POLITICS MAY BE RECKONED A SAFETY VALVE

Congress Given 50 Measures to Enact Nearly 4 Months Ago. Does Nothing.

By WALLACE BASSFORD. WASHINGTON, March 20.—Congress has been in session three and a half months and not a single bill has reached the president for his signature.

Forty Men Named In Address Book Of Murdered Woman

KANSAS CITY, March 20.—Friends of Zoe Wilkins, romantic adventurer, found murdered Tuesday, were closely questioned today by the police. The names of 62 persons, including more than 40 men, were found in an address book of Dr. Wilkins, and all of these who could be identified, were summoned for questioning.

WASHINGTON, March 20.—Cotton ginned during the 1923 season just ended totaled 10,132,498 running bales, including 242,177 round bales counted as half bales, compared with 9,379,306 bales, including 172,182 round bales counted as half bales, ginned in the 1922 season, the census bureau reported today.

PROBE GOES ON

The senate investigating committee is getting off to a good start on the Daugherty case, developing the case and bringing new matters to light at each session. The retirement of Senator Lenroot from the Teapot Dome investigation will make no difference whatever in the conduct of the work, as he took little part in the proceedings.

MARYLAND, WHO DEMANDS, AFTER A VERY FRANK STATEMENT, A COMPLETE INVESTIGATION

The general feeling in official circles of Washington is that Zihlman will be able to show a perfectly clean bill of health. The finger of suspicion often points at an innocent man, and the belief is that this is one of those cases. Under existing conditions it is well to keep the vision clear. The innocent are still in the vast majority, the country is the greatest the world has ever seen. All that is needed is a cleaning out of some dirty corners and there remains little doubt that the elections in November will attend to that.

TRAINING EDUCATOR URGED FOR UNIVERSITY PRESIDENT

AUSTIN, March 20.—Regents of the University of Texas in session here have been flooded with resolutions from ex-student associations and others urging them to select a "trained educator" and not a "politician" for permanent president of the institution. Governor Neff has been prominently mentioned for the post.

IMPRISONED JAPS IN SUNKEN SUB CRY FOR SPEEDY HELP

TOKIO, March 20.—Fourteen men were yet alive in the engine room of the Japanese submarine No. 40, which sank yesterday in a collision near Nagasaki, at 7:40 p. m. yesterday, when salvage crews trying to raise the vessel were amazed to hear shouts coming from the interior of the sunken hull.

SNOW FALLS OVER LARGE SECTION OF WEST TEXAS

KANSAS CITY, March 20.—A heavy snowfall was reported over many sections of the southwest today. Heavy drifts were already on the ground in Western Kansas and farm work is being held back by the late storm. Snow extended to the southern portions of the Texas Panhandle and over much of the Texas plains country.

THE EASTLAND COUNTY DISTRICT COURT HELD THAT THE STATE GUARANTY FUND WAS LIABLE FOR THE \$750,000 ON DEPOSIT IN THE SECURITY STATE BANK AND TRUST CO., WHEN IT WAS CLOSED IN AUGUST, 1921.

The district court decision in the \$750,000 Eastland county road fund suit of State Bank Commissioner Chapman versus Eastland county, was reversed by the El Paso court of civil appeals in an opinion handed down this morning by Chief Justice Harper, according to a special dispatch to this newspaper. The case will be appealed, undoubtedly, to the supreme court, a Ranger attorney said today.

THE MESSAGE, SIGNED BY J. I. DRISCOLL, CLERK OF THE COURT OF APPEALS, SAID: "COMMISSIONER CHAPMAN VERSUS EASTLAND COUNTY, AFFIRMED IN PART AND REVERSED IN PART. OPINION OF CHIEF JUSTICE HARPER HOLDS THAT COUNTY FUNDS PLACED IN SECURITY STATE BANK WERE SECURED AND INTEREST BEARING. THEREFORE THE JUDGMENT FAVORING COUNTY IS NOT PAYABLE OUT OF THE DEPOSITORS' GUARANTY FUND."

THE EASTLAND COUNTY DISTRICT COURT HELD THAT THE STATE GUARANTY FUND WAS LIABLE FOR THE \$750,000 ON DEPOSIT IN THE SECURITY STATE BANK AND TRUST CO., WHEN IT WAS CLOSED IN AUGUST, 1921.

The Eastland county district court held that the state guaranty fund was liable for the \$750,000 on deposit in the Security State Bank and Trust Co., when it was closed in August, 1921. The state banking commission immediately appealed the case and it was taken to the appellate court in Fort Worth. Because of a heavy docket, the case was transferred to the El Paso court.

ONLY A SHORT TIME BEFORE THE EASTLAND BANK CLOSED ITS DOORS, THE COUNTY COURT OF COMMISSIONERS SOUGHT TO HAVE THIS LARGE SUM TRANSFERRED FROM INTEREST BEARING TIME DEPOSITS TO AN OPEN ACCOUNT UNDER THE PROTECTION OF THE STATE GUARANTY FUND LAW.

THE TRANSFER FROM ONE FUND TO THE OTHER WAS DONE, BECAUSE THE COMMISSIONERS' COURT EXPLAINED, BECAUSE THE BOND ON THE TIME DEPOSITS WAS FOUND TO BE WORTH THE SECURITY IT WAS SUPPOSED TO GIVE.

