THREE WOLVES KILLED FIRST DAY OF HUNT

COUNTRY CLUB IS ENTITLED TO LOYAL SUPPORT

Committee Presents Reasons Why Loyal Citizens Should Enroll as Members.

"If you intend to join the club later when it is all completed, for goodness sake, do it now and have a hand in the building of an institution that is going to mean a great deal to Ranger in the very near future."

This epitomizes the appeal of the membership committee of the Ranger Country Club to citizens of the city to apply for membership in the club before the new clubhouse, now under construction, is completed.

The appeal in full follows:

Join the Club When Most Needed. Benjamin Franklin once said that it is always the little men who never have time to do anything because they are always too busy. The big men find time to do things, and in that fact lies the secret of their greatness. In looking over our leading national citizens today you will find that there are very few, if any, really outstanding men who do not take time to find some form of recreation from their daily business. This is not done merely during vacations, but this constant practice of recreation and exercise holds a very definite place in normal everyday life. If you go further and make inquiries into the form of recreation and exercise that most of the big men pursue, you will find in 99 cases out of 100 that they play golf.

This habit of playing golf is not just a casual habit, finding expression merely at odd times, and at wide intervals. These old boys who are dictating our national policies, running our large businesses, directing our country's financial affairs, and who really know the meaning of hard work, also know what it is to play and they know the inestimable value of exercise and play in everyday affairs.

And it is not just these large men that have found this out, but if you will go to the municipal golf courses in every one of our large cities, you will find there men from all walks of life. They are growing and growing in ever increasing numbers, until in some of our larger cities they have had to build added golf courses and country clubs until some cities have as many as 30 or 40 golf courses.

People have taken up golf, not as a fad, but for what it really is—an honest-to-goodness game. It develops both body and mind; promotes friendship and companionship; develops a true sporting instinct; teaches self-control, and affords a true and healthy relaxation from business and professional worries.

People used to scoff at golf, saying that it was a game for old men or fools. However, in the past 10 years such a growth of the game has taken place that now statistics show that one person in every four throughout our whole country is an inveterate golfer. There must be some reason for this great progress, and if a person has never tried it, he owes to himself to find out what that reason is.

During the oil boom here in Ranger of course no one had any time for anything but business. Perhaps it would have been much better for most of them if they had taken time. However, be that as it may, there is time now, and time should be taken. If Ranger wants to take her place among the other high class towns of her size in this country and state, she will have to realize that there is just as much required of her in a recreational and social way as there is in a business and professional way. As yet, said to say, but very few of her citizens have realized this, and some of her neighboring towns are already out-distancing her while she is still asleep.

At this moment Ranger is making a struggle against indifference to build a country clubhouse, and to have a real, live, up-to-date country club. Almost everyone that the committee talks to will concede the fact that such a club will be a fine thing for the town, and everyone says that if the committee comes around when the club is completed, they will join at once. They do seem to realize that now is the crucial moment. The club needs your support right now, much more than later. You have heard through the paper that this clubhouse is to be built. You have also heard that the concrete foundation for the house has been completed. And now the committee announces that the rock masons are at work building the natural rock walls, and within a few days the walls will be completed, and the carpenters will be at work putting the roof on, and putting the large dance floor in. Does this not sound like progress?

If you have reason to doubt it, the committee asks that you take time to go out to the clubhouse site and see for yourself just what is being done. Ranger will have a club that will be in every respect worthy of her.

Visitor in Washington Is Amazed by Distrust, Plots and Near-Treason in the National Capital

HARLAN STONE IS NEW MEMBER OF THE CABINET

New York Lawyer Named by President Coolidge for Attorney General.

WASHINGTON, April 2.—Harlan Fiske Stone, New York, former dean of the Columbia Law school, has been selected for attorney general of the United States in the cabinet of President Coolidge. An official announcement of the selection was made today and Stone's nomination was sent to the senate for confirmation.

Stone was President Coolidge's guest at the White House breakfast this morning. Several senators were there also and although Mr. Coolidge did not tell any of them that Stone had been selected for the office of attorney general, they got the impression that he had been offered and had accepted that office.

Stone was a classmate of President Coolidge, and are old friends. The new attorney general is known as a liberal in his views.

