BRAINS AND BRAWN GUIDE TO VICTORIES

Eastland County Students Engage in Trials of Mind And Body.

INTEREST IS VERY KEEN

Oratory, Debate, Spelling, Tennis, Field and Track Events Included in Lists.

Eastland is host today to the annual meet of the Eastland county interscholastic league, which is composed of the rural and independent schools of the county, and in which are entered more than 500 contestants in the literary and track events. This meet, officials say, is the largest of its kind in the state.

The program, which will continue throughout today and tomorrow, began last evening with the music memory contest, conducted by Miss Helen Howdeshell of Ranger, at the South Ward school building.

All track events are being held at Connelley park and all literary events at the school buildings. All contestants, other than those who were entered in field events, assembled at the high school auditorium this morning at 8:30 for announcements and instructions.

Following was the program for to-day (Continued on page three.)

ONCE RICH MAN WORKS TO LIVE

Brother of C. C. Slaughter May Push Claim Against Estate

FORT WORTH, April 3.—After almost a year's delay, during which time and for several years previously, the plaintiff in a suit for almost \$1,000,000 has been forced to make his living by washing dishes and lately running a small hotel in San Antonio, the famous suit against the heirs of C. C. Slaughter likely will be begun in district court at Palo Pinto Monday.

William B. Slaughter, brother of the late C. C. Slaughter, is claiming in the action that heirs refuse to return to him property held in trust by his brother during liquidation of a bank in Pueblo, Colo., he having assigned all his holdings to C. C. Slaughter to facilitate clearing up of the difficulty. An accounting and settlement is sought.

Since the crash of the Pueblo bank, before which W. B. Slaughter was said to be worth several million dollars, the unfortunate ex-financier has been cooking in oil field camps in order to earn a livelihood. Lately, he was able to obtain a short lease on a small hotel in San Antonio and now, according to his attorney, D. B. Chapin, is earning only a "hand to mouth" living.

W. B. Slaughter, now 73 years old, in his young days was one of the most picturesque cattlemen of Texas. He is the only man who ever drove 1000 head of buffalo from a Texas ranch to Yosemite Valley and when he arrived there gave the entire herd to the government to stock the famous National Park.

Mother Pool of Oil Sought Near Tyler

TYLER, April 3.—About 10 barrels of clear oil testing about 40 gravity has been drawn from the Walter Bramham well in West Tyler, the well continually filling with oil after it is withdrawn. After 50 gallons of oil had been drawn from this water well, which is only 14 feet deep, a test Wednesday showed eight inches of oil and two feet of water, with the oil visibly seeping into the well from the sides.

Exploration for the mother pool is expected, the existence of a heavy oil bearing sand in this locality being indicated by this surface outcropping of oil. Reopening of the Phillips well, two miles north of Tyler, is being discussed. This test was abandoned at about 2,000 feet.

Sales and Mergers of Industrial Properties Making New History

Industrial America today is undergoing perhaps the most far-reaching changes in its history.

Sales and mergers aggregating more than \$2,500,000,000 in property values have been negotiated within recent weeks and scores of pending or proposed mergers of less magnitude probably will bring the year's turnover of industrial resources far beyond anything of the kind in the past.

The purchase by the Standard Oil company of Indiana and its associated companies of the Pan-American Petroleum and transport oil holdings with a market value ranging around \$225,000,000.

Sale of the Dodge Motor Co., at a cash price said to be between \$175,000,000 and \$200,000,000 constitutes what is believed to be the greatest cash transaction in the nation's industrial history.

A \$100,000,000 merger of 85 West Virginia coal properties virtually completed, stands fourth on the list.

700 PARENTS AT C. I. A. TODAY

State Well Represented At Fathers, Mothers Meet

DENTON, April 3.—Parents of C. I. A. students from all parts of the state are at the College of Industrial Arts today in attendance upon the opening session of the annual meeting of the C. I. A. Fathers and Mothers association. They will spend two days upon the campus of the state college for women.

Estimates announced early in the week were to the effect that 700 parents are expected for the occasion. They are being taken care of by the college and by Denton townspeople.

All sessions will be presided over by Judge J. R. Blades, Sherman, president of the association. They will be held in the college auditorium.

Friday morning and afternoon are given over to inspection of the college plant, with students and faculty members as hosts and hostesses. A concert by college musical organizations will be featured Friday evening.