THE \$750,000 FUND INCLUDED IN LARGE PART THE PROCEEDS FROM THE SALE OF ROAD BONDS.

The county's money in the bank was under the following accounts: Road fund, \$600,000; road, bridge and jury fund, \$40,000; courthouse sinking fund, \$14,000; road bond sinking fund, \$53,000; county school fund, \$82,000.

THE ROAD MONEY AT THE TIME OF THE BANK'S CLOSING WAS ALL THE AVAILABLE CASH ON HAND TO CARRY ON THE WORK OF ROAD BUILDING.

The county funds to the extent of \$400,000 were alleged to have been protected by a surety bond on house and the remaining amount of more than \$300,000 "protected" by bonds made by individuals.

THE MONEY WAS BEARING INTEREST UNTIL ONE MONTH BEFORE THE BANK CLOSED ON AUG. 3, THE COMMISSIONERS' COURT ASSERTED AT THE TIME THE BANK SHUT ITS DOORS FOR GOOD.

The question that arose at that time was whether the money would be protected by the guaranty fund in view of the fact that the money had been drawing interest a month previous. An investigation was made by J. E. T. Peters, then manager of the Ranger Chamber of Commerce, in the interest of road improvements, and he said the point of law would be over this issue.

**BIBLE THOUGHT**  
OMNIPOTENT HELP — The Lord is my deliverer.—2 Samuel 22:2.

**'TIS SAD TO BECOME OLD.**  
Once more the Eastland Oil Belt News finds fault with the Ranger Times, notwithstanding every effort made by it to win the esteem and good wishes of its esteemed contemporary. And the basis for the complaint is that the Times Publishing company, owner of the Times, has bought and pushes the Eastland Weekly Chronicle, a newspaper that circulates in every part of Eastland county and should have the respect of the Oil Belt News for its age, if no other reason, for it is much the older.

But the Oil Belt News appears to have no more respect for the dead than for the aged and would even stamp on a body when it believed life was extinct. The Oil Belt News announces that the newspaper it should respect is dead and stamps on it at the same time, for its says: "There isn't any Weekly Eastland Chronicle. That odious sheet turned its toes to the daisies some time ago." Now is not that a nice way to write of a contemporary it professes to believe is dead!

"Years steal fire from the mind as vigor from the limb," wrote the poet Byron, who while yet young felt the infirmities of age creeping on him, the result of an uncontrolled, passionate life. Of course the Oil Belt News has never led a wild, passionate life and the apt description of it given by Byron must be due to ill nature, which makes one old early.

Another poet wrote (evidently having the Eastland Weekly Chronicle in mind), "Though old, he still retained his manly sense, and energy of mind. Virtuous and wise he was, but not severe; he still remembered that he once was young."

And while this sprightly old citizen is kicking his heels in the air and shouting, "three cheers for Eastland county, hip, hip, hoorah!" the younger but very aged esteemed contemporary, with feeble breath and chattering gums (for its teeth appear to have gone) goes doddering about whispering to itself, "dead, dead, dead." It is a very sad case.

