

At the Leading Amusement Houses TODAY

LAMB—"Even as Eve."
LONE STAR—Mary Miles Minter in "Judy of Rogues Harbor."
LIBERTY—Norma Talmadge in "The Woman Gives."
OPERA HOUSE—Five acts of high class vaudeville and pictures.
HIPPODROME—"The Midget Musical Follies" present "The Mary Jester."
QUEEN—Montague Love in "Through the Toils."

OPERA HOUSE.

Well Balanced Vaudeville.
 To be entertained, one must laugh, feel a tightening of the throat or else sit in passive contentment. All three elements are present in the bill now playing at the Opera House.
 The show as given yesterday afternoon is headed by Lieutenant Barry and "Miss" in juggling, singing and playing the honest act. The bones are not the favorite galloping domino kind, but the old-fashioned ones which the old-time dorkies rattled between their fingers and made produce rhythm. Barry also makes them say a few things.
 James Lichter sits at a piano and does things with his fingers and mouth. The audience laughs. They can't help it.
 In piano-recording playing Marconi Brothers make real music. A heart throb comes when their instruments are made to imitate old-time church music. They get a real hand in doing the bugle calls of the army in ragtime.
 The real stinger is the Brazilian Helress. She says herself that she is a nutty nut. The audience liked this particular brand of nut.
 The company is supported by a chorus of pretty girls. The costumes are barely noticeable.
 The show is well balanced and affords an hour of real entertainment.

CENSUS REPORT SHOWS INCREASE IN MANY CITIES

Will Not Be Possible to Determine Rank Until Reports Are Complete.

WASHINGTON, May 25.—The population rank of the cities will show a larger number of changes when the statistics of the 1920 census have been completed.
 Several cities have moved up into the 100,000 class in which there were fifty municipalities in 1910. Some of the cities of that class, whose 1920 population have been announced, have outgrown others in the same class while some having less than 100,000 ten years ago have taken rank well up among the country's fifty largest cities.
 Akron, Ohio, has shown the most growth among the larger cities. It has passed eight cities having 100,000 or more in 1910, whose 1920 populations have been announced.
 The rank of the various cities cannot be determined until statistics for all have been announced. New York, Chicago and Philadelphia, first, second and third cities of the country, will continue to rank in that order, but the rank of other cities is uncertain. From the statistics announced some of the changes shown in rank are:
 Washington, D. C., passed Newark, N. J., Cincinnati and New Orleans.
 Newark, N. J., passed Cincinnati.
 Toledo, Ohio, passed Louisville and St. Paul.
 Dayton, Ohio, passed Patterson, N. J., Bridgeport, Conn., passed Patterson, Nashville and Spokane.
 Hartford, Conn., passed Patterson, Nashville, Albany, N. Y., and Spokane.
 Youngstown, Ohio, passed Nashville, Albany and Spokane and a number of cities of 80,000 or more in 1910.
 Springfield, Mass., passed Nashville, Albany and Spokane and a number of cities of 90,000 or more in 1910.
 Camden, N. J., passed Albany and Spokane.
 Nashville, Tenn., and Albany, N. Y., passed Spokane, Wash.
 Cities of 100,000 or more population in 1920 which have been announced with their 1910 rank and 1920 population include:

City	1910 Rank	1920 Population
St. Louis, Mo.	4th	773,000
Pittsburgh, Pa.	8th	588,197
Milwaukee, Wis.	12th	457,147
Washington, D. C.	16th	437,411
Newark, N. J.	14th	415,600
Cincinnati, O.	13th	401,158
New Orleans, La.	15th	387,460
Minneapolis, Minn.	18th	380,498
Indianapolis, Ind.	22nd	314,119
Toledo, Ohio	30th	243,108
Louisville, Ky.	24th	234,891
St. Paul, Minn.	26th	234,597
Akron, Ohio	31st	208,433
Syracuse, N. Y.	34th	171,644
Memphis, Tenn.	37th	162,364
Dayton, Ohio	43rd	153,838
Bridgeport, Conn.	49th	143,167
Hartford, Conn.	51st	138,038
Patterson, N. J.	40th	135,806
Youngstown, O.	67th	132,335
Springfield, Mass.	90th	129,338
Nashville, Tenn.	45th	118,334
Camden, N. J.	56th	116,306
Albany, N. Y.	50th	113,334
Wilmington, Del.	61st	110,168
Spokane, Wash.	48th	104,209
Kansas City, Kan.	65th	101,078

SCHOOL BONDS TO BE DISPOSED OF

\$200,000 Issue Is Taken to Austin; Transfer Has Been Arranged for.

The \$200,000 school bonds voted several months ago were taken to Austin last night and final arrangements will be made for their sale.
 John Gholson arranged for the transfer last week.
 According to the agreement, the bonds will be bought by the board at par and ten per cent of the purchase price will be paid monthly until the full of the issue has been taken up.
 E. G. Walsh of the firm of Walsh and Burney, contractors, says the money provision will make it possible to go forward rapidly and the building should be ready for occupancy by September 1.

FORTY-TWO MEMBERS ARE ROUNDED UP BY ANSON LEGION POST

Special to The Times.
 ANSON, Texas, May 25.—At the close of the nationwide campaign for new members for the American Legion, Anson, Jones post No. 72 had forty-two members, a gain of nearly 60 per cent.
 The post was organized last October but has been inactive owing to the fact that a large number of the members are engaged in agriculture and are kept out of town at this season.
 The post has a baseball team that has a record of no defeats this season. Club rooms will be acquired before the summer months have passed.
 The Women's Auxiliary has been organized and is rapidly taking a place in the front.

FARM PROSPECTS AT ANSON ARE SAID TO BE FAVORABLE

Special to The Times.
 ANSON, Texas, May 25.—Everywhere in Jones county farmers are busy planting their crops. The weather has been ideal for the past week and a good showing has been made. The condition of the ground was never better for planting than now. Already, young cotton and feed are coming up to a stand, and cotton choppers will be the general occupation within the next three weeks. Nearly all farmers are planting cotton of the better staple such as Rowden, Lone Star and Kasch. There still remains about one million dollar's worth of Jones county's 1919 cotton crop unsold.

