FALL AND SINCLAIR CHARGED WITH FRAUD

RALLY TONIGHT FOR WELFARE OF THE CITY

Ranger Chamber of Commerce Annual Meeting at Gholson Is Big Event.

Action will be the keynote of the meeting of Ranger citizens in the Gholson hotel at 7:30 o'clock tonight to discuss plans and set in motion ways and means for the continued growth, progress and development of Ranger and her many varied interests.

It is the annual meeting of members of the Ranger Chamber of Commerce and their friends. It was intended at first to make a banquet of toothsome dishes the drawing card, but, on second thought, it has been determined to make the banquet of secondary consequence, though it will be quite good enough to please the most exacting. By this arrangement more may be accommodated. The price of each plate has been reduced, therefore, to 50 cents, and every loyal citizen of Ranger is urged to attend. Those who have not made reservations may obtain their tickets at the door and there will be plenty of room and plenty to eat for all.

Purpose of Meeting
President O. D. Dillingham, who was in Dallas early today, telephoned that he would be here for the meeting. He is on the program to speak on "What Are We Here For." It is probable that Walter Murray, chairman of the committee on arrangements, will preside.

B. F. Bennett will report on the year's activities of the Chamber of Commerce. He will also report that will astonish those who have failed to keep up with the steady progress Ranger has been making from day to day.

E. H. Mills, one of the Ranger men who has great faith in the future agricultural wealth of this section of Eastland county, will speak on "Farming and Melon Growing for Ranger." If his address could be broadcast by radio over the great farming sections of the middle west, it would probably start a great movement towards Texas.

Mrs. J. M. Why will discuss "Ranger as a Shopping Center;" "Civic Improvement" will be discussed by Dr. L. C. Buchanan, who can give some personal experience along this line, following which Albert Joseph is to speak on "Co-operation." The Rev. Dr. G. D. Robinson, president of the Ranger Ministerial association, is to speak on "Ranger's Schools and Churches." Ed Maher, who always has something sparkling to say, will discuss "Ranger's Future." E. S. Dudley, expert in poultry breeding, will speak on "Poultry Raising," and Raymond Teal will tell "Why We All Like Ranger."

Election of Directors
An election of directors will also be held tonight. There are 15 directors to be elected, for the entire board goes out with the closing of the fiscal year, and a new board is to be chosen. Some of the old directors may be re-elected, for their activities have been too pronounced to let them go, but a new board will outline the new year's endeavor and carry on the work where the present board leaves off.

It is imperative that every person who has the good of Ranger at heart attend this meeting. The weather may be a little inclement, but nothing should keep the people away. The welfare of the Chamber of Commerce is the concern of all, both property owners, business men, and salaried men, and all should attend. The women have a special invitation to attend, for since they have obtained equal franchise with the men they are among the foremost in civic work.

A. C. STEPHENS, PIONEER OF CISCO, IS BURIED

CISCO, March 13.—Funeral services for A. C. Stephens, who died here Monday, were held here Wednesday afternoon. Mr. Stephens, who was 71 years of age at the time of his death, was a native Texan and had lived in Cisco for a number of years. He is survived by his widow, seven sons and two daughters: J. E. Stephens, Bisbee, Ariz.; C. C. Stephens, Cisco; C. J. Stephens, Cisco; C. S. Stephens, Cisco; E. E. Stephens, Sanford; L. A. Stephens, L. E. Stephens and Mrs. C. T. Brook, El Paso, and Mrs. G. W. Carmichael, Cisco.

DEAD INDIAN IDENTIFIED, FOUR MEN UNDER ARREST

DENISON, Texas, March 13.—The body of the Indian found murdered near here has been identified as that of Fuller Jackson of Atoka, Okla. Three negroes and a white man have been arrested in connection with the killing and are in jail at Sherman. Jackson was beaten to death with a club and his body left near the railroad track.

Snow Covers West Texas and Welcomed By Farm and Ranch

DALLAS, March 13.—Texas' second big snowstorm of the season swept down from the Panhandle today. It was unaccompanied by wind and the heavy snow was welcomed by the farmers, who value the March moisture on the plains and range country.

Snows which fell in the Panhandle and throughout West Texas last night swept eastward and southward today. Dallas was covered with a thick blanket of snow this morning. Many sections of the state reported the snowstorm the heaviest in years.

OIL BELT ASSOCIATION OF ELKS ORGANIZED FOR BETTER COOPERATION

At a meeting of the Elks lodges of Breckenridge, Eastland, Cisco and Ranger here Monday night an organization to be known as the Oil Belt Association of Elks, was formed with the four lodges as members. The purpose of the organization is for a closer co-operation in their fraternal and charity work.

The constitution of the new organization provides that the exalted rulers, esteemed ruling knights and secretaries of the member lodges shall be the officers. Four meetings are to be held each year, one in Cisco in March, in Eastland in May, Ranger in August and Breckenridge in November.

The scope of the new organization may be extended later to that of a state organization.

DAUGHERTY PUT MONEY IN OIL COMPANY, SAYS SENATE OIL WITNESS

WASHINGTON, March 13.—Attorney General Daugherty and Jess Smith, his friend, put \$2,400 apiece into an oil promotion scheme out west with a man named Darden, Roxie Stinson told the senate committee investigating Daugherty, today. She said Smith told her of the transaction.

James T. Darden is president of the Mutual Oil company and has been under subpoena by the oil committee. He has not been found.

She also declared that Smith was to receive \$180,000 if the Dempsey-Carpenter fight films could be transported from state to state without prosecution, by Daugherty agreeing not to prosecute.

FAVORITISM SHOWN TO MILLIONAIRE IN PRISON IS CHARGED

WASHINGTON, March 13.—Representative Upshaw of Georgia today demanded that the committee probing Daugherty's administration of the department of justice investigate the alleged favoritism at the Federal penitentiary in Atlanta. He said he was informed that a millionaire hoodlum from Cincinnati named Remus was being allowed to live in luxury in the prison. If true, he believed it was being done under orders from the department at Washington.

MUSICAL CONDUCTOR BEAT AIRSHIP MAN

NEW YORK, March 13.—Willem Mengelberg, conductor of the New Philharmonic, who is becoming well known to music fans throughout the United States through the medium of his concerts through station WEAf, was the winner of a recent popularity contest conducted by the Dutch illustrated weekly, "Het Leven," published in Amsterdam. Holland is Mengelberg's native land and that he is exceeding popular was proved by the fact that on 15,266 ballots submitted, Mengelberg's name appeared on 14,943. One of his notable rivals was A. H. G. Fokker, the airship builder, who finished in fourth place.

OIL PROMOTERS REFUSED IMMUNITY THEY SEEK

FORT WORTH, March 13.—Chas. Sherwin and H. H. Swartz, oil promoters, sentenced to 10 years in the Federal penitentiary for misuse of the mails in connection with oil promotion schemes, today lost their appeal for immunity.

Both men must serve 10 years and pay fines of \$15,000 each, it was ruled in circuit court.

They claimed immunity in that they furnished information to the federal trade commission, leading to wholesale arrests of oil promoters. They were the master minds of the General Lee Oil company, charged by the government with swindling investors out of thousands of dollars.

MARINES GO TO TEAPOT DOME AT FALL'S REQUEST

Witnesses Tell of Orders Issued After Harding's Objections Overcome.

WASHINGTON, March 13.—Albert B. Fall, secretary of the interior, issued orders on which the navy department sent marines to Teapot Dome in 1922 to eject "squatters," Theodore Roosevelt, acting naval secretary, and Major General John A. Lejeune told the senate oil committee today.

They revealed how Fall overrode objections of President Harding and the protest of a "friend" of the president against the use of armed force. General Lejeune revealed also that the governor of Wyoming had protested to the president, and Senator Walsh immediately started a search for this protest, heretofore suppressed. After Lejeune had related how he took instructions from Fall concerning what the marines were to do and how he had sent Major George K. Schuler with a squad of marines, Roosevelt took the stand.

"Can you add further light to this story of sending the marines to Teapot Dome?" Senator Walsh asked.

"On July 29, I found a message from Fall asking me to confer with him," testified Roosevelt. "He told me there were 'squatters' on the Teapot Dome reservation preparing to take over the oil. He said that he and the president wanted them removed. He said he had looked up the legal phases and it was alright and that Secretary Daniels had previously done something like that."

Fall also said the president had first objected to sending the marines, having a friend who had advised him against having it done, but later he had agreed to it.

S. M. U. CAN TAKE NO CREDIT EITHER FOR THE CO-EDS OR THE SIX MEN

DALLAS, March 13.—Three co-eds of the Southern Methodist university here were found guilty of cheating during examinations by the student honor council.

Six men students testified against them.

WHEN THE PAPER DOESN'T COME

My father says the paper he reads ain't put up right; He finds a lot of fault, too, he does, 'persuin' it all night; He says there ain't a single thing in it worth to read; And that it doesn't print the kind of stuff the people need; He tosses it aside and says it's strictly on the bum; But you ought to hear him holler when the paper doesn't come!

He reads about the wedding and he snorts like all get out; He reads the social doin's with a most derisive shout; He says they make the papers for the women folks alone; He'll read about the parties and he'll fume and fret and groan; He says of information it doesn't have a crumb— But you ought to hear him holler when the paper doesn't come!

Daugherty Too Busy To Comment on Mrs. Stinson's Testimony

WASHINGTON, March 13.—Calling the senate committee inquiry "an alleged investigation of the attorney general," Attorney General Daugherty today gave out a statement that he was too much occupied with his duties to make any comment on the testimony of Mrs. Roxie Stinson about Jesse Smith yesterday before the committee.

