## DEPOSED KLANSMAN CALLED TO TESTIFY

### PAT HARRISON NOW WORKING ON HARMONY THEME

Wet and Dry Issues and Klan  
Subjects That Must Be  
Handled Carefully.

By United Press.  
WASHINGTON, May 21.—Har-  
mony is the keynote that Senator Pat  
Harrison will seek to inject into the  
tense atmosphere of the democratic  
national convention next month  
where a dozen factions will be striv-  
ing for the nomination of their can-  
didates for president.

The youthful temporary chairman  
began writing his speech today.  
Democratic leaders are eager for  
party success in November and are  
building high hopes on the ability of  
Harrison to weave into a harmonious  
whole the conflicting views of ele-  
ments that make up the party. As a  
result of this, he is being deluged  
with advice. He has been urged to  
deal very carefully with the wet and  
dry issue and to skirt the Ku Klux  
Klan issue.

### Tax Bill Reducing Taxes Half Billion Annually Agreed On

By United Press.  
WASHINGTON, May 21.—A com-  
promise tax bill that will reduce the  
national levy \$472,620,000 annually  
was agreed on by the senate and  
house conferees today. Action prac-  
tically assures final adoption by both  
branches of the congress this week.  
The first effect will be a 25 per-  
cent reduction in all taxes on the  
1923 incomes payable this year.

### Klan Officials Of Texas Are Busy On Convention Slate

By United Press.  
DALLAS, May 21.—Officials of  
the Ku Klux Klan of the state were  
holding a secret meeting here today  
to consider candidates for delegates  
at large to the national democratic  
convention and to act on other mat-  
ters to come up at the state demo-  
cratic gathering at Waco, May 27,  
it was learned.

### Poultry Marketing Plan At San Angelo Worth Looking Into

The poultry marketing committee  
of Eastland and adjacent counties,  
met Tuesday in Cisco and discussed  
plans for the marketing association  
that is being formed for this section.  
It was decided to send a delega-  
tion to San Angelo for the purpose  
of studying a marketing system  
there, which is reported functioning  
splendidly.

### RETAIL MERCHANTS ARE DETERMINED TO HOLD THEIR MEETING TONIGHT

The annual meeting of the Ran-  
ger Retail Merchants' association,  
several times postponed because of a  
storm coming up just before the hour  
of meeting, is to be held at 8 o'clock  
tonight in the Chamber of Commerce  
rooms.  
While a storm of unprecedented  
proportions might cause another  
postponement, officers are very  
anxious the meeting shall be held and  
will make efforts to get all the mem-  
bers out tonight. Directors for the  
ensuing year are to be chosen and  
a working plan for the year out-  
lined. It is necessary also to elect a  
secretary to fill the vacancy caused  
by the resignation of Karl E. Jones,  
who gave up his work here to go into  
another line in another city. Presi-  
dent J. T. Gullahorn asks that all  
members turn out for the meeting  
tonight.

### Goats and Coyotes Drink Alcohol and Engage In Orgy

By United Press.  
SAN ANTONIO, May 21.—Goats  
and coyotes engaged in a bacchanalian  
orgy on the ranch of Bill Oats, north  
of Boerne, as the result of a silo  
springing a leak and the liquid from  
it running into a canyon and into a  
small pool where the goats and coy-  
otes gathered to drink.  
The silo juice fermented and pro-  
duced a large percentage of alcohol,  
which appeared to please the palates  
of goats and coyotes.

### DIVIDENDS IN LIQUIDATION TO BE PAID SOON

Depositors in Five Former State  
Banks in Eastland County  
To Share Returns.

Applications have been filed with  
and granted by the state bank com-  
missioner for permission to pay divi-  
dends to depositors in a number of  
Eastland county banks that are being  
liquidated. The name of the bank  
paying dividends and the amount to  
be paid is as follows:  
First State bank of Eastland, 6  
per cent.  
Farmers and Merchants State bank  
of Ranger, 3 1/2 per cent.  
Security State Bank and Trust  
company of Eastland, 7 1/2 per cent.  
Farmers State Bank and Trust  
company of Gorman, 4 per cent.  
Desdemona State Bank and Trust  
company, 7 per cent.  
Application has been made by the  
liquidation agent for permission to  
sell property belonging to the Security  
State Bank and Trust company of  
Eastland. Application has also  
been filed for permission to sell a  
note held by the Guaranty State  
Bank of Ranger.

### THREE BANDITS PILE CRIME UPON CRIME IN STRUGGLE TO ESCAPE

PRAIRIE GROVE, Ark., May 21.—  
Search was being continued ar-  
dently today for three bandits who  
shot and probably fatally wounded  
Deputy Charles Birchfield yester-  
day. The officer was shot when he  
with a posse of five men stumbled  
across the trail of the gang which is  
believed to have robbed the First  
State bank here Monday. The band-  
its fired a fusillade of shots and  
then fled.  
Some of the bandits are known,  
according to the sheriff, and he ex-  
pressed confidence they would be  
captured.

### WHEN HUMAN VOICE FAILS FATE SOUNDS CLARION HORN

PARIS (By mail to United Press).  
—The cry of an inanimate klaxon  
untouched by human hands, saved  
the lives of M. Paul Dutasta, former  
French ambassador to Switzerland,  
and in 1919 secretary general to the  
peace conference, and his chauffeur,  
who were pinned under their auto-  
mobile in an accident near Tours.  
A jolt caused the car's wheels to  
slide and it fell into a ditch, upside  
down. The chauffeur was pinned be-  
neath it with water up to his chest.  
M. Dutasta's head and shoulders  
were outside, but he was pinned down  
and helpless.  
The two men saw that the car was  
sinking lower and lower into the  
mud. They shouted, but the road  
was deserted, and they had but a few  
minutes.  
Then, suddenly, to their joy and  
bewilderment, the loud electric klax-  
on horn began to sound. It attracted  
the attention of men working in a  
neighboring field, and M. Dutasta  
and his chauffeur were rescued just in  
time.  
An investigation proved that as  
the car sank lower into the mud the  
electric push which operates the horn  
had come into contact with a stone,  
and the pressure kept the horn go-  
ing.

### SHALLOW OIL TEST TO BE MADE NEAR FLATWOODS

C. M. Root & al. are soon to begin  
drilling a well on the Jacob Lyeria  
tract in the Flatwoods territory. The  
location is just south of the Flat-  
woods cemetery on the northwest  
quarter of section 25, block 2, H. &  
T. C. Railway company survey. They  
will try for shallow oil. Most of the  
material for the rig is now on the  
ground.  
The spudder is down 600 feet on  
the J. D. Foster well located on the  
northwest one-quarter of section 15,  
H. & T. C. Railway company survey.  
THE WEATHER.  
West Texas—Tonight and Thurs-  
day, generally fair weather.

### Young Bass Arrive and Are Loosed in Hagaman Lake

### WORK ON BONUS AWARDS BEGINS WITHOUT DELAY

War Department Issue "Do"  
And "Don't" Instructions  
To World War Veterans

WASHINGTON, May 21.—In or-  
der to speed up the work of paying  
world war veterans the bonus com-  
missioner gave them, the war depart-  
ment has issued a list of "do's" and  
"don't's" to veterans. Here they are:  
Do not write for application blanks.  
They will be distributed as soon as  
prepared; read instructions care-  
fully; do not pay fees other than no-  
tary charges required in certain  
cases; do not write the war depart-  
ment for information required on the  
blank; do the best you can from  
memory; mail applications in the en-  
velopes which will be distributed with  
the blanks.  
Adjusted compensation is figured on  
the basis of \$1 a day for home  
service and \$1.25 a day for over-  
seas service. The first 30 days  
of service cannot be counted and a  
maximum of 500 days is the limit.  
If less than \$50 is due, it is paid  
in cash.  
The value of the 20-year endow-  
ment insurance policies to be issued  
is arrived at by computing the basic  
compensation according to these fig-  
ures, then multiplying by an ar-  
bitrary figure according to the vet-  
eran's age, and increasing the total  
arrived at by 25 per cent.  
This arbitrary figure varies from  
2.545 for veterans 20 years old to  
2.982 for veterans 59 years old.  
For example, a veteran of 25 with  
one year's home service would com-  
pute his service as 305 days at \$1.  
Multiplying \$305 by 2.537, the ar-  
bitrary figure for his age, would give  
\$773.78. This increased by 25 per  
cent would give \$967.25, the face  
value of his insurance policy.  
Insurance policies will be issued  
as fast as the data can be compiled.  
Loans may be made up to 90 percent  
of the value of the policy after two  
years from the date of issuance. The  
policies increase in value steadily  
from date of issuance until the ma-  
turity after 20 years when the full  
value of the policy is payable.