NEGRO CONFESSES TO MURDER

DALLAS, April 2.—Levenia Twitty, negro, is under arrest here charged with the murder last January of Fred, negro taxi driver. Reed was lured to his death in Oak Cliff by a mysterious phone call for a rent car. Twitty, it was said, confessed to officers he murdered the driver to secure his automobile.

KANSAS REPUBLICAN SEES TROUBLE LOOMING AHEAD

EMPORIA, Kans., April 2.—William Allen White, distinguished Kansan, is not elated over President Coolidge's prospects for re-election. "The Coolidge situation doesn't look good to me—and I'm for him, too," the Emporia sage said. "Mr. Coolidge is going to have trouble. I don't know whether it will be in the convention or in the election. But I am beginning to doubt if we can elect him if we nominate him."

MRS. GOLDMAN HEADS STATE COUNCIL OF JEWISH WOMEN

FORT WORTH, April 2.—Mrs. Maurice Goldman, Houston, was named president of the State Council of Jewish Women at the concluding session of the annual convention here. Houston will be the 1925 meeting place of the Jewish representatives.

CHAMPION MARBLE SHOOTER

FORT WORTH, April 2.—J. R. Crump, 12-year-old Boy Scout, is Fort Worth's champion marble shooter. He won the title from a field of thousands of local boys and girls. He was the first of 59 city champions selected to take part in the national tournament at Atlantic City in June.

asks your support, not only for the good of Ranger and the good of the country club, but also for your own good. Go out there and look over the golf course. Play a round of golf and see for yourself. If you don't play well no one will laugh at you, because we are all in the same boat. But before long you will see what has made golf the outstanding game of the nation, and unless we miss our guess, it will not be long before the statistics showing that one in every four is a golf player will have to be changed to one in three.

If you intend to join the club when it is all completed, and you know very well that you do, for goodness sake do it now and have a hand in the building of an institution that is going to mean a great deal to Ranger in the very near future. Call any one of the committee listed below, and they will be only too glad to take your application and tell you all about it, or take you out there and show you.

One Klan Candidate In Dallas Election Has Ghostly Chance

DALLAS, April 2.—Recheck of the returns in the Dallas school board election yesterday revealed the entire anti-Klan ticket has been re-elected. This is the ticket that was backed by the Dallas Mothers' Council.

Earlier figures which showed that John DeGrazier, the Klan candidate, had been elected president of the school board, winning out over Clinton P. Russell, present head of the board of education, were reversed by later tabulations. At noon today the unofficial complete figures give Russell a lead of 6 votes over DeGrazier. All other present members of the board opposed by the Klan were re-elected, final figures showed.

Election officials said the result in the contest between DeGrazier and Russell was so close that an official check would be necessary to determine the winner.

The Frageston was wireless that the sea is calm and the captain expects to reach Port Sudan before the fire forces the crew and passengers to abandon the ship. The Klan MacIver is steaming along the burning vessel, ready in case of emergency.

KANSAS DEMOCRATS DIVIDED ON PRESIDENTIAL CHOICE

HUTCHINSON, Kan., April 2.—Supporters of William G. McAadoo and Governor Jonathan M. Davis battled today at the state Democratic convention for control of the Kansas delegation to the national convention.

Despite the agreement of two weeks ago by leaders of the "Davis-for-president" movement with McAadoo supporters that the convention would give its unqualified endorsement to the Kansas governor for the presidential nomination, a resolution approving the candidacy of McAadoo will be pushed by his followers. The governor would not consent to a resolution endorsing him and McAadoo jointly.

LOUIS, April 2.—Rogers Hornsby, slugging ace of the National league, and Cardinal star, obtained a license here to marry Jeanette Pennington before he went south to the Cardinals' training camp, it has been learned. EVIL LEADERS GROWING BOLD WITH SUCCESS

Partisan Attacks Get Blame, but Do not Hide Evidence of Corruption.

By JULIAN STREET.
Written for the United Press. (Copyright, 1924, by the United Press.)

WASHINGTON, April 2.—Like Jericho of old, Washington is a wall city, but the ghosts of Israel have only begun to march around it and the wall still stands.

Through the city gates travelers pass freely, with the eyes of sluths upon them; the mails come and go, though the letters are in some cases mysteriously opened and reread before delivery; the telegraph and telephone connect the city with the world outside, though both are said to leak at times.