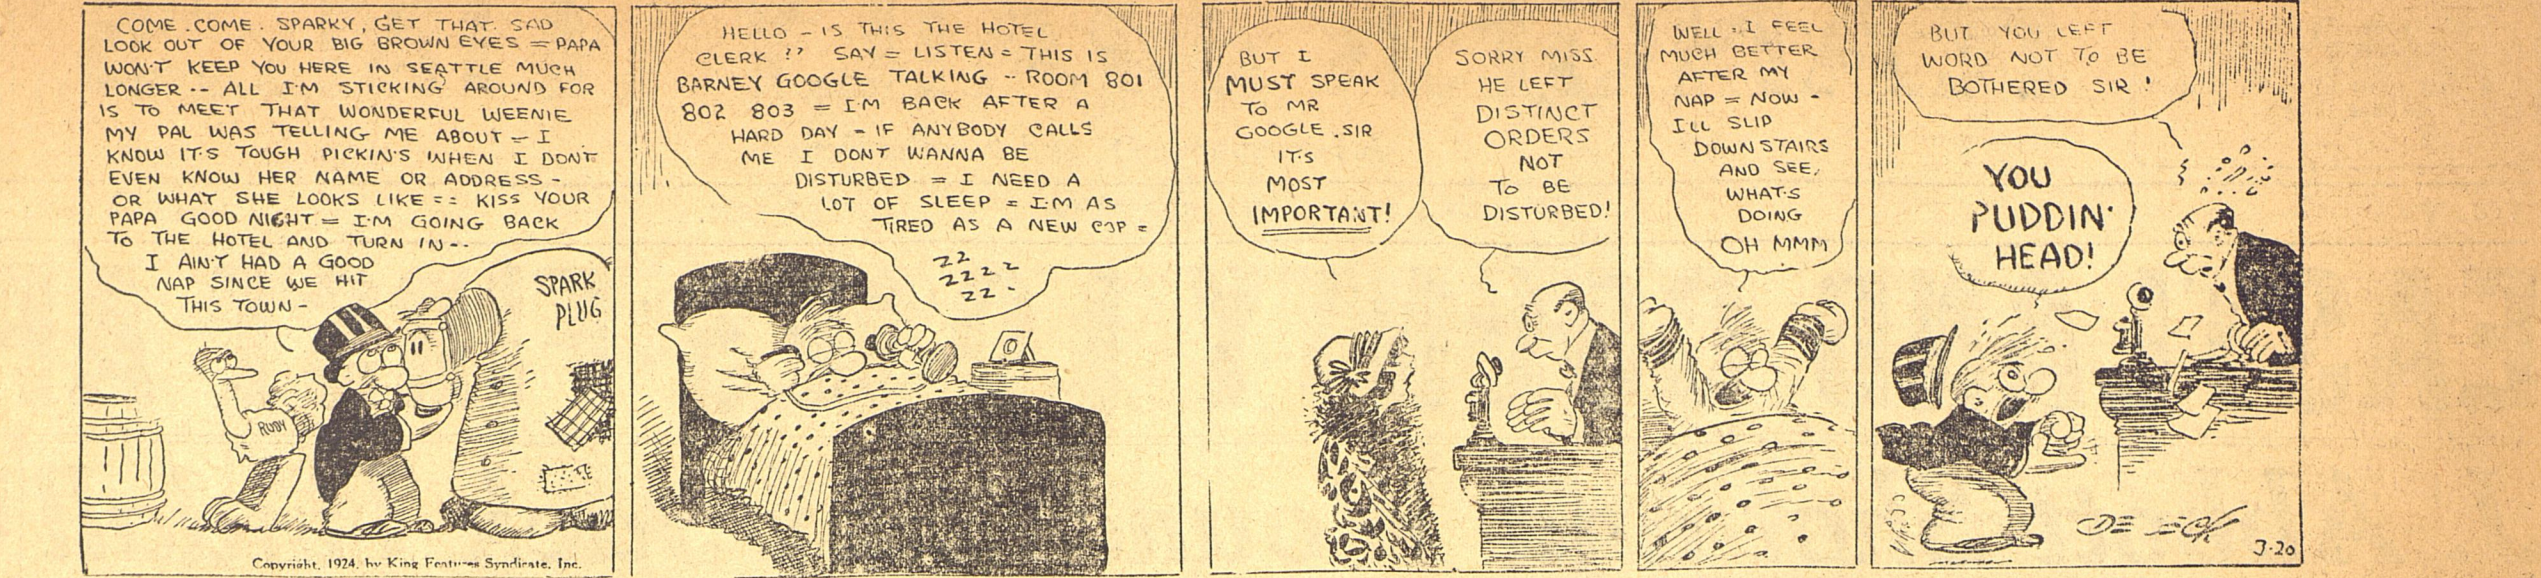

The Oil Belt News also announces that "the job department of the Oil Belt News has been quite busy this week." That is interesting. It must be unusual to be considered as news. The aged often contract a habit of thinking and speaking only of themselves and of course anything out of the ordinary looks to them like news.

**WOMEN WILL TAKE A HAND**  
During the week beginning April 7, next, a representative conference of the women of the United States will be held in Washington "to consider the general problem of law enforcement, with particular emphasis on prohibition." It is said the conference will be attended by delegates from nearly every woman's organization in the United States.

None know better than the women of America the distressing results of the campaign which was organized to hinder enforcement of the prohibition law, and one is inclined to believe that the deliberations of this meeting will be far more important than those of some gatherings which have discussed ways and means of enforcement.

Coming as it does but a few weeks before the date set for the meeting of the national conventions of the democratic and republican parties, when platform declarations must state the attitude of political leaders toward the issue involved, the pronouncements of the conference, to be organized under the name of the Women's Committee on Law Enforcement, cannot be carelessly regarded.

### COOPERATIVE CIVIC WORK TO GET ATTENTION

The cooperative civic committee of the Eastland Chamber of Commerce is being organized just as rapidly as possible. Chairman Ferguson is anxious to have every club in the city nominate its own representative. Many have already done so, and others are sending in their names as they hold meetings. As soon as this committee is fully organized, a meeting will be held and, an outline of the year's work will be made out.

This civic committee will be one of the most active and important committees of the Chamber of Commerce, for there are many things that can be done for Eastland through it. It is not the idea of the Chamber of Commerce that this committee take the place of any organization that is working for the benefit of Eastland, but more to coordinate the work.

For example, there is a great need of more sidewalks in the city. Already several property owners have signified their willingness to build, if others will. This committee can work out plans to get the cooperation of the property owners, and put on quite a building campaign for more sidewalks.

Again, we should have more street lights in the residence section. The civic committee can perhaps start a movement that will result in much good in this way.

**Much to Be Done**  
There should be a real clean up campaign, and in connection with this large plans for the beautifying of the city. And there are many other matters that would be of great value to Eastland. The board of directors hope and expect much from all the committees, and especially from the civic committee. The city of Eastland has many advantages, and these can be enhanced greatly by a cooperative effort of all citizens.

Personnel of the committee reporting at noon today was as follows:  
Chamber of Commerce: J. H. Caton, W. I. Clark, J. J. Lucas, V. T. Seaberry, W. H. Sewell.  
Civic League: Mrs. C. U. Connellee.  
Just-a-Mere Club: Mrs. Horace Butler.  
Lions Club: J. Floyd Owens.

