## SENTENCE SERMON.

Minds of moderate calibre ordinarily condemn everything which is beyond their range.—La Rochefoucauld.

## THE WEATHER.

West Texas—Tonight fair, colder in south portion, temperature 14 to 18 degrees; Saturday fair and colder.

# JUSTICE SEEKS OTHERS GUILTY AS GIRL

## ONE THOUSAND MEMBERS IN THE RANGER CHAMBER OF COMMERCE TO START NEXT WEEK RIGHT

Two Score Determined Workers Turned Loose in City Today and Tomorrow Directed to Sell Ranger to The People of Ranger.

The Chamber of Commerce campaign committees worked hard this morning and by noon eight of them had reported on all the cards they had taken out to be signed, turning them in 100 per cent successful. The eight reporting are: A. F. Hartman, S. P. Boon, Saunders Gregg, Wade Swift, Mayor R. H. Hodges, W. E. Davis, Hall Walker and Walter Murray.

In addition to turning in the cards signed up for the full amounts asked from each subscriber, a number of these campaign workers turned in memberships from others, mostly salaried men in Ranger, whose names the committee on arrangements had been unable to get. All campaign workers were asked to bring in as many of these unlisted citizens as possible in order that the entire one thousand members sought may be obtained.

Business men of Ranger were occupying themselves today with work for Ranger in addition to their regular personal affairs. They are seeking to enroll at least one thousand Ranger citizens in the Chamber of Commerce. The small amount that each will contribute to the organization will be sufficient to carry on the work in splendid shape throughout the current year, and it is promised that the returns on the investment will be far greater than any other money that may be invested during the year in any other enterprise.

This was the purpose of Chamber of Commerce workers meeting last night in the Gholson hotel, this was the sentiment expressed by speakers at that gathering; this was the determination of those to whom Ranger was sold last night, this was the assurance given them so convincingly that they were prepared to give it to others today as they sought to enroll other citizens, both men and women, in the Ranger Chamber of Commerce and sell them Ranger as their home town, the city they shall be proud to claim as their home through the coming years.

Some may have gone to the meeting last night expecting to be bored, some may have gone in doubting mood and perhaps only half-hearted in their devotion to the city, although as loyal citizens each was willing to do his best. But no doubts went away and each was provided with arguments to spread throughout the city today and tomorrow during the progress of the whirlwind campaign, to prove Ranger a good "buy" for all who wish to forge ahead.

These are some of the arguments presented by the speakers in brief addresses:

Rev. W. H. Johnson, pastor of the First Baptist church: "We must have team work. It is the old story of strength in united effort. Good, honest treatment of each other will do much towards building the city. It is wrong to lose any citizens by 'freezing' them out. We have something to offer investors and as their investments develop there will be employment for the wage earners. We need business men in Ranger. We need every family we can bring to Ranger and the opportunities are as good in Ranger as in any city in the country, but there must be more investors before we can hope to offer more inducements to the wage earners."

Dr. H. A. Logsdon: "We have the liveliest Chamber of Commerce secretary in West Texas, but she needs the backing of each citizen to succeed in his work. Many have done well in Ranger; those now in business or engaged in professional work or employed here are making headway every day. Some persons have a hard time achieving success anywhere. Usually they are the pessimists. Those of us who know what resources Ranger has to offer and how they may be developed must use our influence to work over the pessimists and change them into boosters. When I can't boost for Ranger I will move on. After a recent visit outside the state, after hearing of the hardships and discouragements with which persons living elsewhere have to contend, I am the more convinced that Ranger is a good place to come to and tie to. We should sell Ranger to every citizen as the best town in West Texas within the next five years."

J. M. White: "We have a good Chamber of Commerce in Ranger and propose that it shall continue to function. We have the soil and climate, the natural resources and the people to make this the most prosperous community in the whole world. It is wrong for any citizen to speak disparagingly of Ranger. It is disloyal and it is not true. We have few vacant buildings in Ranger; we have some shacks built hurriedly to meet the crying necessities of boom days for which there is now no need. It would be well if a building and loan association could be organized that would assist in buying these shacks and converting them into real homes. Every loyal citizen should 'mother' the town and when selling it to others handle it in a manner to show real appreciation."

## R. B. WALTHALL APPOINTMENT CONFIRMED

Senate Approves Many of Neff's Selections, But Not All of Them.

AUSTIN, Jan. 16.—The senate today confirmed the appointments recommended by its committee on nominations following its executive session.

Included in the list was the appointment of R. B. Walthall as a member of the board of control, Mrs. Epsa Stanford to the industrial accident board and W. W. Boyd as game, fish and oyster commissioner.

Two other recess appointments, those of Tom Gerard and Grover Morris as assistant attorney generals, were confirmed and the appointees assigned to the court of criminal appeals.

Other Neff recess appointments confirmed by the senate were judges, district attorneys and members of various committees.

No recommendations were made on the recess appointments to the board of regents. Another appointment upon which action was not taken was that of Dr. Bledsoe of Taylor, placed on the board of medical examiners last week.

John Dickett will retain his office as member of the highway commission under the senate confirmations. The senate will consider other appointments at a later session.

Three bills were placed before the senate this morning. One was to regulate the height of bridges and other devices built over roads and tracks; another bill empowers cities to regulate the weight of horse-drawn loads over streets and bridges.

Senator Dials of Dallas introduced an amendment to the law dealing with the salaries of jurors and court officials. The amendment provides that grand jurors' salaries shall receive \$5 a day in cities of 150,000 inhabitants or above.

Both houses will probably adjourn late today until after the inauguration of "Ma" Ferguson, it was indicated at noon.

Announcement of the appointment of house committees was expected this afternoon. Clerks and pages were named yesterday, the usual flood of early bills winding up the day's session. Fifty-six bills and a joint resolution were introduced. The fight to prohibit unaturalized residents owning property in the state the abolition of the board of prison commissioners, the repeal of the undeterminate sentence law and a measure giving the tax board additional authority to work out equalization of taxes were among the new measures.

In the senate, too, a bill was introduced to abolish the prison commission and placing control of the state prison farm in the legislature.

Expenses in House. House members voted to allow themselves \$30 each during the present session for postage and \$10 for telegraph and telephone.

A resolution was introduced by R. M. Chitwood of Sweetwater providing for a locally qualified copy reader. It met with much opposition and consideration of it was deferred. Chitwood's measure would place a copy reader in the engraving room to inspect the wording of the bills and prevent the passage of improper legislation which would have to be referred to the attorney general. The position would carry a salary of \$10 a day.

The death penalty for "masked convictions" will be asked in a bill to be introduced in the house by Representative Luke Mankin of Georgetown today. Mankin's bill will prohibit masking in public or private with penalty for violations ranging from a fine to capital punishment. Another bill dealing with the klan, requiring poll tax payers to list their fraternal affiliations will be introduced.