### French President Confers With Next Premier Of France

By United Press.  
PARIS, May 21.—The first step  
towards the formation of a cabinet  
to succeed that of Premier Poincare  
was taken at the Elysee palace at  
noon today. President Millerand in-  
formed Edouard Herriot, leader of the  
successful coalition of the Left in  
the recent parliamentary election,  
concerning engagements France had  
made to J. P. Morgan in exchange  
for a loan that saved the franc from  
collapse a few months ago.  
Before Herriot, leader of the radical  
socialists, is formally invited to  
form a cabinet, President Millerand  
wants to know the attitude of the  
party towards the agreement with  
Morgan. It is also necessary for the  
next premier of France to under-  
stand what France has promised the  
American banker.

### DR. BUTLER INSISTS HE WANTS PROHIBITION IF IT CAN BE ENFORCED

KANSAS CITY, May 21.—"It is  
not a question of prohibition—it is  
the lack of it," Dr. Nicholas Murray  
Butler, president of Columbia uni-  
versity, said here today.  
"I do not favor light wines or  
beer; I have always been the enemy  
of saloons and of liquor inter-  
ests," Dr. Butler said.  
Dr. Butler insisted, however, that  
unless there was stamina and ability  
to enforce it behind the prohibition  
law, it would be better not to have it.

### JEALOUSY BELIEVED MOTIVE IN TRAGEDY AT ROCKPORT, TEXAS

ROCKPORT, Texas, May 21.—  
Jealousy over the affections of small  
children in the neighborhood is be-  
lieved to have caused M. C. Rook,  
72, to shoot and instantly kill his  
neighbor and close friend, Ed Mor-  
rill, 62, and then attempt to take his  
own life. Rook is now at the point  
of death with a bullet in his head.  
The two aged men had engaged in  
what appeared to be a friendly game  
of dominoes, Monday. Morrill, on  
his way home, was intercepted by  
Rook, who discharged the contents of  
a shotgun in his breast. Officers al-  
lege that Morrill also was stabbed  
three times.  
Returning to his home, Rook fired  
a bullet into his head.

### CARL BARNES POST PLANS ENTERTAINMENT TONIGHT—ALL INVITED

The Carl Barnes post of the Amer-  
ican Legion has arranged an enter-  
tainment for tonight in the basement  
of the Ghoslon hotel and every leg-  
ionnaire, whether a member of the  
post or not, is invited to attend. The  
program will start at 8 o'clock sharp.  
Refreshments will be provided and  
every "buddy" is asked to report  
himself present, post officials said.

### PENSION FOR PUBLIC SCHOOL TEACHERS URGED

SAN ANTONIO, May 21.—Teach-  
ers in the public schools of Texas  
will be pensioned after a certain  
period of service if plans launched  
by the State Teachers' association  
through Mrs. Maude Gordon, of  
Houston, are successful.  
The movement was launched at a  
recent meeting of the association  
held here and following Mrs. Gor-  
don's motion to establish a perman-  
ent pension fund, the resolution was  
placed in the hands of the retire-  
ment committee to be worked out in  
detail.

ROCHESTER, Minn., May 21.—The  
condition of the Rev. "Billy"  
Sunday, famous evangelist who is  
suffering from kidney trouble, is im-  
proved and an operation probably  
will not be necessary, according to  
Dr. H. C. Bumpus of the Mayo  
clinic.

### METHODISTS OF SOUTH DIVIDED ABOUT MERGER

Place for Conference on Pro-  
position, July 2, to Be  
Named.

By United Press.  
NASHVILLE, May 21.—Five cities  
were bidding today for the special  
conference of the Methodist Church  
South that has been called by the  
college of bishops for July 2 to act on  
the proposal to merge with the north-  
ern branch. The convention city will  
be chosen by a committee on ar-  
rangements within the next few  
days. The cities bidding for the  
meeting are Memphis, Chattanooga,  
Louisville, Jackson, Miss., and  
Springfield, Mo.  
That the fight against the merger  
will be bitter was indicated when  
the college of bishops voted on the  
merger, announced as being evenly  
divided, seven to seven. The date  
for the conference was adopted by a  
vote of 10 to 14, those opposing the  
merger desiring that a later date be  
set.

### GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH HAS PROBLEMS

GRAND RAPIDS, Mich., May 21.—  
The general assembly of the Pres-  
byterian church, which meets here to-  
morrow at the Fountain Street Baptist  
church, will be called upon to  
discuss a number of big church prob-  
lems. They include:  
The contest between fundamen-  
talists and modernists, as involved  
in the preaching of Dr. Harry Em-  
erson Fosdick, a Baptist, in the First  
Presbyterian church of New York.  
The attitude of the Presbyterian  
church toward the entire war system.  
The question of equal rights of  
men and women to hold office in the  
Presbyterian church.  
The question of Americanization  
of foreign-born in the United States.  
The creation of a modern and ef-  
fective pension system.  
The movement to create at Wash-  
ington a center for Presbyterian ac-  
tivities.  
The sessions will open at 10 a. m.  
Thursday with the sermon by the re-  
tiring moderator, Dr. Charles F. Wis-  
hart of Wooster, Ohio.  
The first business session will be-  
gin at 2:30 with the election of a  
new moderator and of standing com-  
mittees. Presentation of annual of-  
ficial reports of boards and executive  
bodies will be begun the morning of  
May 23.  
What has been called an equal  
rights movement for women in the  
Presbyterian church was launched at  
the general assembly a year ago by  
Mrs. Charles Amory Blinn, president  
of Cincinnati Presbytery. At pres-  
ent only men can become elders and  
ministers, and only these are eligi-  
ble for election to the Presbyteries  
and to the general assembly. The  
movement of the Cincinnati woman is  
"to remove from Presbyterian  
rules and regulations the restrictions  
in connection with the participation  
of women in the official affairs of  
the church."  
Mrs. Blinn complained then that  
the practical activities of Presby-  
terian women had been enlisted by  
the Red Cross, Y. W. C. A., and  
other organizations, and she wanted  
the power of the women conserved  
within the church work.

### SENATOR WATSON FINDS FAULT WITH DEMOCRATS FOR PUSHING OIL PROBE

By United Press.  
INDIANAPOLIS, Ind., May 21.—  
Assailing the democratic party for  
attempts to make political capital out  
of the oil scandal, Senator James E.  
Watson vigorously defended the  
Harding-Coolidge administration in  
sounding the keynote before the re-  
publican state convention today.  
"I marvel that in the face of the  
democratic record of war expendi-  
tures they can talk of graft and in-  
competency," he said. "Billions were  
wasted and worse than wasted while  
our armies at the front lacked the  
proper equipment for war." He also  
defended the Mellon tax bill.

### AMERICAN FLYERS ARE HELD BACK BY FOG BUT MAY HOP ON TODAY

TOKIO, May 21.—A dense fog ob-  
scured the aerial highway down  
which American round-the-world air-  
men had hoped today to complete  
their flight to the main island of  
Japan. American flyers expected to  
hop off from Hittokapu, island of  
Yeterofu, bay and reach Japan prop-  
erly before nightfall. But no word  
had come from them late today and  
it is believed that the flyers were  
again held up by unfavorable weather.  
The report that the flyers had ar-  
rived yesterday at Mihiato, island of  
Hondo, was erroneous.

### COTTON SPINDLES REPORT. WASHINGTON, May 21.—There were 37,745,967 cotton spinning spindles in place in the United States April 30, of which 31,871,665 were operated at some time during the month with 35,517,737 operated in April, 1923, the census bureau re- ported today.

### MAJOR MACLAREN AGAIN REPORTED ON THE WING

LONDON, May 21.—Major Mac-  
Laren, British "round-the-world fly-  
er, left Calcutta today for Akyad, in  
Burma, according to advices receiv-  
ed from the former city.

### KING TUT SAID TO HAVE BEEN DEVOTED HUSBAND

CHICAGO, Ill., May 21.—King  
Tut was a devoted husband, Howard  
Carter, co-discoverer of King Tutan-  
kham's tomb, declared today. He  
is here for several lectures. The pha-  
raoh's tomb contains numerous signs  
of Tutankham's devotion to his  
wife, he said.

