms aggressively seek margin account business, paying their salesmen a bonus for opening margin accounts. Here's why. The investor is paying interest on the money he borrows from the brokerage firm when he buys stock on margin. The interest rate is usually 1% to 2% above the lowest bank rate available. Secondly, margin accounts tend to be more active. This means more buying and selling by the investor, more commission income for the brokerage firm and the

salesman. Thirdly, it tends to "lock-in" business. Stocks purchased in a margin account must be held by the brokerage firm in the name of the brokerage firm, but for the account of the customer. The customer cannot take possession of his margin stock until after paying off any money he owes the brokerage firm. Consequently, few margin accounts are transferred, although they can be shifted from one brokerage firm to another upon written request of the customer.
There are two basic ways to use a margin account. The first is by full usage of the 50% margin requirement (or whatever the percentage is at the time-it has been as low as 35%). In this way, if an investor purchased 200 shares of a \$20 stock (\$4,000 market value), it would require \$2,000

margin. If the stock goes up \$5 per share, the investor could take a profit of \$1,000 (before commissions and interest on the margin account) or a return 50% on his equity. Not bad. On the other hand, if the stock goes down \$5 per share, he could lose 50% of his equity of \$2,000. Not so good. This is why stop loss orders are vital in margin accounts.
The other way to use a margin account is to use to pay for the last \$500 or \$1,000 on a purchase of stock. For instance, if our investor in the first example wants to buy 200 shares of a \$20 stock and has \$3,000 cash available but doesn't want to tap his savings account or just doesn't have immediate access to other funds at the moment, he can margin the \$1,000 balance of the purchase price. In other words, use

the margin account as a convenience, for a relatively small amount of money and not for maximum leverage. I prefer this approach. The one thing the investor should always be able to do, is live with a mis-

take if he chooses to do so, until the price of the stock gets back up to the purchase price or goes higher. You may not be able to do that if you are fully margined.

Adult Education Classes Continue

if a teacher and teacher aid are to be provided. Several students have already successfully completed their course of study and passed their GED exam.

The Muleshoe Independent School District is continuing to sponsor an Adult Education Program. Levels I, II, and III, and GED classes are being offered. A minimum enrollment of twenty (20) students per level must be maintained

The classes meet on Tuesday and Thursday evenings for two and one half hours, 7:30-10:00 p.m. They are held in the Muleshoe Junior High School building.
Instruction is individualized according to the student's individual needs. Therefore, anyone may enroll at any time throughout the year, including now. Each person is placed at his own level of accomplishment, and he may proceed with his study from that level.
Every effort is being made to provide each individual with the highest quality of instruction by professional educators. A minimum of 100 hours free instruction is available to anyone interested in taking advantage of this opportunity provided the minimum number of students are enrolled and attendance is maintained.

Public Notice

NOTICE TO CONTRACTORS
Sealed bids for seal coating approximately 65,000 square yards of city streets in Muleshoe, Texas, will be received by the City Manager at the City Hall, Muleshoe, until 8:30 a.m., February 5, 1974, and then at said place publicly opened and read aloud.
All proposals shall be accompanied by a cashier's or certified check upon a national or state bank in the amount of five (5%) percent of the total maximum bid price payable without recourse to the City of Muleshoe or a bid bond in the same amount from a reliable surety company, as a guarantee that bidder will enter into a contract and execute performance bond within ten days after notice of award of contract to him. The bid security must be enclosed in the same envelope with the bid. Bids without check or bid bond will not be considered.
The successful bidder must furnish performance and payment bonds upon the forms which are attached hereto in the amount of 100% of the contract price from an approved surety company holding a permit from the State of Texas to act as surety or other surety or sureties acceptable to the Owner.
The right is reserved to reject any and all bids and to waive any informality in bids received.
Plans, specifications and bidding documents may be secured from the office of the City Manager, City Hall, and Bill R. McMorries & Associates, Inc., 6300 Canyon Dr., Amarillo, Texas 79109, on deposit of Twenty-five (\$25.00) Dollars per set, which sum so deposited will be refunded, provided: (1) All documents are returned in good condition to Bill R. McMorries & Associates, Inc. not later than 48 hours prior to the time for receiving bids, or (2) The Contractor submits a bid and all documents are returned in good condition to Bill R. McMorries & Associates, Inc. not later than five days after the time that bids are received.

Public Notice
The City of Muleshoe is now taking bids for the following items:
1. Refuse collection unit and container handling device
2. 1974 truck for refuse collection purposes
3. 1974 economy sedan
4. Twenty four (24) yards refuse collection unit and container handling device
Specifications for these items may be obtained from the city secretary's office, 215 South First Street, Muleshoe, Texas. The closing date for said bids will be 9:00 a.m., February 5, 1974. At that time said bids will be opened publicly in the city council chambers in City Hall, Muleshoe, Texas.
The city reserves the right to accept or reject any or all bids.