DINWIDDIE OF TULIA NAMED FOR WEST POINT

WASHINGTON, Jan. 16.—Jack Dinwiddie of Tulia has been designated by Representative Marvin Jones for admission to West Point subject to entrance examinations in March.

ITALIAN DEPUTY'S LOVE SLIGHTED FOR POLITICS

ROME.—A love letter signed "Clara," upbidding the recipient for devoting more attention to politics than to the writer, was found among ballots cast Tuesday for president of the chamber of deputies. Apparently some absent-minded deputy dropped in the letter instead of his ballot.

NEFF TO ISSUE PARDONS.

AUSTIN, Jan. 15.—The secretary of state's office has prepared a number of pardons which are expected to be issued by Governor Neff before he leaves office. A report they were to go to honor farm men could not be confirmed.

## Prohibition Has Won The Peoples Approval Says Morris Sheppard

### PROHIBITION HERE TO STAY SAYS SENATOR

Texan-Point Out Nation-Wide Benefits Resulting From Dry Laws.

(By Senator Morris Sheppard, Author of the Eighteenth Amendment, Written for the United Press.)

WASHINGTON, Jan. 16.—Today, Jan. 16, marks five years of national prohibition. In every national election since nation-wide prohibition went into effect the people have signified their approval of prohibition by increasing the dry majorities in both house and senate.

The congress evidently reflected accurately the public sentiment of the nation in the adoption of the national prohibition act to enforce the eighteenth amendment and the supplemental prohibition act to strengthen it, the appropriations to sustain prohibition enforcement, measures to rehabilitate the coast guard and support the effort to prevent rum smuggling and the concentration measure. Legislation is now pending to put prohibition agents under civil service and co-ordinate its forces. This measure has passed the house and now is before the senate.

Decreased arrests for drunkenness number 500,000 annually. There have been 250,000 fewer industrial accidents. A decreased mortality rate has developed which adds three years to human life. The 275 drink cups of license days have dwindled to 27. Lowering of drink-caused poverty is saving \$74,000,000 annually. Prohibition has closed many orphanages and crowded the colleges and schools, has doubled the number of investors and made it possible to save \$30,000,000 out of the daily wage of \$200,000,000.

With nearly 16,000,000 automobiles on the road we must choose between liquor and automobiles. Drinking liquor was always harmful. Now it is unlawful to make it, to buy it or to keep it as a beverage except for a small residue which was purchased before prohibition was adopted.

Americans who are leaders in the republic will insist on obedience to the law. They will require that the game of democracy be played fairly. Prohibition is the law of the land; it will remain so. The perpetuity of the nation depends upon obedience to and enforcement of that law.

GOVERNOR ASKS LEGISLATURE TO ADOPT TEXAS SONG

AUSTIN, Jan. 16.—Governor Neff in a message to the senate yesterday asked adoption of the new Texas song, "Texas, Our Texas," of which W. J. Marsh and Mrs. Gladys Y. Wright of Fort Worth are the authors.

The song was incorporated in the message, the governor calling it Exhibit A.

GROVER AND BUTCHER RETURN GOOD FOR EVIL

ST. JOSEPH, Mo.—Rubin Neely's success as a bandit came in a roundabout way. Neely's wife and four children were hungry and Neely, unable to find work, set out to provide for the family with a gun. He robbed A. J. Einbander, a grocer, of \$1,000. Then he stole a pig from a butcher. Police arrested Neely within a few hours after the "joke."

Following the arrest Einbander sent out a truckload of groceries and coal to the Neely home. The butcher told Neely to keep the pig. Police made up a purse of \$20.

THREE MEN HANGED FOR KILLING LOS ANGELES MAN

SAN QUENTIN PENITENTIARY, Calif., Jan. 16.—Jack Ferdinand and John Sears were hanged here today and John Gergac was hanged at Folsom penitentiary for the murders of Charles Chapman, Los Angeles broker.

"I tried to live without a God and failed," declared Jack Ferdinand as he was led to the gallows.

## Cold Wave on West Texas Plains, Storm Warning On Coast

DALLAS, Jan. 16.—A cold wave with minimum temperature of 10 to 18 degrees will sweep over North and West Texas tonight. Clear skies will follow the cold spell.

HOUSTON, Jan. 16.—Storm warnings were hoisted on the Texas coast today on instructions from the local weather bureau.

## COWBOYS IN MEXICAN BORDER TOWN GO ON RAMPAGE, KILLING GIRL

DEL RIO, Jan. 16.—Days of old were revived at Villa Acuna, Mexico, across the river from here, when cowboys shot up a dance hall and scattered men and women in terror. Twenty or more girls shrieked and dashed for safety as pistols flashed and the tinkle of breaking bottles filled the air. Rosa Gonzales, known as "La Linda," was the only casualty, being struck by a stray bullet. She is not expected to recover.

The trouble began when the vaqueros had imbibed freely of liquor. Twenty-seven persons were arrested when soldiers were called upon to restore order.

## BUSINESS BUILDING AND VITAL STATISTICS IN DALLAS

DALLAS.—Real estate transfers in Dallas, up to and including Dec. 30, 1924, totaled \$70,101,725.87, an increase of \$4,213,330.51 over 1923. Building in Dallas for 1924, exceeded any previous year, aggregating \$57,000,000, a gain of \$15,000,000. These figures cover building construction in greater Dallas.

Volume of wholesale business here last year totaled \$787,500,000, a gain of 12.5 per cent over 1923. One hundred and thirty-two factories located in Dallas last year, according to Chamber of Commerce tabulations. Volume of business done by Dallas manufacturers was conservatively estimated at \$145,000,000, an increase of \$10,000,000 over 1923.

Births last year were twice the number of deaths. The infantile rate was lower. Out of 6,000 births, there were only 200 deaths among infants.

Five thousand marriage licenses were issued, 2,750 divorce petitions filed and 1,500 divorces granted in Dallas county last year. Postal receipts here during 1924 totaled \$3,500,000, an increase of \$500,000 over 1923.

## BUILDER HAS FAITH IN PROSPERITY OF CANYON

CANYON, Jan. 16.—Three brick business houses, each 20x100 feet, will be erected on the north side of the square in the near future by Henry Bradford of Canyon. Bradford built 19 brick business houses in Chillicothe recently. He said that he believed Canyon was a good investment because it is a rapidly growing town. Ten new homes are in the course of construction.

## JUNIOR HIGH SCHOOL TO BE BUILT AT PLAINVIEW

PLAINVIEW, Jan. 15.—Contracts for the erection of Plainview's \$120,000 junior high school building have been awarded. The total cost will be \$101,027. The balance of the bond issue of \$120,000 will be used for the purchase of equipment to be used in the building.

## TOM GREEN CATTLE SOLD TO BAILEY COUNTY RANCHER

SAN ANGELO, Jan. 16.—Four hundred and seventy head of cattle were purchased in this section by Henry Bledsoe of Muleshoe, Bailey county. Three hundred and fifty steer calves were bought from Paul Willoughby of San Angelo at \$23.50 each. Delivery will be made at Big Lake Jan. 18 for shipment to Muleshoe.

