TO SIGN, OR NOT TO SIGN? HE'S PUZZLED

WITNESSES ARE AGREED MISTAKE AS TO IDENTITY

Jack Campbell Discharged by Court After Habeas Corpus Hearing.

"I am thoroughly convinced of the Eastland Jack Campbell's death and I am not convinced of his having been resurrected, therefore I am forced to grant this writ giving this man his liberty. You are discharged, Mr. Campbell."

This was, in substance, the statement of Judge George L. Davenport of the 91st district court, after he had heard the testimony from witnesses in the habeas corpus hearing Wednesday afternoon on an application made by Jack Campbell of Oklahoma, who had been held in jail here since Sunday on the belief that he was the Eastland Jack Campbell alleged to have been killed at the "Stone House" near here on the night of October 10, 1920.

All Witnesses Agreed.

Sheriff "Dug" Barton was the first witness called to the stand by attorneys for Campbell. He testified that different parties had told him that they were well acquainted with the Eastland Jack Campbell and the Oklahoma man and that they were one and the same person. Rangers Shumate and McCoy, Mr. Barton said, were the men who arrested Campbell near Pawhuska, Oklahoma, and brought him to Fort Worth where he was turned over to sheriff Barton to be brought to Eastland. Neither Shumate nor McCoy appeared as witnesses.

Former County Attorney G. G. Hazel, who prosecuted the Eastland Jack Campbell, and secured his conviction on a charge of bootlegging, former sheriff H. E. Lawrence, former deputy sheriff Jim Steele, former chief of police Omar Burkett, George Russell, former deputy sheriff at Okon, all of whom knew the Eastland Campbell, and a number of whom saw him after he was killed, stated on the witness stand that there was little, if any, resemblance in the Oklahoma man and the Texas man. The Texas man was older, larger, had darker eyes and had a scar over one eye that the Oklahoma man did not have. Testimony given by a number of other witnesses was about the same.

C. C. Wright of Eastland was the only witness called to the stand by the state's attorney. He stated that he knew the Texas Jack Campbell, but that the Oklahoma man was a different person and only slightly resembled the Jack Campbell that he knew.

Signature Different.

Jep Little, Eastland druggist, was placed on the stand. He said that he knew the Eastland Jack Campbell and that he held an unpaid note against him at the time he was killed and that it was never paid. He was then asked to compare the signatures on the note he held and the application for a writ of habeas corpus signed by the Oklahoma man. He said they were different signatures. K. C. Edmunds, Eastland undertaker, who went to the rock house after Campbell's body on the night he was killed and embalmed it in preparation for shipping, was recalled to the stand by the county attorney after he had testified at the instance of the attorneys for Campbell. He was asked as to the kind of casket the Eastland Jack Campbell was placed in and replied that it was what is known as a Baltic steel, automatic sealing casket which he said was supposed to automatically seal up, airtight, when the lid was screwed down.

The 91st district court room, where the hearing was held, was packed to capacity while the hearing was in progress. Campbell sat by the side of his attorneys during the short time the hearing was in progress. He showed no signs of being in the least uneasy about the outcome of the hearing and when the court made his announcement, he said, "Thank you, judge," arose and left the room, smiling.

RANGER GIRLS TO SELL POPPIES FOR FUND OF WIDOWS AND ORPHANS

Attractive Ranger girls will sell poppies on the streets of Ranger the Saturday preceding Memorial Day, the net proceeds to go to the American Legion's widows' and orphans' fund.

The Carl Barnes post last night decided to purchase the poppies, made by disabled French soldiers, and thereby assist the women and children who lost their loved ones in the World War.

A general committee, to arrange for the observance of Memorial Day, was appointed and consists of the following: J. A. Shaw, chairman; Otis R. Brady, Richard Elliot, Elvin Lindsey and Joe Fry.

A committee was also appointed to see after the sale of the poppies. More than 30 vets were present.

DEEP STRATA DRILLING MAY REVEAL GREATER OIL WEALTH WAITING

EASTLAND CO. OIL OUTPUT HIGHEST IN MANY MONTHS

Ranger-Eastland Field Pass 16,000-Barrel Mark, First Time Since Last Summer.

Oil production in the Ranger-Eastland pools is the highest since early last summer, according to pipe run figures gathered by the Fort Worth Star-Telegram for the Texas fields. The combined fields produced on an average last week a daily output of 16,240 barrels of crude, a clear gain of 350 barrels over the previous week. This is the first week the combined production has passed the 16,000 mark in eight months. The Ranger district alone was credited with 8,000 barrels and the Eastland field with 8,240 barrels for a total of 16,240 barrels. Last June, the Ranger production alone, ran from 10,000 to 11,500 barrels, but the following months it slumped several thousand barrels when the proration policies were put into effect by pipe line companies.

Shallow Pay Boosts Total.

Early this year the separate production totals for both fields hung around the 7,000-barrel figure. The 1,100-foot pay south of Ranger has contributed considerably to the gradual increase in pipe line runs this year.

There was a total gain of 940 barrels in daily production for North-Central and West Texas last week. The production is now 120,000 barrels for the first time in many months. Archer county had a 1,300-barrel increase and Electra a 700-barrel increase. This was sufficient to offset small declines in other pools. Powell field dropped 7,000 barrels, due almost entirely to a decrease in output of the big producers on the Stroube & Stroube Hill lease, Hoosier et al., Hill lease and Mills Bennett K. Wolens lease. The No. 3 of the latter has quit and an effort is now being made to bring it back to production.

Production Figures Follow.

North and West Central Texas.

W. W. HOUSEWRIGHT NOW ACTIVE VICE PRESIDENT OF RANGER STATE BANK

W. W. Housewright has succeeded Gus Nelson as active vice president of the Ranger State bank. Housewright is now in Ranger and Mrs. Housewright will also move to Ranger as soon as their affairs are wound up at their former home at Devoal, Okla.

Housewright has had 16 years experience in banking, during which time he has been closely associated with P. P. Langford, president of the City National bank of Wichita Falls. He is a native Texan, having been born in Wylie, Collin county.

"I haven't had much chance to get acquainted with your city and her people," Housewright said to day. "I've been getting familiar with the names of our clients and the note business here."

Mr. Housewright impresses one as being a good mixer. He has a winning smile. After looking over several progressive and growing cities in Mr. Housewright selected Ranger as offering the most attractive promise, both for business and residence.

Higher Prices for Crude, With Depleted Production Because of Fewer Flush Flows in New Fields, Likely to Start More Wildcatting in Eastland County.

Production of oil at the 3,900-foot depth as witnessed by the No. 4 Brown test of the Magnolia Petroleum company in the southwest part of the Breckenridge pool, offers a prospect of deeper production in the immediate Ranger pool, informed Ranger oil men said today.

The No. 4 Brown has an actual output of 715 barrels in the first 24 hours with several million feet of gas registered reports from Breckenridge Tuesday said.

This production came from a strata 600 feet deeper than the great black lime strata, which with the gray limestone at the top of the Marble Falls formation came the bulk of the Ranger production.

The Brown test pay came in a gray limestone near the top of the Marble Falls formation. The lower lime, it is said, was either absent or not developed.

Little Deep Drilling.

In view of the discovery of the 3,900-foot production in three other directions from Breckenridge last year the question is being asked how far will this strata extend. This depth has never been exploited in the immediate Ranger vicinity with any great success.

Oil has been produced at 3,700 feet in the Ranger field. There has been little drilling for oil at greater depths than 3,700 feet here. The 3,900-foot strata is different from any structure found close to Ranger.

When Oil Prices Rise.

"It is possible that there is oil at 4,100 feet," he said, "and when oil reaches a better price and materials are lower, there will be drilling for this deep stuff." He indicated that he wouldn't be surprised if 4,000-foot pay was found in paying quantities in this field.

In the great rush for oil four and five years ago, drillers tested for 3,700 feet oil, but only dry holes resulted for the most part. The Fox well, seven miles south of Ranger, came in at this approximate depth for 100 barrels, but it failed to stand up last year.