Some truth, to be sure, does not escape through the wall, but truth outside of Washington does not look the same as truth inside. The Washington eye is not contracted like the ordinary human eye, but sees as normal many things which to the eye of an outsider, appear grotesquely improbable.

Being Disillusioned.

I have been here two weeks and in that time have undergone a disillusionment profound and painful. I have been disillusioned about many things, but most of all I am staggered by the knowledge that every hotel boy and every taxi driver in Washington knew on March 4, 1921, what I have only lately learned, namely, that to the affairs of federal government, the morals and methods of a corrupt town council have been applied.

To what extent does the public outside the walls realize this? I am inside the wall and do not know. I judge that confidence has been shaken by the Daugherty disclosures, but I gravely doubt that the public is prepared for the further disclosures that are inevitable.

There have, of course, been partisan attacks upon the Republican party, and some of these, as for instance those on Secretary Hoover, have not been justified; nevertheless, prominent Republicans of the more progressive type say the party needs purging as it never needed it before, and feel that it is incumbent upon the Republican party to take the bitter dose, voluntarily rather than have the medicine forced down its throat by a Democratic doctor who hopes the medicine will kill the patient.

One lesson certain to be learned by the innocent outsider visiting Washington, brought into the slightest contact with the official world, is that in Washington the incredible is sometimes true. He will discover, for instance, as I did, that there is truth in the highly colorful tales one hears of spying and counterespionage by detectives.

Senators, congressmen, newspapermen, and secret service agents will assure you that "the hill," the capitol is called, has been thoroughly investigated.

Offices Are Rifled.

Offices of Senator LaFollette and others are said to have been broken into and rifled, the object of the game being to "get something on" the men chiefly concerned in the investigation. Sluths also have been sent to home towns of some of the more active foes of official action and it is freely reported that in at least one instance, a woman was used for the purpose of compromising a gentleman of tendencies too critical.

One member of the cabinet complained to the president some time ago that he was being shadowed and otherwise molested.

Russian Form Evolved During the War.

Russian forms evolved during the war, doubtless because of urgent necessity, developed practices unheard of in the old time secret service. These practices have been confined and a notable feature of them is and, indeed, the object of the law is to have received more attention than law-breakers. It is, of course, comparatively easy to "get something on" a law-breaker, but not so easy to "get something on" honest men.

WEEKS BLAMED BY WITNESS IN SCANDAL PROBE

Scaise Says War Secretary Called Off Suit for Recovery of \$5,000,000.

WASHINGTON, April 2.—Declaring that Secretary of War Weeks, former Attorney General Daugherty, Guy D. Goff, one of Daugherty's assistants, and Charles Hayden, president of the Wright-Martin Airplane corporation, ought to be indicted for conspiracy, Capt. H. L. Scaise, former agent of the bureau of investigation, today told the senate Daugherty investigating committee that Weeks "called off" a suit against the company for the recovery of an over-payment by the government of \$5,000,000.

Scaise also charged that Daugherty, although he had all the facts in the case, failed to bring suit. "No suit has ever been filed," he said.

Charges that the Standard Aircraft corporation, a Japanese financed firm, which built airplanes for the United States during the war communicated "American aviation secrets to Japan" were also made by Captain Scaise.

President Urges Senate Leaders To Speedier Program

WASHINGTON, April 2.—President Coolidge today held a "breakfast conference" with senators at the White House to bring about some response to the country's demand for relief legislation. Senators Lodge, Borah, Wadsworth, Moses, Brandegee and Willis were among the republican senatorial leaders called in.

The president was understood to have told the senators that people were demanding in no uncertain terms that tax reductions be made immediately effective, that the immigration law be disposed of and that farm relief measures be adopted.

No decision was reached as to the best method for getting congressional action, but the senators agreed with Mr. Coolidge that it is time for congress to begin functioning in earnest.

Member Of Tariff Committee Opposes Farm Relief Bill

WASHINGTON, April 2.—Constitutionality of the tariff provisions of the McNary-Haughen farm relief bill was questioned by Chairman T. Ford the ways and means committee today.

Marvin said delegation of power to the secretary of agriculture to set prohibitive rates on farm products was "unprecedented and probably unconstitutional."

