Ranchers In Mexico Back Cattle Killings

AUSTIN, Nov. 29. (AP)—The Union Cattle Raisers Regional De Coshulla or Mexican Cattle Raisers Association, has voiced its support of the Texas and Southwestern Cattle Raisers Association program against foot and mouth disease, Robert J. Kieberg Jr., and Tom Armstrong reported today.

The two Texas cattlemen, members of their association's board of directors, told the Associated Press by telephone from Kingsville they had received the following telegram from Arturo Santos, president of the Coshulla association:

"This association will cooperate with your association in any way

possible to help in the program to combat foot and mouth disease in Mexico."

Armstrong said the message was a copy of the original telegram sent to C. E. Weymouth of Amarillo, president of the Texas and Southwestern group.

Armstrong said he had talked with Santos yesterday.

"He told me the cattle raisers of northern Mexico are very much wrought up over the situation, and they feel they are lost if they have to resort to vaccination and quarantine to fight the disease," Armstrong reported.

He said he understood that governors of several of Mexico's northern states are planning to confer with Pres. Miguel Aleman in Mexico City tomorrow or early next week about the consequences of the Mexican-United States foot-mouth disease commission giving up the slaughter of diseased cattle and relying on vaccines and quarantine.

Commenting on a Dallas Morning News story which this morning said the livestock sanitary commission of Texas has reported that "as of Aug. 31, foot-mouth disease in Mexico apparently was under control," Armstrong said:

"That report is out of date. It doesn't reflect that attitude of members of the commission now."

them states are planning to confer with Pres. Miguel Aleman in Mexico City tomorrow or early next week about the consequences of the Mexican-United States foot-mouth disease commission giving up the slaughter of diseased cattle and relying on vaccines and quarantine.

Commenting on a Dallas Morning News story which this morning said the livestock sanitary commission of Texas has reported that "as of Aug. 31, foot-mouth disease in Mexico apparently was under control," Armstrong said:

U. S. Budget For '49 May Hit 40 Billion

WASHINGTON, Nov. 29. (AP)—The Administration's next budget will call for the government to spend almost forty billion dollars during fiscal 1949, which begins next July 1, authoritative sources estimated today.

Despite sizeable reductions in domestic spending, foreign aid under the proposed Marshall Plan will push total spending to around \$39,500,000,000, they forecast.

These authorities, who cannot be identified, said the government has the biggest budget surplus in its history virtually in the bag for the current fiscal year, but increased spending and tax cut possibilities make next year's outlook cloudy.

So does the uncertainty of the business situation beyond next July. These authorities summed it up like this:

1. If business continues to boom, wages and price keep climbing and tax rates aren't cut, revenue could soar as high as \$45,000,000,000 in fiscal 1949, allowing the Marshall Plan and a \$5,500,000,000 surplus too. But that is an all-optimistic view.
2. Taxcuts like some that have been proposed could knock off all or most of the surplus, and a business and employment bust could cause a deficit of several billions. But that is an all-pessimistic view.

On the more predictable spending side, authorities said the Administration will probably save around \$2,500,000,000 by cutting domestic spending but the Marshall Plan program bids fair to soak up that saving and add an equal sum in extra costs. (This is based on the assumption that Congress will approve the Marshall Plan.)

Turning to the budget for this fiscal year, they forecast that, barring a tax cut in early 1948, which the Administration is sure to oppose, the government will have a surplus possibly six times bigger than the \$1,155,000,000 record of fiscal 1927.

Premier Of France Asks Drastic Power

Reds Openly Lash French Government

PARIS, Nov. 29. (AP)—A "cold civil war" is being waged in France by the communist party which is openly attacking the government and the national economy by instigating a wave of strikes which so far has affected at least 2,000,000 workers.

There have been shots fired in Marseille and tear gas bombs exploded by police in the streets of Lyon, but so far the civil strife has been confined principally to bare fists and night sticks.

But in anticipation that the battle for political power might turn into a hot and bloody conflict, the government has mobilized the equivalent of 15 divisions in the regular army and the forces of the interior. That means that about 220,000 men have left their jobs to carry arms. Their first task may be the policing of railway yards, mines, seaports and factories.

While one sharp armed clash conceivably could precipitate open civil warfare, political observers, both French and foreign, were convinced the communist-led strikes were intended to drown the Marshall Plan in France and Italy by preventing the recovery of the two nations.

Meanwhile, damage is being done. About 150,000 tons of sorely needed coal are going unmined every day. Thousands of tons of food are being left to spoil for lack of transportation to market. Bread shops in Paris announced they would be out of flour by Monday. The minister of production, Robert La Coste, said the capital would be without coal to provide electricity by Tuesday.

FRENCH STRIKERS HALTED BY POLICE — Strikers are stopped by a police line (left center) in Lyons, France, Nov. 26, as they attempted to march on police headquarters to present their grievances after a mass labor rally called by the communist-dominated general confederation of labor. Several persons were injured as police used tear gas to disperse the estimated 20,000 demonstrators. The French government called additional conscripts to the colors to handle the emergency caused by spreading strikes involving an estimated 2,000,000 workers. (AP Wirephoto).

Schuman Seeks Authority To Curb Strikes

PARIS, Nov. 29. (AP) — Premier Robert Schuman's government asked for drastic powers today to curb strike agitation and sabotage and staged a lightning raid on two Communist newspapers as its struggle with its Leftist enemies approached a grim showdown.

The cabinet was authoritatively reported by one of its officials to have rejected outright an offer by the communist-led General Confederation of Labor to call off the nation-wide strike by 2,000,000 unionists if the government would drop its plans for the new "law for national defense."

This followed a feverish day in which the session of the National Assembly was suspended once when communists began singing a couplet from a French revolutionary song, other members burst into the Marcellaise, and Premier Schuman once was stopped from rushing upon Jacques Duclos, secretary of the communist party.

The two communist newspapers, L'Humanite and Ce Soir, had greeted the government's request to the assembly for new powers by warning in extra editions that a "reactionary coup d'etat" was set for midnight tonight, and calling upon communist "militants" to rally to the defense of party office buildings and leaders.

Ce Soir said events were almost exactly like those leading up to Napoleon III's coming to power on Dec. 2, 1851 and called on workers to "block the crime ordered by the exploiters and imperialists of New York."

The government acted against the two papers while the assembly was still debating the proposed law.

Eight trucks of security guards and policemen arrived at the building housing the two plants. Wearing steel helmets and carrying rifles, they threw a cordon around the premises and invaded them. They confiscated the plates of the special editions and left.

The employees booted but offered no resistance. No arrests were made. Immediately after the raid, Ce Soir published a new edition.

An official who requested anonymity said the cabinet met informally in the National Assembly building while parliamentary debate was still going on to consider the General Confederation of Labor offer to call off the strike. While the cabinet met a delegation from the confederation waited at the labor ministry.

The cabinet was reported to have rejected the offer, but added that if the confederation first called off the strike the government might then reconsider its decision and discuss the matter with the union leaders.

Molotov Hits Split German Government

LONDON, Nov. 29. (AP)—Soviet Foreign Minister V. M. Molotov condemned in advance today any attempt by the western powers to establish a provisional German government over their occupation areas. He indicated Russia would not allow such a government to speak at the peace table.

An American source said Molotov told the Big Four foreign ministers council: "If an ersatz government was set up for bi-zonia (the economically merged British and American zones), it would not be adequate to speak for Germany."

As the first week of the conference ended without agreement on any major issues, Molotov demanded that the establishment of a central German government be required before a peace conference is held. He met a solid lineup of foreign ministers of the United States, Britain and France who disagreed with him, informants said.

Officials present quoted U. S. Secretary George C. Marshall as saying:

"We regard both the question of a peace conference and establishment of a German government as important. I hope there will be an adequate German government before the peace conference gets underway, but neither should depend upon the other."

British Foreign Secretary Ernest Bevin and French Foreign Minister Georges Bidault also opposed Molotov.

ARABS HURL THREATS Palestine Plan Approved By U. N.

NEW YORK, Nov. 29. (AP)—Partitioning of Palestine into Jewish and Arab countries was approved by the United Nations assembly late today.

Arabs here and in the Middle East promptly threatened general opposition and uprisings against any attempt to carry out the assembly's decision.

The six Arab nations represented here walked out of the crowded assembly hall in protest after charging bitterly that the U. N. charter had been "murdered" by the majority verdict.

The first reaction from the Middle East came from Baghdad, Iraq. Riad El Solh, premier of Lebanon, told newsmen there that "we are wounded, prepared to march on our objectives when the time comes."

The assembly's final vote approving the "Soviet-American" proposal to set up independent Jewish and Arab countries in the Holy Land by next Oct. 1 was 33 to 13.

This was well over the requirement for approval by two-thirds of those delegates present and voting. Two nations abstained and Siam was absent.

The Arabs made it clear that their walk-out here was directed only against the decision on Palestine, which they said they would not obey.

Soon after the crucial vote, the 1947 assembly adjourned finally at 5:30 p. m. (C.S.T.) the session began Sept. 16. The next assembly, unless a special session is called, is slated to meet in some European city next September.

The decision on Palestine found the United States and Russia teaming together for one of the few times in U. N. history.

C-C Heads To Hear Report

Chamber of commerce directors will hear reports from a committee and possibly learn of appointments of chairmen for some key committees from President K. H. McGibbon when the board meets Monday noon in regular session.

The committee named to consider disposition of a lot owned by the organization at W. 2nd and Scurry streets is due to report to the board.

McGibbon may name chairmen to committees on pressing for additions to the Big Spring State hospital and for liaison work with federal agencies concerning letting of contract for the Veterans Administration hospital here. A chairman also may be named for a committee to arrange for an annual meeting of the chamber.

Other matters due to come up include discussion of possible action toward restoration of the original big spring south of town and opening a road to the site.

C-47 MISSING Americans, Soviets Seeking Lost Plane

FRANKFURT, Germany, Nov. 29. (AP)—Russian planes joined American aircraft today in a search for a U. S. Air Force C-47 transport plane with 21 persons aboard which has been missing since last night on a flight from Pisa, Italy, to Frankfurt.

Air Force headquarters at Wiesbaden said the crewmen and passengers aboard the twin-engine transport included 17 enlisted men, three officers and a War department civilian.

Fog, rain and snow seriously hampered the search. While all American air bases were alerted, the weather permitted only three U. S. planes from Munich to engage immediately in the search which Air Force officials indicated would be extended to virtually the entire route taken by the missing craft.

All countries in what headquarters described as "the flight area" have been notified. These included France, Czechoslovakia, Italy, Belgium and the four occupied zones of Germany. The missing transport had been engaged in a routine non-stop flight via Marseille and Lyon, France.

Lt. Clyde Tiroux, chief controller of the American Element of the Berlin air safety center, said Soviet planes searched the Russian zone of Germany during the day.

At the same time Soviet authorities granted American aircraft permission to participate in the search over the Russian zone for 50 miles on either side of the Frankfurt-Berlin air corridor, to which non-Russian planes normally are restricted.

Man Is Hurt In Crash Of Plane Near Stanton

STANTON, Nov. 29. — The crash of a Piper Super-Cub airplane eight miles northwest of here at approximately 1 p. m. Saturday resulted in injuries to Charles Hedges of Midland, one of the occupants.

Hedges was carried to the Stanton hospital with a head injury, where his condition was described as "not serious."

The other occupant, whose name was not learned, escaped injury.

Hedges told authorities the craft crashed after colliding with several sand-hill cranes. On a routine training flight, the ship was flying low. It was badly damaged.

Walda Winchell Is Back At Home

NEW YORK, Nov. 29. (AP)—Police ended a two-day search today for Walda E. Winchell, 20, daughter of Columnist Walter Winchell, after her family's attorney notified the missing persons bureau she was back home.

Ernest Cuneo, attorney for the family, advised the bureau Miss Winchell had been "visiting friends." There was no elaboration.

Reviewing The Big Spring -Week-

Joe Pickle

The Community Chest has gathered an approximately one-third of its objective in one week of formal effort. It would be twice as far along if people would respond with- out being contacted directly for contributions—and if all remembered that this is a six-in-one effort. While the disposition to settle for an amount which normally would be given to one or two for the entire Chest program is something to be overcome, the real difficulty is getting enough people to have a part. Seventy-five people and firms have given 90 per cent of the total to date. Have you given?

One of the biggest events of the year and certainly the biggest for this Christmas season opening will be unveiled here Thursday afternoon when the storybook ballroom parade is held. These massive displays, plus upwards of half a dozen bands, will require an hour to pass a given point. So gather up the family and be downtown to take in this treat.

While the elevation of Jesse M. Donaldson to be postmaster general is widely acclaimed, it is particularly gratifying to Nat Shick, local postmaster, who has had a personal acquaintance with Donaldson for the past 12 years. It was Donaldson who cut red tape and approved the recent route extensions for Big Spring.

On the basis of estimates, it is possible the county will gin close to 22,000 bales of cotton this season. Final production figures, however, will not be known until March when cross-county ginnings are weighed. At any rate, the result should be one of the top three crops for the county.

Christmas seals have been mailed out and your immediate and generous response will be helpful. The local Tuberculosis association has been doing a splendid work in administering of tuberculin tests

Italy Warned Of Civil War Danger

ROME, Nov. 29. (AP)—Francesco Saverio Nitti, 79-year-old former premier, gravely warned Italy today that she was in danger of drifting into civil war.

The leftist newspaper La Repubblica, which follows a communist-like line, declared however that "there is nobody who wants revolution."

Answering its own question in a large headline, "Will There Be Revolution?" La Repubblica backed up its opinion by printing sample quotations from leading Italian politicians.

Nitti's "Manifesto to the nation," written after weeks of private negotiation trying to find some area of agreement among bitterly contending forces, declared "We are witnessing a continuous, and always more dangerous, process of division among the parties and among Italians."

'ONE FOR SIX' Chest Drive Stands At One-Third Mark

The Community Chest, after one week of concerted effort, stood at one-third of its \$36,000 mark Saturday at noon.

Total deposits, announced by headquarters at Empire Southern Gas company, amounted to \$11,895.62. Coupled with pledges, in an unestimated amount, the figure to date would be beyond the \$12,000 level.

Bulk of the amount reported to special gifts divisions, and on the basis of figures Saturday, these are less than half complete. Comparatively few of the general canvassers have made reports, and few complete reports.

Lewis Price, one of the special gifts chairmen, said that workers in this division were being urged to make their first report not later than Dec. 4 as a basis of determining follow-up efforts to complete the work of this section.

A meeting of key men in the general canvass is probable this week, and at any rate general canvassers are urged to make every attempt to complete their contacts by Monday evening.

The first firm to be reported 100 per cent for all employees is Hemphill-Wells company. With the exception of three schools, staff members of the Big Spring school system have been 100 per cent in contributing. One of the first organizations to have a part was the Beta Sigma Phi sorority with a \$25 contribution.

Contacting thousands of people such as a monumental job, Ira Thurman, general chairman pointed out, that citizens will aid the Chest effort greatly by mailing or leaving their contributions and pledges. The address is Chest Headquarters, Empire Southern Gas company.

Leaders are anxious to complete the campaign because it repre-

Standard Doesn't Favor Price Hike

NEW YORK, Nov. 29. (AP)—Eugene Holman, president of the Standard Oil Co. (New Jersey), said tonight his company does not favor "at the present time" increases in the price of crude oil.

Last Thursday, the Sun Oil Co. announced an increase of 50 cents a barrel in the prices it pays for crude oil in all fields.

Holman said in a statement he believed that "advances in crude oil prices now will not make more supplies available."

"The oil industry is today producing at a record rate and drilling activity is at an all-time high. Construction and drilling materials continue to be the bottleneck."

"As to premiums paid over posted prices, a reason given for the latest crude price advances. It seems to us that present conditions in the oil market make it inevitable that a small amount of crude oil will be sold at such premiums. Figures compiled by this company show that the recent crude price increases have not eliminated or even reduced this practice."

Lucas Withdraws From Illinois Race

WASHINGTON, Nov. 29. (AP)—Senator Lucas (D-Ill.) took himself out of the Illinois Democratic governorship race today in an action interpreted as leaving him available for possible nomination as his party's vice presidential candidate.

In a formal statement, Lucas said that President Truman and other party leaders had urged him to remain in the Senate, Lucas is Senate minority whip.

Girl Injured

Patsy Moore suffered minor scratches and bruises, and Jessie Pearl Watson escaped unscathed when the car in which they were riding was in collision with another Saturday night on the west highway near the Bluebonnet Inn.

Police Recover Stolen Goods

Two heavily laden pieces of luggage containing goods valued at \$1,100, most of it expensive linens, were stolen from a parked car Friday night, but police recovered the goods Saturday morning, in a alley in the 600 block of Johnson street.

The burglary was made from the car of Bernard Fisher, which was parked near his residence at 900 Ruppels. A window of the car had been forced.

Police Chief Pete Green said his department had obtained some good fingerprints on the bags and were checking them. Green indicated he was on the trail of a suspect. He said there might have been some connection between this burglary and one of the garage of the Rev. John Kolar at 905 Main, where a wheelbarrow was taken.

DEPARTURE DELAYED

ROME, Nov. 29. (AP)—The Army said tonight that departure of the troopship "Admiral Sims" with the last units of U. S. Army forces in Italy had been delayed. The sailing had been scheduled for Dec. 3.

SAILOR RETURNING WITH BIBLES TO ISLANDERS WHO SAVED LIFE

SEATTLE, Nov. 29. (AP)—The wartime experience of being adrift on the blazing South Pacific, with aid and rescue from natives on a tiny atoll, gave Jack Maier an aim in life.

Today, with Marvin Norstedt, he has started the several-thousand mile trip back there in a tiny 35-foot sloop, to bring "help" to the kindly people of Tabiteuea South, which lies 212 miles South of Tarawa. Their locker is full of Bibles.

"We're depending on the Lord to see us through," Maier said. "We think we can do a lot of good with His help."

Both are 25 and unmarried. Maier professes to be a Catholic and Norstedt a Protestant. They have no church or religious group sponsorship. Their home is Bellingham, Washington.

"The people there were good when I needed help, and I'm determined to go back to help them," Maier said.

In the last war, as second mate of the F-14, a 96-foot freighter which broke down in April, 1944, he and his mates drifted 1,321 nautical miles across the Pacific, he recalled, Norstedt has spent several years in the Merchant Marine.

"Then we ran aground on Tabiteuea South, and the natives fed us and treated us wonderfully," Maier said. "For the first time in seven years, a trading vessel put in there and rescued us."

The gaff-rigged sloop, the Despy, is 35 feet long and had a 62-horsepower engine. But they hope to sail much of the way. Their first planned stop is Honolulu, but stormy winter weather lies immediately ahead of them.

Starting Monday! JACK AND JUDY IN BIBLELAND

It's new! It's different! Read "Jack & Judy in Bibleland" by Robert Aooms — a children's picture-story. It will depict the adventures of two present-day children as they share the experiences of Biblical stories.

CHAMPION HONORED — Big Spring paid tribute to Toots Mansfield, five times world champion calf roper, winner of countless matches and rodeo roping contests, and president of the Rodeo Cowboy association, Tuesday when six service clubs combined in a joint tribute to Mansfield not only as a champion in his field but as a man. Pictured left to right are Mrs. Ova Mae Edwards, mother-in-law of the champion; Toots Mansfield; Ira L. Thurman, master of ceremonies; Mrs. Mansfield; Mayor G. W. Dabney, who presented the honoree with the key to the city; J. H. Greene, chamber of commerce manager who joined with service club presidents in brief tributes; Sonny Edwards, also a top roper; Mrs. Sonny Edwards; Dan Taylor, another top-flight roper; and Mrs. Taylor. Mansfield, Edwards and Taylor are brothers-in-law. (Jack M. Haynes Photo).

Texans Asked To Welcome Oil Imports

WASHINGTON, Nov. 29. (AP)—The state department, in a report advocating expansion of foreign trade, calls on Texans to welcome oil imports as a means of extending the life of petroleum reserves in this country.

The views of the department on petroleum shipments were but one phase of a lengthy statement outlining the relationship of Texas to exports and imports on all commodities under reciprocal trade agreements.

Discussing the petroleum situation, the report stated: "Fears of the trade agreements program have also been expressed by some persons regarding crude petroleum. The large increase in the consumption of crude petroleum and the extent to which they can be expected to fill American consumption requirements."

After asserting that proven domestic reserves of 13,025,000,000 (billion) barrels as of Jan. 1, 1941 had risen to 21,924,000,000 barrels by Jan. 1, 1947, an "equivalent to only" about 12 and a half years, the report continued: "Consumption of crude petroleum has, in recent years, been exceeding the amounts of oil discovered in new fields. x x x "Imports should be welcomed as a supplement to American production since they will enable American oil resources to yield greater quantities of oil for American consumers over a longer period of time and also keep the United States in a better condition to face any future national emergency."

The report noted that petroleum refining "is by far the most important industry" in Texas, employing 5,000 persons in 1939 (the last year on which detailed data was given in the statement). They earned \$46,000,000 in wages and produced products valued at almost \$700,000,000, the report said. Petroleum refinery products valued at \$109,000,000 were exported from Texas customs districts in 1938 and \$263,363,000 from the United States as a whole.

Louisiana Sugar Output Is Cut By Heavy Fall Rains

NEW ORLEANS, Nov. 29. (AP)—A summer drought and heavy fall rains bear the blame for a sub-normal sugar production in Louisiana this year. C. J. Bourg, vice president and Washington representative of the American Sugar Cane League, declared here.