"You Never Know."

Asked if he believed there was oil below the surface deeper than the Ranger pay, he smiled and said, "You never know. Frequently it happens that oil found at a different depth than that of the field is drilled for and the field has to be re-drilled."

It would appear that the best chance for another great pool of oil to be developed by Ranger men and to be of particular benefit to the future growth of Ranger lies in a pay sand at a depth of 4,100 feet or deeper than the famous Ranger pay. All of the present producing Ranger pay wells at 3,470 feet were put down during the great oil era here. Since then the shallow pay or 1,100-foot sand south of Ranger several miles, has excited the most interest.

THAW LEAVES WITNESS STAND WITHOUT BEING ASKED ANY QUESTIONS

PHILADELPHIA, April 17.—"The climax" of the Thaw sanity trial turned into an amazing anti-climax today when the slayer of Stanford White took the stand and left it without being questioned.

Thaw's counsel announced that Mrs. Mary Thaw, Harry's mother, was ill and immediately rested their case. The parties opposed to Thaw's release were caught unawares by Thaw's attorney, Judge Patterson, in putting Thaw on the stand and then turned him over to the opposition.

After a hurried consultation they announced "no questions" and the court adjourned till this afternoon. Thaw was on the stand only a few minutes. He spoke with an impediment in his speech that seemed to give him a foreign accent. Patterson merely asked him his age and then turned him over to the opposition.

Revival Services Are Meeting With Gratifying Success

All churches conducting simultaneous meetings in Ranger report fine attendance and gratifying results. Horace Hay is leading a large crowd each day and night at the Methodist church, while Ernest Baldwin at the First Baptist church is giving some mighty convincing talks to his interested and ever increasing congregations.

At the Christian church there are still more additions and interest increases with each day and night. Central Baptist church had ten additions Monday night with nine for baptism and on Tuesday night fifteen additions, eleven of them for baptism. The crowd is growing each night and the music led by E. L. Payne is a special feature of the services. The attendance and interest at the Presbyterian church is increasing steadily.

Wildcat Drillers Roaming Over New South Texas Fields

SAN ANTONIO, April 17.—Through recent investigations of a geological report made in 1855 by Mr. George G. Shumard, at that date a geologist of the United States war department, it has been shown that an area in DeWitt, Karnes and Wilson counties, southwest of San Antonio, Texas, extending northwest to Yorktown, Texas, there exists most favorable indications of petroleum pools.

Since 1855 when Dr. Shumard passed through this section as chief geologist of the Pope expedition sent out by the war department to investigate the possibility of an artesian water well, when a southern transcontinental railroad was being agitated, there has been a great change in the appearance of the country. What was then a vast prairie is now either farming lands or mesquite or oak woods, the prairie having entirely disappeared. It is also found that what in his day was a chain of very narrow but very deep salt lakes, is now but a shallow, intermittent stream of surface water.

Dr. Shumard in 1850 and again in 1852 was the geologist of the two expeditions sent out under Captain Pope to explore the headwaters of the Red river, and in those years he passed over the territory of what is now the north Texas oil fields. In his report he calls attention to the great thickness of the rocks in the Southwest Texas area and to their strong similarity in places to what is now the Stephens county (North Texas) oil fields. The ancient chain of lakes is now known to be a great fault in the earth with a direction north-northwest. North of this fault there is an uplift of metamorphic rock partly changed to calcareous and the Fayette beds of the Eocene formation. This uplift has a course northeast and southwest on a direct line between the Luling oil field and the Callham oil field in northern Live Oak county. Somerset field lies northwest of the new field.

A peculiarity of the territory in DeWitt county is shallow artesian wells at one place that flow by heads, one of these has flowed since 1854. Along the Coletto creek which runs through Yorktown there is approximately 20 feet below the surface a bed of black shale from which oil is readily obtained.

County Federation Of Women's Clubs To Meet Saturday

The April meeting of the Eastland County Federation of Women's clubs will be held in Ranger Saturday afternoon at 2:30 o'clock in the auditorium of the high school. The presidents of local clubs will form the reception committee to receive visiting members.

All club women of the county and all women interested in the work of the county federation is trying to do are cordially invited to attend this meeting.

The program which has been arranged by Mrs. G. D. Chastain will include the following numbers: Address of welcome, Mrs. John Thurman, president Child Welfare club. Response, Mrs. Homer Morgan of Gorman; song, high school chorus; reading of original poem, Karl E. Jones; talk by Miss Ramey, county demonstration agent; song, Mrs. J. M. Dodson; talk by Miss Faye Nixon, public health nurse of Ranger.

A report of various committees will be heard and especially of the library committee which has been collecting books and magazines for distribution among the rural districts. All clubs of the county federation are collecting books for this purpose and a splendid showing is expected at this meeting. Refreshments will be served at the close of the session.

RISE OF THIRD PARTY LARGELY DUE TO FARMERS' BELIEF THEY ARE NOT GETTING SQUARE DEAL

Republican Tariff Gives Protection to Favored Industries and Agricultural Products Pay Cost; Proposed Cure-All-ills Bill Futile.

WASHINGTON, April 17.—Reports coming to Washington from the west indicate that the sentiment favoring a third party is confined almost wholly to sections which normally are republican and that it is not likely to be checked or changed by the nomination of President Coolidge even if he has a westerner for his running mate.

If a third party fails to present to these disgruntled republicans an opportunity to register their displeasure with the Harding-Coolidge administration, the reports further reveal, they will either remain away from the polls or support the democratic presidential nominee.

Western agricultural producers who have heretofore credited to republican tariffs the relative prosperity they have experienced have a wholly different view of "protection" after a three years' demonstration of its futility for them. Far from their former confidence in a tariff, the farmers of the west, and particularly the thousands who grow wheat, are charging it with partial responsibility for their distress.

Farmer Probes Wound.

The recent addition of 12 cents to the previous duty of 30 cents a bushel on wheat was received with a jolt in most of the states where that grain is the principal crop or an important product. Out in Nebraska the experience of a farmer who wanted to buy a disc harrow, recently, has found its way into print and is going the rounds of the metropolitan and rural press.

This farmer wanted a new harrow to prepare his land for oats. He asked the price of the machine and found that it would cost him the yield of a 10-acre field of oats. Then he began to ask an explanation of the disparity between the price of his products and the cost of the implements he need in the cultivation and harvesting of his crops.

What that farmer discovered was that the harrow and most of his other machinery and tools are manufactured of steel and iron on which there is real, effective "protection"—the sort that can be collected in the selling price. He learned also from the newspapers which told his story—that the United States Steel corporation had just reported, through Judge Gary, chairman of its board of directors, that 1923 was for it a very prosperous year. This corporation had profits in 1923 sufficient to pay 7 per cent on its preferred stock and \$16.43 a share on its common stock—the latter originally practically all "water."

This little study of the tariff is typical of the inquiry the farmers are making elsewhere in the northwest. What they learn is discrediting the republican tariff and destroying the republican chances in that section.

When Doctors Disagree.

Republicans in congress and republicans in the cabinet are in disagreement about the McNary-Haugen bill, which was offered by its authors as a new and sovereign remedy for agricultural ills. Some of these republicans commend while others condemn the bill, and both factions are urging President Coolidge to make a decision as to whether or not it should be enacted. And the president takes refuge once more in his favorite retreat—solemn silence.

Secretary Wallace favors the McNary-Haugen bill, and so does Senator Cummins, president of the senate. Chairman Marvin of the tariff commission opposes the bill, and so does Senator Curtis, assistant leader of the senate. Secretary Wallace has assured the ways and means committee of the house that the bill is the only one before congress offering any prospect of relief to the farmers. Chairman Marvin warned the same committee that enactment of the proposed measure inevitably would cause "distress, confusion and trouble."

His fair prediction on the basis of the present situation is that the McNary-Haugen bill will be amended out of all semblance to its original aspect and then be killed by the votes both of friends who resent the changes and foes who hate its lingering likeness to its first form.