CHILD FLAGS TRAIN WITH SWEATER TO SAVE HER OWN LIFE

MINNEAPOLIS, Minn., May 25.—

Displaying unwavering courage and quick presence of mind, Georgia Friedman, ten-year-old school girl of Deephaven, a summer resort at Lake Minnetonka, saved her life by flagging a speeding trolley car with her red sweater after her foot caught in the frog of a switch.
 The girl was on her way to school and was hurrying for the approaching car at the trolley station. The heel of her shoe jammed in the frog as she crossed the track. She tugged desperately but was unable to release her foot. In face of the speeding car, which was coming towards her at the rate of fifty miles an hour, she tore off her red sweater and waived it as a danger signal.
 The motorman, sensing the situation, applied the brakes suddenly, and the car stopped a few inches from the girl. When it was all over and her foot freed from the rail, she collapsed.

METHODISTS WILL UNITE CHURCH OF NORTH AND SOUTH

By Associated Press.
 DES MOINES, May 25.—The committee report on unification of the Methodist Episcopal church with the Methodist Episcopal church, South, was adopted at the general conference here. The report recommends a joint convention of the two conferences not to exceed four hundred members to work out details of an acceptable unification plan.

CANDIDATES ASKED TO SPECIFY STAND ON RURAL SCHOOLS

AUSTIN, Texas, May 25.—Miss Annie Webb Blanton, state superintendent of public instruction, has addressed a letter of inquiry to four of the candidates for governor, asking for an expression from them upon the question of continuing the annual \$2,000,000 appropriation for state aid of rural schools.
 She said this "has been of immeasurable benefit to our country districts," and explains that the conditions on which the aid is granted require that the district provide suitable buildings and equipment and make improvements in sanitary conditions. "Through this aid the shanty school house is disappearing and modern methods of teaching are appearing in the country," according to Miss Blanton.

HEALTH NURSE ON TOUR OF DISTRICT IN TEXAS

AUSTIN, Texas, May 25.—Miss Inez Newman, state advisory nurse of Central Texas, is making a two-weeks trip through her territory and holding consultations with public health nurses in Coryell, McLennan, Bell and Williamson Counties.

BOY SCOUT ACTIVITIES

J. P. Fitch, national field secretary of the American Red Cross of the southwestern division met last night with the Boy and Girl Scouts of the community service organization. Plans for permanent separate councils for the Boy and Girl Scouts, however, an executive committee will be appointed.
 During the meeting these committees were appointed: Court of honor, finance, troop organization, camping and leaders committees.
 Registration papers of the Ranger troop has been signed by twenty-four qualified scouts and filed with national headquarters of the Boy Scouts of America. The Ranger troop contains sixty members, but they have not all qualified.
 E. B. Spies, scoutmaster at Fort Worth, has extended an invitation to the local troop to join his troop in their annual camp at Lake Worth. No official action was taken on this invitation.
 An offer from R. D. Clancy, owner of Shamrock park, for a free site in the park where the scouts could build themselves a hut was considered but no action was taken, due to the fact that the council was not fully organized. Mr. Clancy also offered to set aside a portion of Mirror lake for the use of the Boy Scouts.

A BARGAIN.

Until June the 15th, we quote you pure Linsseed Oil in barrel lots \$2.50 per gallon. First come, first served.
 BURTON-LINGO CO.
 (Adv.) Phone 61.

Oil Rig Destroyed

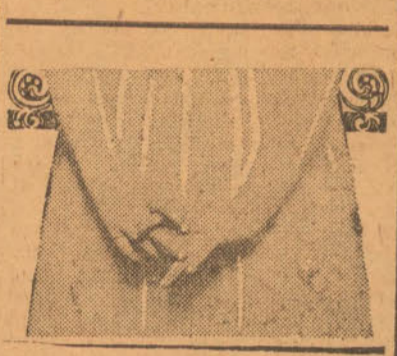

Special Leased Wire.
 DESEDEMONA, May 25.—The Stokes-Waggoner well, which was being cleaned out, caught fire and the rig was burned to the ground. The well had over 100 feet of paraffin in the bottom of the hole and this was being cleaned out in the hope that the well would produce again.

DENTAL BOOKLET TO BE GIVEN CHILDREN

AUSTIN, Texas, May 25.—The state health department is soon to issue a pamphlet on oral hygiene and the care of the teeth, as a result of a conference held in San Antonio to consider the value of sound teeth and oral hygiene in the proper physical development of children. Members of the state health department and the oral hygiene committee of the State Dental society attended the conference.

Tinker Bob Stories by Carlyle H. Holcomb

The journey from Bird Heaven to the Great Forest after they were once in the basket of the Beautiful Creature, Bob White's brother was very anxious to see his friends and tell them of the wonderful trip he had taken with the King of the Forest. He could hardly wait until they were close enough to the Forest so he could fly away into the midst of the thicket where there were more of Bob White's friends.

"I am anxious to tell all I have seen," said he to Tinker Bob. "Don't be too anxious or Jerry the Jay will hear you, and your story will be stretched all out of shape," said Tinker as they came near the Forest.

The young fellow had not thought of that, and even when Tinker Bob warned him he did not think that Jerry the Jay would be so bad as the King thought. But the King knew more about Jerry than anyone else did.

It did not take long for Tinker Bob White and Bob White's brother to make Tinker Bob's attention was called by a shrill cry as they came to the woodland. He listened carefully to see if it might be a familiar cry, and sure enough it was. And Tinker thought it necessary that he look into the matter at once.

So the Beautiful Creature of his Desire lowered the basket and the King climbed out. He then cautioned Bob White's brother that he should tell no one of their journey until he had seen what was going on in the place where the cry came from.

The young fellow hurried away to await the call of the King. He wanted to tell his secret to someone, of course, because it was such a wonderful trip to the land of Bird Heaven. He had only entered the Forest when he saw his old friend, Johnny Field Mouse.

"Oh Johnny," he cried, "I must tell you something. I can hardly wait. I have just arrived from the most wonderful land in all the world. The King of the Forest took me there."

Johnny Field Mouse sat up on his feet and rubbed his eyes and smoothed his moustache to make sure that it was a friend talking to him instead of an enemy. When he was sure it was safe for him to speak, he said: "I know you now, all right. I heard Jerry the Jay say that the King had taken you to Bird Heaven. You see I have only been out a few days myself, but I had to come out and get some food for the winter has been too long and the snow has been deep and our food is scarce. And the first thing I heard when I ventured away from the Forest was that you had gone with the King."