On the other hand he said that the tariff provision was the very heart of the McNary-Haughen bill and without that tariff restriction the farm relief proposed in the bill could not function.

SENATE COMMITTEE TOLD OF DOHENY'S DONATION TO DEMOCRATIC FUNDS

WASHINGTON, April 2.—George White, former chairman of the democratic national committee, today told the senate oil committee that E. L. Doheny contributed \$34,900 to the democratic party fund in 1920 and 1921.

White, when questioned about Doheny's testimony that he had contributed \$75,000, said Doheny would have to account for the difference. He said he recalled no contribution from Harry F. Sinclair. Doheny gave him three checks aggregating \$9,900 during the campaign in 1920, and in April 1921, contributed \$25,000 for the party's deficit, White said.

After hearing White, the committee adjourned until Monday to give Senator Walsh an opportunity to work over additional information which had come to him concerning the story of rumored bribery at the last republican national convention.

LAZY DOGS ARE ELIMINATED IN TRIALS TODAY

Wolf and Fox Chase, With Bench Show at Leerer, Proves Big Attraction.

By HOWARD BARMAN
Houn' dogs, all kinds—they have keen noses, long tails, white throats, long ears, black back and yellow bellies, homely legs and long protruding tongues—have full sway over the town of Leerer that was.

The first day of the wolf hunt and bench show was declared the biggest success of any ever held in America by men who follow this sport. Wednesday with its clear weather should be almost an equal success. The hounds having tasted blood won't be denied today.

The cast will hardly be so big today as Tuesday. Numbers of dogs will be eliminated from today's trials because of loafing. Approximately 350 hounds were under leash at Leerer Tuesday, but only 250 answered the roll call, according to George Satterwhite, chairman of judges.

Monday afternoon the hounds that were brought back from the timber after thrilling wolf chases, which, according to Satterwhite, resulted in the killing of three wolves, gave sufficient evidence of the strenuous day. They did not bark, howl or tug at the leash—they were very quiet, at rest.

Hundreds of men and not a few girls and women waited on the big flat lots in Leerer close to the large frame hound kennel, the Fox and Wolf hotel in boom days for news to come in of wolves chewed up. Joe Campbell and his colored troupe, just back from old Mexico, played and sung hitting hits to the amusement of the crowd.

Over beyond the town jail that was, several men got a pony ready for bronco riding. The crowd moved over to see the rodeo stunt. The rider mounted and the pony dashed off, circled a two story brick vacant building and the crowd, becoming panicky, scattered quickly. The pony didn't become nervous, but did show a streak of speed.

Kennel From Moran

A fox hound kennel man from Moran had an exhibit of typical hounds caged for exhibit. This was the center of attention on and off. "Pedigrees" was the main discussion. "Yep, that's a wolf chewer," the exhibitor said. "That's Bob, he's right in there after them. Doesn't loaf, keeps going. Old Jim hurt his leg eight months after he was born. He's not for sale. Joss got killed by a truck and I never got a cent for him."

The Moran exhibitor apparently had a wide acquaintance among the hunters for he was called by his first name by many who came up to his temporary kennel.

Towards dusk the crowds broke up, some going into the big restaurant in a one-time boom day restaurant shack, and others climbing into their autos to go to town.

At the Daniels hotel in Cisco, where many of the national men of prominence in the hunting world are making their headquarters, the lobby teemed with men in khaki suits last night. It was all horn talk. The question always turned to the dog that would make the best score of the day. The judges were closeted for several hours studying the points made by the dogs under observation. Trailing, speed, "tonguing" or barking and endurance were the points they weighed the merits of the hundreds of hounds on which they took notes in the field trials in the day.

NOTES OF THE CHASE

"Trump," owned by Jno. W. Thurman of Ranger, dog fancier, was accredited Tuesday with being the first hound to encounter a wolf. "Trump" was in full chase when he attacked, but "Jack," owned by W. S. Houston, of Somerville, was ahead when the wolf, unawares, came up to him. Jack caught the big gray by the throat and hung on fiercely until life was throttled out of him.

"Biggest cast I have ever attended," said George Satterwhite, chairman of judges, last night at the Daniels hotel. "I've been to many wolf hunts, but never were there so many to answer roll call as this one today. The nearest to it was 157 entries. We had 250 to answer the roll call this morning."