From C. C. Sanders of Big Lake Bledsoe contracted for 120 cattle at 6 1/2 cents a pound, to be weighed up and delivered at Big Lake April 15. It is expected the animals will average 550 pounds.

## YOUNG WOMAN CLAIMS SOCIAL STANDING LOST

SUES RAILROAD BECAUSE SCARF FROM INJURY BARS SILK STOCKINGS.

HOUSTON, Jan. 16.—Because she is unable to wear silk stockings without revealing an ugly scar on one leg, Miss Blanch Reneer, of Port Arthur, Texas, has filed suit in the Eighteenth district court here for \$11,500 damages against the International-Great Northern railroad.

In her petition Miss Reneer alleges that on Nov. 17, 1923, she was jerked violently from the step of an I.-G. N. passenger coach at Huntsville, Texas, sustaining an ugly gash half way between the knee and ankle of her left leg.

"The scar is exceedingly painful and unsightly," the petition states. Since the date of her injury she has been forced to wear heavy, uncomfortable hose, which have caused her to lose social standing in addition to overwhelming personal embarrassment, Miss Reneer charges in her suit.

She was a teacher at Sam Houston State Teachers' college, Huntsville, at the time of the accident, and had boarded the train with her mother, who was terminating a visit with her, according to the petition.

## A. P. Barrett Heads New Gas, Light and Power Organization

FORT WORTH, Jan. 16.—The Continental Gas, Light & Power company of Delaware has been granted a permit to do business in Texas. A. P. Barrett, president of the Southwestern Gas, Light & Power company, will head the Continental company. Headquarters will be in Fort Worth in the W. T. Waggoner building.

The Southwestern company operates utilities in Ranger, Breckenridge, Graham, Olney and Newcastle. Barrett is also head of the Newcastle Light, Power & Ice company. The announcement that the Continental company would be allowed to function in Texas reached Barrett from Austin Thursday.

## REAL MURDER MYSTERY AT HOME OF FAMOUS MR. SHERLOCK HOLMES

CROWDOROUGH, England, Jan. 16.—A dismembered body dug up by Scotland Yard operatives on the farm of Normal Thorn, proved to be that of Elsie Cameron, Thorn's fiancée, missing since Dec. 6. The young farmer will be formally charged today. The dismembered body was in three parts, two wrapped in sack and the third stuffed into a large cracker box and tied with twine.

Discovery of the body brought to an end investigations conducted by Scotland Yard with bloodhounds through farmlands and hills around the home of Sir Arthur Conan Doyle and the scene of many adventures of Sherlock Holmes.

## GYPSON COMPANY BUYS MORE LAND NEAR SWEETWATER

SWEETWATER, Jan. 16.—With the purchase of 275 acres of land adjacent to the present site, the United States Gypsum company started work on improvements under contract for some time due to the orders that have flooded the Sweetwater plant compelling work day and night.

The sale of the land to the company was announced by Representative R. M. Chitwood, following his return from Chicago, home office of the company, to Austin.

## STRIFE OVER FASCISTI ENTERS ITALIAN COLLEGE

ROME.—Strife between fascist and their opponents has extended even to the Italian college boys. The rector of the University of Naples Thursday found it necessary to close the doors of the school following fist fights between fascist students and those who are opposed.

## TOO MUCH JAZZ DRAWS TROUBLE TO YOUNG GIRL

Dorothy Ellington's Diary Tells Her Love for Wild Parties and Liquor.

SAN FRANCISCO, Jan. 16.—Seventeen companions of Dorothy Ellington, 16, who shot and killed her mother, were sought by police here today, who declared the "sheiks" were as guilty as Dorothy.

"These men contributed to her crime," said the captain of detectives. "Without them she would have done differently."

Three arrests had been effected this morning, charges of "contributing to Dorothy Ellington's downfall" being filed in each case. Steps to have the girl examined as to her sanity were under way. Authorities announced that they would have four alienists examine her immediately and upon their reports would depend whether or not she would be prosecuted as a murderer or confined in an insane institution.

Her life story starts in a Minneapolis Sunday school. It then jumps to Portland, Oregon, where she attended grade school. At Alameda, Calif., she was a regular church attendant. Then at the age of 12 she saw her first "wild" party. Then it was that for the first time she told her mother that she was staying with a girl friend and instead spent the evening in revelry and slept in the room of a male companion. That was her entry into jazzmania, which soon became an actual mania, running the gamut of wine, carousals, and once an opium party in San Francisco's Chinatown.

SAN FRANCISCO, Jan. 16.—The jazz age was too much for 16-year-old Dorothy Ellington. Sobbing in her cell today the girl gave details of the killing of her mother.

"She scolded me over and over," the girl repeated as her only excuse. Tuesday morning she had taken her brother's revolver and killed her mother, shooting her in the back as she leaned over to tie her shoe while dressing.

No effort will be made to save her from the gallows by her father and brother, according to statements issued by them in refusing offers from different attorneys to defend the girl.

Notes from a diary kept by the girl showed that she preferred the wild, jazz life led by her crowd to the hum-drum, every-day existence of a working girl. Notes written by her in a short jerky hand showed that she bitterly resented corrections by her parents and their efforts to have her stop leading the jazz life she enjoyed. Several entries in the diary referred to wild parties on the beach with remarks about "getting drunk as usual."

Her desire for the companionship of men led to her undoing after she had made elaborate preparations to conceal her identity. Tuesday night while her brother discovered the body of his mother she went to a party. When her escort took her home she told him that it was no longer her home and he took her to a rooming house where police later discovered her.

After her arrest she told a story of a "dope head" committing the crime, but under severe grilling by the district attorney she broke down and confessed her act.

## CISCO NATIONAL FARM LOAN ASSOCIATION REPORTS GAINS

CISCO, Jan. 16.—The Cisco National Farm Loan association, according to its secretary, J. W. Gray, has loaned to the farmers and ranchers in the Cisco territory \$100,000, the loans having been made to 107 individuals. There are now pending, Mr. Gray says, applications for loans aggregating \$13,000, with others whose applications have been approved for approximately \$5,000.

The association held its annual meeting at the city hall in Cisco Tuesday and elected the following officers and directors to serve during the ensuing year:

Directors—C. M. McClelland, B. T. Riddle, R. L. Bettis, J. W. Nobles, Officers—G. M. McClelland, president; E. N. Erickland, vice president; J. W. Gray, secretary-treasurer.

The following compose the loan committee: J. E. Johnson, D. L. Bailey, J. N. Noble; with a substitute committee composed of T. R. Cox, James Irby, Levi McCollum, all of Rising Star. Appraiser—J. W. Gray.