"My attorneys are giving their attention to the matter to the extent that they are permitted to participate in the alleged giving," he said. "If pertinent inquiries of the official acts of the attorney general's department are made and competent testimony taken, the whole matter could be fully disposed of in 10 days at the most."

WOMAN HELD IN CONNECTION WITH DEATH OF MAN

CHICAGO, March 13.—Mrs. Bell Brown Gaertner, divorced wife of a millionaire manufacturer here, is held in connection with the killing of Walter B. Law, 28, auto salesman. Law's body was found in Mrs. Gaertner's automobile. A pistol and a gin bottle were nearby.

WOULD BE SOP TO PEOPLE TO SAVE RICH NEXT YEAR

WASHINGTON, March 13.—Taxpayers would save \$458,888,241 under the 25 per cent tax cut proposed by President Coolidge. In 1923 taxpayers paid a total of \$1,875,552,966 on their 1922 incomes. Under the 25 per cent cut, assuming incomes were the same in 1923, one-fourth of this amount would be lopped off the tax payments.

WOMAN ENTERS INVESTIGATION OF DAUGHERTY

Widow of Jess Smith, Dead Friend of Attorney General, Tells Her Story.

WASHINGTON, March 13.—Attorney General Daugherty's alleged "deals" with a friend who killed himself when he feared somebody was "closing in upon them" were to be further described this afternoon by Mrs. Roxie Stinson Smith before the senate committee investigating the department of justice.

Closely guarded at her own request, the widow of Jess Smith, who committed suicide in Daugherty's apartment last decoration day, was kept in seclusion until the time for her to resume her sensational story of intrigue, stock deals and self-sacrifice.

The story as told thus far by Mrs. Smith touched lightly upon mysterious deals, of which she had apparent intimate knowledge, especially regarding the profits in oil and automobile stock. She alleged, under promptings by Senator Wheeler: "That Jess Smith adored Harry Daugherty and gave his life for the attorney general."

That Smith, coming to Washington after the election of President Harding, became involved in a mess of intrigue from which, in the end, he found self-destruction the only escape.

That Smith and Daugherty were involved in a "deal" concerning an exhibition of the Dempsey-Carpenter fight pictures which was to net them a profit of \$180,000.

That she herself was given 25 shares of the White Motor stock which her husband told her didn't "cost us anything."

That at another time she received 27 shares of Pure Oil stock, likewise said to have been obtained without cost.

That Smith, proprietor of a large department store, had amassed a considerable fortune before coming to Washington.

That the dead man was constantly harassed by persons seeking "patronage" because of his intimacy with the attorney general.

Through all her story, broken by sobs, Mrs. Smith stressed the close friendship Smith had for Daugherty and insisted that what involved one involved the other.

GERMAN DEICHSTAG DISSOLVED AND NEW ELECTION IS CALLED

BERLIN, March 13.—The reichstag was dissolved this afternoon. The immediate cause of the dissolution was the inability to achieve working arrangements without a state of siege.

New elections have been called for May 11, when it is expected to show that a reactionary trend within the nationalists is sweeping the country.

DRILLING ON GHOLSON LEASE NORTH OF RANGER TO BE RESUMED AT ONCE

After two years of non-activity on the John M. Gholson lease, seven miles north of Ranger, the Texas company is now bringing up rig material for Gholson No. 14. The Gholson lease is in the Denison survey.

It will be drilled probably 3,500 feet. The Texas company now has two fairly good producing wells on this lease.

The renewal of drilling on this big lease is hailed with delight by the oil fraternity of Ranger.

GRAND CHANCELLOR OF PYTHIANS TO MEET WITH RANGER LODGE FRIDAY

W. M. Futch of Henderson, Ky., grand chancellor of the Knights of Pythias for the state of Texas, is expected in Ranger early tomorrow and a special meeting of Ranger K. of P. lodge No. 457 has been called for Friday night at 8 o'clock in the K. of P. hall, Rusk street.

Mr. Futch is making a tour of this part of the state and is coming to Ranger from Big Springs. He is said to have important matters to present to the Ranger Pythians and requests that all knights be present.

PREPARED BEFORE DEATH FOR FUNERAL RITES

SAN BERNADINA, Cal., March 13. Mrs. Laura E. W. Paine, an invalid, but in no immediate peril of death, has personally arranged all details of her funeral. Mrs. Paine's first step was the selection, through photographs, of a casket. Then, after choosing the style of dress in which she wished to be buried, she called the managers of a restricted cemetery and bought a lot. Her last step was to secure a tombstone, on which she caused to be cut the date of her birth, leaving space for the year of her death. On the tombstone will be the unpretentious all-meaning epitaph: "Wife."

LADD SUCCEEDS LENROOT AS CHAIRMAN LANDS COMMITTEE

WASHINGTON, March 13.—The senate today unanimously approved the appointment of Senator Ladd, North Dakota, as chairman of the public lands committee, succeeding Irvin L. Lenroot, republican, Wisconsin, who gave up the post because of ill health.

SECOND SNOWSTORM OF SEASON FALLS HERE TODAY

The second snow of the season fell here last night and this morning but the fall was not very heavy, just enough to cover the ground. Considerable rain also fell throughout last night.

IOWA MAN TO BE SECRETARY OF THE NAVY

Judge William S. Kenyon Understood to Be President's Choice for Cabinet Post.

WASHINGTON, March 13.—Judge William S. Kenyon of Iowa is believed to have accepted the post of secretary of the navy in President Coolidge's cabinet. After a 40-minute conference with the president today, Judge Kenyon, on leaving the White House, said he would issue a statement this afternoon.

President Coolidge also would have a statement to make, he said. Judge Kenyon arrived in Washington last night and is said to have come at the president's invitation. It has been reported from time to time that Judge Kenyon would be the next attorney general. He is regarded one of the leading jurists in Iowa.

DETROIT BOARD OF COMMERCE ENTERTAINS HIM AT BANQUET AFTER OFFICIAL WELCOME.

DETROIT, March 13.—Bands blared, factory whistles shrieked, guns were fired and bombs exploded in a noisy welcome to Edwin Denby as he came home today.

The former secretary of the navy arrived here this afternoon and was greeted by a big reception committee. He was taken to the city hall by a motorcycle escort and welcomed officially by Acting Mayor Martin.

A reception for Denby this afternoon will be followed by a banquet at the board of commerce tonight. Frank Deaman, prominent Democrat and close friend of Denby, will deliver the address of welcome. Denby will respond. Charles Warren, recently appointed ambassador to Mexico, will be one of the other speakers.

HOUSTON HEIGHTS LOSES HIGH SCHOOL BUILDING BY FIRE EARLY TODAY

HOUSTON, March 13.—The Houston Heights junior high school was destroyed by fire of unknown origin early today. The loss is placed at \$65,000. The school was a two-story brick structure and was built two years ago to accommodate overflow from the main Houston Heights high school. It had an enrollment of 693 students.

When the firemen arrived the interior of the building was a furnace of flames. Persons living near the school reported they had seen lights in one of the rooms just before dawn.

FASHION SAYS TO CHANGE COMPLEXION WITH GOWN

CHICAGO, March 13.—Complexions should change with every gown, the Fashion Art league here has decreed. This does not mean, however, that the shade of the skin should match the gown, because the fashionable colors this year will be black and white. Red cheeks should be worn with black gowns and a pale shade with the lighter dresses, the fashion arbiters said.

RECEIVER FOR WHARTON MOTORS COMPANY OF TEXAS

DALLAS, March 13.—C. P. Bruce, president of the Bates Adjustment company, has been named receiver for the Wharton Motors Company of Texas. Judge Louis Wilson, of district court here, who appointed the receiver, also granted a permanent injunction restraining Thomas P. Wharton and other officials of the company from disposing of any of the firm's assets.

MANY FATALITIES ATTEND MEASLES IN DALLAS

DALLAS, March 13.—Measles caused the death of 22 persons in Dallas during February, according to the bureau of vital statistics. This is three times the number of fatalities which occurred during the measles epidemic here in 1917.

Out of a total of 250 deaths during the month, 20 were caused by violence, including three suicides and three traffic accidents.

Pneumonia took a toll of 33 and influenza 15.

BODY OF INDIAN FOUND

DENISON, March 13.—The body of an unidentified Indian was found near the Katy railroad right-of-way here. The body was clad only in underclothing, and the skull had been beaten in with a club.

Will Wildcat One Half Mile East of Proven Oil Pool

Wildcat drilling will be started one half mile east of the producing shallow pool five miles east of Ranger by Williams, et al. The well will be drilled on the Nancy Fox farm.

If the well should prove to be a producer this will mean the first big extension of the shallow pool, where the Texas company, the Panhandle Oil & Refining company and others have been bringing in shallow wells the last 14 months.

Texas company, Hightower No. 7, has settled down to 104 barrels a day this morning, according to drillers who came in from the lease this morning.

DENBY GIVEN GLAD WELCOME BY HOMEFOLKS

DETROIT, March 13.—Bands blared, factory whistles shrieked, guns were fired and bombs exploded in a noisy welcome to Edwin Denby as he came home today.

The former secretary of the navy arrived here this afternoon and was greeted by a big reception committee. He was taken to the city hall by a motorcycle escort and welcomed officially by Acting Mayor Martin.

A reception for Denby this afternoon will be followed by a banquet at the board of commerce tonight. Frank Deaman, prominent Democrat and close friend of Denby, will deliver the address of welcome. Denby will respond. Charles Warren, recently appointed ambassador to Mexico, will be one of the other speakers.

HOUSTON HEIGHTS LOSES HIGH SCHOOL BUILDING BY FIRE EARLY TODAY

HOUSTON, March 13.—The Houston Heights junior high school was destroyed by fire of unknown origin early today. The loss is placed at \$65,000. BODY OF INDIAN FOUND

DENISON, March 13.—The body of an unidentified Indian was found near the Katy railroad right-of-way here. The body was clad only in underclothing, and the skull had been beaten in with a club.