Bob White's brother was surely surprised. Tomorrow—Major Polecat arrives.

Silk Shirts Are Attraction for Night Marauders

Burglars entered the store of Dietrich and Henry during the night, carrying away three silk shirts, two suits of men's silk underwear, several bar pins and \$45 was missed from the cash register this morning.

Entrance was effected by cutting a round hole in the soft panel of the door through which the burglar slipped his arm and unlatched the door.

Homer C. Gambill, chief of detectives, is making an investigation.

\$75,000 VOTED OLDEN SCHOOL, MEET DEMANDS

School bonds to the amount of \$75,000 were voted yesterday by the school district of Olden, according to the information given out this morning by G. G. Garrett, a member of the school board.

The vote was thirty-seven for the issue and seven against. The money for the bonds when sold will be used to build a modern school building at Olden.

To expedite building, the school board will meet in a short time at Austin with a committee from the board of education, draw plans for immediate sale of the bonds in order that the building may be completed by fall.

Olden's present school buildings consist of the one used by the district before the oil boom and a five-room building erected by the Magnolia Petroleum company to give the children of their employes proper schooling. The Magnolia company pays the teacher.

"BOTH SURPRISED AND DELIGHTED," IS WHAT HE DECLARES

Former Resident of St. John, N. B., Now in Florida, Gains 25 Pounds on Taking Tanlac.

"ATTRIBUTE MY GOOD HEALTH TO TANLAC"

Greer Says Influenza Almost Cost Him His Life, But Tanlac Soon Built Him Up as Well as Ever.

"Yes, sir, I certainly do recommend Tanlac from the bottom of my heart, for it set me right several months ago, while I lived in St. John, New Brunswick, Canada, and I have been in good shape ever since," was the statement made by John R. Greer, 1207 Florida avenue, Tampa, while discussing the merits of the medicine a few days ago.

Mr. Greer, who contemplates casting his lot with the people of Tampa, was formerly and for many years engaged in the grocery business in St. John, New Brunswick.

"Tanalac has not only relieved me of all the bad effects of a spell of influenza, which I had last April, that came near costing me my life, but it has put me in shape to where I have gained twenty-five pounds in weight, besides, and I want to go on record as saying I believe it the finest medicine in the world. The people up my way were buying it right and left and were all talking about the good it had done them."

"I finally resorted to Tanlac, however, and both to my surprise and delight, I began to improve at once. My appetite picked right up, my nerves got stronger, and I felt myself regaining my lost weight and strength. As I became stronger my old-time energy returned and my friends were soon talking about my rapid improvement. I am still a well man and attribute my good health to nothing but Tanlac. I am glad to give the public the benefit of my experience with Tanlac because I believe it is just the medicine thousands are needing to build them up as 'make life worth living.' Tanlac is sold in Ranger by Phillips Bros., and in Eastland by Butler Drug Co.—Adv.

SAYS ARMY AND NAVY KNEW DRAFT EVADER PLANNED TO ESCAPE

WASHINGTON, May 25.—Both army and navy intelligence corps and the department of justice were forewarned that G. C. Bergdoll, draft evader, planned to escape, Attorney General Palmer declared today. The department was not responsible, Palmer said. Bergdoll is still at large.

MANY WILL RECEIVE SHEEPSKINS IN JUNE

AUSTIN, Texas, May 25.—Graduation exercises begin at the University of Texas June 6, continuing through June 8, when diplomas are to be awarded. Four hundred and ten are applicants for degrees, as follows:

Bachelor of arts, 234; bachelor of business administration, 24; bachelor of science in home economics, 11; bachelor of science in journalism, 2; bachelor of science in medicine, 10; bachelor of science in engineering, 25; bachelor of law, 62; master of arts, 42.

No, there isn't going to be any "old fashioned panic" in the United States; but there's going to be a considerable financial landslide, with quite a few resulting fatalities, if the extravagance and speculation are not stopped.

THE SUGAR SITUATION.

It is an admitted fact that the Cuban sugar crop last year was larger than the year before. It is also admitted that more sugar has been imported into this country during the year ending June 30 than was imported last year. There has been no failure of the domestic sugar crop. It might be expected therefore that there would be more sugar available this year than last.

Everybody knows that it is impossible to get as much sugar for household use as it was last year, or even during the war years. Everybody knows, too, that the price has almost tripled. And, naturally, everybody wants to know the reason, and everybody is getting mad.

It is becoming quite clear that there is good reason for getting mad. There are, of course, some purely economic reasons for the apparent shortage. Herbert Hoover has pointed out that America and Europe have been bidding against each other for the sugar crop more strenuously than usual, and that naturally tends to send up prices. Both America and Europe are demanding more sugar than they used to demand, so that even the plentiful crop would hardly satisfy everybody even if it were equitably divided. Mr. Hoover proposes to share the crop by international arrangement, thereby putting a stop to "bidding up" of prices. And to supplement this measure he would have the nation put on rationing again, to divide the sugar fairly among individuals.

Such action would certainly help matters, and the plan deserves the govern-

ment's attention. But that is only half the story. The other half is not a matter of ordinary economics at all, but a matter of human greed.

The fact is that the sugar supply has been cornered by speculators. Sugar, raw and refined has been held, and is being held, in enormous quantities, partly to take advantage of the international bidding referred to, and partly to create an abnormal scarcity by withdrawing the sugar from the market and thereby forcing prices still higher. If the government would get after these speculators in earnest, it would make the public feel better immediately and would undoubtedly cause a general loosening up of the supply, a moderate reduction of prices and some assurance of enough sugar for the approaching canning season.

Between the international and domestic rationing on one hand and putting a lot of unprincipled profiteers in jail on the other, the situation could be improved considerably even at this late hour.

HOPE FOR MEXICO.

The present situation in Mexico, with all its confusion, is regarded by most Americans as hopeful. There is at least a chance that out of the confusion will come order. As long as Carranza remained in power, there was only a false semblance of order and no possibility of satisfactory relations between Mexico and other countries.

There have been ten years of chaos. The United States is weary of the destruction of American life and property, weary of the flouting of American rights by insolent spokesmen of an ignorant and half-barbarous nation.