A special assembly at which C. I. A. regents and officers of the Fathers and Mothers association will address the student body will be held Saturday morning. A business session of the association will be conducted Saturday afternoon. The annual senior class play will be given Saturday evening.

One and one-half railroad fare on the certificate plan has been granted to parents, the rate to apply over any line from all points in the state. It is planned to permit the visiting parents to see as nearly as possible the class room and laboratory work of the college under average conditions. The object is to give parents first hand knowledge of the college life, and to bring about a sympathetic understanding between patrons and college authorities.

Murder or Suicide? Police Now Trying To Solve Mystery

KANSAS CITY, April 3.—The suicide theory today appeared to be the possible solution for the death of Dr. Young B. Kelly, whose body was found in a local hotel room early yesterday. A towel saturated with chloroform was wrapped about his head.

Kelly went to the hotel to meet a man named Pat Henderson, according to Mrs. Kelly. Investigation revealed that Kelly registered at the hotel as "Pat Henderson." Shortly after he registered, a man asked the hotel clerk the number of his room. Police are seeking this man, whose identity is unknown.

Kelly, according to the police, recently took out a \$5,000 life insurance policy, which provided that the insurance would not be paid in case of suicide within a year.

CISCO WANTS COUNTY ROAD MATTERS GIVEN MORE STUDY

CISCO, April 3.—At a meeting of the directors of the Cisco Chamber of Commerce last Tuesday night, the matter of the highway situation in Eastland county was discussed at length and referred to the committee on highways for consideration. This committee later issued a call for a meeting of representative citizens of the county to be held in Cisco, Monday night, for a further discussion of the road problems now confronting the county.

The purpose of the meeting to be held Monday night is to discuss plans by which the county commissioners may furnish the funds to match the \$125,000 state aid recently offered Eastland county if the county would match it with the amount required by law.

Music Memory Contest Is Marked By Perfect Scores

The Eastland county music memory contest was conducted in Eastland at the South Ward school on Thursday night by Miss Helen Howdeshell of Ranger, who was appointed in charge of the county contest by the university department of interscholastic leagues. In this contest Ranger won first and second places, Merriman school being 100 per cent and Central Ward scoring 99. There were five contestants from Central Ward, three from Young, two from Cooper and two from Merriman schools, Ranger; four from Cisco and five each from Eastland South and West Ward schools. The work has created considerable interest in music throughout the county and the start is considered promising for future development.

The capitalizations used in the list are those given out by the league and contestants were graded accordingly.

The rural schools were represented by Lloyd E. Castleberry and Wilburn Tankersley of Yellow Mound, neither scoring 100.

Judges for the contest were Mrs. L. G. Graves and Mrs. Marshall McCullough, Eastland; Mrs. S. E. Hinson, Cisco; Miss Gillian Buchanan and Mrs. Charles G. Norton, Ranger. The list used was as follows: 1. Drink to Me Only With Thine Eyes (old English air). 2. By the Waters of Minnetonka, Lieurance.

DEPOSITORS DO NOT SEEK CASH

Bank Examiner Vainly Seeks To Reimburse Creditors

Many of the depositors in the Peoples State bank of Ranger, which was closed by the state bank commissioner at the close of business January 31, last, do not appear to care whether they ever receive their money or not. A. W. Taber, special agent of the state banking department, having charge of the affairs of the Peoples State bank, indicated today, pointing to a great heap of letters returned from the postoffice because the addresses of those for whom they were intended could not be ascertained.

The law requires the agent of a closed state bank to send each depositor by mail a statement of his account, after which the depositor must make proof of claim, making affidavit to it, before any payment of it may be made out of the state's bank guaranty fund. Of the 2500 statements sent out by the agent of the Peoples State bank of Ranger, more than 600 were returned by the postoffice. Many had removed from Ranger, leaving no forwarding addresses; others had moved to new addresses in or near Ranger, and the postoffice could not locate them.

Every depositor in the Peoples State Bank of Ranger may obtain the amount of his or her deposit in full from the state guaranty fund, but must prove the claim before June 12.

If all claims are proved sooner the claims will be paid sooner. Every depositor who has not proved up his or her claim had better hurry to the bank and see about it unless prepared to lose the money. If no statement has been received through the mail a visit should be made to the bank to inquire why not. Special Agent Taber is ready to give all information desired and wants all who are interested to see him.