ACTION BEGUN IN COURT FOR TEAPOT DOME

Petition Alleges Illegal Dealings in Negotiating Naval Reserve Lease.

CHEYENNE, Wyo., March 13.—Sensational charges of illegal and fraudulent dealings in the lease of Teapot Dome to Harry S. Sinclair are made in a petition asking that the contract be cancelled filed in the United States district court here today. Atlee Pomerene and Owen J. Roberts, special counsel named by President Coolidge, appeared before Judge T. Blake Kennedy and presented their petition, which makes the following charges:

The order of President Harding transferring the Teapot Dome naval oil reserve was invalid, illegal and was known to be so by Albert B. Fall, secretary of the interior at that time, and Harry S. Sinclair at that time, the lease was made.

The negotiations for and conclusion of the lease was a private secret.

Violation of Law.
That in contravention of law, the lease of the Teapot Dome was awarded without advertising or competitive bidding.

That Secretary of the Navy Denby took no part in the negotiations.

That other persons and companies, among them the Texas company, the Pioneer Oil company, E. L. Doheny and Leo A. Stack were desirous of obtaining the lease and Fall denied them the opportunity and discouraged their bidding.

That Fall, although the question was raised as to the legality of the lease, refused to take the opinion of the solicitor of the interior department or to ask the attorney general.

That Fall agreed with John C. Shaffer, Denver publisher of several newspapers, that he would see that Sinclair set apart certain lands for Shaffer.

That Fall and Sinclair conspired to defraud the United States.

The government attorneys ask the court to take the following action:

To issue an injunction temporarily restraining further drilling at Teapot Dome.

To appoint a receiver to take possession of all the property of the defendant and all the oil and gas produced.

That the court issue a decree accounting of oil produced under the agreement and for judgment for any shown to be due.

Sinclair Ready to Fight.
Harry Sinclair was personally on the ground today to direct the battle for the protection of his contract and his lease. He was accompanied by a corps of brilliant attorneys, including Martin W. Littleton of New York, a former Texas senator, and William Zevely, his personal counsel.

SINCLAIR LOSES FIRST ROUND IN FIGHT FOR LEASE

CHEYENNE, Wyo., March 13.—The government today won the first battle to cancel the lease held by Harry L. Sinclair on Teapot Dome naval oil lease. Following a preliminary hearing, Judge T. B. Kennedy in federal district court indicated he would issue the decree as follows:

For a temporary injunction restraining the Mammoth Oil company, a Sinclair subsidiary, from drilling more wells.

For the appointment of Rear Admiral Strauss and A. E. Watts as receivers for the naval oil reserve, pending action to bring the suit. Strauss would represent the government and Watts the Sinclair Consolidation corporation, of which he is vice president.

The judge said he would not sign the decree pending action on one section of the reserve, owned and operated by a Denver company, headed by John Companion, until water rights were cleared up. The court adjourned until 10 a. m. Friday, pending the clearing up of this section.

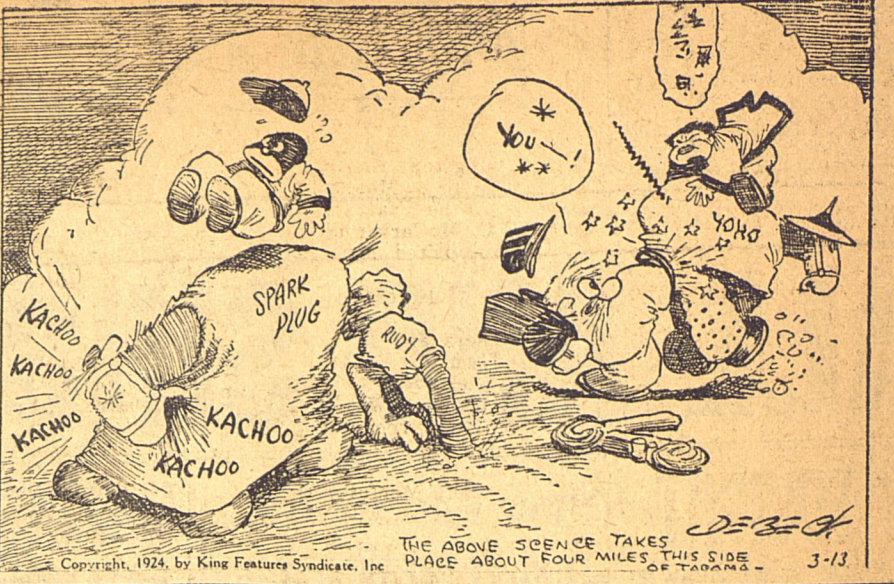

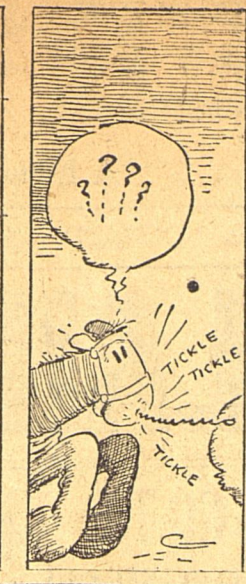

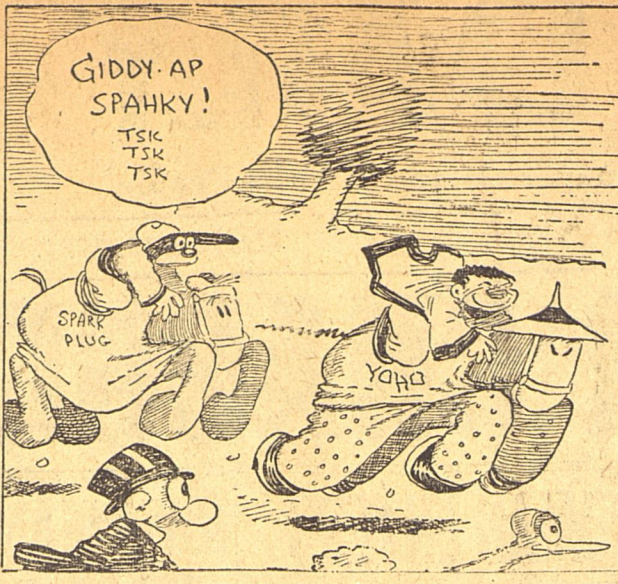

Government attorneys objected to having one of the oil men as receiver, but later yielded. The court announced it was ready to set a hearing for the disposition of the case, but Sinclair's attorneys objected to setting a date at this time. It may be set tomorrow.

FORT WORTH—The annual meeting of the Texas Independent Telephone association which is to be held in this city March 15 to 21, inclusive, has a program that is expected to be of benefit to employees and managers of telephone companies participating.

BIBLE THOUGHT
HOW TO GAIN ALL—Seek ye first the kingdom of God and his righteousness; and all these things shall be added unto you—Matt 6:33

DEMOCRACY SPREADS TO ALL COUNTRIES

Constitutional reform, looking to the altering of government machinery, even in fundamentals, is here and there under public consideration. England shows an interesting clear instance of the first. Greece seems well along the road to stand evidence of the second. Japan, it now appears, is about to bear her Oriental testimony in both particulars.

Turkey, Egypt, India, Russia, Brazil, Mexico and other nations are making long strides in breaking away from ancient precedents and adopting that form of government which was designated in the organization of the United States as a government of the people, by the people and for the people. Although throttled and thwarted for the time being by "political diplomats" the seed sown by Woodrow Wilson's 14 points seems to have taken deep root in the soil of most of the nations of the earth—because it appealed to the common sense of an intelligent human race.

"The first work to be accomplished in bringing about a better enforcement of law must be the awakening of the public to a clear sense of their responsibility for it. Improvement in our laws can accomplish little unless accompanied by a determination on the part of our citizens to have these laws enforced."