Carranza could not unify Mexico. The nation at last seems capable of acting together in a national cause. Is it too much to hope that this new unity will

find some strong man as a rallying center, and that Mexico will again be a government capable of taking care of domestic affairs and dealing intelligently and honestly with the United States? Any such tendency should be fostered by our government in all friendliness.

TEXAS CITIES CUT DOWN FINE LOSS AND WIN AWARDS

AUSTIN, Texas, May 25.—Good fire record credits for 1919 have been awarded by the state fire insurance commission to 168 towns in Texas, according to an announcement by T. M. Scott, member of the commission. During 1918 only 107 towns were benefited by reduced key rates with a saving of \$645,771. Estimated savings for the principal towns were as follows: Austin, \$30,536; Beaumont, \$39,348; Denison, \$16,954; El Paso, \$62,456; Fort Worth, \$121,516; Galveston, \$75,170; Houston, \$83,132; Paris, \$29,990; San Antonio, \$65,404; Terrell, \$13,971; Tyler, \$14,789; Wichita Falls, \$41,189.

STICK TO IT.

First of all decide that the job is worth doing. Second, that you are the person who should do it. Third, do it. But you won't do it if you don't stick to it until it's done. Consider the postage stamp. How far do you suppose it would carry your letter if it dropped off before it reached the mail box? The postage stamp carries your letter around the world, up to the top floor of the highest office building to the lowest basement room, through crowded city streets, or far off into the lonesome desert, all because it sticks. Next job you tackle consider the postage stamp. And stick!—Akron Press.

ALL THE NEWS OF THE OILBELT LEAGUE

Boyer Misses No-Hit Game By One Blow, Wins 12-0

Smoky Boyer treated the faithful Nitro fans who attended the opener of the Cisco series yesterday to August baseball. He missed a no-hit game by one, and that came after two were down in the ninth. It was a hot one that Rabbit Wasserman lined into the box. Nothing else looked like a clean hit, although a couple of rollers to the infield might have been scored either way.

But thirty-one men faced Boyer. Five got as far as first. Two reached second. One got as far as third; and Boyer won his first game, 12 to 0, with the Nitros playing first class baseball behind him and slugging the ball to a fare-thee-well.

Boyer lifted to Mooney in the sixth with two out. Jim had another tough chance on Flagg. Flagg got a life, but was forced out by York.

In the eighth, Keckonik shovled one through short, after two were out, but Jim went up in the air and robbed F. Johnson of a single for the third out.

In the ninth, with two out, Wasserman died on first when Griesenbeck popped to Galloway. In the first, third, fourth and seventh, the Scouts went out in order.

F. Johnson, who worked the whole way for Cisco, although hard hammered by the Nitros, held them for three innings. String Clapp started matters in the first, with a clean single to right, and Lovelace beat a roller. But Galloway bounced to first and York caught Clapp at the plate. Flagg threw out Mooney.

Clapp started another possible score fest which flivvered, in the third, with a keen triple to center. There was one down and Lovelace and Galloway failed to bring him home.

So Dude Mooney had the honor of starting real scoring, in the fourth. He did so with a clean blow to left. Tate spilled a hand-made bunt toward third with the intent of sacrificing, but beat it and got a hit. Mooney took third on a passed ball and scored when Browning singled to right. Tate scored when Griesenbeck threw it away in an attempt to catch him off third, which he reached on Browning's hit and a wild pitch. Crow popped to F. Johnson and Boyer fanned.

With one out in the fifth, Lovelace walked and stole. Jim rolled to short and Wasserman hit Lovelace with his throw. Love y coming home and Jim taking second. Dude took hold of one and drove it to the center field fence and ran all the way around, counting Jim ahead of him. Tate beat out another hit and scored on a balk. Browning's hot one through the box and an error by Griesenbeck.

was little doubt about the game. But the boys took advantage of the afternoon to fatten up their batting averages.

ALMOST NO-HIT-18BOX

Score by innings: Cisco 000 000 000-0; Ranger 000 245 10x-12

Summary: Two-base hits Crow, Lovelace. Three-base hits, Clapp, Mooney. Home run, Mooney. Stolen bases, King, Griesenbeck, Lovelace.

Notes of the Game: Boyer won his game with 103 pitched balls, less than twelve to the inning.

Notes of the Game: In the sixth, with two out, Jim had another tough chance on Flagg. Flagg got a life, but was forced out by York.

Notes of the Game: In the eighth, Keckonik shovled one through short, after two were out, but Jim went up in the air and robbed F. Johnson of a single for the third out.

Notes of the Game: In the ninth, with two out, Wasserman died on first when Griesenbeck popped to Galloway.

Notes of the Game: F. Johnson, who worked the whole way for Cisco, although hard hammered by the Nitros, held them for three innings.

Notes of the Game: Clapp started matters in the first, with a clean single to right, and Lovelace beat a roller.

Notes of the Game: So Dude Mooney had the honor of starting real scoring, in the fourth.

Notes of the Game: Everybody took a slam at the apple in the sixth. Clapp tripled again, this time along the third base line.

Notes of the Game: After the first two were counted, there

TENSHUN, RANGER TEAMS!

An Oil City league, or Twilight circuit, or Municipal league, gets the foundation for a real start in the offer of Charles Eberle of the Muskogee Tool company.

Mr. Eberle, telephone 145, would be glad to hear from captains or managers of teams interested. Write him, preferably, or call. Oil companies, tool companies, business houses, or any fast amateur team in Ranger will be welcomed in the circuit.

Municipal park is at the disposal of such teams and provides a faster place for baseball than any other park in West Texas.

Now's your chance, First National, Texas & Pacific, Humble, and some of the rest of your fast aggregations in Ranger.

Hill of Abilene Holds Buddies in Check; Blanks 'em

Special to The Times. ABILENE, May 25.—With the game scoreless up to the eighth, Abilene bunched hits off Shanks, on the mound for Gorman, and won the first game of the series here yesterday afternoon, 6 to 0.

Score by innings: Abilene 000 000 000-0; Gorman 000 245 10x-12

Notes of the Game: Three-base hits—Thrash, Pemberton. Two-base hits—Taylor, Boggs, Thornton. Sacrifice hit—Gray. Struck out—by Shanks 3; by G. Hill 3.