In the midst of the controversy Senator Curtis is preparing a substitute that is supposed to meet the wishes of President Coolidge and defeat the hopes of nearly every one else.

HOUSTON EXPECTING TO APPREHEND ACTIVE FIREBUGS

HOUSTON, April 17.—The investigation of more than 200 suspicious fires in Houston will result in the arrest and conviction of several persons, Fire Commissioner Anderson said today. The examination of a number of additional witnesses was scheduled this afternoon.

JUST START SOMETHING TO MAKE HEADWAY

Successful Washington Realtor Says Better Make Mistake Than Stand Still.

By United Press.

WASHINGTON, April 17.—An ultra-conservative is a greater menace to business and politics than the worst radical, because the radical at least "starts something."

Thus reasons Harry Wardman, Washington's master builder and contractor, and the largest real estate holder, excluding the federal government, in the District of Columbia. It is this reasoning that guides him as he is today working out plans for 1,400 houses, all soon to be under construction here.

"My idea is to get something started, even if it goes wrong," he said, as he patted the head of his German police dog, lying beside his desk in his own office building, immediately across the street from the department of justice. "If I didn't start something I would never accomplish anything—and that's far worse than making mistakes."

Sells to Home Owners.

"Take these 1,400 houses," he went on. (It seemed he dropped the "h" on the "houses", but his Yorkshire training in speech is responsible for that.) "When they are completed I will have built more than 5,400. All will be sold to small-home investors and none will go for more than \$7,000. They'll be absolutely modern, though. Just a small monthly payment, like rent, after an even smaller first payment, in comparison."

Wardman recently testified before the District of Columbia rent commission that he would build these houses to relieve the housing situation here. A congressman at the hearing offered to "bet a thousand dollars" he wouldn't do it.

"Mr. Congressman, I'll bet you a thousand dollars to one, these houses will be started in less than a week," he came back. The congressman held his peace, and in less than a week ground was broken for the first of them.

According to his plan, as he explained it today, Wardman will finance his buyers through old-line insurance companies. He will handle the monthly payments in his own office, but the first payments will be so arranged that they can be repaid in small amounts every three months. In this way, he explained, there will be no necessity for renewals.

Good Moral Risk.

"All I ask of a man who wants to buy a home from me is that he be morally a good business risk," Wardman declared. "I have already built more than 4,000 houses and 300 apartment houses and I have never yet foreclosed a mortgage."

And Wardman has conclusively proven his theory of leniency to be the basis of success.

Thirty-five years ago he came to Washington from his home in Bradford, Yorkshire, and entered the drapery business. Later he accepted a position with a larger firm in Philadelphia.

Then he met a contractor from Washington. A fast friendship was formed, and in 1899 Wardman moved to the capital. Eleven months later he had decided he was a "poor carpenter," but knew enough of the practical end to start contracting for himself. Since then his progress has been steady, even in conservative old Washington.

BOB EDWARDS OF OKRA IN RACE FOR SHERIFF OF EASTLAND COUNTY

R. W. (Bob) Edwards of Okra has announced for sheriff of Eastland county subject to the action of the democratic primaries.

Mr. Edwards has been a citizen of Eastland county for the last 40 years. He is a man of fine character and sterling worth and a man who has many friends. He is thoroughly competent to fill the chief peace office of the county. He has been engaged in farming and stock raising most of his life and has never before been in politics. It was only at the solicitation of many people of the county that he was induced to make the race for sheriff this time.

Mr. Edwards is a man who has made a success of his private business and will apply business methods to the sheriff's office should he be elected to that position, it is said.

PRESIDENT IS THINKING OVER NIPPON THREAT

Considering Action to Take on Japanese Exclusion Provision in Immigration Bill.

By United Press.

WASHINGTON, April 17.—President Coolidge today took under consideration what action he shall take on the new immigration bill, excluding Japanese from America. The president conferred with Secretary Hughes, known to be opposed to the exclusion provision in the immigration bill.

Senator Lodge, who took the lead in supporting the exclusion provision because of Ambassador Hanhara's famous note and Senator Willis, Ohio, who also voted for the exclusion measure, also visited the White House executive offices.

One of the following two courses is likely to be followed: That Mr. Coolidge sign the measure and at the same time issue a statement explaining that no practical end would be served in view of the temper of congress. That no affront is meant to Japan and that the administration make it plain that it strongly opposes enactment of such legislation against Japan.

That the president will veto the measure under some arrangement whereby Ambassador Hanhara would issue a statement clearing up the supposed threat of "grave consequences," in his note, which would give congress an opportunity to reconsider the exclusion feature of the bill in view of his statement.

FRIENDSHIP BETWEEN JAPAN AND U. S. TO BE UNBROKEN

By United Press.

TOKIO, April 17.—The friendship between Japan and the United States will remain unbroken although the record may be impaired by the adoption of a Japanese exclusion provision in the immigration bill, Premier Kiyoura of Japan declared today. He indicated that the letter of Ambassador Hanhara, which created such a sensation in the United States congress, might have been interpreted in a way not intended by Japan, and pointed out that it was written in a foreign language.

Campbell Denies Wheeler Employed By Him As Alleged

By United Press.

WASHINGTON, April 17.—Governor Campbell of Montana today denied before the senate committee investigating the indictment of Senator B. K. Wheeler of Montana that Wheeler had ever appeared before the department of the interior for him in the capacity of a paid attorney. Campbell was indicted with Wheeler by the federal grand jury at Great Falls, Mont.

The indictment charged that Wheeler had illegally accepted a retainer from Campbell to represent him before the department, in connection with oil drilling. Campbell said he had no business with the department in January or February, 1923, or when Wheeler is alleged to have received the retainer. He said that Wheeler had "repeatedly" told him that he could not appear before any department for him.

AMERICAN AIRPLANE IN ROUND-WORLD FLIGHT SUFFERS SOME DAMAGE

By United Press.

CORDOVA, Alaska, April 17.—The U. S. army round the world flight was held up at Chignik today as the three planes which reached that fishing station waited for the arrival of Major Frederick L. Martin in the air cruiser Seattle.

Major Martin and his mechanic, Sergeant Harvey, were with their plane, which was being towed to Kanatak, on the Alaska peninsula, 170 miles east of Chignik, after being forced to descend near Portage Bay. Cablegrams from the destroyer Hull, which found the two airmen, said the Seattle would need repairing before it could proceed to Chignik.

MOTORMEN AND CONDUCTORS IN DALLAS VACCINATED

DALLAS, April 17.—More than 100 motormen and conductors were vaccinated by the city health department when a motorman on the Akard Lake trolley line was forced off the job with an attack of small pox. The entire street car force was exposed, according to officials. They urge passengers on the Akard-Lake line to also get vaccinated.

ONE NEGRO KILLED AND OTHERS BADLY SLASHED IN FREE-FOR-ALL FIGHT

DALLAS, April 17.—Lee Strong, negro, is dead, and two other blacks are in a serious condition, and several others were severely cut with knife and razor following a free-for-all battle in Gibson alley in the local black belt. Strong is alleged to have been stabbed to death by Lonnie Townsend, Strong wielded a razor, but finally was mowed down by Townsend, who was armed with a long, heavy knife. Townsend is in a hospital with razor wounds about face and head.

DASHING HELEN WILLS, GIRL TENNIS STAR, WILL BE WORLD'S WOMAN CHAMPION IF SHE WINS NEXT JUNE

By HENRY L. FARRELL, United Press Sports Editor. NEW YORK, April 17.—Another of California's fairest daughters, a dashing 18-year-old miss, stands ready now for elevation to the throne as the international queen of tennis. Golden-haired Helen Wills, the idol and the proud boast of all America, is the recognized champion of the United States, and if she wins the British championship at Wimbledon next June, she will be the legitimate champion of the world.