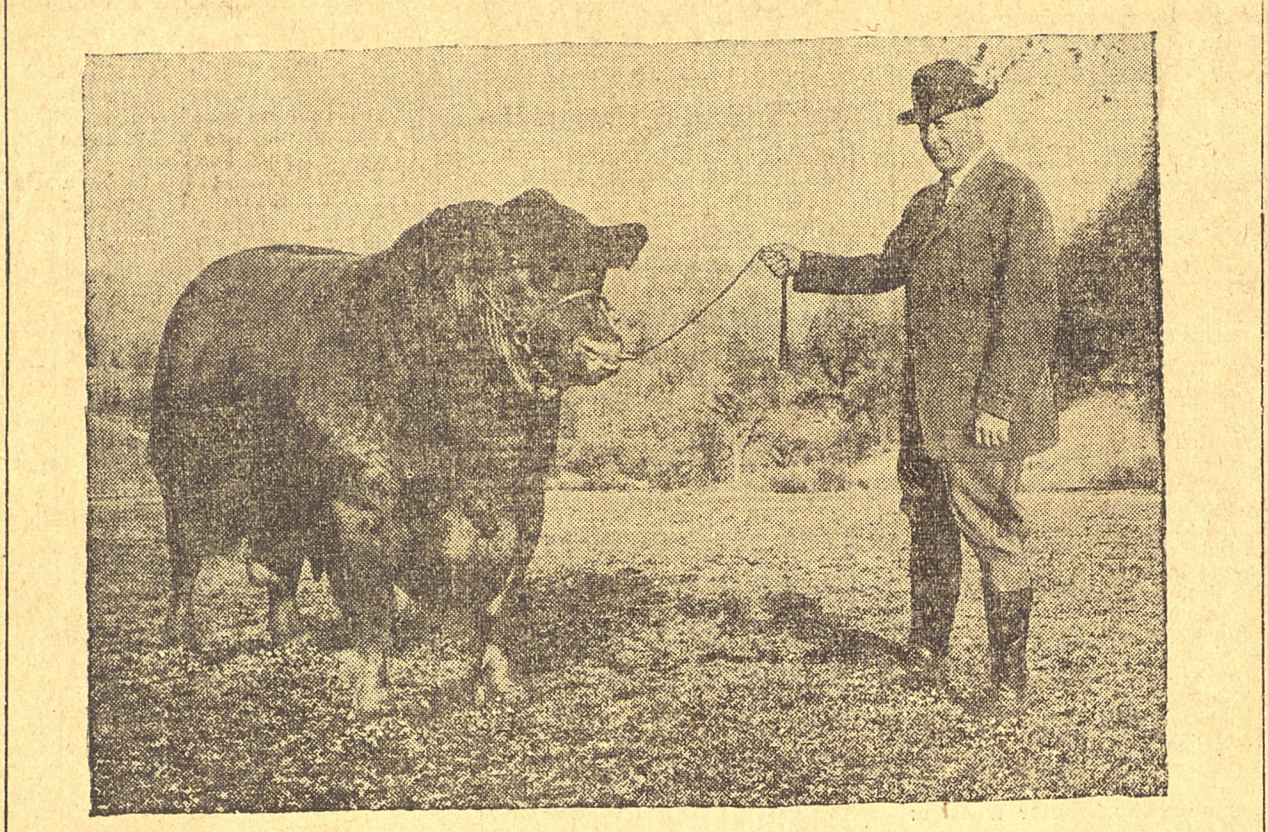

are no women lawyers in Turkey. VITAL STATISTICS OF EASTLAND COUNTY

The following births and deaths have been reported to County Clerk Ernest H. Jones:

Deaths
Infant Pink Woods, female, Ranger; Raymond L. Lovelady, male, Ranger; R. W. Russell, male, Ranger; Chas. R. Holman, male, Ranger; Infant E. C. Cooper, male, Ranger; Odie Barron, female, Ranger; Infant Robt. Graf, male, Ranger; Y. Lee. Bowen, female, Ranger; Claud Edwards, male, Ranger; J. A. Van dexter, male, Ranger; Ida Crossnoe, female, Rising Star; Alice Williams, female, Rising Star; Eleora Robbins, female, Desdemona; Clyde E. Barron, male, Gorman; John W. Boase, male, Rising Star; Lillian Putnam, female, Ranger; Sallie Ann Bostwick, female, Ranger; Arthur Wayne Drake, male, Ranger; Sebott male, Ranger; Saddle Tarrans, female, Ranger; James Edward Knight male, Eastland.

Births

Everett Crabtree and wife of Carbon, boy;

GRAND CHAMPION ABERDEEN-ANGUS BULL

Blackcap Revolution With H. O. Harrison, Whose Herd of Aberdeen-Angus Cattle He Heads, Now Being Exhibited at Fat Stock Show in Fort Worth.

In the presentation of his champion herd of Aberdeen-Angus cattle at the Fort Worth Livestock show, which opened on March 8, H. O. Harrison of San Francisco, is affording visitors of the exposition an opportunity to see kings and queens among bloodbreds of the "tanbark" and the "stock show ring."

A notable of all the notables heading the Harrison herdf of 22 animals is Blackcap Revolution, named senior and grand champion of the Chicago International Livestock show last December and said to be one of the world's most valuable bulls. This nonarch of the Aberdeen-Angus was born Jan. 12, 1919; was bred in the United States and fitted in Canada. His sire was Earl Marshall and his dam the famous Blackcap McHenry 104th. A king among kings in the realm of the "doddies," as the breed is known among cattle men, Blackcap Revolution was acquired by Har-

rison at a cost of \$15,000, said to be the record price for a bull. The Harrison herd is being brought to Fort Worth fresh from the highest triumphs that could be theirs at the stock shows in Oklahoma City, Wichita, Denver, Chicago and elsewhere. A prominent member of the string is one of the country's greatest Aberdeen-Angus females, Blackbird Bertie, a two-year-old heifer, awarded senior and grand championships at Chicago, as well as winning handsomely in class at the Colorado and Kansas exhibitions, although not considered quite as good by the Denver judges as her herd mate, Pride of Ash Row, an aged cow who was awarded the grand championship. This latter animal captured the championship at the 1922 Chicago international and grand champion at the National Western Stock show recently held at Denver.

M'ADOO TO BEGIN HIS CAMPAIGN IN GEORGIA
ATLANTA, Ga., March 13.—William G. McAdoo will begin his presidential campaign in Georgia with a speech at his old home town of Marietta, Friday noon. From Marietta he will drive to Atlanta where he speaks Friday night.

Reese Receives His Fourth Shipment of Brown Leghorn Fowl

S. L. Reese, who is directing the growth and prosperity of the Clover leaf farm, about six miles northeast of Ranger, has just received his fourth shipment of brown leghorn chickens from the farm of Earl Young at Falfurrias. The last shipment contained 23 fowls, including w roosters, and the price paid for them was \$150.

Mr. Reese says the foundation stock for his chicken farm is now complete. It is his purpose to have the largest brown leghorn farm in the United States and he said he would devote every energy to that end. He has a half section of splendid farm land, some of it just the right kind for chickens to run on, and he proposes to raise nearly all the feed he will need.

LEVILLE-MAHER OFFER PRIZES OF GOLD FOR WISE INTRODUCTIONS

Sixty dollars in gold pieces will be given to men, women and children who bring in the largest number of names of prospective buyers of Ford autos to salesmen of the Leville-Maher Motor company during the remainder of March, or from this date until March 31. This announcement was made today by Edw. R. Maher, one of the owners of the company. A sale must be completed before April 1 with the prospective buyer, whose name is brought in to the company's office, before the contestant is given credit. There will be five prizes divided as follows: \$25, \$15, \$10 and two \$5 gold pieces. The awards will be announced April 1. Names of prospective buyers can be mailed or personally brought in. The contestant can also bring a prospective buyer in and make the introduction to one of the six salesmen attached to the sales staff.

EASTLAND PHYSICIANS VISIT ABILENE HOSPITAL

Drs. R. C. Ferguson and C. E. Richardson of this city attended the opening of the Baptist hospital at Abilene Wednesday by invitation of the Taylor County Medical association. Dr. Ferguson made a speech at the meeting and in the course of his talk declared that the new hospital was a credit to West Texas and the Baptist denomination. It is of modern fire-proof construction and has all of the latest and most efficient equipment.

COUNTRY CORRESPONDENCE

GORMAN

GORMAN, March 12.—Wednesday of last week about 20 friends and relatives of Mrs. S. H. Prichard met at the home of Mr. and Mrs. Alex Clements to participate in the celebration of Mrs. Prichard's eighty-third birthday. Mrs. Prichard and her husband, who was eighty three last August, are both hale and hearty. Mr. and Mrs. Whittenburg of Staff were among the guests and this date was the seventy-first birthday for Mr. Whittenburg. With their mother on this occasion were J. H. Prichard and family of Gorman and Mrs. Nora Whittenburg of Eastland, her son and daughter and Mrs. Clements. A. B. Hunt and family have gone to Washington, Ind., where they expect to make their future home. Mrs. T. M. Collie, Mrs. M. S. Greer, S. J. E. Walker and Miss Theresa Lee were guests of relatives in Leon last week.

RISING STAR

RISING STAR, March 12.—John an employe of the Katy rails gone to the company hospital sustained a few days' absence. G. Ghormley, who is teacher near Breckenridge, was visitor to home folks here. House of Okra was in Rising Star Saturday. He sold four dozen and 14 hens which brought \$1.00. W. M. Davis and wife of spent the week-end here. Davis, parents, W. M. Smith, who has been in the navy for the past several years, was here last week on leave while the battleship was docked at Galveston. Kelley and Harry Kuteinslaw day of Sipe Springs was visitors at Mason West last week. Mrs. M. S. Sellers and arrived from Brady. Mr. he new owner and editor of Star X-Ray. An will be held in Rising Star for the purpose of electing trustees for the independent school district. has been appointed the election. The trustees expire are C. F. Falls, and R. O. West.

CARBON

CARBON, March 12.—The Carbon old building on the east side of the street will be replaced by a two-story frame building. The story of which will be on the second floor. On the first floor are being made up on Tate and Grady Morton Misses Ethel Boyd and Vickie will represent the Carbon high school on the debating team at the coming county meet at Eastland. Born to Mr. and Mrs. Billie Carter on last Thursday a boy. Mrs. Frank Scoborn of Eastland visited friends and relatives here last week. Joe Hearn of the Long Beach community was in Carbon last week. Mrs. Cleveland Brewer of Gorman was the guest of her sisters, Mrs. Rumph and Mrs. Spencer, Tuesday and Wednesday of last week. C. E. Green of Big Lake visited his family here last week. Mrs. Jimmie Tommie of Cleburne was a guest of Mrs. Lula Thurman and family last week.

DAN HORN

DAN HORN, March 13.—Joe Wyatt and family of Coleman visited Mrs. Sam Hull last week. Little Wilma Threet is very ill at this writing. Mrs. P. C. King and children spent the week-end with her mother, Mrs. J. D. Speegle. W. B. Starr sold one of his Holstein heifers to Charles McClung of Stephens county and delivered it Saturday. Mrs. Starr accompanied him. Returning Sunday they ate dinner with Uncle Pete Taylor of Cisco. Mr. and Mrs. George Bailey visited relatives at Scranton Sunday. Johnnie Speegle was absent from

POST MORTEM ON POULTRY IS OFTEN USEFUL

May Be Important to Keep Down Contagious Diseases in Flock.