Notes of the Game: The maximum possible length of a straightaway track in the stadium is only slightly above a hundred yards and the 200 meter race probably will be run with one gradual elliptical curve in the course.

Notes of the Game: A ten dollar donation came to the Times this morning for the fund to build a roof over the grandstand at Municipal park from a fan at Olden.

Notes of the Game: Mr. Ford said that after all Olden was only a suburb of Ranger, and his people loved to see ball games as well as any but they did not like to sit in the sun while enjoying the national pastime.

Wislander Is Ruled Out of Olympic Games

Swedish Athlete's Refusal to Accept Awards Bans Him This Year.

By Associated Press. ANTWERP, May 25.—Wislander, the all around Swedish athlete, who was second to Thorpe in the 1912 Olympic games as individual champion, has met with the same fate as Thorpe—disbarment from competition in the 1920 Olympics, for his refusal to accept the prizes won by Thorpe but awarded to Wislander when Thorpe was declared a professional, according to Swedish athletes who attended the Olympic events here.

Wislander has steadily declined to accept the medals and statuettes on the ground that they were not his, but Thorpe's, by right of victory and these awards still are in the hands of the 1912 committee at Stockholm.

For refusing to accept the committee's rulings, Wislander has been barred from Olympic competitions.

TEXAS IS FORTIETH IN LIST OF SCHOOL SYSTEMS GRADED BY RUSSELL SAGE FOUNDATION

By Associated Press
NEW YORK, May 24.—The state of Montana has the best all-around public school system in the United States, according to the results of a comparative study of state school systems made public today by the Russell Sage foundation. The report assigns second place to the schools of California, third place to those of Arizona, fourth to New Jersey and fifth to the state of Washington.

These findings are contained in a report by the department of education of the foundation. The volume is entitled "An Index Number for State School Systems," and the author is Dr. Leonard P. Ayres, director of the foundation's department of education.

Other findings of the report are that the school system of the United States as a whole has doubled in efficiency during the last fifty years, having an index or rating of twenty-six in 1870 and one of fifty-two at the present time. Since these index numbers are figured on the basis of 100, the school system of the country has now an effectiveness or efficiency of only 52 per cent, according to the report.

The figures for the individual states are given by the foundation show that during the past thirty years the West has been coming up educationally while the East has been going down. During this time the greatest increase among all the states has been made by Utah while the state to which is attributed the greatest falling off in relative standing is Maryland. In the East the only state that has gained instead of losing is New Jersey. In the West the state that has the

best and most consistently high record is California.

Among the interesting results of the study is the conclusion that the school systems of the United States' territorial possessions, such as Hawaii, the Canal Zone, and Porto Rico, have higher ratings than those of many of the forty-eight states. That of Hawaii is reported better than those of the majority of the American states. Ten Southern states have records poorer than that of Porto Rico.

The foundation's educational measurement is worked out by taking the official data showing the number of children attending school, the amount of training they secure, the progress they make, the amounts expended for buildings and supplies, the salaries paid their teachers,

and other similar items, and combining these factors into a single index number which shows the general standing or efficiency of the school system. This method resembles that used by the federal government in indexing the cost of living and prices for commodities.

The foundation states that all the results are computed from data furnished by the states themselves to the federal government and combined by exactly the same method for all the different states and without admitting into the results any elements of personal judgment. The author of the report served during the war as chief statistical officer of the army.

The standing of the forty-eight states, the District of Columbia, and the three territorial possessions is shown in the following table:

Educational Index Numbers.	
1. Montana	75.8
2. California	71.2
3. Arizona	66.2
4. New Jersey	65.9
5. District of Columbia	64.3
6. Washington	63.7
7. Iowa	61.9
8. Utah	61.4
9. Massachusetts	61.0
10. Michigan	60.1
11. Connecticut	59.8
12. Ohio	59.7
13. New York	59.4
14. Colorado	59.2
15. North Dakota	59.1
16. Nevada	59.0
17. Indiana	58.9
18. Idaho	58.6
19. Minnesota	58.4
20. Oregon	57.8
21. Pennsylvania	57.7
22. Nebraska	57.1
23. Hawaii	57.0
24. Illinois	56.8
25. Wyoming	56.7
26. Rhode Island	56.3
27. Kansas	55.2
28. Canal Zone	55.1
29. South Dakota	55.0
30. New Hampshire	54.4
31. New Mexico	53.0
32. Vermont	51.5
33. Wisconsin	51.3
34. Missouri	49.6
35. Maine	47.4
36. Oklahoma	44.4
37. Maryland	43.2
38. Delaware	42.3
39. Texas	41.1
40. Florida	37.8
41. West Virginia	37.7
42. Porto Rico	35.8
43. Virginia	35.3
44. Tennessee	35.1
45. Kentucky	35.0
46. Louisiana	33.9
47. Georgia	32.6
48. North Carolina	30.6
49. Alabama	30.6
50. Arkansas	30.3
52. South Carolina	29.4

In addition figures are given to show the relative standing of the school systems of these states and possessions in 1890, 1900, 1910, 1916 and 1918. These indicate that California has always been at or near the top of the list, while the two Carolinas have in every case been at or near the bottom. Every New England state is shown by the figures to be

losing ground while every state in the Far West has gained in relative rank during the period. In the educational race Iowa has far outstripped Illinois, while North Dakota has gone forward and Kansas backward during the period of twenty-eight years.

The most notable educational change that has taken place during the 50 years covered by the report, is in the attendance in high schools. There are now 100 times as many pupils enrolled in high schools as there were in 1870. The number then was 19,000 and now it is nearly 2,000,000. The high school attendance has increased with great rapidity but the new pupils have been mostly girls.

In the matter of teachers' salaries, the states show most diversified practices.

The lowest average salary is \$25 per month for the state of North Carolina, while the highest is \$88 in California, both being based on a year of 12 months.

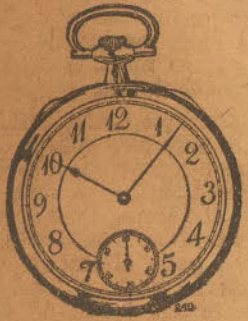

We hate to keep any one out of the club. But what the heck are we going to do with Gladys Bank, of Cleveland Ohio.