He also blamed an acute shortage of fertilizer for poor production figures which he estimated would not exceed 300,000 short tons of raw sugar.

"What started to be one of the biggest years for sugar in Louisiana has almost been ruined," Bourg said yesterday following a survey of the sugar cane belt earlier in the week.

This year's crop is contrasted with a yield of 331,128 short tons last year and the record 492,000-ton crop of 1938.

Bourg forecast that 320,000 acres would be planted to sugar next year.

Filtered orange juice, says the Department of Agriculture, does not develop as much off-flavor as the unfiltered.

Evans Heads U.T. AAF Association

John B. Evans, son of Mr. and Mrs. D. T. Evans, has been elected commander of the Air Force association squadron at Texas University.

One of the founders of the squadron, Evans has been active in the unit, which comprises approxi-

mately 200 former Air Force members, since its inception. He was among the delegation chosen to represent the squadron at Washington in the early days of the independent organization which works in cooperation with the various programs, including the Air Force reserve. Evans also attended the national convention of the organization in Columbus, Ohio in September.

Firemen Schedule Annual Banquet

Annual banquet for the city fire department has been set for 7:30 p. m. Friday at the city fire station. Fire Chief H. V. Crocker announced Saturday.

He anticipated that approximately 25 firemen, city officials, guests and their wives would be in attendance. The event is held annually, being financed out of volunteer donations to the department during the year. Firemen prepare and serve the meal. City Commissioners, the city manager and their wives are to be guests at the occasion.

Truman To Get Records On Army Officers' Pensions

WASHINGTON, Nov. 29. (AP)—As an aftermath of the Bennett E. Meyers case the Army prepared today to furnish President Truman with the records of 28,000 wartime officers retired with a monthly tax-free disability income.

The officers eligible for this compensation which amounts in most cases to three-fourths of their active duty pay, range in rank from generals—387 of the m—down through the grades to second lieutenant.

Speculation that there might be a move afoot to challenge some

of the disability ratings went unanswered by an official White House announcement yesterday which said only that Mr. Truman wants the material "for his information."

One of those on the list is Meyers, subject of a Senate investigation into Air Force wartime contract dealings, whose financial affairs while he was an Air Force major general are now under study by a Federal grand jury.

W. Stuart Symington, secretary of the Air Force, said last week that Meyers' \$550 a month disability retirement pay has been stopped.

Meyers was retired for disability in August, 1945.

Symington did not disclose what legal basis the Army used for cutting Meyers off its disability payroll, but remarked to reporters that the General would have to sue the treasury to get any more money.

Retirement pay for officers, tax-free for those with a disability rating, is provided by three acts of Congress.

The disability pay of enlisted men also is tax free, but differs in that it is based on a percentage of disability. Regardless of rank the enlisted man receives \$1.38 per month for each percentage point. Thus, a former enlisted man rated as 10 percent disabled gets \$13.80 a month.

Tulsa Store Is Damaged By Fire

TULSA, Okla., Nov. 29. (AP)—Fire which started on the second floor and spread to the third before being brought under control caused heavy damage and closed three floors of the Vandever drygoods Fifth street store here today.

Gary Vandever, store executive, said goods valued at \$1,000,000 were involved in the sections damaged by fire, smoke and water but that no accurate estimate of loss could be made at once.

CALIFORNIAN GIVEN KNOT ON HIS HEAD FOR KIND DEED

OAKLAND, Calif., Nov. 29. (AP)—What David Gallagher thought was a kind deed cost him a knot on the head, a broken window and shattered hopes.

Gallagher, 24, was studying in his cabin. Somebody pounded on the door. Gallagher opened up and a girl dashed in crying "Save me — a man is chasing me!"

Gallagher locked the door. A man beat on the door and, getting no response, bashed in the window and climbed through. He hit Gallagher on the head with a chunk of lumber, grabbed the girl and drove off with her.

If all happened pretty fast for Gallagher, but he felt the girl needed saving. He pursued in his own car.

In downtown Oakland the stranger stopped his car, leaped out and came over to Gallagher.

"My wife and I had an argument," he said. "Let's forget the whole thing."

Gallagher wasn't satisfied. He started to write down the stranger's license plate, but the man ripped off the plate, sprang into his own car and drove off.

Again Gallagher gave chase, but gave up when a tire blew out. Gallagher went to a hospital to get his head bandaged.

The couple was not heard from again.

OIL FOR THE LAMPS OF LONDON — A 65-foot derrick drills for oil in the center of Gibbon's Road, a recreation ground, at Willemsen, London, England, as work is started by the D'Arcy Exploration Co., which hopes to tap a huge reservoir of oil 2,200-feet beneath the earth's surface. (AP Photo).

TAKES BARROW HONORS

Farm Girl Wins First Grand Championship At Chicago

CHICAGO, Nov. 29. (AP)—A honey-haired 16-year old Illinois farm girl, Miriam E. Meyer of Crescent City, today won the first grand championship at the 48th International Livestock Exposition, which opened today.

The pretty, slim 4-H club lass swept aside all competition to win the show's first major award with her 250-lb chester white hog, "Pal," which was acclaimed grand champion barrow of the junior show.

Miss Meyer's victory was the

first grand championship ever won by a feminine swine exhibitor at the big show.

The junior champion of three lambs, Southdown wethers, was shown by Arlo Janssen, 16, of Garber, Okla. A member of the Future Farmers of America, young Janssen is a junior at Garber high school and lives on a 240-acre wheat farm operated by his father, Herbert.

Janssen's champion pen bested 15 other pens to win the coveted purple ribbon. He credited his brother, Ivan, 19, now in the Navy, with starting the Janssen flock in 1940. The flock has grown to 30.

In the Aberdeen Angus junior yearling class, Howard Ritter, 19, of Reasnor, Iowa, copped first prize. James Harshman, 16, of LaFayette, Ind., was second and Joan Schmidt, 15, of Delmar, Iowa, placed third.

Prices, Wages Climb Higher

WASHINGTON, Nov. 29. (AP)—Wholesale prices, retail sales and the wages of 13,000,000 Americans all have climbed higher during the past few weeks.

Figures from two government agencies yesterday showed:

1. The prices of wholesale goods hit a new postwar peak during the week ending Nov. 22. They were 39.2 per cent higher than in 1929, and only 4.8 per cent below the all-time record of May 1920.
2. Workers in manufacturing plants earned an average of \$50.97 a week in October. For a new all-time record.
3. Retail stores sold an estimated \$10,025,000,000 (billions) worth of goods in October, about \$700,000,000 over the figure for September and about \$1,100,000,000 (billions) over the mark for October, 1946.

Oklahoma A&M Team Wins In Grain Judging

CHICAGO, Nov. 29. (AP)—The judging team of Oklahoma A. and M. swept the honors in the collegiate grain judging contest at the International Grain and Hay Show held in conjunction with the International Livestock exposition.

In awards announced today, Oklahoma A. and M. captured first place in all three phases of the contest—commercial grading, seed judging and identification.

Texas Tech placed second in the contest, with Texas A. and M. third.

Marvin Wilson, Jr., of Oklahoma A. and M. was high individual scorer. Ralph S. Metlock of Oklahoma A. and M. was second and Anthony M. Stoy of Texas Tech was third.

More than 12,500 head of cattle, horses, sheep and swine and 3,000 nearly perfect samples of grain were on display for the 48th International Livestock Exposition and the Grain and Hay Show.

As the exposition opened today farm boys and girls dominated competition.

The 26th national 4-H club congress is being held in connection with the exposition.

WALKS OUT OF JAIL

OKLAHOMA CITY, Nov. 29. (AP)—James A. Landers, alias James A. Lile, walked right out of the city jail and left an exceedingly embarrassed jailer high and dry today with no prisoners.

Landers, 34, was picked up here on Thanksgiving at the request of Kentucky authorities, who said he had already escaped from the Kentucky penitentiary while serving "life and 10 years" for armed robbery. Yesterday afternoon Jailer Bill Shirley got orders to release George Venass, 26, whose bond had been posted on a loitering charge. Shirley stepped to the tank and cried out "Venass" name. Landers stepped promptly and Shirley let him out.

New Sound Is Added To Phone System

WASHINGTON, Nov. 29. (AP)—A new sound has taken its place alongside the busy signal, dial tone, squeal and other noises you sometimes hear over the telephone.

The latest addition goes "beep!" And it means your conversation is being recorded at the other end of the line.

Such recordings, which have long been frowned on by telephone companies, were legally okayed yesterday by the Federal Communications Commission for interstate and foreign toll calls.

The FCC said recorded calls "should be free from any listening in by others that is not done with the knowledge and authorization of the parties to the call."

The commission tested all sorts of warning sounds—from musical chords to startled shrieks—before it hit on "beep!", which is something like a busy signal, but higher in pitch and shorter. Starting January 15, it will be repeated at 15 second intervals on all recorded calls.

State public utility commissions will have to decide whether to permit recorded phone conversations within their state boundaries.

Freakish Storm Hits Florida

MIAMI, Fla., Nov. 29. (AP)—A freakish, post-season storm which sank 20 small boats and ripped a Navy blimp from its moorings with winds as high as 86 miles an hour in the Florida keys yesterday, was located today about 150 miles southeast of Miami.

The banana boat Sylph en route from Cuba to Miami with a crew of 10 reported she was sinking 77 miles southeast of Miami after springing a leak during the storm last night, but later advised that the hole had been found and was being repaired and Coast Guard assistance might not be needed.

Winds were subsiding along the southeast Florida coast and the weather bureau said, but are expected to remain strong with gusts up to 50 to 60 miles an hour between the southeast Florida coast and the western Bahamas today.

Miami, which received a deluge of rain yesterday, still had frequent showers this morning, but the sun broke through the clouds frequently.

Key West suffered the heaviest in the storm yesterday as gusts up to 86 miles an hour were recorded there. Twenty small boats were sunk and a Navy blimp torn from its mooring. Trees were uprooted and awnings and signs battered.

Sentenced In France

PARIS, Nov. 29. (AP)—Gen. Auguste Nogues, once supreme commander of French armed forces in North Africa, was sentenced by a French purge court last night, in absentia, to be imprisoned at hard labor for 20 years and to lose his civil rights and property.

MONKEYSHINES—Nika the Great, Capuchin monkey pet of Nicholas A. Dunaev of Washington, D. C., shows some of his repertoire of tricks in his master's home.

DAUGHTER MAKES DEBUT—Rise Stevens, (right) Metropolitan Opera star, helps Claudia Pinza, daughter of the noted basso, with her makeup as Miss Pinza makes her Metropolitan debut in the role of Micaela in Carmen.

NAPLES ANTI-RIGHT RIOT—Part of a milling throng which broke up rightist party offices in Naples, Italy, during rioting which drew gunfire from police.

BRIGHT OUTLOOK — Mrs. W. D. Hastings and her son, Terry Lee Hastings, three, look out of the porthole of the liner Marine Falcon as the ship arrives in New York. Mrs. Hastings, the former Joyce Hopwood of London, England, and her son have been visiting her parents. They are en route to Fort Worth, Texas, where they will join their husband and father, Staff Sgt. W. D. Hastings of Waco, Texas. Sgt. Hastings is stationed at Fort Worth. (AP Photo).

WINGS OVER B'SPRING

Omni-Directional Indicator Installed Northeast Of City

Installation of an orientation device, an omni-directional indicator, has been installed by James Johnson of the CAA northeast of the city and in the vicinity of Hamilton Field. The unit, operating on high frequency, gives a direction indicator on plane instruments that come within range. It is one of several to be installed at intervals on the transcontinental range in this region.

Holidays, plus previous bad weather and adverse conditions in other sections, cut the number of operations here during the past week. Both the Big Spring Flying Service and Hamilton Field were getting squared away again with student activities.

Big Spring Flying Service, incidentally, gained approval from the state committee on approval of veteran training of the Stanton auxiliary field. Previously the CAA and Veterans Administration had approved the field and operations will start there at once.

Possibility of a story in company news organs is seen for Texas Electric Service, for a photographer accompanied Cecil Hamilton last week on the patrol of TES lines in this area.

B. H. Smith graduated from the private pilots course at Big Spring Flying Service and got his license. Wesley Pearce completed his flight

instructors course. Lester Easley finished his on-the-job training program and was given a CAA license in aircraft and engine mechanics. Charles Nelson spent the week on some dual cross-country work.

Ben Funk, who patrols Shell pipelines in this region, received his new 1947 Cessna, having traded in his Fairchild on the new job.

Elton Taylor, who recently purchased a new Monocoupe, has had about four hours of dual instruction.

Robert Tiernand is leaving for Richmond, Va. where he has been transferred. C. A. Crow, formerly of Dallas, will replace him in the CAA tower.

Clyde E. Thomas, Sr. is back in the air after having a new motor installed in his plane. Currently his eyes are turning south of the border for a trip.

Charles Wyatt made a charter hop from the Munny port the first of the week. Navy ferry operations have been off due to weather and holidays but are expected to increase sharply with return of favorable conditions.

American Airlines new schedule has westbound flights departing at 9:45 a. m. and 8 p. m. and east-bound flights leaving at 1:15 p. m. and 9:30 p. m.

TEXAS POLL

Majority Of State Favors A Poll Tax

AUSTIN, Nov. 29. — President Truman's civil liberties committee recently recommended doing away with the poll tax, but the majority of eligible Texas voters still want it.

A few more want it today than when the Texas Poll measured statewide opinion in May, 1946. Opposition to abolition of the poll tax, now as then, is stable throughout the population. It is found among both men and women, among people of all grades and shades of education, and in both upper and lower income brackets. Most farmers, small town residents, and city dwellers want to keep the poll tax. Whether they have a poll tax receipt or exemption or don't have either, majorities in both these divisions of the population still favor the tax.

Over Texas as a whole, almost six out of ten adults favor continuing the poll tax, about three out of ten want it abolished, and one of ten has no opinion.

Interviewers of the Texas Poll established these facts by talking with a representative cross-section of eligible voters. They asked them this question:

"In your opinion, should Texas do away with or continue to have a poll tax?"

	Men	Women	All
Do away with	36%	30%	33%
Continue to have	58	67	57
No opinion	6	3	10

If Texas Negro citizens are left out of this picture, it changes overall opinion but little. Most Negroes favor abolition of the poll tax, but their numerical strength is not great enough to alter state opinion materially.

The reason most often given by people who favor the poll tax is that school funds need their share of the tax money. Some admit they want it because they think it keeps Negroes away from the polls. Others explain their attitude by saying that the state has always had it, so the state ought to keep it. The three principal reasons given by people who oppose the poll tax are: (1) every citizen

should have a free vote, (2) the tax is not a proper and intelligent basis for voter qualification, and (3) it is "not necessary."

The minority wanting to do away with the poll tax is not as strong numerically as it was a year and a half ago, as the following comparative table shows:

	Today	May '46
Do away with	33%	40%
Continue to have	67	58
No opinion	10	2

Thinning of anti-poll tax ranks and the doubling of the indifferent or "no opinion" element is indicative of little political activity involving this issue. In May, 1946, when four out of ten favored doing away with it, the question was an issue in the race for governor. Since that campaign ended, the question has been before the public very little. A considerable number of local Junior Chamber of Commerce organizations, have gone on record as favoring poll tax abolition, but they have not carried on any far-flung campaign.

If ever any decision is made about whether or not Texas is to have a poll tax, the majority of eligible voters want the state to decide the issue and not the United States Congress. They think each state individually ought to pass on the poll tax question.

Texas Poll interviewers found this out by asking the same representative cross-section of voters the following question:

"Who do you think should decide whether to have a poll tax—the United States Congress or each state individually?"

	Men	Women	All
Congress	25%	20%	23%
State	61	66	61
No opinion	6	12	10

That this sentiment has not changed radically in a year and a half can be seen by this comparison with opinion on the same question in May, 1946:

	Today	May '46
Congress	29%	31%
State	61	66
No opinion	10	3

TRAIN BLAST KILLS 3 MEN — The wheels of the locomotive remain on the track after the boiler of a Texas and Pacific freight train engine exploded near Odessa, Texas, Nov. 23 killing three Big Spring trainmen. Witness said the boiler rose from the train and fell, end over end, 300 yards from the point of explosion. (AP Photo.)

CAUGHT FLATFOOTED

Oil Industry Apprehensive Over Price Boost By Sun

HOUSTON, Nov. 29. (AP)—Six weeks ago when major oil companies made a general 28 cent per barrel increase in crude oil prices there were at least a few officials and operators within the industry who expressed concern over spiraling prices of the future. They believed the 20 cent boost was only the beginning. Thursday and Friday there was a mad rush in joining the ranks of this group for Sun Oil company's 50 cent hike, the largest single boost in 26 years, came, generally speaking, as a complete shock. As one Houston major purchaser said: "It simply caught us flat-footed." And added to Friday's speculation subject matter was Standard Oil company of Kentucky's announcement at Birmingham it would begin rationing gasoline to its distributors in Alabama, starting Monday, with indications the program would be put into effect on virtually a nation-wide basis. There was every indication, however, that any action in following the Sun Oil crude hike will be slow. Stunned executives of other major companies said they needed more time than ever to study the situation. Sun's postings became effective at 7 a. m. Friday. James G. Pew, Sun vice-president, said the action was taken as "an aggressive effort to obtain crude oil to operate its refineries at capacities required to meet unprecedented demand from its consumers and the armed services." On the other hand, however, Standard's Birmingham announce-

ment said the rationing program resulted from "inadequate refining facilities" and that "we have plenty of crude oil and transportation is only a minor factor, but we simply haven't the refining facilities to meet the demand." Other distributors in the southeastern states area indicated they would follow Standard. One major purchaser in Houston said Sun's higher posting reflects the enormous demand for crude oil in the United States and that "the situation looks like the U. S. will have to increase its imports or decrease its exports of crude." In Washington, however, a department of interior spokesman said there was no surplus oil in the world for increased imports. He added that he "doubts the price increase will change things" for exports, now under control of the department of commerce. Other oil executives expressed fear the increase will bring about Federal government action on control of prices and distribution of supplies. Sun's raise lifted the posting for East Texas crude to \$2.65 a barrel, a figure slightly under the \$2.79 average in 1926, parity year on which federal prices statistics are figured. Tennessee Gas Transmission company has declared an initial dividend of 2,100,000 outstanding shares of common stock for the quarter ending December 31, at 25 cents per share, payable January 2 to holders of record as of December 10. A. J. Galloway, regional vice president for Shell Oil at Houston, has been named vice

Texas Building Awards Remain At High Level

AUSTIN, Nov. 29. (AP)—Texas construction awards for November remained at the high level of recent months, totaling \$62,647,927 and showing the 11 month 1947 total to \$385,403,830. The building pace thus continues far ahead of last year, when November awards amounted to only \$28,306,650, and the 11-month total was \$411,430,127, the Texas Contractor, weekly building trade journal, reported today. Non-residential lettings, accounted for \$8,837,971 this month; residential, \$5,845,550, and engineering, \$4,787,226. Hospital and school building awards made up the bulk of the non-residential classification, totaling \$5,161,188 and \$1,514,214 respectively. In the residential bracket, 541 residences costing less than \$7,000 each ran up an aggregate of \$3,987,050, while contracts for apartments furnished 150 one-family units accounted for \$125,250,000. Lettings were made on 27 residences costing more than \$7,000 each, the total running to \$601,000. Awards for eight duplexes amounted to \$107,500.

FORMER U-BOAT TORPEDOED — Smoke and water spout skyward in a spectacular pattern as an experimental torpedo fired by an Atlantic Fleet submarine hits the former German minelaying U-boat, U284, during tests Nov. 29 and 31, forty miles northeast of Cape Cod, Mass. Four former German U-boats were sunk during the tests. (AP Wirephoto from U. S. Navy.)

Gooch To Be Interim Head At University

HOUSTON, Nov. 9. (AP)—Effective January 1, Dr. W. T. Gooch will become interim president of Baylor University at Waco, replacing Pat M. Neff, former governor and well known southwestern educator, whose resignation was accepted yesterday. Dr. Gooch is presently chairman of the graduate council of Baylor. President Neff will become president emeritus of the university a position created yesterday at a meeting of the Baylor trustees here. A committee was named to select a permanent president. Neff's resignation, submitted for the second time this month, was unanimously accepted by the board. A recommendation from Neff that Dr. Roy J. McKnight, business manager at Baylor, be relieved of his duties was disappointed. No action was taken on Neff's dismissal of Jack H. Dillard, executive secretary of the Baylor Ex-Student's association. Neff appeared before the board for a brief seven minutes during the lengthy special closed session. "I told them that I would be leaving the university without anything but a feeling of gratification within my heart but that I was not an applicant for anything at the hands of the board in connection with Baylor university," Neff said to reporters. While waiting to appear before the group, Neff described himself as a "defendant" and a "stranger."

Plans To Meet Globe Girdlers

DALLAS, Nov. 29. (AP)—Rhulin A. Thomas, 37, a deaf pilot, landed his Cub plane here today enroute to Washington, D. C., after flying and George W. Truman. He said Truman taught him to fly. Thomas, a lincotype operator on the Washington Evening Star, said he would take off immediately for Little Rock, Ark.