By SETH W. SHOEMAKER, Director, School of Agriculture, International Correspondence Schools, Scranton, Pa.

A post mortem examination is an expert examination of the organs of any creature after death for the purpose of determining the cause of the death. On large poultry farms it is usually considered important to make such examination in fowls that die from unknown causes or that die in spite of the treatment that has been given them.

By this means faulty diagnoses may be discovered and the spread of some contagious disease may be avoided. If the poultry man does not feel competent to make a post mortem examination of a fowl, he should send the carcass to a veterinarian for examination. Proficiency in the matter of a post mortem examination is largely a matter of experience, and the more fowls that are dissected and examined the more expert one becomes. For people who have a liking for this sort of thing it is perfectly feasible to make such post mortem examinations at home. In order to become competent in this work, however, a poultry man must study symptoms of various diseases and should open and examine as many fowls as possible. When attempting a post mortem examination the hands should be encased in a pair of rubber gloves. The carcass should preferably be sprinkled with some mild disinfectant before beginning the operation. A sponge containing a little camphor or ammonia may also be provided to cover up bad odors. As a preliminary step all feathers may be plucked and the skin carefully examined. There are several ways of dissecting fowls for the purpose of examining its internal organs. Some draw them in the same way that they would if dressing them for market. A more satisfactory way, however, is to saw the carcass open with a fine-tooth saw, cutting through the flesh and bone of the back on a line from the neck to the tail. When the two halves of the back are laid down the internal organs will

be exposed in very nearly their natural position. Some poultry men prefer to disjoin and remove the breastbone and then by pressing back the ribs expose the internal organs. In a post mortem examination the first organ to be examined should be the liver, as this is more likely to be diseased than any other organ.

KAFIR SEED IS FOUND TO HAVE LONG LIFE

A sample of Blackhul kafir seed seven years old has been tested for germination by the Texas agricultural experiment station and found to contain 88 per cent live seed capable of producing good plants. This seed has been in storage at the experiment station at Lubbock, where it was grown in connection with grain sorghum inheritance studies being made there. The seed was thoroughly cleaned and dried and placed in a paper container and the container stored in a box in the laboratory at the Lubbock station. These results would indicate that if grain sorghum is properly stored in sections where it is grown, that it will retain its viability for several years. It emphasizes the fact that properly stored seed, two, three or four years old, may be about as good for planting as fresh seed.

SCIENTIFIC METHOD TO GROW BETTER PLANTS

The relation between characteristics which can be inherited and those which are more or less accidental, is an important question with the plant and animal breeder. Progress in breeding is secured by studying the underlying principles in the most careful way. Bulletin No. 310 of the Texas experiment station, entitled "The Interpretation of Correlation Data," is a scientific study for the scientific reader. It brings out some very important principles. The bulletin shows clearly that the relation between the characters of plants depends upon the groups of individuals studied and that pure-bred plants may have relations, the reverse of those secured from miscellaneous sources. From methods of study developed in the bulletin, the investi-

gator in the inheritance and non-inheritance of character will be aided and that the further application of the principles here brought out will aid with the improvement of varieties in both plant and animal breeding.

KODAK FINISHING AND COMMERCIAL WORK OF THE BEST—TRY US

KINBERG STUDIO
Ranger, Texas

112 South Austin St.

Yes—it can be done

most of cars can be sold at these prices

THE Studebaker name guarantees to you the utmost in fine-car construction. For 72 years it has stood for quality, for honest workmanship, for square dealing.

It has always stood for style and class. Remember Studebaker carriages—supreme examples of fine coach building.

Consider our facilities—mark what we have at stake. \$90,000,000 in assets, \$50,000,000 in plants and equipment, \$10,000,000 in body plants alone.

Note our multiplying sales—the sensation of Motordom.

It is fair to assume that we can and do build the finest cars and at Studebaker prices.

What is a fine car?

A fine car means the best materials any cost can buy. We use 35 formulas for steels, each known to be best for its purpose. We pay a premium of 15% on some to get the formulas exact.

All Studebaker models are equipped with Timken bearings. There are few cars in America, regardless of price, which equal ours on this point. In our Light-Six, for instance, we put more Timken bearings than are used in any competitive car, within \$1,500 of its price.

A fine car means fine engineering. We spend \$500,000 yearly on that department, employing 125 able men. It means careful construction. We have 12,500 up-to-date machines. 1,120 of our operations are exact to 1/1000 of an inch. 360 are exact to one-half of 1/1000 of an inch. It means infinite pains. For instance, we machine all surfaces of our crankshafts as was done in Liberty Airplane Motors. We are

Go and See Why Studebaker Leads

Studebaker is now the world's largest builder of quality automobiles.

Last year, 145,167 fine-car buyers paid \$201,000,000 for them.

There are 13 models. Prices begin at \$1,025.

Go see the reasons for this trend. See why sales have almost trebled in three years. Why these cars have become the sensation of Motordom.

You owe that to yourself before you buy a fine car.

the only makers of cars at our prices who do this.

It means careful inspection. With us it means 30,000 inspections in the manufacture of each Studebaker car.

Luxury and beauty

It means a car to be proud of. Our body finish includes 15 coats of paint and varnish.

Chase Mohair is used to upholster our closed bodies—made from the soft fleece of Angora goats. We offer much extra equipment.

Then how do the Studebakers so far undersell any comparable cars?

Because we build so many. The fixed costs are divided by enormous output—150,000 cars per year.

Because we build our own bodies. The saving to you on some types is up to \$300 per car.

Because we make our own forgings, saving another profit there.

Because our plants are modern and efficient. We have spent \$38,000,000 on them in the past five years.

Because we keep our men, make them partners, pay them large bonuses to stay. Changing men is expensive.

Because we conduct this business in every way on the best modern lines.

What buyers save

The Studebaker Light-Six Touring Car sells for \$1,045. Under ordinary manufacturing conditions it would need to cost you from \$1,200 to \$1,400.

On our Special-Six the difference might be \$400 to \$700.

On our Big-Six type the difference may run into thousands, depending on the number produced. For this car compares only with the highest-priced cars in Europe and America.

You will respect the Studebaker methods when you come to know them. You will admire the cars they create. You will delight in the values.

Remember that last year 145,167 fine-car buyers, after comparisons, chose the Studebaker models. So many people could not be wrong.

Learn why they did so before you buy a car at \$1,000 or over. You owe that to yourself.

LESPEDEZA, THE ALFALFA OF THE SOUTH

Fast Growing Hay Crop Having Feeding Value of Finest Clover.

No better hay crop than lespedeza is grown anywhere in the United States. In feeding value lespedeza is equal to alfalfa. It has a smaller stem and more leaves in proportion to stem than alfalfa, making it a hay of high quality. It now sells on the market at a price equal to alfalfa. The Mississippi experiment station says:

"Lespedeza is so well adapted to south Mississippi that it grows wild in the fields and woods without cultivation. The ability of lands in the North to grow alfalfa has doubled the price in many cases, yet the yields per acre of alfalfa in the north are no greater than the yields per acre of lespedeza in South Mississippi. Would you buy land at \$200 to \$500 per acre to grow alfalfa when you can grow an equal amount of lespedeza on \$30 Mississippi land? Yet when you buy alfalfa from the North you pay them a profit on \$500 per acre land. Many of our neighbors have found that lespedeza is by far the most profitable cash crop they can grow and lespedeza bids fair to be king in Pearl River county instead of cotton.

"At the coastal plain experiment station, we have secured yields of 3 1/3 tons of cured hay per acre on good ground. In 1923 the average yield per acre on 14 plots was 2.89 tons per acre, and this was an average of a weight when it was cured ready to go in the barn and a weight taken two days later when it was air dry. Similar yields have been obtained at the state station at Poplarville and our neighbors are getting it as good yields as we are.

"Lespedeza is a hardy crop. Last year we planted corn in a field, half of which had been in lespedeza for two years, and half had not. The corn was planted the same day and fertilized the same way. The lespedeza side of the field was green for three weeks after the other side had fired up and was yellow. Two adjoining rows on each piece were measured up and the corn weighed. The lespedeza side of the field made 20 bushels more corn than the other side.

"Lespedeza requires no cultivation and matures when other crops are out of the way. It contains less moisture in the stems than other crops and can be cured in the field in one day at a season when rains are usually not heavy. Seed can be saved by running a seed pan behind the mower bar and by throwing the hay down on a tight floor when feeding and gathering up the chaff and shattering seed. This can be sieved for your own seeding or run through a cleaning mill for sale. Seed find a ready market at four to six dollars per bushel.

"Lespedeza is seeded at the rate of 25 pounds (one bushel) per acre. Seeding should be made after danger of frost is past or during March, April and the first two weeks in May. The seed may be covered with a brush drag or a section harrow and on well prepared land it is often unnecessary to cover at all as the rains cover the seed.

"Lespedeza is to the pastures of the South what white clover is to the bluegrass pastures. It grows well with carpet grass and is a fattening pasture that is best in the fall when the woods grasses fail. It is polished by all classes of livestock. It may be scattered in the pastures at the rate of 10 to 15 pounds per acre or it may be seeded on prepared land with carpet grass seed at the rate of 5 to 8 pounds per acre. This pasture will give good grazing after June of the first year and the second year the carpet grass will form a permanent sod.

"If it were not for the annual fires which run over the woods, lespedeza would soon establish itself on all the range pastures and we would have good fall pastures in the woods."

Write to Division of Publications, U. S. Department of Agriculture, Washington, D. C., for bulletin No. 1143, "Lespedeza as a Forage Crop."