The tiresome man is usually tireless.

Republication Convention to Be Held Where Party Was Named Recalling Birth Its and History

By Associated Press
CHICAGO, May 25.—In assembling at Chicago in June the Republican national convention will be sitting in the section where the Republican party was first named and within 200 miles of where the first recorded Republican meeting was held sixty-six years ago. The approach of the convention recalls this early history, though with the passing of the years and the development of new issues the first steps of the party have passed from common view.

"It will probably not be possible to trace to the earliest date the first positive meeting which led to the formation of the Republican party," writes Francis Curtis, in his history of the Republican party. "It is quite likely that there was no considerable gathering of men, nor discussion of plans and policies, until A. E. Bovey, a Whig of Ripon, Wis., together with a Mr. Bowen, a Democrat, and a Mr. Baker, a Free-Soiler, issued a call for a public meeting to consider the now alarming situation.

The great issue of the hour was the extension of slavery. Of the political situation preceding the formation of the Republican party Mr. Curtis says, "no political party was able to elect enough members of congress to overcome the united will of the slaveholders, and until the anti-slavery sentiment of the North should be so welded together, and its opponents should be so united in one party as to be able to send to Washington enough men to outvote the representatives of the slave power, there was no hope that its advance could be checked."

Reference was made to the Ripon meeting by Henry Wilson, when vice-president of the United States, in his book, "Rise and Fall of the Slave Power," published in 1874. "One of the earliest, if not the earliest, of the movements," he said, "that contemplated definite action and the formation of a new party was made in Ripon, Fond du Lac county, Wis. in the early months of 1854, in consequence of views inaugurated by A. E. Bovey, a prominent member of the Whig party, among the Whigs, Free-Solitiers, and Democrats of that town. A call was issued for a public meeting to consider the grave issues which were assuming an aspect of such alarming proportions."

The meeting thus called, wrote Charles M. Harvey in the Chautauquan, September, 1897, "was held in the Congregational church at Ripon, February 28, 1854. A resolution was adopted in the meeting that if the bill then pending in the senate to throw open to slavery the territories of Kansas and Nebraska should pass, the old party organization in Ripon should be cast off, and a new party to be called the Republican, formed on the sole issue of opposition to slavery extension.

"The bill passed the senate, in which body it originated, on March 3, 1854, and on March 20, the second meeting, participated in by men of all parties, was held, this time in a school house, at which Bovey was the leading spirit.

"By a vote of the assemblage, the town committees of the Whig and one Free-Soiler, was chosen to begin the task of forming a new party.

"At these two meetings was started the earliest systematic work begun anywhere in the country to bring about the coalition of the enemies of slavery extension, who were eventually fused into a homogeneous and aggressive party, adopting the name Republican."

Mr. Harvey quoted a letter Bovey later wrote to him about this meeting, in which he said:

"I went from house to house and from shop to shop and halted men on the streets to get their names for the meeting of March 29, 1854. At that time there were not more than a hundred voters in Ripon, and by a vast deal of earnest talking I obtained fifty-three of them. . . . We went into a little

Speeders Ready for the Start in Racing Classic

INDIANAPOLIS, May 25.—The most famous field of drivers that ever faced a starter is expected to line up at the Indianapolis motor speedway at 10 o'clock, Monday, May 31, for the start of the eighth international 500-mile sweepstakes.

The record breaking advance seat sale indicates that the largest and most representative audience ever assembled for a racing event will be present when the bomb is sent up announcing the getaway of the premier pilots of two continents in the greatest racing classic in all the world—for the largest purse ever offered, \$70,000.

More important than the prize purse or the thrills that will be furnished thousands, will be the benefits derived by the motor industry. For the first time in history, machines of 183 cubic inches piston displacement and 1,600 pounds weight will be seen in racing competition. The dream of all drivers, since the birth of horseless wagons is to get high speed and power from the smallest engine possible.

The race at Indianapolis will do more to work out the kinks of this mechanical problem than any other event, according to Automobile engineers.

Among the drivers entered are Ralph De Palma, Jules Goux, Rene Thomas and Howard Wilcox, all previous winners at Indianapolis; Cliff Durant, Louis Gaston and Arthur Chevrolet, Roscoe Searles, Joe Boyer, Ray Howard, Tommy Milton, Jimmy Murphy, Eddie O'Donnell, Eddie Hearne, Tom Rooney, Andre Bollot, Jean Porpoigato, Jack Seales, Ira Vail, J. Ellingboe, C. G. Howard, Ralph Mulford, Jean Cassagne, Art Klein, Kurt Hitke, Willie Haupt, Frank Elliott and Waldo Stein.

Barney Oilfield, veteran auto racer, will pace the race leading the field about the 2½ mile brick tract for the first lap.

Art's great, too; she makes glasses, dear.
But not a single minim
Of aught but two and three-fourths beer
Or such like to put in 'em.
—Newark Advocate.

URGES FARM NEWS FOR ALL PAPERS AS DAY'S DEMAND

MANHATTAN, Kans., May 25.—Most newspaper offices are just around the corner from the farm. And news, then, that will interest farmers will be news worth printing, said W. A. Dill assistant professor of journalism, University of Kansas, addressing the journalism students of the Kansas State Agricultural college. Some communities, the speaker continued, may be interested chiefly in mining or manufacturing, but the great majority of American towns are near some source of food products.

"Stories of unusually large eggs or of surprisingly large cornstalks are of minor importance. The real stories of value are those that relate to production in a broader way. They are the stories that the county farm agent has to tell, of methods of cultivation; of results of experiments in new systems of caring for stock. They are the stories of the activities of the farmers' organization in improving marketing conditions," said Professor Dill.

PLAN MEMORIAL SERVICES AS MOST IMPRESSIVE HELD

PAWHUSKA, Okla., May 25.—Imposing memorial services are planned here for May 30 and 31. Decoration day ceremonies will be held at the cemetery on Monday, with a big parade and an address by E. E. Grinstead, services being held the day before at the Methodist church. Soldiers of three wars and sons and daughters of veterans will join in the observances.