Poultry Raisers Fix Day to Visit Eastland County Chicken Farms

Directors of the Eastland County Poultry Raisers' association met in the Ranger Chamber of Commerce rooms Thursday afternoon with President M. H. Hagaman presiding. It was decided to accept the tentative dates arranged by the Ranger poultry raisers for the Eastland county annual poultry show, to be held Oct. 22 to 24 in Ranger. Secretary C. C. Patterson was instructed to write to Walter Burton of Ardington and arrange for him to come to Ranger as a judge of the show at that time.

The annual poultry tour of Eastland county was arranged for Friday, April 28, and all poultry raisers in the county are expected to join, together with all others who may be interested. They will carry a basket lunch to be eaten at noon at some attractive place. R. H. Bush of Eastland, Mrs. R. J. Taylor of Ardington and Frank Robinson of Rising Star were named as the committee on arrangements.

It was decided that members of the Wolf Hunters' association should be invited to attend the chicken barbecue that is to be a feature of the chicken carnival in Ranger to show appreciation of their efforts to keep down the wolves that kill the chickens.

The directors are to meet again April 28 during the tour of Eastland county to inspect the chicken farms and hatcheries.

FIRE MENACES HEART OF CITY FOR LONG TIME

Plant of Higginbotham-Bartlett Lumber Company Is Swept By Fire.

EXPLOSIONS SPEED BLAZE

Business Houses in Courthouse Square Saved After Hard Struggle.

The plant and stock of the Higginbotham-Bartlett Lumber company, which occupied practically a whole block and bordered on West Main, North Green, West White and North Mulberry streets, just off the public square of Eastland, was completely destroyed by fire of undetermined origin this morning. A concrete building, belonging to Mrs. Lucy Miller of Eastland, and occupied by the Iowa rooms, and which was located on the southwest corner of the block, was also burned.

Insurance Covers Loss.

R. L. Perkins, local manager for the lumber company, stated that his firm's loss would amount to about \$59,000, covered by insurance in the Lumbermen's Mutual Insurance company. It was not learned whether Mrs. Miller had insurance on her rooming house or not, but it is presumed that she did, as it was partially destroyed by fire about a year ago and had been rebuilt. The contents of the rooming house were saved, having been carried from the building before the flames reached it.

The flames, which started in the northeast corner of the lumber yard, were fanned by a strong north wind and spread rapidly. It soon became evident that the local fire department could not save the buildings that were burning; and that there was great danger of the fire spreading to other buildings, and calls were sent to Cisco and Ranger for assistance. One truck from each town responded, and made the run to Eastland in a few minutes' time.

Explosions Spread Fire.

Several barrels of turpentine stored in the lumber yard exploded, accompanied by a loud report and fire and smoke shooting several hundred feet into the air. This caused great excitement among the hundreds of spectators, many of whom did not know for some time afterwards, what the cause of the explosion was.

Numerous fires started on the roofs above other buildings in the section adjacent to the fire from coals blown from the burning buildings, but these were quickly extinguished and did but little damage. At one time the frame work of the uncompleted Connelley hotel building caught fire and burned for some time before it was put out. One store on the courthouse square caught fire several times, but each time the blaze was extinguished.

Several light and telephone poles about the fire were burned down and wires from others were cut so that the city was without power, light and telephone services for some time during the forenoon.

Fire At Holland Causes Heavy Loss

WACO, April 3.—Five buildings were destroyed by fire with an estimated loss of \$55,000 at Holland, near here, during the morning, according to reports received here. The blaze originated in the rear of a drug store and spread to adjacent buildings. Lack of a water system and high winds left fire fighters with little recourse against the flames.

HUNTSVILLE.—Construction work to begin soon on sanitarium, to occupy entire city block.

INTAKE PIPES EXTEND FAR OUT IN LAKE

Settling Basin Empty; Water Supply Ample Some Time

Following investigations by citizens late yesterday into the cause of an insufficient water supply to keep water in the big standpipe on Eastland hill, 10 men were put to work early today building lines from the present intake far into Lake Hagaman, and it was said an ample supply of water would be obtained this afternoon.

