With even the possibility of it being the truth that a fire bug is working, it behooves property owners to look to their own safety.

The police, of course, will do what they can but at this time only two men patrol the entire city during the night, and apply the burning branc while their backs are turned would be a simple matter.

What an arrogant outfit those black White Sox have turned out to be. Despite the revelations brought to light regarding their crooked deal-ings in the 1919 world's series, they have had the audacity to presume that the baseball public is still inter-ested in them and they are about to

attempt a barnstorming tour.

The fact that all of the indicted players succeeded in their fight to steer clear of the hoosgow means nothing to the baseball fans of the country. In the eyes of fandom the eight players are very black sheep, and in the face of their alleged conand in the face of their alleged confessions they are not deserving of public patronage. Any tour arranged by a team including these players, therefore, is doomed to dismal failure unless the baseball public has gone trank med

## **ILLNESS REASON FOR EVERS BEING DEPOSED** AS MANAGER OF CUBS

CHICAGO, Aug. 8.—Johnny Evers was last week deposed as manager of the Chicago National league baseball club. Catcher William Killifer was chosen to succeed him, Evers, who is ill, will be paid his salary in full until the close of the 1921 season, according to announcement by President Veeck of the Cubs.

Evers, a famous member of the old Cub machine in the days when Frank Chance was manager of the club, assumed the management of the club this season, succeeding Fred Mitchell. Evers started the year with bright hopes and the team started the race well. Then things began to happen and the team started drop-ping rapidly in the race. Instead of being a contender it had to fight to