OKLAHOMA FARMER WILL MAKE COTTON EXPERIMENT

BLISS, Okla., May 25.—Miller brothers of the 101 ranch are putting 500 acres in cotton this year, the acreage being situated in Noble county. This is, to a certain extent, an experiment to ascertain if cotton will thrive so far north. If it proves a success an increased acreage will be planted in future seasons.

SMOOT CHARGES SUGAR REPORT IS HIS RUIN

WASHINGTON, May 24.—Charges that the federal trade commission investigation of the Utah and Idaho Sugar company are being used in effort to defeat him for re-election was made in the senate today by Senator Smoot, Republican of Utah. Smoot read copies of telegrams alleged to have been sent between the attorney in the investigation and George Sanders of Salt Lake City, in which the attorney asked for advice to which Sanders replied, "the sugar magnates are anxious for you to get through. Palmer should keep you on the job. If you keep going two months it will cost Smoot his senate seat. Better will time with Washington authorities."

The game was one of the best ever seen

LEGION CONVENTION TO BE HELD AT TULSA IN SEPT.

OKLAHOMA CITY, May 25.—The second annual convention of the American Legion of Oklahoma will be held at Tulsa September 6 and 7. It was decided at a meeting of the state executive committee here today. A committee was appointed to prepare a tentative order of business for consideration of the convention. It is composed of Horace H. Haggin, state commander; John Rodgers of Joe Carson post, Tulsa, and Robert Keenan of Roscoe Frye post, Sapulpa.

BILLION IN POWER WASTED NEEDLESSLY EACH YEAR IN U. S.

By Associated Press
ST. LOUIS, Mo., May 25.—Approximately \$1,000,000,000 in fuel and power is wasted needlessly every year in the United States, according to views held among delegates to the convention of the American Society of Mechanical Engineers, the American Society of Refrigerating Engineers, and the American Society of Heating and Ventilating Engineers, which opened here yesterday.

Although the respective organizations will hold separate conventions the programs interlock, and some of the sessions will be held together.

Victor J. Azbe, a local consulting engineer, asserted the preventable waste of fuel, with the resultant loss of power, was due largely to carelessness and ignorance of economy on the part of many American firemen and engineers. He urged rigid conservation in the use of fuel.

Resolutions urging that a secretary of engineering be added to the president's portfolio were proposed for introduction at one of the joint sessions. They declare such an office necessary because of the important part engineering is playing in the country's welfare.

Subjects scheduled to be discussed include airplane construction and operation.

TEXAS ROTARIANS TO ATLANTIC CITY JUNE EIGHTEENTH

Texas Rotarians, including a good representation from Ranger Rotary, will leave Dallas at 10 a. m. June 18, for the national convention at Atlantic City, June 20 to 25. Letters from H. J. Luther Stark of the Orange Rotary, urge preparation for the trip, which will be a record breaker.

Uniform for the trip, suggested by Bill Rhea of McKinney, probably will be blue coats, white trousers, white shoes and

sailor straws. With the Texas hat bands, arm bands and Texas badges, the last to be donated by Orange Rotary, the Texans will have distinctive appearance.

PITTSBURG BANK IS LOOTED BY BANDITS WHO ARE AT LARGE

PITTSBURG, May 25.—The First National bank of Finleyville, near here, was robbed by six men who escaped, according to word received by the police here, with \$100,000 in bonds and \$15,000 thousand in cash.

A \$100,000 Stock of Best Grade Merchandise to be Sold at Cost and Below Cost Prices

At the

LEADER STORE

This sale starts Friday and Continues
Until Our Entire Stock Is Sold Out

Come Friday Morning, Opening Day;
Come While Our Big Stock Is Complete

GOING OUT OF BUSINESS

Read Every Word of this Ad---It Means Money to You

SALE OPENS FRIDAY MORNING, MAY 28TH, 9 A. M.

We Wish to Make this Announcement to the Public

We are quitting business and we're going to offer the men, women and children of Ranger and surrounding country their choice of our \$100,000.00 stock of merchandise at prices that will mean savings of hundreds of dollars in actual cash to you. This wonderful opportunity is one of a lifetime. It's open to everyone. We want you to investigate our prices. We want you to see our merchandise, then tell your friends about us, for we know you'll agree that this is

The Greatest Merchandise Event Ever Held in Ranger

Everyone in Ranger knows the Leader Store. They know we have built up a wonderful business on a foundation of reliability and fair, square business methods. So when the owners of The Leader Store announce a sale of the magnitude of this one, you can depend upon it being an event well worth your time and trouble to attend.

Folks, It's a Fact, We're Going out of Business

We lost money in the Bank of Ranger. Adjustments are promised, it is true, but we cannot wait. We must raise money to meet bills now coming due and we're going to close out our entire stock, consisting of Ladies' and Gents' Furnishings, Dry Goods, Shoes, Work Clothes, Suit Cases and Piece Goods of all descriptions—AT PRICES SO LOW THEY WILL STARTLE YOU. Everything will be on sale; nothing is held back.

—And every article will be plainly marked so you may see for yourself what a golden opportunity this sale offers you. It's a genuine money-saving event—the like of which you never have seen anywhere before. Come in Friday. We open our doors at 9 a. m. sharp. Bring a list of what you need for yourself and family, not only now, but for the months to come, because at the prices we are quoting on merchandise of this high-grade type, you will save from 10 to 50% on everything you buy and it's an opportunity you may never see again. Here are our prices. Note them carefully; they mean money to you.

JOHN-A-DREAMS

XXXIII. AN ODD DREAM OF A STAGE COACH.

Will it interest my readers to listen to an odd dream and to learn its interpretation? Miss Claire W., of Brooklyn, N. Y., has sent it to me and, she writes, "so many of my friends have told me that they, too, have dreamed of such puzzling rides, that I would like you to print it. I think a good many of your readers have had the same queer experience, or one somewhat like it."

Bess—to dream of a skeleton means to find yourself in a snarl of complications which are bound to lead to no end of annoyance and anxiety.

A. J.—To argue about matters in your dreams means the loss of some material object and a long, fruitless search.

Spots—To dream about spilling ink is a sign of slanderous talk.

The next chapter will deal with Mysteries that Lurk in Ponds and Pools.