**BIBLE THOUGHT.**  
 The fruit of the spirit is love, joy, peace, longsuffering, gentleness, goodness, faith, meekness, temperance; against such there is no law.—Gal. 5:22, 23.

**BILLIONS ESCAPE TAXATION.**  
 The national industrial board has issued a report which asserts that the value of real property exempt from taxation increased \$14,000,000,000 between 1900 and 1912 and \$8,000,000,000 more between 1912, now totaling more than \$20,000,000,000, and is still increasing at the rate of 6.7 per cent a year.

Real property does not, of course, furnish all the exemptions; in fact, it furnishes less than half of them. Personal property exemptions include securities issued by federal, state and local governments; exemption allowed by the income tax law, and other important, though smaller, sorts of property.

Such personal property exemptions, are estimated by the national industrial conference board to more than \$50,000,000,000, or about one-sixth of the entire tangible wealth of the nation.

France is alarmed over the withdrawal of Spanish troops from that portion of Morocco assigned to Spain in the agreement made with France on a division of this territory in 1912. Inasmuch as France will not help England in Egypt, the latter does not purpose to allow France a free hand in Morocco, but France may be compelled to take up the fight where Spain has left it. Just why the league of nations should not have something to say in these matters and put an end to the disastrous war for conquest that is still being prosecuted is one of the reasons why Americans and the democratic citizens of many other nations look upon the league with justifiable suspicion.

The General Electric company at Schenectady, N. Y., has perfected a small, portable X-ray equipment, complete in all details, that weighs only 20 pounds and can be carried with perfect safety and ease like a handbag. To use the new apparatus it is merely necessary to connect an ordinary extension cord in the nearest socket of the house circuit. X-rays are then produced merely by pressing the switch. Every doctor's and dental office, besides up-to-date school rooms, will soon be equipped with this simple but necessary invention.

The proposed new postal rates, advocated by the administration, to meet the increased pay for employees, is designed to spread equitably over all classes of postal matter. But as now proposed it will not be sufficient to put the department on a self-sustaining basis, and the people will have to be taxed to make up the deficiency. What we need in Washington is "more business and less sentimental favoritism."

During a discussion in the French senate of the international loan of \$100,000,000 it developed that after the Morgan company deducted commissions, interest and expenses the net proceeds would be only \$89,000,000. A very handsome profit as a part of the Christmas business.

In spite of all the talk about the French debt to the United States, nothing really has been done, except to jockey for position, as it were. France seems greatly surprised at the American sentiment, and England insists on having a voice in any agreement to the end that her bill against France shall be paid.

## Hoover Declines To Be Moved About In Coolidge Cabinet

By United Press.  
 WASHINGTON, Jan. 16.—Secretary of Commerce Herbert Hoover has declined a suggestion of the president that he transfer from his present post to be secretary of agriculture after March 4, he said today.  
 "I appreciate the confidence the president has shown in me, but I have told him I believe it would be best to decide against the change," said Hoover.

## COUNTY FEDERATION OF WOMEN'S CLUBS MEETS IN CISCO TOMORROW

The Eastland County Federation of Women's club, Mrs. Philip Pettit of Cisco, president, will hold its annual election of officers at the Christian church in Cisco Saturday afternoon at 2 o'clock. All Eastland and Ranger club women, as well as those from other parts of the county are urged to attend as the meeting will be a very important one.  
 It is announced that an informal reception will be held and refreshments served just before the business session.  
 The Eastland county organization is affiliated with the state organization.

### PLANS MADE BY 1920 CLUB FOR OPEN CONCERT.

The regular meeting of the club held on Thursday was occupied with stories of the life and works of American mural painters. Those taking part in the program were Mmes. G. L. Davenport, M. L. Holland, R. H. Hodges, J. M. Dodson, S. P. Boon, George Armer and Miss Sue Dean. Miss Dean was elected corresponding secretary to succeed Mrs. Ladderdale, resigned. The amendment to the constitution on the manner of voting in new members was voted down by the club. Mrs. C. C. Patterson and Mrs. R. L. Hodges were elected members.

### EASTLAND COUNTY CLUB WOMEN MEET SATURDAY.

The Eastland County Federation of Women's clubs will meet on Saturday at 2 o'clock in the Presbyterian church at Cisco. Mrs. R. H. Hodges of Ranger will be leader for the day. The subject will be "Better Homes," with following topics: "The Home as a Center," Mrs. W. K. Jackson, Eastland; "The Influence of Music and Pictures," Mrs. Philip Powsley, Desdemona; "The Influence of Books, Magazines and Daily Papers in the Home," Mrs. Frank Perkins of Rising Star. The annual election of officers will take place and all club women who can possibly attend are asked to do so.

### MERRIMAN P.-T. A. WILL MEET THIS EVENING.

The regular meeting of the Merriman Parent-Teacher association will be held this evening at 7:30 o'clock at the schoolhouse. While there has been considerable sickness at this locality, those who were ill have recovered and a large attendance is looked for at this meeting.

### SPLENDID CONCERT FOR BENEFIT SCHOOL LIBRARY.

Some of the finest talent in Ranger has been promised for the program to be given Saturday night at the High school auditorium for benefit of the High school library. The great need of books for reference, not only for the purpose of helping the students, but also to maintain the affiliation with the colleges of the southern conference, has prompted the members of the High School Parent-Teacher association to make

an effort to raise a library fund. These ladies have planned the program and are asking the support of all citizens of Ranger for this concert since the fund to be raised is so vital a necessity to the students of the High school. The following program will be given:  
 Piano solo, Marguerite Adamson.  
 Vocal solo, "The Land of the Sky-Blue Water" (Cadman), Miss Emma Stephens.  
 Duet, cornet, Leo Underwood; trombone, W. Paul Lacy.  
 Reading, selected, Mrs. Peters.  
 Mixed quartet, Mmes. LaPrelle and Leake, Messrs. White and Underwood; Mrs. J. M. White, accompanist.  
 Vocal solo, "An Old-Fashioned Garden," Miss Helen Howdeshell.  
 Ensemble selection, "Spring's Awakening" (Bach), violins, Mrs. W. W. Housewright, Miss Buchanan; cornet, Mr. Underwood; Mrs. M. R. Newham at the piano.  
 Vocal duet, Mmes. LaPrelle and Luke.  
 Aesthetic dance, Miss Florence Alice Palmer.  
 Vocal solo, "Roses of Picardy," Mrs. LaPrelle.  
 Violin obligato, Miss Gillian Buchanan; Miss Jennie Robison, accompanist.  
 Brass quartet, Messrs. Hunt, Lacy, Schmidt and Underwood.

## State Rangers Quit Activities Pending Hearing In Court

By United Press.  
 AUSTIN, Jan. 16.—State rangers have been ordered to cease all law enforcement activities until after a hearing on the court injunction issued at San Antonio. Adjutant General Barton today sent orders to the rangers throughout the state to that effect.  
 The San Antonio suit was based on alleged illegal entry of rangers into a private home.