### Coming Millionaire Asks Advice On How To Use His Money

CINCINNATI, May 21.—Arthur  
Nash, "golden rule" cloth-  
ing manufacturer, is asking the  
world to tell him what to do with  
a million dollars.  
"I have seen too many crimes  
committed under the protection  
of a millionaire's cloak," Nash  
explained.  
So he is asking, "What shall  
I do with my millions?" in 33  
religious periodicals this week.  
Nash believes readers of these  
papers have a better conception of  
the golden rule than others.  
Nash is going to judge their  
Christianity by the answers he  
receives.  
Later, he expects to give his  
own answer to the question.

### CANDIDATES, AT OKRA, DISCUSS SOME ISSUES

Speeches Good Natured, But  
Not Entirely Lacking  
In "Fire."

Issues in the present political  
campaign in Eastland county were  
discussed by a number of candidates  
for county office, Tuesday night at  
Okra. A fair-sized audience was  
present and gave each speaker an  
attentive hearing.  
C. S. Jamison, candidate for sher-  
iff, opened the meeting with an an-  
nouncement of his candidacy. Bob  
Edwards, also a candidate for sher-  
iff, spoke in his own interest.  
Other candidates who spoke were:  
W. H. Sewell and Elzo Been, can-  
didates for judge of the Eighty-  
eighth district court.  
Glivie Hubbard and Tom J. Cun-  
ningham, candidates for judge of the  
county court-at-law.  
Frank Judkins and W. J. Barnes,  
candidates for county attorney.  
Mr. Poteet, candidate for public  
weigher at Rising Star.  
All of the speeches were good na-  
tured and everyone present was said  
to have enjoyed the meeting. Barnes  
and Judkins injected a little fire into  
their talks, it is reported.

### MASONS HEAR ADDRESS ON MASONS AS MAKERS OF AMERICAN HISTORY

W. T. Ede of Dallas gave an ad-  
dress in connection with an exhibit  
of moving pictures at a Masonic ser-  
vice last night in the Ranger Masonic  
hall. He told of Masonry in the  
United States and Masons as the  
makers of American history, point-  
ing out the leading part many of  
them had taken.  
According to Mr. Ede, 51 signers  
of the Declaration of Independence  
were Masons; of George Washington's  
29 major generals, 20 were  
Masons, and of Washington's 60  
brigadier generals, all but one were  
Masons. He told not only of the  
important part Masons had taken in  
the building and development of the  
United States, but also pointed out  
the work they are now doing along  
helpful, co-operative and progressive  
lines.  
Mr. Ede is making a tour of West  
Texas to address Masonic lodges on  
Masonry service. He said he has al-  
ready six engagements to fill this  
week.

### WOMAN WHO CAUSES JEALOUSY DEAD, TWO TWO MEN MAY ALSO DIE

LOS ANGELES, May 21.—One  
woman dead and two men fatally in-  
jured is the result of a shooting af-  
fray held here today with jealousy  
the motive. The dead woman is Mrs.  
Willard Mulligan, known to radio  
fans as "The Feminine Uncle Josh."  
The two wounded men, both of  
whom are expected to die soon, are  
Isaac Johnson, 34, a former husband  
of Mrs. Mulligan, and her present  
husband, Willard Mulligan.  
Mrs. Harriett L. Goodhall of Bos-  
ton, who was visiting the Mulligans,  
was narrowly missed by the bullets  
and was treated at the emergency  
hospital for shock.

### SENATE COMMITTEE PUT ON TRIAL OF PAPERS REPORTED AS STOLEN

WASHINGTON, May 21.—Diaries  
and papers reported stolen from Gas-  
ton B. Means on March 31 by a ruse  
were seen in the hands of two men  
said to be in the employ of Hiram  
Todd, special attorney general in  
charge of the prosecution of Means  
on conspiracy charges. W. O. Duck-  
stein, private secretary to E. B. Mc-  
Lean, Washington publisher, told the  
senate Daugherty investigating com-  
mittee today.  
T. J. O'Bryan and Walter Petit  
brought papers to his house March  
31 and asked Mrs. Duckstein to iden-  
tify them. Mrs. Duckstein was a con-  
fidential clerk in the department.

### OPPOSITION TO MAYFIELD BEARS ON KLAN ISSUE

Issues Subpoena for E. Y.  
Clarke to Appear Before  
Senate Committee.

By United Press.  
WASHINGTON, May 21.—A sur-  
prise was sprung today in the senate  
investigation committee of Mayfield  
when it developed that opposing  
counsel had subpoenaed E. Y.  
Clarke recently deposed by the Ku  
Klux Klan.

The former imperial officer, now  
at odds with the Klan, recently ap-  
pealed to President Coolidge to  
break up the organization. He was  
one of the original organizers of the  
Klan and head of the propaganda de-  
partment. Clarke was forced out  
when Dr. H. W. Evans of Dallas be-  
came imperial wizard.  
Because of absence of witnesses,  
the committee held no session today.

### Fewer Saloons In New York Now, First Comment By Thaw

By United Press.  
NEW YORK, May 21.—Harry  
Thaw has just had a sweeping look  
at the city which knew him a genera-  
tion ago as a gay-hearted spend-  
thrift from Pittsburgh. His only  
comment was, "there aren't as many  
saloons now as there used to be."  
Then, after arranging for \$10,000  
bail for two indictments held against  
him during his seven years in a mad-  
house, Thaw went into New Jersey  
to spend the night in a little town.  
Judge Avaney, who admitted Thaw  
to bail yesterday, was to decide to-  
day if Thaw must return to New  
York at once. Another long-sleeved  
indictment against Thaw, charging  
conspiracy, was dug up after the  
judge had left his chambers, Tues-  
day, and technicalities may require  
Thaw's presence here. Thaw is wear-  
ing mourning for his brother, Ed-  
ward, who died Saturday in Califor-  
nia.

### 'DIRECT DESCENDANTS' LOOKING FOR PATHWAY TO NEGLECTED ESTATE

By United Press.  
KANSAS CITY, May 21.—Fifty  
supposed direct descendants of Rob-  
ert Edwards, early colonial settler  
of New York, gathered here today  
to devise means to fight for the estate,  
which they claim includes the heart  
of New York's financial district.  
Descendants were gathered here  
from Texas, Colorado, Missouri, Ohio  
and Iowa. Mrs. G. S. Walrath of  
New Richmond, Ohio, called the  
meeting.

### METHODISTS BALLOTING FOR BISHOPS WITH DR. RALPH WARD LEADING

By United Press.  
SPRINGFIELD, Mass., May 21.—  
Two ballots were taken at the Meth-  
odist general conference here today  
in an effort to elect five new bishops  
to fill the vacancies caused by the  
retirement of five bishops last Sat-  
urday. The first ballot failed to  
elect, lacking the necessary two-  
thirds majority. The result of the  
second ballot will not be made known  
until 5 p. m.  
Rev. Dr. Ralph Ward of New York,  
led the first ballot, polling 310 votes,  
while 549 were necessary to elect  
him. A total of 843 votes were cast.  
There were 19 candidates.

### AUSTIN, May 21.—A musical fraternity is the latest addition to the Greek letter colony of the Uni- versity of Texas here.

Phi Mu Alpha, national musical  
fraternity, has conferred a charter  
to the Men's Music club.  
Twenty-one students of the state  
university here interested in the  
study of music, became charter  
members of the local chapter.

**BIBLE THOUGHT.**  
**THE RESURRECTION**—Jesus said unto her, I am the resurrection and the life: he that believeth in me, though he were dead, yet shall he live; and whosoever liveth and believeth in me shall never die.—John 11:25.

**PRAYER**—Lord, we thank thee that we live, because thou livest.

**MILLIONS OF WORKERS CALLED TO ACTION.**

The some 19,000,000 workers in 22 countries organized in unions affiliated with the International Federation of Trade Unions are called upon to join in mass anti-war demonstrations on Sunday, September 21, in a manifesto sent out from the Amsterdam bureau of the federation a few days ago. The demonstrations are to be in the nature of a solemn observance of the tenth anniversary of the breaking out of the world war, although timed considerably later than the actual date of the beginning of the conflict.

As the American Federation of Labor is not affiliated with the Amsterdam international, considering it too "red," the anti-war demonstrations in this country are expected to be confined to socialist party organizations and local union groups. In Russia, where the unions are not affiliated with Amsterdam because they regard it as too "yellow," it is possible that the bolshevik will organize demonstrations on a different date.

The manifesto begins by reciting the horrors of the world war, avers that millions of men died for a "sham peace" and declares that nations of the world are preparing for a still more terrible slaughter and continues: "There is but one way of escape from this terrible fate, and only one. There is one power which can end war, and only one. That power is organized labor."