AGITATE FOR BETTER RAIL SERVICE FOR CISCO AND EASTLAND

Special to The Times. STAMFORD, Texas, May 24.—Porter of trains Nos. 5 and 6 on the Texas & Pacific between Eastland and Cisco is again being agitated by Cisco and Eastland citizens and taken up with the Texas & Pacific officials at Dallas.

Recently the general manager of the road in a communication to the traffic department of the West Texas Chamber of Commerce declared that the road could not make the extension of service, although it is alleged that the road some time ago promised to make Cisco the terminal. The distance between the towns is only ten miles. The Cisco and North-eastern railroad has agreed to permit use of its way at Cisco if the Texas & Pacific will extend the train service.

READY SUPPORT IS FOUND TO BOLSTER UP ORIENT RAILROAD

SAN ANGELO, Tex., May 24.—A brief of the meeting held last week at San Angelo to take action on the Orient railroad abandonment matter has been prepared and circulated extensively throughout the West. Arrangements are being made by practically every town on the Orient line to have a representative at the meeting before the Interstate Commerce commission in the near future, when an effort will be made to secure about \$3,500,000 for the rehabilitation and extension of the line.

BIG WATER PROJECT SOON TO BE READY AT STEAKLEY FARM

DE LEON, Texas, May 24.—De Leon is rapidly completing its 600,000 gallon lake on the Steakley farm near the city and preparing to install a tall tower to hold a 103,000 reservoir. Excavation for the big lake has been completed for the concrete work. The city is spending about \$300,000 for the greater water supply. Deep wells also are being called into play to supplement the city's needs. This is one of the larger projects now nearing completion, according to the West Texas Chamber of Commerce.

OMAHA JUDGE HITS AUTOISTS FOR FAILURE TO PAY TAX

By Associated Press. OMAHA, Neb., May 25.—Every third person was fined and others were dismissed with a warning, when forty-five motorists were convicted in Police Judge Fitzgerald's court of operating without wheel tax licenses. The court announced that on the next "catch" every second person would be fined. Following that every person convicted, he said, will be fined.

Tells Students to Look to Church as Cure For All Ills

By Associated Press. PHILADELPHIA, May 25.—Christian faith as a cure for the world's ills was advocated by Dr. Nicholas Murray Butler, president of Columbia university, in an address to commissioners of the Presbyterian general assembly today.

"Every conceivable explanation of the unrest, dissatisfaction and disorder that prevail throughout the world has been proposed except the one that is deepest and most important," he said. "Having come to feel himself quite superior to all that has gone before, and being without faith in anything that lies beyond man has tended to become an extreme egoist. The wisdom, the justice, the morality of an act or policy are now tested solely by its immediate results, and these results are increasingly measured in terms of the material and emotional satisfaction of the moment."

"In a world so constituted and so motivated, unrest, dissatisfaction and disorder are a necessity. Set free a million or a thousand million human wills to work each for the accomplishment of its own immediate material satisfaction and nothing but unrest, dissatisfaction and disorder is possible."

"What appears to have happened is that in setting free the individual human being from those external restraints and compulsions which constitute tyranny, he has also been set free from those internal restraints and compulsions which distinguish liberty from license."

"The pendulum has swung too far. The time has come, the time is indeed already past, when the pendulum should begin its swing backward toward the middle point of wisdom, of sanity, of self control and of steady progress. Here is to be found the religious obligation and the religious opportunity of the American nation in this year of grace.

"There can be no cure for the world's

ills and no abatement of the world's discontents until faith and the rule of everlasting principle are again restored and made supreme in the life of men and of nations. This can not be done by exhortation or by preaching alone. It must be done also by teaching; careful, systematic, rational teaching that will show in simplest language that the unstructured can understand what are the essentials of a permanent and lofty morality, of a stable and just, social and industrial order, and of a secure and sublime religious faith.

WILL PROTECT OIL MEN IN RED RIVER HEARING AT AUSTIN

STAMFORD, Texas, May 23.—Porter A. Whaley, manager of the West Texas Chamber of Commerce, left last night for Austin to be in attendance at the special session of the legislature in connection with certain legislative matters pertaining to oil and the disputed Red River boundary case.

Mr. Whaley will remain temporarily in Austin, when he will be succeeded by a regular Austin bureau man. The headquarters will be in the rooms of the Austin Chamber of Commerce. Special attention will be paid adverse legislation directed against oil industries, refineries and taxation of crudes.

COUNTY ORGANIZATION QUITS BEFORE NAMING CANDIDATE

NEWKIRK, Okla., May 25.—After meeting for organization and nominating a part of the county ticket, the Democrats of Kay county postponed further action to May 29 at Ponca City, where the full ticket will be put out.

Talking about the right man in the right place, boss about Charles E. Teach, who is superintendent of public schools in Bakersfield, Cal.

From de Text

The voice of de choir Done weakened to wrecks, And dey can't go no higher, So I take up de text.

I will give you direction, But 'fore I shall speak, I must say de collection 'Was s'prisin'ly weak.

Now de disco'e I've feelin' Should plainly be said Has relation to stealin' When de white folks in bed, You should pray for de weak uns, Fryer-stealin' like owls, And no' special de' deacons, Den pray for de fowls, Dat's part of de text.

Bearew when de bones is A-rollin' and seven Is common as Joneses— You shoot away heaben, De dice has exploded, Our projects and boasts, And mos' often is loaded, So shun 'em like ghosts, In de light of de text, I've shocked to implorin', What's happen in here? Why, de whole house is snorin'!

Like you ben sleep a year. Such thick-headed niggers Done move me to close— Can't listen to figgers As plain as yore nose, Taken right from de text.

Wash Sheets, of Bradford, Ohio, has promised to help us out every Monday in the club laundry.

A trunk full of kind words can't tell the news about Camels like your taste will! WHAT you like most in a cigarette you'll find in Camels—they are so refreshing in flavor, so delightful in mellow-mildness, so smooth, yet so full bodied. Camels quality and Camels expert blend of choice Turkish and choice Domestic tobaccos make the most wonderful combination ever put into a cigarette! You will prefer this blend to either kind of tobacco smoked straight! Smoke Camels liberally—they will not tire your taste! Another feature about Camels, they leave no unpleasant cigarettly aftertaste nor unpleasant cigarettly odor! You'll choose Camels quality and Camels blend to any premiums, coupons or gifts you ever heard tell of! Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home office supply or when you travel.