What the World Is Doing

AS SEEN BY POPULAR MECHANICS MAGAZINE

Man-Made Quakes Test Building's Stability

Tests to determine the type of building best adapted to withstand earthquakes are made on a machine which reproduces, with realistic intensity, the horizontal and vertical vibrations caused by a genuine tremor. The device is the invention of two Japanese professors, and consists of a platform on which a model house is constructed on a reduced scale. The base is then made to sway and shake as the surface of the earth does in a seismic disturbance, by means of levers. The longer

the house is able to withstand the vibrations, the better suited it is to resist the earthquake's power. Results of the recent disaster and of many previous occurrences like it, have proved that fires, gaining rapid headway in crumbled buildings, have frequently caused more damage than the actual vibrations of the earth. A type of construction that will be immune in heavy shocks is sought by builders in countries where such disturbances are likely to occur.

Laughter-Proof Tribe Found in Wilds of Ceylon

For more than 2,000 years, it is said, laughter has been unknown to the Veddas, a tribe of aboriginal inhabitants of Ceylon, who have maintained a secluded existence in caves and jungles of the region. Cut off from other peoples and subsisting on bats, owls, and crows that they shoot with arrows, these strange people are said to have lost entirely the sensation of laughter. They are thin and flabby, and a fat man is unknown to them. Efforts of a scientist, who recently visited them, to produce smiles by tickling them on the soles of their bare feet or in the ribs, met with no success. Their stony countenances did not even winkle.

Hawaii is reported to have more than twice as many motor cars and trucks as here are in the whole of China.

CANADA CLAIMS AN EXPORT MONOPOLY

WINNIPEG, Manitoba.—Canada will soon have a virtual monopoly of the export trade in wheat from Bank of Canada, according to Sir George Mealy, president of the national bank.

"Present tendencies in the United States," said Sir Herbert, "indicate that within the next few years the republic will produce only enough wheat for its domestic needs, leaving Canada, already the leading exporter in the world, as the sole exporter of wheat from North America."

"Canada's wheat exports to the world have increased more than 2,000 per cent since 1900. In that year the Dominion shipped out 9,359,640 bushels of wheat. In the year ending Aug. 1, 1923, Canada's exports of wheat amounted to 229,681,000 bushels."

HOW TO PREVENT TEARS WHEN HANDLING ONIONS

Every housekeeper knows that if onions are peeled under water they do not cause the eyes to smart. But does every housekeeper know that if the onions are placed on a wet

need not be endured long. Dr. Bell's Pine-Tar Honey will stop it quickly by clearing away the heavy phlegm and reducing inflammation in your chest and throat. It combines just such modern medicines as your doctor prescribes—with the soothing pectoral honey that generations have relied upon to break up coughs. Keep Dr. Bell's on hand for all the family.

All druggists. Be sure to get the genuine.
DR. BELL'S Pine-Tar Honey

Women Play Part in Building of Modern Skyscrapers

That the needs of women must be given as much attention as is accorded the sinking of the foundations of a modern skyscraper, is disclosed in the report of the National Association of Building Owners and Managers. This consideration is reflected chiefly in planning for adequate and attractive rest rooms which, it is declared, can no longer be classed as luxuries. Also human frailties must be taken into consideration, including the habits of messenger boys penciling corridors and jumping down the stairs. The pencil habit has given rise to the term "pencil line" for the height of marble wainscoting, which is raised to such a level that marks may be easily cleaned from the walls. Awning fires are being prevented through dipping of the fabric in a fire-proofing substance.

cloth when they are being cut into pieces the result is quite as satisfactory. This method is a great help when dicing onions or cutting them into small pieces to be used as a seasoning.—From the April Dealer.

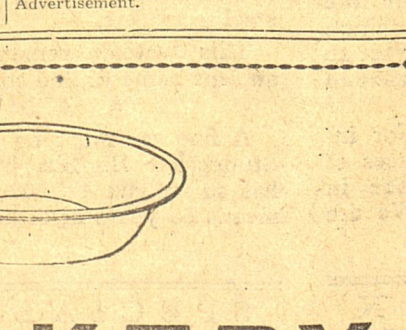

DUNN, Texas, March 11.—The public school building here was completely destroyed by fire Monday afternoon. Loss was estimated at \$5,000. School will be held in the local church buildings pending construction of a new school house.

GIRLS! SAY GOODBYE TO YELLOWISH TEETH
New Safe Liquid and Special Paste Whitens Stained Teeth—Instantly.

Every man admires personal daintiness in the fair sex. But no girl can be truly dainty and charming with dull yellowish teeth. Bleachodent Combination costs only few cents and whitens teeth instantly at home. Leaves teeth flashing white, lustrous and clean. Contains mild safe liquid which loosens and softens stains—and a special paste which gently removes them. Works instantly. Quicker, surer, safer than old scouring methods which injured enamel. Money instantly refunded if not delighted with first application. **WARNING:** Don't accept cheap liquid imitations. Always insist on genuine Bleachodent Combination, the SAFE treatment. At all good counters, such as Harman Drug Co., Oil City Pharmacy, Phillips Drug store, and Texas Drug Co.—Advertisement.

"Automatic" Car Jack

When working on the rear end of a automobile, or under it, it is usual, necessary to jack up one end of the car to provide more space to work. The illustration shows a pair of simple homemade jacks for this purpose. They are made of 2 by 6-in. unplanned lumber, and constructed as shown in the upper figure each consisting of a 2 by 6-in. base, two support blocks, and a top board of the same material. The top board is pivoted on one of the support blocks by means of a piece of 1/2-in. iron pipe, loosely held in place by large staples; it must be about twice as long as the base and leveled at one end as shown, this end being slightly heavier than the other so that the board will fall to the position indicated in the upper figure.

The jacks are placed close to the wheel at the front or rear, and the car driven on

A hook is provided on one support block to keep the top board down, and a short length of iron pipe or rod, fitted loosely in holes drilled through the sides of the top, prevents the wheels from running off the jack while the work is being done thus making the work perfectly safe.

A can of crushed coke placed in an ice box or basement is highly effective in absorbing undesirable odors.

CITATION BY PUBLICATION

No. 10,787. THE STATE OF TEXAS. To the Sheriff or any Constable of Eastland County, Texas: You are hereby commanded to summon Harvey Moore and Samuel Carlyle Moore, minors, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County and Ninety-first Judicial District, to appear at the next regular term of the Ninety-first Court of Eastland County, to be held at the Court on the 10th day of April, 1924, in the suit, numbered on the docket of said Court as No. 10,787, wherein D. M. Williams is plaintiff, and Mrs. Otha Moore, a feme sole, H. R. Williams and James Harvey Moore, Samuels Carlyle Moore and Jackie LeRoy Moore, minors, are defendants.

Plaintiff says that there is no guardian appointed for the minors herein alleged, and it is necessary to appoint a guardian ad litem to defend this action in behalf of said minors.

For cause of action plaintiff would represent to the Court that, heretofore, to-wit: on Oct. 30, 1921, defendants, Mrs. Otha Moore and H. R. Williams, made, executed and delivered to H. E. Langford, certain promissory note for the principal sum of \$866.25, payable one year after the date hereof.

That thereafter, the said H. E. Langford endorsed the said note and delivered same to plaintiff; that the said note was complete and regular on its face, and plaintiff is now the owner and holder of same.

Plaintiff further avers that said note is unsatisfied and the debt evidenced by the same unpaid; that there is now still owing and due to plaintiff the sum of \$496.00 with interest in the sum of \$58.68, with attorney's fee in the sum of \$55.47, making a total of \$610.15, for which sum plaintiff now brings this suit.

Wherefore, premises considered, this plaintiff prays judgment of the Court for his said debt, interest and attorney's fees, for all Court costs in this behalf expended, for a decree foreclosing plaintiff's Vendor's Lien on Lot No. 9, Block 5 of the Young addition to Eastland, Texas, and for such other and further relief, special and general, at law and in equity, to which the Court in the administration of justice may find him entitled, and in duty bound he will ever pray.

It is, therefore, ordered by the Court that, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same, be filed in said Court, at office in Eastland, Texas.
ROY NUNNALLY,
Clerk, District Courts, Eastland County.
By WILBORN E. COLLIE, Deputy.
Mar. 14-23-24-4.

SHERIFF'S SALE

No. 3909. THE STATE OF TEXAS. County of Eastland. By virtue of a certain Order of Sale issued out of the honorable County Court-at-Law of Eastland County, on the 8th day of February, 1924, by Ernest H. Jones, Clerk of said Court, against Jack Meridith for the sum of Four Hundred Fifty-Nine and 15/100 (\$459.15) Dollars and costs of suit, in cause No. 3909 in said court, styled J. O. Ernest et al. versus Jack Meridith and placed in my hands for service, J. D. Barton, as sheriff of Eastland County, Texas, did on the 18th day of February, 1924, levy on certain real estate situated in Eastland County, described as follows to-wit:

Poultry Wanted

J. D. BARTON,
Sheriff Eastland County, Texas.
By EDWARD C. BETTIS, Deputy.
Mar. 7-14-21-28.

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE NORTHERN DISTRICT OF TEXAS AT FORT WORTH. In the matter of William Thomas, Scott Kreis, No. 1232 in Bankruptcy. Do all creditors, lien holders and other parties at interest:

Take notice that on the 1st day of April, 1924, at the courthouse door of Eastland County, Texas, at 10 o'clock in the forenoon, I will sell to the highest bidder for cash the following described real estate situated in Eastland County, Texas, to-wit: Lot 17, Block 5, Connellee Addition to the City of Eastland.
This sale will be free of liens and incumbrances, but subject to the confirmation and approval of the Honorable Glenn Smith, Referee in Bankruptcy, Fort Worth, Texas.
This March 6, 1924.
B. K. ISAACS, Trustee.
March 14-21-28.