The pump was working steadily yesterday, but was found to be pumping only air because the intake did not reach the level of water in the lake, lowered by the long drought. The engineer said he had reported the lack of water and urged the necessity of extending the pipes into the lake, but nothing had been done and he was about to shut down the pump, seeing no need to pump air. The settling basin had little water in it this morning, but a plentiful supply was promised before the day was over.

There is ample water in Lake Hagaman for another 45 to 60 days, according to experts, even if no rain falls. But it is believed, even by those who refused to forecast Texas weather, that heavy rains will fall in this section within a short time.

INDICTMENTS ARE QUASHED

Fall, Doheny and Sinclair Free Of Grand Jury Bills

By United Press.

WASHINGTON, April 3.—All indictments of Albert B. Fall, E. J. Doheny and Harry Sinclair, growing out of the naval oil reserve leases, were quashed today by Justice McCoy of the District of Columbia supreme court. McCoy sustained a motion of the counsel for the defense to dismiss the indictment upon grounds that they were vitiated by the presence of unauthorized persons in the grand jury room when evidence was being taken.

PETE WELK IS SMILING WHEN DEATH COMES

Condemned Man Dies in Electric Chair Without Struggle

HUNTSVILLE, April 3.—Sydney "Pete" Welk, 31, has paid the penalty for the murder of Willis Champion, Dallas county jailer, and the Texas electric chair has claimed its first white victim.

Welk went to his death at 12:15 a. m. Friday morning calmly and with a smile on his lips. Shortly before being strapped in the chair Welk was allowed to bid goodbye to Levanne Twitty, negro condemned to death. "You have only 60 days more. You had better come along with me," Welk jokingly told the negro.

Shortly before Welk went to his death he is reported to have told Sheriff Schuyler Marshall, Dallas county, the names of those involved in the plot to liberate him from custody in the county jail, and that it cost \$1,000 for the smuggling of pistols and ammunition into the jail.

The death march was begun at 12 minutes before midnight. With a firm tread and head erect, Welk walked into the death chamber. Seating himself in the chair, the condemned man turned to the sheriff and said:

"Give my regards to all the boys and tell them I hope to meet them in a better world."

At 12:15 a. m. the first charge of 1,800 volts caused his erect body to shudder and slump in the straps that held him. After seven seconds the charge was reduced to 250 volts and left for 30 seconds. This was repeated three times and at 12:19 Dr. Bush, prison physician, announced Welk dead.

The total taxable income on their valuation is \$28,300,000,000, and 6,787,481 individuals and 382,883 corporations paid the government \$1,644,833,576 for the year 1922, about seven mills on the gross valuation. Personal exemption of \$17,649,416,000 were allowed. Over 55 per cent of this came from wages, salaries, commissions, bonuses and fees, and 21 per cent was from business, trade, farming, partnerships, real estate, stocks, bonds and other property.

Sixty seven individuals reported incomes of \$1,000,000 or over, and 202,838 reported incomes between \$10,000 and \$1,000,000.

Three per cent of the income taxpayers paid 81 per cent of all the taxes.

The per capita tax paid on personal incomes in New York state amounted to \$25.57, the highest; South Carolina was the lowest with 73 cents per capita. The average per capita net income was \$194.72. The average size of all incomes reported was \$3,143.46.

Illinois is the banner state for closing breweries. During the past two years 21 have been padlocked, and four have marshals on the premises.

The new ambassador from France says France will pay her debt to America, but the question is how it is to be paid. Preferential treatment for France will be asked on the ground that France sustained greater losses than other nations. Nothing is said, however, about the gains as a result of division of spoils.

There are now in the United States nearly 11,000 local co-operative building and loan societies with a membership of more than 7,000,000 and total assets of nearly \$4,000,000,000. These associations have made it possible for thousands of families to own their own homes and have largely contributed to the building boom.

Many Chicago churches have united in a demand for a "month's moratorium on scandal and crime" in the press of that city. Several of the leading churches have adopted resolutions denouncing the featuring of this class of news with its unwholesome pictures as the major course of much of the moral delinquency of the time.

Fashion, or the tailors, rather, have decreed bell-bottom, flappy-kneed trousers for men. This fashion is designed to consume another yard of cloth—the yard lost because of short skirts.

The purchasing power of the dollar compared to 1913, is 61.7, a decline of about one cent during January.