Globe Girdlers Plan Another Hop

HOLLYWOOD, Nov. 29. (AP)—The round-the-world fliers, George W. Truman and Clifford V. Evans, plan to make their 48th hop tomorrow and go as far as Phoenix, Ariz. The Piper Cub pilots, who have logged 22,500 miles since they started around from Teterboro, N. J., last Aug. 9 in their two planes, arrived in southern California from Lethbridge, Alberta, Wednesday night.

BUTCHER'S PLAN A SUCCESS

PHILADELPHIA, Nov. 29. (AP)—A Philadelphia butcher who initiated a plan to charge customers a \$1.25 weekly fee and then sell them meats wholesale has had so much business he disconnected his phone and put out a "help wanted" sign. Thirty-two-year-old George Rookstool set a modest goal of 300 signed customers when he announced his plan earlier this week. But the total today is 560 customers and they're still coming in. The butcher plans to cut the \$1.25 weekly fee to 75 cents now that he has gone over the 500-customer mark.

Pleads Innocent To Graft Charges

TRIESTE, Nov. 29. (AP)—U. S. Capt. Thomas H. Cockerman (home town unavailable) pleaded not guilty to three charges of corruption before an American court martial here yesterday in connection with an alleged \$1,000,000 graft ring in the allied military government public works division. Cockerman, formerly chief of the bombs and mine disposal unit of the public works division, was charged with conspiracy to accept money from Trieste contractors with accepting money and with illegal possession of 1,300 pounds (\$5,200).

Attempt To Heal UNESCO Breach

MEXICO CITY, Nov. 29. (AP)—The United Nations Educational, Scientific and Cultural Organization sought again today to heal a widening breach between Poland and the United States over a proposed Polish resolution condemning warmongering. A compromise French resolution, approved in sub-committee after some changes, was to be presented at today's plenary session of the UNESCO second general conference.

Meet Will Study Oil, Gas Saving

OKLAHOMA CITY, Nov. 29. (AP)—The effect of oil and gas conservation on the supply of petroleum and upon the national economic picture will highlight discussions at the Interstate Oil Compact commission meeting here Dec. 4-6. Among the principal addresses are talks by W. Alton Jones, president of Cities Service company and Governor Roy J. Turner of Oklahoma. Other governors who had made reservations include Beauford Jester of Texas. A number of former governors have also indicated they will be present, including James V. Alfred of Texas.

ON COTTON FRONT Ginnings Swinging Back Into Stride

Held to possibly 1,500 bales for the past two weeks because of wet and subsequently windy weather, ginnings were beginning to swing back in stride over the county at the end of the week. With little doing the forepart of the week, ginnings here said Saturday the last three days had been bringing 40 to 50 bales of cotton a day to be processed. Saturday evening four Big Spring gins and the one at Fairview reported a total of 14,594 bales for the season. On the basis of previous trends, which may not be altogether reliable because of weather interruptions, this would put the season's total around 28,000 bales. Estimates were generally uniform on the amount of cotton yet ungathered. This was pegged at 13 to 20 per cent. On this basis a rough estimate on final totals would be around 31,500 to 32,000 bales for the year. Seed continued to balance steadily on the new \$100 per ton base. Cotton was off in grade due to weather, and it was laden with trash.

Texans Smoke More, Drink Less Liquor

AUSTIN, Nov. 29. (AP)—Texans smoked more cigarettes and drank more wine and beer this month than they did in November of last year, but liquor consumption was less, State Treasurer Jesse James' report on revenue from the sale of state stamps indicated today. This month's cigarette stamp sales brought the state \$1,694,023 an increase of \$87,573 over last year's November figure. Liquor stamp sales totaled \$960,102, a decrease of \$38,274 from the year-ago total. Revenue from wine stamps was \$45,308, up \$20,202, and from beer stamps \$548,536, up \$72,961. Total November revenue from stamp sales was \$3,009,824. November sales of cigarette, liquor and beer stamps all declined from October.

Nine Killed With French War Hero

PARIS, Nov. 29. (AP)—French authorities said today nine French Army and Air Force personnel were killed with Gen. Leclerc, French World War II hero, when their plane crashed in a sand storm near Colomb-Bechar in the Sahara desert. Leclerc, who died on his 45th birthday, first gained fame during the recent war when he led a free French force on a 2,000 mile march from Fort Lamay in the Lake Chad region of French equatorial Africa to Tripoli and made contact on Jan. 3, 1943, with Field Marshal Lord Montgomery's British Eighth Army. Agreement in India EL PASO, Nov. 29. (AP)—Members of the U. S.-Mexico Mexican migratory labor conference hoped today to conclude negotiations on individual work contracts, eliminating sessions which started last month.

Oil Barge Tows Collide, Explode

MORGAN CITY, Nov. 29. (AP)—Damages unofficially estimated by marine men at about \$100,000 resulted from a collision yesterday between two oil barge tows, which was followed by a loud explosion here. The fire had been extinguished today by the Coast Guard, but a final estimate of the damage could not be made until the vessels had cooled. Persons who witnessed the explosion said the tugs Dispatch and Leo scraped sides in attempting to pass in Bayou Bouef and the explosion followed. The Dispatch was loaded with high octane gasoline while the Leo was pulling three empty barges. The Coast Guard said that the explosion apparently was set off by a spark from the minor collision. The Dispatch first caught fire and the blaze then spread to the Leo.

Fire Extinguished

City firemen made a run in proximity to the Guitler Gin Friday afternoon to extinguish a trash fire. Chief H. V. Crocker said that children playing in the vicinity had started the fire, which was snuffed out to prevent spread to cotton.

Maytag Company Sets Washer Production Record

When the 54-year-old Maytag Company of Newton, Iowa, produced its five millionth washer recently, the occasion was marked by a special ceremony. Iowa Governor Robert D. Blue and leaders in business, industrial, labor and civic organizations gathered to celebrate the event which set a new record in washer production history. Tom Smith, head of the research division, which developed the modern Maytag, is shown upper left, autographing the one-piece aluminum tub which has had a large share in building Maytag popularity. Assembly workers are shown below lowering the tub into its enameled steel jacket. At right, Miss Rosanne Morgan, 1947 Maytag Queen, is christening the machine with a bottle of milk. Looking on, nearest the camera from left, are: W. I. Sparks, secretary of the Maytag Company who has been with the firm forty-nine years; Letha Trent, Miss Morgan's predecessor as Maytag Queen; Roy Bradt, Maytag vice-president in charge of sales and advertising and president of The American Washer and Ironer Association; Verne E. Martin, Maytag sales manager; Fred Maytag II, Iowa State Senator and third generation president of the washer company, and Iowa Governor Blue. The Maytag Company made its first washer in 1907 and its millionth machine in 1927. Between the four millionth Maytag in 1941 and the five millionth machine, Maytag took three years time out from peacetime production to engage in war work. The five millionth washer is being retained by Maytag as a souvenir.

LOOK AT '48 RACE

Demos See Chance To Carry Senate

WASHINGTON, Nov. 29. (AP)—Democrats who look for a Truman victory in 1948 figure they have a good chance of carrying the Senate too.

C-C Committee Asked To Confer On Plan Of Public Relations

A committee of three chamber of commerce managers has been invited to confer with D. A. Bannock, manager of the West Texas Chamber of Commerce, on procedure in setting up a public relations department for the regional chamber.

Deposed Nicaraguan Off For Mexico?

GUATEMALA CITY, Guatemala Nov. 29. (AP)—It was reported here that deposed President Leonardo Arguello of Nicaragua was leaving Managua, the Nicaraguan capital, today by Mexican Army plane for Mexico under "safe-conduct" of the Nicaraguan government.

Thirty-two senators will be up for reelection next year—18 Republicans and 14 Democrats. Ten of the Democratic incumbents come from the traditionally Democratic south.

This limits the Republican opposition campaign, more or less, to the four other Democratic seats—Colorado (Johnson), Montana (Murray), New Mexico (Hatch), and Rhode Island (Green).

In other words, unless the GOP could show signs of a landslide, that might overrun into Dixie, its drive for senatorial upsets would be narrowed to three western and one eastern state.

The House situation is different. There, the Republicans now have 245 members as against 188 Democrats, one American labor and one vacancy. To capture control there, the Democrats would have to retain present strength and win 30 Republican districts.

Heavy Fines Are Exacted By Judge

Heavy fines were exacted by Judge Walton Morrison in county court Saturday against two men who entered pleas of guilty to charges of carrying pistols on their persons.

Sixty Citizens Are Summoned For Jury Duty

Sixty men have been summoned to report for petit jury duty at 10 a. m. Monday, which begins a busy November session in 70th Judicial District court.

Ordered to answer roll call were Jack Johnson, E. L. Arnold, Larson Lloyd, Ted Phillips, Lloyd Wason, Hiram Glover, Adolph Swartz, Clifton Reed, Marvin House, O. D. O'Daniel, Curtis Driver, Clint Higginbotham, D. L. Massey, Grady Acuff, J. F. Wood and Lewis H. Price.

Also Lee Knuckles, Bart Wilkinson, Brown Rogers, Earl Plew, J. C. Douglass, Jr., Luther Coleman, C. E. Hale, Clyde Waits, Jr., Dale Puckett, Robert Stripling, Winston Kilpatrick, Elmer Rainey, Julius Neel, Frank Lovelless, W. O. O'Neal, Carl Fletcher and Harvey Clay.

Wins Divorce

Ethel LaVerne Wilson won the privilege of using her maiden name, Lomax, as well as her marital freedom from William Woodrow Wilson in a case heard by Judge Cecil Collins in 70th district court Friday afternoon.

FIRE ENGINE ALL FIRED UP

ODESSA, Nov. 29. (AP)—The fire engine caught fire here today while on a trial run.

WALKED HOME NATURALLY

CLEVELAND, Nov. 29. (AP)—Here at the start of the Christmas rush is the story of six-year-old Patty Brady to prove that all kids lost in the shopping shuffle don't end up eating candy with the cops.

Separated from her parents, Mr. and Mrs. Firman A. Brady, in a downtown store yesterday, the little first grader trudged nine miles out Euclid avenue—straight for home. It took her four hours.

Studio Fires Film Writer

HOLLYWOOD, Nov. 29. (AP)—Ring Lardner, Jr., son of the late humorist, was on the outside looking in at Twentieth Century-Fox studio today.

The studio summarily dismissed the writer. Lardner had been cited by the Thomas anti-American activities committee for contempt for refusal to testify whether he is a member of the communist party.

Two Children Have Identical Mishaps

COLORADO CITY, Nov. 29.—Two Colorado City children were reported resting satisfactorily late Saturday at the Root Memorial hospital after being injured in identical freak accidents that occurred within 30 minutes of each other Friday afternoon.

Tommy Jeff Humphries, 4, son of Mr. and Mrs. Pete Humphries, received a fractured skull at 3 p. m. when his head struck the concrete as he fell from the back door of the family car. He was in serious condition.

Supplies Exhausted For Navajo Poor

GALLUP, N. M., Nov. 29. (AP)—Supplies of food and clothing for the winter relief of destitute Navajo Indians were exhausted today.

A final small truckload of goods was dispatched to needier cases this morning, emptying the warehouse into which donations have filtered for several weeks in answer to word of the tribesmen's plight.

The Week

(Continued From Page One) In the schools of city and county and in following up with x-ray diagnosis in event of positive tests.

The tragic blast which claimed the lives of three Big Spring men a week ago today west of Odessa is one of the worst of its kind in a quarter-century for this division of the T&P. Back in the early twenties three men lost their lives near Clyde in an almost identical type of locomotive explosion.

Bids have been opened by the Bell Telephone company for an addition which will about double the size of its plant here. An announcement on the contract is expected within a few days and work is due to start soon afterward.

Resolution by the 19th district of the American Legion here a week ago is indicative that veterans organizations are behind efforts to insist on an early letting of the Big Spring hospital for the Veterans Administration. A local committee is being set up to press in the same direction when bids are opened after the Dec. 15 deadline.

Men interested in National Guard activity shortly will have opportunity to enlist in a local unit. Last week Joe Pond, in charge of the local committee, was notified that Big Spring had received designation for a company in battalion B, 132nd Field Artillery, TNG. A commanding officer is to be selected.

Public Records

HARLINGEN BANK ROBBER STEPS FROM 'JOB' INTO POLICE CAR

HARLINGEN, Nov. 29. (AP)—A khaki-clad man robbed the First National Bank of 32 cents today, and was in jail before police were notified of the robbery.

Police Chief H. H. Crosssett gave this account: The man entered the bank through a side door at 2 p. m., after banking hours, approached the paying teller's cage and told Mrs. N. A. Spilman, teller: "This is a stickup, so don't put your foot on that (alarm) button for I have friends outside in a car."

Mrs. Spilman told the man that 32 cents in the cash drawer was all the money she had. "Well, give it here," Mrs. Spilman said the man demanded. He took the money and left the bank—right into the open door of a police car sent to that part of the city for the patrolman to investigate complaints that a man was begging on the streets.

Chest

(Continued From Page One) sents the combined budgets of six agencies, including the Chest itself. The unified effort is being taken in an effort to conserve manpower and multiple appeals to business men and individuals. To be aided by the Chest are the YMCA, the Salvation Army, Boy Scouts, Girl Scouts, approximately five per cent for the maintenance of physical facilities for the Alcoholics Anonymous program, and a like amount for a contingency and emergency reserve for the Chest.

Among the latest donors of \$50 and more are W. P. Edwards, Christoval and a long time resident of Big Spring, \$500; Lone Star Chevrolet, Mead's Bakery, and Mr. and Mrs. Roy Townsend, \$100; Dr. Allen R. Hamilton, \$75; West Texas Livestock Auction Co., Joe Pond, Lee Hanson, Clark Motor Co., Simon Terraza, R. B. Reeder, Packing House Market, Borden's, and Willard Read, \$50. Several firms and individuals are known to come within this list, but their cards have not yet been reported to headquarters and will be acknowledged as soon as reports are made.

Christmas Tree Fire Danger Cited

AUSTIN, Nov. 29. (AP)—Gov. Beauford H. Jester today cautioned Texans against the hazards of Christmas tree fires and asked the 25 statewide fire prevention committees to publicize this type of fire threat.

"In hundreds of homes and in community gatherings for Christmas trees each year as a sacred and happy occasion is suddenly turned into tragedy," the Governor warned. "This obvious fire hazard is not new to any of us, but with families and friends gathered and the spirit of Christmas abroad, we are apt to be less cautious than we would be in our every-day lives," he added.

Raiders Gain Sun Bowl Bid With HSU Win

LUBBOCK, Nov. 29. (AP)—Texas Tech's Red Raiders powered their way into the Sun Bowl today on a 14-6 upset victory over Hardin-Simmons' university.

The win gave the Red Raiders the border conference championship and an automatic bid to the El Paso New Year's Day classic. The team voted to accept the invitation a few minutes after the game.

Twenty-thousand fans watched Texas Tech and Hardin-Simmons match second quarter touchdowns, then the Red Raiders pulled ahead with another score in the third and added a safety or good measure in the fourth period.

Freddie Brown whipped a 30 yard pass to Joe Smith on the two yard line and scored easily for Tech's first tally. Brown climaxed a 69-yard march by plunging over the goal from the one yard line in the third. Guard Can Pursel blocked Al Johnson's punt for a fourth-period Tech safety.

Hardin-Simmons had jumped in to the lead for a brief moment when Virgil Turner scored from the two-yard line, winding up an 83-yard drive.

Denton Eagles Place Seven On All-Star

Champion North Texas State placed seven men on the all-league Star conference football team selected by vote of the 27 coaches. Southwest Texas State got two on the team, Trinity one and East Texas State one.

The only unanimous choice was Gerald Levermann, Trinity's willowy quarterback from McAllen. His concept of defensive tactics helped the Tigers complete the season with one of the nation's top defensive records as his team held the opposition to 117.5 yards per game in ten tests.

Offensively, Levermann averaged 3.9 yards carrying the ball and followed Jim (Cargo) Batchelor of East Texas State in total offense, earning 1,035 yards—which is half of Trinity's net gain. Batchelor's total offense was 1,228.

North Texas State players landing on the team were: Joe Abbey, end; Felton Whitlow, tackle; A. D. Cate, guard; Jim Cooper, center; Dick Lindsay, tackle; Bill Cromer and Richard Nutt, backs.

Conzalo Garcia, guard, and Wallace Dockall, end, were Southwest Texas State's contributions. Batchelor was East Texas State's lone representative.

The line of the all-star team averages 201 pounds to the man and the backfield 186.

The second team: ends, Charles Williams, Sam Houston State, and Bill Kempin, North Texas State; tackles, Murdolph Walker, Sam Houston State, and G. Baze, Southwest Texas, and B. Robertson, Stephen F. Austin (tie); guards, R. W. Thompson, East Texas State, and Bill Hogan, Trinity; center, Dick Wright, Stephen F. Austin; backs, Fred McCain, North Texas State; Billy Dinkie, North Texas State; Bobby Griffin, East Texas State, and Ed Mattson, Trinity.

Ponies Tie TCU, 19 To 19, Win League Flag

FORT WORTH, Nov. 29. (AP)—Southern Methodist stormed back with only 20 seconds to play today to tie Texas Christian 19-19 in one of the thrillers of the Southwest Conference history.

A crowd of more than 30,000 watched the great Doak Walker keep Southern Methodist in the ranks of the undefeated.

It was Walker who scored two touchdowns and kicked an extra point to give the Methodists a 13-12 lead at the end of the third period and it was Walker whose great kick-off return of 55 yards put Southern Methodist in position to score that dramatic touchdown that kept the Mustangs unbeaten in 10 games.

The tie gave Southern Methodist the undisputed Southwest Conference championship by one-half of a game.

It was a battle between bowl teams. Southern Methodist plays Penn State in the Cotton Bowl January 1 while Texas Christian meets Mississippi in the Delta Bowl at Memphis.

Lindy Berry and Pete Stout combined to give Southern Methodist its hardest moments of the season. SMU made costly mistakes. The Methodists fumbled dropped passes, let TCU pass receivers get between them and the goal line.

And Berry and Stout were ready to take advantage of every opening.

The Frogs jumped to a 6-point lead midway of the first period on a 50-yard drive with Berry's pass to Morris Bailey that ate up 33 yards the main punch in the surge. From the 13-yard line Stout carried four times and crashed over to score. Wayne Pitcock missed the conversion.

The Horned Frogs increased their lead to 12 points early in the second quarter after Grein Browning intercepted a pass on his 36-yard line and scattered to the Methodist eight. Berry gained six yards in three tries. Then Stout climbed over right guard for a touchdown. Pitcock's try for point was blocked by Sid Halliday, Southern Methodist's great end.

Southern Methodist got back into the game late in the period on a 62-yard dash around right end by Walker. The Methodist star backed to pass, could find no receivers open so he cut to the right and, picking up blockers as he ran, scattered down the sidelines to the score. Then Walker kicked the extra point.

Southern Methodist took the lead on the last play of the third period and again it was Walker who got the job done. It was a 51-yard drive with Walker's passing gaining all the territory. From the Frog six, Walker rapped left tackle for three, then whipped around right end for the score. He missed the extra point but SMU led 13-12.

The third Texas Christian touchdown was a thriller. TCU was on its 21-yard line apparently going nowhere when Berry lofted a mighty pass to Bailey, who took it from a couple of Methodists and ran to the SMU 20. Here he was tackled but as he fell he threw the ball backward. Randy Jackson picked it up and raced to the Methodist seven before Bobby Folsom downed him. Stout took a lateral and whirled around right end for the touchdown with a minute and 35 seconds to go. Pitcock converted.

The crowd figured the jig was up for the Methodists then but the great Walker still had a lot of fight left. He gathered in the kick-off and raced from his nine to the Frog 36. Gil Johnson tried two passes over the goal line that fell wild, then he passed to Walker who fought his way to the Horned Frog nine. Johnson bulleted a pass over

TOURNAMENT HOSTS — These flashy co-ed cagers will be hosts to a West Texas girls' basketball tournament which will attract 16 of the leading teams of this region to Stanton starting Wednesday. Last year the Stanton team, pictured above with their coach, H. G. Hambrick, were finalists in the state tournament. Pictured, left to right, are Betty Carol Bennett, Edith Davis, Lola Faye Robus, Betty Overley, Betty Burchett, Betty Ellsard, who was an all-state selection, Katie Allen, Lois Standefer, Dixie O'Brian, Lila Winters, Anita Shankle, and Bobbie Burchett. Patsy Howard, one of the stellar performers, was not present for the picture.

FOUR ODESSANS HONORED

Eddie Houser, Ike Robb Named To All-Star Team

BY TOMMY HART
Odessa's Bronchos dominated the District 3AA's football race for the third year in a row. The boys who made the Cayuse team click—Byron Townsend and Gerald Campbell in the backfield and Gordon Headlee and Ed Rowland in the line—rated spots on the Daily Herald's annual all-district team for 1947.

Townsend was all-state a year ago and apparently better than ever this season. He did not click against Big Spring but few other teams stopped him.

Campbell was another integral part of a great backfield, perhaps the fastest back in the state. He was a tremendous breakaway runner all season and may spearhead the Bronchos to another state title.

Headlee was a lot of guard all year and used his weight—he tips the scales at better than 200—to excellent advantage.

Rowland was one of the unsung heroes in the Odessa line which, although not as great as the Broncho forward wall of a year ago, performed creditably all year.

Big Spring landed two boys on the first team, Eddie Houser at end and Ike Robb at guard, and two others Tackle Delmar Turner and Back Harold Berry, on the second eleven.