Music Club: Mrs. J. N. Wooten.  
Rotary Club: E. G. Schreck.  
South Ward P. T. A.: Mrs. Joseph M. Weaver and Mrs. Wm. C. Baker.  
West Ward P. T. A.: Mrs. Kenneth B. Tanner.

The clubs which have not reported today include: The Delphian club, Friday Evening club, High School P. T. A., Neighbory Bridge club, Thursday Afternoon club, Thursday Bridge club, and the American Legion.

### ROBBERS STEAL NICKELS FROM PLAYER PIANO

Robbers broke into a small cafe, located in the Walker building, Main and Commerce streets, Ranger, last night and carried away an undetermined amount of nickels out in an electric piano by music lovers.

The robbers broke three locks to get at the cash, according to Frank Stephens, proprietor of the place. Stephens said the front door lock, the lock that held the cash box to the piano frame and the lock to the cash box were all broken.

Stephens estimated that between \$40 and \$45 was stolen. The former owner of the place told Stephens that his share of the proceeds usually ran about \$1 a day, which was a third of the amount found in the box. This would be \$3 a day and as the box had not been opened for two weeks, Stephens figures the loss at over \$40.

### ROSS MOREHEAD HOME FORM MEXICO ON VISIT

Mr. Morehead works as a driller and an dsince he has been in the Mexico field one 50,000 and one 30,000-barrel wells have been drilled in. These, however, were drilled by the International Oil company. Wells in that field are brought in at a depth of

### HAVE DARK HAIR AND LOOK YOUNG

**Facts about Child-birth**  
An eminent physician has shown to thousands of expectant mothers just how to be free from dread, and from much of the suffering which many mothers experience for months, right up to the moment when the Little One arrives!

Mrs. Wm. Washington, 107 Louise Ave., Nashville, Tenn., says: "There is positively no woman on earth that would be without 'Mother's Friend' during expectancy if she only knew the value of comfort."

"Mother's Friend" is externally applied to the region of the abdomen, back and hips. It relieves the tension on nerves and ligaments as month follows month. Finally, it makes child-birth a joy instead of a painful dread.

Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradford Regulator Co., EA-72, Atlanta, Ga., for a free wonderful book containing information every expectant mother should have. Get a bottle of "Mother's Friend" today. It is sold by all good druggists.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for Wyeth's Sage and Sulphur Compound, you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—Advertisement.

RISEING STAR

RISEING STAR, March 19.—Editor and Mrs. Horace Trout of Breckenridge were in the city Tuesday on their way to Brownwood and returning, spent the night with Mr. and Mrs. W. T. Curtis of this city.

Rev. J. C. Watkins of the Macedonia community, was in Rising Star recently shaking hands with his friends, who are glad to learn that his health is improving and that he is again able to fill an occasional appointment at the Macedonia church.

Mrs. Frank Robertson of this city underwent a very serious operation at a Brownwood sanitarium. The operation is reported as being entirely successful and the patient is on the road to recovery. Mrs. Robertson is a teacher in the Rising Star public school.

A city election has been called for the purpose of electing three aldermen to fill the places of J. R. Livingston, resigned, and R. L. Brown and J. C. Joyce, whose terms of office will have expired. J. H. Carter is appointed judge of the election, which is to be held on April 8.

Amos Myrick and Miss Lee Tye of Okra were married at the Baptist parsonage Thursday afternoon and will make their home at Carbon.

Mrs. W. A. Pelfrey, who has been quite ill for some time, is reported much improved.

T. D. Baxter, a successful farmer of northwest of town, was in the city Saturday.

Tuck Busby, pioneer farmer of this section, was in the city Saturday. Mr. Busby has been living on the same farm for 20 years.

Dr. J. M. Matthis, of the Amity community, was a recent business visitor in the city. He reports the outlook for a good crop in this community this year as promising.

J. W. Chandler, who lives a short distance southeast of Rising Star, was in the city Friday.

Tom Burkhalter, who lives four miles out on the Rising Star-Cisco pike, was here Saturday. He reports having trapped nine wolves during the winter and says that he cannot tell that the supply is diminished to any extent.

Sam Forehand of Eastland was here Saturday assisting Pete Roach in arranging for the shipment here of a car of ready-mixed fertilizer for the use of the farmers of the Rising Star section. Mr. Forehand is putting in a fertilizer mixing plant at Eastland which will greatly facilitate the work of distributing this product over this part of the country.

CISCO

James J. Adams, farmer of near Pioneer, plans to try some commercial fertilizer this year on a small patch of cotton and on about three acres of watermelons. Mr. Adams has a small patch of blackberries on his place that pays him well and is putting out a small patch of strawberries. Mr. Adams believes that farmers should adopt the co-operative marketing plan for their produce.

A. Reich, a progressive and prosperous farmer living just south of Cisco, is installing a large overground zinc cistern on his place. An increase in the acreage being planted to cotton on Mr. Reich's place is being made this year.

Mr. and Mrs. George Anderson of Cisco are breeding the White Wyandotte chickens and have a nice flock of beautiful birds. They have just ordered 25 thorough bred birds from Missouri.