### TAXES IN SAN ANTONIO ARE REDUCED SLIGHTLY

By United Press.  
 SAN ANTONIO, Jan. 16.—San Antonio tax payers will pay 7 cents less taxes on the \$100 valuation for the current year than they were assessed last year.  
 The city tax rate has been reduced from \$1.78 to \$1.72 on the \$100 and the independent school district tax has been decreased from 86 cents to 85 cents.

## MEMBERSHIP DRIVE

(Continued from page one)  
 sell Ranger to the citizens and bring in the members and the money. But you have been called here tonight to get some inspiration to impart to those you are going after. Some of you may not need it so much as others but it will do none of you any harm. I believe you are all loyal to Ranger, but you must prove it by your works and you can work better if you have been sold Ranger beyond question."

Pledge cards previously prepared were distributed among the workers, each claiming those awaiting signatures he believed he could best obtain. Each worker was instructed to report to the secretary of the Chamber of Commerce this afternoon and to make a final report Saturday night and Mr. Maher assured all that no excuses would be accepted and a report on each card would be expected by 6 o'clock Saturday evening. The directors wished, he said, that the Ranger Chamber of Commerce shall start next week with at least one thousand members.

The fifteenth Railroad Brotherhood Co-operative National bank was opened in Portland, Oregon, the first of this year.

## PERSONALS.

Mrs. W. E. Davis and daughter, Ernestine, accompanied Mrs. J. A. Pitcock and daughter, Louise, went to Fort Worth on Thursday.  
 Mrs. G. D. Chastain, who has been in Chickasha, Okla., since Saturday, was joined Thursday by Mr. Chastain, who went to attend the funeral of Mrs. Emerson, Mrs. Chastain's mother.

## Are You Weak, Nervous?

Houston, Texas—"I have used some of Dr. Pierce's remedies and found them perfectly satisfactory. I became run down in health and had weak and nervous spells. I took the Golden Medical Discovery and the 'Favorite Prescription' and it was surprising how quickly and rapidly I improved. Just a few bottles of each put me in good health. I can recommend the Golden Medical Discovery as a general tonic and the 'Favorite Prescription' for feminine troubles."—Mrs. W. H. Jackson, Route 1, Box 264, N. All dealers. Send 10c to Dr. Pierce, Buffalo, N. Y., for trial pkg. tablets.

### No Man Is a Real Citizen Unless He Renders Some Service to His Community

Every man in Ranger, whether a business man, salaried man or craftsman should belong to the Chamber of Commerce and lend his support and cooperation to the efforts the organization is making to develop and improve this city. The Chamber of Commerce is back of every movement which tends to make this a better place in which to live and work and in order to accomplish the splendid program which has been planned for 1925 it must have a membership of 1,000 strong, loyal supporters.

### IT TAKES ORGANIZED EFFORT

To accomplish anything worth while. Ever man working for himself and by himself gains nothing for the individual or the community. All community progress is accomplished through a Chamber of Commerce or similar organized body. Let us all pull together for 1925 and make it the greatest year in every respect that Ranger has ever known. We need YOUR help.

**United States May Go On War Ration Says Forestry Man**

The United States will be on a water ration within a comparatively short time if steps are not taken at once to conserve our forests and through them our water supply, Frederick H. Newell, former director of the United States reclamation service, told members of the Yale forestry club. "The use of America's water supply is rapidly approaching the stage when it will be necessary to appropriate the amount to be used for drinking and household use before industries are allowed to use any for manufacturing purposes," Newell said. "Our rainfall remains fairly constant," Newell said. "It is only as we change its distribution by the removal of the forests and contaminate the streams by dumping waste that a shortage of water may ensue." Newell, who has made a life long study of the water situation in America, pointed out the close connection between forests and water resources and appealed for greater conservation of our rapidly vanishing timberlands.

**Texas May Replace Red Auto Rearlight With Yellow Light**

AUSTIN, Jan. 15—Red lights up on the rear of motor vehicles will be introduced by a new headlight bill to be introduced at this session of the legislature. Reed Grandberry, university student who worked up a thesis upon the headlight laws of various states, furnished much of the material embodied in the proposed measure. Grandberry's thesis brings out that science has proved that yellow attracts more attention than red. Also the familiar red signal has long been used to denote any kind of traffic obstruction from a running vehicle to a washed out bridge. Many accidents result from a driver mistaking stationary danger signal for the tail light of an automobile, Grandberry said. The bill will be sponsored by the Texas Highway association.

**LEE SATTERWHITE HAS COUSIN IN EASTLAND**

Lee Satterwhite of Amarillo, who was recently elected speaker of the house of representatives of the thirty-ninth Texas legislature now in session at Austin, is a cousin of E. C. Satterwhite, hardware merchant of Eastland. The two men have never lived in the same part of the country, but have met several times.

**They Must be SOLD 'Says Tom Smith'**

We are determined to clear our yard of used cars—every one of them must go! If you haven't seen these cars, don't put it off any longer—come in at once and you will find the rarest bargains ever offered in a used car sale.

We, the Leveille-Maher Motor Company, absolutely guarantee that every car sold during this sale is in exactly the condition we claim for it, and further guarantee to provide every purchaser with a certificate as shown below, which gives him absolutely the same service FREE of any and all cost as is given with a new car. We can do this because this is the finest lot of used cars ever offered to the public. No other dealer has attempted any such guarantee.

THIS IS TO CERTIFY that Ford car bearing engine No. . . . . was sold during our January Clearance Sale and that in consideration of the above fact that purchaser is hereby entitled to receive, without any charge whatsoever, exactly the same service on this car as we give free with every new car sold by us.

By Billy DeBeck

**CATTLE IN THIS SECTION STANDING WINTER WELL**

Notwithstanding the continued froth, Eastland county cattle are in fairly good condition and none have been lost because of poverty and cold weather, according to Frank Parker, Eastland county cattle inspector.

Mr. Parker said that a rain is badly needed in this territory and that it would be of special benefit to stockmen as it would bring out the grass and furnish water for stock.

While some parts of the county have not been released from the ice quarantine, no ticks have been found anywhere in the county since last August, according to Mr. Parker.

**FORD COUPE STOLEN FROM EASTLAND PARKING STAND**

A new Ford coupe belonging to George Thompson of Eastland was stolen from in front of the Eastland hotel last night about 8 o'clock. Mr. Thompson had recently purchased the car from an Eastland dealer. His engine number is given as 10,093, 666.

**BILLY HULLDESTON, FORMERLY EASTLAND RESIDENT, DIES**

News of the death of Billy Huddleston, an old-time Eastland resident, at his home in Arkansas, was recently received in Eastland. Huddleston was a son-in-law of Mrs. S. E. Steele and was well known to many Eastland county people, especially the old-timers.

**Soccer Football Seeks Recognition In United States**

By FRANK GETTY, United Press Staff Correspondent.