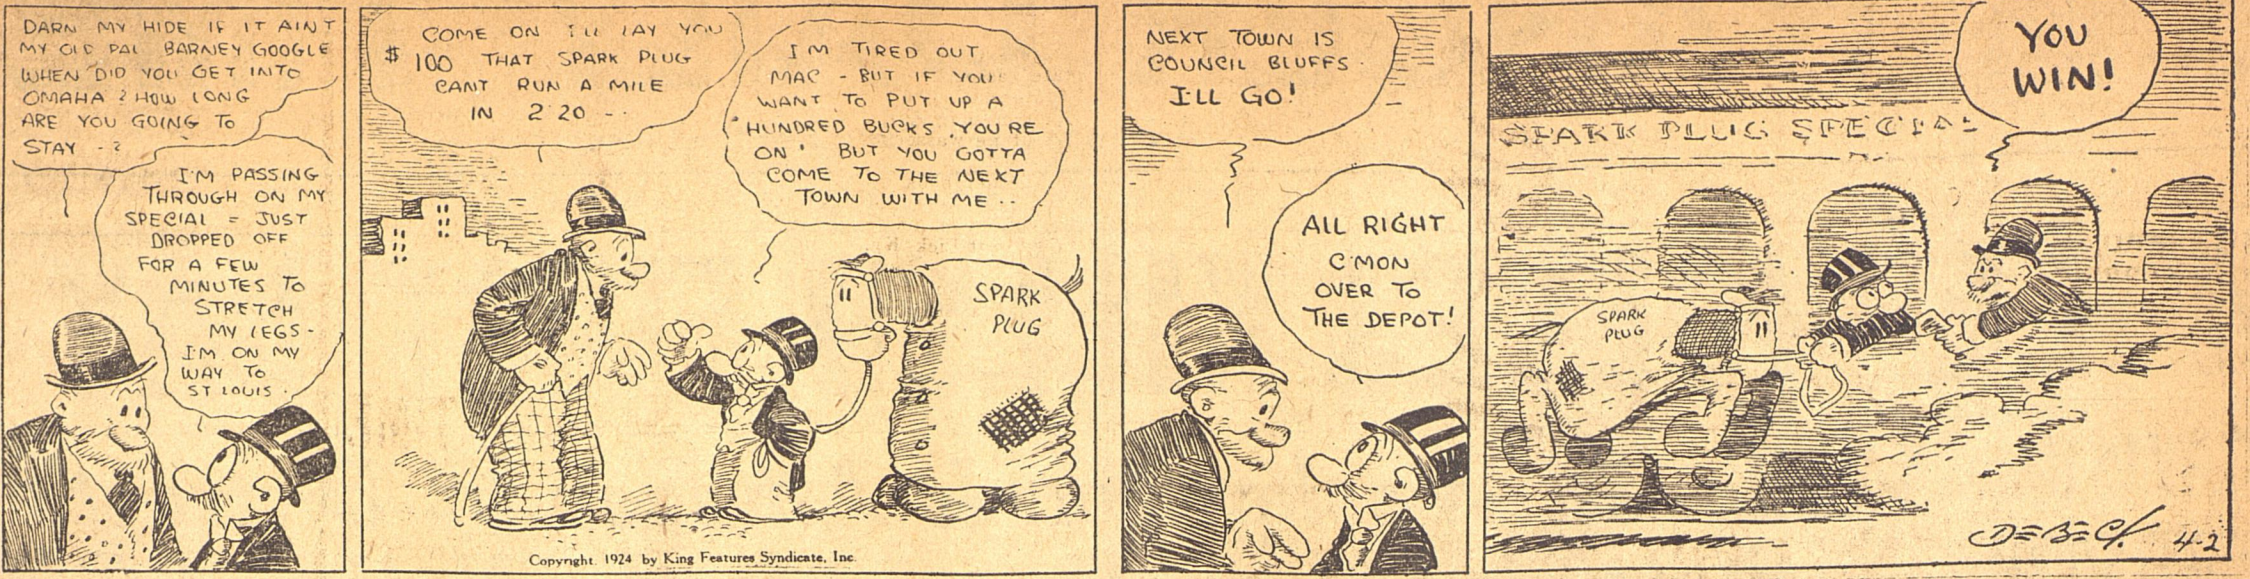

The hunters and spectators at Leerer Tuesday morning was variously estimated at from 2,000 to 3,500 by men who claim credit for "judging crowds." W. R. Jarvis, who has the restaurant concession at Leerer for the duration of the hunt, said 700 men were served during the morning.