The following farmers have purchased fertilizer and will give it a trial on their farms this year: D. M. Anglin, Scranton, John Dye, Rayle, D. F. Brown, south of Cisco; Carl Winge, south of Cisco; John Gerhardt, south of Cisco; E. L. Hazelwood; M. C. Miller.

D. E. Brown, who lives southeast of Cisco on route 4, has a shallow well on his farm in which he has installed a pump attached to a gasoline engine

which he will use in irrigating land. Water was struck in the well at a depth of ten feet and stands level with the top of the ground. There seems to be an inexhaustible supply of the water.

Lee Lieske of Cisco, route 3, will plant about 50 acres of cotton this season. He gathered six bales from 18 acres and hopes to do as well if not better this fall. He has finished sowing oats.

Proof that the fresher the eggs the better the results that will be obtained when they are sent to the hatchery, is evidenced in the case of S. I. Stoker of Eastland, who got 88 chickens out of 95 strictly fresh eggs sent to a Cisco hatchery.

Mrs. J. B. Eberhart of near Rising Star, who is keeping a strict record of the production from her flock of Barred Rock hens, makes the following report for the month of February: There are 392 hens in the flock. The daily egg production ranged from 106 to 212. Total receipts for the month show \$125.97, which included the sale of 46 hens at \$46.20; \$53.75 was spent for mash and \$18 for grain, making a total of \$71.75 for expenses, leaving a net profit for the month of \$5.22. During the month 1,124 eggs were incubated.

\$810.15 for which sum plaintiff now brings this suit.

Wherefore, premises considered, this plaintiff prays judgment of the Court for his said debt and the attorney's fees therefor, all court costs in this behalf expended, for decree foreclosing plaintiff's lien on the land on Lot No. 9, Block 2 of the Young addition to the City of Ranger, Texas, together with any five-cent bonus situated thereon, as said vendor's lien being expressly retained in said conveyance subject to foreclosure proceedings as the holder may institute for such other and further relief, special and general, at law and in equity, to which the Court in the administration of justice may find him entitled, and in full bond he will ever pray.

Herein filed and to have before said Court, at its stated next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at its office in Eastland, Texas, this 18th day of March, A. D. 1924.

(Seal) ROY NUNNALLY, Clerk, District Courts, Eastland County; BY WILBOURNE B. COLLIE, Deputy, Mar. 14-21-28-Apr. 4.

No. 10489.

A. C. Simmons, et al., vs. Robert E. Sweeney, et al., in the District Court of Sweeney, Judicial District of Eastland County, Texas.

This cause coming on to be heard on this, the 16th day of March, A. D. 1924, upon the application of the defendant herein, the Court, after reading and considering the application for confirmation of such sale, and appearing to the Court that said Receiver has complied with the provisions of the Court's Order in Block

SIX BASEBALL MANAGERS BAN GOLF FOR MEN

By HENRY L. FARRELL (United Press Sports Editor) NEW YORK, March 20.—Miller Huggins, John McGraw, Ty Cobb, Frank Chance, Branch Rickey and Clarke Griffith have decreed that their ball players must not indulge in golf during the baseball season.

The two champion clubs, Detroit, the White Sox, the Cards and Washington are quite an array to be lined up against Cole, Egey, but McGraw says it is only a matter of time when the managers of all the major league clubs will ask the players to do their golfing before and after the baseball season starts.

McGraw contends that golf gets too much of a hold on its addicts and that baseball players, who become infected, frequently think more of improving their driving or their short game than they do of boosting their batting average.

The Giant manager also expresses the rather original thought that golf does not hurt a baseball player when he is a good golfer, but that it has a bad effect upon a duffer who has to take more exercise and expend more energy going around the course.

There are some crack golfers among the major league players. Arnold Stutz of the Cubs and Pep Young of the Giants are among the best, and Babe Ruth is no slouch. But if McGraw's idea, that only the good players should be allowed to indulge in the game, were carried out, it would mean practically a blanket ban on the game.

Miller Huggins has been against golf for a long time. It was humorously remarked that because Miller took a couple of hundred to go around when he first took up the game he soured on it. Huggins, however, claimed last year that some of his pitchers were working out so much in the morning with their mashies and putters that they had nothing left when they were called upon to swing on the mound.

During the mid-season last year, Huggins had to call on Carl Mays for relief work, after Mays had played 36 holes of golf, and Carl didn't feel like pitching. He got in bad early in the game, and Huggins made him stick it out and take a terrible beating.

MARKET OPINIONS ISSUED TO JESS TAYLOR & COMPANY

NEW ORLEANS, March 20.—H. & B. Beer wired Jess Taylor & Co. of Cisco as follows: The market was called upon to absorb a good deal of selling, due probably to some leaders thinking Thursday's final census report on the season's ginlings will be larger than generally expected, but the cotton was in good demand, due to the continuance of very unfavorable weather inland, values in the afternoon falling steadier. Conditions were more favorable in extreme South Texas where planting corn and cotton made good progress. In practically all other southern districts, however, corn planting and preparation of lands for cotton was largely suspended, and this work is backward. The preparation of cotton land made good progress in Southern New Mexico, where a large acreage is being prepared for the long staple variety. While planting was begun in Arizona and preparations for planting progressed in Southern California. Meanwhile the weather in the interior remains decidedly unfavorable, more rain is indicated for nearly all sections, and rain-snow is said to have fallen again in Oklahoma, West and Northwest Texas. As a result of the incessant rains and snowstorms, streams in Texas are reported to be swollen.