NEW YORK, Jan. 14.—Soccer football, which has struggled 40 years for adequate recognition in the United States, bids fair to have a banner season in 1925.

The United States Football association, which controls the game in this country, considers that 1924 was the best yet and is making plans for still better things this season.

The British Isles give soccer a much more prominent place than it enjoys here. "Ties," as they call their matches, for the football cup—emblematic of the supremacy of England—draw crowds of 100,000 on Saturdays. In Ireland, Scotland and Wales, the game enjoys unbounded popularity.

South America has taken up the business of soccer seriously, and a Uruguayan team holds the world's championship by virtue of its victory at the 1924 Olympics. Soccer is popular on the continent, also, and has found favor among the new nations created since the world war.

The Olympic games brought together more nations in this branch of sport than in any other.

The game is on a much more closely knit basis in England than elsewhere. There they have two professional leagues, a First league and a Second league, which play matches in round-robin fashion similar to our professional baseball teams. At the end of the season, the two leading teams in the Second league move up to the first, while the two tail-enders in the First league are relegated to the "minors." This system keeps competition keen at both ends of the ladder. There is also a bracketed competition for the football cup in which league teams are entered.

In the United States, such competition on a national scale is obviously out of the question. But there seems every reason to believe that with colleges and schools adopting soccer, some as a major sport, the game will receive increasing recognition.

**CITATION BY PUBLICATION, THE STATE OF TEXAS.**

To the Sheriff or any Constable of Eastland County, Texas, Greeting:

You are hereby commanded to summon Ira P. Whitaker by making publication of this citation once in each week for four consecutive weeks previous to the return day hereinafter, in some newspaper published in your county and first judicial district, to appear in the next regular term of the Ninety-first district court of Eastland county, to be held at the courthouse thereof, in Eastland, on the first Monday in February, A. D. 1925, the same being the 2nd day of February, A. D. 1925, then and there to answer certain bills in said court, on the 18th day of December, A. D. 1924, in a suit, numbered on the docket of said court as No. 11912, wherein Addie Whitaker is plaintiff and Ira P. Whitaker is defendant and said petition alleging that plaintiff and defendant were married in Motone county, Texas, on Dec. 1, 1923, and lived together until March 1, 1924; that by a previous marriage between them they had four children: Chester, a boy, now 14 years of age; Jos. O., a boy, now 12 years of age; and Mabel, a girl, now 7 years of age.

That on or about March 1, 1924, defendant, without cause or provocation, abandoned said children and this plaintiff and has not since supported them or either of them; that defendant was guilty of excesses and was of a jealous disposition charging her with immoral conduct directly and by implication causing her almost ruin, mental anguish and humiliation; and did on diverse and sundry occasions threaten her with personal violence, causing her nervous and physical exhaustion.

Plaintiff says that such conduct was of such a nature as to render their further living together impossible.

Wherefore, she prays judgment of the court for a divorce absolute; that the said children be placed permanently in the care, custody and control of their grandparents or of plaintiff, as the court may seem best; together with such other or different relief in the premises as to the court may seem just and proper, either at law or in equity, and that she will ever pray.

Herein fall not, and have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in the city of Eastland, this 18th day of December, A. D. 1924.

ROY NUNNALLY, (seal) Clerk District Courts, Eastland County, Texas.

By WILBOURNE B. COLLIE, Deputy, Dec. 26-Jan. 2-16.

### Health Hints

by the Father of Physical Culture

It has been thought that energy is generated in the muscles, but we know that the muscles are powerless to act without the impulses from the nerves. Then is not the power that moves them the electrical or motive force that comes from the brain and the spine? The theory was that the union of oxygen with the tissues of the muscles, producing combustion, liberated energy, just as it is liberated in the combustion of wood and coal by fire, resulting in heat. We know that heat is generated in the process of muscular action, but it would appear from our more ripe and modern study of the subject that this is probably incidental rather than the cause of the manifestation of energy known as muscular strength. We also know that waste matter is consumed by chemical union with oxygen, forming carbon dioxide, or carbonic acid gas, as it is more popularly known; among other things this combustion produces heat. It would appear also, that the breaking down of muscular tissue which gives rise to this waste matter is only incidental rather than the cause of the expression of energy. As already said, we know that the muscles do not and cannot act of themselves, but only through the nerve impulses transmitted from the brain; and we can scarcely avoid the conclusion that the actual power which operates in these tissues is the electrical force or dynamic energy which comes from the spine and brain, which serve as a storage battery, and which when partly exhausted this energy is regained through the building up and revitalizing processes of sleep. The oxygen of respiration carries with it an electrical charge which, when carried through all of the tissues of the body by the blood, is absorbed by the millions of nerve branches permeating every tissue, and stored away in the spine.

### Health Hints

by the Father of Physical Culture

There can be no doubt that most outdoor occupations are by far more healthful than indoor work, since they provide opportunity for an abundance of exercise and fresh air.

Farm life would be better than it were it not for the fact that various drawbacks are nearly always associated with it—fatigue, bad air at night, lack of hygiene and sanitation, unwholesome food, etc. There is, as a matter of fact, no reason for this, and farm life could be made an ideal life if it were properly managed. Indoor occupations are not so bad if the windows are left wide open and a certain amount of exercise is taken every day; in fact, statistics prove that the average life of the city man is longer than that of the man who lives in the country. There is no just reason for this, and it must be due to the causes mentioned—overeating, lack of sanitation, lack of fresh air at night, etc. for the farmer. Drainage is often a serious problem in the country.

Various occupations are notoriously injurious—mining, stone-cutting, deep-sea diving, work in a steel mill, a paint factory, a feather-bed factory, etc. Small particles of some of the materials used fill the air, and are inhaled into the lungs, where they set up serious inflammation, and often cause death. Men who work in paint shops often suffer from lead poisoning. Men who work under great air pressure are liable to suffer from "caisson disease," ending in a frightfully painful death. On the other hand, aviators may die from lack of air. But they are usually able to get back to air levels, and deaths, therefore, do not often occur in this way.

On the whole, it may be said that any occupation may be made more or less healthful by the manner of life which is lived after working hours, and the condition in which the blood and general health is maintained, during the period of labor.

There can be no doubt of the influence of occupation on health, and unquestionably many who are trying to improve their physical condition are laboring under great handicap because of the confinement of their work, the poor ventilation of their working quarters, and perhaps compulsory overwork.

## GEO. M. COHAN'S SON-IN-LAW, DEAD.

MR. & MRS. J. W. SOUTHER.

Georgette Cohan, daughter of George M. Cohan, noted comedian and producer, is so ill in a New York City hospital she has not been told of the death of her husband, J. William Souther, wealthy young stock broker, who died of appendicitis in Rawlins, Wyo., where he had gone to look at oil leases.