Indian Klansmen Facing Indictments

By United Press.

INDIANAPOLIS, Ind., April 3.—Five indictments against D. C. Stephenson, former grand dragon of the Indiana Ku Klux Klan for alleged attack on Miss Madge Oberholzer, were returned by the Marion county grand jury today.

The indictments charge assault and battery with intent to kill, assault and battery with intent to rape, malicious mayhem, kidnaping and conspiracy to kidnap. Earl Klenck, deputy sheriff, and Earl Gentry one of Stephenson's former lieutenants in the Klan, were indicted as parties to the conspiracy to kidnap.

Power in the Blood!

You will be compelled to admit that the results of S. S. S. are really amazing!

MAN'S GLORY is his strength—yet how few there are who are really as strong as they should be. The blood thins, gets weaker, blood cells wear out—general weakness and a gradual break-down of the system results.

We know there is one thing that puts power in the blood, and that is more red-blood-cells! S.S.S. builds them by the million! We know that as blood cells increase in number, blood impurities vanish! But have you ever actually taken advantage of this wonderful fact? Thousands just like you have never thought of it. So-called skin eruptions—pimples, boils, blackheads, eczema all pack up and go when the tide of blood cells begins to roll in. Blood cells are the fighting giants of Nature. S.S.S. is one of the greatest blood cell builders, blood cleansers and body builders known to us mortals. Here is your opportunity! S.S.S. contains only vegetable medicinal ingredients. Because S.S.S. does build red-blood-cells, it routs rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down.

Start taking S.S.S. today and get back that power in your blood!

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

UNSTEADY NERVES, WEAK MUSCLES KEEP WOMEN IRREGULAR

Now Proven That Catarrh of the Generative Organs Is the Cause of Nine Cases Out of Ten of So-Called "Female Trouble."

It is positively alarming to see the many girls and women who go through their daily work nowadays with little or no enthusiasm and pleasure in what they are doing. The reason for this is very plain when you talk to some of these unfortunate ones for just a minute. They invariably unfold a story of a condition which makes it impossible for them to enjoy the pleasures of home life or the society of their friends. It is equally astonishing to see the remarkable changes brought about in the condition of thin, frail, nervous women and girls by the consistent use of St. Joseph's G. F. P., the wonderful medicine which his being introduced here, and which is doing almost miraculous things for these victims of the dreaded malady—catarrh.

The business women and the school girl, as well as the housewife, find relief and renewed ambition by taking St. Joseph's G. F. P. Those painful, sick spells, which caused them to lose two or three days from business or school every month—confined to their bed or room with aching head, back or sides, nausea, cramping spells and nervousness, quickly disappear when they begin taking St. Joseph's G. F. P.

There is nothing to compare with the enthusiasm of those women and girls who are taking it. The wonderful improvement in their appearance, the return of their vitality and ambition, the joy and buoyancy they feel from the rich, red blood now pulsing through their veins and arteries, supplying the tissue with nourishment and the muscles and nerves with strength and steadiness, knows no bounds, and they literally force their friends to listen to them while they tell of the wonderful changes in their condition brought about by St. Joseph's G. F. P.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Writer

WASHINGTON—Mention has been made in recent dispatches from here of a "Borah bloc" in the United States Senate. Just who the members of this bloc are, however, and by what characteristics they can be identified, have not been made plain.

The fact is, of course, that the term "Borah bloc" has been used simply as a handy tag to tie to the group of independently-minded Republicans who have declined to permit themselves to be bound by their party's caucus, and who claim the right to vote their own views on public questions regardless of what party "leaders" proclaim to be their duty.

To this number might, properly, be added those members recently ousted from G. O. P. party councils, on charges of irregularity. Borah was their champion in the hour of their chastisement. His insurgency is no less real, if more discreet, than was theirs. They will fight with him and for him, en bloc or independently, as occasion requires.

Whether properly labeled as "bloc" or not, and whether fairly grouped under a Borah banner, there no longer remains any doubt but that there is in the new Senate an insurgent group that can make itself felt effectively. This group has now been picturesquely named "the backbone of the Senate."

Before one qualifies for membership he must have proven the stiffness of his backbone by standing up, unwaveringly, under the load of public criticism, social ostracism and partisan abuse resulting from voting in the manner of individual opinion against his party's mandate.