CRUDE OIL CONGEALS IN TEXAS COMPANY WELL DURING COLD WEATHER

With an unusual high content of paraffine and wax for this part of the country, oil which flowed better than 1,000 barrels in the Texas company No. 1 Burnett in Carson county, begins to congeal at 58 and is completely congealed at several degrees lower. There is a gasoline content of about 25 per cent in the oil. Steam will be used to overcome this congealing in cold weather. The well stopped flowing during the cold weather.

Have you tried those famous meals at The TEXAS?

Constipation breeds 40 diseases What a wreck of the human body constipation can make. It floods the system with dangerous poisons. It leads to serious diseases. Don't neglect it! Kellogg's Bran, cooked and krumbled, if eaten regularly, is guaranteed to relieve permanently the most chronic cases of constipation. Kellogg's is ALL bran. Doctors recommend it. They know that only ALL bran can bring 100 per cent results. Kellogg's Bran stimulates the intestine in nature's own wonderful way. It sweeps, cleans and purifies! It makes the bowels function naturally—and regularly. Kellogg's Bran has a delicious, nut-like flavor. Eat it with milk or cream—or in the recipes given on every package. Eat two tablespoonfuls daily—in chronic cases, with every meal. All grocers.

We 23,000 Men Present you the utmost in fine cars

THERE are 23,000 of us building Studebaker cars. Most of us are partners in the business. Thousands of us are stockholders. All of us, after a certain time, get dividends on wages. All of us, after two years, get vacations with pay. All of us, after one year, get dividends on wages. After five years, that annual dividend adds 10% to our earnings. The company spends vast sums on co-operative work with us. When we retire, we get pensions. So Studebaker cars represent the best that we, in combination, know how to offer you. Some of us belong to management. If we do better than expected, we get 10% of the excess. So every man among us does his best to make Studebaker cars supreme. Our fine backing Behind us is an honored name. For 72 years Studebaker has been the leader in quality and class. We have \$90,000,000 of assets. We have \$50,000,000 in model plants. We have 12,500 up-to-date machines. So Studebaker cars are built by modern and efficient methods. We have an engineering department which costs \$500,000 yearly. That to maintain and develop Studebaker standards. We subject Studebaker cars to 30,000 inspections. That requires 1,200 men. All told over 70,000 machine and hand operations are performed in manufacture of a Studebaker car. In so many operations, though each one is small, there is a

See how Studebaker gained top place 145,167 people last year paid \$201,000,000 for Studebaker cars. The sales have almost trebled in the past three years. Studebaker growth in fine cars is the marvel of this industry. Go see the reasons. See the scores of extra values Studebaker offers. There are 13 models. Prices start at \$1025. They go to the highest price a fine car needs to cost. Don't buy a car for years to come without knowing how Studebaker gained its amazing popularity.

All Studebaker models are equipped with Timken bearings. There are few cars in America, regardless of price, which equal ours on this point. In our Light-Six, for instance, we put more Timken bearings than are used in any competitive car, within \$1,500 of its price. We give unusual equipment. On some Big-Six models, for instance, we include two nickel-plated bumpers, one or two extra disc wheels with cord tires, a courtesy light, a motometer, steel trunk, etc. How we do this We give you these extra values through quantity production. We build 150,000 cars per year—more than any other fine-car builder. Our large expenses are divided by that enormous output. We do it by building our own bodies, our own parts. Thus we save outside profits. We do it because we have up-to-date plants, with all forms of modern equipment. The results are these: Beauty, quality and luxury such as no maker can surpass. Prices far below the usual. Our Light-Six, built by ordinary methods, would sell for from \$200 to \$400 more. Our Big-Six can be compared only with the highest-priced cars in the world. Here are 13 models, from \$1,025 to \$2,685. Each of them offers scores of advantages over any comparable car. They offer such values that the trend toward Studebakers has become overwhelming. Go analyze the reasons before you buy a quality car.

Table with car models and prices: LIGHT-SIX (5-Pass, 112-in. W.B., 40 H.P.), SPECIAL-SIX (5-Pass, 119-in. W.B., 50 H.P.), BIG-SIX (7-Pass, 126-in. W.B., 60 H.P.).

# OLDEN

OLDEN, March 20.—The pupils in Mrs. Stephens' room have organized a literary society and will give a program twice a month, meeting on Friday, during the remainder of the term. Last Friday a miscellaneous program was rendered and several guests were present. These programs will be closely connected with the daily school work of the pupils, and therefore will tend to stimulate interest in their work. The next program will be taken from the poet, Eugene Field, whom the third grade is studying now. The next one from Robert Louis Stevenson, of whom the second grade is now studying. The parents and any others are cordially invited to attend this literary part of the school work.

The "Honor Roll" will be edited every four weeks, which includes all pupils making an average of 90 or more in their work. A prize is to be given at the end of the term to the pupil receiving the most head marks (stars) in spelling. Two pupils, Milton Barker and Vashti Raskin, were chosen from the third grade in the sub-junior spelling contest at the county interscholastic league meet. They are working strenuously with the "win or die" spirit and intend not to be disappointed.