It calls upon all men to stand shoulder to shoulder with comrades from other lands against the powers that make for war, and unite in a brotherhood and solidarity that make for progress and for universal peace.

**10,000 MURDERS LAST YEAR**

Statistics compiled by the Prudential Insurance company covering most of the cities, indicates an increase in murder from nine per 100,000 of population in 1922 to 10.2 in 1923. They show that the homicide rate has doubled in 20 years. The number of murders committed in this country in 1923 shows the regular annual increase in "the American murder wave," and indicates that we are slowly drifting toward a degree of acquiescence in crime and criminal traits which, if not sternly dealt with, will permeate every stratum of society.

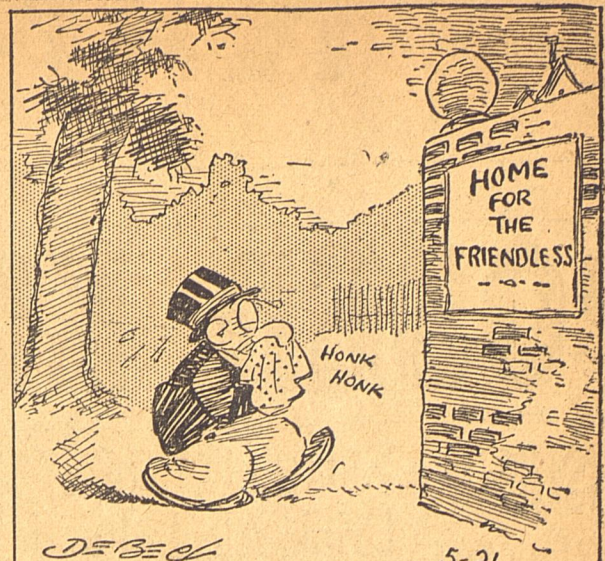

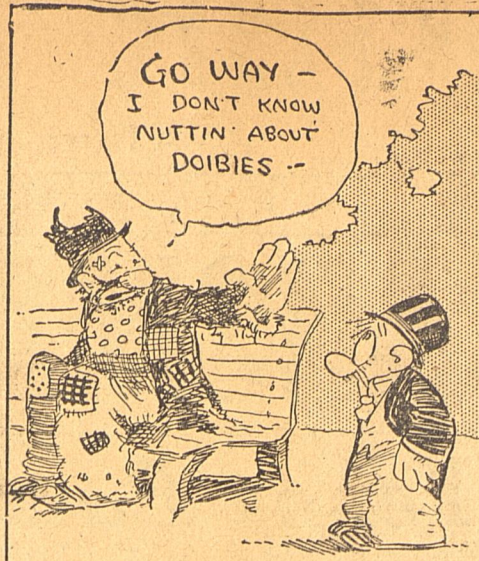

The percentage in New York is half that of Chicago, about one-third those of Cincinnati, while Memphis heads the list, 12 times as many as New York. Jacksonville, Fla., a close second, Nashville, third. St. Louis has four times as many as New York in proportion to population.

The records show that the indiscriminate sale of fire arms, especially by mail order houses, is one of the most fruitful sources of murderous crimes.

The death of Charles F. Murphy removes the most ardent and constructive leaders Tammany Hall has ever known, and at a time when it was hoped the organization would be in a position to name a candidate for the presidency. While Mr. Murphy was a "boss," he was very diplomatic and farseeing, depending on the masses of the people for support more than upon political and financial leverages. His place will be difficult to fill.

**THURSDAY EVENTS.**

Delphians meet at 9:45 o'clock at Gholson hotel.  
 Lions club luncheon 12:15 o'clock at Gholson hotel.  
 Wesley Bible class meets at 2 o'clock at Methodist church.  
 Thursday Bridge club meets at 2:30 o'clock with Mrs. E. D. Finney.  
 Progressive Rebekah lodge meets at 7:30 o'clock at Odd Fellows hall.

**PROGRESSIVE REBEKAHS TO HAVE BUSINESS MEETING.**

The Progressive Rebekah lodge, No. 244, will meet Thursday night at 7:30 o'clock at Odd Fellows hall. All members are requested to be present as there is business of importance to be discussed.

**ST. RITA'S SCHOOL PICNIC POSTPONED.**

On account of the rain and cooler weather, the annual picnic of St. Rita's school which had been announced to take place Thursday, May 22, will be postponed until Saturday, May 31. The ladies of the Altar society regret that this is necessary, but since Stribbling lake grounds are low and the land likely to be damp it is thought wiser to postpone the picnic until dryer weather.

**MRS. WHALEN HOSTESS TO ST. RITA'S ALTAR SOCIETY.**

Members of St. Rita's Altar society were delightfully entertained Monday afternoon at the home of Mrs. Whalen in the Prairie camp. Those present were Meses. McLaughlin, Maher, Yonker, Higginbotham, Cluney, Backer, Nentwig, Buddruss, Charles Dyar, Demmer, Milliken and the hostess. The next meeting will

be held at the home of Mrs. Ed. Maher with Mrs. Demmer assisting hostess.

**DELPHIANS TO GET NEW YEAR BOOKS THURSDAY.**

All members attending the Delphian meeting on Thursday morning will receive their year books for the next year's course of study. This will be the final meeting of the present season and all members are asked to make a special effort to be present.

**BLUE RIBBON CLUB MEETS WITH MRS. O'DONNELL.**

Mrs. P. J. O'Donnell was hostess on Friday to the Blue Ribbon Bridge club. High score was won by Mrs. John Gates and low score by Mrs. Moon. Guest prize went to Mrs. Colliers. Those attending were Meses. E. L. Moon, Couler, Carmen Wright, J. P. Gates, G. F. Gluth, R. M. Schmuck, Exley, ohn Dunkle and Miss Winifred Dunkle. The club will meet this week with Mrs. John Gates.

**SENATE COMMITTEE REJECTS FORD'S OFFER FOR MUSCLE SHOALS**

WASHINGTON, May 21.—By a vote of 10 to 6, the senate agricultural committee today rejected Henry Ford's offer for the Muscle Shoals nitrate and power project. The vote came in executive session soon after the committee had announced that it would end all hearing on the proposition next Monday, and consider recommendations, beginning next Tuesday.

Ford's offer was endorsed by the house by an overwhelming vote last month. The committee's action forces supporters of Ford's bid to fight to bring it to the floor of the senate for action.

Senator Harrison, of Mississippi, made the motion to report the bill.

**JUDGE DAVENPORT TELLS JURORS THEY MUST KEEP FAIR AND OPEN MINDS**

All of the morning of the third day of the trial of Eastland county vs. G. A. Davison et al., was spent in reading the pleadings to the jury and at noon when the court recessed it was stated that another hour or more would be required to finish reading the pleadings and that the taking of testimony would follow immediately.

Judge Davenport, in whose court the case is being tried, instructed the jury this morning that they should not read any newspaper that saw fit to comment on the case or any testimony in the case. "They are entitled to their opinions, but you jurors and this court must keep an open mind and try the case in the light of the law and evidence," he said.

The entire day Tuesday was spent in arguing exceptions and general and special demurrers, all of which were overruled by the court, who stated in doing so that after he got into the case if he became convinced that he had erred he would reverse his rulings.

NOTICE BY PUBLICATION IN PROBATE. THE STATE OF TEXAS. To the Sheriff or any Constable of Eastland County, Greeting: You are commanded to cause to be published in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your county, at least once a week for ten days previous to the return day hereof, copies of the following notice: THE STATE OF TEXAS.

To all persons interested in the estate of M. L. Davenport, deceased, as M. Newman, temporary administrator, has filed an application in the county court-at-law of Eastland county on the 16th day of May, 1924, for an order to lease the following described tract of land: Being parts of the Elizabeth Finley survey on the waters of Gholson Creek, a tributary of the Leon river, about eight miles east of the town of Eastland, and more particularly described as follows, to-wit: First tract: Beginning at S. W. corner of N. P. King tract; thence west with the J. C. Wilkinson field and pasture fence 750 vrs., stone for corner; thence north 750 vrs.; thence east 750 vrs.; thence south 750 vrs. to place of beginning, containing 100 acres, more or less. Second tract: Beginning 500 vrs. east of Vinceller corner; thence east 642 vrs.; thence north 627 vrs.; thence west 642 vrs.; thence south 627 vrs. to place of beginning and containing 80 acres, more or less. Third tract: Beginning at the N. E. corner of subdivided hereinafter made tract of W. G. Vinceller; thence north 1500 vrs.; thence east 500 vrs. to J. N. Westbrook's S. W. corner; thence north 627 vrs. to Westbrook's N. B. line 631 vrs.; thence north 873 vrs.; thence west 1131 vrs. to place of beginning containing 320 acres, more or less. (Said tracts being known as H. Brashear land in E. Finley survey.) Which said application will be heard by said court on the 2nd day of June, 1924, at the courthouse of said county, in Eastland, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Witness my hand and official seal, at Eastland this 20th day of May, 1924.