## MEN AND WOMEN IN THE NEWS OF THE DAY

Above: COSIMA WAGNER & EMPRESS ZITA  
Below: MURRAY HULBERT & DR. PAUL KAMMERER

Ex-Empress Zita, of Austria, now an exile in Spain, is to be married in the near future to Count Joseph Hunyadi, of Hungary, according to despatches from Budapest. She would thus become a Hungarian citizen, and the government could no longer deny her a right to return. Frau Cosima Wagner, widow of Richard Wagner, the great composer, is seriously ill at her home in Bayreuth, Bavaria. New York courts have ruled that Murray Hulbert, President of the Board of Aldermen, and one of New York's leading politicians, forfeited his elective office when he accepted membership on the State Finger Lakes Park Commission, an honorary position. Dr. Paul Kammerer, of Vienna, assistant of Dr. Steinach, visiting in New York, asserted many cases of inoperable cancer have been successfully treated by the Steinach gland rejuvenation method, prolonging life from ten to twenty years.

## ALLEGES ATTACK AT "GIN PARTY"

HENRIETTA HAMMOND & MONTCLAIR PARSONAGE

The story told by Miss Henrietta Hammond of a wild party in a Montclair, N. J., Presbyterian parsonage, where she said she had her first drink of gin, resulted in the conviction of Philip Wylie, Princeton graduate and preacher's son, on the charge of attacking her. The story was denied by Wylie, who has appealed.

## MORE CABINET CHANGES FORECAST.

Above: JAMES J. DAVIS & HERBERT HOOVER  
Below: JOHN W. WEEKS & ALONSON B. HOUGHTON

The impression is growing in Washington that President Coolidge will entirely remake the Cabinet he inherited from President Harding. Secretary of War John W. Weeks, Secretary of Commerce Herbert Hoover and Secretary of the Interior J. J. Davis are reported ready to retire. Alonson B. Houghton, American Ambassador to Germany, is said to be slated for the post of Ambassador to London, succeeding Frank B. Kellogg, appointed Secretary of State.

## MEN WHO ATTACK GOVERNOR DAVIS.

DICK SMITH, W.C. MILLAR & W.H. WEST

Left to right are Dick Smith, managing editor of the Kansas City, Kan., Post; Representative W. C. Millar, member of the Kansas Legislature, who is leading a fight for a change in the pardon and parole system, and W. H. West, shorthand reporter, the three men who heard an alleged conversation between Fred G. Pollman and Russell G. Davis, son of the then Governor Jonathan M. Davis, of Kansas, in which Pollman paid young Davis \$1,250 for a pardon signed by Governor Davis. Governor Davis and his son were arrested.

## Engineer Who Shot French Teacher

FRANCIS X. BERNARD

This is the first photograph of Francis X. Bernard, chemical engineer, who shot pretty Lora Palmer, instructor of French in the University of Wisconsin, at Madison, Wis., and then killed himself in the French dormitory. Miss Palmer will recover.

## ATTEMPT TO BLACKMAIL OPERA SINGER

CYRENA VAN GORDON, HARRY PRITZGER & JOSEPH CASSELA  
(Below)

Cyrena Van Gordon, well known opera star, is shown exhibiting to Harry Pritzger, Assistant State's Attorney of Chicago, one of numerous letters she had received from blackmailers, who demanded that she pay them \$500. Joseph Cassela, taxicab driver, was arrested when he called at her home and declared a woman had ordered him to call for a "package." The blackmail notes threatened Miss Van Gordon with death if she reported the matter to the police.

## IMPORTANT CHANGES IN COOLIDGE CABINET

Above: MRS. MABEL VILDEBRANDT & FRANK B. KELLOGG  
Below: CHARLES B. WARREN & CHARLES E. HUGHES

Giving as his reason a desire to retire to the private practice of law, Secretary of State Charles Evans Hughes, of New York, has resigned, effective March 4, and President Coolidge has appointed in his place Frank B. Kellogg, of Minnesota, at present Ambassador to Great Britain. Mr. Coolidge also appointed Charles Beecher Warren, of Michigan, former Ambassador to Japan and to Mexico, Attorney-General succeeding Harlan F. Stone, of New York, appointed to the Supreme Court bench. There are persistent rumors in Washington that Mrs. Mabel Walker Vildebrandt, of California, Assistant Attorney-General, may be named by President Coolidge as the first woman Judge on a Federal bench in the United States.

# TOTAL ECLIPSE OF SUN TO BE SEEN JAN. 24

Will Be Total Within 100-Mile Belt Through Northern United States.

WASHINGTON, Jan. 13.—It will be the first time in more than a hundred years to write the twenty-fourth of January down on your desk pads and drive autos slowly that day, for on that date, says the American Nature association, there will occur in the skies something that you will probably never see again—a total

## NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, T. E. Johnson, 609 W. Lake st., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.—Advertisement.

# DID YOU EVER STOP TO THINK

By E. R. Waite, Secretary Shawnee, Okla., Board of Commerce.

That it takes better business to make a better city.

That good business makes a busy city; lack of it makes a quiet city.

That a live city has good real estate values.

That values in a quiet city are usually so low that owners of real estate have to work hard to pay taxes.

That some cities seem like cities of the dead while others seem to be slowly awakening from a long, long sleep.

That when they are fully awake they will be able to see the open gateway to the road that leads to progress and prosperity.

That in telling the story of their city, they will find the words of the English language almost inadequate to express the many good things contained therein.

That their natural opportunities are so great that when their story is told it will attract the attention of the world. It will be a story of facts, not fiction.

It will be a story of a dead past and a live future.

eclipse of the sun in some places and a partial eclipse over the greater part of the United States.

If you live within a belt 100 miles wide and 5,000 miles long and flung from northern Minnesota across north ern Wisconsin and Michigan, the great lake to New York, Long Island, Connecticut, New Jersey and Massachusetts you will see the flaming sun blotted out on the morning of January 24. Those who live near this path across the country—a path that ends at sunset near the north of Scotland—will see the sun shadowed in part, the extent depending on how near they live to this belt.

On the twenty-fourth day of the new year the moon will pass between the earth and the sun, throwing its shadow on our sphere. It is the first total eclipse of the sun to be visible in this section of the country since the year 1806. No other total eclipse will take place in the same vicinity for more than a century. Though a partial eclipse is not an unusual occurrence in one locality, it is not every generation that sees the moon smudging out the sun.

Where the Eclipse Is Total.

The eclipse will be total in Duluth, Buffalo, New York city, New Haven and many other large cities in this part of the country. The partial eclipse will be very large, nearly total, in some of the largest cities in the United States, including Boston, Providence, Albany, Philadelphia, Baltimore, Washington and Chicago. Even as far south as New Orleans, and as far west as St. Louis and Omaha, the partial eclipse will be large.

In most of the central states the sun will rise more or less eclipsed, but from Lake Erie eastward all of the eclipse will take place after the sun has risen.