The sick list this week from Mrs. Stephens' room includes Jean Mitchell, Newman Wright, Jane Everett, Faye Dick, Victor Hand, Florine McClellan, Anna Pearl Hartman. Most of these have the measles. Those who have just recovered are: Jack Horner, Juanita Miller, Thelma Boyett, Hubert Norton, Wayne Howell, Dorman Fox, Jack and Betty Sucke, A. G. Wilkerson. Those sick this week will receive a fruit shower from their classmates and teacher. Miss Minnie Lee Smith of Fort Worth is here visiting Mrs. Lon Hayden.

Miss Gertie Mae Lamb has been very ill the past few days with something like a nervous breakdown. Those sick with the measles this week are Denton Hamilton, Lloyd and Irma Dell Woods, Dornie Fox, Buddie Warner, Everett and Jim Everett.

Wilma Gullett started back to school Monday after being absent several weeks on account of sickness. Mrs. Roy Baskin and pupils fruit showered Jim Everett and Carl Hartman Monday. They are sick with the measles.

John Lloyd Yielding of Weatherford is here visiting his parents.

A baby boy was born to Mr. and Mrs. Frank Fidler this week. Mr. Pardon of Weatherford is here visiting his daughter, Mrs. Bob Jones.

Mrs. H. C. Johnson is very ill this week with the measles.

J. W. Wesley made a business strip to Breckenridge Tuesday.

Sherrill Young was very ill with appendicitis Monday, but is reported better now.

L. V. Snyder got his lip cut very badly Tuesday with a baseball bat at the school.

Burren Brashears has the measles this week.

Will Young of Comanche, Texas, was in Olden Tuesday with his brother Sherrill Young, who is sick.

Lemmie Loftis of Comanche is here visiting his sister, Mrs. Robert Atkins.

The writer made a mistake in writing up the basket ball game and put Veta Hawkins down as a sub, and she should have been put down as guard on the main team.

Miss Jewell Treadway of Morganville, Texas, is visiting Mrs. J. E. Lucas this week.

C. H. Everett is building a porch on his building this week.

Harvie Parker started to school here Monday.

## MEN WHO FIGURE IN THE NEWS OF THE DAY.

Above: Henry C. Wallace, Smith W. Brookhart, Raymond Poincare. Below: Eugene O'Neill, Ramsay MacDonald, Durton K. Wheeler.

In a series of notes that have passed between Raymond Poincare and Ramsay MacDonald, Great Britain's first Labor Premier has frankly told the French Premier that France's policy since the World War is breeding a new war. Despite protests, the Province-town Players, of New York, will produce Eugene O'Neill's play, "All God's Chillun's Got Wings," in which Miss Mary Blair, a white actress, kneels before and kisses the hand of Paul Robeson, full-blooded negro actor. U. S. Senator Smith W. Brookhart, of Iowa, heads the Senate committee that will investigate the official acts of Attorney-General Harry M. Daugherty. U. S. Senator Burton K. Wheeler, of Montana, has challenged Daugherty to name any Senator he thinks should resign because of his official actions. Steaks from buffalo have been sent to Secretary of Agriculture Henry C. Wallace from Montana to show that the meat is equally as good as beef.

dates will be initiated from Eastland, Ranger, Cisco, Breckenridge, Gorman, Comanche, Rising Star, Brownwood, Baird and Clyde. Many high officials, according to local members of the order, will be present to conduct the initiation and celebration.

### NEW PASSENGER TRAINS ON WICHITA FALLS AND SOUTHERN RAILROAD

Two new passenger trains will be put on and the schedule between Breckenridge and Wichita Falls cut to five hours, according to an announcement made by the Wichita Falls & Southern railway. The changes will be effective April 6.

### CLAY SUITABLE FOR SCULPTORS' USE FOUND IN SAN SABA COUNTY

SAN SABA, Texas, March 20.—Texas may soon supply the clay for some of the most noted sculptors of the world.

Prospectors digging near here recently struck a vein of clay at a depth of 20 feet. The mud was sent to the College of Industrial Arts at Denton and after a test was found to be without a trace of grit and to mold and fire excellently.

A request has been received from the New York studio of Pompeo Coppini for samples of the clay to test for his work.

### ORANGE COUNTY BUILDING JAIL VERY ATTRACTIVE JAIL

ORANGE, Texas, March 20.—Orange county is to have one of the most modern jail buildings in the South. The structure, three stories high and break-proof throughout, is now in course of construction and should be finished by June 1.

The building will be steam-heated and the cells will be constructed of saw-proof steel. A large basement will be the home of Jailer Carey Woods and his family. Eighty prisoners will be the capacity of the new jail.

### Spotted Teeth Bleached White Quick Safe Way

To whiten dull, yellowish, stained teeth all you need now do is brush teeth with a few drops of mild harmless liquid—then use a special paste—and watch stains disappear. This new method is called Bleachodent Combination. The liquid softens the stains—the paste not only gently removes them, but prevents formation of new stains. Perfected by prominent dentists. Fine for removing green stains from children's teeth. No effect on enamel—its mild ingredients are intended to act only on surface stains. To avoid disappointment, beware of cheap liquid imitations. Always insist on Bleachodent Combination, the safe treatment. Small cost, at all good dealers, such as Harman Drug Store, Oil City Pharmacy, Phillips Drug Store, Texas Drug Co. Advertisement.