No. 3586. SHERIFF'S SALE. THE STATE OF TEXAS. County of Eastland. By virtue of a certain Order of Sale issued out of the honorable County Court-at-Law of Eastland County, on the 8th day of February, 1924, by Ernest H. Jones, clerk of said Court, against Robert A. King for the sum of Six Hundred Forty-Three and 26/100 (\$643.26) Dollars and costs of suit, in cause No. 3586 in said Court, styled L. V. Dodson et al. versus Robert A. King and placed in my hands for service, J. D. Barton as sheriff of Eastland County, Texas, did on the 18th day of February, 1924, levy on certain real estate situated in Eastland County, described as follows to-wit:

One sixty-fourth working interest in and to all the leasehold premises in and to all the oil and gas and gasoline produced and saved from the following described tract of land: The 80 acres off of and across the east end of a 167.18 acre tract of land covering part of Block No. 21, Theresa Tyler survey in Eastland County, Texas, same being a certain lease contract wherein W. F. Rogers and wife Viola Rogers are lessors and Frank Kirk lessee, said lease contract being of date August 23rd, 1922, and same being of record in Eastland County, Deed Records, Vol. 219, Page 551, and levied upon as the property of said Robert A. King, and on Tuesday, the 1st day of April, 1924, at the courthouse door of Eastland County, in the City of Eastland, Texas, between the hours of 10 a. m. and 4 p. m. I will sell said real estate at public vendue, for cash, to the highest bidder as the property of said Robert A. King by virtue of said levy and said Order of Sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Eastland Chronicle, a newspaper published in Eastland County.
Witness my hand, this 18th day of February, A. D. 1924.
J. D. BARTON,
Sheriff Eastland County, Texas.
By EDWARD C. BETTIS, Deputy.
Mar. 7-14-21-28.

No. 10,759. G. James, by making publication, in some newspaper published in your County, and 91st Judicial District, to appear at the next regular term of the 91st District Court of Eastland County, to be held at the Court on the 20th day of February, A. D. 1924, in the suit, numbered on the docket of said Court as No. 10,759, wherein Marie James is plaintiff, and H. G. James is defendant, and for cause of action plaintiff alleges that on or about the 20th day of October, 1920, in Dallas County, Texas, plaintiff was lawfully married to defendant.

That on or about the 1st day of November, 1920, the defendant left plaintiff with the intention of permanently abandoning her, and that they have not lived together for a full period of three years. That defendant is a transient person and is absent from the state. Wherefore, plaintiff prays the court that she be given judgment dissolving said marriage relation; that she be divorced from said defendant, and for costs of suit.

Hence, fail not, and have before said Court, Permanently located in Cisco, with the best equipped office in Texas. I give every known drugless treatment and their combinations. I am not an M. D., neither do I practice medicine. DR. COUNCIL, Chiropractor Masseur. Phone 24, Garner Bldg.—Advertisement.

at it aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
Given under my hand and the Seal of said Court, at office in Eastland, Texas, this 16th day of February, A. D. 1924.
(Seal) ROY NUNNALLY,
Clerk, District Court, Eastland County.

JACK DEMPSEY'S SOCIAL RATING SOARS AFTER MEETING COOLIDGE; HAS EARNED RESPECT OF PUBLIC

By HENRY L. FARRELL (United Press Sports Editor)

NEW YORK, March 12.—Jack Dempsey had the privilege on Washington's birthday of meeting President Coolidge. The heavyweight champion felt flattered all the more because the president had made no social engagements and his consent to meet the champion assumed the nature of a concession to a celebrity.

Dempsey was enthused about the president and he told his friends later that he was surprised to learn, during their conversation, that the president was a real boxing fan.

This was considered a most favorable indication of the elevation of boxing, because, since the time of President Roosevelt, there has been no one in the White House who could square off or who knew how it was done.

Perhaps President Coolidge is a great boxing fan, but one remark he made during the conversation would indicate that if he is a great fan, he has not had the time to keep himself posted on the current events of the ring.

While they were at the White House, Jack Kearns, manager of the champion, was telling the president that Dempsey had enough power in his arm to knock an opponent out with a punch that traveled not more than three inches, and the president remarked, in words to the effect, that he had no desire to be struck with such a punch.

Kearns went on to say that while Dempsey was a great offensive fighter, he was not vulnerable to attack, and he explained how Firpo, the South American giant, had knocked Dempsey clear out of the ring with a punch.

To which the president replied: "Is that so? When did that happen?"

Perhaps it is well that Kearns did not go far enough into the details as to tell how much Dempsey got for going out of the ring and coming back in and then walking out.

Dempsey is just as proud of the social rating that he has established as he is of the name that he has made for himself in the ring. It is quite probable that when Dempsey's title is gone, he will cherish the memory of meeting with President Coolidge the Prince of Wales, the duke of York, the late Lord Northcliffe and other prominent men, more than he will recall the arguments advanced by his friends that he was the greatest of all the heavyweight champions.

Dempsey has done more to earn the respect of the public for the heavyweight champion than any other title holder. Jim Corbett, of course, was the first one who brought a real atmosphere of decency to the ring, but it must be remembered that the game fell almost to its lowest depths after Corbett's time, and it was up to Dempsey to pull it up out of the mud again and give it a good bath for public presentation.

Dempsey is now admitted to the best hotels in the country, hotels that not so many years ago would have called the police if they had seen a fighter in the next block.

Responsible citizens are not ashamed to meet Dempsey or have it known that they had met the heavyweight champion.

Dempsey has become an asset to the whole fight business. Jack Johnson nearly ruined it, and Jess Willard made no effort to get it back in the respect of the public.

SCHOOL AND COLLEGE ATHLETES INVITED TO TRAIN AT FORT SILL

FORT SAM HOUSTON, Texas, March 13.—The C. M. T. C. officer for the Eighth corps area stated today that coaches of the high school, prep school and college football teams were invited to bring all try-outs to the C. M. T. C. camp to be held in August at Fort Sill, Okla., for a month's training before the opening of the school. This will give the coaches an opportunity to condition their players early and at the same time the boys will be able to get something more than football training during their stay in camp.

Places will be provided for the coaches so that they will be quartered with their teams and they will be permitted to train their teams each day during the recreation hours. Adequate training facilities will be provided for training purposes.

This privilege is an innovation in the matter of securing students for the citizens' military training camps, and is expected to bring excellent results. All coaches of football teams realize the importance of early training. They are expected to take advantage of this opportunity to get their players together on August 1.

Five hundred applications have already been received at the C. M. T. C. office at Fort Sam Houston for admission into the various camps to be held this summer and from the present rate that applications are

Texas Oil Output Shows Increase Of 20,000 Barrels

Due to an increase of 15,000 barrels in the Powell field, oil production advanced 20,000 barrels in the North Central and East Central Texas fields during the week ending March 8 over the preceding week, daily average figures compiled by the Fort Worth Star-Telegram show.

In the North Central fields, Archer county had a 3,000-barrel increase. The Ranger-Eastland fields gained slightly, production going to 15,865 barrels. Hightower No. 7 of the Panhandle Oil & Refining company, which is producing better than 400 barrels from last reports, is responsible for the increase in the Ranger field.

Texas production figures follow:

EASTLAND COUNTY'S INTERSCHOLASTIC MEET JUST TWO WEEKS AHEAD

The county interscholastic meet will be held in Eastland on Friday and Saturday, March 23 and 29. A majority of the schools of the county have entered their contestants and there is going to be some sharp rivalry for first places.

Winners at the county meet will represent their respective schools at the district meet at Stephenville in April. Those winning at the district meet will go to the state meet.

Entrants from the Eastland schools are making preparations to put up a hard fight for first honors. Considerable time is being spent in practicing on the athletic field in Connellee park and this work is to be kept up until the day of the meet.

RANGER-WEATHERFORD HI GAMES POSTPONED

Inclement weather caused the postponement of two games scheduled with the Weatherford High school by the Ranger High school baseball nine. The games were to be played here Friday and Saturday. It is possible that the games may be played March 21 and 22.

Coach Sandlin is negotiating with three high schools at present for games, and an announcement on the schedule can be expected probably next week.

MARKET OPINIONS ISSUED TO JESS TAYLOR & COMPANY

NEW ORLEANS, March 13.—H. & B. Beer wired Jess Taylor & Co. of Cisco as follows: The market was in a contrary mood, opening somewhat higher on easier cables than expected, subsequently declining in the face of very unfavorable weather prospects, especially in Texas.

Liverpool called market very feverish, pending industrial and political developments, but better undertone generally. Rumor has it that returns to the National Ginners' association point to February consumption in the United States about 485,000 bales of lint, against 577,000 for January of this year and 567,000 for February of last year.

The weather bureau predicted rain for the western half of the belt, rain or snow and colder in north portion and frost for the eastern half of belt, with freezing in the interior of Georgia.

Much of the selling was done on the theory that it is too early to complain of delayed preparations, as it is claimed that there remains ample time for the crop to get off to a good start in event of good weather in the future. But the weather outlook for the near future is anything but favorable. Rain and colder for the southwest, with the possibility of the wet weather moving eastward across the belt before the close of the week.

AMERICA'S OLDEST CITY FAST BEING DEPOPULATED

Fifteen miles from Laguna, N. M., stands Acoma, the city of the sky. Not fifty years after Columbus discovered America, Friar Marcos, a Franciscan monk, heard of the Pueblos, "the people of the white rock." There is little reason to doubt that the community came into existence hundreds of years before the white man first saw the plains of our Southwest. It was an independent community then; it is an independent community today.