There is no official title as the world's champion tennis player, but there can be no dispute for a claim to the title made by the winner of the British and the American championships. Just beginning to reach the best of her game, the California girl has an ever chance to win the British title against the best competition in the world. If Mlle. Suzanne Lenglen, the reigning queen of the court, does not defend her title, "little Helen" is a cinch to win. The temperamental French star announced recently that her heart was first in France, that she wanted to be on her best game for the glory of France in the Olympic games and that she could not defend her title at Wimbledon.

She may have other reasons for not wanting to try her game against Miss Wills at Wimbledon, but it is not courteous to question her motives or to doubt that her decision to stay away from the Wimbledon tournament was inspired by any reason other than the one given.

It is unfair to the California girl to say that she will win if Mlle. Lenglen does not play, because the inference would go along with it that she could not have won the championship if the real champion had been there to play her.

Miss Wills is going to England to play for the United States in the Wightman cup matches, in the British championships and at the Olympic games. It is quite certain that she loves her country as deeply and as passionately as Mlle. Lenglen loves France. The American girl believes that she can get on her best game by playing through the most strenuous preliminary competition in strange lands and under unfamiliar conditions. The French girl believes that she would hurt her game by playing through one tournament at Wimbledon on a court that ought to be as familiar to her as the path to the door of her home.

THEY ALL LOVED HIM BERLIN, April 17.—Three wives of Quirin Hardt stormed and cursed the divorce court judge who sentenced Hardt to one and a half years imprisonment for polygamy. While the trio cursed the judge, they showered Hardt with their sympathetic caresses.

BLUES LEADING REDS SLIGHTLY IN LIONS ATTENDANCE CONTEST

The weekly luncheon of the Range Lions club was enlivened today by the spirited attendance contest between the two groups of members, the reds and the whites. A basket of beautiful roses moved several times from one apparently winning side to the other, until finally it stayed with the blues, who were in the lead today. Handsome Easter Suits were placed on the tables by "Cocoons" Valliant.

The usual routine reports were heard, a feature of the meeting being the singing of Horace Hay, tenor evangelist and preacher from Fort Worth, who is here conducting the singing during the revival services at the Methodist church. Mr. Hay's selections were heartily appreciated by the club members. Among the guests was Rev. L. A. Webb of Cisco, formerly pastor of the Methodist church of Ranger.

Following the business session there was an initiation of new members.

SATTERWHITE TIES WITH HORTON AT THE TOP IN GUN CLUB'S SHOOT

The Eastland Gun club's shoot Wednesday afternoon was one of the best of the season from the point of number attending and scores made. Following are the results: Jack Williamson 23, Dr. H. A. Logsdon, Ranger 23, Dr. W. L. Jackson, Ranger 22, Frank Day 21, Satterwhite 21, Amix 21, Richardson 20, Simmons 21, Coley Harrell 23, Horton 25, Mrs. Horton 17, L. A. Cook 19, Guy Sherrill 20, C. C. Love 13, G. Parker 17, W. B. Barton 19, Paul McFarland 16, Gray 15, Blair 10, Leonard Hightower 18.

UNDERWOOD WANTS ACTION ON MUSCLE SHOALS DEAL WASHINGTON, April 17.—A demand for action on Muscle Shoals legislation was made in the senate today by Senator Underwood. "The time has come," Underwood declared, "when we should have an opportunity to express the sentiment of the senate on the Ford proposition."

WITNESS TELLS JURY OF SHOOTING IN OKLAHOMA

DUNCAN, Okla., April 17.—Marvin Kincannon fired the shot that resulted in the death of Al Birch, Marlow hotel keeper, and Robert Journagan, negro porter, during a mob attack last December, Walter O. Quinn, Marlow, declared on the witness stand here today. Quinn, an eye-witness, stuck to his story under cross-examination. Kincannon fired on Birch after the latter grappled with members of the mob, according to Quinn. After shooting the hotel keeper, Kincannon leaped across the fallen man's body and killed Journagan.

The Truth

About this Light-Six—plus proof on proof

THIS Studebaker Light-Six is the supreme value in the "thousand-dollar" class. It offers, not a few, but scores of advantages. In its chassis it represents the best that modern engineering knows. In its steels and quality of construction it is identical with the costliest cars we build. This is to offer you proofs. Then urge that you see it before paying \$1,000 or more for a car.

years of test for its purpose. On some we pay the makers 15% premium to get them exactly right. The crankshafts are machined on all surfaces, as was done in the Liberty Airplane Motors. This to give perfect motor balance, at an extra cost to us of \$600,000 yearly. It has more Timken bearings than any other competitive car within \$1,500 of its price.

cars in this class called in auditors to compare the operating costs. They made comparisons on 329 cars, running up to 25,000 miles. It was found that this Studebaker Light-Six cost for operation 11.4% less than the average of its rivals. This figure included depreciation. That meant \$207.50 saved on 25,000 miles. All because of this quality construction.

Studebaker Light-Six Scores of extra values

Built by the leader in the fine-car class. One of the cars for which people last year paid \$201,000,000. Built in a model \$50,000,000 plant, producing 150,000 cars yearly. And saving you by quantity production from \$200 to \$400. Built of the same steels, with the same care, as the costliest cars we make. The car that saved 11.4% in operating cost under rivals. The car with 14 Timken bearings.

Mail coupon for book about it

What it saves you

We build 150,000 cars yearly. All such major costs as engineering, dies, overhead, etc., are divided by 150,000.

We build in model plants, with modern machinery, which have immensely reduced the manufacturing costs.

A car like this, built under ordinary conditions, would cost you from \$200 to \$400 more.

Learn, for your own sake, what that means to you.

Send for the book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance: It will enable you to look at any car and tell whether it's been cheapened to meet a price or offers true quality.

It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free—clip the coupon below.

The equipment is unusual. The cushions are of genuine leather, and are ten inches deep. Every part and detail accords with Studebaker traditions. And the name Studebaker has for 72 years stood for quality and class.

Mark this result

Some men who operate fleets of

Some evidence

The extra values which this car typifies have made Studebaker the largest builder of quality cars.

They have made these cars a sensation. Sales have almost trebled in three years. Last year 145,167 people paid \$201,000,000 for Studebaker cars.

The multiplying demand has forced an investment of \$50,000,000 in model plants and equipment. Of this, \$38,000,000 has been spent in the past five years, so the plants are up-to-date.

The engineering department which designs and superintends this Light-Six costs \$500,000 per year.

The machines which build it are modern and exact. 517 operations on this car are exact to 1/1000th of an inch. 122 operations are exact to one-half 1/1000th of an inch.

1,200 inspectors are employed to submit each car in the making to 32,000 inspections.

Infinite care

The steels are selected from 35 formulas, each one proved best by

EASTER APPAREL

In Unusual Displays

We have assembled an unusually interesting presentation of apparel for Easter wear and the warm season to follow. You will find that an immediate inspection will suggest to you a satisfying selection of an outfit at a considerable saving of money. Also accessories, so important to the ideal outfit, may be chosen from our complete stocks.

An Old-Time Superstition

There is an old, time-honored superstition to the effect that one must wear something that is brand-new on Easter Sunday in order to assure to himself good luck and prosperity throughout the year.

In the several departments of this store there are many new things that you may select for Easter which we are sure you'll find pleasure from wearing. Our displays appeal equally to every member of the family.

We prepared extensively for both the pre-Easter and the post-Easter seasons. Savings you'll find here are unusual.

Easter Clothes FOR MEN

Men and young men are turning in increasing numbers to our Exclusive Department for men for their wearables because they are sure of finding Standard lines, dependable qualities, ample stocks and moderate prices. Better stocks than ever are here this spring from which you may select your Easter toggery.