Borah himself says there is a dearth of stiff backbones in Washington. Particularly in the Senate. "It is much easier in Washington," says Borah, "to go along than it is to disagree. If there is any atmosphere in God's world that weakens a man's backbone, it is this."

PUBLIC NOTICE OF DISSOLUTION OF SHERRILL HARDWARE COMPANY WITH CONTINUANCE

Sherrill only, and under the firm name of "Sherrill Hardware Company. Witness our hands at Eastland, Texas, this 26th day of March, A. D. 1925. J. M. SHERRILL, GUY B. SHERRILL, H. P. PENTECOST.—Adv. March 29-April 3-10-17.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Eastland. By virtue of a certain order of sale issued out of the honorable 91st District court of Eastland county, to-wit: the day of March, 1925, by Wilbourne B. Collie, clerk of said court, against Joe Reid for the sum of Seven Hundred Thirty-six and 42/100 (\$736.42) Dollars and costs of sale in cause No. 9255 in said court, styled The City of Eastland versus Joe Reid and placed in my hands for sale by R. J. Williams and wife to Joe Reid dated December 27, 1918, recorded in Vol. 171 at page 104 deed records of Eastland county, Texas, and wife to Joe Reid, Eastland, Texas, between the hours of 10 a. m. and 4 p. m., I will sell said real estate at public vendue, for cash, to the highest bidder as the property of said Joe Reid, by virtue of said levy and order of sale. And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Ranger Daily Times, a newspaper published in Eastland county. Rumor Trying to Get Dempsey Matched For Fight With Wills

By United Press. NEW YORK, April 3.—Reports printed here today that Jack Dempsey and Harry Wills had been matched to meet here in September for the world's heavyweight championship, did not cause much excitement in boxing circles. Tex Rickard denied he knew anything about it. "I don't believe the match can be made now," he said. It was reported a wealthy syndicate had been organized to back the match and the terms have been tentatively accepted by Dempsey and Wills. Jack Kearns, manager for Dempsey, and the manager for Wills said they knew nothing about it.

Artesia, N. M., Oil Field Showing Up

ARTESIA, N. M., April 3.—Swabbing 160 barrels without being shot, the Rosewell No. 1 well of the New States Oil company, in the southwest quarter of section 7-18-28, appears to be one of the best producers in the field. This company's No. 2, the north offset is now drilling, and when completed both wells will be shot. Pipe line runs show the Artesia pool to be making approximately 1000 barrels daily, coming from 16 wells, several of which have proved to be small pumps. That the big production has not as yet been obtained in this section is the belief of many operators, who will watch with interest the drilling of a deep test in the southwest trend, which according to reports will be located in Twp. 20, Rge. 31 E. This well, it is understood, will be drilled by Snowden & McSweeney, one of the largest and most successful of the independent producers. The location will be on a large structure, which has been carefully checked by geological departments of the big companies. The contract calls for a well 3200 feet. In the proven area interest centers in the drilling in of the Majamar Oil company's No. 1, located in the SE corner of the SW 1-2 of section 28-18-28. This well, now drilling at 1855 feet, is north and east of the big Twin Lakes No. 2, the best producer in the field. Due east of this latter well the D. C. Cheesman No. 1 is checking with the logs of the Twin Lakes producers.

Lynchings In South Are Becoming Fewer

ATLANTA, Ga.—Sentiment in the south is gradually turning against the supremacy of the mob and defiance of law in dealing with suspected criminals, especially negroes. In 1922 there were 58 lynchings, 28 in 1923 and only 16 last year, showing the results of efforts to put down mob violence. To date this year three lynchings have occurred, two at Greenwood, Miss., and the other, a burning at the stake, at Rocky Ford, Ga.

After 12 years' suffering with constipation, Kellogg's ALL-BRAN brought lasting relief

Florida woman feels ten years younger. Nomore headaches or medicine.

Think what it means to be everlastingly free from the dull, throbbing headaches, sallow skin and perpetual tiredness which are constipation's toll. But let Mrs. Bevis tell you her inspiring story: Words can't express my gratitude for Kellogg's ALL-BRAN. For 12 years I suffered with constipation, always taking medicine, had dull headaches and never felt well. For the past 12 months I've eaten ALL-BRAN and haven't taken one drop of medicine. I've gained in weight, my health is so improved I feel 10 years younger.