ERNEST H. JONES, County Clerk.

**Traveling Salesman Who Gets To "Gay" Meets Punishment**

P. A. Rodriguez, a traveling salesman out of St. Louis, pleaded guilty to aggravated assault when arraigned in the county court-at-law yesterday afternoon and was fined \$25 and costs, the total being \$48.05.

Rodriguez undertook to kiss a young girl employed in an office where he had called to sell goods. The young woman refused his advances and reported the matter to her employer, who had charges filed against Rodriguez.

Evidence showed that the girl, about 16 years of age, had never seen Rodriguez before and that she was alone in the office when he came and also that there was nothing in her conduct toward him that warranted his action toward her.

**CONFINED TO BED**

Birmingham Lady Took Cardui for Relief of Change of Life Troubles and Says It Helped Her "So Much."

Birmingham, Ala.—"I first took Cardui for that tired, worn-out feeling that comes from being dreadfully run-down," says Mrs. Catherine E. Smith, of 2106 Stout Street. "Twenty-five years ago, I was suffering from womanly weakness."

I read of Cardui in an almanac, and thought I would try it. I got a bottle and it helped me from the first. After that, during the whole of my married life, I took Cardui when I needed it.

"About four years ago, change of life came on me. I grew weaker and weaker, and was confined to my bed, where I lay on my back for days. I was told that only a severe operation could do me any good, and this depressed me very much, for I dreaded such an ordeal."

"I remembered how Cardui had helped me for female trouble in the past and I had read of how it had helped other women during change of life, so one night I told my husband to go to the drug store and get me a bottle. I began taking it at once. From the first dose I could feel myself getting stronger. I continued to take Cardui until I was entirely through this very trying period of a woman's life."

Cardui, at all dealers'. NC-153

**RUPTURE EXPERT HERE**

F. H. Sealey, of Chicago and Philadelphia, the noted truss expert, will personally be at the Southern Hotel, and will remain in Brownwood, Wednesday only, May 28. Mr. Sealey says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Warning: All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Sealey has documents from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

P. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Sealey, Home Office 117 N. Dearborn St., Chicago.

MADISON, Wis., May 21.—Wisconsin rail brotherhoods and La Follette republicans declined to participate in the proposed national conference for progressive political action, on which many third party advocates pin their hopes.

**BUMPS ON YOUR FACE MAKE PEOPLE SCRINGE**

People who have been embarrassed repeatedly on account of disfigured skin on their face, neck, arms and hands, caused by eczema, tetter, rash, boils, pimples, etc., are nearly always sensitive about these things to the point of feeling that everybody is watching them and talking about how bad they look.

For this reason Black and White Ointment, and Black and White Soap are making friends by the thousands because people can get them from their nearest dealer without a lot of explanations, and they do quickly get rid of all those skin ruiners.

The 50c size of the Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—Advertisement.

Above: ARISTIDE BRIAND  
Below: EDOUARD HERRIOT

It is believed that M. Edouard Herriot, long-time Mayor of Lyons, and leader of the Left Bloc in the French Chamber of Deputies, or M. Aristide Briand, will become the new French Premier, succeeding M. Raymond Poincare, who was decisively beaten at the recent French elections.

**UNIVERSITY STUDENTS HEAD HAS DECISIVE VICTORY**

AUSTIN, May 21.—S. Eldon Dyer of Austin, literally swamped his two opponents in the race for the student presidency of the University of Texas in the recent annual election. Dyer was carried into office by a majority of more than 800 votes.

Returns in the vote for practically all offices in the various student organizations were close. Moulton Cobb of Cameron, however, was easily elected editor of the Daily Texan.

Dyer has served as student president during the past two months following the resignation of F. P. Leissner, elected a year ago.

**LEONARD HAS BAD ATTACK OF STAGE FEVER**

United Press Sports Editor.

NEW YORK, May 21.—Benny Leonard has developed so much enthusiasm for the theatrical profession and he professes to see such a future in it that it would be no great surprise if he announced his retirement from the ring after the outdoor season.

When a champion in these days of few fights and immense purse talks of retirement, the public is justified in considering the conversation to be a lot of bunk.

Leonard, as the champion lightweight of the world is, at the very least, a \$200,000-a-year man, and he is in his thirties. A surgeon, a lawyer, or an engineer, who has made himself worth \$200,000 a year before he passed his twenties, would be mentally deficient if he gave up his business and started in the practice of a new profession.

While it is admitted that the boxer hasn't a profession as permanent as a young man with a skilled technical trade, it seems that Leonard has several years ahead of him, and even a few years at such a handsome salary would put the ordinary tradesman at ease for life.

Leonard, however, does not look at it that way. He has the theatrical bug and has it bad, but he has some sensible arguments to show that his desire to get out of the boxing business is not a fad of the moment or a silly hobby.

While he was being made up recently by a stage cosmetic thrower in a New York movie studio, where he was to go through a 60-round fight for the hand of a movie queen, Leonard unburdened himself of some of his ideas about the boxing business.

"This commission idea of government is spoiling the game," he said. "They try to tell a boxer what he must do. They tell a promoter how much he can charge, how many spectators he can seat and what boxers he can match. The New York commission got on me a few days ago and told me that I had to defend the title. I told the commissioners I was ready to fight if they would get an opponent for me, and they had to admit that it would be a job for them to find an opponent."

The newspapers play up the exhibition matches that boxers get and the reformers complain about it. Because of the prominence given in the news to purses paid to fighters, the public gets the idea that boxers are the highest paid performers in the world. They are not. Supposing I do make \$300,000 a year, that is small compared to Al Jolson's million dollars a year and the salaries and income of a half million dollars that several other star actors get."

**Carpentier in America to Fight Gibbons.**

GEORGES CARPENTIER

Georges Carpentier, French heavyweight, is pictured as he arrived in New York for his fight with Tommy Gibbons, St. Paul heavy, in Michigan City, Ind.

**GOVERNMENT GIVES ITS RECOGNITION TO CLEAN SPORT PLAYS**

By United Press.

WASHINGTON, May 21.—President Coolidge will open the national conference on outdoor recreation tomorrow. The meeting will last through Friday and Saturday.

The conference, called by the president himself, records something new in the annals of nations—government recognition of the part that clean sport plays in promoting patriotism.

More than 125 national organizations have been invited to the conference, which holds sessions in the splendid new national museum.

They will be asked to establish an official American policy of outdoor recreation; a definite program which will guide both congress and the president in future legislation.

Properly enough, the chairman of the conference is the son of America's most prominent exponent of the "strenuous life," Theodore Roosevelt. Col. Roosevelt, who as assistant secretary of the navy developed the details of the meeting, has provided an inspiring list of speakers.

The other members of the president's committee are Secretary of War Weeks, Secretary of Commerce Hoover, Secretary of Interior Work, Secretary of Agriculture Wallace, and Secretary of Labor Davis.

The work of the conference will be done by 18 committees, their members appointed from the ranks of the best known authorities on wild life, forestry, public parks, playgrounds, public health and other forms of outdoor recreation.

They will endeavor to co-ordinate all their activities and work to the ultimate object, as expressed by President Coolidge, of endeavoring: "To make available to the average American outdoor recreation, with all that it implies, and to preserve our facilities for outdoor recreation for our children and for our children's children."

In carrying out that purpose the conference will consider formulation of an educational program, promotion of game preservation, correlation of private and federal agencies, and formation of advisory councils.

**CLEVE BARNES ACQUITTED OF HIDING STOLEN AUTOMOBILE**

"Not guilty" was the verdict of the jury in the Cleve Barnes case, which was tried Tuesday in the 88th district court. Barnes was charged with receiving and concealing an automobile alleged to have been stolen. The case was given to the jury late Tuesday afternoon and a verdict was soon reached.

**MILLIONS ACCEPT THE THEORIES OF M. ANDRE**

**Great Chemist's Ideas On Health Are So Reasonable and Clear That Men of Science as Well as the Masses Are Astonished by Their Simplicity and Truth.**

France has produced many renowned soldiers, scientists and philosophers but never in her history perhaps have the teachings of any one man so electrified the great masses everywhere as those pronounced by M. Andre. The noted scientist's theories on health and

M. PIERRE ANDRE, Discoverer of Karnak.

and what it has taken years to tear down cannot be rebuilt in a day. Do not expect only a few doses of Karnak to give back that which has taken years to squander. A few doses will help you and make you feel better, yes; but you want to be fully restored, to feel fine all the time, to be so well and strong that you enjoy every minute of your waking hours and sleep like a healthy child at night.