- Kuppenheimer and Schloss Bros Suits.
- Stetson Hats.
- Iron-Clad Hose.
- Country Club Underwear
- Packard Shoes

ONE LOT DRESSES—All good styles, size range from 16 to 38, printed crepes, crepe de chine, sport flannel and radium silk. Former price up to \$29.50, special Easter price..... **\$16.75**

ONE LOT SPRING Coats, Capes and Suits, all new spring styles. Former price up to \$39.50, special Easter price **\$23.75**

Special price on all Sandals and cut-out pumps: **\$4.45** up to **\$7.50**

Easter Bonnets DASHING OR DEMURE

There is a becoming hat here to agree with your Easter costume. Straw clutches, turbans, tricornees and picture hats have tiny brushes of feathers, large roses to trim them. Often a single white flower against a dark background, or a Roman striped bow that takes on an odd and clever angle. But come in. Whatever it is, we have it for you.

One lot Ladies' New Spring Hats in horsehair braid, Leghorn and silk combinations, silk and braid combinations, sports and straw sports, former price up to \$8.75, Easter price **\$4.95**

NOTICE

In order to co-operate with the churches, beginning next week we will close our store each morning from 10 to 11 a. m. We are anxious to attend these services.

J. M. White & Co.

SPRAY ROSES TO KILL APHIS OR LICE PEST

Many people all over Eastland county, especially in the cities, are worrying about the rose aphis, or lice, and have been advised to use nicotine sulphate or black leaf '40,' according to County Agent R. H. Bush. This they have done to little advantage because they have followed directions on packages and have found it too weak to kill the insects and thereby have been disgusted with the insecticide, he said.

"In using black leaf '40' use at least one teaspoonful to quart of water and spray with some very fine spray nozzle and be sure to cover every insect both on top of and under the leaves. This is a contact spray and must hit the insects," said Mr. Bush.

"For powdery mildew, a disease which resembles, as the name implies, a white powder, which in most instances, causes the leaves to curl and shrivel up, use a good grade of flowers of sulphur. First spray plants with hose and lace sulphur dry in flower sack and shake until leaves and stems of bushes are well covered. Be careful to cover both under and upper portions of the leaves."

MOTORCYCLE OFFICER HELD ON VERY SERIOUS CHARGE

D. C. Stevens, motorcycle officer of Eastland county, is in the Eastland county jail without bond, charged with a serious offense—attempted criminal assault on two small girls, one 5 and the other 7.

The girls come from a respectable Cisco family. The father is in the oil producing business and before engaging in this work practiced law.

The offense against the younger girl is alleged to have taken place last Friday and against the 7-year-old girl last summer. The 5-year-old girl told her mother of the alleged attempted assault and then the older girl told of her experience.

Stevens, a carpenter by trade, and only recently made a county officer by the sheriff's department, was arrested Tuesday and given an examining trial in Justice J. H. McDonald's court immediately. Stevens was an intimate friend of the family of the two girls and they called him "uncle."

RADIO IN GERMANY

BERLIN, April 17.—The government has served notice that jail sentences will be given radio fans who

make their own apparatus without registering according to law with the post department. Any violators of the law who confess their crime within a month and make the proper registration will be immune. In the meantime radio supply stores are doing an unprecedented business.

RANGER MAN RECEIVES WORD OF DEATH OF HIS BROTHER IN WISCONSIN

Alvin A. Larson of the Oil Cities Electric company of Ranger, received the very sad intelligence Wednesday of the tragic death of his brother Melvir, 18 years old, in a saw mill accident at his home in Rhinelander, Wis.

Melvir Larson recently graduated from high school and lived with his mother, Mrs. Emma Larson. The accident occurred Tuesday night, according to the message.

AMERICAN LEGION HAS ANOTHER PRIZE ESSAY OFFER FOR YOUNG FOLKS

INDIANAPOLIS, April 17.—The American Legion national essay contest, having started April 1, is well on its way and reports coming in to national headquarters here show great interest among the school children of the United States. The contest will close June 15.

The subject assigned for this year's essay is: "Why Communism Is a Menace to Americanism." All boys and girls from 12 to 18 are eligible. The essays will be limited to one from each person, the essays not to be over 500 words in length. Spelling, penmanship and neatness will be considered, as will also the age of the contestant.

County superintendents of schools are asked to appoint a committee of three to judge the best essay for his county. The first prize in each state will be a silver medal, the second a bronze medal and the third a certificate of merit.

The winning essay in each county

OUCH! RHEUMATISM! RUB THE PAIN AWAY

Stop drugging! Rub soothing penetrating St. Jacobs Oil right into your sore, stiff, aching joints, and relief comes instantly. St. Jacobs Oil is a harmless rheumatism liniment which never disappoints and cannot burn the skin.

Get a 35 cent bottle of St. Jacobs Oil at any drug store, and in a moment you'll be free from pain, soreness and stiffness. In use for 65 years for rheumatism, sciatica, neuralgia, lumbago, back-ach, sprains.—Advertisement.

A Wonderful Discovery

The remarkable herb 'HOB0' as analyzed by 'Swartz' was found to contain besides other principles, a variety of acid which he named Gal-tannic Acid. He also found it to contain a peculiar acid discovered by Swartz and Rochleder and named Ribicholoric acid. This has been used in Dropsy congestion of the spleen, Scrofula and Leprosy with good results. In recent years this herb has been discovered growing in East Texas and Louisiana and further experiment has shown that its wonderfully purifying properties were due to its action on the kidneys.

The Hobo Medicine Company, of Beaumont, Texas, make an effective balm from this herb and call it Hobo Kidney and Bladder Remedy. This balm being said to be a Diuretic Aperient and Anti-Scorbutic.

Six bottles—a guaranteed treatment costs\$6.00.

will be forwarded to the department of Americanism chairman of the American Legion not later than July 10. The awards will be announced a few weeks later by a national committee, still to be named.

The national prizes will be, first prize, \$750; second prize, \$500, and third prize \$250.

The cash prizes will be used only towards scholarships in colleges designated by the winners.

THE WEATHER.

West Texas—Tonight fair, not quite so cold in west portion, probably frost in north; Friday fair and warmer.

WILL YOUR PLANTING SEED GERMINATE?

This is a very important thing to find out at this time as some tests of Cotton Seed raised this year show a germination test as low as 10 per cent.

YOU CANNOT RAISE A COTTON CROP WITH SEED OF THIS CHARACTER

We have on hand several cars of Gin-Run Seed—re-cleaned and culled for planting purposes—principally Mebane and Selected Seed from the season's receipts.

GERMINATION TEST RUNS FROM 78 TO 95 PERCENT—These seeds are put up in three bushel bags. Price \$1.25 per bushel, delivered your station, freight prepaid. Our interest is in your getting good planting seed—not in the mere sale of seed.

ALAMEDA

ALAMEDA, April 16.—Farmers of this community have been very busy the past week planting corn. T. N. Ryan of Gorman was a business visitor in this community Thursday, last week. Mrs. Ethel Clarke and children, who have been visiting her parents, Mr. and Mrs. C. M. Prestidge, have returned to their home at Mexia. Bailey Edmondson and Roy Witt are the new school trustees for Alameda, elected last Saturday. Mae Prestidge spent the last weekend with friends in Desdemona.

LEON

LEON, April 16.—There was singing at the home of Mr. and Mrs. Ben Wallace Sunday night. Miss Lula Bond was the Saturday night guest of Miss Zora Hirst. Mrs. Lydia Aycock was the Saturday night and Sunday guest of her cousin, Miss Addie Johnson, of Near De Leon. Misses Aura and Donnie Jones and Messrs. Jess Parker and Floyd Crawley of Kokomo spent Sunday night with Mr. and Mrs. Ben Wallace. George Bell and Lane Gilmore were visiting relatives at Pioneer last Sunday. Mr. and Mrs. Bassell Hirst, Lula Bond, Zora Lee Hirst and Wilma Carter were the guests of Mr. and Mrs. Ussery of Eastland Sunday night.