Abilene's Jim Dobbyn, a back, and Burl Troutman, an end, carried in as all-district performers. Dobbyn was perhaps the finest running back in the conference, Townsend notwithstanding.

Dummy Goode, Midland, was injured toward season's end but he was rarely stopped when fit. He was a blaze of speed when in top shape. Behind a good line, Goode would be one of the great backs in the state.

James Timmons, Sweetwater tackle, and Bill Banta, San Angelo guard, won the other two first string spots. Timmons was consistently good all year. Banta was never better than in the Big Spring game.

Donnie Taff, Banta's team-mate, might have rated the team as a back had he been able to play all year but he was injured midway in the campaign and saw little action thereafter.

As it was, Eddie Mee of the Bobcats won a second-string backfield berth along with Berry, Lloyd King of Abilene and Odessa's Jimmy Patterson.

Lamesa, which did not place a man on the first string, won two

positions on the second squad. Don Hoover, senior wing, won one berth while Bill Fortenberry, a tackle, was awarded the other. Houser was not even a regular

in 1946 but he was the best downfield threat in the loop this year and a whiz on defense. Robb rated the all-star laurels for the third year in a row.

Daily Herald's 1947 All-3AA 11

FIRST TEAM	Position	SECOND TEAM
Player		Player

12 Big Spring (Texas) Herald, Sun., Nov. 30, 1947

LOOKING 'EM OVER

With TOMMY HART

Claude McAden, the Big Spring baseball club's general manager, hopes to do more than gather good will for the village and the team on his mission to the Minor league meeting at Miami, Fla. . . . He will say to Havana where he plans to look over several of the teams playing winter league ball there and carry along a contract or two in event any of the diamonds-in-the-rough can be signed . . . Claude, ally-of-the Field Manager Pat Stasey, is in a trading mood, too . . . They may proffer some of the Bronco stars as bait . . . Incidentally, Jose Cindan, the Hosses' star right-hander last season, is now Big Spring chattel . . . He was here on option this year but became the outright property of the Steeds through an oversight of the Washington management . . . The story here is that Cindy was supposed to have been put on the draft list but was overlooked . . . Mario "T-Bone" Varona, the angular Cuban who may or may not play here in 1948, will visit in Big Spring shortly . . . He will make a business trip to New York for his papa, a Havana contractor, and odyssey here before returning to "Al-bana" . . . Humberto Baez, the Bronco's diminutive hurler, is trying to get visas for his mother and other members of his family but wants to wait until it snows . . . It seems the Baez family has never seen the solidified moisture that gave Irving Berlin his inspiration for "White Christmas" . . . Jake McClain, the Bronco second sacker, played a lot of backfield for Santa Anna when in high school . . . Texas stouts tried to lure him to the university campus but he turned to pro baseball instead . . . A pessimistic publicity man is Don Phillips of the University of Arizona . . . A release he mailed out last week started thusly: "Steam rolled by the Kansas Jayhawks, the Arizona Wildcats propose to rise up in enough strength to smite Frankie Nelson and company from the University of Utah on their home gridiron Saturday, Dec. 6" . . . Arizona didn't play Kansas until yesterday.

Homer Norton May Quit Aggieldand Committee, which saw its host club Compton JayCee, score a victory in the inaugural game last Dec. 31, can expect to see the guests run riot in the next outing. . . . The Cameron (Okla.) Aggies probably the best junior college troupe in all the land, has been invited west. . . . One of the local Cameron rooters is Mrs. Kenneth Manuel, who is related to Don Scarborough, an Aggie lineman.

Is there anything to this story that Pat Gerald, the astute Sweetwater football mentor, has been offered the Odessa coaching post in the event Joe Coleman moves on? . . . Joe is supposed to be in line for a job with a prominent college in the Southwest. . . . Odessa, incidentally, loses 24 boys off its 1947 squad, if something isn't done about the eight-semester rule. . . . If Gerald moved, he would have his work cut out for him. . . . Rusty Allen, who completed his fourth year as a Sweetwater griddier the past campaign, is a nephew to E. H. Sanders, the local barber. . . . The Texas A&M football season is over but Head Coach Homer Norton lingers on. . . . Reports from College Station say that Norton was ready to step out as chief cook in Aggieldand before the recent campaign but bowed his neck when the move to oust him gained momentum. . . . He is supposed to have told intimates he could be just as adamant as his critics — and he had good points for argument, a three year contract. . . . If the wolves don't get too vicious, Norton will shortly extend his offer to resign. . . . At least, that is the story from College Station. . . . Pat O'Dowdy, back from the Mid-West, says the wrestling business is way off up that way. . . . Pat still has his sights set on a gym for business men here and will do something about it if real estate ever comes down. . . . O'Dowdy has his family and his home here and wants to stay. . . . The Little Rose Bowl

Contest Winds Up This Evening

Al Marchant and Faye Johnston continue to lead in the Zale contest being conducted at the West Texas bowling center for high individual scores for the month of December, the winners of which will be given watches by the local jewelry concern.

Marchant has posted a 260 to lead the men while Miss Johnston's 220 leads the women.

Similar awards will be given the high keepers for the month of December. This month's contest winds up tonight.

Davis Casualty In Pony Game

Arlis Davis, starting end of the Big Spring high school football team, suffered a broken collar bone in the third quarter of the Steer-Sweetwater game here Thursday afternoon, an examination made Friday revealed.

His injury was believed to be no more than a bruise until Friday when the pain became more noticeable. An x-ray revealed the break.

Davis was one of two Big Spring players injured in the game. B. B. Lees was removed from the lineup in the second quarter with a broken bone in the shoulder.

He will probably be lost to the basketball team for a month.

Robison, Bradshaw Match Craft Here Tuesday Night

Two of the craftiest basketball mentors in the Southwest will be masterminding the Texas Tech and Hardin-Simmons university teams when they line up against each other at Steer gymnasium Tuesday night.

Tech's head man is Polk Robison, who took over as coach at the Lubbock school when Burl Huffman moved on to New Mexico. Wesley Bradshaw is the Hardin-Simmons instructor.

Robison was a member of the

only Border conference championship team Tech ever had. He was center on the 1932-33 and '33-34 quintets, the latter of which won the conference gonfalon under the leadership of Del Morgan.

Polk is a native of Tennessee. He attended Sewanee before switch-

POLK ROBISON . . . Tech Hopetail

Ohio Ace Gets Feature Billing At AC Monday

Monday night's feature attraction at the Big Spring Athletic club brings together two of the classiest, quickest cruiser weight grapplers currently showing their wares — Cyclone Bobby Burns of Miami, Fla., and Georgie Strickland, a flashy youth from Cleveland, Ohio.

Strickland is new here. Burns has made but one appearance. The Florida tornado was a ball of fire in his debut against crafty Al Szasz of St. Louis, Mo., last week.

He'll have to be at his best against Strickland, whose only handicap reportedly is a lack of experience.

The 8:15 opener pits Olan Boynton of Amarillo against Gene Blackley, Abilene toughie.

Boynton is better known here as a referee but broke into the game as a tin-ear. He is supposed to be top-drawer if he's in shape and he's supposed to be in shape.

Blackley is mean, as the many fans who have seen him work will attest. Whether or not that cussedness will stand him in good stead Monday remains to be seen.

Hosses Extend Reign In 3AA To Third Year

Football players of six District 3 AA teams checked in their toggy Thursday.

The job of representing the conference in bi-district play has been checked to Odessa's mighty Bronchos for the third straight year and the Hosses appear more than capable of holding their own.

They haven't been beaten in 3AA competition since 1944 and came up with a team this year that dominated the league race more than did the state championship team of 1946. Only Wichita Falls of District 4A appears capable of giving them a good test.

Odessa scored 370 in ten games, 233 of that total against its conference opponents. Critics said their defense wasn't what it was in 1946 but only one conference foe, San Angelo, succeeded in scoring a touchdown against them.

The Hosses averaged nearly 40 points an outing against circuit foes.

Abilene's Eagles were tied by San Angelo Turkey Day but managed to hold onto second place in the standing, a full game ahead of the Bobcats. Sweetwater's 34-6 victory gave the Mustangs fourth place ahead of Big Spring while Midland and Lamesa finished in a tie for the cellar, each with five defeats as against a single win.

Standings: District 3AA

Team	W	L	T	Pts.	Opp.
Odessa	10	0	0	370	35
San Angelo	5	3	2	190	127
Abilene	5	3	2	131	90
Sweetwater	3	3	1	137	149
BIG SPRING	3	4	0	66	118
Midland	2	5	0	35	148
Lamesa	1	5	0	25	122

Season

Everyone of the 13 passes thrown by Frank Sinkwich for Georgia in the 1942 Orange Bowl game found receivers—nine were caught by teammates and four by TCU players.

Vandy Loses To Scrapping Vol Eleven

KNOXVILLE, Tenn., Nov. 29. (AP)—A scrapping Tennessee football team that had been defeated often, simply wouldn't be beaten today and came from behind to trample Vanderbilt, 12 to 7.

A partisan throng of 35,000 cheered the Vols to their third straight victory and their fifth of 16 years that has been the worst season in 18 years of coaching for Bob Neyland.

Tennessee's line, with seven senior forwards playing their last game for the Vols, spelled the difference between the two highly-keyed elevens. The Vol linemen repeatedly outgained the Vandy line. Often they spilled Commodore passers before they could hurl the ball.

After battling to a stalemate in the first period, Vanderbilt struck first early in the second period. Halfback Bobby Berry faked back for a pass, fainted and sprinted 59 yards down the sideline for a touchdown. Zack Clinard, Vandy's ace kicker, converted.

Tennessee came back and marched 62 yards from the kick-off to score. J. B. Proctor sparked the drive, pitching one pass to end Jim Powell for 18 yards and another to the same wingman for 11. Proctor then hit halfback Bob Lund on the goal line for the score. Hal Littleford's placement was wide.

The Vols scored early in the third period, Littleford taking the first Commodore punt on his own 37, reversing his field and racing 63 yards down the sideline for the touchdown.

The Vols scored early in the third period, Littleford taking the first Commodore punt on his own 37, reversing his field and racing 63 yards down the sideline for the touchdown.

The Vols scored early in the third period, Littleford taking the first Commodore punt on his own 37, reversing his field and racing 63 yards down the sideline for the touchdown.

Second Annual Basketball Clinic Will Open Monday

Basketball coaches from more than 75 West Texas communities descend upon Big Spring Monday morning to bring themselves up to date on the popular winter sport.

They are being attracted here by the second annual Big Spring Basketball Coaching school, a clinic sponsored by Clarence Fox, the sporting goods concern for which he works and the Big Spring Athletic association.

Most of the blackboard work as given by the co-instructors, Polk Robinson and Wesley Bradshaw, head coaches at Texas Tech and Hardin-Simmons university, respectively, will take place in Room Four of the Settles hotel.

The instructors are bringing their squads along for demonstrations from time to time at the high school gymnasium and for a regular game Tuesday night at the Steer fieldhouse, an event which climaxes the two-day program.

The contest is the season's inaugural game for both squads and is due to be a lulu, since the two schools are traditional rivals.

The public, those that are lucky enough to buy tickets, will be privileged to sit in on the classic. Only 500 or 700 can be crowded into the band-box. The ducahs have been placed a sale at Johnny

Dibrell's Sporting Goods store, Hester's, Lou's Store and Big Spring Hardware company. The tariff is \$1 each.

The coaches will be honored with a Monday night barbecue at the Settles. The cuisine dished out by Fox is excellent, at least the men who attended the course last year swear by it.

Mike Brumbelow, who used to coach football and basketball at Texas Christian and who for the past year has been serving as assistant mentor under an old friend, Johnny Vaught, at Mississippi university, will climb to his feet after the gathering has had its fill of barbecue to deliver an address on basketball.

Brumbelow is well known in West Texas. He owns part of a sporting goods store in Midland with Tex Carleton, the old Chicue baseball thrower, and lives out that way part-time.

Registration for the clinic is free, as it is for all of Fox's schools. The visitors have to pay for their own keep but Clarence went so far as to make reservations for them.

West Texas State college at Canyon and Abilene Christian's Wildcats played a game in the initial school in 1946 and the Buffaloes from North Texas escaped with a one-point decision in a thrill-packed game.

Two Rice Boys On South Team

MONTGOMERY, Ala., Nov. 29. —Five players who placed on this year's All-Southeastern conference squad, two on the first team, were among 19 named today to perform for the south in the annual Blue-Gray football contest here Dec. 27.

Kentucky's hard-charging center Jay Rhodemyre and Dub Garrett, Mississippi State tackle, were the first string All-Southeastern choices selected for the postseason classic.

Other All-Southeastern picks were Tackles Denver Crawford, Tennessee, and Wash Serini, Kentucky; and John North, Vanderbilt. Serini and North made the second team; Crawford the third. Aubrey Fowler, flashy University of Arkansas halfback, headed the list of eight backs named to the Gray squad.

Other Gray backs were Louisiana State's Ray Coates and Dan Sandifer; Harold Stockbridge, Rice; Wallace (Eagle) Matulich, Mississippi State; George Grimes, Virginia; Jim Bachelor, East Texas Teachers; and Nick Ognivich, Wake Forest.

Linemen selected for the Grays in addition to those mentioned previously:

Ends: Joe Smith, Texas Tech, and Robert Ware, Virginia; Guards: Joe McGee, Rice, Jesse Hughes, Mississippi State, and Ted Andrews, Southwestern Louisiana Institute; and Center Roland Neighbors, Texas Tech.

Oklaggies Lose To Norman Club

NORMAN, Okla., Nov. 29. —Junior Thomas broke clear for touchdown romps of 38 and 59 yards in the final period to pull Oklahoma ahead of Oklahoma A&M college, 21-13, here today in the 42nd renewal of the cross-state football rivalry.

The Aggies, playing their best game of the season, put up a brilliant defense against the favored Sooners. They took advantage of the breaks to come from behind in the third quarter as Bob Meinert scored both A&M touchdowns. This took nothing off the luster of Oklahoma's fine game, which was thrilling down to the final gun for the 33,000 spectators.

The teams played scoreless ball the first quarter, but a drive started in that period paid off for Oklahoma in the next period.

Oklahoma drove 79 yards in 15 plays to score. Jack Mitchell crashed over right tackle on a fake lateral.

In the second half, Ken Roof recovered a fumble by Charley Sarraut on the Sooner 38. Jack Hartman hit with two passes for 22 and 11 yards to the Oklahoma 6. Three plays later, Meinert went through center standing up.

The final Aggie touchdown came after Darrell Royal's kick was blocked. Toy Ledbetter snatched the ball out of the air and returned it 11 yards to the Oklahoma 35. Seven plays later, Meinert sneaked over from the three. Hartman's kick was perfect and the Aggies led 13-7.

In the final period, Oklahoma smothered Bill Grimes' fumble on the Aggie 38 with five minutes up. On the next play, Thomas evaded two would-be tacklers and pranced down his left sideline to score. Wallace's kick was perfect and Oklahoma led 14-13.

Then with two minutes left, Thomas streaked down his right sideline 59 yards to the double stripe.

Keglers Compete In Doubles Play

Bowlers from half a dozen West Texas cities take to the West Texas Bowling center alleys at 1:30 p. m. today for the semi-monthly Ragtime Doubles matches. Big Spring is host to the games for the first time in two months. In such contests, partners can change as often as they desire. Prizes are proffered to the highest scoring team.

Forest Named Dallas Champ

Forest of Dallas was named representative of District 8 Saturday night to complete the state play-off bracket in Texas schoolboy football.

Forest, North Dallas and Sunset (Dallas) had finished in a tie for first place and the district committee, composed of the six principals, voted unanimously for Forest which was undefeated but tied three times. North Dallas lost one and tied one and so did Sunset.

Forest will play Arlington Heights (Fort Worth), District 7 champion, at Fort Worth next Friday night in the opening round of the state play-off.

Seven of the eight bi-district games have been arranged. They are: Friday—Forest vs. Arlington Heights, Breckenridge at Corsicana, Lamar (Houston) at Goose Creek.

Saturday—Amarillo at Wichita Falls, Paris at Highland Park (Dallas), Longview at Lufkin, Breckenridge (San Antonio) at Harlingen. Odessa at Austin (El Paso) will arrange the site and date of their game in a meeting of school officials at Van Horn Sunday.

Rowan Paces Black Knights To 21 To 0 Win Over Navy

Texan Ambles For Touchdown

PHILADELPHIA, Nov. 29. —Led by their brilliant 172-pound fullback, Elwyn (Rip) Rowan of Memphis, Tenn., the Army Cadets rang down their season with a convincing 21 to 0 victory over Navy in a colorful spectacle before 101,500 fans at Municipal Stadium today.

The vast throng, which included President Truman and scores of other notables, saw the West Pointers rack up touchdowns in each of the first three periods and completely outclass the Midshipmen through the second half. The chief executive, sitting on Army's side of the field, stuck it out to the end.

Rowan, sparkplug of Army's attack, passed 19 yards to Bill Melum of Eastland, Texas, for the victors' first score in the opening period, and then broke the Midshipmen's hearts with a sensational 92-yard touchdown dash from scrimmage early in the second stanza. The final Army score came when John Trent, an end, intercepted a desperate Navy pass and raced 21 yards across the goal line.

Rowan's beautiful scoring run, on which he burst through his right tackle into the clear and sprinted almost the length of the field without being touched, practically broke up what had promised to be a Homeric tussle. The Navy team never recovered from the blow, never again got back in the football game.

Just before the Memphis flash pulled his stunner, the Middies had put on a determined 74-yard drive down to Army's eight-yard line, where they had piled up. They were giving the Cadets a mighty battle, and were well ahead both in yardage gained and in first downs.

After they had chased Rowan across the final stripe, Coach Tom Hamilton's pupils were through. They made only three more first downs in the remainder of the game—on those on a roughing penalty—and never again carried the ball even close to midfield. From that point on there was never a doubt that the Cadets were enroute to their fourth straight victory in the Service classic.

The game, annual climax of the eastern gridiron season, was played under ideal conditions. The field was dry, the temperature in the mid-forties, and a temperate south wind caressed the patrons. President Truman did not need the electrically heated blanket which had been provided for him.

So one-sided was the conflict after Rowan fled his 92 yards that it was surprising to learn that Navy actually had made more first downs than the victors—13 to 9. The Cadets, however, accumulated their yardage in large, economy size chunks. They ground out 234 yards by rushing to the Middies' 99, and that provided the difference. Navy's aerial attack gained 94 yards to Army's 46.

Ponies

Continued From Page 12

the line to Halliday, who caught it two yards inside the TCU goal stripe. Walker barely missed the extra point that would have given SMU victory.

Walker led the ground-gainers with 87 yards in 24 carries and completed 10 passes out of 14 for 136 yards. But Walker's greatest value was his kick-off and punt returns. He ran three kick-offs back 163 yards, twice almost getting loose for touchdowns. One he raced to the TCU 23 before being hauled down. Another time he went to the 36. It was this one that set up the tying score. Walker ran back three punts for 43 yards.

Berry was as effective at passing as Walker. The little Frog backfield ace threw 10 and completed seven for 140 yards.

The Methodists really showed their defensive mettle in the third period when fumbles twice gave TCU the ball deep in their territory. The first time Rogers pounced on one Dick McKissack dropped on the 17. But the Methodists held Stout in his line plunges and Paul Page intercepted a Berry pass in the end zone to end the threat. But in two plays the Frogs had the ball again. McKissack made two at left tackle but a bad pass from center got away from Walker and Wayne Rogers fell on the ball on the SMU six. Three line tries netted only two yards and Carl Knox flipped a pass to Jackson in the end zone. But the great Walker dashed in and hit Jackson so hard he dropped the ball.

for a man's Christmas

Men's SUITS

Men who demand the finest will enjoy one of our fine suits. We feature the finest, smartest and sturdiest fabrics, the best tailors to give you perfect fit and tailoring — the very best for your money. Regulars, Stouts and Longs.

Rice Owls Terminate Play By Crushing Baylor, 34-6

HOUSTON, Nov. 29. —Rice's burly Owls turned loose their power in the closing stages to smother Baylor, 34-6, here today and clinch third place in the Southwest Conference.

Held to a one-point advantage.

Big Spring (Texas) Herald, Sun., Nov. 30, 1947 13

Engineers Chug Way To 7-0 Win Despite Bulldog Passing Game

ATLANTA, Ga., Nov. 29. — Georgia Tech's Orange Bowl-bound eleven, expected to present a strong passing attack, failed miserably at it at times but connected on a 12-yard scoring heave for a 7-0 victory over Georgia today.

A capacity crowd of 38,000 witnessed the bruising football battle which was marred by numerous fumbles, costly penalties and injuries, and a first half in which neither team threatened seriously.

John Rauch, Georgia's ace passer, just failed to become the fourth collegiate passer in history to complete 100 passes in a season. He connected on 16 of 21 heaves for a total of 98 today. It was Rauch's passes, mostly to Dan Edwards, that kept the underdog visitors in the game.

Edwards caught five for 39 yards to give him 540 yards for the year, tops for collegiate receivers this year.

for two and one-half quarters the Owls began to roll—on the ground and in the air—in the final period to rack up three touchdowns to go, with one they made in the third.

Initial touchdowns for both Bay-

lor and Rice resulted from fumbles.

The defeat left Baylor sole occupant of the cellar.

It was a listless first half, with the Owls having only a narrow edge through an 18 yard touchdown march started by a Baylor fumble.