State rangers and plain clothes men will be on the hunting grounds throughout the week of the hunt, according to Rev. B. B. Crimm, secretary of the Texas Wolf and Fox Hunters association. Dog thieves and sellers had better beware, he said. He said that a reward of \$500 would be paid for the arrest and conviction of anyone who stole a dog by the state association.

LAZY DOGS ELIMINATED IN TODAY'S TRIALS

(Continued from page one.)
Interest in Sport
The state association hunt has stimulated interest in the king's sport. Rev. Mr. Grimm showed a newspaper man a book of his wassachation members, which must have numbered 50. There was another book out as well.

The roll will be called by Robert J. Walker of Paint Lick, Ky. Walker, who has an interesting kennel of dogs here, is master of hounds. The dogs are released at a signal from him.

S. L. Woolridge of Versailles, Ky., wealthy Kentucky sportsman, who was to have been judge of the bench show, was unable to come. Distemper broke out in his kennel of dogs and he deemed it wise to stay on the ground. W. L. Branham, of Chicago, president of the National Fox and Wolf Hunters association, was also compelled to forego the pleasure of attending the Texas field trials.

THE STATE OF TEXAS. SHERIFF'S SALE.

No. 10557.
By virtue of a certain order of sale issued out of the honorable 91st District Court of Eastland County, the 13th day of March, A. D. 1924, by Roy Nunnally, clerk of said court, against C. L. Borden and the sum of Nine Hundred Seventy-Nine and 91/100 (\$979.91) Dollars and costs of suit, in cause No. 10,577 in said court, styled Joe Young versus George Syner and Borden and placed in my hands for service, I, J. D. Barton, Sheriff of Eastland County, Texas, did on the 25th day of March, A. D. 1924, lay on certain real property situated in Eastland County, described as follows to-wit: Lots five (5) and six (6) in Block Thirty (30) of the Joe Young Addition to the City of Ranger, Texas, and levied upon as the property of said C. L. Borden and on Tuesday, the 6th day of May, A. D. 1924, at the courthouse door of Eastland County, in the City of Eastland, Texas, between the hours of ten a. m. and four p. m. I will sell said real property at public vendue, for cash to the highest bidder as the property of said C. L. Borden by virtue of said levy and said order of sale. And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Ranger Daily Times, a newspaper published in Eastland County, Texas, my hand, this 25th day of March, A. D. 1924. J. D. BARTON, Sheriff Eastland County, Texas. By HADEN NEAL, Deputy. Ad. 2-3-14.

several carloads of bones which Mah Jongg manufacturers bid on. The resolution states that as the history of the state was so closely related to the Texas steer, it would be inappropriate to desecrate the bones of the steers by making Mah Jongg characters out of them.

I take this method of expressing my appreciation to those who cast their ballots for me in Tuesday's election and to assure them that it shall be my purpose to give them the very best service as their official that I am capable of. Jim Sherrill.—Advertisement.

Appetite Gone?

A tempting, delicious looking meal—all the choicest morsels from a well stocked pantry. The fragrant aroma of all these good things failing to put a keen edge on your appetite—falling to arouse, in any degree, a hearty relish for the food so attractively placed before you. Why? Scores of men and women are faced with the same misfortune. After a day of toil—when they are tired—when good things to eat should be savished with gusto—when they are ravenously hungry to recharge their vitality and fit them for play time—their stomachs turn. They are worn down, played out. Food has no appeal. To them it is sickening. The aroma of appetizing things nauseates them. Red blood cells are missing. Red blood which should be coursing through your veins strengthening your vitality—adding to your strength—keeping you healthy and fit—is not to be found. S. S. S. is what is needed. Your blood needs purifying and vigor. S. S. S. is sold at all leading drug stores. Try a bottle and see for yourself. The large size bottle is more economical. Get one today.