Kellogg's ALL-BRAN will bring sure relief to you just as it has to Mrs. Bevis and thousands of others. It is a bulk food that doctors recommend. It is guaranteed to be permanently effective, if eaten regularly, or the purchase price will be returned by your grocer. Only ALL-BRAN brings sure relief. Eat at least two tablespoonfuls daily—in chronic cases, with every meal. Try the recipes given on the package. Kellogg's ALL-BRAN is nature's own way of cleaning the intestine. Made in Battle Creek, Mich. Served at leading hotels and restaurants. Sold by all grocers.

Are You Weak, Nervous?

Houston, Texas—I have used some of Dr. Pierce's remedies and found them perfectly satisfactory. I became run down in health and had weak and nervous spells. I took the 'Golden Medical Discovery' and the 'Favorite Prescription' and it was surprising how quickly and rapidly I improved. Just a few bottles of each put me in good health. I can recommend the 'Golden Medical Discovery' as a general tonic and the 'Favorite Prescription' for feminine troubles.—Mrs. W. H. Jackson, Route 1, Box 264, N. All dealers. Send 10c to Dr. Pierce, Buffalo, N. Y., for trial pkg. tablets.

TEXAS SUGAR REFINING CO. TEXAS CITY, TEXAS

DID YOU EVER STOP TO THINK

By E. R. Waite, Secretary Shawnee, Okla., Board of Commerce.

That the best way to learn how to work for the home city is by experience. Try it; you will like it. That everybody has some brains. The best results come from work directed by brains. Use your brains. That brains and work are needed in the up-building of any city. That many cities have forces that are trying to tear down, and their evil work must be met with brains and work enough to destroy their evil influences. That many cities continue to permit radicals and demagogues to get away with their stuff. The citizens should not blame these preachers of false doctrines, but they should blame themselves for allowing it. That when this is allowed to go on to any great extent and the citizens don't use their brains and work, they won't have much of a city. That these teachers of untruths—these rule-or-ruin agitators should be fought with truths. That truth will always win; brains and work can't be beat. When the citizens know the truth as to what these radicals are trying to do to their city, it won't take them long to smite them and drive them out. (Copyright, 1925, by E. R. Waite.)

TWO TEACHERS IN THE ALAMEDA SCHOOL RESIGN

The county school board, composed of Briggs Owen, precinct No. 1, Eastland; W. E. Hagood, precinct No. 3, Okra; W. R. Usery, precinct No. 2, Carbon; G. W. Daniels, precinct No. 4, Cisco, and Lee Reid, Carbon, trustee-at-large, held its regular monthly meeting Wednesday in the offices of the county school superintendent. All members were present. The board voted to accept the resignations of G. R. Timmonson and G. R. Witt as teachers of the Alameda school. Saturday is school trustee election day for not only the independent school districts, but for the various rural districts as well. Two members of the county board to succeed Briggs Owen and Lee Reid, whose terms expire, are also to be elected Saturday.

IRION COUNTY YOUTH KILLED IN AUTO CRASH

SAN ANGELO, April 3.—Cecil Grimes, 20 years old, was killed instantly and Marion Grimes, his sister, sustained a fractured collar bone, when their automobile collided with another machine and overturned near Arden, Irion county, their home, Wednesday night. The crash came when a front wheel of the sedan struck the rear of a roadster, driven by Dick DeLong, which was passing it. Mr. DeLong, a San Angelo ranchman, and two companions of Cecil Grimes and his sister escaped uninjured.

Child-birth

Here is a wonderful message to all expectant mothers! When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Stratton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as all mothers and grandmothers did. Don't wait until today, and meanwhile write to Bradfield Regulator Co., Bk 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

GOING OUT TONIGHT WITH THAT PIMPLE SHOWING

The boy or girl who has nothing to worry them about the way they look are so much more noticeable when compared to the shrinking and backwardness of the ones who are afraid to mingle in the fun because they know how unattractive they must look on account of their pimply, blotchy or rough, eczemic skin.

Their one friend is Black and White Ointment, if they will just use it faithfully, because it will get rid of all those ugly bumps and make their skin soft, smooth and lovely. Then, to keep it that way, be sure to use Black and White Soap when you wash. They are both economically priced in liberal packages. The 50c size Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—Adv.