Baylor's Frank McKinney started off the second half by falling on Harold Riley's fumble on the Owl 27 and seven plays later Jack Price hit center from the half yard line on fourth down for the lone Baylor score.

A 58-yard drive resulted in the second Owl tally late in the third period, and in the final quarter power plays featured a 64-yard touchdown march, passes gained 80 yards and another, and third stringers collected the final tally on a 59-yard drive that began with recovery of a Baylor fumble.

Don Anderson recovered Bobby Griffin's fumble on the Owl 18 to set up the first Owl touchdown. Carl Russ and John Kelly moved to the 3 from where Riley hit center for the tally.

Tobin Rote, sparkplug in the Owls rout of Texas A. & M. and Arkansas, connected twice with Troogie Williams for touch.

The scoring plays being good for 22 and 69 yards.

The third Owl marker, however, came on the ground, featuring Harold Stockbridge, Russ and Kelly with Stockbridge moving around left end for the final four yards.

In the closing minutes of the game, Bobby Lantrip recovered George Sims' fumble on the Rice 41, from where Lantrip and Fred Jacob picked up a first down on the Baylor 36 before Charlie Easter passed to Kelly for 29 yards. Jacob hit center from the four for the score.

Williams made good on three out of four conversion attempts, one being good from the 35 yard line after the Owls drew a penalty. Easter later kicked the fourth Owl extra point.

Baylor threatened seriously three other times but a fumble stopped a first period drive on the Rice 8, and a pass interception by Rice's Don Anderson ended a second period march that had carried to the Owl 7 after Clark Heironimus partially blocked Russ' punt to give the Bears the ball on the Rice 42.

After the Owls' third touchdown, Baylor took the ball on its 11 and moved quickly, on passes from Price to G. M. Nevill, Lyle Blackwood, J. D. Ison, and Henry Dickerson, to the Rice 14 before a holding penalty and the Owl defense held the Bears to 106 from power plays and another 144 through the air.

Forest, North Dallas and Sunset (Dallas) had finished in a tie for first place and the district committee, composed of the six principals, voted unanimously for Forest which was undefeated but tied three times. North Dallas lost one and tied one and so did Sunset.

Forest will play Arlington Heights (Fort Worth), District 7 champion, at Fort Worth next Friday night in the opening round of the state play-off.

Seven of the eight bi-district games have been arranged. They are: Friday—Forest vs. Arlington Heights, Breckenridge at Corsicana, Lamar (Houston) at Goose Creek.

Saturday—Amarillo at Wichita Falls, Paris at Highland Park (Dallas), Longview at Lufkin, Breckenridge (San Antonio) at Harlingen. Odessa at Austin (El Paso) will arrange the site and date of their game in a meeting of school officials at Van Horn Sunday.

Maguire No. 1 Prepares To Plug, Abandon

Russell Maguire No. 1 J. W. Fryar, medium zone wildcat northwest of Big Spring, prepared Saturday to plug and abandon after acidization failed to develop any pay.

line, the Seaboard Oil No. 1 Caldwell... prepared to deepen from 6,700 feet, where it had been carried by Brown & Karcher of Dallas, to 10,000 feet or the Ellenburger. Location is in section 32-32-3n, T&P, in the Vealmoor area.

In southwest Scurry county R. F. Townsend, trustee No. 4 Chapman, section 100-97, H&TC, drilled plug at 1,560 feet. Townsend & Rathff No. 11 Strain, section 117-97, H&TC, set oil string at 1,575 feet. Operations on Townsend No. 4 Moran, block 4, E. P. Smith survey of Kirkland & Fields subdivision awaited oil pipe before starting operations.

Stanford No. 1 J. E. Mabes, extreme northwest Martin county wildcat, drilled at 3,807 feet in lime. It is 660 feet from the southwest corner of section 87, league 250, Brisco county league survey.

Agreement Hoped For

NEW DELHI, India, Nov. 29. (AP)—India and the princely state of Hyderabad reached agreement today under which Hyderabad will have a year's time to consider whether it will join the dominion.

NBC EASES CENSORSHIP

NEW YORK, Nov. 29. (AP)—The National Broadcasting Company has eased its ban of many years standing on the use of the word "diaper," an NBC spokesman announced yesterday.

In "bringing up to date" its policies on program censorship, Ken R. Dyke, network vice president in charge of programs, said that NBC henceforth would permit comedians to mention "diaper"—but only for purposes of dry humor.

"We're not going to be silly," Dyke said. "At the same time we are going to guard against obviously offensive material."

Red Diplomats Held

SANTIAGO, Chile, Nov. 29. (AP)—Foreign Minister Vergara Donoso said today that Soviet diplomats still in Santiago would be kept here and would be sealed off from Moscow pending a Chilean appeal to the international court of justice against a Soviet refusal to allow the Russian daughter-in-law of Chilean Ambassador David Cruz Ocampo to leave the U.S.S.R.

Jailbreak Is Broken Up At Fort Worth

FORT WORTH, Nov. 29. (AP)—Sheriff's officers late yesterday foiled a jailbreak plot in a fifth floor cellblock of the county jail. The block held seven men accused or convicted as felons. One was the notorious "paper sack bandit," Oscar Owen Frazier, who twice has escaped state prison on muleback and who is awaiting return to the penitentiary. He has 50 years to serve on two robbery convictions here.

Officers found a small opening cut in the bars. The sawing of one more bar would have provided a possible escape hatch. The cut bar was stuck back in place with soap.

Investigators believed the bar was cut to provide the prisoners with a weapon with which to slug a jail guard and obtain his keys. Officers found the damaged bar when they noticed rags tied to the heavy grillwork.

CHINESE OPPOSITION PROMISED VOTES

Party Embarrassed By Landslide Vote

By The Associated Press
China's first national election has bounced back in the face of the Kuomintang, or nationalist party.

The party actually is embarrassed because too many Chinese voted for it. One reason is that the government, which the Kuomintang dominates, has insisted on holding the election despite the refusal of the communists to take part.

This communist walkout was followed by a split in a loose coalition of small third parties known as the Democratic League.

Later the Democratic League was outlawed by the government.

In the meantime, two of the league's member parties had broken off and agreed to submit candidates in the election to choose a national assembly. These are the Young China party and the Democratic Socialist party.

that these minority party candidates could win without opposition.

However, voters wrote in the names of Kuomintang men and defeated several of these unopposed minority candidates. Minority party members charged they had been doublecrossed, and the state council partly smoothed things over by invalidating the write-ins.

Meanwhile the important question may be raised as to what effect, if any, the Kuomintang landslide may have on American policy toward China and the vital issue of aid to the Nanking government.

There are various possible ways to explain why the landslide occurred. The first would be that China still has 60 to 80 per cent illiteracy and a correspondingly low level of democratic experience. Many voters just didn't know what they were doing.

A probable powerful factor is the efficiency and nature of the Kuomintang political machine at

the local level.

A Chinese voter might figure his vote this way:

"Our magistrate, our police, our landlords, merchants and bankers all are Kuomintang men or work with Kuomintang men. I am supposed to vote for this non-Kuomintang character, but suppose we all follow instructions and elect him? What good would that do? "Would not he and other min-

ority candidates be snowed under in the assembly? In the meantime, would not our own local officials and influential men—who hold the power of life and death over me in one way or another—would not they be displeased?"

"Why take chances?" Apparently, China's voters took no chances. The Kuomintang won by an even bigger majority than anyone expected.

WEEK'S BUSINESS

Registration Of New Autos Is Up

With the exception of registration of new motor vehicles, business barometers did a virtual

standstill here last week. In the period through Friday, no building permits were recorded, the lightest one-week's activity for the year. This left the total at \$1,006,355.

Similarly, trading in real estate was light with only four deeds being filed in the amount of \$2,075. Actually, the values involved are in many cases more than the amount shown on the deeds.

But business picked up for new car dealers, for they showed 30 registrations on passenger cars, a gain of two for the week, and matched the previous week's figure on truck registrations at two.

Livestock markets were stronger and drew more volume. Total receipts in two sales here for the week were between 1,000 and 1,300 head, plus around 75 head of hogs. Prices were firm to strong, fat classes meeting intense demand and stocker classes gaining sharply in the wake of better prospects for weeds, winter grass and other winter forage. Cotton prices continued their upward trend with most of the tail-end of the crops now up to 29 and 30 cents.

Teachers Debate Over 'Macbeth' Gangster Films

SAN ANTONIO, Nov. 29. (AP)—Gangster films which "glorify crime and encourage juvenile delinquency" were compared to such classics as "Macbeth" in an argument before the Texas State Teacher association ruling body here yesterday.

Opponents to the resolution contended that "Macbeth" could be condemned on the same grounds as the films. The resolution was finally adopted by members of the house of delegates.

Other resolutions approved included those asking: Higher qualifications for teachers, additional legislative action to provide funds for teachers' salaries, a building code for school structures, and commendation of the Gilmer-Alken educational committee for "its apparent serious purpose."

Miss Emma Mae Brotze, junior high school principal at Marshall, was announced as new president of the association, to replace Joe C. Humphrey, Abilene principal, who elected first vice president, Mrs. Maurine Dalley, Stephen F. Austin High School, Houston, second vice president and Luther Burkett, Wichita Falls, third vice president.

James Cagney Signs Warner Contract

HOLLYWOOD, Nov. 29. (AP)—Latest independent to come back to the fold of a major movie concern is James Cagney. Warner Brothers announced that Cagney returns to that studio after a five-year absence. Jimmy and his brother, William, formed their own company in 1942 and distributed through United Artists.

Formal Tea

Opening festivities for the winter season was a formal tea at the Settles hotel Wednesday which took the social spotlight for the week and served as a "take-off" for holiday parties ahead. Hosted for the most part by mother-daughter combinations, the affair was attended by several hundred guests. Pictured at the extreme left are Mrs. M. Miller, Mrs. Doug Orme, (standing) and Mrs. R. L. Tollett, guests at the party. In top right photo are Mrs. Burke Summers and Mrs. Dan Taylor being served by Mrs. J. O. Haymes of Lubbock, former resident and member of the houseparty. At left center are hostesses, Mrs. R. T. Piner and her daughter, Mrs. Morris Patterson, and Mrs. R. E. McKinney and her mother, Mrs. Fred Stephens. In right center view are guests Mrs. J. M. Woodall, Mrs. H. R. Jarvis and Mrs. Jack Irons shown with Mrs. Howard Schwarzenbach, member of the houseparty. Shown at lower left are Mrs. Sonny Edwards and Mrs. Don Burke, members of the houseparty with a hostess, Mrs. Mike Phelan. In the lower right photo are hostesses Mrs. Horace Garrett, Mrs. R. W. Thompson and Mrs. Lee Hanson, mother of Mrs. Mike Phelan.

Salvation Army Yuletide Plans Are Announced

Activities that are being planned for the Salvation Army center include a money raising campaign and helping the needy.

On Dec. 13 the Army will begin the campaign with a Christmas kettle and a wishing well. Christmas carols will be sung and this will continue for nine days.

On Dec. 17 the members of the Salvation Army will begin carolling at night between the hours of 9-10 p. m. in the vicinity near the Dora Roberts Citadel. That afternoon, the ladies will have a Home League rally which begins at 2 p. m.

A Youth Center Party will be held on Dec. 18 at the Youth Center Building beginning at 8 p. m.

On Dec. 23 a distribution of the Christmas dinner checks will be made beginning at 1 p. m. A party will be given that night at the Citadel beginning at 8 p. m. for the Sunday school members and soldiers.

A party for the underprivileged children will be held Dec. 24 beginning at 8 p. m. A musical program and a Christmas Bible story program will be given at that time. Gifts will be distributed and approximately 300 children are expected.

Mrs. Murph Thorp Sr. Entertains Her Son

Mrs. Murph Thorp, Sr. entertained her son, Murph, Jr., who is at home for the holidays with Schreiner Institute, with a Thanksgiving dinner Thursday.

The table was centered with an arrangement of carnations.

Attending were Betty Lou Hewitt, Harold Jones, Jane Stripling, Mr. and Mrs. Sam Baker, Mr. and Mrs. Murph Thorp, Sr., Anna Mae Thorp and the honoree.

Billie Jo Riggs Becomes Bride Of J. C. Anderson In Church Service

Candlelight Ceremony Unites Local Couple

Billie Jo Riggs, daughter of Mrs. Alice Riggs, and J. C. Anderson, son of Mr. and Mrs. D. W. Anderson, were united in marriage Thursday evening in the First Methodist Church with Dr. C. A. Long reading the double ring service.

The church was decorated with pearly gladioli palm and fern.

Mrs. Champ Rainwater, organist, played a medley of pre-nuptial music and the traditional marches. She wore a black crepe dress and a red carnation corsage. She accompanied Patsy Kirk who sang, "Oh Promise Me" and "Because". Miss Kirk wore a pink dress and a corsage of white carnations.

Stella Wheat, dressed in a blue crepe dress with a draped skirt, and Faye Newton, wearing an identical dress in dusty rose, lighted candles. They wore wrist corsages of carnations.

The bride was given in marriage by her brother, D. W. Riggs. She wore a white crepe dress styled with a draped front buttoned to the waist and a bustle back. Her hat was made of crepe with a silver sequin-trim and a shoulder veil. She wore a rhinestone clip at the neck which was a gift of the bridegroom. Her accessories were black and she carried a white Bible topped with shattered carnations and gardenias. White streamers hung from the Bible with candy tuft on the end of each streamer.

She carried a white handkerchief borrowed from Mrs. Logan Baker. As something old, she wore her mother's wedding ring. She also wore a penny in her shoe.

Mrs. D. W. Riggs, matron of honor, wore a blue crepe dress with a draped skirt, bustle back, and long sleeves. She also wore a blue calot trimmed with sequins.

Mrs. Lem Nations, bridesmaid, wore a dress identical to that of the matron of honor in dusty rose and a calot. They carried mixed colonial bouquets.

Glenn Brown served as best-man and George Weeks was groomsmen. Jack Riggs and Ray Anderson were ushers.

Mrs. Riggs, mother of the bride, wore a black crepe dress with rhinestone trim and black accessories. Mrs. Anderson, mother of the bridegroom, wore a gray suit with matching accessories and both had white carnation corsages.

Both the bride and bridegroom graduated from the Big Spring high

MRS. J. C. ANDERSON

school. The bride is a bookkeeper at the First National bank and Anderson is safety engineer for the Insurers Indemnity and Insurance company.

A reception was held immediately following the ceremony in the church parlor. Mrs. Bernard Lamun, Mrs. Glenn Brown, Mrs. Logan Baker, Mrs. O. E. Newton, Leta Cowley and Mrs. Elmo Phillips were hostesses.

Margaret Brown presided at the register which was topped with pearly gladioli.

The table was laid with lace and centered with bouquets of the bridesmaids. A crystal punch bowl was at one end of the table and the three-tiered wedding cake at the other. Crystal candle holders were at each end of the table with white tapers.

Mrs. Lamun served the cake and Mrs. Brown served punch.

After a short wedding trip, in south Texas and Mexico, the couple will be at home at 600 Aylford

For traveling the bride wore a brown and beige striped suit, a brown blouse, brown accessories and a gardenia corsage.

Dee Fromans Entertain Friends And Relatives

Mr. and Mrs. Dee Froman entertained relatives and friends in their home Thanksgiving Day.

Those present were Mr. and Mrs. Bob Gill, Donald Gill, Nelson McGee, Juanita, Mary and Nancy Alexander all of Maryneal; Mr. and Mrs. R. L. Mildred Marie Moore--Jack H. Bryan Are United In Candlelight Service

Rev. McReynolds Is Officiant

In a candlelight ceremony at the First Methodist Church Friday evening Mildred Marie Moore, daughter of Mr. and Mrs. A. C. Moore, became the bride of Jack H. Bryan of Arlington, son of Mr. and Mrs. E. M. Bryan, of Midland. The Rev. William McReynolds of Midland was officiant for the double-ring wedding, assisted by Dr. C. A. Long, pastor of the First Methodist Church of Big Spring.

Vows were exchanged before an altar banked with palms and candelabra. The tapers were lighted by Della Jane Kirkland, cousin of the bride and Jane Norris, who wore identical gowns of yellow and pink taffeta, respectively, and wrist corsages of carnations.

Preceding the ceremony, Kitty Roberts, organist, played "To A Wild Rose" and "Intermezzo". She accompanied Eddie Jo Bryan, sister of the bridegroom, who sang, "Because" and "I Love You Truly." Lohengrin and Mendelssohn wedding marches were played.

The bride, who was given in marriage by her father, wore a gown of white satin that was made by her mother. The set-in illusion yoke was trimmed with a ruffle of white lace that was repeated at the points of the long, tapered sleeves. Tiny covered buttons adorned the bodice in the back. Her fingertip veil was attached to a tiara of seed pearls. She carried a white satin muff topped with a purple orchid, and wore a colonial bouquet and a matching hat of flowers.

The bridesmaid, Rosemary Johnson of Midland wore a frock of light blue taffeta, identical to that of Miss Reising, and carried a colonial bouquet that matched her flower hat.

Four-year-old Beth Martin of Hillsboro, ringbearer, was gowned in white taffeta with pink ribbon trim and tiny covered buttons on the waist. Her dress was styled after that of the bride and was made by the bride's mother. She carried the rings on a satin pillow that was heart-shaped and trimmed with lace.

The mothers of both the bride and bridegroom wore street length dresses of black crepe, black hats and corsages of white carnations.

Leland Keith of Midland served as best man. Paul Bryan, cousin of the bridegroom, was groomsmen. Ushers were Davis Edens of Big Spring, Newell Beauchamp, and Bill Baldrige and Bill Howze of Midland.

Immediately following the wedding, a reception was held in the church parlor, where Patsy Kirk registered guests. Mrs. R. E. Blount presided at the punch bowl and was assisted by Mrs. Bernard Lamun, who served the cake. The two-tiered wedding cake was topped with a miniature bride and bridegroom. A color scheme of yellow and white was carried out. The table was laid with a hand crocheted cloth made by the

MRS. JACK H. BRYAN

bride's grandmother and centered with the colonial bouquets. Other table appointments were the crystal punch bowl and the crystal candle holders with white and yellow tapers.

Out of town guests were Mr. and Mrs. J. R. Thompson and Jerry of Arlington, Mr. and Mrs. W. A. Martin and Beth of Hillsboro and Mr. and Mrs. Lucious Bryan of Midland.

Mrs. Bryan is a graduate of Midland high school and Durham school of Business in Fort Worth. For the last several months, she has been connected with the Joe Pond Insurance of Big Spring.

The bridegroom is a graduate of Midland high school. He served three years in the Army in the South Pacific and Japan with the 5th Infantry Division and is now a student at North Texas Agricultural College at Arlington.

Following the reception Mr. and Mrs. Bryan left for Arlington where they will be at home at 606 Mitchell street. For traveling the bride wore a black suit with white blouse and black accessories. Her corsage was an orchid.

Parsonage Is Scene Walker - Gross Wedding

Mr. and Mrs. Grady Walker will be at home at 708 Main Street in Big Spring following their marriage Nov. 28, in the home of the Rev. Cecil Rhodes, pastor of the Westside Baptist Church.

Mrs. Walker is the former Billie Jean Gross, daughter of Mr. and Mrs. J. T. Gross of Knott and Walker is the son of Mr. and Mrs. Willis Walker of Stanton.

The bride wore a suit of winter white with black accessories and a corsage of orange blossoms. For something borrowed, she wore some pearls belonging to her sister, Mrs. Hershel Johnson, and as something old, a gold ring belonging to the bridegroom's grandmother.

St. Mary's To Hold Regular Services

Regular services will be held today at the St. Mary's Episcopal church.

Church school will be at 9:45 a. m., followed by worship services at 11 a. m. Lay readers will be in charge since the Rev. Charles Abele, former pastor, has left for his new charge in Portage, Wis.

Auxiliary Will Have Business Meet Tuesday

The Women's Auxiliary of the St. Mary's Episcopal church will serve a covered dish luncheon Tuesday night at the Parish house.

All members of the parish are expected to attend the luncheon and business meeting at which time some important business will be discussed.

Nova Gean Williams To Marry Jack Cauble In Ceremony This Evening

Wrought-iron candelabra on either side of an archway of flowers and fern will form the background

SUITED TO YOUTH... Red wool suit with hip pocket flaps, flared skirt.

for a wedding to be performed late today when Nova Gean Williams becomes the bride of Jack Cauble in the Lad Cauble home.

Vows will be repeated at 5 p. m., and Dr. P. D. O'Brien will officiate for the single ring service.

The bride, daughter of Mr. and Mrs. Otis Williams, will wear a white wool wedding frock fashioned with a peplum skirt and nail-head trim. Her accessories will be black and she will carry a white Bible topped with a spray of red roses. Traditional accessories will include an old locket; a borrowed bracelet belonging to Dot Cauble, sister of the bridegroom; and a blue ribbon in her shoe. She will also carry a lucky penny.

Tapers will be lighted by the bride's sister, Faye Williams and Dot Cauble. Miss Williams will wear a gold dress with black accessories and Miss Cauble will wear an aqua frock with black accessories. Both will wear corsages of white gladioli.

Both the bride and bridegroom's mothers will be attired in black with corsages of fall blooms.

Ernie Lee Ache will be best man and the bride will be attended by Nine Vera Shortes who will wear a blue dress with black accessories and a corsage of pink gladioli.