DAN HORN

DAN HORN, April 16.—Our singing class was well represented at the singing convention at Atwell Sunday. Mrs. Annie Parks spent Wednesday with Mrs. Belya Daniels of Cisco. Mr. and Mrs. J. B. Harris spent the week-end with Mrs. Harris' father, Jess Lang, of Lorain, Texas. O. N. Lester Jr., has the mumps. Misses Vera and Velma Moore went to Pueblo, Sunday. Joe and Tennie Wisner and Pat McCullough of Colorado City are visiting friends and relatives here this week. Miss Willie Mae Maxwell spent the week-end with her sister, Mrs. Lee Snyder, of Putnam. Mrs. Britton of Eastland was the guest of Mrs. Annie Parks Sunday. Grandma Laster is visiting her daughter, Mrs. Lon Haley, of Cross Plains. John Austin and family have moved to Oklahoma. Mr. and Mrs. Jess Pitman of Scranton visited Mr. and Mrs. T. B. Harris Sunday afternoon. Miss Annie Cornwell of Gorman is spending this week with her grandparents, Mr. and Mrs. W. R. Avery. The girls and boys club met Thursday, April 10, at the school house, and elected new officers as follows: Elizabeth McMullen, president; Jack Starr, secretary; Chloie Speegle, reporter. Miss Ramey gave the girls a lesson in patching. Mr. Bush taught the boys how to judge grains. The next meeting will be Tuesday, April 22, at the club house. The girls are to have a lesson in hat making and cooking. All club members are asked to be present. Also those who wish to join the club.

GORMAN

GORMAN, April 16.—Contractors are assembling material for the construction of the new high school building to be built here. Farmers of this section are showing much interest in the "raise more and better cotton" contest put on here by a local bank. Tom Koonce and Miss Vay Cook of this city were married Wednesday evening, last week, the Rev. Mr. Parck officiating. They will make their home in Gorman. Brooks Ross, who has been engaged in taking the school census of Gorman, reports that he has found a total of 614 scholastics in the district, approximately the same number enrolled last year. The residence of Mr. Bryant in the north part of town was destroyed by fire Wednesday afternoon, last week. The building was found to be on fire in the morning and an alarm was turned in which was answered by the fire department. Soon after another alarm was turned in and also answered and it was thought each time the fire had been extinguished, but in the afternoon the building was again found to be on fire and this time had gained such headway that it was destroyed before the fire department could get to it. Will Huckabee of Haskell was here last week visiting his brother, Sam who has been sick. It was his first visit to Gorman in 20 years.

CARBON

CARBON, April 16.—Elgar Butler of Cisco and Miss Lone LeFever of Crowell were married recently at the latter town. They will make their home in Cisco. A. D. Thurman, W. J. Stacks and S. C. Reed were elected trustees for the Carbon Independent school district in the recent election. Misses Clark and Lela Davis, teachers in the Caddo schools, were recent guests in the home of Mr. and Mrs. J. S. Davis. Mr. and Mrs. Knox Reed are the proud parents of a baby girl that arrived at their home a few days ago. F. O. Elliott has returned from Dallas and will go to Cisco where he has purchased an interest in a drug store. Mrs. V. O. Wyatt and Virgie Sue of Desdemona were the guests of J. H. Boles and family recently. Dr. W. H. Guy is having considerable improvements made on his residence. Mrs. Henry Gorman visited her mother, Mrs. F. B. Winters, at Stephenville recently. Dr. Gilbert left Wednesday for San Angelo on a visit to his brother, Walter Gilbert. Cal Sims of Gorman was a business visitor in the city last week.

RISING STAR

RISING STAR, April 16.—C. F. Falls, R. O. West and F. C. Gray were elected trustees of the Rising Star Independent school district last Saturday. Loyd Taylor, a young man employed with an oil company at Pioneer, was seriously injured a few days ago when he fell from a derrick and sustained five broken ribs and other bruises about his body. Deputy Sheriff Brad Poe was here Tuesday on official business. Rev. J. W. Caldwell, pastor of the Methodist church at Pioneer, was a visitor in the city Tuesday, last week. "Uncle" Speer McCaskill, 70, a pioneer citizen of this community, died Saturday night following an illness of almost two years duration. Mr. McCaskill and his family had lived on the same farm for more than 40 years. SABANNO SABANNO, April 16.—Twenty-two votes were cast in the special school tax election held on April 5. Only four votes were cast against the tax. Miss Lavada Black of Atwell was a guest of friends in this community recently. Joe Lilly was re-elected school trustee. Mr. and Mrs. Lush entertained a number of their friends at their home last Friday night. Arrangement have been made to have the Students' Volunteers of Simmons college of Abilene come to the Baptist church for special services on the fourth Sunday. More than 100 people attended the Sunday school here the first Sunday, 38 at the Presbyterian, and 64 at the Baptist school. EASTLAND SLOGAN CONTEST CLOSSES SATURDAY NIGHT The civic committee of the Eastland Chamber of Commerce put on a slogan contest among the students of the public schools of Eastland, with a prize of \$5 offered for the best slogan. So far not many slogans have been turned in. The organization is very anxious that this be made a success, so the students of the schools are urgently requested to try and earn this \$5.

NORTH CAROLINA DEMOCRATS HOLD STATE CONVENTION

RALEIGH, N. C., April 17.—Adoption of a platform and the election of four delegates at large to the New York convention was the principal matter before the North Carolina democratic convention, which convened here today. The convention will endorse Joseph Daniels, former secretary of the navy, for the presidency without opposition, it was indicated by party leaders. Daniels, however, according to friends, will not file for the June primaries, in which William G. McAdoo and Oscar Underwood are entered.

BARTON FILES NAME FOR PLACE ON OFFICIAL BALLOT

AUSTIN, April 17.—All doubts as to whether Adjutant General T. D. Barton would continue as a candidate for nomination as governor in the democratic primary were dispelled when General Barton mailed to Joseph W. Hale, secretary of the state democratic executive committee at Waco his application to have his name placed on the official ballot.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist. Even breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heat eruptions such as rash, pimples and ring worm. It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles' Mentho-Sulphur from any good druggist and apply it like cold cream. Advertisement.

SHERRILL AND WILLIAMS TAKE OATH OF OFFICE

Jim Sherrill and Jess Williams, newly elected Eastland city commissioners, took the oath of office at a meeting of the board of commissioners Wednesday morning.

BRITISH PLANE ON WAY FROM ATHENS TO CAIRO

ATHENS, April 17.—The British round-the-world flight was resumed today when the big amphibian plane, commanded by Major Stuart Lacey-Laxon took off from the Thaleron airbase for Cairo, Egypt. The airman hopes to make the long trip in a single non-stop flight, which will be one of the longest legs in the world-circling effort.

ALBANIAN HIGHWAYMEN KILL TWO AMERICAN TRAVELERS

ATHENS, April 17.—Two more American tourists have been killed near Cirano, Albania, according to unconfirmed reports received here today. Their names were not given. A party of travelers was reported by a band of 15 highwaymen and the two Americans were among those killed. The Albanians are very anxious, the message said, fearing grave consequences might result.

CHIROPRACTIC MASS EUR.—Chronic diseases a specialty. We give Chiropactic and Swedish massage in every condition where it is necessary. Lady attendant. Council & Cowley, Marston Bldg., Rooms 28 and 30, Ranger, Texas.—Advertisement.

"SHE'S A GOOD LOOKING GIRL!"

You can't expect people to say that about you as long as your appearance shows you are careless about keeping your skin free from pimples, rash, "breaking out" and eczema. You may feel like you have no hope of getting rid of these things, but you should not give up because Black and White Ointment is proving to thousands of people every day that they can depend on it to keep their skin clear, smooth and lovely. Black and White Ointment is economically priced, in liberal packages. The 50 size contains three times as much as the 25c size. All dealers have it.—Advertisement.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.—Advertisement.