"This, with your co-operation, may be accomplished in less time than you think. Remember that Karnak is composed of the most beneficial roots, barks and herbs known to science, and that Nature too is working on your side. You will very probably begin to feel better after taking Karnak only two or three days, but do not retard the good work it is doing by over-indulgence. Eat plenty of good wholesome food, but not too much; get plenty of sleep. Keeping the bowels open is a matter of first importance. Plenty of fresh air, too, helps and hastens the restorative results Karnak will accomplish. Exercise moderately.

**Not a False Stimulant.**

"Karnak builds, strengthens and tones up the entire system; helps Nature overcome unhealthy conditions and restore the vitality and strength in a natural, lasting way. It is the only safe and permanent way to rebuild the health. Any medicine that works quicker than this is a false stimulant and eventually will do more harm than good.

"The stomach is the fountain-head of health or disease, and is usually the first of our organs to break down. And once the stomach breaks down we are beset with nervousness, weakness, auto-intoxication, palpitation and many other symptoms and diseases that are the natural offspring of impaired digestion and a badly nourished, weakened condition. People who take Karnak are often amazed by the complete disappearance of troubles that had defied other treatment for years and apparently had no connection with stomach trouble or the nourishment of the body.

"This is because a healthy, strong body naturally resists and throws off diseases and Karnak helps Nature build up and strengthen the body to the point where Nature itself overcomes these troubles."

The announcement yesterday that M. Andre's famous medicine is now obtainable in this city created widespread interest and scores of people have already availed themselves of the opportunity to secure it. The phenomenal success of Karnak as a health-builder is the sensation of the drug trade.

Karnak is sold in Ranger by the Rexall Drug Store and Texas Drug Store.—Advertisement.

### GARDENS THAT PRODUCE RESULTS

Vegetables Are Exacting as to the Preparation of Soil, but Respond Readily to Proper Care and Treatment.

By SETH W. SHOEMAKER (Director, School of Agriculture, International Correspondence School, Scranton, Pa.)

Perhaps no class of plants are more exacting in regard to soil conditions than vegetables. This does not mean that vegetables cannot be produced on poor soil, but it does mean that if such soil is used it must be handled in such a way that the requirements of the vegetables will be met.

A friable soil is essential for vegetables, that is, one that may be easily worked. A sandy soil is good, but it must not be too light to hold water; on the other hand, it must not be too heavy. To be in the best condition for all vegetables the soil should contain an abundance of humus or organic matter. The land must also be well drained so that the water will not stand on it in puddles. Vegetables will not stand wet feet.

Vegetables of good quantity may be grown on ash piles. In fact, better results can sometimes be had on ash piles than on heavy clay soil, but in order to make the ash pile bloom, organic matter must be worked into it, preferably in the form of an abundance of humus. An ash pile is good particularly if a little soil is mixed with it, because the drainage is so good. On the other hand, if the ashes are not supplied with a goodly amount of organic matter they are liable to become too dry in the hot weather.

The ash pile is mentioned particularly because many people think such a foundation for a soil is hopeless. On the contrary, it is a fair prospect.

In case you happen to have an accumulation of ashes as a start for a garden the most decided first step would be to hoe two inches or three inches of soil on the ashes after first smoothing them over. Then a good per cent of manure should be applied at the rate of one pound to about two square feet. If the soil is not available for this purpose the manure will usually be sufficient for a fair garden.

If, on the other hand, the garden soil is too heavy, that is, contains a considerable amount of clay, it must have humus or organic matter supplied in liberal quantities and sometimes an application of a couple of inches of ashes or sand to the humus before the application of the organic matter.

To test the condition of a clay soil take up a ball in the hands and squeeze it. If it forms in a well formed ball when the hand is opened, the soil will generally be considered too heavy for good results and one of the methods suggested for lightening it should be attempted.

Occasionally a mixture of light, sandy soil will be found in gardens, especially in the coastal regions. On such a soil an application of a few loads of a heavier soil will often prove beneficial. Humus or organic matter will also bring such soil into a good workable condition and enable it to hold moisture without becoming too wet.

The material humus that we hear so much about is merely decayed organic matter either in the form of manure or decomposed vegetable matter such as leaves, roots, etc., but for the home gardener the most convenient form is good stable manure. Some gardeners, however, plant in their home garden some crop in the fall that will carry over the winter and give them a good amount of organic matter in the spring. It is advisable where suitable manure is not available. There are a number of such crops; rye is commonly used, and a better combination is rye and vetch sown in the proportion of two pounds of rye seed to one pound of vetch seed. One pound of this mixture should be sufficient for 500 to 1,000 square feet of garden space. Manure should be applied early in the season. It is best when partially rotted, but fresh manure may be used if it is not too strong. If the ground is not too sloping, manure can be applied on snow and it will sink down into the soil as the snow melts. Where the land slopes steeply, however, it may run off before it penetrates into the soil and in this case an application had better not be made until the snow has disappeared.

Manure without shavings is usually considered more valuable than manure containing too large a quantity of shavings. Shavings may serve a useful purpose on heavy soil by making it light, and on sandy soil it may make the soil too light. Many gardeners will argue that shavings have a tendency to make the soil acidic. This, however, has been considerably exaggerated. The acidity caused by shavings can be easily corrected with an application of lime.

### ENGINEERS AND SCIENTISTS TO REPORT ACHIEVEMENTS

By United Press. CLEVELAND—Post-war advances in aviation and ordnance, power problems of steel-making, development of scientific management in industry, and new and expanding spheres of manufacture, transportation and education will be discussed by leading authorities at a five-day spring meeting of the American Society of Mechanical Engineers here May 26.

Expansion of organized engineering in the field of public service will be stressed at several sessions by speakers representing the industries, the army, and the research laboratories of the nation.

More than 1,500 engineers, economists, educators, industrialists and officials of state and federal service will cover practically every phase of activity the American Society of Mechanical Engineers. Army officers will take a leading part in a session of the aeronautic and ordnance divisions on Wednesday. Major A. H. Hobley and H. B. English of the United States air service, McCook Field, Dayton, will describe "Aerial Bombing." A. E. White, professor of metallurgical engineering at the University of Michigan,

### Studebaker Mail Veteran of the West Placed In Museum

SOUTH BEND, Ind., May 20.—The famous Studebaker light-six, which holds Pacific coast records in fast mail carrying service has arrived here and was placed in honorable retirement.

The veteran machine, still full of pep and power despite its grueling service was moved into a prominent place in the Studebaker museum—where many celebrated cars and vehicles with a romantic history are viewed each year by thousands of visitors.

This new addition to the museum of transportation in the Studebaker administration building, was sent by the Chester N. Weaver company, Studebaker distributors at San Francisco.

Driven by Hart L. Weaver and James F. Gurley of the Chester N. Weaver company, and accompanied by observers, this car made road records between Los Angeles and San Francisco more than three years ago that stood unequalled by the officially observed performance of any other car.

On Feb. 2, 1921, it established a new round-trip record between San Francisco and Los Angeles, a distance of 864.8 miles, in the sensational time of 21 hours and 23 minutes. On the same trip it lowered the coast record between these two cities by two hours, 35 minutes and 20 seconds, the time being 10 hours, 12 minutes and 30 seconds for the 453.7 miles.

Three weeks later this remarkable car smashed the valley record between the Main postoffice at Los Angeles and Ferry postoffice, San Francisco, running the distance of 411.1 miles in nine hours, 15 minutes and 50 seconds. It is believed that this time between these two points over this route will stand forever.

A month after these phenomenal runs, this light-six covered the 425 miles of narrow desert trail from Los Angeles to Phoenix in 13 hours, 16 minutes, cutting off two hours and 28 minutes from the best previous automobile record. The railroad time is one hour, four minutes slower than the record established by this light-six.

To earn a place in the Studebaker museum, which is in reality a record of transportation in America, is an honor much coveted. Singularly, California contributed the two most recent exhibits.

The first was the half-million mile Studebaker big-six, which traveled in mid-winter under its own power from Los Angeles to New York and thence back to South Bend, after covering a verified mileage of half a million miles in five and one-half years.