### WOMEN TODAY LIKENED TO ONE-TIME COURTESANS

LONDON, March 20.—Women of today are "imitating the courtesans," according to Lady Frances Balfour. In a speech here she said among other things: "The modern woman's face is a ghastly expanse of powder; her lips are reddened into a caricature without human resemblance; she reeks of strong scents that make one long for a breath of God's sweet air."

# ESCAPES MUTILATION BY KILLING CAPTOR.

DEATH HOUSE, WILLIAM GATES, RICHARD HEATON & DIAGRAM OF DEATH SCENE.

Richard Heaton, a wealthy commission merchant, of Louisville, Ky., grew insanely jealous of his wife and William Gates, a friend and former city employe. Heaton leased this house in Louisville and then kidnaped Gates, whom he kept for two days, strapped to a mattress pegged to the floor. In the meantime he had prepared the room as an amateur operating room, intending to mutilate his captive. Gates managed to break loose and kill Heaton with a Derringer he had in his pocket. Heaton Conrad, who occupied the room at the left, was released by the police when he showed that he was there because he was told by Heaton that unless he came, he, too, would be killed.

Roy Wilson, second; Murkle Mills, first; Phyllis Williams, second.  
Alternates: Howell Gullahorn, first; Cecil Cole, second.

# WINSTON CHURCHILL DEFEATED IN ENGLAND BY A CONSERVATIVE

LONDON, March 20.—The Rt. Hon. Winston Churchill, former liberal and holder of several cabinet posts in the Lloyd George government, was defeated in a by-election in the Westminster Abbey district by Otho Nicholson, conservative. The result was announced today.  
Churchill had broken away from his party, dissatisfied with the attitude of Asquith towards labor, and ran as an independent anti-socialist. Because of his antagonism towards the labor government, the election aroused much interest. The result was very close.

# HERBERT L. KOKERNOT CHOSEN PRESIDENT OF TEXAS CATTLE RAISERS

By United Press.  
HOUSTON, March 20.—Herbert L. Kokernot of San Antonio was elected president of the Texas Cattle Raisers' association by acclamation at the final session of the forty-eighth annual convention today. Kokernot was supported by James Callan, former president of the organization.

Fort Worth and San Antonio are trying to get the convention next year. Delegates from Fort Worth are urging the cattlemen to come to the "old cowtown," while San Antonio is cleverly taking advantage of the bad weather prevailing here to advertise "sunny San Antonio."  
An operative program at the city auditorium tonight will wind up the convention.

# SCOTS WANT PART OF THE HEIR'S TITLE

LONDON (By mail to United Press)—Queen Mary sat recently in a crowded lecture room at University College and heard Dr. Walter Seton, professor in Scottish history, argue that the heir to the throne of Great Britain should be called "The Prince of Scotland and Wales," instead of simply the Prince of Wales. Queen Mary's response to the appeal was a smile and a nod.

Professor Seton argued that as far back as 1100 the eldest son of the King of England was known as "The Prince of Scotland," and that it was in later years that the heir became the Prince of Wales by legislative enactment.

# MCADOO RUNS AWAY FROM UNDERWOOD IN GEORGIA

ATLANTA, Ga., March 20.—William G. McAdoo won a sweeping victory in Georgia in the Democratic presidential preference primaries, the returns today showed. He carried 117 counties while Oscar Underwood, his only opponent, won in 32 counties.

# HOUSE REPUBLICANS HAVE PROGRAM READY TO RUSH

WASHINGTON, March 20.—The house will be ready for adjournment by June 1, Representative Longworth, Ohio, republican floor leader, said today. The legislative program is in shape for speedy action to be taken up in the following order, he added:

Navy department, war department, independent offices' bill, immigration and possibly German relief.  
The steering committee is to confer with President Coolidge at dinner in the White House at 7 o'clock Friday relative to the legislative program.

# ODD FELLOW DELEGATES RETURN FROM FT. WORTH

Representatives and delegates to the state convention of the I. O. O. F. and Rebekahs from Ranger returned home last night from Fort Worth.

S. M. Shell and W. Poole as past officers of the Ranger lodge attended the convention, accompanied by their wives. J. H. Clemmer, the local delegate from Ranger lodge, and Mrs. Ellen Cunningham from the Rebekahs, and Nellie Mayo, made up the rest of the Ranger party.  
The trip to the "cow town" was made by auto and the travelers found the roads through Palo Pinto county wretched, according to Shell.

CHICAGO, March 20.—Mabel Normand has been snubbed by the Illinois Federation of Women's clubs. Mabel stopped over in Chicago to tell her story of the shooting of Courtland Dines at the now famous New Year's party. The Illinois club women had asked her to address them. When she did appear, however, Mrs. George Palmer, president of the Illinois Federation of Women's clubs, said she could not address her organization. "I am of the opinion that the majority of Illinois club women do not wish to see Miss Normand or her films," Mrs. Palmer said.