A two-tiered wedding cake topped with a miniature bride and bridegroom will be served with other refreshments following the ceremony.

The bride attended Knott schools, and the bridegroom, who attended schools here, is employed by the Bell Telephone company. Prior to his discharge, he spent two years in the navy, serving in Shanghai and participating in the Bikini bomb test.

The couple will live at 2104 Runnels.

At certain periods the Lemmings, small rodents, native to Norway and Sweden, migrate in large herds to the sea, swimming out to certain death.

The net savings of individuals in the United States rose from \$7.3 billion in 1940 to \$38.9 billion in 1944, but declined in subsequent years.

PHARMACOLOGIST PERFECTS AN AMAZING FORMULA FOR SICK PEOPLE

Works Quickly To Overcome Conditions Which May Have Been Causing Untold Misery Over A Long Period of Time

aided many people back to better health.

It has been found by researchers that many physical discomforts often arise from the accumulation of poisonous waste matter in the system and from the lack of certain health-giving elements supplied in plants by nature.

Penicillin is made from mold, a plant growth; serums are made from animals raised on grass grown in mineral rich soil.

A pharmacologist has now perfected an amazing formula for sick people which contains 25 ingredients—mostly herbs, roots and other plant growths of modern nature. This medicine, called Mertzox, gives you the needed ingredients to help tone up your system; eliminate poisonous waste matter and supply the health and energy giving ingredients so necessary to your well-being so that you can go about your daily tasks with a new feeling of energy.

This medicine goes to work quickly to help overcome the torturing pains of rheumatism. It tones the bowels into a more rhythmic action. Gas and bloating, indigestion, sour stomach are quickly relieved. Kidney and bladder troubles are helped so that the annoying, broken rest from having to get up frequently at night is lessened. Dizziness and run-down feeling is overcome quickly. Mertzox can be taken by every member of the family. It contains no narcotics, opiates or alcohol and will not make you sick or nauseous in the slightest degree. You can now get Mertzox from all well stocked druggists in Texas in 2 ounce bottles.

Man's greatest blessings have come as a result of painstaking research. For years researchers have been finding new alleviation for the ills of mankind; new hope for the miserable.

Pastor, Koch, Lister, Madam Curie and many other great medical minds, since the time of Hippocrates, "Father of Medicine," have contributed their share to science, that we may live longer and in greater comfort. Since the time that medical history was first recorded, research has discovered new diseases and the way to control them.

Pharmacology too, has contributed its share to scientific advancement and proprietary medicine has

"Table Settings" Tour To Be Conducted Dec. 7

The second annual pilgrimage of the beautiful table settings will be conducted Dec. 7 by the Sub-Deb Club beginning at 2:30 p. m.

The first home in the pilgrimage will be that of Mrs. Toots Mansfield at 100 Virginia and the theme at her home will be "Texas—The Heart of Hospitality".

"In the Heirloom Tradition" will be the motif at the home of Mrs. C. D. Wiley at 1010 11th Place.

Mrs. Curtis Driver will use in her table setting, "Symphony in Color" at her home, 1207 Johnson.

Mrs. Hayden Corbin will have "The Egg and I" at the Little Shop.

"Spotlight On the Bride" will be the theme at the home of Mrs. Lewis Price at 810 W. 18th Street, who will be the fifth home to be visited in the pilgrimage.

Mrs. Hudson Landers will show "Among My Souvenirs" at her home at 700 W. 19th Street.

At 509 Dallas Street, Mrs. R. C. Pylett will have a setting "In the Yuletide Spirit".

"I-2-3 A Breakfast Spree!" will be seen at the home of Mrs. Larson Lloyd at 703 W. Park.

Mrs. Clyde Waits, Jr., will sponsor "Springtime Serenade" at her home 521 Hillside Drive.

"Enchantment That Endures" will be the theme at the home of Mrs. Carl Strom, 400 Pennsylvania. She will also be hostess to the tea.

To make this pilgrimage each person must buy a program which is on sale by the Sub-Deb members and pledges and the mothers for \$1.00 and these of necessity are limited in number.

The proceeds will go toward the Sub-Deb presentation which will be Dec. 22.

At each home in the pilgrimage will be a Sub-Deb member or pledge to show the guests the setting.

The U.S. Post Office Department strictly regulates the kind and shape of mail boxes for RFD service.

STANTON NEWS

College Studes At Stanton Homes For The Thanksgiving Holidays

STANTON, Nov. 29. (Sp.)—Several Stanton young people in college were at home for the Thanksgiving holidays. They included: From T.U., Mr. and Mrs. J. Hall, Hardin Zimmerman, George Peters and Ellis Ray Bennett; from Texas Tech, Billy Evelyn Lindsay, Frances Rhodes, Mary Frances Burman, Herbert Jones, Van Ross, Jimmy Mashburn, Pete Woody, Mattie Lou Flanagan, Elmer Criswell and Dorothy Davis; from Hardin-Simmons, Ruby Nell Lawson and Dick Madison; from Schreiner, Holt Priddy and Fate Kefling, DeWitt Sneed and a friend Bernie Free of Sweetwater were also here for the holidays.

Mr. and Mrs. B. T. Hill honored their children and grandchildren with a Thanksgiving dinner. Attending were Mr. and Mrs. Will McWhorter of Midland; Mr. and Mrs. Belton Hill and children; Mr. and Mrs. Riley and daughter of

Plainview; Mr. and Mrs. Bob Hill and David Hill of Arizona.

Home for the holidays from Our Lady of the Lake college, San Antonio, Leslie Jean Tom was honored by her parents, Mr. and Mrs. Edmond Tom, with a dinner party. Attending were Patsy Kelly, R. F. Odum, JoAnn Jones, J. S. Higgins, Betty Bennett, Billy Ray Hamm, and Holt Priddy. After the dinner the group attended a show in Big Spring.

A Suggestion for His Big Gift.

Judge Is Tried
HOUSTON, Nov. 29. (AP)—A Harris county jury was to continue deliberations today in the trial of County Judge at Law Allie Peyton, charged with murder without malice in September 11 fatal traffic accident.

GLAMOUR NOTE . . . Full length wild mink coat with new rolled collar, cuffed sleeves and flaring back. A 1947-48 design by Deinbacher of the Waldorf.

Betrothal Of Miss Nancy Philips To Garth Jones Is Revealed At Tea

The betrothal of Miss Nancy Philips to Garth Jones of Dallas was revealed Saturday when Mr. and Mrs. Shine Philips entertained with an announcement tea at their home. Reared in Big Spring, Miss Philips is associated with The Austin American Statesman as amusement editor, and Jones, son of Mr. and Mrs. A. J. Jones of Abilene, is employed by the Associated Press in Dallas.

The formal ceremony will be read at St. Mary's Episcopal church on the afternoon of Dec. 13.

More than 200 guests who called at the Philips home Saturday were received by the honoree, Mrs. Philips and Champe Philips of Dallas, sister of the bride-elect.

The honoree chose a white crepe formal with gold trim for the occasion and wore with it a shoulder corsage of yellow blooms. Mrs. Philips was attired in a blue, sequin-trimmed, tea gown with a corsage of yellow chrysanthemums, and Miss Champe Philips wore a velvet formal with a similar corsage.

Serving in the houseparty were Mrs. W. W. Inkman, Mrs. Obie Bristow, Mrs. M. K. House, Sr., Mrs. Lewis Price, Mrs. M. H. Bennett, Mrs. Earl Ezzell of Abilene, Mrs. Maurice Koger, Mrs. Pat Patterson, Mrs. Howard Schwarzenbach, Mrs. Vance Lebkowsky and Joyce Croft.

A rich fall color scheme was used in the entertaining motif and featured on the tea table which was laid with a cloth of handmade lace and centered with pom pom chrysanthemums in a bed of fall leaves. The silver tea service was at one end of the table and

at the other were simulated leaves in fall colors bearing the inscription "Nancy will 'leaf' us for Garth Jones on Dec. 13."

The bride-elect will remain in Big Spring until the ceremony. Guests called between the hours of 2 and 6 p. m.

Seven To One Is Birth Ratio

Eight babies were born during the past week in the Big Spring hospitals.

Seven of the eight babies were boys.

Two boys were born at the Malone and Hogan Hospital.

Mr. and Mrs. J. B. Settles are the parents of a boy born Nov. 26, weighing nine pounds and two and one-half ounces.

A boy weighing eight pounds was born to Mr. and Mrs. Everett P. Estus at 2:40 p. m. Nov. 28.

At the Cowper-Sanders Clinic five boys and one girl were born.

Mr. and Mrs. L. T. Shoultz of Foran are the parents of a son, Jackie Tillman, born at 10:30 a. m. Nov. 25, weighing seven pounds and 14 ounces.

Richard C. Scott was born on Nov. 25 at 9:20 a. m. weighing seven and one-half pounds. He is the son of Mr. and Mrs. H. R. Scott.

Horace Wayne Clark, son of Mr. and Mrs. J. D. Clark was born Nov. 28 at 4 a. m. He weighed five pounds and eight ounces.

Mr. and Mrs. M. C. McElreath of Midland are the parents of a son born at 11:12 p. m. Nov. 28 weighing eight pounds and six ounces.

David Glynn McNulty, son of Mr. and Mrs. J. T. McNulty of Midland was born at 9:20 a. m. Nov. 28. He weighed seven pounds and five ounces.

Cynthia Kay Jones, daughter of Mr. and Mrs. J. D. Jones, weighed seven pounds and one ounce at birth. She was born at 9:50 a. m. Nov. 24.

Riot In Cairo

CAIRO, Nov. 29. (AP)—Students shouting against capitalism, Egyptian Premier Nokrashy Pasha and the "Truman-Atlee Axis" battled some 500 armed police in a stone throwing bout at Fuadi University as the school was reopened for the first time since the cholera epidemic.

Departure Delayed

LONDON, Nov. 29. (AP)—King Michael of Romania delayed his departure for Bucharest for the second time today because of bad flying weather. He came here to attend the wedding of Princess Elizabeth and Prince Philip.

FARMER GETS ACTION

HOLLAND, Mich. (UP)—Henry A. Van Dyke, Holland township farmer, decided to stop hunters from disregarding his "no trespassing" signs, parking their cars on his lawn and roving his fields. He hired a deputy sheriff to stand guard and took 3 hunters into court. Each violator paid a \$5 fine. The normal number of such cases for the entire state is less than 25 annually.

MILK WITH A BANG

OLYMPIA, Wash. (UP)—Mrs. Leo B. Ripley received her daily milk delivery to the front porch with quite a bang. The dairy truck was side-swiped by another vehicle and diverted into the front yard, where it smashed into the Ripleys' parked automobile. Scores of milk bottles were thrown over the front porch.

Jessie Mae Couch-Edgar McBride Exchange Wedding Vows Thursday

Before an altar arrangement of autumn leaves, candelabra and baskets of yellow and white chrysanthemums, Jessie Mae Couch, daughter of Mrs. J. W. Couch, of Baird and Edgar McBride, son of Mr. and Mrs. E. T. McBride, exchanged wedding vows Nov. 27.

The ceremony was read by the minister of the Church of Christ in Baird, and was at the home of the bride's mother.

The bride, given in marriage by her brother-in-law, H. W. Whitney, of Big Spring, wore an Avocado green gaberdine suit with black accessories. Her corsage was of white gardenias. She wore an antique pin borrowed from her sister, Mrs. F. B. Kuns of Panhandle.

The candles were lighted by Nancy Whitney of Big Spring and Carolyn Isham of Fort Worth, nieces of the bride.

Mrs. McBride is a graduate of Big Spring high school and attended business school in Abilene where she has been employed for the last two years.

The bridegroom is a graduate of Baird High school and served four years with the Marine Corps.

Following the ceremony, which was attended by only immediate relatives of the couple, a reception

was held. Mrs. Andy Isham of Fort Worth and Mrs. H. W. Whitney of Big Spring presided at the refreshment table.

Afternoon Bridge Club Plans Christmas Party

Members of the Afternoon Bridge Club planned a Christmas party for the next meeting in the home of Mrs. Elvis McCrary when they met Friday with Mrs. Carlson

Hamilton. Mrs. John Ray Dillard won high score, Mrs. Elvis McCrary won second high and Mrs. J. O. McCrary won bingo score. Others present were Mrs. Ray Griffin, Mrs. Jimmy Jennings, Mrs. Roy Lassiter and Mrs. Roy Tidwell.

District Meeting To Be In Odessa

Knott HD Club Plans Holiday Fete Dec. 16

KNOTT, Nov. 29 (Spl)—Plans for a Christmas party, to be held December 16, were formulated when the Knott Home Demonstration Club met with Mrs. E. L. Roman. The holiday affair will be held in the home of Mrs. H. E. Barnes. The Rev. C. Q. Herndon has accepted a call as pastor of the Mount Joy Missionary Baptist church, and services henceforth will be held on the first and third Sundays of each month. The Rev. E. G. Newcomer will preach the first Sunday in December, and the Rev. Mr. Herndon will assume his pastorate on the third Sunday.

Students and teachers enjoyed two days' vacation for Thanksgiving.

The Rev. and Mrs. E. G. Newcomer made a business trip to Brownwood Tuesday.

Mr. and Mrs. Louis Harrell and daughters spent Thanksgiving with her parents in Stanton.

Guests in the P. E. Little home Thursday for Thanksgiving dinner were Mr. and Mrs. G. W. Chapman and family; Mr. and Mrs. Gerald Wellborn and family; Mr. and Mrs. Clifford Murphy and family; Mr. and Mrs. Morris Barnes and Mr. and Mrs. Jud Wellborn and family.

Mr. and Mrs. Hugh Stier of California are visiting Mr. and Mrs. Louis Harrell.

Mr. and Mrs. M. O. Peugh of Lockney spent Thanksgiving Day here with his mother, Mrs. Dorothy Peugh, and brother, H. B. Peugh and family.

Mrs. S. T. Johnson has returned home from Galveston where she attended the state Congress of Parents and Teachers.

Thelma Newcomer and Josephine Calome of Lubbock spent Thanksgiving with the former's parents, the Rev. and Mrs. E. G. Newcomer.

Mildred Brown of Hardin-Simmons university is visiting her parents, Mr. and Mrs. J. E. Brown, over the holiday weekend.

Weekend guests in the J. T. Gross home are her sisters, Mrs. J. D. Speck of Rochester and Mrs. Callie Speck of Lamesa; and her niece, Mrs. H. R. Beauchamp and Mr. Beauchamp, of O'Brien. The Beauchamps also will visit in Midland.

Rev. Gage Lloyd Conducts Lessons

The Rev. Gage Lloyd conducted the second of a series of lessons from the book of Matthew at the meeting of the Presbyterian Auxiliary Friday afternoon.

The first of the series was given Monday afternoon on the first eight chapters of Matthew and Friday's lesson was on Chapters 8 to 13. The last in the series will be given Monday afternoon.

Attending the meeting were Mrs. D. T. Evans, Mrs. L. B. Edwards, Mrs. A. A. Porter, Mrs. Cecil Wasson, Mrs. G. A. Barnett, Mrs. P. M. Simms, Mrs. W. R. Settles, Mrs. J. L. Thomas, Mrs. W. G. Wilson, Mrs. A. B. Brown, Mrs. Gage Lloyd, Mrs. Bob Piner, Mrs. James Little, Mrs. Steva Tamsitt and Mrs. Auna Nicholson.

Instruction School Is Scheduled Here

The first school of instruction for district No. 7 of the Order of Eastern Star will be launched here on Dec. 4, it has been announced.

Mrs. Gladys Dalmont, district deputy grand matron, will be in charge and several of the grand officers are expected for the school, first of the new OES year. Among them will be Mrs. Cheeba DeWees, Fort Worth, grand worthy matron. Mrs. Ruth Pitman, worthy matron of the Big Spring chapter, will assist in preparations with other members of the organization.

The district includes all chapters from Howard through Ector county, swings southward to take in Upton and Glasscock counties and northward to include Dawson.

In 1639, shipbuilding was considered such an important occupation in this country that shipbuilders were exempted from military service and other public duties.

Forsan Residents Report Visitors During Thanksgiving Holidays

FORSAN, Nov. 29 (Sp.)—Mrs. Pearl Scudday has returned from an extended visit to San Antonio and Utopia where she visited her brother, W. B. Cunningham. Accompanying Mrs. Scudday was her brother and family, Mr. and Mrs. Jim Cunningham and sister, Mrs. R. N. Hendrick.

G. B. Hale and son, Lloyd Ray, and L. N. Saunders of Colorado City are hunting near Rock Springs for a few days.

Vernon Gandy, son of Mrs. Mamie Gandy, is home with a Naval discharge which he received in San Diego, Calif.

Mr. and Mrs. Earl Breedlove, Janice and Benny and Mrs. J. W. Deal of San Angelo were visitors of Mr. and Mrs. W. O. Averett Thursday.

Mrs. S. J. Newsom is visiting relatives in Grand Falls this week.

Mr. and Mrs. J. G. Gilmore and children visited their daughter, Mrs. Floyd Griffith and family in Colorado City Thursday.

Mr. and Mrs. Albert Ruth of Colorado City are guests of Mr. and Mrs. Dee Ayres.

Webb Hudson of Sterling City was a business visitor here Friday.

Mr. and Mrs. Wayne Davis of Abilene were here this week with her parents, Mr. and Mrs. W. T. Creelman.

Mr. and Mrs. C. L. Draper and

children spent Thursday in Midland with relatives.

Mrs. G. B. Hale is visiting in Colorado City over the weekend.

Mr. and Mrs. Jake Green and Vivian spent the weekend with Mrs. Green's mother in Burnett.

C. L. Draper will enter Baylor hospital in Dallas soon to undergo surgery.

Mrs. J. N. Seward and son returned home from the Big Spring hospital this week.

Jan Livingston, daughter of A. B. Livingston was home for the Thanksgiving holidays. She will also visit relatives in Denver City. Jan is a student in the San Marcus academy.

Mr. and Mrs. Lloyd Peek and Sevelia were in Colorado City Thursday visiting with Peek's parents.

Mr. and Mrs. Carlton King and family spent Thanksgiving in Sterling City with Mrs. King's family.

Mr. and Mrs. Glen Whittenberg are spending the weekend with relatives in Abbot and Paradise. Their daughter, Glenda, will return with them from Abbot.

Betty Rose is spending the weekend with her parents in Electra.

Mr. and Mrs. G. D. Kennedy and Gerald spent Thursday with Mrs. Kennedy's parents in Bronte.

Laura Whittenberg is in Paradise with her parents this weekend.

Mr. and Mrs. O. S. Clark visited with relatives in Garden City over the holidays.

G. D. Kennedy, G. L. Monroey, O. S. Clark, E. N. Baker and J. L. Holiday attended the football game in Lubbock Saturday.

Mr. and Mrs. John Nasworthy were in Lubbock Saturday visiting Mrs. Nasworthy's sister, Haroldine West, who is attending Texas Tech. They also attended the football game.

Mr. and Mrs. Mutt Scudday and daughter of Brownfield are visiting his mother, Mrs. Pearl Scudday, also O. W. Scudday and Mrs. M. M. Hines.

Mr. and Mrs. Ray Crumley had as their guests, Mr. and Mrs. Howard Mulloy, Mr. and Mrs. Charles Mulloy and Mr. and Mrs. J. W. Mulloy of Stephenville for the holidays.

College students home for the holidays were Bobby Wash and Bobby Baker of Hardin-Simmons in Abilene; Norma Roberts of Draughts Business college; Fern Bedell of a beauty school in Abilene; Dorothy Jean Gressett of WTSTC in Canyon; Dorothy Mae Prichard a student nurse in Lubbock; Stanley Hayhurst of Texas Tech; Bobby Lou Cathcart of a beauty school in Lubbock and James Thompson of Texas Tech.

Big Spring Social And Civic Clubs Are Planning Yuletide Activities

With the first week in December comes a host of reminders of yuletide invitations which will keep local residents busy for weeks to come.

Civic and social clubs with church and school organizations have marked their calendars early in order that members can check activities of coming holiday events.

Below are listed some of the Christmas socials which have been announced for the holiday season.

Dec. 2
Members of St. Mary's Episcopal church will meet at the parish house for a covered dish supper at 6:30 p. m.

The Needle and Thread club will have a Christmas party with Mrs. Harvey Wooten.

Dec. 3
Mrs. Matt Harrington will be hostess to the 1946 Hyperion club. A special program will be presented.

Dec. 9
Mrs. D. E. Meier will be hostess for a Christmas party in her home, 606 Bell, and guests will be members of the Spudzio Fora and their husbands.

Dec. 10
Music Study club will have a Christmas program at the Settles hotel.

Auxiliary of Post Office Clerks will attend a program and social in the home of Mrs. D. F. Bigony.

Dec. 11
The H. W. Smith home will be the scene of a Christmas party for members of the Kiwanis Queens.

Dec. 12
The Ladies Golf Association will host a five-city league meeting at the local country club.

Members of the Modern Woman's Forum will have a Christmas program at the home of Mrs. Cecil Collings.

Dec. 13
Roundelay Dance Club will have a yuletide dance at the Settles ballroom.

Dec. 15
Members of the Kill Kare Klub will gather at the Rufus Miller home and then proceed to the El Patio for a Christmas dinner.

They will then return to the Miller home for a Christmas party.

First Methodist WSCS will attend a luncheon and Christmas tree party at the church.

Dec. 16
The Harmony Bridge club will have a Christmas party at the home of Mrs. G. C. Graves.