End Rheumatic Pain With New Powder From Italy

Shake It in Your Shoes. No Medicine to Take. Alessandro Volta, the well-known Italian physicist for whom the electric volt was named, has discovered a powder that drives out the agonizing pain of rheumatism. To thousands of sufferers in this country it has already proved to return pain so quickly that it seems miraculous. This amazing discovery is in the form of a fine powder which, when shaken into the shoes, seems to be absorbed immediately into the blood stream through the myriad pores of the feet. This is due, no doubt, to the fact that in the feet there are 10 times as many pores to the square inch as in any other part of the body. And, intended to act at once on the Lactic Acid which causes rheumatic pain, Volta powder brings speedy relief in even the worst, most painful cases. The use of Volta powder has demonstrated such astonishing results in literally thousands of cases, many of which were considered hopeless, that the American distributors have authorized local druggists to dispense Volta to rheumatic sufferers in their city with an unqualified guarantee to return the full purchase price on the first box in any rare case where the rheumatic pains are not wonderfully relieved. All who suffer from rheumatic pains, no matter how long-standing their case may be, should take immediate advantage of this liberal offer. You can get Volta powder with this guarantee from Harman Drug Store, Crawford's Pharmacy, and Texas Drug Co.—Advertisement.

South by virtue of said levy and said order of sale. In compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Ranger Daily Times, a newspaper published in Eastland County, Texas. Witness my hand, this 8th day of April, A. D., 1924. J. D. BARTON, Sheriff Eastland County, Texas. By FREDARY C. BETTIS, Deputy. Apr. 11-18-25-May 2.

No. 10,678. CITATION BY PUBLICATION, THE STATE OF TEXAS. To the Sheriff or any Constable of Eastland County, Greeting: You are hereby commanded to summon O. L. Welch by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County and 88th Judicial District, to appear at the next regular term of the 88th District Court of Eastland County, to be held at the courthouse thereof, in Eastland, on the first Monday in May, A. D., 1924, the same being the 31st day of May, A. D., 1924, then and there to answer the petition filed in said court on the 23rd day of January, A. D., 1924, in a suit numbered on the docket of said court as No. 10,675, wherein O. L. Welch is plaintiff, and Ollie H. Welch is defendant, and said petition alleges that plaintiff and defendant were married in the State of Texas on the 22nd day of July, 1920, and that they lived together as husband and wife until on or about the 24th day of October, 1920. For cause of action this plaintiff alleges that defendant treated plaintiff cruelly, harshly and tyrannically during the time they cohabited together and she further says that defendant has abandoned her and has been away for a period of three years and that such conduct on the part of defendant has rendered their further living together insupportable. Wherefore, premises considered, plaintiff prays that upon final hearing she have judgment granting a divorce from the bonds of matrimony now existing between plaintiff and defendant, and for such other and further relief, specified and general, in law and in equity, to which she may prove herself justly entitled. Herein fail not, and have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said County, Eastland, Texas, this the 11th day of March, A. D., 1924. ROY NUNNALLY, (seal) Clerk, District Courts, Eastland County, Texas. By WILBOURNE B. COLLIE, Deputy. Apr. 11-18-25.

No. 5184. CITATION BY PUBLICATION, THE STATE OF TEXAS. To the Sheriff or any Constable of Eastland County, Greeting: You are hereby commanded to summon California-Eastland Pool, an unincorporated joint stock association, whose place of business and residence is unknown, and having for its Trustee and Agent, R. O. Moore, a transient person, and whose residence is unknown, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, the nin any newspaper published in the 88th Judicial District; but if there be no newspaper published in the 88th Judicial District, then in a newspaper published in the nearest district to said 88th Judicial district, to appear at the regular term of the Justice's Court of Precinct No. 1, Eastland County, to be held at the courthouse in said Eastland County, on the 28th day of May, A. D., 1924, then and there to answer a petition filed in said court on the 2nd day of November, 1922, in a suit numbered on the docket of said court No. 5184, wherein Perry Sayles is plaintiff, and California-Eastland Pool, an unincorporated joint stock association, whose place of business and residence is unknown, and having for its Trustee and Agent, R. O. Moore, a transient person, and whose residence is unknown, is defendant, and said petition alleges: That at the special instance and request of defendant, the plaintiff and his partner, John Sayles, practicing law as partners under the firm name of Sayles & Sayles, performed various legal services for the defendant of the reasonable value of Twenty-six and No. 100 Dollars (\$26.00), which they had rendered and delivered to said Sayles & Sayles at Eastland, Texas, but which they have not received and refused to pay, to plaintiff's damage in the sum of \$26.00, with interest thereon, said services having been performed during the month of September, 1922. That plaintiff is now the sole and owner of said debt. That on or about Nov. 22, 1923, plaintiff caused writ of attachment to be issued and levied upon all the rights and interests of the defendant in and to her real estate, land out of the T. M. Crutcher pre-emption survey, Eastland County, Texas, and also upon all casting belonging to the defendant situated in oil well on such premises. Wherefore, plaintiff prays that defendant be duly cited and notified to appear and answer herein and that he have judgment against defendant for his said debt and damages, for costs of suit, for attorney's fees and for counsel and for the attachment lien and for general and equitable relief. Herein fail not, but have you before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Witness S. J. Day, Justice of the Peace for Precinct No. 1, Eastland County, Texas. Given under my official signature, at office in Eastland, this the 1st day of April, 1924. S. J. DAY, Justice of the Peace, Precinct No. 1, Eastland County, Texas.

No. 5185. CITATION BY PUBLICATION, THE STATE OF TEXAS. To the Sheriff or any Constable of Eastland County, Greeting: You are hereby commanded to summon R. O. Moore, a transient person whose place of residence is unknown, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 88th Judicial District; but if there be no newspaper published in the 88th Judicial District, then in a newspaper published in the nearest district to said 88th Judicial district, to appear at the regular term of the Justice's Court of Precinct No. 1, Eastland County, to be held at the courthouse, in Eastland County, on the 28th day of May, 1924, then and there to answer a petition filed in said court on the 2nd day of November, 1922, in a suit numbered on the docket of said court No. 5185, wherein Perry Sayles is plaintiff, and Carl Wreden and R. O. Moore, individually and as comprising the partnership firm of Wreden Production company, are defendants, and said petition alleges that the special instance and request of defendants, who are partners in business under the name of Wreden Production company, and who have rendered various legal services for the reasonable value of \$110.00, paid by way of expenses for the defendants the additional sum of \$9.00, making a total of \$119.00, which the defendants promised and agreed to pay said Sayles & Sayles at Eastland, Texas, but which they have not received and refused to pay to plaintiff's damage of \$119.00, with interest thereon. That plaintiff is now the holder and owner of said debt. That said services were performed and expenses paid from Aug. 31, 1922, to May 1, 1923. That at the special instance and request of defendant R. O. Moore, and covering the period of time from May 15, 1922, to and including July 1, 1923, the said Sayles & Sayles performed various legal services for defendant Moore at his special instance and request of the reasonable value of \$78.00, and paid out for him by way of expenses the sum of \$4.00, making a total of \$82.00, which the defendant Moore promised and agreed to pay said Sayles & Sayles of Eastland, Texas, but which he has wholly failed and refused to pay, to plaintiff's damage in the additional sum of \$82.00, with interest thereon. That plaintiff is now the holder and owner of said debt. Herein fail not, but have you before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Witness, S. J. Day, Justice of the Peace for Precinct No. 1, Eastland County, Texas. Given under my official signature, at office in Eastland, Texas, this the 1st day of April, 1924. S. J. DAY, Justice of the Peace, Precinct No. 1, Eastland County, Texas. Apr. 11-18-25-May 2.

No. 10,754. SHERIFF'S SALE, THE STATE OF TEXAS. County of Eastland. Pursuant to a certain order of sale issued out of the honorable 88th District Court of Eastland County, this 8th day of April, 1924, by Roy Nunnally, Clerk of said court, against J. W. Smith for the sum of Thirteen Hundred Ninety-three and 70/100 (\$1,393.70) Dollars and costs of suit in cause No. 10,754 in said court, styled John M. Gholson versus J. W. Smith and placed in my hands for service, J. D. Barton, Sheriff of Eastland County, Texas, did on the 8th day of April, 1924, by virtue of certain writs situated in Eastland County, Texas, described as follows: to-wit: Lots Nos. 4, 5, and 6, in Block 18, of the Gholson Addition to the town of Ranger, Eastland County, Texas, and levied upon as the property of said J. W. Smith, and on Tuesday, the 6th day of May, 1924, at the courthouse door of Eastland County, in the city of Eastland, Texas, between the hours of 10 a. m. and 4 p. m. I will sell said real estate at public vendue, for cash, to the highest bidder as the property of said J. W.