Texas Lady Says Her Family Has Been Taking Theford's Black-Draught, When Needed, for Many Years.

Alto, Texas.—"We inherited the use of Black-Draught in our family," says Mrs. Mary Shuptrine, who lives near here on R. F. D. 2. "My grandmother was an old woman when she died about ten years ago, and she had been using it literally ever since I can remember. She gave it to her children and grandchildren for biliousness and stomach complaints, so when I went to housekeeping we just naturally used it, too."

"I give it to my children for a purgative whenever they need one, and we are never without it. Made into tea, it surely is fine. It's the best home remedy for headache and constipation I know of."
During over 30 years of its continued popularity, Black-Draught has become the standard liver medicine in many thousands of homes, where it has been found of great benefit in the treatment of constipation, biliousness, indigestion and other common liver, stomach and bowel complaints. Ten million packages of Black-Draught are now sold a year, as more and more people are learnin of the value of this well-known remedy.

THREE CANDIDATES IN EASTLAND FOR SCHOOL TRUSTEE, FOUR NEEDED

Trustees for the Eastland Independent school district will be elected next Saturday at the city hall. All qualified voters living within the boundaries of the Eastland Independent school district are entitled to vote.

Scott Key and John Knox and Mrs. A. H. Johnson are candidates for trustees and so far are the only candidates that have announced. The board as it now stands is composed of the following men: George Brogdon, chairman; C. E. Laffoon, James A. Beard, Scott W. Key, Ed T. Cox, W. M. Sutton, W. A. Martin. Both Sutton and Martin have resigned and Cox and Key's terms expire Saturday.

Misses A. N. Harkrider, G. B. Watson, Frank Pearsall, J. A. Shaw, A. J. Lowe, F. G. Yonker, G. D. Barkley, Barton Durette, T. B. Scott, Gus Coleman, C. E. Shields and the hostess. Mrs. T. L. Lauderdale will entertain the next meeting.

CHILD WELFARE CLUB MAKES NOTHING FOR MILK.

The picture show production which the Child Welfare club staged on Tuesday for the benefit of the free milk fund was a dismal failure as far as returns were considered and the show had so little patronage that the club instead of making money, will probably be in debt when the expenses are all paid. Some other means will have to be devised to raise money to pay for the milk which the under-nourished and needy children of the Ranger public school are receiving through the efforts of the Child Welfare club, as the benefits derived from this work are great and the women of the club are determined to keep on with it and intend to solicit support in some other way.

KLAN TICKET IN EASTLAND IS DEFEATED

Jim Sherrill and Jess Williams Are Elected to City Commission.

Jim Sherrill and Jess Williams, running as anti-klanmen, defeated James A. Beard and W. E. Davis, the klan candidates, for places on the Eastland city commission in the election held yesterday. A total of 848 votes were cast, Williams leading the ticket with 478 votes; Sherrill received 448 votes, Beard, 386 and Davis 381.

The city commission will now be composed of N. N. Rosequest, V. T. Seaberry, Calvin Brown, Jim Sherrill and Jess Williams. Seaberry is the only member of the board believed to be a klanman.

The election yesterday was the first test on the klan issue that has ever been made in Eastland and was made this time without any organized effort on the part of the anti-klan element. The klan forces, both the women's and men's organizations, however, had been drilled for some time in numerous meetings held in the city. On the night before the election a final rally was held.

Leaders of the klan, who were in control of the election machinery of the city, evidently thought that the matter of the election had been kept so quiet that it would go to the klan by default, as only 400 ballots had been printed. These, however, had all been used up by noon and extra ballots had to be ordered.

EARL CONNER SAYS VOTERS OF EASTLAND HAVE BEEN AWAKENED

In discussing the Eastland election Earl Conner said today:

"The result of yesterday's election here and in Cisco clearly indicates that the people have awakened to the nefarious practices of deception that have heretofore been carried on by the leaders of the klan in political matters.

"The citizenship of Eastland county do not believe in an organization that cries out from the housetop of the home, public free schools and separation of church and state, and then under cover and in the darkness of night secretly lay its plans to capture every public office from constable up, and through its klan organ slanders, ridicules and maligns the good name and character of all citizens who openly antagonize that organization. The good ladies of our city are due much credit for their active interest in putting klanmen out of public office in our city."