The Music Study Club will have its annual Christmas guest program for the public with Dr. George Steinman of McMurry to conduct the program.

Dec. 17
Past Matrons of the Order of the Eastern Star will attend a Christmas dinner at the home of Mrs. Gladys Dalmont. Mrs. Minnie Michael will be co-hostess.

Jack Free's orchestra will play for a Wednesday Night club dance at the country club.

Dec. 18
The Bubble club will meet with Mrs. Frank Timmons for a turkey

dinner. Guests will include members' husbands.

A fellowship dinner will be held at the First Christian church for members of the congregation and their guests.

The Exemplar chapter of the Beta Sigma Phi will be entertained with a yuletide party at the home of Mrs. T. A. Harris.

The GIA will hold an annual Christmas party at the lodge hall.

Dec. 19
Mrs. L. D. Chrane will be hostess at a Christmas luncheon for members of the Junior Woman's Forum. Trainmen Ladies will meet for a Christmas party at the lodge hall.

Dec. 20
The Beta Sigma Phi sorority will entertain with a banquet at the Crawford hotel.

A Christmas program will be presented at the Settles hotel by members of the Lions Auxiliary. The 1905 Hyperion club will meet

with Mrs. V. Van Gieson for a party sponsored for underprivileged children.

Dec. 21
The Wesley Methodist church will devote evening services to a Christmas program and tree for children and young people of the church.

Dec. 22
Wesley Methodist WSCS members will be entertained at a party in the home of Mrs. Aubrey White.

Sub Debs will hold their annual presentation and formal dance at the Settles hotel.

The Woman's Missionary Society of the First Baptist church will hold a Christmas social.

Dec. 23
Pledges of the High Heel Slipper club will be presented at a formal presentation at the Settles hotel when members entertain with a dance.

ALBINO FOX SIGHTED
RANDOLPH, Vt. (UP) — An albino fox — a rarity of the animal world — was reported seen near this village by Duane Manning and Keith Campbell.

LATEST IN BALL POINTS
BOSTON (UP) — An ingenious Bostonian has invented a ball point pen with which women can dab themselves with perfume. A Paris merchant has ordered 100,000 of them.

Visiting in the L. G. Malone home during the holidays are the two sons and their wives, Mr. and Mrs. G. E. Malone of Abilene and Mr. and Mrs. L. E. Malone of Dallas.

LOST 42 POUNDS WITHOUT DIETING

The following remarkable story shows conclusively that Barcetrane DOES take off fat.

It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barcetrane, the original grapefruit juice recipe takes off fat quickly, safely and you can eat plenty.

Here Is Proof
"When I started taking Barcetrane, I weighed 212 pounds and wore size 46 dresses. Now I wear size 18 and weigh 166 pounds. I started taking Barcetrane in March and by June I had lost 47 pounds. I would have lost more weight had I left off fattening foods, but I was anemic at that time and afraid to diet. People who knew me before I started taking Barcetrane are amazed at the weight I have lost. My flesh is firm; I have never become flabby or wrinkled and I am 40 years old."

"Before taking Barcetrane I couldn't do my house work without becoming exhausted; had dizzy spells and my head and back hurt me constantly. I was so short winded, I was miserable. But now all those things have gone and it is really a pleasure to do the chores I once dreaded."

"Three years ago I nearly died with Typhus fever and it left me anemic and I could never get my blood count up again or get back my energy. After taking Barcetrane my blood count started up and is now normal. So you see why I praise Barcetrane so highly and recommend it. Any praise I can give Barcetrane is small compared to the relief and happiness it has brought me." — Mrs. Eula Whitehead, 609 Harmon, Corpus Christi, Texas.

At All Drugists
The above is one of hundreds of amazing endorsements we have received.

If you are overweight and want to take off ugly fat, just go to your druggist and ask for four ounces of liquid Barcetrane. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonfuls twice a day. If the very first bottle doesn't show you the simple, safe, easy way to take off weight, return the empty bottle for your money back.

WHAT GIVES 'ROUND TOWN

By Leatrice Ross

The past few days certainly have been like old times around the town, what with all the college gang home for the holidays. It's been several months since we've waved so often, sat idly so long, or summoned up such laughter over old jokes.

The junior college is becoming a haven for students detached from their own alma maters for these holidays. Half the dancers Thursday evening at the school's Thanksgiving Day setto were from other colleges: Joyce Jones (TS-CW), Joe Fowler Brooks (NTAC), Clarice Petty, Dave Platt (Tech), Beverly Stuling (TCU), Wendell Strahan, (Schreiner), Luan Wear (Tech), Charles Lovelace (Tech), Muriel Floyd (S-SU), Billy Crunk, Ann Blankenship, Frances Melr (Tech).

And couples at dance just from HCJC or around the town: Anita Mason, James Brooks, Helen Tubbs, James Holley, Dalpha Gideon, Bobby Blum, Tommie and Hugh Cochran, Carolyn Cantrell, J. Y. Blount, Betty Ray Nall, Bill Hix, Melba Dean Anderson, Bill Newson, Betty Lou McGinnis, John Smith, Betty Stutenville, Ladd Robb, Ellen McLaughlin, Ike Davidson, Bobbie June Bobb, Jimmie Peden.

Other old college faces encountered on the streets or elsewhere: Mickey Butts TU; W. T. Morgan and Ensor Puckett, HSU; Ralph Wilson and Herbert Johnson, TU; Jane Norris, McMurry; Pete Cook, Tech; D-Eon Priest, American School of Art, Dallas; Pee Wee Simmons, College of Mines; Ardis McCasland, TU.

Billy Bob McDonald, who works in the dockyards at Houston, is home for the holidays. . . Pee Wee Peters, Pic. from San Antonio, gets back today after five days here. . . Amelia Quast of Sweetwater spent the weekend in Big Spring with Vegavene Apple. . . Rhoda Miller left Saturday to spend a couple of days in Carlsbad. . . Johnny Hawks spent Friday in Lubbock.

Everybody appeared to get a laugh out of the second high school junior class play, "Til Death Do Us Part." Thursday evening—even the cast laughed. Twosomes out for the evening: Baba Douglas, Tex Massey, Joyce Howard, Jimmy White, Bobbie June Bobb, Zack Gray, Lindell Gross, Gorman Rainey, Jerry Bankson, Bobby Fox,

NOW... Safely Lose UGLY FAT!

Up to 7 Pounds per week EATING CONDENSED FOOD TABLETS

START LOSING FAT FIRST DAY without starvation, harmful drugs, laxatives, exercise or massage

Yes, Kyrone Tablets, the new food tablet way to reduce, will help you lose up to 7 lbs. first 7 days—or you pay nothing. If your excess weight is caused by over-eating (and not glandular), Kyrone is designed to act 3 ways: (1) to help appease your hunger, to cut down your appetite automatically, yet you never feel hungry; (2) includes nutritious elements to help maintain your energy while reducing; (3) Recommends in package many foods often falsely labeled in ordinary diets as "fattening."

Endorsement by your physician recommended.

"I LOST 35 POUNDS IN 7 WEEKS"

—says Mrs. Kathryn Walker
3222 West Potomac Avenue, Chicago

"Kyrone results have been absolutely astonishing—I am 27 years old, and have a 7-year-old daughter. When I started using Kyrone, I weighed 153 pounds, and felt awfully old and fat. In 7 weeks, I lost 35 pounds. I used to feel sluggish and always tired. Now I feel so much younger and gay. My friends and my husband can't get over the change that has taken place in 7 short weeks."

REDUCE up to 7 Pounds FIRST 7 DAYS - or No Cost

MAKE THIS 7-DAY TEST: without risking a penny! Get a package of Kyrone Tablets from your druggist. Eat these condensed food tablets for 7 days—and follow directions as explained in package. Check your weight before and after using Kyrone. If you are not 100% delighted with results... return the empty package to your druggist, and he will return your money. Make this test today. Ask your druggist or department store for Kyrone Tablets... the condensed food tablet. BUY IT TODAY.

*If you could
read her mind!*

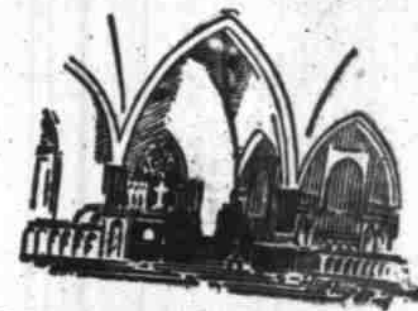

You'd be a stronger man, a stronger woman... if you could read her mind!

Those worries and fears that walk forever with us... they would fall behind. The sorrows that seem an inescapable part of life... they would suddenly be far away. And all of the boredom and drabness of life that make each day too much like the others... they, too, would disappear. Today would seem a privilege — tomorrow, a promise.

If You could read her mind you'd be a child again! And as a child you'd kneel and **really** pray. You'd **Know** it makes a difference when we believe in God. You'd **Know** there is a Way through all the clouds of life. And though you might not know the meaning of the word — you'd have a **faith** that gives each prayer an Answer.

We cannot, nor should we want to be children again. But that **faith**, so real in childhood, can be found again in later life. And whenever we find it... we're stronger men and women!

The Church can help you re-establish that **faith**.

**THE CHURCH FOR ALL...
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

DON'T SHRINK BACK

Christmas Shopping Need Not Be Fatal

By MRS. MARGARET RITZ
Once again the time of year is approaching when we will witness that phenomena of hurly-burly known as "Christmas Shopping." Offhand we don't know of any pat solution for circumventing this annual scrimmage. A bachelor friend of ours has one formula. He waits until Christmas Eve and then salutes forth to order 20 fruit cakes,—"and that," says he, "is that." But, for the benefit of his friends, at least, here are some more practical hints on Christmas shopping. Make a Plan

Instead of starting out willy-nilly, sit down and plan your Christmas shopping. A little headwork beforehand will save a lot of hard work afterwards.

1. First, decide whom to get gifts for. Then, think about each person and decide what sort of gift will best fit each personality. If "Jack," for example, is an ardent golfer, see if you can find some new gadget for golfers, etc. Consult Christmas catalogues and magazines; they will help to stimulate fresh ideas. Then make a little list with your general ideas opposite each name. Do not wait until the last moment. No one should have to be reminded of what it's like when you buck that tide of last minute shoppers.

2. Now take this list and put it right to work. Please don't wait until the last moment. No one should have to be reminded of what it's like when you buck that tide of last minute shoppers.

3. Do your shopping early in the morning. There's much less traffic to contend with then. For example, a customer who comes in at 10 a. m. will find less than half as many people in the store as there will be around noon.

4. If you are shopping in a large store, get a copy of the store directory. During the Christmas season many stores shift the location of certain departments. But in any event, you'll save yourself many steps if you figure out a general shopping route beforehand rather than just wandering around the store at random.

5. Remember, special orders can not be filled in a few days. If you have monogramming, engraving, photography, or any similar operation on your list, allow plenty of time to get it done.

6. Remember to allow time to devote to the appearance of your gifts. Try to make them look as

bright and shiny as Christmas itself. The outside of a Christmas package is almost as important as its contents.

7. Since breakages do sometimes occur, be your own delivery boy when you purchase fragile goods that are small enough to carry. As a matter of fact, the more packages of all kinds that you can carry at this time of year, the faster the delivery service will tend to be.

Get Information
8. If you need any information on mailing, call up your post office or drop in there on your way home. They will gladly give you wrapping instructions, size and weight limits, time limits for foreign shipment or similar information.

9. Start thinking about those Christmas cards, especially if you hope to have any printing done on them. If you leave yourself enough time, you can even scribble a short personal note on some of the cards that will help to keep you in closer touch with old friends.

10. Get out your Christmas tree ornaments and other decorations and look them over. Don't leave yourself stranded on Christmas Eve with a string of lights that don't light or missing some essential such as a Christmas tree stand.

Ideas Asked For Highway Development

Citizens of Big Spring and all other cities and towns on Highway 80 in this area have been invited to submit suggestions and ideas for a list of objectives to be outlined for a comprehensive tourist development program. J. H. Greene, manager of the Big Spring chamber of commerce, has announced.

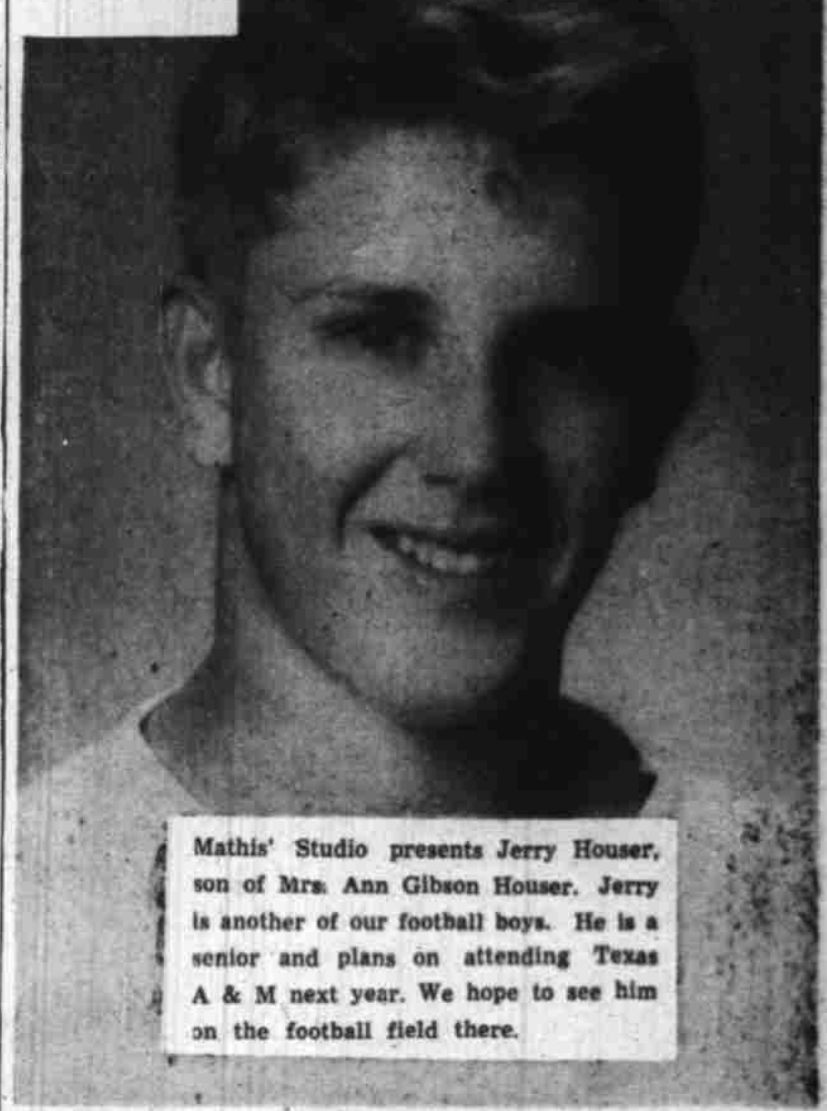

Greene, who was selected to head the by-laws committee of the US 80 Highway association's central division at an organizational meeting last week, said suggestions would be welcomed from all sources.

"Some person who does not even know of the organization may have an idea we need to develop a successful program," Greene said.

The local chamber manager said that any point of interest to tourists along the US 80 route in West Texas should be called to the attention of the by-laws committee. He asked that suggestions and ideas be forwarded to his office in writing within the next few weeks. The by-laws committee is scheduled to meet in Colorado City on the morning of Dec. 16, to draft the list of purposes of the highway association, and all suggestions should be in the hands of the committee chairman in advance of that date.

The central division of the US 80 Association was organized last week in El Paso for the purpose of boosting tourist traffic on the well-known transcontinental highway.

Oil Well Completions Hit 116 For Week

AUSTIN, Nov. 29. (AP)—Completion of 116 oil wells for the week ending today brought this year's total to 5,255 compared with 4,228 for the same period in 1946, the Texas railroad commission reported today.

There were 11 gas well completions. This year's total is 571, against 626 at this date last year. The total average calendar day crude oil allowable as of today was 2,567,848 barrels, an increase of 6,539 from last week.

Navy planes on last year's Antarctic Expedition explored about 75,000 square miles of ice-strewn ocean on which no ship had ever sailed.

SECTION III

Big Spring, Neighbors Will See Giant Parade December 4

Huge Balloons To Be A Highlight

Big Spring and its neighbors are due to witness what is expected to be the largest parade ever staged here at this season of the year when the Christmas season gets a formal welcome on Dec. 4. Special activity of the day will begin during the morning hours and continue through a night concert in the Municipal auditorium with the parade forming the nucleus of a complete program of festivities.

The parade will be highlighted by the appearance of the famous Jean Gros balloon characters, interspersed with local floats, vehicles and high school bands.

The Jean Gros balloons which have been molded into a variety of characters, already have passed in review before thousands of people in other Southwestern cities. The line-up includes 50 characters, all of them huge specimens, among which are animals, prehistoric monsters, fairy-tale characters and a giant train, complete with engine, coaches and passenger cars.

A number of local organizations plan to enter floats, which will be assigned to the various sections.

GIANT BALLOON TRAIN—Center of attraction during the Christmas parade scheduled in Big Spring for the afternoon of Dec. 4, will be the famous balloon train, which is composed of locomotive and coaches with passengers. This section is billed as the largest balloon feature in the world, and it will be accompanied by a number of fantastic rubber figures in the parade.

Route To Cover Downtown Area

A route which virtually covers the Big Spring business district has been mapped for the Dec. 4 Christmas parade.

The units are to form on Nolan street, with the first section to lead off from the intersection of Fourth and Nolan.

It will proceed north to Third street, west to Runnels, north to Second, west to Scurry, south to Second, east to Main, south to Third, west to Gregg, south to Fourth, east to Main, north to Third, east to Runnels, south to Fourth, east to Nolan, the point of organization.

Detailed arrangements call for seven full sections, each composed of enough entries to form a parade within itself.

A high school band will be assigned to each section. Bands entered will be representing high schools at Cosboma, Colorado City, Crease, Midland, Lamasa, Sweetwater and Big Spring.

The parade has been scheduled under joint sponsorship of the junior and senior chambers of commerce, with dozens of local merchants cooperating.

The high school bands will be in competition for cash prizes to be offered winners in two divisions. For the first place band of 60 or more pieces, \$75 will be awarded, while the runner-up will receive \$50. Similar prizes have been ar-

ranged for bands with less than 60 members.

The band members are due to arrive here during the morning to attend a clinic scheduled at the Big Spring high school. Dr. D. O. Wiley, director of bands at the Texas Technological college, will conduct the clinic.

After participating in the parade, 100 of the band members, to be selected at the morning clinic, will present a night concert in the Municipal auditorium under direction of Dr. Wiley.

There will be no admission charge for the concert, and the general public is invited to attend. Starting time has been set for 7:30 p. m.

Generally, Big Spring's business district already has assumed the atmosphere of the Christmas season. Local merchants, eager to exhibit liberal stocks of gift merchandise, have arranged colorful window displays, and the business district Christmas lights are being erected.

Showers Help Stock Sales

Recent showers have strengthened all classes of livestock, particularly the stockers, trends in the West Texas Livestock Auction company sale of last week showed.

Marvin Sewell paid \$7.00 for a fancy milk-fed yearling consigned by Dorothy Petty, daughter of Mr. and Mrs. B. J. Petty. The animal went across at \$59 pounds.

A total of 675 cattle and 40 hogs went through the ring to accompaniment of lively bidding. Hereford cows and calves ranged from \$130 to \$147, mixed cows and calves from \$110 to \$140. Fat cows brought 15.00-18.00, heiferettes to 19.00, fat yearlings 24.00-25.30, fat calves 19.00-23.00, stocker cows 11.00-13.00, stocker yearlings 20.00-21.00, stocker calves 19.00-21.50, canners and cutters 9.00-13.00, hogs 15.50. Hogs were stronger at 25.10 top.

ENCYCLICAL RUMORED
CASTEL GANDOLFO, Italy, Nov. 29. (AP)—Reports circulated Friday at the papal summer residence and in Vatican City that Pope Pius XII is engaged in preparing an important encyclical on world social conditions.

HIP-DEEP MARSH WORK

Texas, Louisiana Trappers May Reap Richest Harvest

ORANGE Nov. 29. (AP)—Muskrat trappers, toiling hip-deep in the muck of almost impenetrable marshes of the Texas-Louisiana coast country, may reap the richest harvest in the history of the back-breaking industry, fur buyers and trappers predict here.

Eleven to twelve million rat skins, selling for near-record prices ranging from \$1.50 to \$2.25 per pelt, may be taken in the bi-state area, industry leaders say. The season opened Nov. 15 and will close March 15.

Most of the early catch will bring over \$2 per pelt, trappers say, because of a scarcity of fur. "There are no skins on the market at present and furrers are in desperate need of materials," Sam Barton, Orange buyer, said. The majority of the furs to date are of top quality.

For several decades, estimated the season's catch and added that a "long, hard winter" lies ahead. Paven based his weather prediction on the thickness of the hair on muskrat pelts. His is recognized locally as an accurate weather prophet.

He added that a long, cold winter means extra thousands of dollars profit to the rat trappers, because of the improved quality of the furs.

The season opening also means boisterous business for nearby towns. When ratskins are at a high price and the catch is good, small coastal towns like Vinton, La., 10 miles east of Orange, enjoy a boom as long as the trappers' money holds out.