It is evident that this age-old city is fast approaching its end, says Foster Wright in The Mentor for March. The old people cling to the old customs, but they are dying off, and old tradition is dying with them. Of late years the younger generation has been going off to surrounding ranches to work for white men. The present population is given as 600 but that includes all the Acoma Indians, who come back to the parent city only for brief visits.

CHRISTIAN MISSIONARY SOCIETY MEETING

An interesting meeting of the Missionary society of the First Christian church was held Wednesday afternoon at the home of Mrs. W. E. Walton with Mrs. E. C. Shipp as leader. The meeting opened with prayer by the pastor, Rev. H. B. Johnson, followed by a scripture reading, Matthew 6:19-33, by Mrs. Walton. "Lifting the World's Good" was the subject of a paper by Mrs. H. E. Clewell and "The Situation on the Tibetan Border" topic of a paper by Mrs. H. B. Johnson. "What Giving to Missions Does for a Church" was discussed by Mrs. W. C. Dyer. "As We Watch the Steep of Life" by Mrs. P. F. Davis. Plans were discussed for the fifth Monday interdenominational meeting, which will be held with the Christian church members all other societies being cordially invited.

NEW OFFICERS FOR DELPHIAN SOCIETY

The annual chapter election of the Delphian society took place Thursday morning following the program session. The following officers were elected for the new chapter year: Mrs. J. H. Moyer, president; Mrs. C. N. Ochiltree, vice president; Mrs. N. A. Jenett, secretary-treasurer; Mrs. L. C. G. Buchanan, chairman of advisory board, two additional members of board, Mrs. G. H. Bohning and Mrs. E. L. Shattuck.

Mrs. A. W. Hall is a new associate member of the local chapter. The program topics on Rome, its grandeur and decay were discussed by Mmes. Bohning, Carroll, Dillingham, Hagaman, Ochiltree, and Jenett. Topics for the next meeting were taken voluntarily by Mmes. W. J. McFarland, "The Roman Family," C. N. Ochiltree, "Houses," Grady Wilson, "Apparel and Food," L. C. G. Buchanan, "Early Life," R. M. Schmuck, "Schools and Education," J. H. Moyer, "Amusements," J. F. Drienhofer, "Books and Libraries," E. L. Shattuck, "Business and Trade," W. B. Palmer, "Slavery." Two other topics are yet to be assigned. Mmes. McFarland, Luke and Schmuck were appointed delegates to the County Federation meeting at Cisco next Saturday.

COUNTY FEDERATION TO MEET SATURDAY IN CISCO

The regular monthly session of the Eastland County Federation of Women's clubs will be held Saturday afternoon, March 15, in the auditorium of the First Christian church at Cisco. All club women are urged to attend. Delegates from all Ranger clubs will be present at this meeting.

FIFTY COUPLES ATTEND COUNTRY CLUB DANCE.

Fifty couples attended the Ranger Country club's dance last night at the summer garden. A three-hour

Coughing

Tires the old, lowers their vitality. The best standard family cough medicine for old and young

CHAMBERLAIN'S COUGH REMEDY
Good for every member of the family

Child-birth

HOW thousands of women, by the simple method of an eminent physician, have avoided unnecessary miseries through many months and up to the moment Baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby." Tells also what to do before and after baby comes, probable date of birth, baby rules, etc., and about "Mother's Friend," used by three generations of mothers, and sold in all drug stores everywhere. "Mother's Friend" is applied externally, is safe, free from narcotics, permits easier natural adjustment of muscles and nerves during expectancy and up to the moment. Mrs. B. E. Keger, Slayton, Minn., says: "It pulled me through." Send for book today, to Bradford Regulator Co., P. O. Atlanta, Ga. "Mother's Friend" is sold at all good drug stores—everywhere.

GRAND JURY TO SIFT EVIDENCE ALONG NEW LINE

Two Members of House Reported Involved in Latest Alleged Illegal Acts.

WASHINGTON, March 13.—Subpoenas for witnesses who will tell a special grand jury about alleged improper receipt of money by congressmen have been issued, it was learned today at the office of the attorney general.

Assistant Attorney General Seymour, aided by John W. H. Crim, Mrs. Mabel Wildebrandt and other members of Daugherty's staff, will have charge of the prosecution.

The names of the witnesses summoned before the grand jury have been kept secret.

No further action has been taken in the house relative to the protests of two congressmen relative to rumors connecting them with the charge that "two congressmen" were involved and demanding that the house make an investigation and clear their names.

Elias H. Mortimer of Philadelphia, principal accuser of Forbes before the senate investigating committee and one of the main witnesses before the grand jury, was present to testify.

PERSONALS

Mr. and Mrs. Charles Overly are the proud parents of a son, James Arthur, their first child, born recently at the Clinical hospital. Mr. Overly is with the Prairie Oil & Gas company.

Mrs. J. H. Moyer spent Monday and Tuesday in Fort Worth.

Mrs. Charles G. Norton returned Wednesday evening from a visit of several days in Fort Worth with her son and daughter.

HIGH SCHOOL DANCE PLANNED TONIGHT AT SUMMER GARDEN

Youth will have its dance tonight when the Ranger High school "P" association will have a dance at the summer garden with Singie Smith's six-piece colored orchestra playing.

The association, consisting of high school athletes who have earned their letter in major athletics, have invited all students and girl friends and parents of students. The first number will be given at 9 o'clock.

Turn Many Students Away From High's Business Classes

Basing his prediction on the number of prospective students who have been turned away this year because of crowded classes in commercial subjects, J. W. Overall, principal of the Ranger high school said today that if an additional teacher is put on the commercial staff next semester, the enrollment figures will pass the 500 mark. Last Monday the enrollment figures had reached 411.

Between 40 and 50 boys and girls have been refused admission to the commercial department this year, O. G. Lanier, teacher of commercial subjects, has advised Overall.

Overall indicated that he would recommend to the school trustees the employment of an additional commercial teacher. "Two teachers could handle the two commercial subjects taught and there would be no need to turn any one away," Overall said.

Lanier now has more than 100 boys and girls in all of his classes. One hundred and fifty boys and girls have been attending these classes in typewriting, stenography and other allied subjects during the two semesters.

These courses are open to children of residents of the school districts

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.—Adv.

CONFIRMED PROOF

Residents of Ranger Cannot Doubt What Has Been Twice Proved.

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Pills. Residents of this vicinity who so testified years ago, now say the results were permanent. This testimony doubly proves the worth of Doan's Pills to Ranger sufferers.

D. P. Rankin, grocer, 602 LaSalle st., Mineral Wells, Texas, says: "Several years ago I had gotten into such condition I was alarmed. The kidney secretions passed several times every night and I had a constant soreness and aching through the small of my back. I heard so much about Doan's Pills I got some. They helped me wonderfully and three boxes entirely cured me."

Nearly eleven years later Mr. Rankin added: "I am glad to confirm all I have previously said endorsing Doan's Pills. I have no doubt that Doan's have permanently cured me of kidney trouble."

WOMEN SEEK GREATER FREEDOM IN S. AMERICA, SAYS WOMAN NOVELIST

Every now and then a romance is written by accident.

When fate and fortune combined to give Mr. and Mrs. Earl Chapin May a year in which to travel where and how they would, they elected to cross the Atlantic, find a rose covered cottage in Cornwall and settle down for a year. Nearly every one who writes for a living has some such plan in mental storage.

The May's started from Chicago to Cornwall. But before they left their native shores they decided upon a brief return to their honeymoon town, New Orleans. After 12 years of happy wedded life, they sought their old haunts in New Orleans' French quarter.

Kept On Going

Just a day's journey west of New Orleans was San Antonio of romantic memory. Mrs. May had not been in "San Antonio." They went there and stayed a month. Mexico beckoned them. It was just across the Rio Grande. It was redolent of mystery, romance and impending trouble. They went to Mexico City, and then they kept on going.

Eventually, instead of a rose covered cottage in Cornwall, they had an adobe house, a flower bedecked patio and a Chilean-Indian servant in Santiago de Chile. They lived and traveled for months in "the California of South America."

Technically, it is a travel book.

MYSTERIOUS MALADY KILLS STEPHENS COUNTY CATTLE

BRECKENRIDGE, March 13.—A mysterious malady that strikes death within 30 minutes after it is contracted, is threatening to devastate the cattle herds of Stephens county.

Dr. M. A. Williamson, assistant state veterinarian, called here to combat the disease, said the malady

CUERO—Improvements to the hydro-electric plant of the Texas Central Power company on the Guadalupe river here are to be made which will increase the power capacity of the plant.

SECRET IS SAFE

People who have been embarrassed repeatedly on account of disfigured skin on their face, neck, arms and hands, caused by eczema, tetter, rash, boils, pimples, etc., are nearly always sensitive about these things to the point of feeling that everybody is watching them and talking about how bad they look.

They even hesitate to ask anyone's advice about getting rid of these awful things, and for this reason the wonderful Black and White Ointment is making friends by the thousands because they can get it from their nearest dealer without a lot of explanations, and use it quickly gets rid of all those skin ruiners.

The 50c size contains three times as much as the 25c size. All dealers have it.—Advertisement.

WESTERN PIONEER TELLS INTERESTING EXPERIENCE

Frank Rikert, who left Illinois for California in Covered Wagon in 1864, Wouldn't Take \$100 for Bottle of Tanlac.

Frank Rikert, well-known resident of North Sacramento, Cal., who came to the state from Illinois in a covered wagon in 1864, along with other hardy pioneers, recently exhibited a bottle of Tanlac, which he had just purchased, to a friend at his home and remarked: "If I thought this was the last bottle of Tanlac I would ever be able to buy, I wouldn't take one hundred dollars

FEW FOLKS HAVE GRAY HAIR NOW

Druggists Say Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Adv.