The next and latest addition is the Studebaker light-six from San Francisco.

gan, will address the engineers on "The War's Impress on the Steel Industry," and Capt. E. A. MacMorland, U. S. A., on "The Role of the Engineer." This session will include an address by General C. C. Williams, chief of ordnance.

### WORLD'S OIL CONGRESS WILL MEET AT TULSA

TULSA, Okla., May 21.—The second annual show of the International Petroleum Exposition to be held in Tulsa October 2 to 11, according to the forecast of President L. B. Jackson, will draw together the largest crowd of oil and gas men that ever assembled at any one place in the world.

"We expect a great throng of people from home," said Mr. Jackson, and by home I mean the whole U. S. A., and a record number of oil people from Pan-America, Europe and the continent. The pronounced approval of last year's exposition by exhibitors and visitors indicates this beyond a doubt.

### "THE STRANGER"

### Tom Sawyer Wants to Go Swimming

Do you remember the old swimming hole? Talk about sport. Those were the days!

But the old swimming hole had certain disadvantages. It was not always sanitary, and it was frequently unsafe.

While you realize these things now, you know, too, that every genuine American boy still wants to go swimming. But where can he go?

The answer is a Concrete Swimming and Wading Pool. With its graduated depths, the Concrete Pool safeguards the older boys, and does away with danger of the little fellows "going in over their heads."

Concrete construction is ideal. It insures freedom from expensive upkeep.

It is also sanitary. A Concrete Pool is easily cleaned. And quick draining and re-filling make possible fresh, clear water at all times.

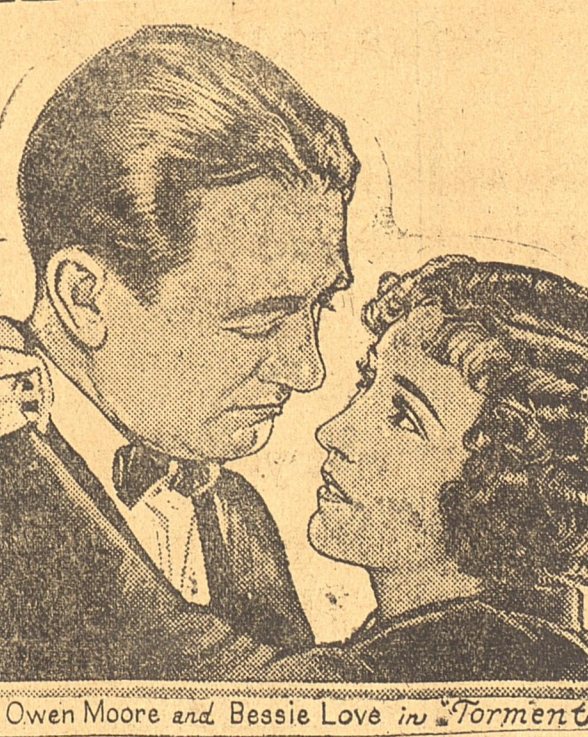

Watch for advertisements telling about the many other uses of concrete. And remember that the Portland Cement Association has a free personal service to offer you. Whether you use concrete or have it used for you, this service will give you more for your money.

Write today for your free copy of our booklet, "Concrete Swimming and Wading Pools." Talk this important subject over with your friends and neighbors. Remember that your boy is more or less like Tom Sawyer—he wants to go swimming.

## Meditate Before You Mail It

**C**ONSIDER these things---before you mail your orders out of town. The dollar that you spend out of town is gone forever.

The dollar that you spend at home---stays here and works. Whether it goes into civic improvements, via taxes, better schools, churches, streets---or whether simply goes into more merchandise for your next needs; it circulates at home

Remember your neighbor will take better care of you than a stranger. It is to his interest to do so. His future depends on his winning and holding your confidence and friendship---and he's right here to make good any mistakes.

When you help the home merchant, the home industry, they in turn help build up your town---thus making greater and better opportunities for you and your children.

Spending money at home is putting a mortgage on it to come back to you; spending it away from home is bidding it goodbye.

And your home purchase is better, for you can see and measure its value before you part with your money. Not so "the cat in the bag" you buy from the distant point.

Don't mail your order until you have considered these things---and you won't mail it.

# SEARCHING FOR ORIGINAL TEN COMMANDMENTS

### Movie Corporation Offers to Aid in Hunt for Twin Tablets of Moses.

NEW YORK, May 21.—The recent deciphering of the inscriptions found near the site of the handing down of the Ten Commandments from Sinai has excited great interest here, and Adolph Zukor of the Famous Players-Lasky corporation has instructed his European representative, P. N. Brinch, to offer aid to Professor Hubert Grimme towards further discoveries. The hunt for the Twin Tablets of Moses is to be renewed, with this powerful picture company's cooperation, in Palestine and Sinai.

It took Grimme 16 years to solve the riddle of the carvings discovered by Flinders Petrie at the foot of the Holy Mount. They were in a character unknown. With infinite patience the Münster professor slowly proved it, letter by letter, to be primitive Hebrew—a median stage in the Egyptian hieroglyph and the writing of the Jews.

One of the objects is a sculpture of an Egyptian queen, beneath it a votive inscription by the priest of Sinai. "Thou art kind," it says, "and hast drawn me out of the Nile." The reference is clear to Moses' preserver, and the royal lady has been identified with Queen Hatsheput who flourished circa 1450 B. C. The holy man signs himself "Priest of Hathor and Jahu" (Jehovah?). Did Moses dwell before Sinai in his Egyptianized youth, and did he then conjoin the worship of the Nile deity and of the Jewish? Such seems the logical answer.

The discoveries rouse great hopes that parts at least of the Ten Commandments of Moses' later lawgiving may be unearthed in the debris at the foot of Mt. Sinai. The search is of particular interest to Famous Players-Lasky because of their current presentation of the Biblical-modern spectacle "The Ten Commandments."

### DIRECTORS OF TEXAS CENTENNIAL TO MEET

Eastland county will have two representatives on the board of directors of the Texas centennial. Judge N. N. Rosenquest of Eastland having been elected by the delegates from this senatorial district, and B. W. Patterson of Cisco appointed by Governor Neff. Judge Rosenquest left Tuesday for Austin to be present at a meeting of the directors.

Steel reinforced aluminum wires carrying electricity at 13,200 volts now span the Missouri river, connecting Council Bluffs with Omaha. This span is a quarter of a mile long and replaces a cable that was carried across the river on a bridge. Vibration and expansion of this bridge so weakened and aged the cable that its further use became impracticable.

### Their Votes Sustained Coolidge's Veto.

SEN. J. W. HARREID SEN. WALTER EDGE

By last minute switching of their votes, U. S. Senators Walter Edge, of New Jersey, and J. W. Harreid, of Oklahoma, gave President Coolidge the necessary one-third of the Senate to sustain his veto of the Bureau Pension bill, the final vote being 23 to 53.

### Sweet Dreams Spray Fast Worker

Kills Insects While You Look. Rids Premises of Flies, Mites, Moths, Ants and Fleas. Easy To Use.

The quickest and most certain way to kill any sort of insect is by using Sweet Dreams Spray. This fast worker kills insects while you look—if it fails, the purchase price is cheerfully refunded. And the wonderful thing about Sweet Dreams Spray is the fact that it is poisonous only to insects. Hence Sweet Dreams is highly recommended for use in homes, restaurants, bakeries, markets and other places where flies and bugs are troublesome. Kill the parents and you starve the child—Use Sweet Dreams Spray today. Half-pint red-top cans, etc. Larger packages much cheaper in proportion. Sold by every dealer, everywhere.—Advertisement.

### Health Hints by the Father of Physical Culture

The valves of the heart are subject to much wear and tear in the circulation of the blood. As these are covered by the same membrane—the endocardium—that lines the cavities of the heart, they are especially subject, because of their position and function, to any inflammation affecting this membrane. It is somewhat similar to a pump valve which wears out before other parts of the pump and has to be replaced. In the case of man, however, there can be no replacement of the worn-out valve.

When an infective poison carried along in the blood-stream reaches the heart, and the membrane becomes diseased, the tissues are softened and disintegrated, and particles of the valve break off or are absorbed, or the valve adheres to the wall of the cavity or excrescences form on the margins of the valve, or the heart cavity dilates, any of which prevents the closing of the valve at the proper time and allows blood to pass backward when it should be going forward, or prevents its onward flow.

A certain amount of blood must pass through the heart and be sent to the tissues of the body at every beat, but if one of the valves, most commonly that on the left side of the heart, allows some of the blood to pass backward or prevents its going forward, there is a disturbance of circulation, and until the equilibrium is reestablished the patient will suffer from the group of symptoms common to heart disease.