The total eclipse in New York city will take place about 9:10 a. m. and the time of the greatest eclipse for most of the cities in the east that keep Eastern Standard Time will vary but a few minutes from this time. The partial eclipse will begin about eight o'clock in the same section and the eclipse will be over about half-past ten.

When the eclipse becomes total, the brighter stars and planets appear and also the beautiful solar corona that the astronomer is so anxious to study. This is a magnificent halo of pearly light extending to a great distance from the sun and different in shape and appearance at every eclipse. It is never visible except during a total solar eclipse and can

### Half the world is half asleep

Can success in life be determined by constipation? Indeed it can. The poisons of this disease tire you out, wear you down, make you listless and make you lose interest in things in general. Ambition is most often prompted by a thoroughly healthy body. Kellogg's ALL-BRAN brings permanent relief from constipation.

## He didn't have the energy to fight

LOST . . . another big order . . . the fourth defeat that day. All because he didn't have the energy to fight when his prospect said "No." Something had blunted his senses and stolen his strength.

That "something" was constipation. What a shame so many people suffer from constipation when there is an easy, pleasant, sure way to permanent relief—the regular use of Kellogg's ALL-BRAN—two table-spoonfuls daily, or in chronic cases, with every meal.

Kellogg's ALL-BRAN is what doctors call a bulk food. As it travels through the system, its fiber remains unchanged. Therefore, it sweeps the intestine clean and drives out the vicious poisons of constipation. ALL-BRAN also absorbs and carries moisture through the intestinal tract, stimu-

lating it to healthy, normal action. ALL-BRAN works as nature works.

Serve Kellogg's ALL-BRAN with milk or cream, sprinkled over cereals, or cooked with cereals; in soups, or made into the many recipes given on the package. Delicious with fruits too. If eaten regularly, it is guaranteed to bring permanent relief or your grocer returns the purchase price.

Caution! Be sure to get Kellogg's ALL-BRAN. Only ALL-BRAN brings sure results. Kellogg's is the original and only ALL-BRAN. All grocers sell it. Leading restaurants serve it. Buy a package today.

The original ALL-BRAN!—ready-to-eat

## DREADFUL PAINS

Georgia Lady, Who Had Lost Too Much Weight, Was Advised to Take Cardui and Is Now Well.

Columbus, Ga.—Mrs. George S. Hunter, of this city, writes:

"After I married, thirteen months ago, I suffered with dreadful pains in my sides during . . . My side hurt so bad it nearly killed me. I had to go to bed and stay sometimes two weeks at a time. I could not work and I just dragged around the house.

"I got very thin—I went from 126 pounds down to less than 100. My mother had long been a user of Cardui and she knew what a good medicine it was for this trouble, so she told me to get some and take it. I sent to the store after it and before I had taken the first bottle I began to improve.

"My side hurt less and I began to improve in health. . . The Cardui acted as a fine tonic and I do not feel like the same person. I am so much better. I am well now. I have gained ten pounds and am still gaining. My sides do not trouble me at all.

"I wish every suffering woman knew about Cardui." NC-160

## The Chemist Knows

Orange and Nut Filling

1 large orange  
1 cup of Diamond Star Sugar  
½ cup of finely chopped nuts

Grate and set aside the rind of half the orange. Cook the juice and pulp with the sugar for three minutes. Cool, then beat until it thickens. Add the orange rind, also the chopped nuts—pecans or English walnuts being best—spread between layers of cake and frost the top of the cake with either plain orange icing or a white icing. This may be decorated with halves of nuts.

Save this and watch for the next

pure sugar from impure by the number of energy units it contains and the absence of dirt and other foreign matter.

## DIAMOND STAR Pure Cane Sugar

shows the quality which chemical analysis confirms. It is the best and cheapest for canning, preserving, candy making and table use. It has to be, because it is made in the most up-to-date refinery in the world. Buy it if you want your money's worth.

Made in the Southwest—Sold in the Southwest

## for Steady Nerves!

Riding a girder is not a job for a nervous man.

BUT no one is nervous by choice. There is a way that you may so strengthen your body that the nervous system will be cushioned on sound muscles and flesh. But this condition will not come about unless you have rich red-blood-cells. Red-blood-cells are the most important thing in all the world to each of us. More red-blood-cells! That's what you need when your nerves give way and you cannot control yourself.

S.S.S. will prove to you its "Why" and "How" reason. Since 1828 S.S.S. has helped thousands. Because S.S.S. does build blood-power, it builds you up when you are run-down, clears the system of blood impurities; routs so-called skin disorders—and stops rheumatism, too.

This is why S.S.S. is accepted as the greatest of all blood purifiers, blood builders and system strengtheners. Start taking S.S.S. today. Its medicinal ingredients are purely vegetable. Your nerves will become stronger, you will have more energy, vitality and vigor and a more up and going appearance.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

MRS. W. B. STARR PLACED ON DAN HORN SCHOOL BOARD

DAN HORN, Jan. 16—Mrs. W. B. Starr, wife of a progressive farmer and stockraiser of this community, has been appointed a member

board of trustees of the Dan Horn school to fill a vacancy that recently occurred. Other members of the board are all men and Mrs. Starr is the first woman trustee to hold the position in this section of the county.

Firemen Respond Quickly and Save Suburban Home

Fire, originating from a gas light, caused slight property loss Thursday night at 10:30 o'clock to the home of Mr. McCall, Vitalius and Blackwell road, Ranger.

A quick run made by the firemen and fast work kept the blaze from getting out of control and causing considerable property loss. Several houses nearby would in all probabilities have been destroyed if the firemen had not arrived so quickly on the scene.

The blaze was first discovered by Al Cameron and Stanley McAnally,

two young men of Ranger. The two had gone out to the Chestnut and Smith plant and upon leaving they noticed the flames starting up inside the house. Calling to the night operator to turn in the alarm they ran over to the burning house and aroused the occupants who were still peacefully sleeping. Mrs. McCall and the three children were in the house and upon being awakened by the pounding on the door they tried to get out the front door, but were unable to unlock it and finally escaped through a window with the aid of Mr. Cameron and Mr. McAnally.

The damage was estimated by Fire Chief Murphy at \$25, only a small section of the kitchen being burned.

Each worker in a hydro-electric generating station aids in producing electrical energy which is used by 32 workers in other industries.

CASES ON CRIMINAL DOCKET SET FOR TRIAL NEXT WEEK

Criminal cases set in the Ninety-first district court of Eastland county, for Monday, Jan. 19:

State vs. True Ables, false swearing.

State vs. Tom High, theft over \$50.

State vs. Paul Denison, theft over \$50.

State vs. R. Beal, forgery.

The United States bureau of standards has devised an electroplating method whereby army rifles which are useless because the rifling of the barrel has worn out can be made as good as new. By this method the worn rifle barrel is coated with a deposit of hard metal and it can then be re-bored and re-rifled to its original size. The same method can be used for repairing any sporting gun as well.

first being produced in 1922. It