A large percentage of the trappers are of French descent who talk with a Cajun dialect.

Nominations Are Made For ABC Officers

Nominations for officers of the American Business club for the six months' term beginning Jan. 1, were announced Friday by C. Y. Clinkscales, outgoing president, at the club's regular luncheon meeting. Nominees were selected by the Past Presidents' chapter of the ABC club.

Named for president were Lee Harris and Ralph Wyatt; first vice-president, R. E. McKinney and W. N. Norred; second vice-president, Howard Schwarzenbach and Blondy Chrane; third vice-president, Arthur Caywood and A. M. McNary; secretary, J. E. Dugan and J. O. Hagood; tall twister, Charles Staggs and Eugene Thomas. Other nominations will be accepted from the club at large when officers are elected at the coming meeting.

Mrs. Howard Schwarzenbach presented three students from the Kate Morrison school in a musical program, including songs by Alvin Moreno, vocalist, a Mexican dance by Raphael Gonzales and Mary Lou Gonzales, and an organ solo by Miss Gonzales.

Bill Horne announced plans for an American Business club bowling team to be entered in a proposed city league. Ralph Wyatt, parade float committee chairman, called a meeting of committeemen to complete plans for the club's entry in the Christmas parade.

To Meet In Lebanon

MEXICO CITY, Nov. 29. (AP)—The 1948 General Conference of the United Nations Educational, Scientific and Cultural Organization will be held in Beirut, Lebanon. A plenary session of UNESCO's second general conference here chose Beirut over Paris by a vote of 20 to 10.

FINNISH STRIKE ENDS

HELSINKI, Finland, Nov. 29. (AP)—A strike of more than 40,000 government employees, which tied up communications, railroads, planes and ships and closed schools for two days, was called off Friday.

MARKET RISING

Harvest To The Last Boll Indicated For '47 Cotton

A harvest to the last boll is indicated for the 1947 cotton crop in view of a rising market on the tall end of the season.

When trading Friday jumped \$4 a bale on highest levels, it substantiated a trend of recent weeks—one that has made the ragged end of the harvest bring about as much as the early part of the crop, a refreshing contrast to most years. Quotations were ranging from 29 cents plus up to as much as 30 and 31 cents on cotton coming to gin at the end of the week, and buyers had posted as much as 34 cents on some lint turned out before rains of 10 days ago.

A lot of the early season cotton, picked and pulled, went at 29 cents, and at one time a sagging market caused talk of much cotton going into the loan. Today the reverse is true. Most of the lint to market now is dull middling and middling gray—both coming within the low middling grade. Staple has not been affected visibly, ranging from 13-18ths to 29-23nds.

Break in the market on lower grades is sharp. Middling 7-8ths cotton brings 325 points (100 points to the cent) off the spot quotation. Low middling 7-8ths slid sharply to 600 points off, or two and three-quarter cents below middling. Then if staple is off the 1/8 margin—13-18ths for example, the break is 100 points. But even in the face of this, the price structure is stable enough to encourage clean sweep on harvesting.

Thus, it is probable that another three-quarters of a million dollars of cotton still in the field will be

gathered either by hand or mechanical harvesters. Although cold, wet weather induced a sizeable exodus of pickers, the labor supply is generally fair for this time of the year. The rate continues at about \$2.25 cwt, which runs the labor costs to \$50 plus per bale since trash requires substantially greater amounts for a bale of lint. Hence the pronounced swing to mechanical devices, principally strippers or sleds. On the whole, these units are doing a pretty good job, according to ginners, except

in areas of poor stands and where the field contains a significant percentage of rank stalks and green bolls. Here again trash runs up the ginners figure, but this is offset in reduced labor figures. Gins, according to buyers, are doing a uniformly excellent job in cleaning late cotton, considering the amount of trash induced by frost, rain and sandstorms. The cloud of dust billowing from plants any day of the week is evidence that blowers are shaking out the topsoil.

PRISON BOARD WITH NEW GENERAL MANAGER — Members of the Texas Prison Board are shown as they met in Tyler, Texas, Nov. 25, with O. B. Ellis, newly appointed general manager of the Texas Prison System, who will take over his job on Jan. 1, under a four-year contract. First row, left to right, they are B. A. Stufflebome, Grand Prairie; W. C. Windsor, Tyler, chairman of the board; Ellis; Branson Morgan, Jasper; and T. B. Havins, Brownwood. Back row, left to right, they are T. N. Whitehurst, Beaumont; Elmer Lincoln, Texarkana, named recently to succeed Lindsey T. Murray of Waco; French Robertson, Abilene, named Nov. 24 to succeed W. Albert Lee, Houston, who resigned; and Barney L. Harrison, Greenville; and J. E. Wheat, Woodville, (AP Photo).

Through careless use of the land 50,000,000 acres have been destroyed in the United States and another 50,000,000 acres are almost in as bad condition.

WEST TEXAS OIL
Extensions Loom In Winkler, Kent

SAN ANGELO, Nov. 29.—Indicated southeast extensions to the Kermit Ellenburger field in Winkler county and the Polar (Ellenburger) pool in southwestern Kent county were among principal West Texas oil developments this week.

Magnolia No. 1-DD State-Walton, old producer on the northeast side of the Keystone Colby field in Winkler deepened from 3,693 feet, flowed 42.31 barrels of 43.2 gravity oil the first hour and 17.7 barrels the last 30 minutes of a two-hour drillstem test of the Ellenburger from 10,580-615 feet. Gas-oil ratio was 2,400-1.

Drilling continued to 10,635 feet without further testing and 5 1/2-inch casing was cemented preparatory to a completion attempt. Location is the C NW NE SE 7-B3-psl.

Humble No. 2 Irene Elkins, southwest outpost of the Polar field in Kent county, C SE NW 37-5-H&GN, recovered 7,020 feet, or 46.3 barrels of 38 gravity oil on a one-hour drillstem test of the Ellenburger from 7,845-95 feet. After the section from 7,895 to 7,905 yielded only slightly gas-cut mud, 5 1/2-inch casing was cemented on bottom for perforating.

No. 2 Elkins is three-quarters of a mile east and a quarter mile south of Humble No. 1 Lydia Vick, the discovery, and three-quarters of a mile south and a quarter mile east of Humble No. 1 Irene Elkins, a producer.

Shell No. 1-Evelyn Lineberry was scheduled for completion as the third well in the widely spread Nelson (Ellenburger) pool in western Andrews county, from open hole between 10,270 feet, where 5 1/2-inch casing was cemented, and the total depth 12,410 feet. Its granite wash. The Ellenburger was topped at 10,265 feet and yielded 1,090 feet of oil and 240 feet of heavily oil and gas-cut mud on a drillstem test from 10,309-360 feet lasting one hour and 40 minutes.

No. 1 Lineberry is one mile west and one-half mile north of Shell No. 1 A. Nelson, opener of the Nelson pool, and two miles south and one mile east of Humble No. 2 H. O. Sims, only other producer in the field.

Geo. P. Livermore, Inc., and Honolulu No. 1 W. E. Williamson, Hockley county wildcat, was due to plug back from 4,745 feet to shut off sulphur water in the San Andres and acidize that section below 5 1/2-inch pipe cemented at 4,626 feet. It is in the northeast corner of labor 48; league 74, Haskell county school land survey, six miles northeast Pettit and 1 mile southwest of the Yellowhouse (San Andres) pool.

Slick-Urschel Oil Co. No. 1 Plymouth D. L. Alford, bidding for discovery Ellenburger production in western Upton county, cemented 5-inch casing at 12,018 feet, four feet off bottom, preparatory to perforating zones that yielded heavy gas, spraying distillate, on drillstem tests. It is in section 50 1/2-Y-P, B. Scott.

Sun Oil Co. No. 4 Homer Jameson was finished as the eleventh producer in the Jameson (Strawn) Ellenburger field in northwestern Coke county for a natural 24-hour flow of 212.58 barrels of 48 gravity oil from open hole at 6,238-6,537 feet. It is in the C NW SW 253-1A-H&TC, quarter mile north of Sun No. 1 Homer H. Jameson, producing west offset to Sun No. 1 Allen Jameson, the discovery. Sun has staked 13 more locations, in the field or one-location outposts.

Sun No. 3 Homer H. Jameson, most westerly test in the field, C NW NE 316-1A-H&TC, was testing the Ellenburger below 7,135 feet. Sun spudded No. 1 J. W. Arledge, slated Ellenburger wildcat C NE SW 261-1A-H&TC, eight miles east and one mile north of the Jameson pool opener.

Oison Drilling Co. No. 1 Arthur Stuart, southeastern Sutton county wildcat testing the Strawn, swabbed only nine barrels of oil daily from a twice acidized section between 4,135-75 feet. The oil was cut 10 per cent by acid water and fresh water load. Location is the C SW SE 68-7-TW&NG, on a Shell farm-out; 2 1/4 miles southeast of Sonora.

Probably a record amount of cement in West Texas, 5,650 feet—more than one half million pounds and the equivalent of more than four railroad carloads—was used in sealing 9 1/2-inch casing on bottom, in anhydrite, in Argo Oil Corp. No. 1 Ikins in Reeves county. The cement was forced up behind the pipe to within 570 feet of the top, to close many cavities. The test is in the C NW SW 293-13-H&GN, 1 1/4 mile south-southwest of Argo No. 1 Mrs. Dora Roberts, a discovery Wolfcamp producer.

Tenth Anniversary For Shick To Handle Christmas Tree

It will be a 10th anniversary for Nat Shick as chairman of the community Christmas tree decorations when he switches on the lights at the courthouse lawn Thursday.

This year a record number of lights will sparkle on the elm tree, whose branches have been festooned regularly since 1937 with the exception of two war years.

Shick was made chairman of this Yuletide activity when it was started and has directed Texas Electric Service staff members in placement of the lights over that period of time. He started out with 300 lights, and this year there will be 1,500 to sparkle just as Santa Claus arrives.

Takes Russian Post

MOSCOW, Nov. 29.—The Soviet council of ministers announced today the appointment of Valerian A. Zorin, former minister to Czechoslovakia and now a Russian representative at the United Nations, to be a deputy minister of foreign affairs.

Dies From Exposure

ROTAN, Nov. 29.—Justice of Peace J. W. Price returned a verdict of death from natural causes and exposure after the badly decomposed body of Bill Sanford, 69, of Hilsen community, was found in a pasture near here yesterday.

Louisiana Oil Report

BATON ROUGE, La., Nov. 29.—The state conservation department of its weekly oil report today listed completion of 15 wells with combined initial daily production of 2748.90 barrels, abandonment of eight tests and issuance of 38 permits for new wells.

Manure stimulates the activity of soil bacteria and other organisms, helping to keep the soil alive and functioning and increases its moisture-holding capacity.

Singer Is Dead

DALLAS, Nov. 29.—Funeral will be held here today for Bob Bacon, 55, of Dallas, second tenor with the Stamps quartet, a gospel singing group, who died yesterday in Seymour of a cerebral hemorrhage Saturday last week.

Learn Of Death

Mr. and Mrs. T. G. Adams received a message Saturday advising of the death of Mr. Adams' brother, Jess, in Monahans, who died suddenly.

The Adams left immediately for Monahans.

FARMERS, AIRMEN CONTACTED Meeting Asked To Study Crop Damage From Weed Eradicator

WASHINGTON, Nov. 29. (AP)—A meeting of agriculture and aviation officials to discuss ways of preventing cotton crop damage from a weed eradicator dusted on rice fields was proposed Friday by Rep. Thompson (D-Tex.).
 Last spring weed eradicator powder dusted from an airplane over rice fields in Texas blew into nearby cotton acreages and, Thompson said, caused extensive damage.
 After conferring with Civil Aeronautics Administration officials on the matter, Thompson sent out letters to numerous farm officials suggesting a joint aviation-farm meeting.
 "The CAA has sufficient authority under present regulations to compel airplanes which handle

Angelo Jaycee Defeated, 13-0

SAN ANGELO, Nov. 29. (AP)—Tyler Junior college completed an impressive record this year with a 13-0 victory over San Angelo college here yesterday and the victory not only won the Southwestern Junior College conference championship, but may get the Apaches a bid to the Little Rose Bowl in Pasadena, Calif.
 The Association which picks the contestants last night was reported favorably impressed with the Apaches' undefeated, untied record.
 Kilgore last year played in the inaugural Little Rose Bowl tilt. A 24-yard pass from Jim Drake to Rollin Frase accounted for the first Tyler touchdown, then Gene Shannon broke loose for 73 yards and the second marker.

Brother Of Famous Swindler Is Dead

ROSLYN, N. Y., Nov. 29. (AP)—George Dietrich, 53, brother and business associate of the late F. Donald Coster-Musica who engineered one of the most melodramatic swindles of the turbulent '30's, died in a hospital here Thursday of leukemia.
 Dietrich, whose home was in Fairfield, Conn., entered the hospital several weeks ago.
 As assistant treasurer of the vast McKesson & Robbins drug empire which Coster-Musica headed, Dietrich was sentenced in 1940 to two and one-half years in prison on mail fraud and conspiracy charges growing out of his brother's \$21,000,000 faked assets manipulations of the company's books.

Italian Government Devalues Its Lire

ROME, Nov. 29. (AP)—The Italian government—in its fourth attempt since the Armistice to bring official quotations of the national currency into line with its real value—devalued the lire Thursday from 250 to 389 to the dollar.
 The lire has been exchanged successively at 100, 225 and 350 to the dollar, since the armistice.

Texas Economy Proved Sound In Statistics

Texas' economy is sound in comparison to that of other states, according to statistics released by the Texas Employment Commission, which indicate the Lone Star state has considerably less unemployment, than states of comparable population.
 Federal statistics place Texas 16th in number of unemployed workers drawing unemployment insurance, TEC reported.
 New York State, with 186,600, has nearly 20 times as many unemployed insurance claimants as Texas' 9,500, while California has nearly 11 times as many as Texas, Pennsylvania five and half times as many and Illinois and New Jersey approximately five times as many.
 The Federal Security Agency comparison showed the number of unemployment insurance claimants for the week ended Oct. 4. The TEC pointed out that in many of the states with much larger soils, the laws extended protection to individuals employed by firms with one or more, four or more, or six or more workers of firms with eight or more people in their hire.
 Despite the heavy percentage of Texans in the armed services during the war, Texas was sixth among the states in number of unemployed veterans claiming readjustment allowances. As of Oct. 4, there were actually 18,900 veterans on the rolls in Texas.
 New York as three times as many unemployed veterans claiming allowances, Pennsylvania almost three times as many and California nearly twice as many as Texas.
 Comparative figures for veterans readjustment allowances follow: New York, 59,200; Pennsylvania, 51,600; California, 36,400; New Jersey, 22,400; Massachusetts, 19,200; Texas, 18,900.

Like Rent Controls

WASHINGTON, Nov. 29. (AP)—Tighe E. Woods, acting housing expediter, announced Friday that recommendations for continued rent controls have been received from advisory boards at Huntsville and Galveston, Tex.; Tulsa, Okmulgee and Shawnee, Okla.

Get 1947 Power and Pep with a Brand-New Buick Fireball Engine

To those whose spirits tingle at the thought of stepping away to the tune of today's flashing Fireball power:
 To those who dream of touching toe to treadle and unleashing all the zip and go packed in a 1947 Buick straight-eight engine:
 Here's a bright and happy idea that makes dreams come true now.
 We'll put a sleek new factory-fresh engine — identical with the engines going in our 1947 cars — right in your present Buick. We'll lift out the old engine, lower this sleek new one in its place, hook

it up, and there you are with a sweetheart ready for thousands and thousands more miles of thrilling performance and with a car worth much more than it was before. It's the next best thing to getting a new Buick.
 How can we do this, when new cars are so hard to get? It's this way. Sheet steel and other parts

are short. That holds up bodies and completed cars. But engines are coming along great guns.
 So we have these 1947 honeys ready to put in any Buick built in the last 10 years. To do it takes less time than a major overhaul. It often costs less too. And convenient payments can be arranged if you like.
 Pretty nice idea, isn't it? Why not look into it today? We'll be glad to go over it in detail with you.

DeCarlo And Brent Star In Technicolor Attraction At Ritz

The new Technicolor production, "Slave Girl," opens today at the Ritz theatre and has Yvonne DeCarlo and George Brent in the top billing.

Yvonne De Carlo is photographed as the Venetian dancer, enslaved by an Arab sheik but freed by a band of pistol-packing Americans. Her dancing and acting are peak moments in the picture.

George Brent, a United States envoy, leads the band of Americans. Brent's smart acting and tongue-in-cheek portrayal of the swash-buckling role will make this among his most popular appearances.

Carl Esmond is excellent in his portrayal of the handsome turbaned sheik, brother of Esmond and the Fasha of Tripoli, who also makes love to Yvonne.

Lois Collier is a pert, aggressive Arab slave, bought by Broderick Crawford. Arthur Treacher, known for his butler and valet roles, gives one of his most amusing portrayals as a man of action. Bulky Andy Devine is leader of a group of American seamen. All turn in capable performances.

Charles Lamont's direction keeps the story moving rapidly and with suspense. The plot is the brain work of Michael Fessier and Ernest Pagano, who wrote the original screenplay and produced

the picture. George Robinson and W. Howard Greene are responsible for the beautiful photography and Milton Rosen for the weird but melodious musical effects.

HIGHLIGHTS ON KBST

Charles Laughton To Be Starred In Galsworthy Drama Tonight

Charles Laughton will be starred in the Theatre Guild On The Air production of "Old English," John Galsworthy's engrossing drama this evening at 8:30 p. m. over KBST.

Playwright Galsworthy examines the problem of the perpetuity of power in "Old English," a drama whose central character symbolizes the tenacious properties of great wealth. He is an aged and ailing man, unable to attend to business, who nevertheless wields limitless power over the creditors and stockholders of one of his companies. It is a power he uses to further his own ends and to perpetuate his tightening grip on the lives of those around him.

Laughton, of course will be heard in the role of the crusty, capacious, irascible old invalid named Sylvanus Heythrop, a man possessed both of enormous wealth and of the will to use it ruthlessly.

THE LONE RANGER
The main question to be solved in "Sunset Valley" is why, after the ranchers have agreed that farmers could settle in the valley, they suddenly do an about-face and blow up an unfinished water dam in order to starve the settlers away. The Lone Ranger enters the

Royal Wedding In Newsreel

"News of the Day" at the Ritz theatre today features complete film coverage of the climax to the famous royal romance, as Princess Elizabeth, heiress apparent to the British throne, weds Prince Philip, in a pageant of pomp that ranks with Queen Victoria's Jubilee. The entire procession is filmed by the news camera.

Grid specials on this week's news program include USC-UCLA, Yale-Harvard, Notre Dame-Tulane and Penn State-Pitt.

SEEK CARAVAN — Yvonne De Carlo and George Brent (above) search the sands for a caravan in "Slave Girl," opening today at the Ritz theater.

CO-STARS — Alan Ladd and Dorothy Lamour (above) are the co-stars of "Wild Harvest," coming to the State theatre screen today.

"TUXEDO JUNCTION" — Above is a scene cut from "Tuxedo Junction," starting today at the Lyric and starring the Weaver brothers and Elviry.

FRI.-SAT.—"Alla en el Rancho Grande," with Tito Guizar and

Story Of Combine Crews Is Told In 'Wild Harvest'

Alan Ladd, Dorothy Lamour and Robert Preston pay a return screen visit to Big Spring in "Wild Harvest," which starts today at the State Theatre.

The picture has the unusual and interesting background of America's great wheat fields. It tells the story of the men who handle the giant harvesting combines, and their adventures are colorful and thrilling.

Ladd is seen as the leader of a combine crew—tough fighting men, every one of them. They have need to be, for their work of harvesting involves them in battles with rival crews, has them battling the elements, wheat fires and many other hazards. The story provides high spot after high spot of action and excitement, punctuated by romantic complications provided by the beautiful Dorothy Lamour. Dorothy plays a straight dramatic role as the sultry, ill-tempered niece of a farmer.

She and Ladd are attracted to each other but when he finds her interfering with his work, Ladd walks out on her. Dorothy, in a huff, marries Robert Preston, Ladd's best friend and co-worker. Dorothy immediately proceeds to

foment trouble between the two men. Things come to a dramatic, punch-packed climax that finds Dorothy getting the worst of it. Credit the brunette with a good performance, entirely different from anything she has yet done. Ladd is the not-to-be-taken-in-hem man who prefers the camaraderie of his fellow crew members to the kind of love Dorothy has to offer.

Robert Preston, who scored such a hit in "The Macomber Affair," comes through again with a characterization as does Lloyd Nolan. "Wild Harvest" was directed by Tay Garnett, produced by Robert Fellows.

ABBOTT AND COSTELLO
One of the most unusual children's programs will bring the comedy team of Abbott and Costello into the field of juvenile entertainment when the two stars launch a Saturday morning series over KBST Dec. 6 from 10 to 11:30 a. m.

In the new program, Abbott and Costello will serve as emcees and will have as their guests various young stars of the stage, screen and radio. A \$1,000 bond will be given away on each show, according to present plans, to winners of contests originated on the program. In addition, there will be prizes of playground equipment and correspondence and local school scholarships.

Called Totalitarian
NEW YORK, Nov. 29. (U.S.—Stanislav Mikolajczyk, self-exiled leader of the Polish peasant party, Thursday described the country which he fled last month as "a pure totalitarian state," but said that the communists "will never get the souls of the Polish people."