FRIDAY EVENTS.

Pupils of Mrs. Marion Peters will give recital, 2:30 to 5 o'clock, at Gholson hotel.

MRS. PETERS' PUPILS TO GIVE INVITATION PROGRAM.

Announcement has been made that the pupils in expression of Mrs. Marion Peters will give a recital for their parents and friends on Friday afternoon from 2:30 to 5 o'clock at the Gholson hotel. All interested are invited to attend.

REV. H. B. JOHNSON AND WIFE GIVEN SURPRISE.

While Rev. H. B. Johnson, pastor of the Christian church, and his wife, were attending the Heron lecture at the Liberty theatre Wednesday night some friends "broke" into their home and left a generous supply of good things after the fashion of the Easter rabbit. When the pastor and his wife returned home they found a sack of flour hanging on the wall, another of potatoes on the table and numerous other most acceptable gifts scattered about the house. While they do not know the identity of those who "broke in" Rev. Mr. Johnson says "there will be no complaint filed," for the Easter shower was most acceptable and gratefully received.

BANDITS IN ST. PAUL ROB U. S. REGISTERED MAIL.

SOUTH ST. PAUL, Minn., April 17.—Five bandits obtained more than \$35,000 cash in a daring mail robbery here today. The money was in a sack of registered mail and being transferred at the Great Western station by postal employees. It was consigned to the Stockyards National bank from the Ninth federal reserve bank at Minneapolis. How much more money was contained in the registered mail sack the postal authorities were unable to say.

Two postal authorities were driving along the street with the mail sacks when the bandits in a automobile drew alongside and brought the mail truck to a halt. They then seized the mail sacks and fled.

GALVESTON, April 17.—E. Mayer, Jr., local fireman, was called before the city council Thursday to answer charges of violating the department's rules against profanity and quarreling. Mayer was also accused of keeping intoxicating liquors about the fire station.

Jamie Heron Talks Of Better Men and Better Business

Jamie Heron faced his largest audience last night at the Liberty theatre at a public meeting, his third appearance in Ranger in one day.

Heron, desirous of being comfortable, shed his coat for his "workout" and started his singing exercises, designed to improve enunciation and exercise the diaphragm, at 9 o'clock. The late hour was arranged to accommodate those who were attending revival services in the city churches.

Scottish tales and jokes, which to be appreciated, he said, the listener must "tune in," were "spun off" for 15 minutes or more and then came his message, "Building Better Business by Being Better Men."

"Don't overcharge your customer," he said. "It hurts the buying power of your customer. You hurt your fellow business man. The buyer's hard-earned money can't go as far with him if he has been overcharged."

He urged his hearers to do those things that are favorable to the resources of Ranger. "Oil production and farming are the life of your community," he said. "Help the oil man and the farmer." Touching upon the poultry industry, he bade his hearers to develop this industry to the heights attained by California communities. He said he had bought land in the low Rio Grande valley and proposed to become a Texan. He addressed the Ranger Rotarians Wednesday noon and the high school students in the afternoon.

ACCUSED CHAUFFEUR'S TRIAL POSTPONED BY REQUEST

LOS ANGELES, April 17.—Trial of Horace A. Greer, chauffeur for Mabel Normand, accused of shooting Courtland S. Dins at a New Year's party in the latter's apartment, has been postponed until May 26. The case, scheduled to open here Thursday, was postponed until Mabel returns from the East to testify, at request of prosecution.

THREE ARRESTS FOLLOW DEATH OF YOUNG WOMAN

VICTORIA, Texas, April 17.—Dr. O. R. Stewart and Mrs. O. W. Raven are held here without bail in connection with the death of a young woman in the former's office. Irvin Wehmer, said to have accompanied the girl here from Port Lavaca, is held in jail at Del Rio as a material witness. Arrests followed post mortem examination of the girl's body.

BUY IT AT HOME

CALIFORNIA FACES SERIOUS CONDITION ON ACCOUNT OF EMBARGOES

By United Press.

SAN FRANCISCO, April 17.—Produce dealers today were seeking means of averting a threatened catastrophe for California's agricultural products as a result of the hoof and mouth disease. Because of embargoes and various state regulations of those sections of the country which California supplies with farm commodities, vast supplies of stock are piling up. Two hundred thousand sacks of potatoes and onions are now in warehouses awaiting shipment and this stock will double within two weeks. In addition, 500 carloads per day of other products which the state usually ships out at this time of the year are rolling into the railroad yards.

FARMERSVILLE FINDING BERMUDA ONIONS PROFITABLE

FARMERSVILLE, Texas, April 16. Farmersville, with its patches, is competing with Fort Worth and its stock yards for civic distinction.

The Texas "packing town" has no soft-scented advantage when onions are brought into play, the farmers in this section claim.

Farmersville growers at the same breath announced they had just set the three-millionth Bermudah onion plant. The onion growers are planting 30,000 sets to the acre, and the yield averages 120 bushels each acre. One farmer alone laid out half-million sets, and he lives on his own farm.

Some of the growers planted cotton and onions on the same tracts. It kept the boll weevil away, it was reported.

American Flag Will Wave From Pole On Ranger City Hall

You can pay your respects to Old Glory at the Ranger city hall now. A ten-foot white pole with a gold colored ball on its apex was erected on the northeast corner of the city hall building this morning.

U. S. MARSHAL BEAR DENIES STORIES ABOUT JAKE HAMON OIL DEAL

WASHINGTON, April 17.—Phil E. Baer, United States marshal for the eastern district of Texas, repudiated before the senate oil investigating committee certain stories relating to the reported Jake Hamon alleged "deal" at the last republican convention.

Baer said Hamon had never expected to be secretary of the interior so he could have the naval oil reserve leases. Baer also denied the story of Jake Smith of Paris, Texas, who said Baer had told him Hamon would be secretary of the interior and would make Baer the Indian commissioner.

HOUSTON, April 17.—M. S. Cavin, team foreman for a local concession company, was today charged with assault to murder Ben Brooks, a negro boy Cavin is alleged to have ordered off the concession grounds. Cavin surrendered to the police. The negro boy is reported in a serious condition.

Kellogg's Bran delights father by bringing health to children

Poor little kids—they needed bran badly. But they wouldn't eat ordinary bran. They didn't like them. Most folks don't. Then their father tried Kellogg's Bran, cooked and krumbled. What a difference! He tells the story in his letter:

"Dear Sirs: I wish to express my appreciation of your krumbled bran, which I have used for my children this summer. We had a great deal of trouble with them through constipation, and bran had been the most satisfactory remedy but they could not be induced to take the old varieties . . . because they disliked them so. They enjoy the krumbled bran and consider it an essential ingredient of their porridge. No one whose children have not been troubled in this way can appreciate the relief there is in having their bowels move regularly. (The original of this letter is on file at the Kellogg Company, Battle Creek, Mich.) Constipation is a dangerous disease. It should not be neglected. But do not try halfway measures in seeking relief. Kellogg's Bran is ALL bran. And it takes ALL bran to be 100% effective. Kellogg's Bran is guaranteed to bring permanent relief, if eaten regularly, in the most chronic cases. If it fails, your grocer will return your money. Eat two tablespoonfuls daily—in chronic cases, with every meal. Eat it with milk or cream. The flavor is delicious. Sprinkle it on other cereals. Cook it with hot cereals. Try it in the recipes on every package. It will bring you health. Begin eating it to-day. Made in Battle Creek. Sold by all grocers."

Inside The Majestic Circle