In other words, an organic change has taken place in the heart, and we have the condition known as—organic heart disease, valvular disease of the heart, valvular regurgitation, insufficiency, incompetency, stenosis, valvular leakage, etc. And since the physician can hear the "swish" of the blood as it regurgitates, it is said that the patient has a "murmur" in his heart.

The valve can never be restored to normal, but what does happen is that the muscular walls of the heart become stronger and thicker, so that the same amount of blood is pumped as before. As long as this condition lasts we say that there is compensation, and if this is maintained by the patient taking care of himself he will get along.

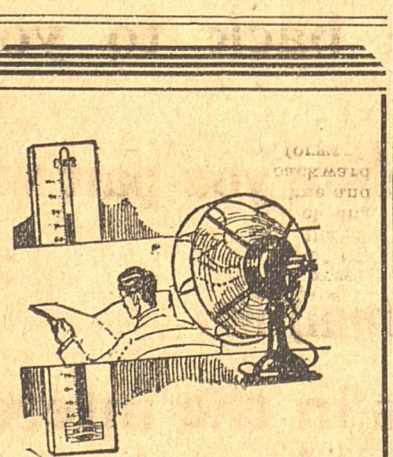

### RANGER AND THURBER TO PLAY IN RANGER SATURDAY AND SUNDAY

Ranger will play Thurber in Ranger next Saturday and Sunday and both games promise to be close. The Nitros split even with the Miners last week in two fast games. With the addition of Tiny Goodbred, the Fort Worth cut-up, the pitching staff of the Miners has been materially strengthened.

Brady, the fast first baseman of the Nitros, signed up with Wichita Falls this week and reported to them Monday. Shires, brother of the Waco first baseman, will endeavor to fill his shoes. From all advance dope Shires is fast and should be able to hold down the initial sack without any difficulty.

Prunes, sometimes called "the poor man's strawberries" were formerly cured by exposing them to sunlight in the open air, where, incidentally, they gathered dust and flies settled on them undisturbed. Now practically all of the California packing houses do this electrically. To meet the demand for better and purer food the prunes are now dried in air-tight electrified containers, where there is no possibility of their becoming contaminated.

### Polly Tickk Family Of New Era Club Wins Many Friends

Evidently the people got what they wanted last night at the Liberty theater, judging from the hearty applause which greeted the presentation of "Mrs. and Mr. Polly Tickk" by local talent under auspices of the New Era club. The somewhat lengthy cast was well taken, each individual being well adapted to the part. The scenes were attractively staged and clever specialties between the acts prevented waiting being tiresome and added a special charm to the performance. Mrs. J. H. Moyer as the Dame Fashion and later as Senator Zella Highrow was exceptionally fine. Mrs. A. G. Jury was charming in poke bonnet and old-fashioned gown, and Mrs. M. F. Peters was a great success as Mrs. Polly Tickk. Mrs. P. J. O'Donnell as Capt. Bridget O'Brien, looked and acted the part to the great satisfaction and merriment of the audience, while Miss Horn, who directed the performance, proved a clever little actress and singer as well as a pretty picture. Mrs. John L. Heydon, Mrs. Grady Wilson, Mrs. W. J. McFarland, Mrs. C. F. Underwood, Mrs. W. Paul Lacy, Miss Clara Haden, and Miss Maurine Bowman were all interesting in their respective parts.

The men were capital in their various roles, provoking plenty of fun and laughter. Gus Coleman as Mr. Polly Tickk was a "roaring" success while his adaption of "The Rosary" to "My Hosiery" was a bit of

fun highly appreciated by the audience and well sung by Mr. Coleman. Screams of laughter greeted Jimmie Ward as a male flapper who has all the airs and graces of a "perfect lady," and Paul Lacy as a beruffled dude. Aubrey Jameson as Father Time, and again as Mr. Mary Lamb, proved a versatile actor, while the antic of Dr. Clyde C. Craig as Sullivan O'Brien were a leading feature of the evening.

Other men in the cast who cleverly adapted themselves to the spirit of 1975 were M. F. Peters, W. P. Lacy, Dr. Carl Wilson and William Gifford Clegg. Earl Brewer, the only man in the cast allowed to retain his identity, as a man, carried off his part well and added to the music of the play with a very melodious baritone voice.

A merry addition to the older groups in the cast was that of "Little Tickks," Dixie Neal, Doris Murray, J. C. Heydon, J. L. Heydon and Scott Neal. The chorus was fine from start to finish, making a pretty picture in a variety of fetching costumes, those in this group being Geraldine Williams, Emma Stephens, Cuban Swansland, Olga Mitchell, Florence Alice Palmer, Ida Mae Lonsdale, Murkle Mills and Ruth Shirey.

The weird Indian dance by the chorus was given well deserved applause which called for an encore. Florence Alice Palmer, talented daughter of Dr. and Mrs. W. C. Palmer, gave an exquisite specialty dance between scenes, being recalled for a repetition. This popular dancer is unusually graceful and attractive, one of Ranger's most gifted and popular young girls.

A real musical treat between acts was the playing of an instrumental trio. Gus Coleman, flute; F. H. Wal-

ker, guitar, and W. Paul Lacy, trombone. They were recalled again and again. Mr. Walker giving several solos and yoddlings songs which pleased the people so much that they did not want him to stop. Mr. Walker is day clerk at the Gholson hotel. Accompaniments for the entire play were capably played by Mrs. Gus Coleman. A splendid audience greeted the players, showing marked appreciation of their efforts, they in turn being thanked by Mrs. Jury, president of the New Era club, in a graceful curtain speech.

### GRIFFITH'S "AMERICA" COMING TO CONNELLEE

Eastland is one of the few towns in the country, outside of the big cities of the east, to get a view of D. W. Griffith's great masterpiece, "America." The picture is now being shown in New York, Philadelphia, Chicago, and Boston and Mr. Griffith also sent a company to play the Majestic circuit in Dallas, Houston, San Antonio and Fort Worth.

Manager Stalcup of the Connellee announces he has succeeded in getting "America" for a limited engagement. The dates will be announced in a few days.

T. D. Bonneville, representative of Mr. Griffith, was in Eastland today perfecting details for the showing of "America." He said the Connellee is the second motion picture theatre in the United States to play the picture. It comes here as a road attraction, with a symphony orchestra.

**HE FOLLOWED SUIT**  
"The landlady threw my best coat and trousers into the street."  
"What did you do?"  
"I followed suit."—Everybody's Magazine.

### "Petting Parties" Never Permitted In Connellee Theatre

The management of the Connellee said today that complaints in Eastland of "petting parties" did not involve the Connellee, inasmuch as no conduct that is in any way improper or has any appearance of being improper is ever permitted within that house. The sentiment of the Connellee is said to be so well known and the swift punishment that it is assured would follow any infraction of the rules of polite society so well understood that parties wishing to indulge in "petting" always keeps away from the Connellee when that mood is on them.

### S. L. REECE ON TRIAL

The case of S. L. Reece, charged with manufacturing intoxicating liquor, is on trial today in the 88th district court. Defendant's plea was that the liquid found on his premises by the officers was a preparation he used as a disinfectant for his poultry houses.

A Kentucky electric service company has added an airplane to its transportation equipment. It will be used to make aerial photograph maps in conjunction with the work of laying out new electric transmission lines and additions to existing ones. This plane, which carries three passengers, will also be used, if necessary, in case of emergency to rush men and materials.

### HAWAIIAN VOLCANO KILAUEA BECOMES LESS VIOLENT IN ERUPTION

HILO, Hawaii, May 21.—The eruption of the volcano Kilauea in progress for a week had abated today to such an extent that reopening of the volcano house, a resort about two miles from the main pit, was possible.

Many visitors ventured up the mountain to gain a close view of Pele, the fire goddess of the native Hawaiians on one of her tantrums heretofore never witnessed by white men.

There is still a large lava flow from a lower crater such as occurred a few years ago when a river of molten rock ran down the mountain side to the sea.

Violent earthquakes shook the mountain today as yesterday. Residents of the seashore feared a tidal wave might follow.

### JAYTON BOY SCOUT BAND PLAYS IN CITY TODAY

The Jayton Boy Scout band, composed of some 15 or 20 pieces, was in the city this morning and out an open air concert on the street. The boys are on their way home from Fort Worth.

**CONDENSED**  
Visitor: What small girls you employ in your dairy?  
Foreman: Yes, those are our condensed milk maids. Everybody's Magazine.

## END OF THE WEEK
